Dear Stockholders of IntelliData Technologies Corporation:

You are cordially invited to attend an Annual Meeting of Stockholders of IntelliData Technologies Corporation, which will be held on August 18, 2005 beginning at 9:00 a.m. local time at IntelliData's corporate headquarters at 11600 Sunrise Valley Drive, Reston, Virginia 20191. At the annual meeting, IntelliData stockholders will be asked to adopt the Agreement and Plan of Merger, dated as of March 31, 2005, among IntelliData Technologies Corporation, Corillian Corporation and Wizard Acquisition Corporation, a wholly owned subsidiary of Corillian ("Merger Sub"), and to approve the transactions contemplated thereby. The agreement provides for the combination of IntelliData and Merger Sub into a single corporation through the merger of IntelliData with and into Merger Sub, with Merger Sub being the surviving entity of the merger as a wholly owned subsidiary of Corillian. The stockholders will also be asked to elect three directors to IntelliData's board of directors, to ratify the selection of Deloitte & Touche LLP as the independent registered public accounting firm for the year ending December 31, 2005, and to transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

After careful consideration, the board of directors of IntelliData has unanimously determined that the proposed merger is advisable and in the best interests of IntelliData and its stockholders and unanimously recommends that you vote FOR the proposal to adopt the merger agreement and to approve the transactions contemplated thereby.

The board of directors of IntelliData also unanimously recommends that you vote FOR the election of directors, and FOR the ratification of the independent registered public accounting firm.

At the time the merger becomes effective, you will receive cash and shares of Corillian common stock in exchange for your shares of IntelliData common stock in an amount equal to approximately:

0.0956 shares of Corillian common stock and

\$0.0841 in cash

for each share of IntelliData common stock, subject to adjustment (as discussed below). Corillian will issue an aggregate of 4,918,032 shares of its common stock and pay an estimated aggregate of \$4.3 million in cash, in exchange for all of the outstanding shares of IntelliData common stock. The number of shares of Corillian common stock issuable in the merger was determined by an agreement to provide \$15.0 million of Corillian common stock based on an average stock price over a period of time prior to the signing of the merger agreement, or \$3.05 per share. Because the aggregate number of shares of Corillian common stock to be issued in the merger is fixed, the specific dollar value of the

Table of Contents

stock consideration that InteliData stockholders will receive upon completion of the merger will depend on the market value of Corillian common stock at that time. The closing price of Corillian common stock on July 6, 2005 was \$3.15, resulting in aggregate stock merger consideration of \$15,491,800 million as of such date, and \$19,822,183 million of aggregate stock and cash merger consideration, or \$0.385 per share of InteliData common stock, as of such date.

The per share merger consideration may be adjusted depending on the disposition of outstanding InteliData options prior to closing, as described more fully in the section titled **Merger Consideration** beginning on page 57 in the accompanying proxy statement/ prospectus. Corillian and InteliData do not anticipate that the disposition of options will materially affect the combined stock and cash per share merger consideration that each InteliData stockholder receives.

Only stockholders who hold shares of InteliData common stock at the close of business on June 27, 2005, will be entitled to vote at the annual meeting. Details of the business to be conducted at the annual meeting are given in the attached Notice of Annual Meeting of Stockholders and in the balance of this proxy statement/ prospectus. In particular, you should carefully consider the discussion in the section entitled **Risk Factors** beginning on page 20 of the proxy statement/ prospectus.

Regardless of the number of shares you own or whether you plan to attend the annual meeting, it is important that your shares be represented and voted at the annual meeting. Whether or not you plan to attend the annual meeting, please complete, sign, date and promptly return the accompanying proxy in the enclosed postage paid envelope. Returning the proxy does not deprive you of your right to attend our annual meeting. If you decide to attend our annual meeting and wish to change your proxy vote, you may do so by voting in person at the meeting.

The proxy statement/ prospectus attached to this letter provides you with detailed information about the proposed merger, the merger consideration, and the procedures you must follow to elect the form of merger consideration you wish to receive. The Annual Report on Form 10-K and the Quarterly Report on Form 10-Q, both of which accompany the proxy statement/prospectus, provide you with additional information about InteliData. We encourage you to read the proxy statement/ prospectus, the Annual Report on Form 10-K and the Quarterly Report on Form 10-Q carefully.

On behalf of the board of directors, I would like to express our appreciation for your continued interest in the affairs of InteliData. We look forward to seeing you at the annual meeting.

Sincerely,

Alfred S. Dominick, Jr.
Chief Executive Officer and Chairman
of the InteliData Board of Directors

However, we encourage you to vote by written proxy card so that your shares will be represented and voted at the meeting even if you cannot attend. of the InteliData Board of Directors

This proxy statement/prospectus is being furnished to the stockholders of IntelliData Technologies Corporation in connection with the solicitation of proxies by the board of directors of IntelliData for use at the annual meeting of stockholders of IntelliData to be held on August 18, 2005, including any adjournment or postponement thereof. At the annual meeting, IntelliData stockholders will be asked to:

(a) adopt the Agreement and Plan of Merger, dated as of March 31, 2005, among IntelliData Technologies Corporation, Corillian Corporation and Wizard Acquisition Corporation, a wholly owned subsidiary of Corillian (Merger Sub), and approve the transactions contemplated thereby (Proposal 1);

(d) transact such other business as may properly come before the meeting or any adjournment or postponement of the meeting.

The merger agreement provides for the combination of IntelliData and Merger Sub into a single corporation through the merger of IntelliData with and into Merger Sub, with Merger Sub being the surviving entity of the merger as a wholly owned subsidiary of Corillian. This proxy statement/prospectus also constitutes a prospectus of Corillian with respect to up to 4,918,032 shares of Corillian common stock, no par value, that may be issued in connection with the merger. Upon consummation of the merger, each then outstanding share of IntelliData common stock, \$0.001 par value, will be converted into the right to receive approximately 0.0956 shares of Corillian common stock and \$0.0841 in cash, subject to adjustment.

The per share merger consideration may be adjusted depending on the disposition of outstanding IntelliData options prior to closing, as described more fully in the section titled Merger Consideration beginning on page 57 in the accompanying proxy statement/prospectus. Corillian and IntelliData do not anticipate that the disposition of options or other factors will materially affect the combined stock and cash merger consideration that each IntelliData stockholder receives. In addition, the specific dollar value of the Corillian common stock that IntelliData stockholders will receive upon completion of the merger depends on the market value of Corillian common stock at that time. The closing price of Corillian common stock on July 6, 2005 was \$3.15. Shares of Corillian common stock are quoted on the Nasdaq National Market System under the trading symbol CORI. Any fractional shares resulting from the exchange of shares will be paid a cash equivalent.

QUESTIONS AND ANSWERS ABOUT THE MERGER

Q1: What is the proposed transaction for which I am being asked to vote?

A1: You are being asked to vote to approve and adopt a merger agreement among InteliData Technologies Corporation, Corillian Corporation, and a wholly owned subsidiary of Corillian. The merger agreement provides for the merger of InteliData with and into Wizard Acquisition Corporation, a newly formed, wholly owned subsidiary of Corillian (Merger Sub), with Merger Sub surviving the merger as a wholly owned subsidiary of Corillian. When this merger occurs, InteliData stockholders will be entitled to receive the merger consideration. See The Merger Agreement Merger Consideration beginning on page 57.

Q2: What will I receive in the merger?

A2: Upon completion of the merger, each share of InteliData common stock will be converted only into the right to receive approximately 0.0956 shares of Corillian common stock and \$0.0841 in cash, subject to adjustment. Corillian will issue an aggregate of 4,918,032 shares of its common stock and pay an estimated aggregate of \$4,330,383 in cash in exchange for all of the outstanding shares of InteliData common stock. The specific dollar value of the Corillian common stock that InteliData stockholders will receive upon completion of the merger depends on the market value of Corillian common stock at that time.

The per share merger consideration may be adjusted depending on the disposition of outstanding InteliData options prior to closing, as described more fully in the section titled Merger Consideration beginning on page 57 in the accompanying proxy statement/ prospectus. The per share merger consideration stated above assumes the exercise of all options to purchase InteliData common stock that were outstanding and in-the-money as of the date of this proxy statement/ prospectus, and the termination of all options to purchase InteliData common stock that were outstanding and out-of-the-money as of the date of this proxy statement/ prospectus, as described in the section titled Treatment of InteliData Stock Options beginning on page 58. If all of the options are not treated this way, the cash or stock per share merger consideration may be more or less than as stated above; however, any such changes are not expected to materially adversely affect the combined stock and cash merger consideration that each InteliData stockholder receives.

You will not receive any fractional shares of Corillian common stock in the merger. Instead, you will receive a cash payment, without interest, rounded up to the nearest whole cent, determined by multiplying the fractional share interest to which you would otherwise be entitled by the average closing price for a share of Corillian common stock as reported on the Nasdaq National Market System for the 20 trading days ending on and including the third trading day prior to the closing of the merger.

Q3: Will I be able to trade the shares of Corillian common stock I receive in the merger?

A3: You may freely trade the shares of Corillian common stock issued in the merger, unless you are an affiliate of InteliData. The shares will be quoted on the Nasdaq National Market under the symbol CORI. Persons who are considered affiliates (generally directors, officers and 10% or greater stockholders) of InteliData must comply with Rule 145 under the Securities Act of 1933, as amended (the Securities Act), if they wish to sell or otherwise transfer any of the shares of Corillian common stock they receive in the merger.

Q4: What will happen to InteliData s outstanding stock options in the merger?

A4: InteliData stock options issued under InteliData stock option plans will be terminated effective immediately prior to the merger. Holders of InteliData stock options who exercise their options prior

Table of Contents

to the effective time of the merger will receive a portion of the merger consideration based upon the number of shares of IntelliData common stock received upon exercise of such stock options, just like other IntelliData stockholders. Holders of IntelliData stock options with an exercise price greater than the value of the per share cash and stock merger consideration are expected to surrender their options to IntelliData prior to consummation of the merger and IntelliData will pay them (i) \$0.02 per share for each share of common stock underlying options with an exercise price of \$2.00 or less and/or (ii) \$0.01 per share for each share of common stock underlying options with an exercise price of greater than \$2.00, in cash, less applicable tax withholdings.

Q5: What are the material federal income tax consequences of the merger to me?

A5: The parties intend that the merger will qualify as a reorganization for United States federal income tax purposes pursuant to Section 368(a) of the Internal Revenue Code. Assuming that the merger qualifies as a reorganization, an IntelliData stockholder generally will recognize gain in an amount equal to the lesser of (a) the amount of cash received in the exchange or (b) the amount, if any, by which the sum of the fair market value, as of the effective date of the merger, of the Corillian common stock and the amount of cash received in the exchange exceeds the tax basis of the shares of IntelliData common stock surrendered in the exchange. No loss may be recognized on the exchange.

This tax treatment may not apply to all IntelliData stockholders. We strongly urge you to consult your own tax advisor for a full understanding of the tax consequences of the merger to you. See *The Merger Material United States Federal Income Tax Consequences* beginning on page 49.

Q6: What vote is required for approval of the merger proposal under consideration at the annual meeting?

A6: The merger agreement must be approved by a majority of the outstanding shares of IntelliData common stock. Therefore, if you abstain or fail to vote, it will be the same as voting against the merger agreement. You are entitled to vote on the merger agreement if you held IntelliData common stock at the close of business on the record date, which is June 27, 2005. On that date, 51,128,492 shares of IntelliData common stock were outstanding and entitled to vote.

Q7: Are there any stockholders already committed to voting in favor of the merger?

A7: Yes. IntelliData directors and officers, who collectively held approximately 0.7% of the outstanding shares of IntelliData common stock on the record date, have entered into agreements requiring them to vote all of their shares in favor of the adoption and approval of the merger agreement. See *Agreements to Facilitate Merger* beginning on page 67 and the form of Agreement to Facilitate Merger, attached as Appendix B to the proxy statement/prospectus.

Q8: How does the IntelliData board of directors recommend that I vote on the merger proposal?

A8: The board of directors of IntelliData unanimously recommends that you vote FOR adoption of the merger agreement and the transactions contemplated thereby.

Q9: Do persons involved in the merger have interests that may conflict with mine as an IntelliData stockholder?

A9: Yes. When considering the recommendations of IntelliData's board of directors, you should be aware that certain IntelliData directors and officers have interests in the merger that are different from, or are in addition to, yours. These interests include the receipt of change of control and severance payments, the receipt of indemnification and liability insurance benefits by directors and officers of IntelliData from Corillian, and employment of certain IntelliData officers by Corillian after the merger. In addition, certain IntelliData directors and officers are stockholders and/or optionholders. In connection with the merger, these directors and officers will receive a portion of the merger

Table of Contents

consideration for their shares of IntelliData common stock and/or consideration for their cancellation of IntelliData stock options.

Q10: Are there risks I should consider in deciding whether to vote for the merger?

A10: Yes. In evaluating the merger, you should carefully consider the factors discussed in the section titled "Risk Factors" beginning on page 20.

Q11: When do you expect the merger to be completed?

A11: We expect to complete the merger promptly after we receive IntelliData stockholder approval at the annual meeting. We anticipate closing on or about August 18, 2005.

Q12: Why are the IntelliData stockholders also being asked to elect IntelliData's directors and ratify IntelliData's independent registered public accounting firm?

A12: Because this stockholder meeting is also IntelliData's regularly scheduled annual meeting of stockholders, the stockholders are being asked to consider proposals for the election of directors and ratification of IntelliData's independent registered public accounting firm. If the merger is approved by the stockholders and consummated as contemplated by the merger agreement, passage of these proposals will not have any effect following the closing of the merger because the directors of Merger Sub will be the directors of the surviving entity following the merger with IntelliData, and the surviving entity's accounting will be consolidated with Corillian's. Corillian has engaged KPMG LLP to act as its independent registered public accounting firm. If, however, the IntelliData stockholders do not approve the merger proposal, their approval of the other proposals will allow IntelliData to continue its normal operations without the added expense of an additional stockholder meeting.

Q13: If my shares are held in street name by my broker, will my broker vote my shares for me?

A13: You should instruct your broker to vote your shares, following the directions your broker provides. Your broker will generally not have the discretion to vote your shares without your instructions. Because the proposals in this proxy statement/prospectus require an affirmative vote of a majority of the outstanding shares of IntelliData common stock for approval, any so-called "broker non-votes" have the same effect as votes cast against the merger agreement.

Q14: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A14: Many IntelliData stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and shares beneficially owned.

Stockholder of Record. If your shares are registered directly in your name with IntelliData's transfer agent, you are considered the stockholder of record with respect to those shares and this proxy statement/prospectus is being sent directly to you by IntelliData. If you are an IntelliData stockholder, as stockholder of record, you have the right to grant your proxy directly to IntelliData or to vote in person at the IntelliData annual meeting of stockholders. IntelliData has enclosed a proxy card for your use.

Beneficial Owner. If your shares are held in a brokerage account, bank account or by another nominee, you are considered the beneficial owner of shares held in street name, and this proxy statement/prospectus is being forwarded to you by your broker, bank or nominee together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote and are also invited to attend the annual meeting.

However, since you are not the stockholder of record, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote the shares instead of the broker, bank or nominee holding your

Table of Contents

shares. Your broker, bank or nominee has enclosed or provided voting instructions for your use in directing your broker, bank or nominee how to vote your shares.

Q15: What do I need to do now?

A15: After carefully reading and considering the information contained in this proxy statement/ prospectus, please fill out and sign the proxy card, and follow the instructions on the proxy card to return your signed proxy card as soon as possible so that your shares may be voted at the annual meeting. Your proxy card will instruct the persons named on the card to vote your shares at the stockholders meeting as you direct on the card. If you sign and send in your proxy card and do not indicate how you want to vote, your proxy will be voted FOR the adoption and approval of the merger, FOR the election of directors and FOR the ratification of the independent registered public accounting firm. If you do not vote or if you abstain, the effect will be a vote against the merger agreement and the ratification of the independent registered public accounting firm, but no effect on the election of directors. **Your vote is very important.**

Q16: May I change my vote after I have mailed my signed proxy card?

A16: You may change your vote at any time before your proxy is voted at the annual meeting. You can do this in one of three ways. First, you can send a written notice stating that you want to revoke your proxy. Second, you can complete and submit a new proxy card. If you choose either of these two methods, you must submit your notice of revocation or your new proxy card to:

Secretary
InteliData Technologies Corporation
11600 Sunrise Valley Drive
Reston, Virginia 20191

Third, you can attend the InteliData annual meeting and vote in person. Simply attending the meeting, however, will not revoke your proxy; you must vote at the meeting.

If you have instructed a broker to vote your shares, you must follow directions received from your broker to change your vote.

Q17: Should I send in my stock certificates now?

A17: No. After the merger is completed, you will receive written instructions for exchanging your stock certificates.

Q18: Where can I find more information about the companies?

A18: You can find more information about Corillian and InteliData from the various sources described under Where You Can Find More Information beginning on page 99.

Wizard Acquisition Corporation

Wizard Acquisition Corporation
c/o Corillian Corporation

Hillsboro, Oregon 97124
(503) 629-3300

Merger Sub is a wholly owned subsidiary of Corillian and was incorporated on March 29, 2005, in the state of Delaware. Merger Sub has not engaged in any operations and was formed solely for the purpose of engaging in the transactions contemplated by the merger agreement. InteliData will merge with and into Merger Sub in the merger.

The Merger (see page 33)

The merger agreement is attached to this document as Appendix A. You should read this agreement carefully, as it is the legal document that governs the merger of InteliData with and into a wholly owned subsidiary of Corillian, with the surviving company being a wholly owned subsidiary of Corillian.

The representations and warranties of InteliData contained in the merger agreement are qualified by information in confidential disclosure schedules delivered by InteliData to Corillian in connection with signing the merger agreement, which modify and create exceptions to the representations and warranties in the merger agreement. The representations and warranties of Corillian and InteliData contained in the merger agreement speak only as of March 31, 2005, the date on which the merger agreement was executed. Therefore, information concerning the subject matter of the representations and warranties may have changed since the date of the merger agreement. These representations and warranties are also intended to allocate risk between the parties. Accordingly, the representations and warranties contained in the merger agreement should not be taken as assertions of facts by either Corillian or InteliData and should not be relied upon by you. Such information can be found elsewhere in this proxy statement/

prospectus and in the public filings each of Corillian and IntelliData makes with the Securities and Exchange Commission (the SEC), which are available without charge at www.sec.gov.

What IntelliData Stockholders Will Receive in the Merger (see page 57)

Each share of IntelliData common stock that is outstanding at the effective time of the merger will receive approximately 0.0956 shares of Corillian common stock and \$0.0841 in cash, subject to adjustment. Corillian will issue an aggregate of 4,918,032 shares of its common stock and pay an estimated aggregate of \$4,330,383 in cash in exchange for all of the outstanding shares of IntelliData common stock. The number of shares of Corillian common stock issuable in the merger was determined by an agreement to provide \$15.0 million of Corillian common stock based on an average stock price over a period of time prior to the signing of the merger agreement, or \$3.05 per share. The specific dollar value of the Corillian common stock that IntelliData stockholders will receive upon completion of the merger depends on the market value of Corillian common stock at that time. The closing price of Corillian common stock on July 6, 2005 was \$3.15, resulting in aggregate stock merger consideration of \$15,491,800 million as of such date, and \$19,822,183 million of aggregate stock and cash merger consideration, or \$0.385 per share of IntelliData common stock, as of such date.

The per share merger consideration will be adjusted depending on the disposition of outstanding IntelliData options prior to closing, as described more fully in the section titled Merger Consideration beginning on page 57 in the accompanying proxy statement/prospectus. The per share merger consideration stated above assumes the exercise of all options to purchase IntelliData common stock that were outstanding and in-the-money as of the date of this proxy statement/prospectus, and the termination of all options to purchase IntelliData common stock that were outstanding and out-of-the-money as of the date of this proxy statement/prospectus, as described in the section titled Treatment of IntelliData Stock Options beginning on page 58. If all of the options are not treated this way, the cash or stock per share merger consideration may be more or less than as stated above; however, any such changes are not expected to materially affect the combined stock and cash merger consideration that each IntelliData stockholder receives.

Shares of IntelliData common stock held by IntelliData stockholders who have perfected appraisal rights will not be exchanged for the merger consideration at the effective time of the merger.

No Fractional Shares (see page 59)

No fractional shares of Corillian stock will be issued in the merger. Instead of fractional shares, IntelliData stockholders will receive a cash payment, without interest, rounded up to the nearest whole cent, determined by multiplying the fractional share interest to which you would otherwise be entitled by the average closing price for a share of Corillian common stock as reported on the Nasdaq National Market System for the 20 trading days ending on and including the third trading day preceding the effective time of the merger.

Fairness Opinion of Wachovia Capital Markets, LLC (see page 38)

On March 31, 2005, Wachovia Capital Markets, LLC, which is sometimes referred to in this document as Wachovia Securities or Wachovia, rendered its oral opinion, subsequently confirmed in writing, to the board of directors of IntelliData that, as of the date of that opinion, the merger consideration to be received by holders of shares of IntelliData common stock pursuant to the merger agreement was fair, from a financial point of view, to such holders.

The full text of the written opinion of Wachovia that sets forth the assumptions made, matters considered and limitations on the opinion and on the review undertaken in connection with the opinion is attached as Appendix C to, and is incorporated by reference in, this proxy statement/prospectus. The opinion of Wachovia does not constitute a recommendation as to how any holder of shares of IntelliData common stock should vote in connection with the merger agreement or any other matter related to the merger. You should carefully read the opinion in its entirety.

Table of Contents

Recommendation of IntelliData's Board of Directors (see page 36)

After careful consideration, the IntelliData board of directors, on March 31, 2005, unanimously determined that the terms of the merger agreement and the transactions contemplated thereby are advisable and in the best interests of IntelliData and its stockholders and approved the merger agreement and the transactions contemplated thereby. The IntelliData board of directors recommends that the stockholders of IntelliData vote FOR the adoption of the merger agreement and approval of the transactions contemplated thereby.

In considering the recommendation of the IntelliData board of directors with respect to the merger agreement and the transactions contemplated thereby, IntelliData stockholders should be aware that some directors and officers of IntelliData will receive benefits if the merger is completed, which results in those persons having interests in the merger that are different from, or in addition to, the interests of IntelliData stockholders. Please see The Merger Agreement Interests of Certain Persons in the Merger beginning on page 51.

Annual Meeting of IntelliData Stockholders (see page 31)

IntelliData will hold an annual meeting of its stockholders on August 18, 2005, at 9:00 a.m. local time, at 11600 Sunrise Valley Drive, Reston, Virginia 20191. At the annual meeting, you will be asked to vote on proposals to (i) adopt the merger agreement and to approve the transactions contemplated thereby, (ii) elect three directors to IntelliData's board of directors, and (iii) ratify the selection of the independent registered public accounting firm for the fiscal year ending December 31, 2005.

You may vote at the annual meeting if you owned shares of IntelliData common stock at the close of business on the record date, June 27, 2005. On that date, there were 51,128,492 shares of IntelliData common stock outstanding and entitled to vote at the annual meeting. You may cast one vote for each share of IntelliData common stock you owned on the record date.

Stockholder Vote Required for the Merger Proposal (see page 32)

The proposal to adopt the merger agreement and to approve the transactions contemplated thereby requires the affirmative vote of the holders of a majority of the shares of IntelliData common stock outstanding on the record date. Accordingly, a failure to vote or an abstention will have the same effect as a vote against the proposal to adopt the merger agreement and to approve the transactions contemplated thereby.

Agreements to Facilitate Merger (see page 67)

In connection with the execution of the merger agreement, Corillian and Merger Sub entered into agreements with the directors and officers of IntelliData, whereby they granted Corillian a proxy to vote their shares of IntelliData common stock in favor of the proposal to adopt the merger agreement and to approve the transactions contemplated thereby. These stockholders collectively own approximately 0.7% of the voting power of IntelliData common stock. However, if the merger agreement terminates in accordance with its terms, these agreements to facilitate merger will also terminate. The form of Agreement to Facilitate Merger is attached as Appendix B to the proxy statement/prospectus.

Appraisal Rights (see page 54)

Under Delaware law, holders of IntelliData common stock may have the right to receive an appraisal of the value of their shares of IntelliData common stock in connection with the merger. To exercise appraisal rights, an IntelliData stockholder must deliver to IntelliData a written demand for appraisal prior to the vote at the annual meeting. In addition, an IntelliData stockholder desiring appraisal must not vote for the proposal to adopt the merger agreement and to approve the transactions contemplated thereby, must not submit a letter of transmittal, and must strictly comply with all of the procedures required by Delaware law. These procedures are described more fully beginning on page 54.

Table of Contents

A copy of Section 262 of the Delaware General Corporation Law is also included as Appendix D to this document.

Interests of IntelliData's Executive Officers and Directors in the Merger (see page 51)

In addition to their interests as stockholders, some of the directors and officers of IntelliData have interests in the merger that are different from, or in addition to, your interests. Certain of IntelliData's officers and directors may receive change of control and severance payments in connection with the merger. Additionally, IntelliData officers and directors will receive indemnification and liability insurance benefits from Corillian. Certain IntelliData officers may also be employed by Corillian after the merger. In addition, IntelliData directors and officers are stockholders and/or optionholders. In connection with the merger, these directors and officers will receive a portion of the merger consideration for their shares of IntelliData common stock and consideration for their cancellation of IntelliData stock options.

Conditions to the Merger Agreement (see page 64)

The respective obligations of Corillian and IntelliData to complete the merger and the other transactions contemplated by the merger agreement are subject to the satisfaction or waiver of various conditions that include, in addition to other customary closing conditions, the following:

the SEC shall have declared the registration statement of which this document is a part effective under the Securities Act, no stop order or similar restraining order suspending the effectiveness of the registration agreement shall be in effect and no proceedings for such purpose shall be pending or threatened by the SEC or any state securities administrator;

the merger agreement must be adopted and the transactions contemplated thereby must be approved by the holders of a majority of the outstanding shares of IntelliData common stock;

no provision of any applicable laws and no judgment, injunction, order or decree shall restrict, prevent or prohibit the consummation of the merger or the transactions contemplated by the merger agreement;

the Corillian common stock to be issued pursuant to the merger shall have been approved for listing on the Nasdaq National Market;

holders of no more than 5% of the outstanding shares of IntelliData common stock shall have delivered notices of intent to seek appraisal under Section 262 of the Delaware General Corporation Law;

the receipt of a tax opinion by Corillian and IntelliData to the effect that the merger will constitute a reorganization within the meaning of Section 368(a) of the Code;

the representations and warranties of the other party set forth in the merger agreement must be materially true, complete and correct, as qualified by confidential disclosure schedules delivered by IntelliData to Corillian in connection with signing the merger agreement; and

the other party to the merger agreement must have performed in all material respects all of its agreements and covenants required by the merger agreement.

Corillian and IntelliData cannot be certain when, or if, the conditions to the merger will be satisfied or waived or whether or not the merger will be completed.

Termination of the Merger Agreement (see page 66)

Corillian and IntelliData can mutually agree to terminate the merger agreement without completing the merger. In addition, Corillian and IntelliData can each terminate the merger agreement under certain circumstances as set forth in the merger agreement and summarized herein.

Table of Contents

Termination Fee (see page 66)

If the merger agreement is terminated, IntelliData would be required, under certain circumstances involving the acquisition or potential acquisition of IntelliData by another company, to pay Corillian a termination fee equal to \$1.4 million.

Restrictions on Solicitation (see page 62)

The merger agreement prohibits IntelliData from soliciting and, except in connection with certain unsolicited third-party potentially superior proposals, prohibits IntelliData from participating in discussions with third parties, or taking other actions, related to alternative transactions to the merger.

Accounting Treatment (see page 54)

Corillian will account for the merger under the purchase method of accounting for business combinations.

Regulatory Approvals Required for the Merger (see page 54)

The merger does not require the approval of any state or federal regulatory entity. In order to consummate the merger, the companies must file a Certificate of Merger with the Delaware Secretary of State.

Material United States Federal Income Tax Consequences (see page 49)

The parties intend that the merger will qualify as a reorganization for United States federal income tax purposes pursuant to Section 368(a) of the Internal Revenue Code. Completion of the merger is conditioned upon the receipt of tax opinions, from counsel to IntelliData and counsel to Corillian, to the effect that the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Those opinions will be given in reliance on customary representations and assumptions as to factual matters. In the event that the assumptions are incorrect and the ultimate facts do not support reorganization treatment, the tax opinions cannot be relied upon.

Assuming that the merger qualifies as a reorganization, an IntelliData stockholder generally will recognize gain in an amount equal to the lesser of (a) the amount of cash received in the exchange or (b) the amount, if any, by which the sum of the fair market value, as of the effective date of the merger, of the Corillian common stock and the amount of cash received in the exchange exceeds the tax basis of the shares of IntelliData common stock surrendered in the exchange. No loss may be recognized on the exchange. Gain or loss should be computed separately for each block of shares of IntelliData common stock owned by a stockholder.

You should read the summary under the caption **Material United States Federal Income Tax Consequences** of the merger agreement for a more complete discussion of the federal income tax consequences of the merger. You should also consult your own tax advisor with respect to other tax consequences of the merger or any special circumstances that may affect the tax treatment to you of the cash or shares of Corillian common stock that you receive pursuant to the merger.

Additional Matters Being Submitted to a Vote of IntelliData Stockholders (see page 81)

Because this stockholder meeting is also IntelliData's regularly scheduled annual meeting of stockholders, the stockholders are being asked to consider proposals for the election of directors and ratification of IntelliData's independent registered public accounting firm in addition to the merger proposal. If the merger is approved by the stockholders and consummated as contemplated by the merger agreement, passage of these proposals will not have any effect following the closing of the merger because the directors of Merger Sub will be the directors of the surviving entity following the merger with IntelliData, and the surviving entity's accounting will be consolidated with Corillian's. Corillian has engaged KPMG LLP to act as its independent registered public accounting firm. If, however, the IntelliData

Table of Contents

stockholders do not approve the merger proposal, their approval of the other proposals will allow IntelliData to continue its normal operations without the added expense of an additional stockholder meeting.

The IntelliData board of directors recommends that the stockholders of IntelliData vote FOR the election of directors and FOR the ratification of the independent registered public accounting firm.

Stockholder Vote Required for Additional Matters (see page 32)

The proposal to elect directors requires a plurality of the votes cast at the annual meeting. Ratification of the independent registered public accounting firm does not require stockholder approval, although the IntelliData board of directors has determined that the proposal should be submitted to the stockholders. The proposal to ratify the independent registered public accounting firm requires the affirmative vote of the holders of a majority of the shares of IntelliData common stock outstanding on the record date; however, notwithstanding the vote of the stockholders, IntelliData's audit committee may direct the appointment of a new independent registered public accounting firm at its discretion.

Table of Contents**UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION OF
CORILLIAN AND INTELIDATA**

The unaudited pro forma condensed combined balance sheet combines the historical consolidated balance sheets of Corillian and IntelliData, giving effect to the merger as if it had been consummated on March 31, 2005. The unaudited pro forma condensed combined statement of operations combines the historical consolidated statements of operations of Corillian and IntelliData, giving effect to the merger as if it had occurred on January 1, 2004. The historical consolidated financial information has been adjusted to give effect to pro forma events that are (1) directly attributable to the merger, (2) factually supportable, and (3) with respect to the statement of operations, expected to have a continuing impact on the combined results.

These unaudited pro forma condensed combined financial statements should be read in conjunction with the historical consolidated financial statements and accompanying notes of Corillian and IntelliData, which have been incorporated by reference into this proxy statement/prospectus. The unaudited pro forma condensed combined financial statements are not necessarily indicative of the operating results or financial position that would have occurred if the merger had been completed at the dates indicated.

The unaudited pro forma condensed combined financial statements were prepared using the purchase method of accounting with Corillian treated as the acquiring entity. Accordingly, consideration paid by Corillian to complete the merger with IntelliData will be allocated to IntelliData's assets and liabilities based upon their estimated fair values as of the date of completion of the merger. The allocation is dependent upon certain valuations and other studies that have not progressed to a stage where there is sufficient information to make a definitive allocation. Additionally, a final determination of the fair value of IntelliData's assets and liabilities will be based on the actual net tangible and intangible assets of IntelliData that exist as of the date of completion of the merger. As such, a final determination cannot be made prior to completion of the transaction. Accordingly, the pro forma purchase price adjustments are preliminary, subject to future adjustments and have been made solely for the purpose of providing the unaudited pro forma condensed combined financial information presented below.

Corillian expects to incur costs over the next year associated with integrating the two businesses. Management's development of these integration plans is underway. The impact of these plans, assuming they were in place at the date of completion of the merger, could increase the amount of liabilities recognized in purchase accounting in accordance with EITF No. 95-3, *Recognition of Liabilities in Connection with a Purchase Business Combination* and thus would increase the amount of goodwill recognized. The unaudited pro forma condensed combined financial statements do not reflect any benefits that may result from synergies that may be derived from any integration activities.

These unaudited pro forma condensed combined financial statements reflect a preliminary allocation of the purchase price as if the merger had been completed on March 31, 2005, with respect to the unaudited pro forma condensed combined balance sheet, and on January 1, 2004 for the year ended December 31, 2004 and the three months ended March 31, 2005, with respect to the unaudited pro forma condensed combined statement of operations. The preliminary allocations are subject to change based on finalization of the fair values of the tangible and intangible assets acquired and liabilities assumed as described above. The estimated purchase price of \$21.5 million has been calculated as follows (*in thousands*):

Cash	\$	4,330
Fair value of shares issued		16,623
Merger related transaction costs		535
Total preliminary purchase price	\$	21,488

Table of Contents

The cash portion of the preliminary purchase price represents \$4,330,383, which is the estimated cash consideration, as described in the The Merger Agreement Merger Consideration section. The fair value of shares issued reflects the 4,918,032 shares of Corillian common stock to be issued to InteliData shareholders valued at \$3.38 per share, the average closing price of Corillian's common stock for the five-day period beginning two days prior, and concluding two days subsequent, to March 31, 2005 (the date of the announcement of the Agreement and Plan of Merger). Merger related transaction costs include our estimate for legal and accounting fees and other external costs directly related to the merger.

Under business combination accounting, the total preliminary purchase price is allocated to InteliData's net tangible and identifiable intangible assets based on their estimated fair values. The excess of the purchase price over the net tangible and identifiable intangible assets is recorded as goodwill. The estimated fair value of net liabilities assumed was established based upon the unaudited March 31, 2005 consolidated balance sheet of InteliData, as well as certain assumptions made by Corillian management regarding the differences between the historical value and the fair value of the assets acquired. Additionally, Corillian has reflected approximately \$1.8 million of estimated restructuring costs comprised of employee severance. Our estimates and assumptions are subject to change upon finalization of the valuation. Based on our preliminary evaluation, the total preliminary purchase price was allocated as follows (*in thousands*):

Goodwill	\$ 15,322
Identifiable intangible assets	8,400
Restructuring liability	(1,770)
Net liabilities assumed	(464)
Total preliminary purchase price allocation	 \$ 21,488

The following notes to the unaudited pro forma condensed combined statement of operations are an integral part of this statement:

- (a) Adjustment to reduce InteliData software maintenance revenues based on a preliminary fair value adjustment related to the customer maintenance obligation assumed. The preliminary fair value represents an amount equivalent to the estimated cost to fulfill the maintenance obligation assumed, plus an appropriate profit margin. InteliData's deferred revenue relates primarily to software support contracts.

(b)

Adjustment to account for the elimination of IntelliData's amortization of \$720,000 and \$180,000 for the year ended December 31, 2004 and three months ended March 31, 2005, respectively, related to its historical intangible assets and its \$25.8 million impairment charge for the year ended December 31, 2004 to write off goodwill from previous acquisitions.

- (c) Adjustment to record amortization expense related to the identifiable intangible assets acquired. Such assets consist primarily of developed technology and customer relationships which are amortizable over their useful lives, currently estimated to be between four and seven years. The fair value and useful life estimate of these assets is preliminary and subject to change.
- (d) Adjustment to record a reduction of interest income due to the use of an estimated \$6.6 million of cash related to Corillian's purchase of IntelliData, including \$4.3 million cash consideration and \$2.3 million of transaction and restructuring costs.
- (e) Adjustment to record the income tax expense (benefit) from the pro forma adjustments, less the intangible asset amortization from (c) above, using a 2% effective tax rate based on the annual effective tax rate for the respective periods.
- (f) Reflects the issuance of 4,918,032 shares of Corillian Corporation common stock to IntelliData stockholders to complete the merger. 1,478,000 shares were excluded in computing pro forma diluted earnings per share for the three months ended March 31, 2005 as their inclusion would have been anti-dilutive.

Income Taxes

Both Corillian and IntelliData have substantial gross deferred tax assets primarily associated with net operating loss carryforwards, which both companies have historically offset by a full valuation allowance. The pro forma condensed combined financial statements were prepared with an assumption that the combined entity would maintain a full valuation allowance. Accordingly, no adjustments are reflected for pro forma net deferred tax assets or liabilities in the pro forma condensed combined balance sheet.

RISK FACTORS

By voting in favor of the adoption and approval of the merger agreement, you will be choosing to invest in shares of Corillian common stock. An investment in shares of Corillian common stock involves risk. In deciding whether to vote in favor of the merger agreement, we urge you to consider all of the information we have included in this document and its annexes and all of the information included in the documents incorporated by reference. See **Where You Can Find More Information** beginning on page 99 of this proxy statement/prospectus.

In addition, we urge you to pay particular attention to the following risks related to the merger and risks related to Corillian's business and the business of the combined company following the merger.

General Risks Relating to the Proposed Merger

While Corillian's share price varies according to market factors, the stock exchange ratio is fixed and no adjustment to the stock exchange ratio will be made as a result of fluctuations in the market price of Corillian's common stock.

Corillian's share price has been volatile in the past and may continue to be volatile in the future. During the 12-month period ended July 6, 2005, the closing price of Corillian common stock ranged from \$2.86 to \$6.078. As of July 6, 2005, the closing price of Corillian's common stock was \$3.15. Upon completion of the merger, each share of InteliData common stock will be converted into the right to receive 0.0956 shares of Corillian common stock, subject to adjustment in the event of the exercise of options or warrants to purchase InteliData common stock, in addition to cash consideration. The stock exchange ratio will not change even if the market price of the Corillian common stock fluctuates. In addition, neither party may withdraw from the merger nor may InteliData resolicit the vote of its stockholders solely because of changes in the market price of Corillian common stock. The specific dollar value of Corillian common stock that InteliData stockholders will receive upon completion of the merger will depend on the market value of Corillian common stock at that time. InteliData stockholders will not know the exact value of Corillian common stock to be issued pursuant to the merger at the time of the InteliData annual meeting of stockholders.

Corillian may be unable to successfully integrate InteliData's operations and fail to realize the anticipated benefits of the merger, which could have a material adverse effect on Corillian's business, financial condition and operating results.

The merger involves the integration of two companies that previously operated independently. Although the businesses of the two companies are complementary, the integration of the departments, systems, business units, operating procedures and information technologies of Corillian and InteliData will present a significant challenge to management. We cannot assure you that Corillian will be able to integrate and manage these operations effectively or maintain or improve the historical financial performances of Corillian and InteliData. The failure to successfully integrate these systems and procedures could have a material adverse effect on the results of operations and financial condition of the combined company.

The difficulties of combining the companies' operations include:
the necessity of coordinating geographically separated organizations;

integrating personnel with diverse business backgrounds;

integrating InteliData's technology and products;

combining different corporate cultures;

retaining key employees;

retaining existing customers of each company;

Table of Contents

maintaining product development schedules;

creating uniform standards, controls, procedures, policies and information systems;

integrating sales and business development operations; and

preserving important distribution relationships.

The process of integrating operations could cause an interruption of, or loss of momentum in, the activities of one or more of the combined company's businesses and the loss of key personnel. The integration of the two companies will require the experience and expertise of certain InteliData employees. We cannot assure you, however, that Corillian will be successful in retaining these employees for the time period necessary to successfully integrate InteliData's operations with those of Corillian. Corillian may need to reassign key employees to manage InteliData's operations, which could have a negative impact on Corillian's operations. The diversion of management's attention and any delays or difficulties encountered in connection with the merger and the integration of the two companies' operations could have a material adverse effect on the business and results of operations of the combined company.

Corillian may be unable to realize the expected cost savings and other synergies from the merger.

Even if Corillian is able to integrate the operations of InteliData successfully, we do not assure you that this integration will result in the realization of the full benefits of the cost savings, synergies or revenue enhancements that Corillian expects to result from this integration or that these benefits will be achieved within the timeframe that Corillian expects. The cost savings and other synergies from the merger may be offset by costs incurred in integrating InteliData's operations, as well as by increases in other expenses, by operating losses or by problems with Corillian's or InteliData's businesses unrelated to the merger.

The market price of the shares of Corillian common stock may be affected by factors different from those affecting the shares of InteliData common stock.

Upon completion of the merger, holders of InteliData common stock will become holders of Corillian common stock. Some of Corillian's current businesses and markets differ from those of InteliData and, accordingly, the results of operations of Corillian after the merger may be affected by factors different from those currently affecting the results of operations of InteliData. For a discussion of the business of Corillian and InteliData and of factors to consider in connection with their businesses, see the documents incorporated by reference into this document and referred to under "Where You Can Find More Information" beginning on page 99.

The parties intend that the merger will constitute a tax-free reorganization, but a successful assertion by the Internal Revenue Service that the merger does not qualify as a tax-free reorganization would result in the merger being fully taxable to InteliData stockholders.

The parties intend that the merger will qualify as a reorganization pursuant to Section 368(a) of the Code. If the Internal Revenue Service were to successfully assert that the merger does not qualify as a reorganization within the meaning of Section 368(a) of the Code, then InteliData stockholders may recognize more taxable gain for U.S. federal income tax purposes than if the merger qualifies as a reorganization.

The market price of Corillian's common stock may decline as a result of the merger.

The market price of Corillian's common stock may decline as a result of the merger for a number of reasons, including:

The integration of InteliData by Corillian may be unsuccessful;

Corillian may not achieve the perceived benefits of the merger as rapidly as, or to the extent, anticipated by financial or industry analysts;

Table of Contents

The effect of the merger on Corillian's financial results may not be consistent with the expectations of financial or industry analysts; or

InteliData could continue to suffer financial losses, which could negatively impact the combined results of operations following the merger.

These factors are, to some extent, beyond Corillian's control. In addition, for InteliData stockholders who hold their shares in certificated form, there will be a time period between the effective time of the merger and the time when InteliData stockholders actually receive stock certificates evidencing Corillian common stock. Until stock certificates are received, InteliData stockholders will not be able to sell their shares of Corillian common stock in the open market and, thus, will not be able to avoid losses resulting from any decline in the market price of Corillian common stock during this period.

InteliData's officers and directors have conflicts of interest that may influence them to support or approve the merger.

Certain directors and officers of InteliData may receive change of control payments that become effective upon consummation of the merger or upon the happening of some other event in connection with the merger, such as termination of employment, that provide them with interests in the merger that are different from, or in addition to, those of InteliData's stockholders. In addition, all directors and officers of InteliData will receive indemnification and liability insurance benefits from Corillian as a result of the merger. The directors and officers of InteliData will also receive the per share merger consideration for their shares of InteliData common stock and some may receive compensation for the cancellation of their InteliData stock options upon consummation of the merger.

These directors and officers could be more likely to support and recommend the adoption of the merger agreement and the approval of the transactions contemplated thereby than if they did not hold these interests.

InteliData stockholders should consider whether these interests might have influenced these directors and officers to support or recommend the adoption of the merger agreement and the approval of the transactions contemplated thereby.

Uncertainty regarding the merger may cause customers and suppliers to delay or defer decisions concerning Corillian and InteliData and adversely affect each company's ability to attract and retain key employees.

The merger will happen only if stated conditions are met, including adoption of the merger agreement and approval of the transactions contemplated thereby by InteliData's stockholders, and the absence of any material adverse effect in the business of InteliData or Corillian. Many of the conditions are outside the control of InteliData and Corillian, and both parties also have rights to terminate the merger agreement. Accordingly, there may be uncertainty regarding the completion of the merger. This uncertainty may cause customers and suppliers to delay or defer decisions concerning InteliData or Corillian, which could negatively affect their respective businesses. Customers and suppliers may also seek to change existing agreements with InteliData or Corillian as a result of the merger. Customers and suppliers who dealt with either Corillian or InteliData in the past may not choose to continue to do business with the combined company. Any delay or deferral of those decisions or changes in existing agreements could have a material adverse effect on the respective businesses of InteliData and Corillian, regardless of whether the merger is ultimately completed. Moreover, diversion of management focus and resources from the day-to-day operation of the business to matters relating to the merger could have a material adverse effect on each company's business, regardless of whether the merger is completed.

Failure to retain key employees could diminish the anticipated benefits of the merger.

The success of the merger will depend in part on the retention of personnel critical to the business and operations of the combined company due to, for example, their technical skills or management

Table of Contents

expertise. Employees may experience uncertainty about their future role with IntelliData and Corillian until strategies with regard to these employees are announced or executed. If IntelliData and Corillian are unable to retain personnel that are critical to the successful integration and future operations of the companies, IntelliData and Corillian could face disruptions in their operations, loss of existing customers, loss of key information, expertise or know-how, and unanticipated additional recruitment and training costs. In addition, the loss of key personnel could diminish the anticipated benefits of the merger.

The merger may go forward in certain circumstances even if Corillian or IntelliData suffers a material adverse change.

In general, either party can refuse to complete the merger if a material adverse effect occurs with regard to the other party before the closing. However, neither party may refuse to complete the merger on that basis as a result of:

Any decrease in the stock price of Corillian common stock in the case of IntelliData or IntelliData common stock in the case of Corillian; or the delisting of IntelliData common stock from the Nasdaq SmallCap Market; or

Any change, event, violation or inaccuracy resulting from compliance with the terms and conditions of the merger agreement, actions taken by IntelliData at the request of Corillian or a general decline in the financial markets in the United States.

If adverse changes occur but Corillian and IntelliData must still complete the merger, Corillian's stock price may suffer. This in turn may reduce the value of the merger to IntelliData stockholders. In addition, even if a material adverse effect occurs with regard to a party, the other party may still choose to complete the merger.

The termination fee and restrictions on solicitation contained in the merger agreement may discourage other companies from trying to acquire IntelliData.

With limited exceptions, the merger agreement prohibits IntelliData from entering into or soliciting any acquisition proposal or offer for a merger or other business combination with a party other than Corillian. IntelliData has agreed to pay Corillian a termination fee of \$1.4 million in specified circumstances, including those in which IntelliData's board of directors withdraws its support of the merger with Corillian to support a business combination with a third party. These provisions could discourage other companies from trying to acquire IntelliData even though those other companies might be willing to offer greater value to IntelliData stockholders than Corillian has offered pursuant to the merger agreement.

The rights of holders of IntelliData common stock will change as a result of the merger.

After the merger, your rights as a stockholder of Corillian will be governed by Corillian's amended and restated articles of incorporation and bylaws, which are different from IntelliData's amended and restated certificate of incorporation and bylaws. As a result of these differences, IntelliData stockholders may have less control over corporate actions proposed to be taken by Corillian than they would have had over corporate actions proposed to be taken by IntelliData. For more information, see Comparative Rights of Corillian Shareholders and IntelliData Stockholders, beginning on page 69.

Former IntelliData stockholders will have limited ability to influence Corillian's actions and decisions following the merger.

Following the merger, former IntelliData stockholders will hold approximately 11% of the outstanding shares of Corillian common stock. As a result, former IntelliData stockholders will have only limited ability to influence Corillian's business. Former IntelliData stockholders will not have separate approval rights with respect to any actions or decisions of Corillian or have separate representation on Corillian's board of directors.

Table of Contents**Risks Related to Corillian's Business and the Combined Company**

The pro forma financial data included in this proxy statement/prospectus is preliminary and the combined company's actual financial position and results of operations may differ significantly and adversely from the pro forma amounts included in this proxy statement/prospectus.

Because of the proximity of this proxy statement/prospectus to the date of the announcement of the proposed merger, the process of valuing IntelliData's tangible and intangible assets and liabilities, as well as evaluating IntelliData's accounting policies for consistency with Corillian's accounting policies, is still in the very preliminary stages. Material revisions to current estimates could be necessary as the valuation process and accounting policy review are finalized.

The unaudited pro forma combined financial information contained in this proxy statement/prospectus is not necessarily indicative of the results that actually would have been achieved had the proposed merger been completed at the beginning of the period indicated or that may be achieved in the future. We provide no assurances as to how the operations and assets of both companies would have been run if they had been combined during the period indicated, or how they will be run in the future, which, together with other factors, could have a significant adverse effect on the results of operations and financial position of the combined company.

Although Corillian recently has generated net income, Corillian has a history of losses and may incur losses in future periods if it is not able to, among other things, increase its sales to new and existing customers.

Until the second quarter of 2003, Corillian incurred substantial net losses in every quarter since it began operations. Corillian generated net income of approximately \$10.5 million during the year ended December 31, 2004, and approximately \$5.1 million during the year ended December 31, 2003; however, as of December 31, 2004, Corillian had an accumulated deficit of approximately \$97.4 million. If Corillian does not sign contracts with new customers or provide additional software and services to existing customers, it will incur significant operating losses in future quarters. Corillian may decide that it is necessary to further reduce its personnel or other expenses to maintain its operations, and such reductions may reduce Corillian's ability to sell its products and services. In addition, IntelliData has sustained net losses in the last four fiscal years. These losses may reduce Corillian's net income in the future.

Corillian's quarterly results fluctuate significantly and may fall short of anticipated levels, which may cause the price of its common stock to decline.

Corillian's and IntelliData's quarterly operating results have varied in the past, and they expect the operating results of the combined company will continue to vary from quarter to quarter in the future. In future quarters, Corillian's operating results may be below the expectations of public market analysts and investors, which could cause the price of its common stock to decline. Corillian may also announce that expected financial or operating results for a particular period will be less than it anticipated, which could cause the price of Corillian's common stock to decline. In addition, Corillian has difficulty predicting the volume and timing of orders and recognizes a substantial portion of its revenues on a percentage-of-completion basis. Any delays in closing orders or implementation of products or services can cause Corillian's operating results to fall substantially short of anticipated levels for any quarter. The acquisition of IntelliData could increase the difficulties in predicting volumes, timing and delays. As a result of these and other factors, Corillian believes period-to-period comparisons of its historical results of operations are not necessarily meaningful and are not a good predictor of its future performance.

If Corillian, or its implementation partners, do not effectively implement Corillian's solutions, Corillian may not achieve anticipated revenues or gross margins.

Corillian's solutions are complex and must integrate with complex data processing systems. Implementing Corillian's solutions is a lengthy process, generally taking between 60 and 270 days to complete. In addition, Corillian generally recognizes revenues on a percentage-of-completion basis, so its

Table of Contents

revenues are often dependent on its ability to complete implementations within the time periods that Corillian establishes for its projects. Corillian relies on a combination of internal and outsourced teams for its implementations. If these teams encounter significant delays in implementing Corillian's solutions for a customer or fail to implement its solutions effectively or at all, Corillian may not be able to recognize any revenues from the contract or be required to recognize negative revenues from the contract if its revised project estimates indicate that Corillian recognized excess revenues in prior periods. In addition, Corillian may incur monetary damages or penalties if it is not successful in completing projects on schedule.

From time to time, Corillian agrees to penalty provisions in its contracts that require Corillian to make payments to its customers if Corillian fails to meet specified milestones or that permit its customers to terminate their contracts with Corillian if Corillian fails to meet specified milestones. If Corillian fails to perform in accordance with established project schedules, Corillian may be forced to make substantial payments as penalties or refunds and may lose its contractual relationship with the applicable customers.

The lengthy sales cycles of Corillian's products may cause revenues and operating results to be unpredictable and to vary significantly from period to period.

The sale and implementation of Corillian's products and services are often subject to delays because of its customers' internal budgets and procedures for approving large capital expenditures and deploying new technologies within their networks. As a result, the time between the date of initial contact with a potential customer and the execution of a contract with the customer typically ranges from three to nine months. In addition, Corillian's prospective customers' decision-making processes require Corillian to provide a significant amount of information to them regarding the use and benefits of its products. Corillian may expend substantial funds and management resources during a sales cycle and fail to make the sale.

Corillian may not achieve anticipated revenues if Corillian does not successfully introduce new products or develop upgrades or enhancements to its existing products.

To date, Corillian has derived substantially all of its revenues from licenses and professional and support services related to the Corillian Voyager product and its related applications. Corillian expects to add new products by acquisition, including the acquisition of InteliData, partnering or internal development and to develop enhancements to its existing products. New or enhanced products may not be released on schedule and may not achieve market acceptance. New products or upgrades to existing products may contain defects when released, which could damage Corillian's relationship with its customers or partners and further limit market acceptance of its products and services. If Corillian is unable to ship or implement new or enhanced products and services when planned, or fails to achieve timely market acceptance of its new or enhanced products and services, Corillian may lose sales and fail to achieve anticipated revenues.

A small number of customers account for a substantial portion of Corillian's revenues in each period; Corillian's results of operations and financial condition could suffer if it loses customers or fails to add additional customers to its customer base.

Corillian derives a significant portion of its revenues from a limited number of customers in each period. Accordingly, if Corillian fails to close a sale with a major potential customer, if a contract is delayed or deferred, or if an existing contract expires or is cancelled and Corillian fails to replace the contract with new business, its revenues would be adversely affected. During the years ended December 31, 2004, and December 31, 2003, two customers individually accounted for more than 10% of consolidated revenues, and, in total, these two customers accounted for approximately 29% and 28% of consolidated revenues, respectively. Some customers of Corillian's are also customers of InteliData's, and thus the combined company will not see the revenue benefit that the two companies individually experienced. Corillian expects that a limited number of customers will continue to account for a substantial portion of its revenues in each quarter in the foreseeable future. If a customer terminates a Voyager contract with Corillian early, Corillian would lose ongoing revenue streams from annual

Table of Contents

maintenance fees, hosting fees, professional service fees and potential additional license and service fees for additional increments of end users and for other Voyager applications.

Corillian's partners may be unable to fulfill their service obligations and cause Corillian to incur penalties or other expenses with its customers.

Corillian resells products and services from other companies, such as CheckFree, CashEdge, CenterPost and InfoImage. If these vendors are unable to fulfill their contractual obligations as a result of insolvency, a disaster or similar event or are unable to provide the services in a commercially reasonable manner, Corillian may be required to incur additional expenses to provide the services to its customers or to pay penalties to its customers for the suspension or termination of the services.

Corillian may need to raise additional financing to fund its operations and may not be able to raise funds on beneficial terms or at all.

Because it has a history of losses and has limited cash resources and because InteliData has been incurring significant operating losses, Corillian may need to raise financing in the future to fund its operations, especially if the merger is consummated. If Corillian is required to raise financing, it may be required to sell equity or debt securities at severely discounted prices and with terms that are superior to the rights of its common shareholders, or Corillian may not be able to raise financing at all. If Corillian sells equity or debt securities, the price of its common stock could decrease significantly and the interests of its common shareholders could be diluted substantially.

Corillian's facility and operations may be disabled by a disaster or similar event, which could damage its reputation and require Corillian to incur financial loss.

All of Corillian's communications and network equipment related to its operations are currently located in Hillsboro, Oregon. Corillian does not currently have an alternate facility that can serve as a center of business operations. Corillian cannot assure that its data center and facility will operate after a disaster. In addition, Corillian may experience problems during the period following a disaster in reestablishing its systems and infrastructure. Although Corillian has a disaster recovery plan in place, Corillian does not currently have the technology or facilities to instantly recover full Internet services if its facility is not functioning. A disaster, such as a fire, an earthquake, a terrorist attack or a flood, at its facility could result in failures or interruptions in providing Corillian's products and services to its customers. In addition, Corillian's systems are vulnerable to operational failures, losses in power, telecommunications failure and similar events. Corillian has contracted to provide a certain level of service to its customers and, consequently, a failure or interruption of Corillian's systems in the future could cause it to refund fees to some of its customers to compensate for decreased levels of service.

Competition in the market for Internet-based financial services is intense and could reduce Corillian's sales and prevent Corillian from achieving profitability.

The market for Internet-based financial services is intensely competitive and rapidly changing. Corillian expects competition to persist and intensify, which could result in price reductions, reduced gross margins and loss of market share for its products and services. Corillian competes with a number of companies in various segments of the Internet-based financial services industry, and its competitors vary in size and in the scope and breadth of the products and services they offer. Corillian's primary competitors for software platforms designed to enable financial institutions to offer Internet-based financial services, both domestically and internationally, include S1, Digital Insight, Financial Fusion, Online Resources and Communications, and Metavante. Corillian also competes with companies that offer software platforms designed for internal development of Internet-based financial services software, such as IBM's WebSphere. Within this segment of Corillian's industry, many companies are consolidating, creating larger competitors with greater resources and a broader range of products.

Table of Contents

In addition, Corillian's customers may develop competing products. For example, a bank or brokerage may choose to develop its own software platform for Internet-based financial services. Several of the vendors offering data processing services to financial institutions, including EDS, Fiserv, Jack Henry and Metavante, also offer Internet banking solutions that compete with Corillian's solutions.

Many of Corillian's competitors and potential competitors have a number of significant advantages over Corillian, including:

a longer operating history;

more extensive name recognition and marketing power;

preferred vendor status with Corillian's existing and potential customers; and

significantly greater financial, technical, marketing and other resources, giving them the ability to respond more quickly to new or changing opportunities, technologies and customer requirements.

Consolidation in the financial services industry could reduce the number of Corillian's customers and potential customers.

As a result of the mergers and acquisitions occurring in the banking industry today, some of Corillian's existing customers could terminate their contracts with Corillian and potential customers could break off negotiations with Corillian. An existing or potential customer may be acquired by or merged with another financial institution that uses competing Internet-based financial products and services or does not desire to continue the relationship with Corillian for some other reason, which could result in the new entity terminating the relationship with Corillian.

In addition, an existing or potential customer may be acquired by or merged with one of Corillian's existing customers that licenses Corillian's products under a contract with more favorable terms and that can be applied to the acquired customer's business operations. This may result in a reduction in Corillian's anticipated revenues from the acquired customer. Recently, two of Corillian's largest customers, J.P. Morgan Chase and Bank One, merged, and one of Corillian's customers, Charter One Bank, was acquired by Citizens Bank.

If Corillian loses key personnel, Corillian could experience reduced sales, delayed product development and diversion of management resources.

Corillian's success depends largely on the continued contributions of its key management, technical, sales and marketing, and professional services personnel, many of whom would be difficult to replace. If one or more of its key employees were to resign, the loss of personnel could result in loss of sales, delays in new product development and diversion of management resources. Corillian does not have employment agreements with its senior managers or other key personnel.

If Corillian does not develop international operations as expected or fails to address international market risks, Corillian may not achieve anticipated sales growth.

To increase its revenues, Corillian pursued direct international sales opportunities and opened an international office. However, international demand for its products and services did not grow significantly during 2001 or 2002, so Corillian significantly reduced its direct investments internationally and is seeking instead to expand international sales through resellers and selective direct sales efforts. International expansion of its business may be more difficult or take longer than Corillian anticipates, and it may not be able to successfully market, sell, deliver and support its products internationally. Corillian will need to form additional relationships with partners worldwide. These activities require significant investments of time and capital from Corillian. If Corillian is unable to develop international sales on a timely basis or at all, it may not achieve anticipated sales growth, gross margins or operating results. If Corillian is successful in

Table of Contents

developing international sales, it will be subject to a number of risks associated with international operations, including:

longer accounts receivable collection cycles;

expenses associated with localizing products for foreign markets;

difficulties in managing operations and partners across disparate geographic areas;

difficulties in hiring qualified local personnel, finding qualified partners and complying with disparate labor laws;

foreign currency exchange rate fluctuations;

difficulties associated with enforcing agreements and collecting receivables through foreign legal systems; and

unexpected changes in regulatory requirements that impose multiple conflicting tax laws and regulations.

If Corillian fails to address these risks, its results of operations and financial condition may be adversely affected.

Acquisitions may be costly and difficult to integrate, divert management resources or dilute shareholder value.

Corillian has considered and made strategic acquisitions in the past and in the future may acquire or make investments in complementary companies, products or technologies. Corillian is currently a party to a letter of intent outlining the terms of a potential acquisition of a company that provides products and services related to Corillian's business. Corillian may not be able to successfully integrate these companies, products or technologies. In connection with these acquisitions or investments, Corillian could:

issue stock that would dilute its current shareholders' percentage ownership;

incur debt and assume liabilities; and

incur amortization expenses related to intangible assets or incur large impairment charges.

Future acquisitions also could pose numerous additional risks to Corillian's operations, including:

problems combining the purchased operations, technologies or products;

problems integrating the business models of acquisition targets with Corillian's;

unanticipated costs;

diversion of management's attention from Corillian's core business;

adverse effects on existing business relationships with suppliers and customers;

entering markets in which Corillian has no or limited prior experience; and

potential loss of key employees, particularly those of the purchased organization.

If Corillian becomes subject to intellectual property infringement claims, these claims could be costly and time-consuming to defend, divert management attention or cause product delays.

Corillian has in the past been, and may in the future be, sued for allegedly infringing or misappropriating a third party's intellectual property rights. Any intellectual property infringement claims against Corillian, with or without merit, could be costly and time-consuming to defend, divert Corillian's management's attention, or cause product delays. Corillian expects that software product developers and providers of Internet-based financial services will increasingly be subject to infringement claims as the number of products and competitors in its industry grows and the

functionality of products overlaps. If

Table of Contents

Corillian's products were found to infringe a third party's proprietary rights, Corillian could be required to enter into royalty or licensing agreements in order to be able to sell its products. Royalty and licensing agreements, if required, may not be available on terms acceptable to Corillian or at all.

There has been substantial litigation in the software and Internet industries regarding intellectual property rights. It is possible that, in the future, third parties may claim that Corillian's current or potential future products infringe their intellectual property.

Network or Internet security problems could damage Corillian's reputation and business.

Corillian has in the past and might in the future experience security incidents involving actual or attempted access to its customers' systems by unknown third parties. As a result of these types of incidents, Corillian may incur contractual or other legal liabilities. Security risks may also deter financial service providers from purchasing Corillian's products and deter consumers of financial services from using Corillian's products or services. Corillian relies on standard Internet security systems, all of which are licensed from third parties, to provide the security and authentication necessary to effect secure transmission of data over the Internet. Corillian's networks may be vulnerable to unauthorized access, computer viruses and other disruptive problems. In addition, advances in computer capabilities, new discoveries in the field of cryptography or other events or developments may render Corillian's Internet security measures inadequate.

Someone who is able to circumvent security measures could misappropriate proprietary information or cause interruptions in Corillian's Internet operations. Corillian may need to expend significant capital or other resources protecting against the threat of security breaches or alleviating problems caused by breaches. Eliminating computer viruses and alleviating other security problems may result in interruptions, delays or cessation of service to users accessing Internet sites that deliver Corillian's services, any of which could harm Corillian's business.

New technologies could render Corillian's products obsolete.

If Corillian is unable to develop products that respond to changing technology, Corillian's business could be harmed. The market for Internet-based financial services is characterized by rapid technological change, evolving industry standards, changes in consumer demands and frequent new product and service introductions.

Advances in Internet technology or in applications software directed at financial services could lead to new competitive products that have better performance or lower prices than Corillian's products and could render its products obsolete and unmarketable. Corillian's Voyager solutions were designed to run on servers using the Windows NT, Windows 2000 and Windows 2003 operating systems. If a new software language or operating system becomes standard or is widely adopted in Corillian's industry, Corillian may need to rewrite portions of its products in another computer language or for another operating system to remain competitive.

Defects in Corillian's solutions and system errors in its customers' data processing systems after installing Corillian's solutions could result in loss of revenues, delay in market acceptance and injury to Corillian's reputation.

Complex software products like Corillian's may contain undetected errors or defects that may be detected at any point in the life of the product. Corillian has in the past discovered software errors in its products. After implementation, errors may be found from time to time in Corillian's new products or services, its enhanced products or services, or products or services Corillian resells for strategic partners, such as Yodlee's data aggregation service. These errors could cause Corillian to lose revenues or cause a delay in market acceptance of its solutions or could result in liability for damages, injury to Corillian's reputation or increased warranty costs.

Table of Contents

Corillian's products and services must interact with other vendors' products, which may not function properly.

Corillian's products are often used in transaction processing systems that include other vendors' products, and, as a result, Corillian's products must integrate successfully with these existing systems. System errors, whether caused by Corillian's products or those of another vendor, could adversely affect the market acceptance of its products, and any necessary modifications could cause Corillian to incur significant expenses.

If Corillian becomes subject to product liability litigation, it could be costly and time consuming to defend.

Since Corillian's products are used to deliver services that are integral to its customers' businesses, errors, defects or other performance problems could result in financial or other damages to Corillian's customers. Product liability litigation arising from these errors, defects or problems, even if it were unsuccessful, would be time consuming and costly to defend. Existing or future laws or unfavorable judicial decisions could negate any limitation of liability provisions that are included in Corillian's license agreements.

If Corillian is unable to protect its intellectual property, Corillian may lose a valuable competitive advantage or be forced to incur costly litigation to protect its rights.

Corillian's future success and ability to compete depends in part upon its proprietary technology, but its protective measures may prove inadequate. Corillian relies on a combination of copyright, trademark, patent and trade secret laws and contractual provisions to establish and protect its proprietary rights. None of Corillian's technology is patented. Corillian has obtained federal trademark registration for some of its marks and its logo. Corillian has applied for, but has not yet obtained, patents on technology it has developed. If Corillian does not receive approval for these patents, it may be unable to use this technology without restriction or to prevent others from using this technology.

Despite Corillian's efforts to protect its intellectual property, a third party could copy or otherwise obtain Corillian's software or other proprietary information without authorization, or could develop software competitive to Corillian's. Corillian's competitors may independently develop similar technology, duplicate its products or design around Corillian's intellectual property rights. In addition, the laws of some foreign countries do not protect Corillian's proprietary rights to as great an extent as do the laws of the United States, and Corillian expects the use of its products will become more difficult to monitor if Corillian increases its international presence.

Corillian may have to litigate to enforce its intellectual property rights, to protect its trade secrets or know-how or to determine their scope, validity or enforceability. Enforcing or defending Corillian's intellectual property rights is expensive, could cause the diversion of Corillian's resources and may not prove successful. If Corillian is unable to protect its intellectual property, it may lose a valuable competitive advantage.

Increasing government regulation of the Internet and the financial services industry could limit the market for Corillian's products and services, impose on Corillian liability for transmission of protected data and increase its expenses.

Numerous federal agencies have recently adopted rules and regulations protecting consumer privacy and establishing guidelines for financial institutions to follow in selecting technology vendors for solutions such as Corillian's solutions. Corillian believes its business does not currently subject it to any of these rules or regulations that would adversely affect Corillian's business. However, these rules and regulations are new and may be interpreted to apply to Corillian's business in a manner that could make its business more onerous or costly.

Table of Contents

As the Internet continues to evolve, Corillian expects federal, state and foreign governments to adopt more laws and regulations covering issues such as user privacy, taxation of goods and services provided over the Internet, pricing, content and quality of products and services. If enacted, these laws and regulations could limit the market for Internet-based financial services.

If enacted or deemed applicable to Corillian, some laws, rules or regulations applicable to financial service activities could render Corillian's business or operations more costly and less viable. The financial services industry is subject to extensive and complex federal and state regulation, and financial institutions operate under high levels of governmental supervision. Corillian's customers must ensure its services and related products work within the extensive and evolving regulatory requirements applicable to them. Corillian may become subject to direct regulation as the market for its business evolves. Federal, state or foreign authorities could adopt laws, rules or regulations affecting Corillian's business operations, such as requiring Corillian to comply with data, record keeping and other processing requirements. Any of these laws, rules or regulations, or new laws, rules and regulations affecting Corillian's customers' businesses, could lead to increased operating costs and could also reduce the convenience and functionality of Corillian's services, possibly resulting in reduced market acceptance.

A number of proposals at the federal, state and local level and by the governments of significant foreign countries would, if enacted, expand the scope of regulation of Internet-based financial services and could impose taxes on the sale of goods and services and other Internet activities. Any development that substantially impairs the growth of the Internet or its acceptance as a medium for transaction processing could have a material adverse effect on Corillian's business, financial condition and operating results.

INTELIDATA ANNUAL MEETING

General

This proxy statement/prospectus and related form of proxy are first being mailed by IntelliData to holders of IntelliData common stock on or about July 13, 2005, in connection with the solicitation of proxies by the IntelliData board of directors for use at the annual meeting to be held on August 18, 2005 beginning at 9:00 a.m. at IntelliData's corporate headquarters at 11600 Sunrise Valley Drive, Reston, Virginia 20191, and at any adjournments or postponements of the meeting.

Matters to Be Considered

The purpose of the annual meeting is to consider and vote on the following proposals:

To elect two Class III members and one Class II member to IntelliData's board of directors; and

To ratify the selection of Deloitte & Touche LLP as IntelliData's independent registered public accounting firm for the year ending December 31, 2005.

Such other business as may properly come before the annual meeting or any adjournment or postponement of the meeting may also be considered and transacted.

Proxies

Even if you are currently planning to attend IntelliData's annual meeting, we urge you to submit a properly executed proxy, by filling out, signing and sending back the accompanying proxy card. You may revoke your proxy at any time before it is exercised by:

submitting a written notice of revocation;

Attention: Secretary

If your shares are held in street name, you should follow the instructions of your broker regarding revocation of proxies and not the foregoing instructions.

Solicitation of Proxies

InteliData will bear the entire cost of soliciting proxies, but InteliData and Corillian will share equally the cost of printing and filing of this document. InteliData has retained Morrow & Co., Inc. to aid in the solicitation of proxies and to verify records relating to the solicitation. Morrow & Co., Inc. will receive a fee for its services of \$5,500 and expense reimbursement.

In addition to solicitation by mail, the directors, officers and employees of InteliData may, without additional compensation, solicit proxies from InteliData stockholders by telephone, facsimile or other electronic means or in person. InteliData will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send the proxy materials to the beneficial owners of InteliData common stock held of record by these persons. InteliData will reimburse these custodians, nominees and fiduciaries for their reasonable expenses in connection with the solicitation of proxies.

Record Date and Quorum

InteliData's board of directors has fixed the close of business on June 27, 2005, as the record date for determining the InteliData stockholders entitled to receive notice of and vote at the annual meeting. At that time, there were 51,128,492 shares of InteliData common stock outstanding.

The presence, in person or by properly executed proxy, of the holders of a majority of the voting power of the shares of InteliData common stock outstanding on the record date is necessary to constitute a quorum at the annual meeting. Abstentions will be counted solely for the purpose of determining whether a quorum is present. There must be a quorum in order for the vote on the proposal to occur.

Voting Rights and Vote Required

Shares representing a majority of the shares of InteliData common stock outstanding on the record date must vote FOR the merger proposal in order for it to be adopted by InteliData. You are entitled to one vote for each share of InteliData common stock you held on the record date.

The proposal to elect directors requires a plurality of the votes cast at the annual meeting. Ratification of the independent registered public accounting firm does not require stockholder approval, although the InteliData board of directors has determined that the proposal should be submitted to the stockholders. The proposal to ratify the independent registered public accounting firm requires the affirmative vote of the holders of a majority of the shares of InteliData common stock outstanding on the record date; however, notwithstanding the vote of the stockholders, InteliData's audit committee may direct the appointment of a new independent registered public accounting firm at its discretion.

Because the proposal to adopt the merger agreement and to approve the transactions contemplated thereby requires the affirmative vote of a majority of the shares of InteliData common stock outstanding on the record date, the failure to vote in person or by proxy and abstentions will have the same effect as

Table of Contents

voting against the proposal. Therefore, IntelliData's board of directors urges you to submit your proxy by mail. IF YOU SIGN, DATE AND MAIL YOUR PROXY CARD WITHOUT INDICATING HOW YOU WANT TO VOTE, YOUR PROXY WILL BE COUNTED AS A VOTE FOR THE PROPOSAL TO ADOPT THE MERGER AGREEMENT AND TO APPROVE THE TRANSACTIONS CONTEMPLATED THEREBY, FOR THE ELECTION OF DIRECTORS AND FOR THE RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Share Ownership of Management and Certain Beneficial Stockholders

IntelliData directors and officers, who collectively own approximately 0.7% of IntelliData's common stock, have granted Corillian a proxy to vote their shares FOR the proposal to adopt the merger agreement and to approve the transactions contemplated thereby. However, if the merger agreement terminates in accordance with its terms, these voting agreements will also terminate. See *Agreements to Facilitate Merger* beginning on page 67.

Recommendation of IntelliData's Board of Directors

IntelliData's board of directors has unanimously approved and declared advisable the merger agreement and the transactions contemplated thereby. The board believes that the merger agreement and the transactions contemplated thereby are in the best interests of IntelliData and its stockholders and unanimously recommends that you vote FOR the proposal to adopt the merger agreement and to approve the transactions contemplated thereby.

See *The Merger Agreement* IntelliData's *Reasons for the Merger; Recommendation of IntelliData's Board of Directors* beginning on page 36 for a more detailed discussion of IntelliData's board of directors' recommendation with respect to the merger proposal.

IntelliData's board of directors also unanimously recommends that the stockholders vote FOR the election of directors and FOR the ratification of the independent registered public accounting firm.

DELISTING AND DEREGISTRATION OF INTELIDATA COMMON STOCK

If the merger is completed, IntelliData common stock will be delisted from the Nasdaq SmallCap Market and will be deregistered under the Securities Exchange Act of 1934, as amended (the *Exchange Act*).

QUOTATION ON THE NASDAQ NATIONAL MARKET SYSTEM

The merger agreement provides that Corillian will use its reasonable efforts to cause the shares of Corillian common stock to be issued in the merger to be approved for trading on the Nasdaq National Market System, and such approval of trading is a condition to the closing of the merger.

THE MERGER AND SPECIAL FACTORS RELATED TO THE MERGER

This section contains material information pertaining to the proposed merger. The following summary is not complete and is subject to, and qualified in its entirety by reference to, the complete text of the merger agreement, which is incorporated by reference and attached as Appendix A to this document. WE URGE YOU TO READ CAREFULLY THE FULL TEXT OF THE MERGER AGREEMENT. The agreement to facilitate merger is described in the section *Agreements to Facilitate Merger* beginning on page 67.

Structure

Subject to the terms and conditions of the merger agreement, and in accordance with Delaware law, at the completion of the merger, IntelliData will merge with and into Merger Sub, a wholly owned

Table of Contents

subsidiary of Corillian. Merger Sub will be the surviving corporation in the merger and will continue its corporate existence under the laws of Delaware under the name Corillian Payment Solutions, Inc. When the merger is completed, the separate corporate existence of InteliData will terminate.

Background of the Merger

Since January 2001, when InteliData acquired Home Account, InteliData's board of directors and management have been evaluating methods by which InteliData could expand its operations or be provided with the financial resources to continue development of InteliData's promising technology. As part of that process, InteliData's board of directors engaged Wachovia on four separate occasions during 2001 through 2004 to evaluate a full range of strategic alternatives, including acquisitions, mergers, partnerships, sale of a division, or sale of the entire company.

On February 24, 2004, at the request of InteliData's board of directors, Wachovia met with the board to discuss launching a process to solicit possible interest in the acquisition of InteliData. At this meeting, the InteliData board unanimously authorized Wachovia to commence the process of soliciting potential interest in acquiring the company. During the months of February, March and April 2004, Wachovia worked with InteliData's management to prepare a confidential information memorandum describing InteliData and supplementary materials describing the credit card presentment and community online banking businesses of InteliData.

On March 8, 2004, Wachovia began contacting potential acquirers.

On May 5, 2004, InteliData issued its earnings release for the first quarter of 2004. In this release, InteliData announced that Wachovia had been engaged to assist its board in evaluating its strategic alternatives.

On August 2, 2004, Wachovia met with InteliData's board to provide an update of the process. Wachovia reported that during May 2004 through August 2004, Wachovia had held discussions with 63 potential buyers. Of the 63 parties contacted, Wachovia sent to 21 a confidential information memorandum regarding InteliData and sent to 8 confidential supplementary materials regarding the credit card presentment and online banking business of InteliData. In its conversations with the potential buyers, Wachovia learned that such potential buyers had concerns about InteliData's market valuation. Several parties also stated that their interest in acquiring InteliData was diminished by their lack of interest in the credit card presentment and community online banking pieces of the business. At that time, only one party submitted an indication of interest for InteliData, which that party subsequently decided not to pursue.

Based on this information and other factors, InteliData's board of directors determined to focus for the time being on opportunities to divest the credit card presentment and community online banking pieces of the business. The Board believed that such a divestiture would provide InteliData with improved financial resources that would both enable it to continue to develop its technology and would enhance marketing efforts to potential financial institution customers. In light of the new focus, on October 1, 2004, InteliData's board of directors amended the engagement letter with Wachovia to specifically include a sale of the credit card presentment and community online banking piece of the business.

During August 2004 through February 2005, InteliData and Wachovia selectively marketed the credit card presentment and community online banking piece of the business to strategic partners. InteliData received written proposals to acquire this piece of the business from two potential acquirers, referred to herein as Company Y and Company Z. Company Y submitted an initial offer of \$2.5 million, and Company Z submitted an initial offer in the range of \$4.5 million to \$6.5 million. After due diligence, the parties revised their offers to \$1.75 million and \$1.6 million, respectively. Company Y then declined to move forward with the potential acquisition, citing lack of strategic fit.

During this time period, Wachovia and InteliData's management continued selective conversations with certain parties regarding a sale of the entire company. On February 17, 2005, InteliData entered into an exclusivity agreement with Company Z for the credit card presentment and community online banking

Table of Contents

piece of the business. This agreement permitted IntelliData to continue to explore opportunities for selling the other portions of IntelliData's business.

On March 1, 2005, representatives of Corillian met with IntelliData's management to discuss a potential merger with IntelliData following divestiture of the credit card presentment and community online banking businesses.

Thereafter, Wachovia and IntelliData's management held discussions with Corillian regarding a potential combination with IntelliData (not including the credit card presentment and community online banking piece of the business). Wachovia presented Corillian with a financial model combining the two companies on such a basis.

In a meeting with IntelliData's board of directors on March 8, 2005, Wachovia presented detailed financials and customer information, projections and other information about Corillian and discussed Corillian's verbal indication of interest to acquire all of IntelliData for stock and cash of \$19.5 million or to acquire IntelliData without the credit card presentment and community online banking piece of the business for \$15.1 million. After discussions of Corillian's proposals and the status of negotiations with Company Z, IntelliData's board of directors instructed Wachovia to inform Company Z that the fiduciary duties of IntelliData's board would not allow it to approve the divestiture of this piece of the business on the proposed terms until it had fully explored the unsolicited proposal to acquire the entire company. IntelliData's board also expressed concerns with some of the material terms of Company Z's proposed purchase agreement, such as the proposed escrow, indemnification provisions and representations and warranties.

From March 8 through March 11, 2005, Wachovia and Hunton & Williams, IntelliData's outside legal counsel, negotiated amendments to the exclusivity agreement with Company Z in order to allow IntelliData to pursue a merger of the entire business with Corillian. IntelliData agreed to pay diligence-related expenses to Company Z if, by March 25, 2005, IntelliData had not re-initiated discussions with Company Z.

Thereafter, IntelliData management, Corillian management and their respective representatives continued to conduct the due diligence process and to discuss the financial terms of a transaction.

On March 17, 2005, Corillian sent a draft exclusivity agreement to IntelliData. Corillian also proposed more detailed terms of a potential transaction, with an aggregate purchase price for the entire business in the amount of \$20 million. Of that amount, between two-thirds and three-quarters would be payable in Corillian stock while the remainder would be payable in cash. Proposed deal protection provisions included a \$1 million cash breakup fee, an option to acquire 19.9% of IntelliData's stock and an option to acquire the credit card presentment and community online banking piece of the business for \$1.5 million.

From March 17 through March 22, 2005, Wachovia and Hunton & Williams negotiated certain terms of the proposed transaction with Corillian and its counsel, Perkins Coie LLP. Matters discussed included the stock component of the consideration and the proposed breakup provisions. The parties discussed fixing the exchange ratio at approximately 0.0954 Corillian common shares per IntelliData common share based on the average closing sales price of Corillian's common stock as quoted in the Nasdaq National Market for the 20-day trading period ending on March 18, 2005 (\$3.05 per share). With respect to deal protection provisions, the parties agreed to a \$1.4 million breakup fee and eliminated the other proposed provisions.

On March 22, 2005, IntelliData and Corillian signed an exclusivity agreement.

Thereafter, IntelliData's management and Hunton & Williams negotiated the terms of a definitive purchase agreement with Corillian and Perkins Coie. Due diligence also was performed by all parties. During this period, Corillian informed IntelliData that, based upon certain findings during due diligence, it was proposing to reduce the cash portion of the purchase price by \$500,000, and by a potential additional \$475,000, relating to contingent liabilities of IntelliData. IntelliData's board of directors met on March 29, 2005, and March 30, 2005, to discuss the proposed terms of the transaction and to receive information from Wachovia and Hunton & Williams. The parties thereafter agreed to reduce the cash portion of the

Table of Contents

purchase price by \$500,000, plus up to an additional \$275,000, relating to contingent liabilities of IntelliData, with such amount being reduced by settling the liabilities for a lesser amount prior to closing the merger. (In June 2005, pursuant to the merger agreement, IntelliData and Corillian determined the amount to be deducted from the cash portion of the merger consideration relating to the contingent liabilities to be \$234,200. This results in an estimated aggregate cash consideration of \$4.3 million.)

On March 31, 2005, after completion of due diligence, a review of all the terms of the transaction, a report from Hunton & Williams on the legal aspects of the transaction and a report from Wachovia as to the fairness of the merger consideration to IntelliData's stockholders from a financial point of view, IntelliData's board unanimously approved the merger agreement. That same day, IntelliData executed the merger agreement and issued a press release announcing the execution.

IntelliData's Reasons for the Merger; Recommendation of IntelliData's Board of Directors

At a meeting held on March 31, 2005, the IntelliData board of directors unanimously:

determined that the merger is advisable, fair to and in the best interests of IntelliData and its stockholders;

approved the merger agreement;

directed that the merger agreement and the transactions contemplated thereby be submitted for consideration by IntelliData stockholders at an IntelliData annual meeting; and

resolved to recommend that the IntelliData stockholders adopt the merger agreement and the transactions contemplated thereby.

In reaching its decision, the IntelliData board of directors identified a number of reasons for, and potential benefits to IntelliData stockholders of, the merger, including, among others:

IntelliData has experienced flat or declining revenues since 2002, has had an operating loss every year for the last five years, has experienced substantial declines in customer orders over the past year and is uncertain about its ability to continue as an independent company;

IntelliData's customers have expressed concerns regarding IntelliData's viability as a sustainable business, and the combination with Corillian could mitigate these concerns;

The performance of IntelliData common stock has consistently declined over the past years and IntelliData is having difficulty maintaining quotation of its common stock on Nasdaq;

Corillian's proposal has presented IntelliData with a viable strategic alternative while affording its stockholders the opportunity to sell their common stock for Corillian stock and cash at a price (based on the March 30, 2005 closing per share price of Corillian stock) that represents a premium of approximately 32.3% over the closing price immediately prior to the public announcement of the proposed merger;

IntelliData's board concluded that the proposed merger better accomplished its goals as more fully described under Background of the Merger on page 34.

The combined experience, financial resources, number of employees, and breadth of product offering may allow the combined company to respond more quickly and effectively to technological change, competition and market demands; and

The combined company may benefit from cost savings synergies that may be achieved from savings of costs associated with being a separate public company and other operating efficiencies.

In reaching its decision to approve the merger agreement and recommend the adoption of the merger to the IntelliData stockholders, the IntelliData board of directors consulted with IntelliData's management and legal counsel and with Wachovia regarding the strategic, operational, financial and other aspects of the merger and discussed with Wachovia its financial analysis prepared in connection with its fairness opinion.

Table of Contents

In the course of reaching its decision to approve the merger agreement, the factors the board considered included, but were not limited to, the following:

the reasons for the merger described above;

the fairness opinion of Wachovia regarding the merger consideration to be received in the transaction and the financial analysis presented to the IntelliData board of directors in connection with rendering such fairness opinion;

reports from IntelliData's management and legal counsel as to the results of their respective due diligence investigations of Corillian;

historical information concerning IntelliData's and Corillian's respective businesses, prospects, financial performance and condition, operations, management and competitive position, including the results of operations for each company;

the terms of the merger agreement, including the structure and overall valuation of the transaction and the belief that the terms of the merger agreement, including the parties' representations, warranties and covenants, and the conditions to their respective obligations, are reasonable;

the liquidity that the cash component of the transaction consideration would provide to IntelliData's stockholders;

IntelliData's management's view of the prospects for IntelliData as an independent company;

the structuring of the proposed combination such that IntelliData stockholders would not be immediately taxed on the stock portion of the merger consideration;

the provisions of the merger agreement that permit IntelliData, prior to stockholder approval of the merger agreement, to negotiate with third parties under certain circumstances and terminate the merger agreement in the event of a superior competing transaction;

IntelliData's deteriorating cash position and continued operating losses;

the steady decline of IntelliData's stock price since the third quarter of 2003, when it closed at a high of \$3.60 per share, including the significant decline in IntelliData's stock price since the second quarter of 2004, falling from a high of \$1.46 to a low in the first quarter of 2005 of \$0.27;

the time and expense required in order to meet the various public company reporting obligations, which have increased significantly as a result of the internal control reporting requirements of Section 404 of the Sarbanes-Oxley Act of 2002;

the proposed merger consideration of an estimated \$0.41 per share (based on the March 30, 2005 closing price of Corillian stock), which constitutes a premium of approximately 32.3%, 35.2% and 21.6% over the average one-day, five-trading-day and 20-trading-day closing prices of IntelliData stock immediately prior to the public announcement of the proposed merger;

that, after engaging in a competitive auction process to solicit proposals from the most likely acquirers of IntelliData (pursuant to the publicly announced engagement by IntelliData of Wachovia), which were familiar with IntelliData and its business and which IntelliData's board of directors determined were in the best position to offer

competitively attractive acquisition proposals, the merger with Corillian was the most attractive transaction for IntelliData stockholders and the only final offer for the acquisition of more than a portion of IntelliData's business;

the portion of stock consideration in the proposed merger, which will provide IntelliData's stockholders with ownership of approximately 10.9% of Corillian stock post-merger;

impact of the merger on IntelliData's customers, strategic partners and employees; and

the compatibility of the businesses of IntelliData and Corillian.

Table of Contents

In its deliberations concerning the proposed merger, the IntelliData board of directors also considered the potential adverse impact of other factors, including:

the ongoing risks the combined company would face in the industry, taking into account the challenging financial services environment and its effect on IntelliData's business on a stand-alone basis;

the risk that the potential benefits anticipated as a result of the merger do not materialize or are substantially delayed;

the fact that to the extent that the stockholders of IntelliData receive cash consideration in accordance with the merger agreement, they will not participate in any future growth potential of the combined company;

the risk that, despite the efforts of the combined company, key management, marketing, technical, administrative and other personnel might not remain employed by the combined company;

the possible effects of the provisions in the merger agreement regarding termination fees;

the fact that the stock portion of the merger consideration is fixed, subject only to limited adjustments, and may decline in value prior to the consummation of the merger;

the restrictions that the merger agreement imposes on IntelliData's ability to operate its business until the transaction closes or the merger agreement is terminated;

the interests that certain of IntelliData's directors and officers may have with respect to the merger in addition to their interests as stockholders generally, as described in "Interests of Certain Persons in the Merger" beginning on page 51;

the risk that the merger might not be consummated and the effect of the public announcement of the merger on IntelliData's sales, operating results and stock price and ability to attract and retain key management, sales and marketing and technical personnel; and

the other applicable risks described in this proxy statement/prospectus under "Risk Factors" beginning on page 20.

After due consideration, the IntelliData board of directors concluded that the potential benefits of the merger with Corillian to IntelliData stockholders outweighed the risks associated with the merger. The above discussion of the material factors considered by the IntelliData board of directors is not intended to be exhaustive, but does set forth principal factors considered by the IntelliData board. The IntelliData board of directors reached the unanimous decision to approve the merger agreement in light of the various factors described above and the other factors that each member of the board felt were appropriate. In view of the variety of factors considered by the IntelliData board, the board did not find it constructive to and did not attempt to quantify, rank or otherwise assign relative weights to the factors considered in reaching its decision. Rather, IntelliData's board of directors considered the totality of the information presented to it and the investigation conducted by it. In considering the factors discussed above, individual directors may have given different weights to different factors.

Fairness Opinion of Wachovia Capital Markets, LLC

IntelliData's board of directors retained Wachovia Securities to act as its exclusive financial advisor in connection with its review of strategic alternatives, including a potential sale of IntelliData. IntelliData's board of directors selected Wachovia based on its qualifications, expertise and reputation. Representatives of Wachovia participated in a meeting of the board of directors of IntelliData held on March 31, 2005, at which the board discussed and approved the merger and recommended the merger to the stockholders for their approval. At the meeting, Wachovia rendered its oral opinion, which was subsequently confirmed in writing, to the board of directors of IntelliData that, as of March 31,

2005, the date of the written fairness opinion, and subject to and based on the assumptions made, procedures followed, matters considered and limitations of the review undertaken in such opinion, the merger consideration to be received by holders of

Table of Contents

shares of IntelliData common stock pursuant to the merger agreement was fair, from a financial point of view, to such holders.

THE FULL TEXT OF THE WRITTEN OPINION OF WACHOVIA, DATED MARCH 31, 2005, WHICH SETS FORTH THE ASSUMPTIONS MADE, PROCEDURES FOLLOWED, MATTERS CONSIDERED AND LIMITATIONS ON THE OPINION AND ON THE REVIEW UNDERTAKEN IN CONNECTION WITH THE OPINION, IS ATTACHED AS APPENDIX C TO, AND IS INCORPORATED BY REFERENCE IN, THIS PROXY STATEMENT/PROSPECTUS. or Corillian inaccurate or misleading. Wachovia has assumed that the respective forecasts, estimates, judgments and all assumptions expressed by IntelliData's and Corillian's respective managements have been reasonably formulated and that they are the best currently available good faith forecasts, estimates, judgments and assumptions of the management of each company. Nor does Wachovia's opinion address the merits of the underlying decision by IntelliData to enter into the merger agreement.

The summary set forth below does not purport to be a complete description of the analyses performed by Wachovia, but describes, in summary form, the material elements of the presentation that Wachovia made to the board of directors of IntelliData on March 31, 2005, in connection with Wachovia's fairness opinion. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Wachovia considered the results of all of its analyses as a whole and did not attribute any particular weight to any analysis or factor considered by it. The analyses described below must be considered as a whole, and considering portions of these analyses, without considering all of them, would create an incomplete view of the process underlying Wachovia's analyses and opinion.

InteliData

In performing certain of its analyses described below, Wachovia utilized two sets of estimated income statement statistics for IntelliData that were prepared by IntelliData's management to reflect differing assumptions and adjustments. The first set of income statement statistics, referred to below as the Management Case, reflected approximately \$3.7 million in sales to new customers in 2005 and assumed a 5% revenue growth rate over 2005 and constant margins from 2005 to develop estimates for 2006. A second set of estimates, referred to below as the

Downside Case, was developed assuming, based on management's assessment of risk due to IntelliData's difficulty in obtaining new customers given its uncertain financial situation, that the \$3.7 million in new customer sales for 2005 reflected in the Management Case would not materialize. The Downside Case further assumed \$600,000 in additional expense savings for 2005 over the 2005 estimate reflected in the Management Case based on reduced headcount savings if IntelliData was unable to secure the additional \$3.7 million in new customer sales in 2005. The 2006 estimates in the Downside Case reflected the same 5% revenue growth rate over 2005 and constant margins from 2005 used in the Management Case.

For purposes of its analysis, Wachovia calculated a per share merger consideration of \$0.41 based on the following assumptions: an exchange ratio of 0.0954 Corillian share per IntelliData share, based on \$15 million of consideration in the form of Corillian stock divided by \$3.05, the average price of Corillian's common stock for the 20-day trading period ending on March 18, 2005; \$4.5 million cash consideration; estimated contingent liabilities of \$300,000; all in the money options being exercised; \$0.02 per share

Table of Contents

consideration paid to holders of out of the money options with strike prices less than \$2.00; and no consideration paid to holders of out of the money options with strike prices greater than \$2.00.

Comparable Companies Analysis. Wachovia reviewed and compared certain financial information, multiples and ratios for IntelliData to corresponding financial information, multiples and ratios for the following publicly traded corporations operating in the electronic bill payment and processing industry:

CheckFree Corporation

Digital Insight Corporation

S1 Corporation

Open Solutions Inc.

Bottomline Technologies, Inc.

Online Resources Corporation

Fundtech Ltd.

Corillian Corporation

The multiples and ratios of each of the selected publicly traded companies were calculated using their respective closing share prices on March 30, 2005. The multiples and ratios of IntelliData were calculated using the per share value of the merger consideration as of March 30, 2005, of approximately \$0.41 per share. The multiples and ratios of each of the selected publicly traded companies were based upon the most recent publicly available information, projected financial information from First Call consensus estimates and, for IntelliData and Corillian, projections provided by the respective managements of each. With respect to each of the selected public companies and IntelliData, Wachovia calculated:

enterprise value, which is the market value of common equity (or, in the case of IntelliData, the aggregate value of the merger consideration as of March 30, 2005) plus the book value of debt minus cash, as a multiple of estimated revenues for calendar years 2005 and 2006; and

enterprise value as a multiple of estimated earnings before interest, taxes and depreciation and amortization (EBITDA) for calendar years 2005 and 2006.

Based on the median multiples derived from the analysis of the selected public companies, Wachovia then calculated an implied enterprise value and per share reference value for the IntelliData common stock based on both the Management Case and the Downside Case. This compares to the per share value of the merger consideration as of March 30, 2005, of approximately \$0.41 per share.

The results of these analyses are summarized as follows:

Enterprise Value as a Multiple of:	Selected Publicly Traded Companies		Implied IntelliData Per Share Value

With regard to the comparable companies analysis summarized above, Wachovia selected comparable public companies on the basis of various factors, including the size of the public company and the similarity of the lines of business. No public company used as a comparison, however, is identical to IntelliData. Accordingly, these analyses are not purely mathematical, but also involve complex considerations and judgments concerning the differences in financial and operating characteristics of the comparable companies and other factors. These factors could affect the public trading value of the companies to which IntelliData is being compared.

Selected Transactions Analysis. For reference purposes, using publicly available information and analyses prepared by Wachovia, Wachovia examined selected transactions involving publicly traded and privately held companies in the electronic bill payment and processing industry that have been announced from February 28, 2003, to January 18, 2005. The selected transactions were:

Wachovia calculated for each of the selected transactions the transaction value (defined as the agreed upon equity (in stock or cash) consideration at announcement of the transaction plus the book value of debt minus cash) as a multiple of revenues of the last 12 months prior to the consummation of the transaction (LTM) and as a multiple of LTM EBITDA. Wachovia then used the median and mean multiples derived from this analysis to calculate an implied per share reference value for IntelliData based on both the Management Case and Downside Case provided by IntelliData management.

Table of Contents

The following table presents the results of this analysis:

Multiple of:	Range for Selected Transactions	Median for Selected Transactions	Mean for Selected Transactions	Median Implied InteliData Per Share Value		Mean Implied InteliData Per Share Value	
				Management Case	Downside Case	Management Case	Downside Case
Transaction value to LTM Revenues	0.9x - 4.3x	1.9x	2.2x	\$ 0.43	\$ 0.43	\$ 0.53	\$ 0.53
Transaction value to LTM EBITDA*	3.5x - 16.9x	9.8x	9.2x	0.29	NM	0.27	NM

* Because InteliData had negative EBITDA for 2004, Wachovia used InteliData's estimated 2005 EBITDA for purposes of determining this multiple for InteliData.

Because the market conditions, rationale and circumstances surrounding each of the selected transactions were unique to each transaction and because of the inherent differences between InteliData's businesses, operations and prospects and those of each of the companies that comprise the selected transactions, Wachovia believed that it was inappropriate to, and therefore did not, rely solely on the quantitative results of this analysis. Accordingly, Wachovia also made qualitative judgments concerning differences between the characteristics of each of the selected transactions and the proposed merger that could affect InteliData's acquisition values and those of such acquired companies.

Premiums Paid Analysis. Based on publicly available information, Wachovia compared the premiums represented by the consideration to be paid to InteliData stockholders pursuant to the merger agreement over the closing price per share of InteliData common stock as of one day (March 30, 2005) prior to March 31, 2005, the date the merger was publicly announced, to the median premiums paid in 41 stock-for-stock transactions completed or pending since January 1, 2002, involving publicly traded U.S. target companies, with enterprise values up to \$50 million, as of one day prior to the announcement date of such transaction.

The following table presents the results of this analysis:

Premiums Represented by Announced Purchase Price Over Target Share Price	Selected 41 U.S. Transactions	
	Median	InteliData
One day prior to announcement	26.6%	32.3%

No company utilized in the premiums paid analysis is identical to InteliData, nor is any transaction identical to the merger. Therefore, a purely quantitative premiums paid analysis would not be dispositive in the context of the merger and an appropriate use of such analysis involves qualitative judgments concerning the differences between the characteristics of these transactions and the merger that would affect the value of the selected companies and InteliData.

Contribution Analysis. Wachovia reviewed InteliData's and Corillian's financial contribution to the combined company on an actual basis for 2004 and on an estimated basis for 2005 and a projected basis for 2006 under both InteliData's Management Case and Downside Case, based on information provided by the managements of InteliData and Corillian with respect to the relative contributions of each to the combined company's revenues, earnings before

interest and taxes (EBIT) and EBITDA. Wachovia compared these pro forma relative contributions to an estimated 10.9% pro forma post-merger ownership stake of IntelliData stockholders in the combined company (based on the value of the equity consideration to be received by IntelliData stockholders in the merger using the closing price of Corillian s common stock on March 30, 2005) and an estimated 13.6% pro forma ownership stake of IntelliData stockholders in the combined company (based on the value of the total consideration to be received by IntelliData stockholders in the merger).

Corillian

In performing certain of its analyses described below, Wachovia utilized a set of projections from Corillian's management.

Comparable Companies Analysis. With respect to its valuation of Corillian's common stock, Wachovia reviewed and compared certain financial information, multiples and ratios for the following publicly traded corporations operating in the electronic bill payment and processing industry:

CheckFree Corporation

Digital Insight Corporation

Table of Contents

S1 Corporation

Open Solutions Inc.

Bottomline Technologies, Inc.

Online Resources Corporation

Fundtech Ltd.

The multiples and ratios of each of the selected publicly traded companies and Corillian were calculated using their respective closing share prices on March 30, 2005. The multiples and ratios of each of the selected publicly traded companies were based upon the most recent publicly available information, projected financial information from First Call consensus estimates and, for Corillian, projections provided by its management. With respect to each of the selected public companies and Corillian, Wachovia calculated:

enterprise value, which is the market value of common equity plus the book value of debt minus cash, as a multiple of estimated revenues for calendar years 2005 and 2006; and

enterprise value as a multiple of EBITDA for calendar years 2005 and 2006.

Based on the median multiples derived from the selected public companies analysis, Wachovia then calculated an implied enterprise value and per share reference value for Corillian common stock. This compares to a closing public trading price of \$3.47 per share for Corillian common stock as of March 30, 2005.

The results of these analyses are summarized as follows:

Enterprise Value as a Multiple of:	Implied Corillian Per Share Value	Corillian 20-Day Trailing Average Stock Price as of March 18, 2005
2005E Revenues	\$ 3.78	\$ 3.05
2006E Revenues	3.66	3.05
2005E EBITDA	4.05	3.05
2006P EBITDA	3.57	3.05

With regard to the comparable companies analysis summarized above, Wachovia selected comparable public companies on the basis of various factors, including the size of the public company and the similarity of the lines of business. No public company used as a comparison, however, is identical to Corillian. Accordingly, these analyses are not purely mathematical, but also involve complex considerations and judgments concerning the differences in financial and operating characteristics of the comparable companies and other factors. These factors could affect the public trading value of the comparable companies to which Corillian is being compared.

Selected Transactions Analysis. For reference purposes in its analysis of Corillian, using publicly available information and analyses prepared by Wachovia, Wachovia examined selected transactions involving publicly traded and privately held companies in the electronic bill payment and processing industry that have been announced from February 28, 2003, to January 18, 2005. Wachovia calculated for each of the selected transactions the transaction value (defined as the agreed upon equity (in stock or cash) consideration at announcement of the transaction plus the book value of debt minus cash) as a multiple of LTM revenues and as a multiple of LTM EBITDA. Wachovia then used the median and mean multiples derived from this analysis to calculate an implied per share reference value for Corillian.

The following table presents the results of this analysis:

Multiple of:	Range for Selected Transactions	Median for Selected Transactions	Mean for Selected Transactions	Median Implied Corillian Per Share Value	Mean Implied Corillian Per Share Value	Corillian 20-Day Trailing Average Stock Price as of March 18, 2005
Transaction value to LTM Revenues	0.9x - 4.3x	1.9x	2.2x	\$ 3.35	\$ 3.77	\$ 3.05
Transaction value to LTM EBITDA	3.5x - 16.9x	9.8x	9.2x	4.08	3.91	3.05

Because the market conditions, rationale and circumstances surrounding each of the selected transactions were unique to each transaction and because of the inherent differences between Corillian's businesses, operations and prospects and those of each of the companies that comprise the selected transactions, Wachovia believed that it was inappropriate to, and therefore did not, rely solely on the quantitative results of this analysis. Accordingly, Wachovia also made qualitative judgments concerning differences between the characteristics of each of the selected transactions and Corillian that could affect Corillian's values and those of such acquired companies.

Discounted Cash Flow Analysis. Wachovia performed both perpetuity method and exit multiple method discounted cash flow analyses to estimate a range of present values per share of Corillian common stock assuming Corillian continued to operate as a stand-alone entity without consummating the merger. Wachovia determined the range of present values per share of Corillian using the perpetuity method by calculating the sum of (i) the present value of projected free cash flows of Corillian over the five-year period from 2005 through 2009, and (ii) the present value of the estimated perpetuity value of Corillian. In calculating a perpetuity value for Corillian, Wachovia was

provided by Corillian management a range of growth rates for Corillian of between 4% and 6% during the perpetuity period. Wachovia determined the range of present values per share of Corillian using the exit multiple method by calculating the sum of (i) the present value of projected free cash flows of Corillian over the five-year period from 2005 through 2009, and (ii) the present value of an exit multiple of estimated 2009 EBITDA. In calculating an exit multiple value for Corillian, Wachovia assumed a range of exit multiples between 4.2x and 6.2x. The free cash flows and respective terminal values were discounted to present value using discount rates ranging

Table of Contents

from 14% to 18%. Wachovia viewed this range of discount rates as appropriate for companies with the risk characteristics of Corillian.

Based upon the perpetuity method analysis, Wachovia determined a reference range for an implied value per share of Corillian common stock of \$2.43 to \$3.29. Based upon the exit multiple method analysis, Wachovia determined a reference range for an implied value per share of Corillian common stock of \$2.45 to \$3.09. This compares with the 20-day trailing average price of Corillian common stock of \$3.05 as of March 18, 2005.

The discounted cash flow analyses of Corillian do not necessarily indicate actual values or actual future results and do not purport to reflect the prices at which any securities of Corillian may trade at the present or at any time in the future. The range of discount rates applied to Corillian referred to above was based upon several factors, including Wachovia's knowledge of Corillian and the industry in which it operates, and business risks of Corillian and the overall interest rate environment as of March 31, 2005. Discounted cash flow analysis is a widely used valuation methodology, but the results of this methodology are highly dependent on the numerous assumptions that must be made, including earnings growth rates, perpetuity values and discount rates.

Pro Forma Financial Impact. Wachovia analyzed the pro forma financial impact of the mergers on the combined company's earnings per share. This analysis was based on the projected financial performance of each of IntelliData and Corillian for 2005 and 2006 provided by the respective managements of IntelliData and Corillian to Wachovia. This analysis assumed, among other things, pre-tax cost synergies preliminarily estimated jointly by the managements of IntelliData and Corillian in the amounts of \$4.5 million for each of 2005 and 2006. Based on the foregoing, Wachovia determined that the merger would be accretive to Corillian's pro forma projected earnings per share for 2005 and 2006.

Miscellaneous

In performing its analyses, Wachovia made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond IntelliData's and Corillian's control. No company, transaction or business used in the analyses described above is identical to IntelliData or Corillian or the proposed merger. Any estimates contained in Wachovia's analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by such analyses. The analyses performed were prepared solely as a part of Wachovia's analysis of the fairness, from a financial point of view, to the holders of shares of IntelliData common stock, as of the date of the opinion, and subject to and based on the assumptions made, procedures followed, matters considered and limitations of the review undertaken in connection with such opinion, of the merger consideration to be received by such holders pursuant to the terms of the merger agreement, and were conducted in connection with the delivery by Wachovia of its oral opinion, which was subsequently confirmed in writing, dated March 31, 2005, to the board of directors of IntelliData. Wachovia's analyses performed in connection with delivery of its opinion do not purport to be appraisals or to reflect the prices at which IntelliData or Corillian common stock might actually trade. The consideration to be paid to holders of shares of IntelliData common stock in the merger agreement was determined through negotiations between IntelliData, Corillian, members of each of IntelliData's and Corillian's senior management teams and boards of directors and their respective advisors, and was unanimously approved by the IntelliData board of directors. Wachovia did not recommend any specific consideration to the board of directors of IntelliData or that any given consideration constituted the only appropriate consideration for the merger.

Wachovia's opinion was one of many factors taken into consideration by the IntelliData board of directors in making its determination to approve the merger. Wachovia's analyses summarized above should not be viewed as determinative of the opinion of the IntelliData board of directors with respect to the value of IntelliData common stock or of whether the board would have been willing to agree to a different form of consideration.

Wachovia Securities, a trade name of Wachovia Capital Markets, LLC, is a nationally recognized investment banking and advisory firm and a subsidiary and affiliate of Wachovia Corporation. Wachovia, as part of its investment banking and financial advisory business, is continuously engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes. In the ordinary course of its business, Wachovia may trade in debt and equity securities (or related derivative securities) of IntelliData and Corillian for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities. Additionally, in the ordinary course of business, Wachovia currently provides, and may provide in the future, equity or other research coverage of the securities of Corillian.

Pursuant to a letter agreement, dated December 31, 2003, Wachovia has been engaged to render certain financial advisory services to the board of directors of IntelliData in connection with its review of strategic alternatives, including a potential sale of IntelliData. Pursuant to the terms of the letter agreement, upon the rendering of a fairness opinion in connection with the merger, Wachovia earned a fee of \$250,000. Also pursuant to the letter agreement, upon consummation of the transaction, Wachovia will be paid by IntelliData a fee of \$875,000. IntelliData has also agreed to reimburse Wachovia for certain reasonable expenses incurred in performing its services and to indemnify Wachovia and certain related parties against certain liabilities and expenses, including certain liabilities under federal securities laws, related to or arising out of Wachovia's engagement and any related transactions. Since 2003, Wachovia has received fees of \$700,000 from IntelliData for other investment banking and advisory services.

Corillian's Reasons for the Merger

The Corillian board of directors has unanimously approved the merger agreement and has determined that the merger agreement and the merger is in the best interests of Corillian and its shareholders. In reaching this decision, the Corillian board considered the terms and conditions of the merger agreement and the ancillary agreements, as well as a number of other factors, including those listed below:

Given the complementary nature of IntelliData's and Corillian's products, the merger enhances the opportunity to realize Corillian's strategic objective of achieving greater scale and presence in the online financial services market;

The merger provides Corillian with significant new customer relationships with large U.S. financial institutions and creates an opportunity for both companies to sell additional products and services to each other's customers;

The merger provides Corillian with greater capabilities to market and sell online bill payment solutions to financial institutions and to differentiate itself more significantly in the online financial services market;

Because IntelliData relies more heavily on subscription-based contracts, the merger provides Corillian with more recurring revenue;

The merger supplements Corillian's online credit card management capabilities with a hosted solution that can serve smaller credit card issuers;

The combination creates opportunities for cost reduction through the integration of Corillian's and IntelliData's businesses and the elimination of redundant overhead expenses and public company costs; and

The merger is expected to be accretive to earnings.

The foregoing list comprises the material factors considered by the Corillian board of directors in its consideration of the merger. In view of the variety of factors and information considered, the Corillian board did not find it practicable to, and did not, make specific assessments of, quantify or otherwise assign relative weights to the specific factors considered in reaching its decision. Rather, the decision was made

Table of Contents

after consideration of all of the factors as a whole. In addition, individual members of the Corillian board of directors may have given different weight to different factors.

Completion of the Merger

The merger will be completed when all of the conditions to completion of the merger are satisfied or waived, including the adoption of the merger agreement and the transactions contemplated thereby by the stockholders of InteliData. The merger will become effective when a duly executed and delivered certificate of merger is filed with the Secretary of State of the State of Delaware.

Corillian and InteliData intend to complete the merger as soon as practicable after the stockholders of InteliData adopt the merger at the annual meeting and all other closing conditions are satisfied. Corillian and InteliData anticipate that the merger will be completed in the third quarter of 2005.

Material United States Federal Income Tax Consequences of the Merger

The following discussion is a summary of the material United States federal income tax consequences of the merger generally applicable to InteliData stockholders who hold their shares of InteliData common stock as capital assets at the effective time of the merger and who exchange their shares for shares of Corillian common stock and cash, including cash in lieu of fractional shares, in the merger. This discussion does not address all United States federal income tax consequences of the merger that may be relevant to particular stockholders, including stockholders that are subject to special tax rules. Some examples of stockholders that are subject to special tax rules are:

dealers in securities or foreign currencies, financial institutions, insurance companies, mutual funds, tax-exempt organizations and stockholders subject to the alternative minimum tax;

stockholders who hold shares of InteliData common stock as part of a hedge, straddle, constructive sale or conversion transaction, or other risk reduction arrangement;

stockholders who have a functional currency other than the U.S. dollar;

foreign persons;

stockholders who own their shares indirectly through partnerships, trusts or other entities that may be subject to special treatment; and

stockholders who acquired their shares of InteliData common stock through stock option or stock purchase programs or otherwise as compensation.

In addition, this discussion does not address any consequences arising under the laws of any state, local or foreign jurisdiction.

The following discussion is based on the Internal Revenue Code, applicable Treasury Regulations, administrative interpretations and judicial decisions in effect as of the date of this joint proxy statement/ prospectus, all of which are subject to change, possibly with retroactive effect. Accordingly, the tax consequences of the merger to InteliData stockholders could differ from those described below.

The obligation of each of InteliData and Corillian to effect the merger is conditioned upon the receipt of a written opinion, respectively, from each of Hunton & Williams LLP, counsel to InteliData, and Perkins Coie LLP, counsel to Corillian, dated as of the closing date of the merger, to the effect that, on the basis of the statements, limitations, qualifications and assumptions set forth therein, for United States federal income tax purposes, the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. InteliData does not intend to waive the closing condition regarding the receipt of an opinion from its counsel (or, instead, an opinion from Corillian's counsel) regarding tax matters without resoliciting the approval of its shareholders after providing appropriate disclosure. These opinions will not be binding on the Internal Revenue Service and will not preclude the Internal Revenue Service from taking a contrary position. Neither InteliData nor Corillian has requested,

Table of Contents

nor will either request, a ruling from the Internal Revenue Service as to the United States federal income tax consequences of the merger.

Assuming that the merger is carried out in accordance with the terms of the merger agreement and that certain representations in tax certificates to be delivered by officers of IntelliData, Corillian and Wizard Acquisition Corporation are true and correct, it is the opinion of each of Hunton & Williams LLP and Perkins Coie LLP that the merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Accordingly, subject to the limitations and qualifications set forth above, the material federal income tax consequences to an IntelliData stockholder of the exchange of IntelliData common stock for Corillian common stock pursuant to the merger is summarized as follows:

an IntelliData stockholder generally will recognize gain in an amount equal to the lesser of (a) the amount of cash received in the exchange, excluding cash received in lieu of a fractional share, or (b) the amount, if any, by which the sum of the fair market value, as of the effective date of the merger, of the Corillian common stock (including any fractional share interest) and the amount of cash, excluding cash received in lieu of a fractional share, received if the exchange exceeds the tax basis of the shares of IntelliData common stock surrendered in the exchange;

except with respect to fractional shares, as discussed below, no loss may be recognized;

for purposes of calculating the amount of gain to be recognized on the exchange, an IntelliData stockholder must calculate gain separately for each identifiable block of shares of IntelliData common stock that the stockholder surrenders in the merger, and because losses are not permitted to be recognized, an IntelliData stockholder cannot offset a loss realized on one block of shares against a gain realized on another block of shares;

an IntelliData stockholder who receives cash in lieu of a fractional share of Corillian common stock in the merger will be treated as having received the fractional share interest in the merger and then as having such fractional share interest redeemed for cash, and the IntelliData stockholder will recognize gain or loss equal to the difference between the cash received for the fractional share interest and that portion of the stockholder's tax basis in its IntelliData common stock that is allocated to the fractional share interest;

any gain or loss recognized generally will be capital gain or loss and will be long-term if the shares of IntelliData common stock exchanged have been held for more than one year as of the date of the merger;

the tax basis of Corillian common stock received by an IntelliData stockholder in the merger, including any fractional share interest for which cash is received, will generally be equal to the tax basis of the IntelliData common stock exchanged therefor decreased by the amount of cash, excluding cash received in lieu of a fractional share, received by the stockholder and increased by the amount of gain recognized, excluding gain recognized with respect to any fractional share interest, to the stockholder on the exchange;

the holding period of the Corillian common stock received by an IntelliData stockholder in the merger, including any fractional share deemed received, will include the holding period of the IntelliData common stock surrendered therefor; and

Corillian, Wizard Acquisition Corporation and IntelliData will not recognize any gain or loss upon consummation of the merger. However, the utilization of any tax losses or credits of IntelliData existing at the time of the merger will be limited after the merger.

INTELIDATA STOCKHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO SPECIFIC TAX CONSEQUENCES TO THEM OF THE MERGER, INCLUDING THE APPLICABILITY AND EFFECT OF ANY STATE, LOCAL OR FOREIGN TAX LAWS AND OF CHANGES IN APPLICABLE

TAX LAWS.

Management and Operations of Corillian and InteliData Following the Merger

General. After the merger is completed, it is anticipated that Merger Sub, renamed Corillian Payment Solutions, Inc., will remain as Corillian's wholly owned subsidiary.

Management After the Merger. The executive officers of Corillian following the merger will be the same as the executive officers prior to the merger. The officers of the surviving corporation after the merger will be the same as the officers of InteliData prior to the merger.

Board of Directors After the Merger. The board of directors of Corillian and Merger Sub following the merger will be the same as the Corillian board of directors and the Merger Sub board of directors, respectively, prior to the merger.

Interests of Certain Persons in the Merger

In considering the recommendation of the InteliData board of directors in favor of the merger agreement and the transactions contemplated thereby, you should be aware that some directors and officers of InteliData have interests in the merger that may be different from, or in addition to, your interests as an InteliData stockholder. The InteliData board of directors was aware of these potential interests and considered them. To the extent they are material, these potential interests are described in the following paragraphs:

Employment and Severance Awards

Alfred S. Dominick, Jr., Chairman and Chief Executive Officer

Alfred S. Dominick, Jr. has an Employment Agreement and a Change in Control Severance Agreement with InteliData, both of which contain provisions that are effective upon a termination in connection with a change of control. The Change in Control Severance Agreement provides that Mr. Dominick's benefits under it are to be paid only to the extent that similar benefits are not paid under another agreement or plan.

If Mr. Dominick is terminated in certain circumstances following the merger with Corillian, which is expected, Mr. Dominick will be entitled to certain severance benefits, consisting of:

payment of two times Mr. Dominick's base salary, or \$750,000;

payment of a bonus, equal to the highest bonus paid to Mr. Dominick in the last three years, or \$50,000, prorated from the beginning of the year through his month of termination;

payment or reimbursement for 18 months after termination of COBRA or other premiums to continue the health and medical insurance benefits that Mr. Dominick and his dependents received prior to his termination; and

acceleration of vesting of options, which Mr. Dominick may exercise or receive consideration for canceling, prior to closing, as described below under *Stock and Options of Directors and Executive Officers*.

Mr. Dominick's Employment Agreement also provides that, to the extent any of the payments made to him thereunder would subject him to parachute payment excise taxes, Mr. Dominick's severance payments would be grossed up to mitigate the taxes. His Change in Control Severance Agreement provides that, to the extent any of the payments made to him thereunder would subject him to parachute payment excise taxes, Mr. Dominick's severance payments would be reduced to a level so as to not trigger such taxes. It is currently not expected that Mr. Dominick's severance benefits would trigger parachute payment excise taxes.

As a condition to receiving the payments and benefits listed above, Mr. Dominick must execute a valid release and waiver of any claims against InteliData, its related entities, and their shareholders, officers, directors, employees, benefits plans, representatives, agents, successors and assigns.

Table of Contents

In consideration for such termination benefits, Mr. Dominick has agreed, during the period of employment and for a period of 12 months after termination of employment, not to compete, directly or indirectly, with InteliData or any related entity, solicit employees of InteliData or any related entity, solicit any customer of InteliData or any related entity, or make disparaging comments about InteliData or any related entity. Mr. Dominick has also agreed not to disclose any secret or confidential information related to InteliData or any related entity.

Mr. Dominick's Employment Agreement and Change in Control Severance Agreement are described in greater detail in the section titled "Employment and Change of Control Agreements" beginning on page 91.

Karen Kracher, President

Karen Kracher has an Employment Agreement with InteliData, which contains provisions that are effective upon a termination in connection with a change of control of InteliData.

In the event that Ms. Kracher is terminated in certain circumstances following the merger with Corillian, Ms. Kracher will be entitled to certain severance benefits, consisting of:

payment equal to her base salary, or \$200,000;

continued coverage by InteliData or its successor under its health, medical, life insurance and disability plans for 6 months after termination; and

acceleration of vesting of options, which Ms. Kracher may exercise or receive consideration for canceling, prior to closing, as described below under "Stock and Options of Directors and Executive Officers."

Ms. Kracher's Employment Agreement is described in greater detail in the section titled "Employment and Change of Control Agreements" beginning on page 91.

Monique L. Marcus, Vice President of Finance and Treasurer

Monique L. Marcus is a participant in InteliData's Key Employee Change of Control Program for 2005. The change of control program provides that if Ms. Marcus's employment is terminated without cause by InteliData either within 12 months following the merger, provided that the merger occurs in 2005, she will be entitled to a severance payment equal to her base salary, or \$140,000. Ms. Marcus would also be entitled to continued vesting of options; however, all such options will be exercised or terminated in exchange for consideration prior to closing, as described below under "Stock and Options of Directors and Executive Officers."

Ms. Marcus's participation in the Key Employee Change of Control Program is described in greater detail in the section titled "Employment and Change of Control Agreements" beginning on page 91.

Michael E. Jennings, Director

Michael E. Jennings entered into a Separation Agreement and General Release with InteliData, dated August 16, 2004. This agreement entitles Mr. Jennings to a payment of \$200,000 if the merger occurs prior to August 16, 2005.

Mr. Jennings's Separation Agreement and General Release is described in greater detail in the section titled "Employment and Change of Control Agreements" beginning on page 91.

Key Employees

Certain other key employees of InteliData, who are not officers of InteliData, also have agreements or arrangements that entitle them to severance payments of up to twice their base salary, if their employment with InteliData is terminated in connection with the merger, as well as continued medical and other insurance benefits. These key employees would also be entitled to continued vesting or acceleration of

vesting of stock options upon termination in connection with a change of control; however, all such options will be exercised or terminated prior to the merger.

D & O Insurance

The merger agreement provides that Merger Sub will provide, after the effective time of the merger and until the sixth anniversary date of the effective time of the merger, indemnification to IntelliData's directors and officers at least as favorable as provided by IntelliData's certificate of incorporation and bylaws with respect to matters occurring prior to the effective time of the merger. Corillian shall also cause to be purchased a directors' and officers' liability insurance policy, which they will maintain for six years after the effective time of the merger, of at least the same coverage and amounts and containing terms and conditions which are in the aggregate no less advantageous than IntelliData's existing directors' and officers' liability insurance policy, subject to certain limitations.

Stock and Options of Directors and Executive Officers

In addition to the interests of IntelliData's directors and officers in the merger that may be different from your interests, each of IntelliData's directors and officers owns IntelliData common stock and/or options to purchase IntelliData common stock, as more fully described in the following paragraphs:

Neal F. Finnegan, director, owns 10,000 shares of issued and outstanding IntelliData common stock and IntelliData stock options, which are exercisable for 24,000 shares of common stock at exercise prices ranging from \$0.99 to \$4.13 per share.

Karen Kracher, President, owns 25,000 shares of issued and outstanding IntelliData common stock, 25,000 of which are subject to vesting, IntelliData stock options, which are exercisable for 100,000 shares of common stock at exercise prices ranging from \$0.31 to \$1.80 per share.

Monique L. Marcus, Vice President of Finance and Treasurer, owns 5,000 shares of issued and outstanding IntelliData common stock and IntelliData stock options, which are exercisable for 100,000 shares of common stock at an exercise price of \$0.34 per share.

Accounting Treatment

Corillian intends to treat the merger as a purchase by Corillian of IntelliData under generally accepted accounting principles. Under the purchase method of accounting, the assets and liabilities of IntelliData will be recorded, as of the completion of the merger, at the respective fair market values, in the financial statements of Corillian. Financial statements and reported results of operations of Corillian issued after the completion of the merger will reflect these values, but will not be restated retroactively to reflect the historical financial position or results of operations of IntelliData.

Regulatory Approvals Required for the Merger

The merger does not require the approval of any state or federal regulatory entity. In order to consummate the merger, the companies must file a Certificate of Merger with the Delaware Secretary of State.

Stock Exchange Listing

The merger agreement provides that Corillian will use all reasonable efforts to cause the shares of Corillian common stock to be issued in the merger to be approved for trading on the Nasdaq National Market System, and such approval of trading is a condition to the closing of the merger.

Appraisal Rights

Under Section 262 of the Delaware General Corporation Law (the "DGCL"), any holder of IntelliData common stock who does not wish to accept the merger consideration may dissent from the merger and elect to exercise appraisal rights. A stockholder who exercises appraisal rights may ask the Delaware Court of Chancery to determine the fair value of his or her shares, exclusive of any element of value arising from the accomplishment or expectation of the merger, and receive payment of the fair value in cash, together with a fair rate of interest, if any, provided that the stockholder complies with the provisions of Section 262 of the DGCL.

The following discussion is a summary of the law pertaining to appraisal rights under the DGCL. The full text of Section 262 of the DGCL is attached to this proxy statement/ prospectus as Appendix D. All references in Section 262 of the DGCL to a stockholder and in this summary to a stockholder are to the record holder of the shares of IntelliData common stock who asserts appraisal rights.

Under Section 262 of the DGCL, when a merger is submitted for approval at a meeting of stockholders, as in the case of the merger agreement, the corporation, not less than 20 days prior to the meeting, must notify each of its stockholders entitled to appraisal rights that appraisal rights are available and include in the notice a copy of Section 262 of the DGCL. This proxy statement/ prospectus constitutes such notice, and the applicable statutory provisions are attached to this proxy statement/ prospectus as Appendix D. This summary of appraisal rights is not a complete summary of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the text of Section 262 of the DGCL attached as Appendix D. Any holder of IntelliData common stock who wishes to exercise appraisal rights or who wishes to preserve the right to do so should review the following discussion and Appendix D carefully. Failure to comply with the procedures of Section 262 of the DGCL in a timely and proper manner will result in the loss of appraisal rights. If you lose your appraisal rights, you will be entitled to receive the merger consideration described in the merger agreement.

Stockholders wishing to exercise the right to dissent from the merger and seek an appraisal of their shares must do ALL of the following:

The stockholder must not vote in favor of the proposal to adopt the merger agreement and to approve the transactions contemplated thereby. Because a proxy that does not contain voting instructions will, unless revoked, be voted in favor of the proposal, a stockholder who votes by proxy and who wishes to exercise appraisal rights must vote against the proposal or abstain.

Table of Contents

The stockholder must deliver to IntelliData a written demand for appraisal before the vote on the merger agreement at the annual meeting.

The stockholder must not submit a letter of transmittal. The stockholder must continuously hold the shares from the date of making the demand through the effective time of the merger. A stockholder will lose appraisal rights if the stockholder transfers the shares before the effective time of the merger.

The stockholder must file a petition in the Delaware Court of Chancery demanding a determination of the fair value of the shares within 120 days after the effective time of the merger. The surviving company is under no obligation, and has no intention, to file any petition.

Neither voting, in person or by proxy, against, abstaining from voting on or failing to vote on the proposal to adopt the merger agreement will constitute a written demand for appraisal within the meaning of Section 262 of the DGCL. The written demand for appraisal must be in addition to and separate from any proxy or vote.

Only a holder of record of shares of IntelliData common stock issued and outstanding immediately prior to the effective time of the merger may assert appraisal rights for the shares of stock registered in that holder's name. A demand for appraisal must be executed by or on behalf of the stockholder of record, fully and correctly, as the stockholder's name appears on the stock certificates. The demand must reasonably inform IntelliData of the identity of the stockholder and that the stockholder intends to demand appraisal of his or her common stock. **STOCKHOLDERS WHO HOLD THEIR SHARES IN BROKERAGE ACCOUNTS OR OTHER NOMINEE FORMS, AND WHO WISH TO EXERCISE APPRAISAL RIGHTS, SHOULD CONSULT WITH THEIR BROKERS TO DETERMINE THE APPROPRIATE PROCEDURES FOR THE NOMINEE HOLDER TO MAKE A DEMAND FOR APPRAISAL OF THOSE SHARES. A PERSON HAVING A BENEFICIAL INTEREST IN SHARES HELD OF RECORD IN THE NAME OF ANOTHER PERSON, SUCH AS A BROKER OR NOMINEE, MUST ACT PROMPTLY TO CAUSE THE RECORD HOLDER TO FOLLOW PROPERLY AND IN A TIMELY MANNER THE STEPS NECESSARY TO PERFECT APPRAISAL RIGHTS.**

A stockholder who elects to exercise appraisal rights under Section 262 of the DGCL should mail or deliver a written demand to:

IntelliData Technologies Corporation
11600 Sunrise Valley Drive
Reston, Virginia 20191
Attention: Secretary

If the merger is completed, IntelliData will give written notice of the effective time of the merger within 10 days after such effective time to each former IntelliData stockholder who did not vote in favor of the merger agreement and who made a written demand for appraisal in accordance with Section 262 of the DGCL. Within 120 days after the effective time of the merger, but not later, either the surviving company or any dissenting stockholder who has complied with the requirements of Section 262 of the DGCL may file a petition in the Delaware Court of Chancery demanding a determination of the value of the shares of IntelliData common stock held by all dissenting stockholders. The surviving company is under no obligation, and has no intention, to file any petition. Stockholders who desire to have their shares appraised should initiate any petitions necessary for the perfection of their appraisal rights within the time periods and in the manner prescribed in Section 262 of the DGCL.

Within 120 days after the effective time of the merger, any stockholder who has complied with the provisions of Section 262 of the DGCL to that point in time may receive from the surviving company, upon written request, a statement setting forth the aggregate number of shares not voted in favor of the merger agreement and with respect to which IntelliData has received demands for appraisal, and the aggregate number of holders of those shares. The surviving company must mail this statement to the stockholder within 10 days of receipt of the request.

Table of Contents

If any party files a petition for appraisal in a timely manner, the Delaware Court of Chancery will determine which stockholders are entitled to appraisal rights and may require the stockholders demanding appraisal who hold certificated shares to submit their stock certificates to the court for notation of the pendency of the appraisal proceedings, and any stockholder who fails to comply with such direction may be dismissed from such proceedings. If the stockholder fails to comply with the court's direction, the court may dismiss the proceeding against the stockholder. The Delaware Court of Chancery will thereafter determine the fair value of the shares of IntelliData common stock held by dissenting stockholders, exclusive of any element of value arising from the accomplishment or expectation of the merger, but together with a fair rate of interest, if any, to be paid on the amount determined to be fair value.

In determining the fair value, the Delaware Court of Chancery will take into account all relevant factors. The Delaware Supreme Court has stated that proof of value by any techniques or methods that are generally considered acceptable in the financial community and otherwise admissible in court should be considered in the appraisal proceedings. In addition, Delaware courts have decided that the statutory appraisal remedy, in cases of unfair dealing, may or may not be a dissenter's exclusive remedy. The Delaware Court of Chancery may determine the fair value to be more than, less than or equal to the consideration that the dissenting stockholder would otherwise receive under the merger agreement. If no party files a petition for appraisal in a timely manner, then stockholders will lose the right to an appraisal, and will instead receive the merger consideration described in the merger agreement.

The Delaware Court of Chancery will determine the costs of the appraisal proceeding and will allocate those costs to the parties as the Delaware Court of Chancery determines to be equitable under the circumstances. Upon application of a stockholder, the Delaware Court of Chancery may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including reasonable attorneys' fees and the fees and expenses of experts, to be charged pro rata against the value of all shares entitled to appraisal.

Stockholders should be aware that the fair value of their shares as determined under Section 262 of the DGCL could be greater than, the same as, or less than the merger consideration. A fairness opinion of an investment banking firm does not in any manner address fair value under Section 262 of the DGCL.

Any stockholder who has duly demanded an appraisal in compliance with Section 262 of the DGCL may not, after the effective time of the merger, vote the shares subject to the demand for any purpose or receive any dividends or other distributions on those shares, except dividends or other distributions payable to holders of record of shares as of a record date prior to the effective time of the merger.

Any stockholder may withdraw a demand for appraisal and accept the merger consideration by delivering to the surviving company a written withdrawal of the demand for appraisal, except that any attempt to withdraw made more than 60 days after the effective time of the merger will require written approval of the surviving company, and no appraisal proceeding in the Delaware Court of Chancery will be dismissed as to any stockholder without the approval of the Delaware Court of Chancery, and may be conditioned on such terms as the Delaware Court of Chancery deems just. If the stockholder fails to perfect, successfully withdraws or loses the appraisal right, the stockholder's shares will be converted into the right to receive the merger consideration.

FAILURE TO FOLLOW THE STEPS REQUIRED BY SECTION 262 OF THE DGCL FOR PERFECTING APPRAISAL RIGHTS MAY RESULT IN THE LOSS OF APPRAISAL RIGHTS, IN WHICH EVENT YOU WILL BE ENTITLED TO RECEIVE THE CONSIDERATION WITH RESPECT TO YOUR DISSENTING SHARES IN ACCORDANCE WITH THE MERGER AGREEMENT. IN VIEW OF THE COMPLEXITY OF THE PROVISIONS OF SECTION 262 OF THE DGCL, IF YOU ARE AN INTELIDATA STOCKHOLDER AND ARE CONSIDERING EXERCISING YOUR APPRAISAL RIGHTS UNDER THE DGCL, YOU SHOULD CONSULT YOUR OWN LEGAL ADVISOR.

Table of Contents**THE MERGER AGREEMENT**

The following summary describes the material provisions of the merger agreement. The provisions of the merger agreement are complicated and not easily summarized. This summary may not contain all of the information about the merger agreement that is important to you.

The merger agreement is attached to this proxy statement/ prospectus as Appendix A and is incorporated by reference into this proxy statement/ prospectus, and we encourage you to read it carefully in its entirety for a more complete understanding of the merger agreement. The merger agreement has been included to provide you with information regarding its terms. It is not intended to provide any other factual information about Corillian or IntelliData. Such information can be found elsewhere in this proxy statement/ prospectus, in the information incorporated by reference into this proxy statement/ prospectus and in the other public filings Corillian and IntelliData make with the SEC. See Where You Can Find More Information beginning on page 99 of this proxy statement/ prospectus.

The representations and warranties of Corillian and IntelliData contained in the merger agreement are qualified by information in confidential disclosure schedules delivered by IntelliData to Corillian in connection with signing the merger agreement, which modify and create exceptions to the representations and warranties in the merger agreement. The representations and warranties of Corillian and IntelliData contained in the merger agreement speak only as of March 31, 2005, the date on which the merger agreement was executed. Therefore, information concerning the subject matter of the representations and warranties may have changed since the date of the merger agreement. These representations and warranties are solely intended to allocate risk between the parties. Accordingly, the representations and warranties contained in the merger agreement should not be taken as assertions of facts by either Corillian or IntelliData and should not be relied upon by you. Such information can be found elsewhere in this proxy statement/ prospectus and in the public filings each of Corillian and IntelliData makes with the SEC, which are available without charge at www.sec.gov.

Merger Consideration

Form of Consideration. Upon completion of the merger, each outstanding share of IntelliData common stock, excluding any treasury shares and any shares held by Corillian, its subsidiaries, Merger Sub or any dissenting stockholder, will be converted into the right to receive approximately 0.0956 shares of Corillian common stock and \$0.0841 in cash, subject to adjustment. Corillian will issue an aggregate of 4,918,032 shares of its common stock and pay an estimated aggregate of \$4,330,383 in cash in exchange for all of the outstanding shares of IntelliData common stock. The aggregate number of shares to be issued by Corillian was determined by dividing \$15.0 million by the average stock price of Corillian common stock over a period of time prior to the signing of the merger agreement, or \$3.05. Because the number of shares of Corillian common stock to be issued pursuant to the merger is fixed and will not be adjusted based on changes in the value of Corillian common stock, the value of Corillian common stock that IntelliData stockholders will receive in the merger will vary as the market price for Corillian common stock changes. The closing price of Corillian common stock on July 6, 2005, was \$3.15, resulting in aggregate stock merger consideration of \$15,491,800 million as of such date, and \$19,822,183 million of aggregate stock and cash merger consideration, or \$0.385 per share of IntelliData common stock, as of such date.

The actual per share merger consideration to be received by the holders of IntelliData common stock upon the closing may differ slightly from the amounts stated above, depending on the number of shares of IntelliData common stock outstanding immediately prior to the closing and the number of IntelliData stock options that are exercised or terminated prior to closing, as described under Treatment of Stock Options below. Any money received by IntelliData as payment for the exercise of outstanding stock options will increase the aggregate cash available for distribution to IntelliData stockholders, but the additional shares issued will decrease the per share consideration. Any money paid by IntelliData to holders of outstanding options to terminate their options will decrease the aggregate cash available for distribution to IntelliData stockholders, but the option termination will have an anti-dilutive effect on the per share consideration.

Table of Contents

The per share merger consideration stated above assumes the exercise of all options to purchase IntelliData common stock that were outstanding and in-the-money as of the date of this proxy statement/ prospectus, and the termination of all options to purchase IntelliData common stock that were outstanding and out-of-the-money as of the date of this proxy statement/ prospectus. No additional options will be in-the-money unless Corillian's common stock increases to over \$5.40 per share as of the closing of the merger. If that happens and additional options get exercised, you will be entitled to fewer shares of Corillian common stock in exchange for your shares; however, the aggregate value of those Corillian shares will have increased along with the increase in Corillian's stock price. Conversely, if the market price of Corillian's common stock decreases prior to the closing of the merger and more options become out-of-the-money, you will be entitled to a greater number of shares of Corillian common stock in exchange for your shares and, generally, an increase in aggregate per share merger consideration; however, the aggregate value of those Corillian shares will have decreased along with the decrease in Corillian's stock price. Corillian and IntelliData do not anticipate that disposition of options will materially affect the combined stock and cash merger consideration that each IntelliData stockholder receives.

Corillian and IntelliData do not anticipate that any other event or transaction will occur prior to closing that would materially affect the number of outstanding shares of IntelliData common stock.

You will not know the exact per share merger consideration before submitting your vote on the proposal to adopt the merger contemplated thereby.

Treatment of IntelliData Stock Options. Immediately prior to the effectiveness of the merger, all outstanding options under IntelliData's stock option plans and agreements will be exercised or terminated. Holders of IntelliData stock options who exercise their options prior to the effective time of the merger will receive a portion of the merger consideration based upon the number of shares of IntelliData common stock received upon exercise of such stock options, just like other IntelliData stockholders. Holders of IntelliData stock options with an exercise price greater than the value of the per share cash and stock merger consideration are expected to surrender their options to IntelliData prior to consummation of the merger and IntelliData will pay them (i) \$0.02 per share for each share of common stock underlying options with an exercise price of \$2.00 or less and/or (ii) \$0.01 per share for each share of common stock underlying options with an exercise price of greater than \$2.00, in cash, less applicable tax withholdings.

Corillian Stock. Each share of Corillian common stock issued and outstanding at the time of the merger will remain issued and outstanding and those shares will be unaffected by the merger.

Procedures for Exchange

Surrender of Certificates. As promptly as practicable following the effective time of the merger, the exchange agent will mail to each record holder of IntelliData common stock (a) a letter of transmittal and (b) instructions for surrendering certificates formerly representing IntelliData common stock in exchange for cash and a certificate or certificates representing Corillian common stock, into which the IntelliData common stock will be converted pursuant to the merger. After receipt of those forms, holders of IntelliData common stock will be able to surrender their certificates to the exchange agent, and each holder will receive in exchange therefor the cash to which the holder is entitled, certificates evidencing the number of whole shares of Corillian common stock to which the holder is entitled, and any cash which may be payable in lieu of a fractional share of Corillian common stock. **IntelliData stockholders should not send their certificates until they receive the transmittal form.**

After the merger, each certificate that previously represented shares of IntelliData common stock will represent only the right to receive the cash and shares of Corillian common stock into which those shares of IntelliData common stock have been converted.

Corillian will not pay dividends to holders of IntelliData stock certificates in respect of the shares of Corillian common stock into which the Corillian shares represented by those certificates have been converted until the IntelliData stock certificates are surrendered to the exchange agent.

Table of Contents

After the effective time of the merger, IntelliData will not register any further transfers of IntelliData shares. Any certificates evidencing IntelliData shares that are presented for registration after the effective time will be exchanged for the cash and certificates evidencing the number of whole shares of Corillian common stock to which they are entitled, and any cash which may be payable in lieu of a fractional share of Corillian common stock.

Adjustments to Merger Consideration

If, prior to the effective time of the merger, Corillian pays a dividend in, subdivides, combines into a smaller number of shares or issues by reclassification of its shares any shares of Corillian common stock, then the exchange rate will be multiplied by a fraction, the numerator of which shall be the number of shares of Corillian common stock outstanding immediately after, and the denominator of which shall be the number of shares of Corillian common stock outstanding immediately before, the occurrence of such event, and thereafter the resulting product will be the exchange rate.

Fractional Shares

No certificates representing fractional shares of Corillian common stock will be issued in connection with the merger, and such fractional share interests shall not entitle the owner thereof to vote or to any rights of a stockholder of IntelliData after the merger. Instead, each holder of shares of IntelliData common stock exchanged pursuant to the merger who would otherwise have been entitled to receive a fraction of a share of Corillian common stock, after taking into account all shares of IntelliData common stock delivered by such holder, will receive a cash payment, without interest, rounded up to the nearest whole cent, determined by multiplying the fractional share interest to which such holder would otherwise be entitled by the average closing price for a share of Corillian common stock as reported on the Nasdaq National Market System for the 20 consecutive trading days ending on and including the third trading day preceding the closing date.

Except as contemplated by the merger agreement or with Corillian's written consent, IntelliData agreed that, until the termination of the merger agreement or effective time of the merger, IntelliData will carry on its business in the ordinary and usual manner and maintain its existing relationships with suppliers, customers, employees and business associates. Additionally, subject to specified exceptions, the merger agreement expressly restricts the ability of IntelliData, without Corillian's prior written consent, to:

Acquisition Proposals by Third Parties

The merger agreement contains provisions prohibiting IntelliData from seeking a competing transaction, subject to certain exceptions described below. Under these no solicitation provisions, IntelliData has agreed that it will not, directly or indirectly, and will not authorize or permit any of its officers, directors, employees, or advisors, to take any of the following actions:

solicit, initiate, encourage or facilitate an acquisition proposal ;

enter into any agreement or letter of intent regarding an acquisition proposal; or

negotiate or otherwise engage in discussions with any person (other than Corillian or its directors, officers, employees, agents and representatives) with respect to any acquisition proposal.

However, prior to the adoption of the merger agreement and approval of the transactions contemplated thereby at the annual meeting, IntelliData may, after providing written notice to Corillian, furnish information to and enter into discussions or negotiations with any person that makes an unsolicited bona fide acquisition proposal that the IntelliData board of directors in good faith, after consultation with its outside counsel and financial advisor, concludes is likely to result in a superior proposal if, and only to the extent that, the IntelliData board of directors determines in good faith, after consultation with outside counsel, that failing to take such action would be reasonably likely to constitute failure of the board of directors to comply with its fiduciary duties to IntelliData's stockholders under applicable law.

IntelliData has agreed to provide Corillian with notice of any acquisition proposal it receives.

An acquisition proposal is any of the following:

A superior proposal is an unsolicited, bona fide, written acquisition proposal made by a third party to acquire all of the outstanding shares or voting power of IntelliData on terms that the IntelliData board of directors determines in its good faith judgment, after consultation with its outside counsel and financial advisor, to be more favorable to IntelliData's stockholders than the merger with Corillian, for which financing, to the extent required, is then committed, and which is reasonably likely to be completed in a time period not materially longer than the merger with Corillian.

Corillian may terminate the merger agreement if a superior proposal exists with respect to IntelliData and the board of directors of IntelliData has withdrawn or modified, in a manner adverse to Corillian, its approval and recommendation to adopt the merger agreement and to approve the transactions contemplated thereby, or if the board of directors of IntelliData approves or recommends such superior competing transaction. Likewise, IntelliData may terminate the merger agreement if IntelliData receives a superior proposal, provided that it gives Corillian notice of the superior proposal and opportunity to negotiate a counterproposal. If either Corillian or IntelliData terminates the merger agreement in connection with these provisions, IntelliData has agreed to promptly pay Corillian a fee of \$1.4 million.

Other Agreements

The merger agreement contains other mutual agreements, in addition to the covenants relating to the conduct of business described above, including the following mutual agreements of IntelliData and Corillian:

Corillian may request that IntelliData terminate any of its employee benefit plans, including its 401(k) plans. In addition, IntelliData has agreed to take any remedial or corrective action with respect to its employee benefit plans that may be requested by Corillian.

IntelliData's Option Plans; Employee Stock Purchase Plan

Corillian will not assume any IntelliData option plan or agreement, or any options outstanding thereunder, or IntelliData's Employee Stock Purchase Plan (the "IntelliData ESPP"). AGREEMENTS TO FACILITATE MERGER

InteliData directors and officers who collectively own approximately 0.7% of IntelliData's common stock have entered into agreements to facilitate the merger with Corillian and Merger Sub. These agreements to facilitate merger grant Corillian irrevocable proxies to vote any shares of IntelliData common stock over which such stockholder has sole voting power in favor of the adoption of the merger agreement and approval of the transactions contemplated thereby and against any action, agreement or transaction, other than the merger agreement or the transactions contemplated thereby, or proposal, including any acquisition proposal, that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of IntelliData under the merger agreement or that could result in any of the conditions to IntelliData's obligations under the merger agreement not being fulfilled.

The agreements to facilitate merger prohibit the sale, assignment, transfer or other disposition by these IntelliData directors and officers of their shares of IntelliData common stock, except as specifically permitted by the agreement to facilitate merger and provided that any permitted transferee also agrees to be bound by the agreement to facilitate merger.

The agreements to facilitate merger will terminate at the earlier of the effective time of the merger or termination of the merger agreement in accordance with its terms.

Execution of an affiliate letter does not constitute an admission by the IntelliData stockholder to being an affiliate of IntelliData.

are directly connected with the shareholder's purpose.

An amendment to Corillian's Articles of Incorporation is approved by the shareholders if a quorum exists and the votes cast favoring the amendment exceed the votes cast opposing the amendment, unless the amendment would create dissenters' rights, in which case a majority of the votes entitled to be cast is required for approval. The Article pertaining to the classified Board of Directors contained in the Restated Articles of Incorporation may only be amended by affirmative vote of two-thirds or more of shares held by members of each voting group entitled to vote. All shareholders vote together as a single class, unless an amendment would affect specified rights of preferred shareholders, in which case the consent of a majority of each applicable class of preferred shareholders is required.

Amendment of Bylaws:

InteliData's Bylaws may be amended, altered or repealed (i) by resolution adopted by a majority of the board of directors of InteliData at any regular or special meeting of the board, or (ii) by the affirmative vote of the holders of at least a majority of the shares of capital stock entitled to vote. Any provision of the Bylaws adopted or required to be adopted pursuant to the DGCL by the stockholders may only be made, altered or repealed by the stockholders.

Corillian's Restated Bylaws may be altered, amended or repealed, in whole or in part, by the board of directors. Shareholders may adopt or amend one or more Bylaws that fix a greater quorum or voting requirement for shareholders, or voting group of shareholders, than required by the OBCA.

Exculpation of Directors:

damages for breach of fiduciary duty as a director; provided this right will not eliminate or limit the liability of a director (i) for any breach of his duty of loyalty to InteliData or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the General Corporation Law of the State of Delaware (relating to unlawful payment of dividends or unlawful stock purchase or redemption) or (iv) for any transaction from which the director derives an improper personal benefit. If the General Corporation Law of the State of Delaware is amended after the date InteliData's Certificate of Incorporation became effective to authorize corporate action further eliminating or limiting the personal liability of InteliData directors, then the liability of an InteliData director will be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended.

Indemnification of Directors, Officers and Employees:

InteliData will indemnify its directors, officers, employees and other agents to the fullest extent not prohibited by the Delaware General Corporation Law; provided, however, that InteliData is not be required to indemnify any director or executive officer in connection with any proceeding (or part thereof) initiated by him or her or any proceeding by him or her against the corporation or its directors, officers, employees or other agents unless (i) such indemnification is expressly

Corillian's Restated Articles of Incorporation eliminate liability of directors for monetary damages as a director for all actions other than those specifically excluded in the Oregon statute as described above.

Corillian will indemnify its directors, officers, employees and other agents to the fullest extent permitted by law. The Oregon Business Corporation Act provides that a director or officer who has been or is threatened to be made a defendant in a legal proceeding because that person is or was a director or officer of a corporation (i) shall be indemnified by the corporation for reasonable expenses of the litigation when the director or officer is wholly successful on the merits or otherwise, (ii) may be

(iii) the indemnification is provided by the corporation, in its sole discretion, pursuant to the powers vested in the corporation under the Delaware General Corporation Law.

InteliData will advance, before the final disposition of any proceeding, promptly following request therefor, all expenses incurred by any director or executive officer in connection with the proceeding upon receipt of an undertaking by or on behalf of that person to repay said amounts if it should be determined ultimately that he or she is not entitled to be indemnified. Notwithstanding the foregoing, generally no advance will be made by InteliData if a determination is reasonably and promptly made (i) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to the proceeding, or (ii) if a quorum of non-interested directors is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, that the facts known to the decision-making party at the time the determination is made demonstrate clearly and convincingly that the person acted in bad faith or in a manner that he or she did not believe to be in or not opposed to the best interests of the corporation.

If a director furnishes the Corporation with a written affirmation of such person's good faith belief of entitlement to indemnification, Corillian will advance, before the final disposition of any proceeding, promptly following request therefor, all expenses incurred by any director (or executive officer, at its election) in connection with the proceeding upon receipt of an undertaking by or on behalf of that person to repay said amounts if it should be determined ultimately that he or she is not entitled to be indemnified.

Corillian also has entered into Indemnity Agreements with many of its directors and officers that require Corillian to indemnify the

officer or director to the fullest
extent permitted by law.

Anti-Takeover Provisions:

Business Combination Act

Section 203 of the DGCL prohibits a Delaware corporation from engaging in a business combination with a person owning 15% or more of the corporation's voting stock (an interested stockholder) for three years following the time that person became an interested stockholder, unless:

the board, before the time the person became an interested stockholder, approved either the business combination or the transaction that resulted in the person's becoming an interested stockholder;

the person became an interested stockholder and 85% owner of the voting stock in the transaction, excluding shares owned by directors and officers and shares owned by some employee stock plans; or

the combination transaction is approved by the board and authorized by the affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

A Delaware corporation can elect in its Certificate of Incorporation or Bylaws not to be governed by Section 203. InteliData has not made that election.

The Oregon Business Combination Act to which Corillian is subject is, in all material respects, identical to Delaware law.

Control Share Act

No applicable law governing InteliData.

The Oregon Control Share Act (OCSA) regulates the manner in which a person may acquire control of any Oregon-based corporation with 100 or more shareholders without the consent and cooperation of the board of directors. The OCSA generally provides that shares of stock acquired in a control share

Provisions Relating to Some Business Combinations:

The DGCL generally requires that a merger and consolidation, or sale, lease, or exchange of all or substantially all of a corporation's property and assets be approved by the directors and by a majority of the outstanding stock. A corporation's Certificate of Incorporation may require a greater vote. InteliData's Amended and Restated Certificate of Incorporation does not provide for a greater vote.

Under the DGCL, a surviving corporation need not obtain stockholder approval for a merger if:

acquisition have no voting rights unless the restoration of the voting rights associated with such shares is approved by the shareholders. The restoration must be approved by the holders of a majority of the voting shares, including the control shares, and by a majority of the voting shares, excluding the control shares, entitled to vote. A Control Share Acquisition is defined as the acquisition of shares in a transaction or series of transactions that causes the acquiring person to own more than 20%, 33% or 50% of the total voting power of all voting shares. Shares are not deemed to be acquired in a control share acquisition if, among other things, they are acquired from the issuing corporation, or are issued pursuant to a plan of merger or exchange effected in compliance with the OBCA and the issuing corporation is a party to the merger or exchange agreement.

The OBCA generally requires that a merger or exchange be approved by the directors and by a majority of the outstanding stock. A corporation's articles of incorporation may require a greater vote. Corillian's articles of incorporation do not provide for a greater vote. Under the OBCA, a surviving corporation need not obtain stockholder approval for a merger if:

the articles of incorporation of the surviving corporation will not differ from its articles before the merger;

each share of the surviving corporation's stock outstanding prior

the number of participating shares outstanding immediately after the merger, plus the numbers of participating shares issuable as a result of the merger, either by the conversion of securities issued pursuant to the merger or the exercise of rights and warrants issued pursuant to the merger, will not exceed by more than 20% the total number of participating shares outstanding immediately before the merger.

Appraisal or Dissenters Rights:

Under Delaware law, the right of dissenting stockholders to obtain the fair value for their shares is available in connection with some mergers or consolidations. Unless otherwise provided in the Certificate of Incorporation, appraisal rights are not available to stockholders when the corporation will be the surviving corporation in a merger and no vote of its stockholders is required to approve the merger. ADDITIONAL MATTERS BEING SUBMITTED TO A VOTE OF INTELIDATA STOCKHOLDERS

Election of Directors (Proposal 2)

InteliData's amended and restated certificate of incorporation provides that the board of directors be divided into three classes as nearly equal in number as possible. The current term of Class I directors expires in 2006, the term of Class II directors expires in 2007, and the term of Class III directors expires in 2005. The current size of the board of directors is fixed at six.

At the annual meeting, the InteliData stockholders are being asked to elect one Class II director for a two-year term expiring in 2007 and two Class III directors for a new three-year term expiring in 2008, or until their successors are elected and qualified. Assuming the merger proposal is approved by InteliData's stockholders and the merger with Corillian is completed, the directors elected at the annual meeting will serve only until the closing of the merger. If the merger is not approved by the stockholders or is not consummated, the directors elected at the annual meeting will serve their full terms or until their successors are elected and qualified.

Nominees. The nominating and governance committee of the board of directors selected, and the board of directors approved, the following nominees for election to the board of directors at the annual meeting, each to serve until the annual meeting of stockholders held in the year listed beside his name or until his successor is duly qualified and elected (the "Nominees"):

Name	Class	Term Expires
Michael E. Jennings	Class II	2007
Alfred S. Dominick, Jr.	Class III	2008
Patrick F. Graham	Class III	2008

Information about the Nominees can be found in the section titled Management beginning on page 87.

Table of Contents

Although the board of directors anticipates that the Nominees will be available to serve as directors of IntelliData, if any of them do not accept the nomination, or otherwise are unwilling or unable to serve, the proxies will be voted for the election of a substitute nominee or nominees designated by the board of directors. There are no arrangements or understandings between any director or executive officer and any other person pursuant to which he is or was to be selected as a director or officer of IntelliData. There is no family relationship between any director or executive officer of IntelliData.

Vote Required. If a quorum is present, the three candidates receiving the highest number of affirmative votes represented and voting on this proposal at the annual meeting will be elected to the board of directors. Abstentions and broker non-votes will be counted for the purposes of determining the presence or absence of a quorum, but will have no effect on the election of directors once a quorum is established.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS

THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE THREE NOMINEES

Board of Directors, Committees and Corporate Governance Matters. IntelliData's board of directors held four regular meetings and four telephonic meetings during fiscal year 2004. Each incumbent director attended at least 75% of the meetings held during fiscal year 2004 by the board of directors and each committee of the board of directors of which he was a member.

The standing committees of IntelliData's board of directors include a compensation committee, an audit committee, and a nominating and governance committee. Each of these committees has adopted a written charter that is posted on IntelliData's website (www.intelidata.com) in the section on Governance.

The compensation committee, consisting of Messrs. Finnegan, Graham and Tice, reviews and recommends to the board of directors appropriate action with respect to the compensation of and benefits granted to officers and other key employees of IntelliData and administers IntelliData's 1996 Incentive Plan. The compensation committee held five meetings during fiscal year 2004. All of the committee members satisfy the independence requirements of The Nasdaq Stock Market.

The audit committee, consisting of Messrs. Finnegan, Graham and Tice, selects IntelliData's independent registered public accounting firm, reviews related-party transactions for conflicts of interest, reviews with IntelliData's independent registered public accounting firm matters relating to the scope and plan of the audit, the effectiveness of internal controls and the preparation of IntelliData's financial statements, and reports and makes recommendations to the board of directors with respect thereto. The audit committee held four regular meetings and four telephonic meetings during fiscal year 2004. All of the committee members satisfy the current independence requirements of The Nasdaq Stock Market. Each member of the committee meets the financial literacy requirements for audit committee members under the Nasdaq Stock Market listing standards. The board of directors has determined that Mr. Finnegan is an audit committee financial expert, as defined by the regulations promulgated by the SEC.

The nominating and governance committee, consisting of Messrs. Finnegan, Graham and Tice, was formed in February 2004. This committee identifies and nominates qualified individuals for election to the board of directors, recommends the individual directors to serve on committees and recommends to the board of directors the Corporate Governance Guidelines for IntelliData. All of the committee members satisfy the independence requirements of The Nasdaq Stock Market. In accordance with its charter, the committee identifies candidates for election to the board of directors on its own as well as by considering recommendations from stockholders, other members of the board, officers and employees of IntelliData, and other sources that the committee deems appropriate. Stockholder recommendations for candidates for election to the board of directors shall be made in accordance with IntelliData's bylaws. See Other Matters on page 95 for a description of procedures to be followed by stockholders in submitting recommendations for nominees as directors. The committee may retain a third-party search firm to assist in the identification of possible candidates for election to the board of directors. The committee will evaluate all candidates for election to the board of directors, regardless of the source from which the candidate was first identified, based upon the totality of the merits of each candidate and not based upon minimum qualifications or attributes. In considering the individual nominees, the committee will take into

account the qualifications of other board members to ensure that a broad variety of skill sets and experience beneficial to IntelliData and its business are represented on the board of directors. The committee also will ensure that the board is composed of a sufficient number of independent directors to satisfy the Nasdaq listing requirements. In addition, the committee will seek to ensure that, for purposes of audit committee service, at least three of the board's independent members satisfy the Nasdaq financial and accounting experience requirements and the heightened independence standards of the SEC and that at least one of such three members qualifies as an audit committee financial expert.

Corporate Governance Guidelines and Codes of Ethics. IntelliData's Corporate Governance Guidelines are available on IntelliData's website. IntelliData has adopted a Code of Ethics for its Chief Executive Officer and senior financial officers, which may be found on its website. IntelliData has also adopted a Code of Business Conduct and Ethics for directors, officers and employees, which is available on its website. IntelliData intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K by posting such information on its website.

Determination of Independence. The board of directors has determined that each member of the board of directors, other than Messrs. Dominick and Jennings, is an independent director for purposes of the listing standards for The Nasdaq Stock Market. Accordingly, the board of directors is composed of a majority of independent directors as required by Nasdaq.

Director Attendance at Annual Meetings. The Corporate Governance Guidelines adopted by the board of directors in 2004 strongly encourage directors to attend the annual stockholders' meeting. All of the directors attended the 2004 meeting.

Executive Sessions. IntelliData's Corporate Governance Guidelines provide that the independent directors meet as a group in executive session at every regularly scheduled board meeting. These sessions are chaired by the Lead Outside Director, currently Mr. Tice.

Communications to the Board of Directors. Stockholders may send communications to the board of directors by sending written correspondence to: Chairman of the Nominating and Governance Committee, c/o Corporate Secretary, IntelliData Technologies Corporation, 11600 Sunrise Valley Dr., Suite 100, Reston, Virginia 20191. The chairman of the nominating and governance committee and his or her duly authorized agents shall be responsible for collecting and organizing shareholder communications. Absent a conflict of interest, the chairman of the nominating and governance committee is responsible for evaluating the materiality of each stockholder communication and determining whether further distribution is appropriate, and, if so, whether to (i) the full board, (ii) one or more board members and/or (iii) other individuals or entities.

Audit Committee Report

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of IntelliData's other filings under the Securities Act or the Exchange Act, except to the extent this report is specifically incorporated by reference therein.

Management is responsible for IntelliData's financial statements and internal controls. The independent registered public accounting firm is responsible for performing an audit of IntelliData's consolidated financial statements in accordance with auditing standards generally accepted in the United States and of management's assessment regarding the effectiveness of internal control over financial reporting and for the purpose of issuing opinions thereon. The audit committee's responsibility is to monitor and oversee these processes. The audit committee operates under a written charter adopted by the board of directors.

The audit committee has met and held discussions with management and the independent registered public accounting firm. Management represented to the audit committee that IntelliData's consolidated financial statements as filed in its Annual Report on Form 10-K for the year ended December 31, 2004, were prepared in accordance with accounting principles generally accepted in the United States, and the audit committee has reviewed and discussed the audited consolidated financial statements with

management and the independent registered public accounting firm. The audit committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees (and its interpretations) and Rule 2-07 of Regulation S-X.

InteliData's independent registered public accounting firm also provided to the audit committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the audit committee has also determined that all of its members are independent within the meaning of NASD Rule 4200 (a)(14).

Based upon the audit committee's discussions with management and the independent registered public accounting firm and the audit committee's review of the representation of management and the report of the independent registered public accounting firm to the audit committee, the audit committee approved the inclusion of the audited consolidated financial statements in InteliData's Annual Report on Form 10-K for the year ended December 31, 2004, as filed with the SEC.

Compensation Committee Report on Executive Compensation

The following report of the compensation committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of InteliData's other filings under the Securities Act or the Exchange Act, except to the extent this report is specifically incorporated by reference therein.

InteliData's compensation committee is composed of independent directors whose role is to oversee the development and administration of the compensation and benefit programs for InteliData's executive officers. The compensation committee also administers InteliData's 1996 Incentive Plan that permits stock option grants and stock awards to employees. Compensation for all the named executive officers consists of a base salary and a variable portion that can include performance bonuses, stock options and stock awards. In the case of Mr. Dominick, InteliData's Chief Executive Officer, Ms. Kracher and Messrs. Jennings and Wergley, the named executive officers, the salary levels are set pursuant to employment agreements entered into between InteliData and the executive officers and are reviewed on an annual basis by the compensation committee. The employment agreements of Mr. Dominick and Ms. Kracher are described in the Executive Compensation section beginning on page 89.

Bonus awards are made based on various subjective considerations including personal goals and objectives and the overall performance of InteliData. The assessment of each executive's performance will vary depending on the executive's responsibilities and, as a result, bonuses, stock options and stock awards will likely fluctuate from year to year and from person to person. As reported in the Summary Compensation Table, there were no cash bonuses paid to the named executive officers for 2004.

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Exchange Act requires IntelliData's directors and executive officers and beneficial owners of more than 10% of IntelliData's common stock to file with the SEC initial reports of ownership and reports of changes in ownership of equity securities of IntelliData. Officers, directors and beneficial owners of more than 10% of IntelliData's common stock are required by SEC regulation to furnish IntelliData with copies of all Section 16(a) forms they file. To IntelliData's knowledge based solely upon a review of copies of such reports furnished to IntelliData and representations that no other reports were required, during the fiscal year ending December 31, 2004, IntelliData's officers, directors and beneficial owners of more than 10% of IntelliData's common stock complied with all applicable Section 16(a) filing requirements, except for the Form 4 filed on December 30, 2004, reporting the surrender of shares of IntelliData common stock by Mr. Dominick to IntelliData on December 15, 2004.

Ratification of Selection of Independent Registered Public Accounting Firm (Proposal 3)

Action is to be taken at the annual meeting with respect to the ratification of an independent registered public accounting firm, that was selected by the audit committee of the board of directors, to audit the financial statements of IntelliData for the fiscal year ending December 31, 2005. Although the ratification of an independent registered public accounting firm is not required to be submitted to a vote of the stockholders, IntelliData believes that such ratification is a matter on which the stockholders should

Table of Contents

express their opinion. Notwithstanding stockholder approval of the ratification of an independent registered public accounting firm, the audit committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year, if the audit committee believes that such a change would be in the best interest of InteliData and its stockholders. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain Deloitte & Touche LLP as the independent registered public accounting firm for the fiscal year ending December 31, 2005.

Deloitte & Touche LLP has advised InteliData that no member of its firm has any direct or indirect material financial interest in InteliData. Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from the stockholders.

Independent Auditor Fees and Services. The aggregate fees for professional services rendered to InteliData by Deloitte & Touche LLP, for the fiscal years ended December 31, 2004 and 2003, are as follows:

	2004	2003
Audit fees(A)	\$ 928,700	\$ 182,500
Audit-related fees(B)	97,117	30,000
Tax fees(C)	2,500	
All other fees		
Total fees	\$ 1,028,317	\$ 212,500

(A) Audit fees include \$343,700 and \$182,500 of fees for services rendered for the audit of InteliData's annual financial statements and the review of the interim financial statements included in our quarterly reports for 2004 and 2003, respectively. Audit fees also include \$585,000 of fees for services rendered for the audit of management's assessment of internal control over financing reporting as of December 31, 2004 in accordance with Section 404 of the Sarbanes-Oxley Act of 2002; no similar fees were incurred in 2003.

(B) Audit-related fees include fees associated with assurance and related services that are reasonably related to the performance of the audit or review of InteliData's financial statements. This category include fees related to consultations regarding U.S. generally accepted accounting principles and general implementation of new SEC and Sarbanes-Oxley Act of 2002 requirements. The audit-related fees for 2004 were for advisory services for matters related to accounting consultation, due diligence, and assistance in compliance with regulatory requirements. Audit-related fees for 2003 were for advisory services for matters related to accounting consultation, review of financial statements outside of SEC filings, and assistance in compliance with regulatory requirements.

(C) Tax fees were for assistance with a prior year sales and tax audit appeal.

The audit committee has considered whether the provision of the other services is compatible with maintaining the principal independent registered public accounting firm's independence and has concluded that it is so compatible.

Audit Committee Pre-Approval Policies and Procedures. The audit committee reviews and considers all professional services provided by Deloitte & Touche LLP when assessing auditor independence. The audit committee approved all audit and non-audit services provided by InteliData's independent registered public accounting firm during 2003 and 2004 on a case-by-case basis in advance of each engagement. The audit committee does not have a written policy or procedure for the pre-approval by category of particular audit or non-audit services.

The following table presents information regarding options granted to IntelliData's Named Executive Officers during the year ended December 31, 2004, to purchase shares of IntelliData's common stock. In accordance with SEC rules, the table shows the hypothetical gains or option spreads that would exist for the respective options based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the options were granted over the full option term.

These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options

were granted to their expiration date. These assumptions are not intended to forecast future appreciation of IntelliData's stock price. The potential realizable value computation does not take into account federal or state income tax consequences of option exercises or sales of appreciated stock. If IntelliData's stock price does not actually increase to a level above the applicable exercise price at the time of exercise, the realized value to the Named Executive Officers from these options will be zero.

- (4) These options become exercisable as follows: one-third on the first anniversary date of the grant and then ratably over 24 months.

Aggregated Option Exercises in Last Fiscal Year and Year-End Option Values. The following table sets forth information regarding the exercise of stock options and unexercised stock options as of December 31, 2004 granted to the Named Executive Officers. Employment and Change of Control Agreements***Employment Agreements***

Alfred S. Dominick, Jr. IntelliData has an employment agreement with Alfred S. Dominick, Jr., providing that Mr. Dominick will serve as Chief Executive Officer of IntelliData until April 5, 2006, unless further extended or sooner terminated as set forth in the agreement. Furthermore, IntelliData will nominate and take such action as may be appropriate or necessary to seek stockholder election of Mr. Dominick to IntelliData's board of directors. Mr. Dominick has agreed to resign from the board of directors in connection with, and effective upon, termination of his employment with IntelliData.

Mr. Dominick is entitled to (i) a base salary of \$375,000 per year and (ii) an annual bonus of up to 75% of his base salary. In addition, Mr. Dominick is entitled to participate in all medical, dental, life, disability, 401(k), employee stock purchase and such other fringe benefit plans or arrangements generally made available by IntelliData to all salaried employees. As an inducement to his becoming an employee of IntelliData, Mr. Dominick was granted options

to purchase 1,200,000 shares of common stock pursuant to IntelliData's 1998 Chief Executive Officer's Plan. The options became exercisable as to 66,667 option shares on August 17, 1999, 66,667 option shares on August 17, 2000, and 66,666 option shares on August 17, 2001. An additional 500,000 option shares became exercisable based on the achievement of designated trading prices of the common stock. The options as to an additional 500,000 option shares shall become exercisable on April 15, 2008; provided that the options shall become exercisable earlier upon the common stock trading above \$25.00 per share for 60 consecutive days during the term of the options. Mr. Dominick has agreed to hold 100,000 shares of common stock for the remaining term of his employment agreement. Upon entering into the employment agreement, Mr. Dominick purchased 200,000 shares of common stock for an aggregate purchase price of \$200.00.

Table of Contents

InteliData may terminate the agreement for cause (as defined in the employment agreement) or if Mr. Dominick incurs a disability that continues for a period of 180 consecutive days. Mr. Dominick may terminate the agreement upon prior written notice to InteliData or for good reason (as defined in the employment agreement). If InteliData terminates Mr. Dominick for other than cause, or if Mr. Dominick terminates the agreement for good reason, then Mr. Dominick is entitled to: (i) an amount equal to 12 months of his base salary then in effect; (ii) any amounts vested or payable under any deferred salary, bonus compensation or other plan; (iii) an amount equal to the highest incentive bonus paid to him during the three years immediately preceding his termination, prorated through his month of termination; and (iv) a continuation, at InteliData's expense, of life, disability, accident and health insurance benefits for 12 months following termination. Notwithstanding the above, if, within one year of a change of control of InteliData (as defined in the employment agreement), Mr. Dominick's employment is terminated by InteliData for other than cause or by Mr. Dominick for good reason, then Mr. Dominick is entitled to: (i) an amount equal to the greater of the undiscounted amount of twelve months base salary or the undiscounted remainder of his base salary for the unexpired term of the employment agreement; (ii) any amounts vested or payable under any deferred salary, bonus compensation or other plan; (iii) an amount equal to the highest incentive bonus paid to him during the three years immediately preceding his termination, prorated through his month of termination; and (iv) a continuation, at InteliData's expense, of life, disability, accident and health insurance benefits for the greater of 12 months from termination or a period equal to the unexpired term of the employment agreement. Also, in the event of such a termination, Mr. Dominick would be entitled to immediate exercisability of his outstanding stock options, which would remain exercisable until their expiration, pursuant to the 1998 Chief Executive Officer's Plan. Under Mr. Dominick's employment agreement and the 1998 Chief Executive Officer's Plan, Mr. Dominick is entitled to a gross-up payment to mitigate any parachute payment excise taxes on the above payments and benefits. Mr. Dominick's employment agreement terminates automatically upon his death, in which case InteliData would have no further obligation to Mr. Dominick or his estate other than the disposition of life insurance, accrued and unpaid base salary, accrued vacation and bonuses and other incentive compensation earned but not paid for periods prior to the date of death.

The employment agreement also provides that during the term of the agreement and for one year following his termination (other than in the event of termination by InteliData other than for cause or by Mr. Dominick for good reason), Mr. Dominick will not compete, directly or indirectly, with InteliData. Furthermore, pursuant to a non-solicitation provision in the employment agreement, Mr. Dominick may not solicit certain current or former employees of InteliData during the term of the agreement or for a period of two years thereafter.

Other Named Executive Officers. InteliData has an employment agreement with Karen Kracher, which provides for her employment through August 16, 2005, unless further extended or sooner terminated as set forth in the agreement.

Ms. Kracher is entitled to a base salary per year of not less than \$200,000 and annual bonuses. In addition, Ms. Kracher is entitled to participate in all bonus and incentive compensation plans or arrangements made available by InteliData to its officers and is entitled to receive such benefits as provided to all salaried employees as well as those established by the compensation committee for InteliData's executives. Her employment agreement terminates automatically upon her death, in which case InteliData would have no further obligation to Ms. Kracher or her estate other than the disposition of life insurance and related benefits and accrued and unpaid base salary, bonus, unreimbursed expenses and incentive compensation for periods prior to the date of death, known as the standard termination payments. InteliData may terminate the agreement for cause (as defined in the employment agreement) or if Ms. Kracher incurs a disability that continues for a period of 180 consecutive days or 180 days in any 365 day period. Ms. Kracher may terminate the agreement for good reason (as defined in the employment agreement). She may also terminate the agreement, in which case InteliData would have no further obligation to Ms. Kracher except for the standard termination payments. If InteliData terminates Ms. Kracher for other than cause or upon death or total disability, or if she terminates the agreement

Table of Contents

because IntelliData fails to comply with the agreement or following a change of control of IntelliData whereby Ms. Kracher's duties are substantially diminished or she is relocated, then Ms. Kracher is entitled to: (i) the standard termination payments (which include earned and unpaid salary, additional salary in lieu of accrued and unused vacation, any unreimbursed business and entertainment expenses in accordance with IntelliData's policies and any unreimbursed employee benefit expenses that are reimbursable in accordance with IntelliData's employee benefit plans); (ii) any bonus earned but not yet paid under any bonus program then in effect; (iii) 100% of her annual base salary; and (iv) any and all options granted shall continue vesting for 12 months and be exercisable for the longer of 12 months after termination date or period for exercise as provided in her option agreement. For termination subsequent to a change of control, all granted but unvested options shall become immediately vested and nonforfeitable and remain exercisable for their respective remaining terms. IntelliData will also continue to cover Ms. Kracher under its medical, dental, life insurance and total disability benefit plans for a period of six months at no cost to Ms. Kracher.

Change in Control Severance Agreements

IntelliData has entered into a Change in Control Severance Agreement with Mr. Dominick that provides for certain termination benefits in the event his employment is terminated by IntelliData without cause (as defined in the Change in Control Severance Agreement) or by Mr. Dominick for good reason (as defined in the Change in Control Severance Agreement), and such termination occurs either (a) within 90 days before or 24 months after a change in control of IntelliData (as defined in the Change in Control Severance Agreement) or (b) after IntelliData makes a public announcement or files a report or proxy statement with the SEC disclosing a transaction which, if completed, would constitute a change in control of IntelliData and before the Board of Directors determines that such transaction will not be completed or the transaction is completed.

The termination benefits consist of:

(a) a lump-sum cash payment equal to (i) any unpaid base pay and accrued leave or vacation pay through the termination date, (ii) any unpaid annual bonus earned prior to the termination date, (iii) two times Mr. Dominick's annual salary plus (iv) any unreimbursed expenses;

(b) acceleration of the vesting and exercisability of outstanding stock options and awards previously granted to Mr. Dominick and the extension of the period for exercising such options until their expiration date;

(c) payment or reimbursement for 18 months after termination for (i) any COBRA premiums for Mr. Dominick, his spouse and his dependents to the extent they participated in IntelliData's health and medical plan prior to termination and elect COBRA coverage or (ii) any premiums for continuation of other health and medical insurance for Mr. Dominick, his spouse and his dependents if Mr. Dominick, his spouse and his dependents did not participate in IntelliData's health and medical plan prior to termination, but IntelliData was paying or reimbursing Mr. Dominick for premiums on such other health and medical insurance at the time of termination; and

(d) payment of or reimbursement for premiums for continuation of life insurance coverage for 18 months after termination if IntelliData paid or reimbursed Mr. Dominick for such life insurance coverage immediately prior to his termination of employment.

As a condition to receiving such payments and benefits, Mr. Dominick must execute a valid release and waiver of any claims against IntelliData, its related entities, and their shareholders, officers, directors, employees, benefits plans, representatives, agents, successors and assigns.

In consideration for such termination benefits, Mr. Dominick agrees during the period of employment and for a period of 12 months after termination of employment not to compete, directly or indirectly, with IntelliData or any related entity, solicit employees of IntelliData or any related entity, solicit any customer of IntelliData or any related entity, or make disparaging comments about IntelliData or any related entity.

Table of Contents

Mr. Dominick also agrees not to disclose any secret or confidential information related to IntelliData or any related entity.

If the termination payments or benefits would be subject to change in control or parachute payment excise taxes under federal, state or local law, then the termination payments and benefits must be reduced to the largest amount that will result in no portion of the payments or benefits being subject to such taxes.

The Change in Control Severance Agreement provides that amounts paid and benefits provided shall be construed and interpreted so that amounts are paid and benefits are provided only if and to the extent that similar amounts and benefits are not paid or provided under any other similar agreements, policies, plans, programs or arrangements of IntelliData or any related entity, including any employment agreement between IntelliData and Mr. Dominick. Accordingly, if similar amounts and benefits are otherwise to be provided to Mr. Dominick, then amounts payable or benefits to be provided under his Change in Control Severance Agreement shall be reduced by the amount of similar payments and benefits to be provided under such other agreement, policy, plan, program or arrangement.

The initial term of the Change in Control Severance Agreement is through February 3, 2005, but the term automatically extends for an additional 12-month period at the end of the initial term and each annual anniversary thereafter, unless IntelliData gives Mr. Dominick written notice at least 90 days prior to the end of the initial term or the applicable extended term date that the term will not be so extended.

Director Compensation

Directors of IntelliData who are not also executive officers of IntelliData or of an affiliate of IntelliData receive a quarterly payment of \$3,000 and \$500 for each board of directors meeting attended, excluding telephonic meetings. They are also reimbursed for usual and ordinary expenses of meeting attendance. Under IntelliData's Non-Employee Directors' Stock Option Plan, each non-employee director is offered options to purchase 6,000 shares of common stock following IntelliData's annual meeting of stockholders. The exercise price for any option grants under this plan is the average closing price of the common stock during the 30 trading days immediately preceding the date of grant. Options granted under this plan vest in 12 equal monthly installments during the non-employee director's continued service on the board of directors. The option price may be paid in cash, by surrendering shares of common stock or by a combination of cash and common stock. All options expire 10 years after their grant. Up to 200,000 shares of common stock may be issued under this plan, subject to certain adjustments.

Mr. Jennings, in addition to the foregoing, received \$3,333.33 per month in consulting fees pursuant to the Consultant Agreement, dated August 16, 2004, between IntelliData and Mr. Jennings. As a consultant, Mr. Jennings provided IntelliData approximately 35 hours of services per month. The Consultant Agreement was terminated on February 28, 2005. IntelliData also entered into a separation agreement and general release with Mr. Jennings, dated August 16, 2004. The separation agreement and general release provides for payment of the following severance benefits and consideration to Mr. Jennings: current full salary and accrued and unused vacation pay through August 15, 2004; continued vesting of all Mr. Jennings' stock options and awards until October 31, 2004; an automobile that was purchased by IntelliData and was titled in Mr. Jennings' name and, upon a change of control of IntelliData that occurs before August 16, 2005, a severance payment of \$200,000.00 in cash to be paid within 30 days of the date of such change of control.

Table of Contents**Principal Stockholders**

The following table sets forth information as of June 27, 2005, before giving effect to the consummation of the merger, regarding beneficial ownership of IntelliData's common stock by (i) each person who is known to IntelliData to own beneficially more than five percent of IntelliData's common stock, (ii) each director of IntelliData, (iii) each of the Named Executive Officers, and (iv) all current directors and the executive officers of IntelliData as a group. Beneficial ownership is determined in accordance with the rules of the SEC and is generally based on voting or investment power with respect to the securities. This table is based on information supplied by officers, directors, Schedules 13D and 13G, and Forms 3 and 4 filed with the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person are deemed to be outstanding if the options are exercisable within 60 days of the date of this table. The shares subject to options are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. All percentages in this table are based on a total of 51,128,492 shares of common stock outstanding on June 14, 2005. Certain Transactions

Employee Loan. On December 21, 1999, IntelliData provided a loan of \$82,838 to Alfred S. Dominick, Jr., President and Chief Executive Officer of IntelliData, pursuant to a Secured Promissory Note, due on the earlier of December 22, 2004, or 90 days after the termination of Mr. Dominick's employment with IntelliData. As security for the loan, Mr. Dominick has pledged 200,000 shares of IntelliData's common stock owned by him.

As of December 15, 2004, the outstanding balance on this loan was \$105,229.49. On December 15, 2004, in anticipation of the upcoming maturity of the Amended and Restated Secured Promissory Note, the compensation committee determined that IntelliData would exercise its rights under the pledge to acquire the 200,000 shares of common stock in satisfaction of \$100,000 of the loan (200,000 × \$0.50 (the closing share price on the Nasdaq SmallCap Market on December 15, 2004)). The compensation committee determined to forgive the remaining \$5,229.49 of the loan, and the audit committee ratified the determination of the compensation committee on December 29, 2004.

Director and Officer Indemnification. IntelliData's certificate of incorporation and bylaws contain provisions limiting the liability of its officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, IntelliData has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act, and therefore may be unenforceable.

IntelliData has entered into non-competition, non-solicitation and confidentiality agreements with all its executive officers.

Expenses of Solicitation

The cost of solicitation of proxies for the annual meeting will be paid by IntelliData. In addition to solicitation of proxies by mail, the officers, directors and regular employees of IntelliData may solicit proxies on behalf of the board of directors in person or by telephone, facsimile, telex or telegraph. IntelliData has retained Morrow & Co., Inc. to aid in the solicitation of proxies and to verify records relating to the solicitation. Morrow & Co., Inc. will receive a fee for its services of \$5,500 and expense reimbursement. No additional compensation will be received by any officer, director or employee of IntelliData in connection with any such proxy solicitation. Brokerage houses, nominees, fiduciaries and other custodians will be requested by IntelliData to forward proxy soliciting material to beneficial owners of shares held of record by them and, upon request, IntelliData may reimburse them for reasonable out-of-pocket expenses incurred in doing so.

Householding Information

Unless it has received contrary instructions, IntelliData may send a single copy of its annual report, proxy statement and notice of annual meeting to any household at which two or more stockholders reside if IntelliData believes the stockholders are members of the same family. Each stockholder in the household will continue to receive a separate proxy card. Similarly, if you share an address with

(a) Notwithstanding any provision of this Agreement to the contrary other than Section 2.2(b), any shares of Company Common Stock held by a holder who is entitled to and has demanded and perfected appraisal rights for such shares in accordance with Section 262 of the Delaware General Corporation Law (the DGCL) and who, as of the Effective Time, has not effectively withdrawn or lost such appraisal rights (Dissenting Shares), shall not be converted into or represent a right to receive Merger Consideration pursuant to Section 2.1(c), but instead shall be converted into the right to receive only such consideration as may be determined to be due with respect to such Dissenting Shares under the DGCL. From and after the Effective Time, a holder of Dissenting Shares shall not be entitled to exercise any of the voting rights or other rights of a stockholder of the Surviving Corporation.

(b) Notwithstanding the provisions of Section 2.2(a), if any holder of shares of Company Common Stock who demands appraisal of such shares under the DGCL shall effectively withdraw or lose (through failure to perfect or otherwise) the right to appraisal, then, as of the later of the Effective Time and the occurrence of such event, such holder's shares shall no longer be Dissenting Shares and shall automatically be converted into and represent only the right to receive Merger Consideration as provided in Section 2.1(c) without interest thereon, upon surrender of the certificate representing such shares pursuant to Section 2.3.

(c) The Company shall give Parent (i) prompt notice of any written demands for appraisal of any shares of Company Common Stock, withdrawals of such demands, and any other instruments served pursuant to the DGCL and received by the Company which relate to any such demand for appraisal and (ii) the opportunity to participate in all negotiations and proceedings which take place prior to the Effective Time with respect to demands for appraisal under the DGCL. The Company shall not, except with the prior written consent of Parent, voluntarily make any payment with respect to any demands for appraisal of Company Common Stock or offer to settle or settle any such demands.

2.3. Exchange of Certificates.

(a) Prior to the Effective Time, the Parent shall appoint the Parent's stock transfer agent or such other person as the Parent may select to act as exchange agent for the exchange of Parent Common Stock upon surrender of Certificates (the Exchange Agent). Promptly following the Effective Time, Parent shall deposit, or cause to be deposited, with the Exchange Agent, for the benefit of the holders of Company Common Stock, for exchange in accordance with this Article 2 through the Exchange Agent, (i) certificates representing the number of shares of Parent Common Stock issuable pursuant to Section 2.1(c)(i), and (ii) the amount of cash payable pursuant to Section 2.1(c)(ii) as of the Effective Time and, thereafter, cash from time to time as required to make payments in lieu of fractional shares pursuant to Section 2.3(g) (such cash and certificates for Parent Common Stock, together with any dividends or distributions with respect thereto, being hereinafter referred to as the Exchange Fund). The Exchange Agent shall, pursuant to irrevocable instructions, deliver (x) the Parent Common Stock and cash contemplated to be issued pursuant to Section 2.1(c) hereto, and (y) such cash as may be required to make payments in lieu of any fractional shares out of the Exchange Fund. Except as contemplated by Section 2.3(h), the Exchange Fund shall not be used for any other purpose.

(b) As promptly as reasonably practicable after the Effective Time, but in no event later than ten business days thereafter, the Parent will cause the Exchange Agent to mail to each holder of record of a

Table of Contents

certificate or certificates (to the extent such certificates have not already been submitted to the Exchange Agent) which immediately prior to the Effective Time represented outstanding shares (other than Cancelled Shares) of Company Common Stock (each, a Certificate and collectively, the Certificates) (i) a letter of transmittal (which shall be in customary form and shall specify that delivery shall be effected, and risk of loss and title to the Certificates shall pass, only upon proper delivery of the Certificates to the Exchange Agent and shall be in such form and have such other provisions as the Parent and the Exchange Agent shall reasonably specify), (ii) instructions for use in effecting the surrender of the Certificates in exchange for the Merger Consideration, and (iii) such notification as may be required under the DGCL to be given to the holders of Dissenting Shares.

(c) Upon surrender to the Exchange Agent of a Certificate for cancellation, together with such letter of transmittal, duly executed and completed in accordance with the instructions thereto, and such other documents as may be reasonably required by the Exchange Agent pursuant to such instructions, the holder of such Certificate shall be entitled to receive in exchange therefor, (i) the Cash Consideration, (ii) one or more of the Parent certificates representing the number of whole shares of Parent Common Stock into which the shares represented by the Certificate(s) shall have been converted pursuant to Section 2.1(c), and (iii) if applicable, a bank check for fractional shares pursuant to Section 2.3(g), to be distributed as soon as practicable after the Effective Time, and the Certificate so surrendered shall immediately be cancelled. In the event of a transfer of ownership of shares of Company Common Stock which is not registered in the transfer records of the Company, Parent Common Stock (and any Cash Consideration and any cash paid for fractional shares pursuant to Section 2.3(g)) may be issued or paid to a transferee if the Certificate representing such shares of Company Common Stock is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer taxes have been paid.

(d) Whenever a dividend or other distribution is declared by the Parent in respect of the Parent Common Stock, the record date for which is after the Effective Time, that declaration shall include dividends or other distribution in respect of all shares issuable pursuant to this Agreement. No dividends or other distributions pertaining to Parent Common Stock with a record date on the same date as or after the Effective Time shall be paid to any holder of shares of Company Common Stock who have not surrendered their Certificates for exchange, until the holder of such Certificates shall have exchanged such Certificates in accordance with Section 2.3(c) hereof. Subject to the effect, if any, of applicable Law, the Exchange Agent shall receive, hold, and remit any such dividends or other distributions to each such record holder entitled thereto, without interest, at the time that such Certificates are surrendered to the Exchange Agent for exchange. Holders of Company Common Stock will not be entitled, however, to dividends or other distributions that are payable to persons who were holders of record of Parent Common Stock as of a record date that is prior to the date of the Effective Time.

(e) All shares of Parent Common Stock issued upon the surrender for exchange of the Certificates in accordance with the terms hereof (including any cash paid for fractional shares pursuant to Section 2.3(g) hereof) and the Cash Consideration shall be deemed to have been issued in full satisfaction of all rights pertaining to the shares of Company Common Stock represented by the Certificates.

(f) After the Effective Time, there shall be no further registration of transfers on the stock transfer books of the Surviving Corporation of the shares of Company Common Stock that were outstanding immediately prior to the Effective Time. If, after the Effective Time, Certificates representing such shares are presented to the Surviving Corporation, they shall be cancelled and exchanged as provided in this Article 2.

(g) No fractional shares of Parent Common Stock and no certificates or scrip therefor, or other evidence of ownership thereof, shall be issued upon the surrender for exchange of Certificates, no dividend or other distribution of the Parent shall relate to any fractional share, and such fractional share interests shall not entitle the owner thereof to vote or to any rights of a stockholder of the Parent. All fractional shares of Parent Common Stock to which a holder of Company Common Stock immediately prior to the Effective Time would otherwise be entitled, at the Effective Time, shall be aggregated if and to the extent

multiple Certificates of such holder are submitted together to the Exchange Agent. If a fractional share results from such aggregation, then (in lieu of such fractional share) the Exchange Agent shall pay to each holder of shares of Company Common Stock who otherwise would be entitled to receive such fractional share of Parent Common Stock an amount of cash (without interest) determined by multiplying (i) the fractional share of Parent Common Stock to which such holder would otherwise be entitled, by (ii) the Parent Average Stock Price. The Parent will make available to the Exchange Agent any cash necessary for this purpose.

(h) Any portion of the Exchange Fund that remains undistributed to the holders of shares of Company Common Stock six (6) months after the Effective Time shall be delivered to Parent, upon demand by Parent. Any holder of Certificates who have not theretofore complied with Section 2.2(a) shall thereafter look only to Parent for the portion of the Merger Consideration represented by the Certificates to which such holder is entitled pursuant to Section 2.1(c) hereof. Any portion of the Exchange Fund remaining unclaimed by holders of shares of Company Common Stock as of the date that is immediately prior to such time as such amounts would otherwise escheat to or become property of any Governmental Entity shall, to the extent permitted by applicable Law, become the property of Parent, free and clear of any claims or interest or any person previously entitled thereto.

(i) To the fullest extent permitted by Law, neither Parent nor the Surviving Corporation shall be liable to any holder of shares of Company Common Stock for any Parent Common Stock (or dividends or distributions with respect thereto) or cash delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law.

(j) Each of the Surviving Corporation, Parent and the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of Company Common Stock such amounts as it is required to deduct and withhold with respect to the making of such payments under the Code, or any provision of state, local or foreign tax Law. To the extent that amounts are so withheld by the Surviving Corporation, Parent or Exchange Agent, as the case may be, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of shares of Company Common Stock in respect of which such deduction and withholding was made by the Surviving Corporation, Parent or Exchange Agent, as the case may be.

(k) If any Certificate shall have been lost, stolen or destroyed, upon the delivery to the Exchange Agent of an affidavit of that fact by the person claiming such Certificate to be lost, stolen or destroyed and, if required by the Surviving Corporation, the posting by such person of a bond, in such reasonable amount as the Parent or Surviving Corporation may direct, as indemnity against any claim that may be made against it with respect to such Certificate, the Exchange Agent shall issue or pay in exchange for such lost, stolen or destroyed Certificate the Merger Consideration and the cash value of any fraction of a share of Parent Common Stock as provided in Section 2.3(g) hereof.

2.4. Stock Options

As soon as practicable following the Closing, but effective as of the Effective Time, each Company Option that is outstanding immediately prior to the Effective Time (including, specifically and without limitation, every option outstanding under any Company Stock Plan) and that has not been exercised prior to the Effective Time, shall be terminated. No options or Company Stock Plan will continue after the Effective Time or be assumed or continued by Parent or the Surviving Corporation. Prior to the Closing Date, the Company shall take all action necessary to effect the termination of all Company Options, as contemplated by this Section 2.4.

2.5. Warrants

Each warrant to purchase shares of Company Common Stock (a Company Warrant) that is outstanding immediately prior to the Effective Time shall, at the Effective Time, cease to represent a right to purchase shares of Company Common Stock and shall be converted, at the Effective Time, into a warrant to purchase shares of Parent Common Stock (a Parent Warrant) on substantially the same terms and conditions as were applicable under such Company Warrant. The number of shares of Parent

Table of Contents

Common Stock subject to each such Parent Warrant shall be the number of shares of Company Common Stock subject to each such Company Warrant immediately prior to the Effective Time multiplied by the Exchange Ratio, rounded, if necessary, to the nearest whole share of Parent Common Stock, and such Parent Warrant shall have an exercise price per share (rounded to the nearest cent) equal to the per share exercise price specified in such Company Warrant divided by the Exchange Ratio.

Article 3.

REPRESENTATIONS AND WARRANTIES OF THE COMPANY

As a material inducement to the Parent and Merger Sub to enter into this Agreement, with the understanding that the Parent and Merger Sub shall be relying thereon in consummating the transactions contemplated hereunder, the Company hereby represents and warrants to the Parent and Merger Sub, except as set forth in the Company Disclosure Schedule delivered by the Company to the Parent and Merger Sub on the date hereof (the Company Disclosure Schedule), which Company Disclosure Schedule identifies the section and subsection numbers of this Article 3 to which the disclosures pertain and which disclosures relate only to the representations and warranties set forth in the section or subsection of this Agreement to which such section of the Company Disclosure Schedule expressly relates and not to any other representation and warranty contained in this Agreement (except to the extent that one section of the Company Disclosure Schedule specifically refers to another section thereof), as follows:

The Company and each Company Subsidiary is duly qualified and in good standing to do business in each jurisdiction in which the property owned, leased, or operated by it or the nature of the business conducted by it (i) makes such qualification necessary and (ii) where the failure to qualify could reasonably be expected to have a Company Material Adverse Effect.

(b) Section 3.1(b) of the Company Disclosure Schedule lists each Company Subsidiary and its jurisdiction of incorporation. Except for the capital stock of the Company Subsidiaries owned by the Company, neither the Company nor any Company Subsidiary owns, directly or indirectly, any capital stock or other interest in any person. The Company wholly owns each Company Subsidiary.

3.2. Charter and Bylaws.

The Company has furnished or made available to the Parent a complete and correct copy of the Certificate of Incorporation and the Bylaws of the Company and the Certificate of Incorporation, Bylaws or equivalent organizational documents of each Company Subsidiary, each as in full force and effect as of the date hereof. Except as set forth in Section 3.3(b) of the Company Disclosure Schedule, no consent of holders of any Company Options is required to carry out the Merger and the other transactions contemplated by this Agreement, including, without limitation, the matters contemplated by Section 2.4 and Article 1. All actions, if any, required on the part of the Company under the Company Options to allow for the treatment of Company Options as is provided in Section 2.4 and Article 1, have been, or prior to the Closing shall be, validly taken by the Company. As of the date of this Agreement and except as contemplated by this Agreement, there are no voting trusts or other agreements or understandings to which the Company is a party, or, to the Knowledge of the Company, to which persons other than the Company are parties, that relate to the voting or control of any outstanding shares of the Company's capital stock.

(d) Each outstanding share of capital stock of each Company Subsidiary is duly authorized, validly issued, fully paid and nonassessable, and each such share is owned by the Company or another Company Subsidiary, free and clear of all Encumbrances. 3.4. Company SEC Reports; Financial Statements.

(a) The Company has filed with the SEC, at or prior to the time due (including by proper extension pursuant to Rule 12b-25), and has heretofore made available to the Parent true and complete copies of, all forms, reports, schedules, registration statements, definitive proxy statements and other documents (together with all information incorporated therein by reference, the Company SEC Reports) it filed or was required to file with the SEC since January 1, 2002. As of their respective dates, the Company SEC Reports complied in all material respects with all applicable requirements of the Exchange Act or the Securities Act, as the case may be, and the rules and regulations of the SEC thereunder applicable to the Company SEC Reports. As of their respective dates and as of the date any information from such Company SEC Reports has been incorporated by reference, the Company SEC Reports did not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. Section 3.4(a) of the Company Disclosure Schedule lists all comment letters or other correspondence received by the Company from the Staff of the SEC since January 1, 2002 with respect to any Company SEC Report or otherwise and all responses to such comment letters or correspondence by or on behalf of the Company, copies of all of which have been provided to the Parent.

Such certifications contain no qualifications or exceptions to the matters certified therein and have not been modified or withdrawn, and neither the Company nor any of its officers has received notice from any Governmental Entity questioning or challenging the accuracy, completeness, form or manner of filing or submission of such certifications nor to the Company's Knowledge is any such notice or action threatened.

(c) Each of the financial statements of the Company (including the related notes) included or incorporated by reference in the Company SEC Reports (including any similar documents filed after the date of this Agreement) comply as to form in all material respects with applicable accounting requirements and the published rules and regulations of the SEC with respect thereto, have been prepared in accordance with GAAP (except, in the case of unaudited statements, as permitted by Form 10-Q or Regulation S-X of the SEC) applied on a consistent basis during the periods involved (except as may be indicated in the notes thereto) and fairly present the consolidated financial position of the Company and its consolidated Company Subsidiaries as of the dates thereof and the consolidated results of their operations and cash flows for the periods then ended (subject to normal year-end adjustments in the case of any unaudited interim financial statements). Neither the Company nor any Company Subsidiary has, nor does the Company or any Company Subsidiary have any Knowledge of any basis for, any material liabilities or obligations individually or in the aggregate (whether absolute, accrued, contingent, or otherwise) of any nature, other than liabilities or obligations (i) accrued or reserved against in the most recent consolidated balance sheet of the Company included in the Company SEC Reports, (ii) specifically disclosed in this Agreement, or (iii) incurred in the ordinary course of business consistent with past practice since the date of the balance sheet included in the most recent Company SEC Report (none of which could, individually or in the aggregate, reasonably be expected to have a Company Material Adverse Effect or are in such amounts as to be materially greater than the liabilities or obligations set forth in the balance sheet most recently filed with the SEC prior to the date of this Agreement).

(d) Except as set forth in Section 3.4(d) of the Company Disclosure Schedule, the Company has not been notified by its independent auditors or by the staff of the SEC that such auditors or staff of the SEC, as the case may be, are of the view that any financial statements included in any registration statement filed by the Company under the Securities Act or any periodic or current report filed under the Exchange Act should be restated, or that the Company should modify its accounting in future periods in a manner that would be materially adverse to the Company. As of the date hereof, the Company has complied in all

material respects with the listing and other standards of Nasdaq applicable to it (other than failing to meet the minimum per share price qualification of the Nasdaq SmallCap Market).

(e) Prior to the execution of this Agreement, the Company has delivered to the Parent its Annual Report on Form 10-K for the fiscal year ended December 31, 2004 (the 2004 Form 10-K) in its final form, and no changes or modifications to the 2004 Form 10-K will be required or made prior to filing with the SEC. 3.5. Controls.

Except as set forth in Section 3.5 of the Company Disclosure Schedule:

(a) Each of the Company and the Company Subsidiaries has internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act and such internal control over financial reporting is effective. Since January 1, 2002, there has been no material change in the internal control over financial reporting of the Company and the Company Subsidiaries that has materially affected, or is reasonably likely to materially affect, the internal control over financial reporting of the Company and the Company Subsidiaries. Without limiting the generality of the foregoing, each of the Company and the Company Subsidiaries maintains accurate books and records reflecting its assets and liabilities and maintains proper and adequate internal accounting controls which provide reasonable assurance that (i) transactions are executed with management's authorization; (ii) transactions are recorded as necessary to permit preparation of the consolidated financial statements of the Company and to maintain accountability for the Company's consolidated assets; (iii) access to the Company's consolidated assets is permitted only in accordance with management's authorization; (iv) the reporting of the Company's consolidated assets is compared with existing assets at regular intervals; and (v) accounts, notes and other receivables and inventory are recorded accurately, and proper and adequate procedures are implemented to effect the collection thereof on a current and timely basis. The Company has delivered to Parent complete and accurate copies of any management letter or similar correspondence from any independent auditor since January 1, 2002, of the Company or any of the Company Subsidiaries.

(b) The Company maintains disclosure controls and procedures required under the Exchange Act effective to ensure that all material information concerning the Company and the Company Subsidiaries is made known on a timely basis to the individuals responsible for the preparation of the Company's filings with the SEC and other public disclosure documents. Section 3.5(b) of the Company Disclosure Schedule lists, and the Company has delivered to the Parent copies of, all written descriptions of, and all policies, manuals and other documents promulgating, such disclosure controls and procedures and internal controls over financial reporting.

to have a Company Material Adverse Effect. As of the date hereof, no suspension or cancellation of any of the Permits is pending or, to the Knowledge of the Company, threatened, except where the failure to have, or the suspension or cancellation of, any of such Permits could not reasonably be expected to have a Company Material Adverse Effect. Section 3.10 of the Company Disclosure Schedule lists all material Permits of the Company and the Company Subsidiaries, and the Company has made available to the Parent all other Permits of the Company and the Company Subsidiaries.

3.11. Compliance with Laws.

Except as set forth in Section 3.11 of the Company Disclosure Schedule, all activities of the Company and each Company Subsidiary have been, and are currently being, conducted in all material respects in compliance with all applicable Laws and Orders. To the Knowledge of the Company, (a) no investigation or review by any Governmental Entity with respect to the Company is pending or threatened or has been undertaken within the past five (5) years and (b) no Governmental Entity has indicated an intention to conduct the same.

3.12. Litigation.

Except as set forth in Section 3.12 of the Company Disclosure Schedule, there are no material suits, actions or proceedings pending or, to the Knowledge of the Company, threatened (in any manner) against or affecting the Company or any of the Company Subsidiaries. Neither the Company nor any of the Company Subsidiaries is subject to any outstanding Order that contains ongoing material obligations, restricts the activities of the Company or any Company Subsidiary going forward or could reasonably be expected to prevent, hinder or delay the timely completion of the transactions contemplated by this Agreement.

3.13. Employee Benefit Matters.

(a) Section 3.13(a) of the Company Disclosure Schedule contains a complete and accurate list of all Employee Benefit Plans. Neither the Company nor any Company Subsidiary has any agreement, arrangement, commitment or obligation, whether formal or informal, whether written or unwritten and whether legally binding or not, to create, enter into or contribute to any additional Employee Benefit Plan, or to modify or amend any existing Employee Benefit Plan. There has been no amendment, interpretation or other announcement (written or oral) by the Company, any Company Subsidiary or any other Person relating to, or change in participation or coverage under, any Employee Benefit Plan that, either alone or together with other such items or events, could materially increase the expense of maintaining such Employee Benefit Plan (or the Employee Benefit Plans taken as a whole) above the level of expense incurred with respect thereto for the fiscal year ended December 31, 2004. The terms of each Employee Benefit Plan permit the Company or relevant Company Subsidiary, as applicable, to amend and terminate such Employee Benefit Plan at any time and for any reason without penalty and without material liability or expense other than for the ordinary accrual of benefits as of the date of termination. None of the rights of the Company or any Company Subsidiary under any Employee Benefit Plan will be impaired in any way by this Agreement or the consummation of the transactions contemplated by this Agreement.

(b) The Company has delivered to Parent true, correct and complete copies (or, in the case of unwritten Employee Benefit Plans, descriptions) of all Employee Benefit Plans (and all amendments thereto since the inception of the particular Employee Benefit Plan), along with, to the extent applicable to the particular Employee Benefit Plan, copies of the following: (i) the last three annual reports (Form 5500 series), filed with respect to such Employee Benefit Plan, together with all schedules and audit reports required with respect thereto; (ii) the most recent summary plan description, and all summaries of material modifications related thereto, distributed with respect to such Employee Benefit Plan; (iii) all contracts and agreements (and any amendments thereto since the inception of such Employee Benefit Plan) relating to such Employee Benefit Plan, including, without limitation, all trust agreements, investment management agreements, annuity contracts, insurance contracts, bonds, indemnification agreements and service provider agreements; (iv) the most recent determination letter issued by the IRS with respect to such Employee Benefit Plan; (v) the most recent annual actuarial valuation prepared

for such Employee Benefit Plan; (vi) all written communications during the last three years relating to the amendment, creation or termination of such Employee Benefit Plan, or an increase or decrease in benefits, acceleration of payments or vesting or other events that could result in material liability to the Company or any Company Subsidiary; (vii) all material correspondence to or from any Governmental Entity relating to such Employee Benefit Plan; (viii) samples of all administrative forms currently in use with respect to such Employee Benefit Plan, including, without limitation, all COBRA and HIPAA forms and notices; (ix) all coverage, nondiscrimination, top heavy and Code Section 415 tests performed with respect to such Employee Benefit Plan for the last three years; and (x) the most recent registration statement, annual report (Form 11-K) and prospectus prepared in connection with such Employee Benefit Plan.

(c) With respect to each Employee Benefit Plan, except as set forth in Section 3.13(c) of the Company Disclosure Schedule: (i) such Employee Benefit Plan was properly and legally established; (ii) such Employee Benefit Plan is, and at all times since inception has been, maintained, administered, operated and funded in all material respects in accordance with its terms and in compliance with all applicable requirements of all applicable Laws, including, without limitation, ERISA and the Code; (iii) the Company, each Company Subsidiary, each of their respective directors, officers, employees, representatives and agents, and, to the Knowledge of the Company, all other Persons (including, without limitation, all other fiduciaries) have, at all times and in all material respects, properly performed all of their duties and obligations (whether arising by operation of law or by contract) under or with respect to such Employee Benefit Plan, including, without limitation, all reporting, disclosure and notification obligations; (iv) all returns, reports (including, without limitation, all Form 5500 series annual reports, together with all schedules and audit reports required with respect thereto), notices, statements and other disclosures relating to such Employee Benefit Plan required to be filed with any Governmental Entity or distributed to any Employee Benefit Plan participant have been properly prepared and duly filed or distributed in a timely manner; (v) none of the Company, any Company Subsidiary, any of their respective directors, officers, employees, representatives or agents, or, to the Knowledge of the Company, any other fiduciary of such Employee Benefit Plan has engaged in any transaction or acted or failed to act in a manner that violates the fiduciary requirements of ERISA or any other applicable Law; (vi) no transaction or event has occurred or is threatened or about to occur (including any of the transactions contemplated in or by this Agreement) that constitutes or could constitute a prohibited transaction under Section 406 or 407 of ERISA or under Section 4975 of the Code for which an exemption is not available; and (vii) neither the Company nor any Company Subsidiary has incurred, and there exists no condition or set of circumstances in connection with which the Company, any Company Subsidiary, the Surviving Corporation or Parent could incur, directly or indirectly, any material liability or expense (except for routine contributions and benefit payments) under ERISA, the Code or any other applicable Law, or pursuant to any indemnification or similar agreement, with respect to such Employee Benefit Plan.

(d) Except as set forth in Section 3.13(d) of the Company Disclosure Schedule, each Employee Benefit Plan that is intended to be qualified under Section 401(a) of the Code is so qualified and its related trust and/or group annuity contract is exempt from taxation under Section 501(a) of the Code. Each such Employee Benefit Plan (i) is the subject of an unrevoked favorable determination letter from the IRS with respect to such Employee Benefit Plan's qualified status under the Code, as amended by that legislation commonly referred to as GUST and EGTRRA, and all subsequent legislation, or (ii) has remaining a period of time under the Code or applicable Treasury regulations or IRS pronouncements in which to request, and make any amendments necessary to obtain, such a letter from the IRS. Except as set forth in Section 3.13(d) of the Company Disclosure Schedule, nothing has occurred, or is reasonably expected by the Company or any Company Subsidiary to occur, that could adversely affect the qualification or exemption of any such Employee Benefit Plan or its related trust or group annuity contract. No such Employee Benefit Plan is a top-heavy plan, as defined in Section 416 of the Code.

(e) Except as set forth in Section 3.13(e) of the Company Disclosure Schedule, all contributions, premiums and other payments due or required to be paid to (or with respect to) each Employee Benefit Plan have been timely paid, or, if not yet due, have been accrued as a liability on the balance sheet most recently filed with the SEC prior to the date of this Agreement. All income taxes and wage taxes that are

(h) None of the Company, any Company Subsidiary or any Employee Benefit Plan provides or has any obligation to provide (or contribute toward the cost of) post-employment or post-termination benefits of any kind, including, without limitation, death and medical benefits, with respect to any current or former officer, employee, agent, director or independent contractor of the Company or any Company Subsidiary, other than (i) continuation coverage mandated by Sections 601 through 608 of ERISA and Section 4980B(f) of the Code or other applicable Law that is paid for solely by the relevant individual, (ii) retirement benefits under any Employee Benefit Plan that is qualified under Section 401(a) of the Code, and (iii) deferred compensation that is accrued as a current liability on the balance sheet most recently filed with the SEC prior to the date of this Agreement.

(i) Except as set forth in Section 3.13(i) of the Company Disclosure Schedule, there are no actions, suits or claims (other than routine claims for benefits) pending or, to the Knowledge of the Company, threatened with respect to (or against the assets of) any Employee Benefit Plan, nor, to the Knowledge of the Company, is there a basis for any such action, suit or claim. Except as set forth in Section 3.13(i) of the Company Disclosure Schedule, no Employee Benefit Plan is currently under investigation, audit or review, directly or indirectly, by any Governmental Entity, and, to the Knowledge of the Company, no such action is contemplated or under consideration by any Governmental Entity.

(j) Except as set forth in Section 3.13(j) of the Company Disclosure Schedule, neither the execution and delivery of this Agreement nor the consummation of the transactions contemplated by this Agreement (either alone or upon the occurrence of any additional or subsequent event(s)) will (i) entitle any individual to severance pay, unemployment compensation or any other payment from the Company, any Company Subsidiary, the Surviving Corporation, Parent or any Employee Benefit Plan, (ii) otherwise increase the amount of compensation due to any individual or forgive indebtedness owed by any individual, (iii) result in any benefit or right becoming established or increased, or accelerate the time of payment or vesting of any benefit, under any Employee Benefit Plan, or (iv) require the Company, any Company Subsidiary, the Surviving Corporation or Parent to transfer or set aside any assets to fund or otherwise provide for any benefits for any individual. (e) There are no workers' compensation claims pending against the Company or the Company Subsidiaries nor, to the Knowledge of the Company, are there any facts that would give rise to such a claim or claims not covered by workers' compensation insurance.

(f) To the Knowledge of the Company, no employee, independent contractor or leased employee of the Company or the Company Subsidiaries is subject to any secrecy or noncompetition agreement or any other agreement or restriction of any kind that would impede the ability of such employee to carry out fully the activities currently performed by such employee in furtherance of the business of the Company or the Company Subsidiaries.

This Agreement to Facilitate Merger (this Agreement) is made and entered into as of March 31, 2005, between Corillian Corporation, an Oregon corporation (Acquiror), and the undersigned stockholder (Stockholder) of IntelliData Technologies Corporation, a Delaware corporation (the Company).

RECITALS

A. Concurrently with the execution of this Agreement, Acquiror, the Company and Wizard Acquisition Corporation, a Delaware corporation and wholly owned subsidiary of Acquiror (Merger Sub), have entered into an Agreement and Plan of Merger (the Merger Agreement) which provides for the merger (the Merger) of the Company with and into Merger Sub. Pursuant to the Merger, each share of common stock, par value \$0.001 per share, of the Company (Company Common Stock) issued and outstanding immediately prior to the effective time of the Merger (other than Cancelled Shares, as defined in the Merger Agreement) will be converted into the right to receive (i) a certain fraction of a share of common stock, no par value, of Acquiror and (ii) a cash payment, each on the basis described in the Merger Agreement.

B. Stockholder is the record holder and beneficial owner (as defined in Rule 13d-3 under the Exchange Act) of such number of Shares as is indicated on the final page of this Agreement.

C. As a condition to its willingness to enter into the Merger Agreement, Acquiror has required that Stockholder enter into this Agreement, and Stockholder is willing to enter into this Agreement in order to induce Acquiror to enter into the Merger Agreement.

NOW, THEREFORE, intending to be legally bound, the parties agree as follows:

1. Certain Definitions. For purposes of this Agreement, the following terms shall have the meanings specified:

1.1. Exchange Act means the Securities Exchange Act of 1934, as amended.

1.2. Expiration Time shall mean the earlier to occur of (i) the Effective Time (as such term is defined in the Merger Agreement) of the Merger and (ii) the termination of the Merger Agreement pursuant to Article 7 thereof.

1.3. Person means any individual, corporation, limited liability company, partnership, trust or other entity or governmental authority.

1.4. Shares means: (a) all equity securities of the Company (including all shares of common stock or preferred stock, and all options, warrants and other rights to acquire shares of common stock or preferred stock) beneficially owned (as defined in Rule 13d-3 under the Exchange Act) by Stockholder as of the date of this Agreement and (b) all additional equity securities of the Company (including all additional shares of common stock or preferred stock, and all additional options, warrants and other rights to acquire shares of common stock or preferred stock) over which Stockholder acquires beneficial ownership (as defined in Rule 13d-3 under the Exchange Act) during the period from the date of this Agreement through the Expiration Time.

1.5. A Person shall be deemed to have effected a Transfer of a security if such Person directly or indirectly: (a) sells, assigns, pledges, encumbers, grants an option with respect to, transfers, distributes or disposes of (by gift, operation of law or otherwise) such security or any interest in such security (except that the exercise of an option to purchase Shares by Stockholder shall not be deemed a Transfer); (b) enters into an agreement or commitment providing for the sale of, assignment of, pledge of, encumbrance of, grant of an option with respect to, transfer of or disposition of (by

Table of Contents

operation of law or otherwise) such security or any interest therein; or (c) tenders, or agrees or commits to tender, any Shares in a tender offer, exchange offer, or like transaction.

1.6. All other capitalized terms not defined in this Agreement shall have the meanings accorded them in the Merger Agreement.

2. Agreement to Retain Shares and Voting Rights.

2.1. Transfer and Encumbrance. Stockholder shall not (except as may be specifically required by court order) Transfer any of the Shares or make any offer or agreement relating thereto at any time prior to the Expiration Time; provided, however, that nothing in this Agreement shall restrict Stockholder from (a) exercising any options to acquire shares of Company Common Stock, or (b) effecting any Transfer of the Shares (i) by will or applicable laws of descent and distribution or (ii) to any member of the immediate family of Stockholder, or to any trust the beneficial ownership of which is held by Stockholder or any such family member (each a Permitted Transferee), so long as such Permitted Transferee agrees in writing, in form and substance reasonably satisfactory to Acquiror, to be bound by the terms of this Agreement to the same extent as Stockholder is bound. Any purported Transfer in violation of this Agreement shall be null and void.

2.2. Voting Rights. Stockholder shall not (except as may be specifically required by court order) deposit (or permit the deposit of) any of the Shares in a voting trust or grant any proxy or enter into any voting agreement or similar agreement in contravention of the obligations of Stockholder under this Agreement at any time prior to the Expiration Time.

3. Agreement to Vote Shares. At every meeting of stockholders of the Company (or any adjournment thereof) called with respect to any of the following, and on every action or approval by written consent of the stockholders of the Company with respect to any of the following, Stockholder shall vote the Shares in favor of approval of the Merger and the Merger Agreement and any matter that could reasonably be expected to facilitate the Merger. Stockholder agrees not to take any actions contrary to Stockholder's obligations under this Agreement. Without limiting the generality of the foregoing, Stockholder shall vote against any proposal (other than the Merger Agreement) that could reasonably be expected to (a) result in any change in the directors of the Company, any change in the present capitalization of the Company or any amendment to the Company's Certificate of Incorporation or Bylaws if the effect of such amendment could reasonably be expected to materially impair the consummation of the Merger; (b) result in a breach of any covenant, representation or warranty or any other obligation or agreement of the Company under the Merger Agreement; (c) impair in any material respect the Company's ability to perform its obligations under the Merger Agreement; or (d) otherwise prevent or materially delay the consummation of the transactions contemplated by the Merger Agreement.

4. No Solicitation. Prior to the Expiration Time, Stockholder shall not as a stockholder, either individually or through any representatives or agents (but may as an officer or director to the extent permitted by the Merger Agreement): (a) solicit, initiate, encourage or otherwise facilitate any inquiry, offer, proposal or announcement that constitutes, or could be reasonably expected to lead to, an Acquisition Proposal; (b) enter into any agreement or letter of intent regarding, approve, endorse or recommend, an Acquisition Proposal; or (c) participate or engage in or encourage in any way negotiations or discussions concerning, or provide any non-public information to, any Person relating to, an Acquisition Proposal, or which may reasonably be expected to lead to, any Acquisition Proposal. Upon execution of this Agreement, Stockholder shall (y) immediately terminate all discussions with any Person; and (z) promptly (but in any event within twenty-four hours) notify Acquiror if it receives an Acquisition Proposal or any inquiry reasonably likely to lead to an Acquisition Proposal or if any discussions or negotiations are sought to be initiated or continued with such Stockholder concerning an Acquisition Proposal.

5. Irrevocable Proxy. Concurrently with the execution of this Agreement, Stockholder shall deliver to Acquiror a proxy in the form attached hereto as Exhibit A (the Proxy), which shall be irrevocable to the extent provided therein, with the total number of shares of outstanding capital stock of the Company

Table of Contents

beneficially owned (as such term is defined in Rule 13d-3 under the Exchange Act) by Stockholder and subject to the Proxy set forth therein.

6. Representations, Warranties and Covenants of Stockholder. Stockholder hereby represents and warrants to Acquiror that Stockholder (a) is the sole record and beneficial owner of the Shares, which at the date hereof and at all times up until the Expiration Time will be free and clear of any liens, claims, options, charges or other encumbrances; (b) does not beneficially own any shares of capital stock of the Company other than the Shares; and (c) has full power and authority to make, enter into and carry out the terms of this Agreement and the Proxy.

7. Additional Documents. Stockholder hereby covenants and agrees to execute and deliver any additional documents necessary or desirable, in the reasonable opinion of Acquiror, to carry out the intent of this Agreement.

8. Consent and Waiver. Stockholder hereby gives any consents or waivers that are reasonably required for the consummation of the Merger under the terms of any agreements to which Stockholder is a party as a stockholder or pursuant to any rights Stockholder may have as a stockholder.

9. No Ownership Interest. Nothing contained in this Agreement shall be deemed to vest in Acquiror any direct or indirect ownership or incidents of ownership of or with respect to any of the Shares, except as otherwise expressly provided herein. All rights, ownership and economic benefits of and relating to the Shares shall remain with, and belong to, Stockholder, and this Agreement shall not be deemed to authorize Acquiror to manage, direct, superintend, restrict, regulate, govern or administer any of the policies or operations of the Company or to direct Stockholder in the voting of any of the Shares, except as otherwise expressly provided herein.

10. Termination. This Agreement and the Proxy delivered in connection herewith shall terminate and shall have no further force or effect as of the Expiration Time.

11. Miscellaneous.

11.1. Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, then the remainder of the terms, provisions, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated.

11.2. Binding Effect and Assignment. This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, but, except as otherwise specifically provided herein, neither this Agreement nor any of the rights, interests or obligations of the parties hereto may be assigned by either of the parties without the prior written consent of the other.

11.3. Amendments and Modification. This Agreement may not be modified, amended, altered or supplemented except upon the execution and delivery of a written agreement executed by the parties hereto.

11.4. Specific Performance; Injunctive Relief. The parties hereto acknowledge that Acquiror will be irreparably harmed and that there will be no adequate remedy at law for a violation of any of the covenants or agreements of Stockholder set forth herein. Therefore, it is agreed that, in addition to any other remedies that may be available to Acquiror upon any such violation, Acquiror shall have the right to enforce such covenants and agreements by specific performance, injunctive relief or by any other means available to Acquiror at law or in equity.

11.5. Notices. All notices, requests, claims, demands and other communications hereunder shall be in writing and sufficient if delivered in person, by cable, telegram or telecopy, or sent by mail

11.11. *Waiver of Jury Trial*. Each party acknowledges and agrees that any controversy which may arise under this Agreement is likely to involve complicated and difficult issues, and therefore each such party hereby irrevocably and unconditionally waives any right such party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement or the transactions contemplated by this Agreement. Each party certifies and acknowledges that (a) no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each such party understands and has considered the implications of this waiver, (c) each such party makes this waiver voluntarily, and (d) each such party has been induced to enter into this Agreement by, among other things, the waivers and certifications in this Section 11.11.

FAIRNESS OPINION OF WACHOVIA SECURITIES

March 31, 2005

Board of Directors

InteliData Technologies Corporation

11600 Sunrise Valley Drive, Suite 100

Reston, VA 20191

Gentlemen:

You have asked Wachovia Capital Markets, LLC (Wachovia Securities) to advise you with respect to the fairness, from a financial point of view, to the holders of the common stock, par value \$0.001 per share (the Common Stock), of InteliData Technologies Corporation, a Delaware corporation (the Company), of the aggregate consideration to be received by such holders in exchange for the Common Stock of the Company pursuant to that certain Agreement and Plan of Merger, dated as of March 31, 2005 (the Agreement), by and among the Company, Corillian Corporation, an Oregon corporation (Parent), and Wizard Acquisition Corporation, a Delaware corporation and wholly-owned subsidiary of Parent (Merger Sub). Capitalized terms in this letter shall have the meaning ascribed to them in the Agreement unless the context clearly requires otherwise.

The Agreement provides that the Company shall be merged with and into Merger Sub (the Merger) and that each share of Company Common Stock issued and outstanding immediately prior to the Effective Time, other than the Cancelled Shares and any Dissenting Shares, shall be converted into the right to receive the Merger Consideration, consisting of (i) approximately .0954 shares of Parent Common Stock, assuming all in-the-money options are exercised, and (ii) the quotient obtained by dividing (x) the sum of (1) \$4,500,000, plus (2) any cash received upon the exercise of the outstanding Company Options or Company Warrants prior to the Effective Time, less (3) any other amounts necessary to terminate Company Options in accordance with the Agreement, and less (4) an amount mutually determined by the Parent and the Company with respect to contingencies of the Company, such amount to not exceed \$275,000, by (y) the total number of shares of Company Common Stock outstanding immediately prior to the Closing, together with any cash in lieu of fractional shares of Parent Common Stock. Neither party would be permitted to terminate the Agreement on the basis of changes in the stock price of either Parent Common Stock, as quoted on the Nasdaq National Market, or Company Common Stock, as quoted on the Nasdaq SmallCap Market. No additional consideration would be paid for any shares of Company Common Stock that are issuable but not outstanding pursuant to pre-emptive rights, options, warrants or otherwise.

In arriving at our opinion, we have, among other things:

Reviewed the Agreement.

Reviewed certain business, financial, and other information regarding each of Parent and Company that was publicly available.

Reviewed certain business, financial, and other information regarding Parent that was furnished to us by the management of Parent, and discussed such information with Parent's management.

Reviewed certain business, financial, and other information regarding the Company that was furnished to us by the management of the Company, and discussed such information with the Company's management.

Participated in discussions and negotiations among representatives of Parent and the Company.

Performed such other analyses and performed such other services as we deemed appropriate.

In connection with our review, we have relied upon the accuracy and completeness of the foregoing financial and other information, and we have not assumed any responsibility for any independent verification of such information. With respect to the Company's and Parent's financial forecasts, we have assumed that they have been reasonably prepared and reflect the best currently available good faith estimates and judgments of each respective management team as to the anticipated future financial performance of Parent and the Company, respectively. We have discussed both companies' financial forecasts with their respective management teams, but we assume no responsibility for such forecasts or the assumptions upon which they are based. In arriving at our opinion, we have not incorporated any conclusions as a result of our limited physical inspection of certain of the facilities of the Company and have not made or been provided with any evaluations or appraisals of the assets or liabilities of either of Parent or the Company.

In rendering our opinion, we have assumed that the Merger contemplated by the Agreement will be consummated on the terms described in the Agreement, without waiver of any material terms or conditions, and that in the course of obtaining any necessary legal, regulatory or third-party consents or approvals, no restrictions will be imposed that will adversely affect the terms of the Merger or other actions contemplated by the Agreement. Our opinion is necessarily based on economic, market, financial and other conditions and the information made available to us as of the date hereof. Although subsequent developments may affect this opinion, we do not have any obligation to update, revise or reaffirm this opinion. Our opinion does not address the relative merits of the Merger contemplated by the Agreement compared with other business strategies that may have been considered by the Company's management or its Board of Directors. Nor does our opinion address the merits of the underlying decision by the Company to enter into the Agreement.

Wachovia Securities is a trade name of Wachovia Capital Markets, LLC, an investment banking subsidiary and affiliate of Wachovia Corporation. We have been engaged to render financial advisory services to the Company in connection with the Merger and will receive fees for such services, which include the delivery of this opinion. In addition to a fee for rendering this opinion, which is payable upon delivery of this opinion, a significant portion of our remuneration is contingent upon the consummation of the Merger. In the ordinary course of our business, we and our affiliates may actively trade or hold the securities of either or both of Parent and the Company for our own account or for the account of our customers and, accordingly, may at any time hold a long or short position in such securities. Additionally, in the ordinary course of business, we currently provide, and may provide in the future, equity, or other research coverage of the securities of Parent.

It is understood that this opinion is directed for the information and use of the Board of Directors of the Company in connection with its consideration of the Agreement and the Merger, and our opinion does not constitute a recommendation as to how any holder of the Company Common Stock should vote with respect to the Merger. Our opinion may not be disclosed, summarized, excerpted from, or otherwise publicly referred to without our prior written consent, except that it may be reproduced in full in any proxy statement or prospectus mailed or provided to stockholders of the Company in connection with the transactions contemplated by the Agreement.

We have not considered, nor are we expressing any opinion herein with respect to, the prices at which Parent Common Stock or Company Common Stock will trade following the announcement of the Merger or the price at which Parent Common Stock will trade following the consummation of the Merger.

Subject to the foregoing, and based upon our experience as investment bankers, our work as described above, and such other factors we deem to be relevant, we are of the opinion that, as of the date hereof, the Merger Consideration to be received by the holders of the Company Common Stock in the Merger pursuant to the Agreement is fair, from a financial point of view, to such holders.

Very truly yours,

Table of Contents**APPENDIX D****SECTION 262 OF THE DELAWARE GENERAL CORPORATION LAW****§262. Appraisal rights**

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to §228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word *stockholder* means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words *stock* and *share* mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words *depository receipt* mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to §251 (other than a merger effected pursuant to §251(g) of this title), §252, §254, §257, §258, §263 or §264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of §251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

Table of Contents

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under §253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to §228 or §253 of this title, then, either a constituent corporation before the effective date of the merger or consolidation, or the surviving or resulting corporation within 10 days thereafter, shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given,

Table of Contents

provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may

Table of Contents

participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and in the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.

**PART II
INFORMATION NOT REQUIRED IN THE PROSPECTUS**

Item 20. *Indemnification of Directors and Officers.*

As an Oregon corporation, Corillian is subject to the laws of the State of Oregon governing private corporations and the exculpation from liability and indemnification provisions contained therein. In accordance with Section 60.047(2)(d) of the Oregon Revised Statutes (ORS), Corillian s Restated Articles of Incorporation (the Restated Articles) eliminate the liability of Corillian s directors to Corillian or its shareholders except for any liability related to (i) breach of the duty of loyalty and (ii) acts or omissions not in good faith or that involve intentional transactions from which the director derived an improper personal benefit.

ORS Section 60.391 allows corporations to indemnify their directors and officers against liability where the director or officer has acted in good faith and with a reasonable belief that actions taken were in the best interests of the corporation or at least not opposed to the corporation s best interests and, if in a criminal proceeding, the individual had no reasonable cause to believe the conduct in question was unlawful. Under ORS Section 60.391, corporations may not indemnify a director or officer against liability in connection with a claim by or in the right of the corporation or for any improper personal benefit in which the director or officer was adjudged liable to the corporation. ORS Section 60.394 mandates indemnification of directors for all reasonable expenses incurred in the successful defense of any proceeding to which the director was a party because of being a director of the corporation. Finally, in accordance with ORS Section 60.401, a court may order indemnification in view of all the relevant circumstances, whether or not the director or officer met the good-faith and reasonable belief standards of conduct set out in ORS Section 60.391.

ORS Section 60.414 also provides that the statutory indemnification provisions are not deemed exclusive of any other rights to which directors or officers may be entitled under a corporation s articles of incorporation or bylaws, any agreement, general or specific action of the board of directors, vote of shareholders or otherwise.

The Restated Articles provide that Corillian is required to indemnify to the fullest extent not prohibited by law any current or former director who is made, or threatened to be made, a party to an action or proceeding by reason of the fact that such person serves or served as a director of Corillian. The Restated Articles also provide that Corillian is permitted to indemnify to the fullest extent not prohibited by law any current or former officer who is made, or threatened to be made, a party to an action or proceeding by reason of the fact that such person is or was an officer of Corillian.

Corillian has entered into indemnification agreements with its directors and officers. These indemnification agreements provide that Corillian will indemnify a director or officer who is made, or threatened to be made, a party to an action or proceeding by reason of the fact that such director or officer serves or served as a director or officer of Corillian, but only if the director or officer has acted in good faith and with a reasonable belief that actions taken were in or not opposed to Corillian s best interests and, if in a criminal proceeding, the director or officer had no reasonable cause to believe the conduct in question was unlawful. The indemnification agreements specify indemnification procedures and further provide that Corillian will maintain liability insurance for Corillian s directors and officers in reasonable amounts from reputable insurers.

Item 22. *Undertakings.*

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act.

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of any employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(d) The registrant undertakes that every prospectus: (i) that is filed pursuant to paragraph (c) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(e) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions discussed in Item 20 above, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is

against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(f) The undersigned registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(g) The undersigned registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.
