## Edgar Filing: MERCANTILE BANK CORP - Form 8-K

### ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On December 8, 2005, the Board of Directors of Mercantile Bank Corporation ("Mercantile") approved the acceleration of vesting of stock options for 32,750 shares of Mercantile common stock under Mercantile's 2004 Employee Stock Option Plan. The effected options are held by 103 employees, were granted on November 17, 2005, have an exercise price of \$39.56 per share, and expire on November 16, 2015 unless earlier terminated pursuant to the Plan. The options originally were to have become exercisable in full on November 17, 2006. As a result of the Board's action accelerating the vesting of these options, they are now exercisable in full beginning December 8, 2005. None of the accelerated options are held by any of the directors or executive officers of Mercantile. A copy of the form of the Agreement Amending Stock Option Agreement that is being executed by Mercantile and each employee whose option is being accelerated is attached to this report as an exhibit.

Accelerating the vesting of these options will eliminate the future compensation expense that Mercantile would have otherwise recognized in its consolidated statements of income with respect to these options when Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (Revised 2004), "Share-Based Payment" ("SFAS 123R") became effective. SFAS 123R becomes effective for Mercantile on January 1, 2006, and will require that compensation expense associated with stock options be recognized in Mercantile's consolidated statements of income, instead of as previously presented, on a pro-forma basis within a footnote disclosure included in Mercantile's consolidated financial statements. The future compensation expense that is eliminated as a result of the acceleration of the vesting of these options is approximately \$400,000. This expense will instead be reflected in the pro forma footnote disclosure included in the December 31, 2005 consolidated financial statements. The acceleration of the vesting date of these options will not have any impact on Mercantile's 2005 consolidated results of operations or financial condition.
