RATIOS OF EARNINGS TO FIXED CHARGES

Our ratios of earnings to fixed charges for the five most recent fiscal years and the three fiscal quarters ended September 29, 2007 are set forth below:

	Fiscal Year Ended					Nine Months Ended September 29, 2007
	2002	2003	2004	2005	2006	
Ratio of Earnings to Fixed Charges ⁽¹⁾	(4.3x) ⁽²⁾	(1.6x) ⁽²⁾	1.6x	3.2x	2.9x	1.9x

⁽¹⁾ For purposes of determining the ratios of earnings to fixed charges, fixed charges is defined as the sum of (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense and (d) preference security dividend requirements of consolidated subsidiaries. Earnings is defined as the amount resulting from adding (a) pre-tax income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest, (d) distributed

income of equity investees, and (e) your share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges and subtracting (a) interest capitalized, (b) preference security dividend requirements of consolidated subsidiaries, and (c) the minority interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that are accounted for using the equity method of accounting. Public utilities following SFAS 71 should not add amortization of capitalized interest in determining earnings, nor reduce fixed charges by any allowance for funds used during construction.

The debt securities may be issued as original issue discount securities. An original issue discount security is a debt security, including any zero-coupon debt security, which:

is issued at a price lower than the amount payable upon its stated maturity; and

provides that upon redemption or acceleration of the maturity, an amount less than the amount payable upon the stated maturity, shall become due and payable.

In addition, United States federal income tax or other considerations applicable to any debt securities which are denominated in a currency or currency unit other than United States dollars will be described in the applicable prospectus supplement.

Under the indentures, we will have the ability, in addition to the ability to issue debt securities with terms different from those of debt securities previously issued, without the consent of the holders, to reopen a previous issue of a series of debt securities and issue additional debt securities of that series, unless such reopening was restricted when the series was created, in an aggregate principal amount determined by us.

Conversion or Exchange Rights

The terms, if any, on which a series of debt securities may be convertible into or exchangeable for common stock or other securities will be detailed in the prospectus supplement relating thereto. Such terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder, or at our option, the conversion price and the conversion period, and may include provisions pursuant to which the number of shares of our common stock or other securities to be received by the holders of such series of debt securities would be subject to adjustment.

Any senior or subordinated debt securities may be guaranteed by one or more of our direct and indirect subsidiaries. Each prospectus supplement will describe any guarantees for the benefit of the series of debt securities to which it relates.

Consolidation, Merger or Sale

Unless noted otherwise in a prospectus supplement, the indentures will not contain any covenant which restricts the our ability to merge or consolidate, or sell, convey, transfer, or otherwise dispose of all or substantially all of our assets. However, any successor or acquirer of such assets must assume all of our obligations under the indentures or the debt securities, as appropriate.

Events of Default Under the Indentures

The following are events of default under the indentures with respect to any series of debt securities issued:

failure to pay interest on the debt securities when due and such failure continues for 30 days and the time for payment has not been extended or deferred;

failure to pay the principal or premium of the debt securities, if any, when due;

failure to deposit any sinking fund payment, when due, for any debt security and in the case of the subordinated indenture, whether or not the deposit is prohibited by the subordination provisions;

Table of Contents

failure to observe or perform any other covenant contained in the debt securities or the indentures other than a covenant specifically relating to another series of debt securities, and such failure continues for 60 days after we receive notice from the debt trustee or holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series;

if the debt securities are convertible into shares of our common stock or other securities, failure by us to deliver common stock or the other securities when the holder or holders of the debt securities elect to convert the debt securities into shares of our common stock or other securities; and

particular events of bankruptcy, insolvency, or reorganization with respect to us.

The supplemental indenture or the form of security for a particular series of debt securities may include additional events of default or changes to the events of default described above. For any additional or different events of default applicable to a particular series of debt securities, see the prospectus supplement relating to such series.

If an event of default with respect to debt securities of any series occurs and is continuing, the debt trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, by notice in writing to us and to the debt trustee if notice is given by such holders, may declare the unpaid principal, premium, if any, and accrued interest, if any, due and payable immediately. However, upon an event of default due to particular events of bankruptcy, insolvency, or reorganization with respect to us as specified in the indenture, the aggregate principal amount, premium, if any, and accrued and unpaid interest, if any, will be due and payable immediately.

The holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to such series and its consequences (except defaults or events of default regarding payment of principal, premium, if any, or interest on the debt securities or, if the debt securities are convertible into shares of our common stock or other securities, defaults or events of default regarding payment or delivery of shares of our common stock or other securities upon conversion of such debt securities) and rescind any such acceleration with respect to the debt securities and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing events of default, other than the nonpayment of the principal of and interest on the debt securities that have become due solely by such declaration of acceleration, have been cured or waived. Any such waiver shall cure such default or event of default.

Subject to the terms of the indentures, if an event of default under an indenture shall occur and be continuing, the debt trustee will be under no obligation to exercise any of its rights or powers under such indenture at the request or direction of any of the holders of the applicable series of debt securities, unless such holders have offered the debt trustee indemnity or security reasonably satisfactory to it against any loss, liability or expense. The holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the debt trustee, or exercising any trust or power conferred on the debt trustee, with respect to the debt securities of that series, provided that:

it is not in conflict with any law or the applicable indenture;

the debt trustee may take any other action deemed proper by it which is not inconsistent with such direction; and

subject to its duties under the Trust Indenture Act, the debt trustee need not take any action that might involve it in personal liability or might be unduly prejudicial to the holders not involved in the proceeding.

A holder of the debt securities of any series will only have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies if:

the holder has given written notice to the debt trustee of a continuing event of default with respect to that series;

Table of Contents

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and such holders have offered reasonable indemnity or security to the debt trustee to institute such proceedings as trustee; and

the debt trustee does not institute such proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series other conflicting directions within 60 days after such notice, request, and offer of indemnity.

These limitations do not apply to a suit instituted by a holder of debt securities if we default in the payment of the principal, premium, if any, or interest on, the debt securities or, if the debt securities are convertible into shares of our common stock or other securities, our default in the payment or delivery of shares of our common stock or other security upon conversion of the debt securities.

We will periodically file statements with the debt trustee regarding our compliance with all of the conditions and covenants in the indentures.

Modification of Indenture

We and the debt trustee may change an indenture without the consent of any holders with respect to specific matters, including:

to cure any ambiguity, omission, defect, or inconsistency in such indenture;

to provide for the assumption by a successor of our obligations under such indenture;

to add guarantees, including subsidiary guarantees, with respect to debt securities or to release subsidiary guarantors from subsidiary guarantees as provided by the terms of an indenture or to secure debt securities;

to add to our covenants for the benefit of holders of debt securities or to surrender any right or power conferred upon us;

to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

to add to, delete from, or revise the conditions, limitations, and restrictions on the authorized amount, terms, or purposes of issue, authentication, and delivery of debt securities, as set forth in such indenture;

to provide for the issuance of and establish the form and terms and conditions of the debt securities of any series, to establish the form of any certifications required to be furnished pursuant to the terms of an indenture or any series of debt securities, or to add to the rights of the holders of any series of debt securities;

to make any change that does not adversely affect the interests of any holder of debt securities of any series in any material respect; *provided* that any amendment to conform the terms of any debt securities contained in the final offering document therefor shall not be deemed to be adverse to any holder;

to secure any series of debt security; or

to comply with any requirement of the SEC in connection with the qualification of an indenture under the Trust Indenture Act.

In addition, under the indentures, the rights of holders of a series of debt securities may be changed by us and the debt trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, the following changes may only be made with the consent of each holder of any outstanding debt securities affected:

change the fixed maturity of such series of debt securities;

reduce the principal amount, reduce the rate of, or extend the time of payment of interest, or any premium payable upon the redemption of any such debt securities;

Table of Contents

reduce the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity thereof;

a change in the currency in which any debt security or any premium or interest is payable;

impair the right to receive payment of principal and interest on any debt security on or after the due dates thereof or to institute suit for the enforcement of any payment on or with respect to any debt security;

adversely change the right to convert or exchange, including decreasing the conversion rate or increasing the conversion price of, such debt security (if applicable);

in the case of the subordinated indenture, modify the subordination provisions in a manner adverse to the holders of the subordinated debt securities;

if the debt securities are secured, change the terms and conditions pursuant to which the debt securities are secured in a manner adverse to the holders of the secured debt securities;

reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification or amendment of the applicable indenture or for waiver of compliance with any provision of the indentures;

reduce the requirements contained in the applicable indenture for quorum or voting;

change any of our obligations to maintain an office or agency in the places and for the purposes required by the indentures; or

modify any of the above provisions.

Form, Exchange, and Transfer

The debt securities of each series will be issuable only in fully registered form without coupons and, unless otherwise specified in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. The indentures will provide that debt securities of a series may be issuable in temporary or permanent global form and may be issued as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to such series.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, debt securities of any series will be exchangeable for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations applicable to global securities detailed in the applicable prospectus supplement, debt securities may be presented for exchange or for registration of transfer (duly endorsed or with the form of transfer endorsed thereon duly executed if so required by us or the security registrar) at the office of the security registrar designated by us for such purpose. Unless otherwise provided in the debt securities to be transferred or exchanged, no service charge will be made for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges. The security registrar initially designated by us for any debt securities will be named in the applicable prospectus supplement. We may at any time designate additional security registrars or rescind the designation of any security registrar or approve a change in the office through which

any security registrar acts, except that we will be required to maintain a security registrar in each place of payment for the debt securities of each series.

If the debt securities of any series are to be redeemed, we will not be required to:

issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of less than all of that series of such debt securities that may be selected for redemption and ending at the close of business on the day of such mailing; or

register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any such debt securities being redeemed in part.

Information Concerning the Debt Trustee

The debt trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only such duties as are specifically detailed in the indentures and, upon an event of default under an indenture, must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the debt trustee is under no obligation to exercise any of the powers given it by the indentures at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses, and liabilities that it might incur. The debt trustee is not required to spend or risk its own money or otherwise become financially liable while performing its duties unless it reasonably believes that it will be repaid or receive adequate indemnity.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of the interest on any debt securities on any interest payment date will be made to the person in whose name such debt securities (or one or more predecessor securities) are registered at the close of business on the regular record date for such interest.

Principal of and any premium and interest on the debt securities of a particular series will be payable at the office of the paying agents designated by us, except that unless otherwise indicated in the applicable prospectus supplement, interest payments may be made by check mailed to the holder. Unless otherwise indicated in such prospectus supplement, the corporate trust office of the debt trustee will be designated as our sole paying agent for payments with respect to debt securities of each series. Any other paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent or the debt trustee for the payment of the principal of or any premium or interest on any debt securities which remains unclaimed at the end of two years after such principal, premium, or interest has become due and payable will be repaid to us, and the holder of the security thereafter, as an unsecured general creditor, may look only to us for payment thereof.

Reports

We shall deliver to the debt trustee (unless such reports have been filed on the SEC's Electronic Data Gathering, Analysis, and Retrieval system), within 15 calendar days after we file the same with the SEC, copies of our annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) which we are required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act. In the event we are at any time no longer subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, we shall continue to provide the debt trustee with reports containing substantially the same information as would have been required to be filed with the SEC had we continued to have been subject to such reporting requirements. In such event, such reports shall be provided within 15 days after the dates applicable to a registrant that is not an accelerated filer or large accelerated filer on which we would have been required to provide reports had we continued to have been subject to such reporting requirements. We also shall comply with the other provisions of Section 314(a) of the Trust Indenture Act.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York except for conflicts of laws provisions and to the extent that the Trust Indenture Act shall be applicable.

Subordination of Subordinated Debt Securities

Unless noted otherwise in a prospectus supplement, any subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to some of our other indebtedness to the extent described in a prospectus supplement. Additionally, unless noted otherwise in a prospectus supplement, the subordinated indenture will not limit the amount of subordinated debt securities which we may issue, nor will it limit us from issuing any other secured or unsecured debt.

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock is 120,000,000 shares of common stock, \$1.00 par value, and 5,000,000 shares of preferred stock, no par value. At October 26, 2007, 77,149,542 shares of common stock and no shares of preferred stock were outstanding. In addition to the summary of our capital stock that follows, we encourage you to review our articles of incorporation and bylaws, which we have filed with the SEC. A copy of our restated articles of incorporation, as amended, was filed with the SEC as Exhibit 3.1 to the Current Report on Form 8-K filed April 19, 2006. A copy of our bylaws was filed with the SEC as Exhibit 3.5 to the Annual Report on Form 10-K for the fiscal year ended January 3, 2004.

Description of Common Stock

We may issue shares of our common stock, either separately or together with other securities offered pursuant to this prospectus. Holders of our common stock are entitled to one vote for each share held of record on all matters on which shareholders are generally entitled to vote. The vote of the holders of a majority of the stock represented at a meeting at which a quorum is present is generally required to take shareholder action, unless a greater vote is required by law. Directors are elected by a plurality of the votes cast at any election and there is no cumulative voting of shares.

Holders of common stock have no preemptive rights. Subject to the applicable laws and the rights of the holders of preferred stock, holders of common stock are entitled to such dividends as may be declared by our board of directors. The common stock is not entitled to any sinking fund, redemption or conversion provisions. Upon our dissolution, liquidation or winding up, the holders of our common stock are entitled to share ratably in our net assets remaining after the payment of all creditors and liquidation preferences of preferred stock. The outstanding shares of common stock are duly authorized, validly issued, fully paid and nonassessable. There will be a prospectus supplement relating to any offering of common stock offered by this prospectus.

Description of Preferred Stock

Our board of directors has the authority, without further shareholder approval, to issue shares of preferred stock from time to time in one or more series, with such voting powers or without voting powers, and with such designations, preferences and relative participating, optional or other special rights, and qualifications, limitations or restrictions thereof adopted by our board of directors, as shall be expressed in the resolutions providing therefor. A prospectus supplement relating to any series of preferred stock being offered will include specific terms relating to the offering. They will include:

the title and stated value of the preferred stock;

the price or prices at which the preferred stock may be purchased;

the number of shares of the preferred stock offered, the liquidation preference per share and the offering price of the preferred stock;

the dividend rate(s), period(s), and/or payment date(s) or method(s) of calculation thereof applicable to the preferred stock;

whether dividends shall be cumulative or non cumulative and, if cumulative, the date from which dividends on the preferred stock shall accumulate;

the procedures for an auction and remarketing, if any, for the preferred stock;

Table of Contents

the provisions for a sinking fund, if any, for the preferred stock;

the voting rights of the preferred stock;

the provisions for redemption, if applicable, of the preferred stock;

the terms and conditions, if applicable, upon which the preferred stock will be convertible into our common stock, including the conversion price, or the manner of calculating the conversion price and conversion period;

if appropriate, a discussion of United States federal income tax considerations applicable to the preferred stock;

all series of preferred stock rank on a parity with each other and rank senior to common stock with respect to payment of dividends and distributions of assets upon liquidation; and

any other specific terms, preferences, rights, limitations or restrictions of the preferred stock.

Holders of our preferred stock will have no preemptive rights.

While providing desirable flexibility for possible acquisitions and other corporate purposes, and eliminating delays associated with a shareholder vote on specific issuances, the issuance of preferred stock could adversely affect the voting power of holders of common stock, as well as dividend and liquidation payments on both common and preferred stock. It also could have the effect of delaying, deferring or preventing a change in control.

Conversion or Exchange. The terms, if any, on which the preferred stock may be convertible into or exchangeable for common stock or other securities will be detailed in the prospectus supplement. The terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder, or at our option, and may include provisions pursuant to which the number of shares of common stock or other securities to be received by the holders of preferred stock would be subject to adjustment.

Certain Anti-takeover Matters

Our restated articles of incorporation, bylaws and Michigan law contain provisions, summarized below, that could have the effect of delaying, deterring or preventing a merger, tender offer or other takeover attempt. This summary is subject to, and qualified in its entirety by, the provisions of the restated articles of incorporation and the bylaws, as well as the provisions of any applicable laws.

Important Provisions of the Restated Articles of Incorporation and Bylaws. Our bylaws permit incumbent directors to fill any vacancies on the board of directors, however occurring, whether by an increase in the number of directors, death, resignation, retirement, disqualification, removal from office or otherwise, unless filled by proper action of the shareholders. Furthermore, our bylaws require shareholders to give advance notice of proposals to be presented at meetings of shareholders, including director nominations.

These provisions, as well as the provisions of Chapters 7A and 7B of the Michigan Business Corporation Act, the MBCA, described below, may delay shareholder actions with respect to business combinations and the election of new members to our board of directors. As such, the provisions could discourage open market purchases of our common stock because a shareholder who desires to participate in a business combination or elect a new director may consider them disadvantageous. Additionally, as discussed above, our Board of Directors has the authority to issue preferred stock from time to time without shareholder approval, which could delay or prevent a change of control or

other corporate action.

Michigan Laws. Chapter 7A of the MBCA provides that business combinations subject to Chapter 7A between a Michigan corporation and a beneficial owner of shares entitled to 10% or more of the voting power of such corporation generally require the affirmative vote of 90% of the votes of each class of stock entitled to vote, and not less than two-thirds of each class of stock entitled to vote (excluding voting shares owned by such 10% owner), voting as a separate class. Chapter 7A defines a business combination to encompass any merger, consolidation, share exchange, sale of assets, stock issue, liquidation, or reclassification of securities

Table of Contents

involving an interested shareholder or certain affiliates. An interested shareholder is generally any person who owns 10% or more of the voting shares of the corporation. An affiliate is a person who directly or indirectly controls, is controlled by, or is under common control with a specified person. Such requirements do not apply if the transaction satisfies fairness standards, other specified conditions are met, and the interested shareholder has been such for at least five years.

Chapter 7B of the MBCA provides that, unless a corporation's articles of incorporation or bylaws provide that Chapter 7B does not apply, control shares of a corporation acquired in a control share acquisition have no voting rights except as granted by the shareholders of the corporation. Control shares are shares which, when added to shares previously owned by a shareholder, increase such shareholder's ownership of voting stock to:

more than 20% but less than 33 1/3%;

more than 33 1/3% but less than a majority; or

more than a majority of the votes to which all of the capital stock of the corporation is entitled to vote in the election of directors.

A control share acquisition must be approved by the affirmative vote of a majority of all shares entitled to vote excluding voting shares owned by the acquirer and specified officers and directors. Currently, our bylaws provide that we are subject to the provisions of Chapter 7B. While our board of directors has no present plan to do so, our board of directors may, in its sole discretion, elect not to be subject to Chapter 7B in the future by amending our bylaws.

Listing

Our common stock is listed and traded on the New York and Chicago Stock Exchanges under the symbol CHB.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer and Trust Company.

DESCRIPTION OF WARRANTS

We may issue warrants, including warrants to purchase common stock, preferred stock, including preferred stock represented by depositary shares, debt securities or any combination of the foregoing. Warrants may be issued independently or together with any securities and may be attached to or separate from the securities. The warrants will be issued under warrant agreements to be entered into between us and a warrant agent as detailed in the prospectus supplement relating to warrants being offered.

The applicable prospectus supplement will describe the following terms, where applicable, of the warrants in respect of which this prospectus is being delivered:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

the currencies in which the price or prices of the warrants may be payable;

the designation, amount and terms of the offered securities purchasable upon exercise of the warrants;

the designation and terms of the other offered securities, if any, with which the warrants are issued and the number of the warrants issued with each security;

if applicable, the date on and after which the warrants and the offered securities purchasable upon exercise of the warrants will be separately transferable;

Table of Contents

the price or prices at which and currency or currencies in which the offered securities purchasable upon exercise of the warrants may be purchased;

the date on which the right to exercise the warrants shall commence and the date on which the right shall expire;

the minimum or maximum amount of the warrants which may be exercised at any one time;

information with respect to book-entry procedures, if any;

a discussion of any federal income tax considerations; and

any other material terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

PLAN OF DISTRIBUTION

We may sell the securities being offered hereby in one or more of the following ways from time to time:

through agents;

through underwriters or dealers;

in short or long transactions;

in at the market offerings, within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market marker or into an existing trading market, on an exchange or otherwise;

directly to investors; or

through a combination of any of these methods of sale.

We will set forth in a prospectus supplement the terms of the offering of securities, including:

the name or names of any agents, underwriters or dealers;

the purchase price of the securities being offered and the proceeds we will receive from the sale;

any over-allotment options under which underwriters may purchase additional securities from us;

any agency fees or underwriting discounts or commissions and other items constituting agents or underwriters compensation;

the public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

the securities exchanges on which such securities may be listed, if any.

We may enter into derivative transactions with third parties or sell securities not covered by this prospectus to third parties in privately negotiated transactions from time to time. If the applicable prospectus supplement indicates, in connection with those derivative transactions, such third parties (or affiliates of such third parties) may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, such third parties (or affiliates of such third parties) may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivative transactions to close out any related open borrowings of stock. The third parties (or affiliates of such third parties) in such sale transactions will be underwriters and will be identified in an applicable prospectus supplement (or a post-effective amendment).

We may loan or pledge securities to a financial institution or other third party that in turn may sell the securities using this prospectus and an applicable prospectus supplement. Such financial institution or third

Table of Contents

party may transfer its economic short position to investors in our securities or in connection with a simultaneous offering of other securities offered by this prospectus.

Underwriters, Agents and Dealers

We may designate agents who agree to use their reasonable efforts to solicit purchases for the period of their appointment or to sell our securities for which they have been appointed an agent on a continuing basis.

If we use underwriters for a sale of our securities, the underwriters will acquire the securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale.

Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. The obligations of the underwriters to purchase our securities will be subject to the conditions set forth in the applicable underwriting agreement. The underwriters may change from time to time any initial public offering price and any discounts or concessions the underwriters allow or reallow or pay to dealers. We may use underwriters with whom we have a material relationship. We will describe in an applicable prospectus supplement the name of the underwriter and the nature of any such relationship.

If a dealer is utilized in the sale of securities in respect of which this prospectus is delivered, we will sell such securities to the dealer as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale.

Underwriters, dealers and agents that participate in the distribution of our securities may be underwriters as defined in the Securities Act, and any discounts or commissions they receive from us and any profit on their resale of the securities may be treated as underwriting discounts and commissions under the Securities Act. Underwriters, dealers and agents may engage in transactions with or perform services for us or our subsidiaries in the ordinary course of their businesses.

Stabilization Activities

In connection with an offering through underwriters, an underwriter may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' option to purchase additional securities from us in the offering, if any. If the underwriters have an over-allotment option to purchase additional securities from us, the underwriters may consider, among other things, the price of securities available for purchase in the open market as compared to the price at which they may purchase securities through the over-allotment option. Naked short sales are any sales in excess of such option or where the underwriters do not have an over-allotment option. The underwriters must close out any naked short position by purchasing securities in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the securities in the open market after pricing that could adversely affect investors who purchase in the offering.

Accordingly, to cover these short sales positions or to otherwise stabilize or maintain the price of the securities, the underwriters may bid for or purchase securities in the open market and may impose penalty bids. If penalty bids are imposed, selling concessions allowed to syndicate members or other broker-dealers participating in the offering are reclaimed if securities previously distributed in the offering are repurchased, whether in connection with stabilization

transactions or otherwise. The effect of these transactions may be to stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the securities to the extent that it discourages resale of the securities. The magnitude or effect of any stabilization or other transactions is uncertain.

Table of Contents

Direct Sales

We may also sell securities directly to one or more purchasers without using underwriters or agents. In this case, no agents, underwriters or dealers would be involved. We may sell securities upon the exercise of rights that we may issue to our securityholders. We may also sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities.

Trading Market and Listing of Securities

Unless otherwise specified in an applicable prospectus supplement, each class or series of securities will be a new issue with no established trading market, other than our common stock, which is listed on the New York and Chicago Stock Exchanges. We may elect to list any other class or series of securities on any exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

LEGAL MATTERS

Unless otherwise indicated in an applicable prospectus supplement, the validity of the securities offered by this prospectus will be passed upon for us by Skadden, Arps, Slate, Meagher & Flom LLP, New York, New York, and for any underwriters or agents by counsel named in the applicable prospectus supplement. Legal matters as to Michigan law relating to the validity of the securities offered by this prospectus will be passed upon for us by Dykema Gossett PLLC.

Item 15. *Indemnification of Directors and Officers.*

The Company is organized under the Michigan Business Corporation Act, the MBCA, which, in general, empowers Michigan corporations to indemnify a person who is a party or threatened to be made a party to any civil, criminal, administrative or investigative action, suit or proceeding (other than actions by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or of another enterprise at such corporation's request, against expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred in connection therewith if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation or its shareholders and, in the case of a criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. If a director or officer is successful in defending against a derivative action or third-party action, the MBCA requires that a Michigan corporation indemnify such director or officer against expenses incurred in the action.

The MBCA also empowers Michigan corporations to provide similar indemnity against amounts paid in settlement and expenses actually and reasonably incurred by such a person in actions or suits by or in the right of the corporation except in respect of any claim, issue or matter as to which such person is adjudged to be liable to the corporation, unless and only to the extent that a court determines that, despite the adjudication of the liability but in view of all

circumstances of the case, such person is fairly and reasonably entitled to indemnity.

The Company's bylaws generally require the Company to indemnify its directors and officers to the fullest extent permissible under Michigan law, require the advancement and reimbursement of expenses under certain circumstances and establish a procedure for determination of when indemnification is proper.

The MBCA permits Michigan corporations to limit the personal liability of directors for a breach of their fiduciary duty. The Company's restated articles of incorporation, which limit liability to the maximum extent permitted by law, provide that a director of the Company will not be personally liable to the Company or its

II-1

Table of Contents

shareholders for monetary damages for breach of the director's fiduciary duty. However, the MBCA and the restated articles of incorporation do not eliminate or limit the liability of a director for any of the following: (i) a breach of the director's duty of loyalty to the Company or its shareholders; (ii) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (iii) declaration of an unlawful dividend, stock purchase or redemption; (iv) a transaction from which the director derives an improper personal benefit; and (v) an act or omission occurring prior to the date when the provision becomes effective. As a result of the inclusion of such a provision, shareholders of the Company may be unable to recover monetary damages against directors for actions taken by them which constitute negligence or gross negligence or which are in violation of their fiduciary duties, although it may be possible to obtain injunctive or other equitable relief with respect to such actions.

Under an insurance policy maintained by the Company, the directors and officers of the Company are insured, within the limits and subject to the limitations of the policy, against certain expenses and liabilities incurred in connection with the defense of certain claims, actions, suits or proceedings which may be brought against them by reason of being or having been directors or officers.

Item 16. *List of Exhibits.*

The exhibits to this registration statement are listed in the exhibit index that immediately precedes such exhibits and is incorporated herein by reference.

Item 17. *Undertakings.*

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such

securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

II-2

Table of Contents

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of this registration statement as of the date the filed prospectus was deemed part of and included in this registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in this registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; *provided, however*, that no statement made in a registration statement or prospectus that is part of this registration statement or made in a document incorporated or deemed incorporated by reference into this registration statement or prospectus that is part of this registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in this registration statement or prospectus that was part of this registration statement or made in any such document immediately prior to such effective date.

(5) (a) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

Table of Contents

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question as to whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
