REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Participants and Plan Administrators of the Callon Petroleum Company Employee Savings and Protection Plan

We have audited the accompanying statements of net assets available for benefits of the Callon Petroleum Company Employee Savings and Protection Plan (the Plan) as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Callon Petroleum Company Employee Savings and Protection Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at end of year as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Participant Loans

Loans are available to participants on a reasonably equivalent basis, at a minimum amount of \$1,000 and bearing interest at a reasonable rate. Participants have up to 5 years to repay the loan unless it is for a principal residence, in which case the repayment period is 30 years. Each loan is secured by the borrowing participant s vested account balance; however, additional collateral may also be required. For the year ended December 31, 2005, the Plan allows participants to borrow up to seven loans at a time, which consist of five regular loans and two residential loans. The maximum of any new loans, when added to the outstanding balance of all other loans from the Plan, will be limited to the lesser of (a) \$50,000 reduced by the excess, if any, of the participant s highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the new loan over the participant s current outstanding balance of loans as of the date of the new loan, or (b) one-half of the participant s vested interest in the Plan.

Payment of Benefits

Upon termination of service, a participant may elect to (a) receive a lump sum equal to the value of the participant s vested interest in his or her account, or (b) receive installments over a period not to exceed the employee s and beneficiary s assumed life expectancy.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2. Summary of Significant Accounting Principles

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
