This Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders and Proxy Card are being furnished in connection with the solicitation by the Board of Directors of Manugistics Group, Inc. (the "Company") of proxies to be voted at the Annual Meeting of Shareholders scheduled to be held on Tuesday, July 29, 2003, at 9:00 a.m. E.D.T., at the Marriott Washingtonian Center, 9751 Washingtonian Boulevard, Gaithersburg, Maryland, and any adjournment or postponement thereof (the "Meeting"). This Proxy Statement and the enclosed Proxy Card are being furnished on or about June 30, 2003, to all holders of record of the Company's Common Stock (the "Common Stock") as of 5:00 p.m. E.D.T. on June 18, 2003. A copy of the Company's 2003 Annual Report on Form 10-K, including consolidated financial statements for the fiscal year ended February 28, 2003, accompanies this Proxy Statement.

At the Meeting, shareholders will elect three Class II directors, each to serve for a term of three years (Proposal 1). Shareholders will also act upon proposals to amend the Company's Amended and Restated 1998 Stock Option Plan to allow for the issuance of restricted stock (Proposal 2) and to ratify the appointment of Deloitte & Touche LLP as the Company's independent auditor (Proposal 3).

VOTING SECURITIES AND RECORD DATE

The Board of Directors has fixed 5:00 p.m. E.D.T. on June 18, 2003 as the record date (the "Record Date") for determination of shareholders entitled to notice of and to vote at the Meeting. As of the Record Date, there were 70,114,376 shares of Common Stock issued and outstanding and there were no other voting securities of the Company outstanding. The presence at the Meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock, or 35,057,189 shares, shall constitute a quorum for the Meeting. Each outstanding share of Common Stock entitles the record holder thereof to one vote. Abstentions and broker non-votes (where a broker or nominee is not permitted to exercise discretionary authority to vote on a matter) are not counted as votes cast on any matter to which they relate, but are counted in determining the presence of a quorum.

Election of Directors. Assuming the presence of a quorum, a plurality of the votes cast at the Meeting is required to elect each of the nominees for director. Abstentions and broker non-votes have no effect on the outcome of the election.

Amendment of the Amended and Restated 1998 Stock Option Plan of Manugistics Group, Inc. To be approved, the proposal to amend the Company's Amended and Restated 1998 Stock Option Plan must receive the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the Meeting and entitled to vote thereon. Uninstructed shares are not entitled to vote on this matter. Broker non-votes have no effect on the outcome of the vote on this proposal. Abstentions have the effect of negative votes.

Ratification of the Appointment of Independent Auditor. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Meeting will be required to ratify the appointment of Deloitte & Touche LLP as the Company's independent auditor for the fiscal year ending February 29, 2004. Broker non-votes have no effect on the outcome of the vote on this proposal. Abstentions have the effect of negative votes.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Eligible shareholders of record may vote at the Meeting in person or by means of the enclosed Proxy Card. You may specify your voting choices by marking the appropriate boxes on the Proxy Card. The proxy solicited hereby, if properly signed and returned to the Company and not revoked prior to or at the Meeting,

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

will be voted in accordance with the instructions specified thereon. If you properly sign and return your Proxy Card, but do not specify your choices, your shares will be voted by the proxy holders as recommended by the Board of Directors.

The Board of Directors encourages you to complete and return the Proxy Card even if you expect to attend the Meeting. You may revoke your proxy at any time before it is voted at the Meeting by giving written notice of revocation to the Secretary of the Company, by submission of a proxy bearing a later date or by attending the Meeting in person and casting a ballot.

The proxy holders, Raghavan Rajaji and Timothy T. Smith, will vote all shares of Common Stock represented by Proxy Cards that are properly signed and returned by shareholders. The Proxy Card also authorizes the proxy holders to vote the shares

3

represented with respect to any matters not known at the time this Proxy Statement is mailed that may properly be presented for consideration at the Meeting. YOU MUST RETURN A SIGNED PROXY CARD IF YOU WANT THE PROXY HOLDERS TO VOTE YOUR SHARES OF COMMON STOCK.

The cost of soliciting proxies will be borne by the Company. The Company has retained The Altman Group, Inc. to assist in the distribution of proxy materials, and in the solicitation of votes for a fee of approximately \$6,500, plus reimbursement of out-of-pocket expenses. Following the mailing of proxy solicitation materials, proxies may be solicited by directors, officers and employees of the Company and its subsidiaries personally, by telephone or otherwise. Such persons will not receive any fees or other compensation for such solicitation. In addition, the Company will reimburse brokers, custodians, nominees and other persons holding shares of Common Stock for others for their reasonable expenses in sending proxy materials to the beneficial owners of such shares and in obtaining their proxies.

PROPOSAL 1 -- ELECTION OF DIRECTORS

The Second Amended and Restated By-Laws of the Company (the "By-Laws") provide that the Company's business shall be managed by a Board of Directors of not less than six and not more than nine directors, with the number of directors to be fixed by the Board of Directors from time to time. The number of directors is presently fixed at nine. The By-Laws also provide that the Company's Board of Directors is divided into three classes: Class I, Class II and Class III, each class being as nearly equal in number as possible. The directors in each class serve terms of three years and until their respective successors have been elected and qualified. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting of shareholders for a three-year term.

On January 31, 2003, Steven A. Denning, a member of Class II resigned from the Board of Directors and on October 24, 2002, Hau L. Lee, a member of Class III, resigned from the Board of Directors.

On October 24, 2002, William H. Janeway, a partner of Warburg Pincus & Co. and a Vice-Chairman and member of Warburg Pincus LLC, a private equity investment firm, was nominated and appointed as a Class III director pursuant to the request for representation on the Board from Warburg Pincus Private Equity VIII, L.P. ("WP VIII") as a result of WP VIII's significant ownership interest in the Company in 2002. In connection with Mr. Janeway's appointment to the Board, the Company entered into a standstill agreement with WP VIII. Under the

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

agreement, the Company consented to the acquisition by WP VIII and certain of its affiliates of up to 19.9% of the Common Stock and agreed that, for as long as WP VIII and its affiliates beneficially own at least ten percent (10%) of the outstanding shares of Common Stock, the Company would nominate and use its best efforts to have elected to the Board one person designated by WP VIII and reasonably acceptable to the Company. If WP VIII beneficially owns less than ten percent (10%) of the outstanding shares of Common Stock as a result of the sale, transfer or disposition of shares of Common Stock by WP VIII, then upon the request of the Company, WP VIII's designated member of the Board would be required to resign from the Board.

There are presently two directors in Class I, three directors in Class II and two directors in Class III. The term of the three Class II directors, Gregory J. Owens, Joseph H. Jacovini and Thomas A. Skelton, will expire at the Meeting. The other four directors will remain in office for the remainder of their respective terms, as indicated below. There are presently two vacancies on the board. Based on the recommendation of the Corporate Governance Committee, the Board of Directors will consider suitable candidates to fill the vacancies.

At the Meeting, three Class II directors are to be elected. Each of the three director nominees, Messrs. Owens, Jacovini and Skelton, is presently a director of the Company. Each nominee has consented to being named as a nominee for director of the Company and has agreed to serve if elected. In the event that any nominee should become unavailable or unable to serve as a director prior to the Meeting, the persons named as proxies on the Proxy Card will vote for the person(s) the Board of Directors recommends.

Candidates for election to the Board of Directors at annual meetings of shareholders are nominated by the Corporate Governance Committee of the Board. Shareholders are also entitled to nominate director candidates for the Board of Directors in accordance with the procedures set forth in the By-Laws. Shareholders may nominate candidates for election to the Board of Directors if notice of such nomination is given to the Secretary of the Company 60 days in advance of an annual meeting, if the meeting is to be held on a day within 30 days prior to the anniversary of the preceding year's annual meeting, or 90 days in advance of the annual meeting if the annual meeting is held on or after the anniversary of the preceding year's annual meeting. With respect to annual meetings held 30 days or more prior to the anniversary of the preceding year's annual meeting and special meetings, notice of the nomination must be received no later than the close of business on the tenth day after the public announcement of the date of such meeting. The shareholder's notice must set forth as to each nominee (i) the nominee's name, age, and business and residence address, (ii) the nominee's principal occupation, (iii) the class and number of shares of the Company's equity securities beneficially owned by the nominee, and (iv) such other information regarding such nominee that is required to be disclosed under the SEC's proxy rules relating to elections of directors (including the nominee's written consent to serve if elected). In addition, the notice must give the

4

name and address of the shareholder giving the notice as they appear on the Company's books and the class and number of shares of the Company's equity securities beneficially owned by the shareholder.

Set forth below is certain information regarding each nominee for Class II director, and each Class I and Class III director, each of whose term of office will continue after the Meeting.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Chairman, Thomas A. Skelton and Lynn C. Fritz, each of whom meets the criteria for "independence" under NASD Rule 4200, held fourteen meetings during fiscal 2003. As part of its responsibilities, the committee appoints, determines funding for, evaluates and has the authority to replace the Company's independent auditor. The committee reviews with senior management and, where appropriate, the independent auditor, the financial information contained in the Company's quarterly earnings releases and quarterly and annual reports (i.e., Forms 10-Q and 10-K), and determines whether to recommend the inclusion of the Company's audited financial statements in its annual report for filing with the Securities and Exchange Commission.

The information contained in this Proxy Statement with respect to the Audit Committee charter and the independence of the members of the Audit Committee shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), except to the extent that the Company specifically incorporates it by reference in such filing.

EXECUTIVE COMPENSATION

SUMMARY COMPENSATION TABLE

The following table sets forth summary information regarding compensation paid or accrued by the Company for services during fiscal years 2003, 2002 and 2001 to the Company's Chief Executive Officer, each of the four most highly compensated executive officers other than the Chief Executive Officer whose individual total salary and bonus on an annual basis exceeded \$100,000 for fiscal 2003, and one former executive officer of the Company, Mr. Austin, who would have been among the four most highly compensated executive officers but for the fact that he was not serving as an executive officer of the Company at the end of fiscal 2003 (the "Named Executives"). Mr. Plante joined the Company during fiscal 2002; accordingly, the annual compensation reported for him in fiscal 2002 is for a partial year.

Equity Compensation Plans Not Approved by Securityholders

The Company grants or has granted stock option awards under the following equity compensation plans that are not approved by the shareholders: the Company's Amended and Restated 2000 Non-Qualified Stock Option Plan ("2000 SOP") and six stock option plans with three individuals.

2000 SOP. The 2000 SOP contains substantially the same terms and conditions as the 1998 SOP, with the following exceptions: (1) the 2000 SOP has not been approved by shareholders; (2) no incentive stock options may be issued under the 2000 SOP; (3) the 2000 SOP does not contain any limitation on decreasing the exercise price of options; and (4) the maximum number of shares of Common Stock in respect of which options may be granted to any one employee is 250,000 in any one calendar year.

On July 27, 2001, the Company terminated the 2000 SOP as to all unissued options on that date. No further options will be granted under the 2000 SOP, except that options to be granted in exchange for options cancelled under the Company's Option Exchange Program that were originally granted under the 2000 SOP or the Company's 1996 Fifth Amended and Restated Stock Option Plan will be granted under the 2000 SOP. The effective date of the 2000 SOP was September 13, 2000; although terminated as to most new option grants (other than the replacements just mentioned), it continues to govern outstanding grants).

As of May 31, 2003, a total of 265,588 shares of Common Stock are issuable on account of outstanding options under the 2000 SOP, and a total of 423,205 shares of Common Stock are issuable on account of options to be issued in exchange for options cancelled under the Company's Option Exchange Program. As of May 31, 2003, there were approximately 479 employees and no directors participating in the 2000 SOP. All shares issuable under the 2000 SOP have been registered.

Individual Stock Option Plans. The Company also has six stock option

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

plans with individuals that were entered into in connection with those individuals' employment with the Company. Three of the six plans grant options to the Company's current Chairman and Chief Executive Officer, and three plans grant options to two former executive officers of the Company. These plans have not been approved by the shareholders of the Company. The six stock plans contain substantially the same terms and conditions as those of the 1998 SOP except as described below. All of the shares issuable under these plans have been registered.

With the exception of one plan with a former executive officer that provided for immediate vesting and exercisability, the options issued under these stock option plans vest and become exercisable in equal monthly installments over terms of 48 or 60 months. With the exception of one plan with a former executive officer, each of these stock option plans contains change in control rights, which provide that 50% of the option vests immediately upon the occurrence a change in control of the Company, and 100% of the option vests immediately if the employee's responsibilities are diminished or the employee is constructively terminated following a change in control. A change in control is deemed to have occurred if 51% of the Company's voting stock is acquired by any person or affiliated group of persons in a single or series of related transactions. With the exception of one plan with a former executive officer, under the terms of these stock option plans, vesting is accelerated for six monthly installments in the event the employee is terminated without cause by the Company. The period of exercise following such a termination is three months from the date of termination.

13

Each of these six stock option plans provides for a term of ten years, unless sooner terminated. The plans with the two former executive officers will expire in August 2003 and October 2003, respectively. One of the three plans with the Company's current Chairman and Chief Executive Officer expires in April 2009 and the other two plans expire in December 2009.

As of May 31, 2003, a total of 880,000 shares of Common Stock are issuable under these six stock plans, of which 223,000 will expire in August 2003 and 509,500 will expire in October 2003. The Company's Option Exchange Program did not apply to options granted under the six individual stock option plans.

EMPLOYMENT AGREEMENTS

The Company entered into employment agreements with Messrs. Owens, Austin (who resigned from the Company effective January 5, 2003), Jeter and Rajaji in fiscal 2000 and with Mr. Plante in fiscal 2002 in connection with the commencement of their employment with the Company under which each receives a minimum annual base salary. Under the agreements, Messrs. Owens, Austin and Plante are each eligible for a bonus of up to 100% of their respective annual base salaries, Mr. Rajaji is eligible for an annual bonus of up to \$180,000, and Mr. Jeter is eligible to receive an annual bonus of up to 60% of his annual base salary. Fifty percent of these bonuses is based upon the financial performance of the Company, and 50% is based upon satisfaction of management objectives. (The maximum annual incentive cash bonus Mr. Owens is eligible to receive was increased in fiscal 2002, and the basis on which bonuses are awarded has been modified. Mr. Rajaji and Mr. Jeter are now eligible to receive an increased percentage of their annual base salary as an annual bonus.) Under the terms of these agreements, the Company also provides to each of Messrs. Owens, Rajaji, Holmes, Jeter and Plante, and provided to Mr. Austin, certain benefits, including medical, life and disability insurance, participation in the Company's Employee Stock Purchase Plan, and fringe benefits.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Under the respective agreements and pursuant to a letter agreement with Mr. Holmes, if the Company terminates the executive's employment other than for cause, the Company will make severance payments to the executive in the amount of his base salary and benefits during the six-month period (a twelve-month period for Mr. Owens) commencing on the termination date. The severance payments to the executive will cease if he obtains alternative employment during the six-month period (a twelve-month period for Mr. Owens) commencing on the termination date. In addition, under the terms of the respective employment agreements the vesting of options granted in the employment agreement will continue for a period of up to six months beginning on the date of the termination of the executive's employment for any reason other than cause. Mr. Holmes' letter agreement provides that on his termination of employment by the Company other than for cause, all options granted to him shall continue to vest during the term he receives severance payments. Some or all of the executive's options may immediately vest in the event of a change of control of the Company, under the terms of the employment agreement or subsequent option grants.

In connection with his resignation, the Company entered into a termination agreement with Mr. Austin under which the Company waived its right to require Mr. Austin to reimburse the Company for a pro rata portion of the relocation costs and relocation allowance paid by the Company in relocating Mr. Austin from the United States to France. The benefits that Mr. Austin was entitled to under his employment agreement ceased as of the date of his resignation. Because the termination of Mr. Austin's employment was due to his voluntary resignation, Mr. Austin did not receive any severance pay or bonus pay following the date of his resignation. The vesting of Mr. Austin's options is in accordance with their existing terms and the terms of the plans under which they were granted. As additional consideration for Mr. Austin to enter into the termination agreement, the exercise period for those options which, on the date the agreement was fully executed, had an exercise price equal to or higher than the fair market value of the stock underlying the options was extended until August 5, 2003.

On June 23, 2003, Jeremy P. Coote was appointed as President of the Company, responsible for global sales and marketing. Under the terms of his employment agreement with the Company, Mr. Coote will receive an annual base salary of \$300,000 and is eligible to receive during his first twelve months of employment a bonus of up to 75% of his annual base salary based on the financial performance of the Company, 50% of which has been guaranteed. Mr. Coote is also eligible to receive a bonus of up to 75% of his annual base salary based on the achievement of certain sales goals. The bonuses are payable quarterly. The agreement also provides for a grant of options to acquire 1.4 million shares. The options vest monthly over five years as to 1 million shares, and upon the earlier to occur of the achievement of certain performance criteria or 7 years, as to 400,000 shares. Some or all of these options may vest upon a change in control. The agreement also provides that if Mr. Coote is terminated without cause or terminates for good reason (as defined in the agreement), the Company will make severance payments to Mr. Coote in the amount of his base salary and benefits for up to twelve months and his options shall continue to vest during the period severance payments are made. The agreement also provides Mr. Coote with certain benefits, including medical, life and disability insurance, participation in the Company's Employee Stock Purchase Plan, and fringe benefits.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

In fiscal 2003, the Compensation Committee of the Board of Directors was directly responsible for the approval and administration of a compensation program for Gregory J. Owens, the Company's Chief Executive Officer. The

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Compensation Committee was also responsible for the administration of the Company's stock option plans, although it delegated limited authority to the Chief Executive Officer with respect to employees who are not executive officers. The Compensation Committee was also responsible for recommending to the Board of Directors, and the Board of Directors approved, the grant of options to the Company's other executive officers under the Company's various stock option plans. The Compensation Committee's recommendation to the Board was based, in part, on grant recommendations made by Mr. Owens. The Compensation Committee consisted of three non-employee directors of the Company, William G. Nelson, Steven A. Denning and J. Michael Cline. In January 2003, Mr. William H. Janeway was appointed to the Compensation Committee, replacing Mr. Denning who resigned from the Board of Directors in January 2003.

In fiscal 2003, Mr. Owens was responsible for the implementation of the Company's compensation program for the other executive officers of the Company, including those named in the Summary Compensation Table. The Company's compensation program for other executive officers is developed annually by Mr. Owens and is reviewed by the Compensation Committee.

OBJECTIVES AND POLICIES

The objectives of the Company's executive compensation programs, as implemented by the Compensation Committee and by Mr. Owens, respectively, are to:

- Attract and retain highly qualified executives to lead and manage the Company by providing competitive total compensation packages;

15

- Reward executives based on the business performance of the Company and upon individual performance;
- Provide executives with incentives designed to maximize the long-term performance of the Company and to align further their interests with those of the shareholders of the Company; and
- Assure that objectives for corporate and individual performance are established and measured.

COMPENSATION OF EXECUTIVE OFFICERS

In fiscal 2003, the Company's compensation program for executive officers other than Mr. Owens consisted of cash compensation and the award of stock options. Cash compensation consisted of base salary and cash bonuses awarded based upon the attainment of certain performance award targets or sales revenue goals.

BASE SALARY

Base salaries for executive officers of the Company (including the Chief Executive Officer) have historically been determined by evaluating the responsibilities associated with their respective positions, the experience of the officers and by reference to salaries paid in the competitive marketplace to executive officers with comparable ability and experience. Individual salary increases are reviewed annually and, in fiscal year 2003, the review was based primarily on competitive market forces affecting compensation for executive officers and the Company's financial performance. At the close of fiscal 2003, there were thirteen executive officers, including Mr. Owens.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

In fiscal 2003, annual base salaries and cash bonuses were determined, and stock option awards were recommended to the Compensation Committee, by Mr. Owens for the other executive officers. Base salaries were not increased for the executive officers in fiscal 2003, with the exception of two executive officers whose salaries were increased in connection with promotions to a higher office in fiscal year 2003.

CASH BONUSES

PERFORMANCE AWARDS. During fiscal 2003, executive officers were eligible to receive an annual incentive cash bonus, in amounts ranging up to 100% of the executive officer's base salary, payable quarterly, based on the corporate performance award targets of the Company. The corporate performance award targets consisted of specific operational and financial goals to be reached by the Company during the course of the fiscal year. These goals were recommended by senior management and reviewed by the Board of Directors. These goals consist of expected total revenue and net corporate financial results. In formulating these goals, senior management considered, among other factors, growth in the economy as projected by various economists and industry growth expectations as published by AMR Research and others.

In certain instances, payment of the annual incentive cash bonus was also conditioned upon achievement of certain management objectives established for the executive officer. The management objectives were developed jointly by Mr. Owens and each executive officer and approved by Mr. Owens. The management objectives consisted of non-financial performance measurements, such as improvements in productivity, development and introduction of new products, improvement of product quality, relationships with customers and leadership and management development.

The Company did not achieve its corporate performance award targets for fiscal 2003 and no executive officer received any annual incentive cash bonus for fiscal 2003, with the exception of one executive officer 50% of whose bonus had been guaranteed during the first year of his employment.

SALES REVENUE AWARDS. Certain of the executive officers who shared responsibility for sales were also eligible to receive annual cash bonuses in amounts up to 100% of the executive officer's annual base salary, payable quarterly, for attaining pre-determined quarterly sales revenue goals. No such bonuses were awarded during fiscal 2003.

STOCK OPTION AWARDS

Each executive officer is also eligible to receive performance awards in the form of stock option grants which are recommended by Mr. Owens to the Compensation Committee for approval. In fiscal 2003, Mr. Owens based his recommendations primarily on his evaluation of the performance of such executive officer, competitive market forces affecting executive compensation and on the size of previous option grants to such executive officer, together with the number of options held by executive officers at the beginning of fiscal 2003. These stock option grants were also intended to serve as a strong long-term retention incentive. The Compensation Committee reviewed and considered Mr. Owens' recommendations. Based on the Compensation Committee's

16

recommendation, the Board of Directors approved the stock option awards recommended by Mr. Owens on terms recommended by the Committee.

CHIEF EXECUTIVE OFFICER'S COMPENSATION AND CORPORATE PERFORMANCE FOR FISCAL 2003

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

In determining the compensation program of Mr. Owens, the Company's Chief Executive Officer, including base salary, cash bonuses and stock option awards for fiscal 2003, the Compensation Committee considered specific corporate performance goals, such as profitability, revenue targets and software license revenue growth. Other non-financial objectives similar to those set forth above for other executive officers were also included in establishing Mr. Owens' compensation program.

BASE SALARY. Mr. Owens' initial annual base salary was set in fiscal 2000 upon his employment with the Company. His base salary has not been increased subsequently.

CASH BONUSES. Mr. Owens was eligible to receive an annual incentive cash bonus of up to \$500,000, an amount equal to 133% of his annual base salary, based on the corporate performance award targets set for the other executive officers referred to above. The Company did not achieve its corporate performance award targets for fiscal 2003 and Mr. Owens did not receive any annual incentive cash bonus for fiscal 2003.

STOCK OPTION AWARD. In July 2002, as part of the Company's annual stock option award program, the Board of Directors granted to Mr. Owens an option to purchase a total of 150,000 shares of the Company's common stock on terms recommended by the Compensation Committee in recognition of his substantial efforts to restructure the operations of the Company in response to the severe economic downturn and as an incentive to remain with the Company. At that time, outstanding options held by Mr. Owens had exercise prices significantly higher than the current market price of the Company's Common Stock.

Except as described above in this report, no specific weight or relative importance was assigned to the various specific factors and detailed compensation information considered respectively by the Committee and Mr. Owens. Accordingly, the Company's compensation policies and practices relating to base salaries, cash bonuses and stock option awards, including Mr. Owens', may, to that extent, be deemed informal and subjective.

STOCK OPTION EXCHANGE OFFER

Due to the downturn in the economy and in particular in the technology industry, the share price of the Company's Common Stock has declined over the past few years leaving employees with stock options with exercise prices significantly higher than the current market price of the Company's Common Stock. The Compensation Committee believed that many of the options had little value, were unlikely to be exercised in the foreseeable future, and no longer provided an effective incentive to motivate and retain employees. The Compensation Committee was also sensitive to shareholder concerns regarding the dilutive effect of stock options. Accordingly, the Compensation Committee recommended and the Board of Directors approved a voluntary stock option exchange program for the Company's employees, other than Mr. Owens who was not eligible to participate.

On February 10, 2003, the Company announced a voluntary stock option exchange program for its employees, at which time executive officers eligible to participate held options to purchase 1,730,012 shares eligible for exchange under the program, of which 1,597,212 were submitted and accepted for cancellation and exchange. Replacement options will be granted on September 16, 2003 and will have terms and conditions that are substantially the same as those of the cancelled options. The exercise price of the replacement options will be the greater of (a) the market value of the Company's Common Stock on the date of grant or (b) \$2.30. As of May 31, 2003, executive officers participating in the program are entitled to receive on the grant date replacement options to purchase 645,533 shares in the aggregate.

SECTION 162(m)

Section 162(m) of the Code limits the federal income tax deductibility of compensation paid to the five most highly compensated executive officers of public companies. Under this section of the Code, the Company generally may deduct compensation paid to any such officer to the extent that it does not exceed \$1 million during any calendar year or is "performance-based" as defined in Section 162(m). The Compensation Committee expects that the deductibility limit of Section 162(m) will not currently have a significant effect on the Company. Current cash compensation paid to each of the Company's executives is less than \$1 million per year and is thus generally fully deductible. Compensation decisions will take the deduction limitation into consideration but will not necessarily be based on full deductibility.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total return to shareholders of the Common Stock with the cumulative total return of the Nasdaq Stock Market (US) Index and of the Nasdaq Computer and Data Processing Stocks Index from February 28, 1998 to the end of the last fiscal year (February 28, 2003). The graph assumes that the value of the investment in the Common Stock and each index was \$100 on February 28, 1998 and that all dividends were reinvested. The Company has not paid any cash dividends on its Common Stock and does not intend to do so in the foreseeable future. The performance graph is not necessarily indicative of future performance.

PROPOSAL 2 - TO APPROVE AMENDMENTS TO THE AMENDED AND RESTATED 1998 STOCK OPTION PLAN

The 1998 SOP was adopted by the Board on July 24, 1998 and approved most recently by the shareholders in 2001. A copy of the 1998 SOP with proposed amendments incorporated is attached to the Proxy Statement as Exhibit B.

The shareholders are being asked to vote on a proposal to approve an amendment to the 1998 SOP to permit the Company to issue restricted stock, up to a limit for an individual in a calendar year of 200,000 shares. The Board adopted the proposed amendment on June 13, 2003, subject to shareholder approval at the Meeting. The Board has also amended the 1998 SOP to provide that it requires shareholder approval for any decrease in the exercise price of outstanding stock options granted under the 1998 SOP or for any substitution of new stock options with a lower exercise price in exchange for outstanding stock options granted under the 1998 SOP.

The Board believes authorizing restricted stock is necessary to provide the Company with sufficient flexibility in a changing market for equity incentives to attract, employ, and retain employees, directors, and consultants

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

of outstanding ability and to increase the incentive for outstanding performance through stock ownership on the part of key employees of the Company. The Board chose not to increase the number of shares of Common Stock authorized for issuance under the 1998 SOP to avoid any undue shareholder dilution. The stock option and restricted stock grants vest over a period of time and thus encourage employees to remain with the Company. In addition, the ultimate value of the grants is determined by the appreciation of the price of the Company's Common Stock, which also benefits all shareholders. The Board believes the 1998 SOP, as amended, furthers the Company's longstanding goal of aligning the interests of employees and shareholders.

DESCRIPTION OF THE 1998 SOP

The 1998 SOP, as amended, provides for the grant of incentive stock options, non-qualified stock options, and restricted stock to our employees (and employees of subsidiaries), including directors who are employees. Non-employee directors and consultants may receive nonqualified stock options, and non-employee directors may also receive restricted stock. A maximum of 20,475,800 shares have been authorized for issuance under the 1998 SOP, in the form of either options or restricted stock. As of May 31, 2003, there were approximately 9,858,571 shares authorized and available for grant, and there were approximately 1,035 employees and six non-employee directors eligible to participate in the 1998 SOP.

Administration. The Company's Compensation Committee administers the 1998 SOP. This committee of the Board of Directors consists of not fewer than two members of the Board, each of whom is a "Non-Employee Director" (as defined in Rule 16b-3 under the Exchange Act). The Compensation Committee selects employees and directors of, and consultants to, the Company or its subsidiaries to whom discretionary grants of options or restricted stock may be made, the times at which options or restricted stock may be granted, whether the options are incentive or non-qualified, the number of shares that may be purchased upon the exercise of options or received under grants and all other terms and conditions of each option or grant. Subject to the terms and conditions and within the limitations of the 1998 SOP, the Compensation Committee may modify outstanding options granted under the 1998 SOP, except that no modification of an option may, without the consent of the optionee, impair any rights under any option theretofore granted under the 1998 SOP, and no modification may, without the consent of shareholders, decrease the exercise price of outstanding options. The Compensation Committee also has the full power to construe and interpret the 1998 SOP and make any determination of fact incident to the 1998 SOP; issue, amend, and rescind rules and regulations relating to the implementation, operation, and administration of the 1998 SOP; delegate authority to the Chief Executive Officer of the Company to grant options within prescribed limits to employees of the Company other than executive officers, and make all other determinations and take all other actions as the Committee may deem necessary or advisable for the administration and operation of the 1998 SOP.

Limitations. No employee may receive options under the 1998 SOP to purchase more than one million shares of Common Stock in any calendar year, nor may grants of restricted stock to individuals exceed 200,000 shares in a calendar year.

Price. The exercise price of all stock options and restricted stock granted under the 1998 SOP must be at least equal to the fair market value of the Common Stock on the date of grant, or, for incentive stock options granted to employees who own at least 10% of our stock (as such ownership is defined in the tax laws), at least 110% of fair market value. As amended, the plan does not permit a decrease in the exercise price of any option previously granted except as otherwise permitted under the 1998 SOP for corporate changes, such as in the event of a stock split or merger.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Terms and Exercisability. An option will be exercisable at such time or times and subject to such terms and conditions as the Compensation Committee determines at the date of grant. Options may be exercised by an optionee only during the period in which the optionee is employed by the Company or its subsidiaries, except that the Compensation Committee may permit the exercise of any

20

option for any period following the optionee's termination of employment not in excess of the original term of the option on such terms and conditions as it deems appropriate. If any option is subject to any vesting requirements, the Compensation Committee may provide for the acceleration of the time in which such option may be exercised. In no event may an incentive stock option granted under the 1998 SOP be exercisable more than ten years after the date of the grant, or, if granted to 10% or more owners, five years from the date of grant.

Option Exercise Payment. The 1998 SOP permits Common Stock purchased upon the exercise of options to be paid (i) in cash or by check, (ii) through a broker-facilitated cashless exercise procedure to the extent permitted by applicable law, or (iii) if approved by the Compensation Committee, by delivery of shares owned by the optionee, provided such shares have been held for at least six months, in each case subject to the Sarbanes-Oxley Act of 2002 or other applicable law.

Restricted Stock Grants. If the shareholders approve the amendment to the 1998 SOP, the Compensation Committee will be able to grant restricted stock awards entitling recipients to acquire shares of Common Stock, subject to such terms and conditions as the Compensation Committee may determine appropriate, including restrictions on sale or transfer and the obligation of the recipient to forfeit the shares under certain terminations of employment, and may impose additional restrictions upon vesting. Stock certificates issued in respect of a restricted stock award are registered in the name of the participant and held in escrow by the Company until expiration of the applicable restriction periods, provided that recipients may vote the shares and may receive dividends (which dividends will be subject to the same restrictions as the shares to which they relate). Any restricted stock award granted to a participant will restrict the release of the shares subject to the award for a period of at least 12 months following the date of grant. The total shares available under the 1998 SOP for restricted stock grants are 2,000,000, counted against the 1998 SOP's total available shares.

Merger or Consolidation. If the Company is the surviving corporation after a merger or consolidation, outstanding awards will pertain to the resulting corporation, subject to adjustments as appropriate to provide that it relates to the consideration a shareholder received. If the Company dissolves, liquidates, or merges or consolidates but does not survive, each option will terminate (unless assumed or replaced by a successor or related company) provided that an optionee must have an opportunity before the transaction or other event to exercise all his then outstanding options. Notwithstanding the foregoing, if an employee is terminated involuntarily without cause within one year after a consolidation or merger in which the Company is not the surviving corporation, all outstanding options (i.e., successor options) will be exercisable for a period of 90 days after such termination, but in no event longer than the original expiration date set forth in the option.

Options to Non-Employee Directors. On the date of each annual meeting of shareholders, all persons who are continuing in office as non-employee directors receive an option to acquire 10,000 shares of Common Stock. All non-employees who are newly elected to the Board of Directors, after March 1,

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

2003, at an annual meeting of shareholders receive an option to purchase 35,000 shares of Common Stock (in lieu of the 10,000 for continuing directors), and all non-employees who are newly elected other than at an annual meeting receive an option for a prorated portion of the 35,000 shares, based on the number of fiscal quarters ending after the date of election and before the next annual meeting of shareholders. Options will be priced at the fair market value of the underlying Common Stock on the date of grant. Each option received by a director under these provisions will vest and become exercisable quarterly over a five-year period from the date the option is granted. Directors may also receive discretionary grants. If a director's term of office is terminated by the death of the director, the executor or administrator of such director's estate will have the right to exercise the options vested on the date of death within one year of the date of death of the director. After this one-year period, the option will terminate. Any director leaving the Board before the quarterly vesting date will forfeit the unvested portion of any such option grant. However, any director asked to resign from the Board, except for Cause (consisting of the Board's good faith determination that the director has not acted in good faith and in a manner in, or not opposed, to the Company's best interests, in relationship to his duties), or not nominated for election to an additional term on the Board, except for such Cause, will retain the unvested portion of his or her option grants, subject to their original vesting schedule. All options to directors are subject to the general terms and conditions set forth in the 1998 SOP.

Adjustment Upon Changes In Capital Structure. If the Company undergoes a change in its capital structure, capitalization or common stock, such as a stock dividend, stock split, recapitalization, merger, consolidation, split-up, combination or exchange of shares or other form of reorganization or any other change affecting the Common Stock, the Board will make such proportionate adjustment, if any, as it may consider appropriate to reflect such change with respect to the maximum number of shares of Common Stock that may be issued under the 1998 SOP, the number of shares of Common Stock subject to any outstanding option or restricted stock grant, the per share exercise price in respect to any outstanding option, and any other term or condition of any grant affected by any such change.

Amendment and Termination. The Board of Directors may terminate or amend the 1998 SOP at any time. The Company's shareholders must approve any increase in the total number of shares available under the 1998 SOP. No awards may be made under the 1998 SOP after July 23, 2008.

21

New Plan Benefits. Because the 1998 SOP is discretionary, benefits to be received by individual optionees, other than non-employee directors, are not determinable, and no outstanding grants or other benefits are contingent on shareholder approval. Each of the directors continuing service at the Meeting will receive an automatic option grant to purchase 10,000 shares on the date of the Meeting with an exercise price per share equal to the closing price per share of Common Stock on the date of the Meeting. Each non-employee director who begins serving on or after March 1, 2003 will receive options as described above under Director Compensation.

TAX EFFECTS OF 1998 SOP PARTICIPATION

The following briefly summarizes the federal income tax consequence of the issuance and exercise of stock options and other stock awards under the 1998 SOP. The following discussion does not purport to be complete and does not cover, among other things, the state, local, and foreign tax treatment associated with the grant and exercise of options.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Nonqualified Stock Options. An optionee will not be taxed when he receives a nonqualified stock option ("NQSO"). When the optionee exercises an NQSO, he will generally owe taxes on ordinary income on the difference between the value of the shares he receives and the price he pays, with the "spread" treated like additional salary for an employee. He may then owe taxes again if and when he sells the shares. That tax would be on the difference between the price he received for the shares and his "basis," which is the sum of the price he originally paid plus the value of the shares on which he originally paid income taxes. Depending upon how long he held the shares before selling, he may be eligible for favorable tax rates for certain kinds of capital gains. In addition, we will receive an income tax deduction for any amounts of "ordinary income" realized by him.

Incentive Stock Options. An optionee will not be taxed when he receives an incentive stock option ("ISO") and will not be taxed when he exercises an ISO, unless he is subject to the alternative minimum tax ("AMT"). If he holds the shares purchased upon exercise of the ISO ("ISO Shares") for more than one year after the date he exercised the option and for more than two years after the option grant date, he generally will realize long-term capital gain or loss (rather than ordinary income or loss) when he sells or otherwise disposes of the ISO Shares. This gain or loss will equal the difference between the amount realized upon such disposition and the amount paid for the ISO Shares.

If the optionee sells the ISO Shares in a "disqualifying disposition" (that is, within one year from the date he exercises the ISO or within two years from the date of the ISO grant), he generally will recognize ordinary compensation income equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the price he paid or (2) the amount he realized on the sale. For a gift or another disqualifying disposition where a loss, if sustained, would not usually be recognized, he will recognize ordinary income equal to the fair market value of the shares on the date of exercise minus the price he paid. Any amount realized on a disqualifying disposition that exceeds the amount treated as ordinary compensation income (or any loss realized) will be a long-term or a short-term capital gain (or loss), depending, under current law, on whether he held the shares for at least 12 months. The Company can generally take a tax deduction on a disqualifying disposition corresponding to the ordinary compensation income he recognized, but cannot deduct the amount of the capital gains.

Alternative Minimum Tax. The difference between the exercise price and the fair market value of the ISO Shares on the date of exercise is an adjustment to income for purposes of the AMT. The AMT (imposed to the extent it exceeds the taxpayer's regular tax) is a certain percentage of an individual taxpayer's alternative minimum taxable income that is lower than the regular tax rate but covers more income. Taxpayers determine their alternative minimum taxable income by adjusting regular taxable income for certain items, increasing that income by certain tax preference items, and reducing this amount by the applicable exemption amount. If a disqualifying disposition of the ISO Shares occurs in the same calendar year as the exercise of the ISO, there is no AMT adjustment with respect to those ISO Shares. Also, upon a sale of ISO Shares that is not a disqualifying disposition, alternative minimum taxable income is reduced when he sells by the excess of the fair market value of the ISO Shares at exercise over the amount paid for the ISO Shares.

Exercise by Delivery of Previously Acquired Shares. Generally, an optionee will not recognize gain or loss upon the transfer to the Company of previously acquired shares of common stock (the "Old Shares") in payment of all or a portion of the exercise price of shares of common stock (the "New Shares") acquired through the exercise of an option. The optionee's basis and holding period in the Old Shares are transferred to that number of New Shares that equals the number of Old Shares tendered in payment of the exercise price.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Additional New Shares have a basis equal to any income recognized by the optionee on exercise plus any cash paid in payment of the exercise price. However, if Old Shares are used to exercise an ISO, the disposition of the Old Shares will be taxable generally in accordance with the rules discussed above if the Old Shares were acquired by exercising an ISO and have not been held for the requisite holding period.

Restricted Stock. With respect to awards granted under the 1998 SOP involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the participant generally must recognize ordinary income equal to the fair market value of the shares at the first time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. The participant may be able to accelerate the taxation by filing a notice with the Internal Revenue Service to

22

treat the property as taxable even though subject to restrictions. The Company generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the participant, either eventually or by this acceleration election.

Effect of Million Dollar Deduction Limit. The tax laws limit our ability to deduct compensation received by senior executives in certain circumstances. Grants made by the Compensation Committee under the 1998 SOP should be excluded from those limits, while grants made by delegation of authority to corporate officers would not be excluded.

Tax Withholding Under the Code. The Company will be required to withhold taxes in some circumstances associated with the participants' receiving compensation or on vesting of restricted stock.

Payments Upon Change in Control. The 1998 SOP provides for the acceleration of vesting on awards in the event of certain acquisition events or other change in control of the Company, as defined in the 1998 SOP. Acceleration of payment may cause part or all of the consideration involved to be treated as a "parachute payment" under the Code, which may subject the recipient to a 20% excise tax and which may not be deductible by the Company for federal income tax purposes.

This is a summary of the general principles of current federal income tax law applicable to the purchase of shares under the 1998 SOP. While we believe that the description accurately summarizes existing provisions of the Code, and its legislative history and regulations, and the applicable administrative and judicial interpretations, these statements are only summaries, and the rules in question are quite detailed and complicated. Moreover, legislative, administrative, regulatory or judicial changes or interpretations may occur that would modify these statements. Individual financial situations may vary, and state and local tax consequences may be significant. Therefore, no one should act based on this description without consulting his own tax advisors concerning the tax consequences of purchasing shares under the 1998 SOP and disposing of those shares. In addition, different rules may apply if the optionee is subject to foreign tax laws.

RECENT CHANGES TO AND EVENTS AFFECTING THE 1998 SOP

The Board has changed the plan as follows since the 2001 annual meeting (at which it was last approved by shareholders): (i) by allowing limited transfers of non-qualified stock options and restricted stock for estate and other tax planning, without prior consent, (ii) by delegating limited authority

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

to the Chief Executive Officer to make grants, (iii) by permitting directors to receive discretionary grants, (iv) by decreasing from 32,000 to 10,000 the number of shares covered by option grants to directors continuing in office on the date of the annual meeting of shareholders, and (v) by increasing from 32,000 to 35,000 the number of shares covered by option grants to new directors.

On February 10, 2003, the Company announced a voluntary stock option exchange program for its employees. Under the program, the Company offered to exchange options to purchase approximately an aggregate of 6.1 million shares of its common stock held by eligible employees, vested or unvested, that had exercise prices equal to or greater than \$7.0001 per share. All employees had the opportunity to exchange existing eligible options for a promise to grant new options at exchange ratios dependent on the exercise price of the exchanged options. Members of the Board of Directors (including the Company's Chief Executive Officer) did not participate in this program.

On March 10, 2003, the Company announced that it had accepted for cancellation and exchange options to purchase approximately 4.8 million shares of its common stock in exchange for approximately 1.5 million new options of its common stock, to be granted on September 16, 2003 to persons who remain employed by the Company on that date. As of May 31, 2003, approximately 1,013,815 and 423,205 shares are issuable under the 1998 SOP and 2000 SOP, respectively, on account of options cancelled in the option exchange program, of which approximately 645,533 will be granted to current executives of the Company. The replacement options have terms and conditions that are substantially the same as those of the cancelled options. The exercise price of the replacement options will be the greater of (a) the market value of the Company's common stock on the date of grant or (b) \$2.30.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Meeting will be required to approve the amendment to the 1998 SOP.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE AMENDMENT TO THE AMENDED AND RESTATED 1998 STOCK OPTION PLAN.

23

PROPOSAL 3 - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors has selected Deloitte & Touche LLP, as the Company's independent auditor for the fiscal year ending February 29, 2004, and has further directed that management submit the selection of independent auditor for ratification by the shareholders at the Meeting.

Deloitte & Touche LLP currently serves as the Company's independent auditor, and has been the Company's independent auditor since 1988. Deloitte & Touche's services to the Company for fiscal 2003 included the audit of the Company's annual consolidated financial statements, reviews of interim financial statements, services in connection with audits of the Company's income tax returns, statutory audits of certain foreign subsidiaries and consultation on other matters.

Representatives of Deloitte & Touche LLP will be present at the Meeting and will be given an opportunity to make a statement. They also will be available to respond to appropriate questions from shareholders. The Audit Committee of the Board of Directors has determined that the provision of non-audit services by Deloitte & Touche LLP is compatible with maintaining the independence of Deloitte & Touche LLP with respect to the Company for the fiscal year ended February 28, 2003.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Shareholder ratification of the selection of Deloitte & Touche as the Company's independent auditor is not required by applicable law, or by the Company's By-laws or other governing documents. However, the Audit Committee of the Board is submitting the appointment of Deloitte & Touche to the shareholders as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain the firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee determines that such change would be in the best interest of the Company and its shareholders. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Meeting will be required to ratify the selection of Deloitte & Touche.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT AUDITOR.

I. PURPOSE

The purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the accounting and financial reporting processes of the Corporation and audits of the financial statements of the Corporation. The Committee's primary functions are to:

- Serve as an independent and objective monitor of the Corporation's financial reporting process and internal control system.
- Select, oversee and evaluate the Corporation's independent accountants.
- Facilitate open, ongoing communication among the Corporation's independent accountants, senior management and the Board of Directors concerning the Corporation's financial, audit and accounting issues and affairs.

Although the Committee has the authority and responsibilities set forth in this Charter, the primary role of the Committee is oversight. It is not the duty of the Committee to conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles and applicable laws, rules and regulations, or to otherwise assure compliance with applicable laws, rules and regulations. These are the responsibilities of management and the independent accountants.

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

II. AUTHORITY

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention. The Committee may request any officer or employee of the Company or the Company's independent accountants to attend a meeting of the Committee or to meet with any members of, or advisors to, the Committee.

The Committee shall have the sole authority to appoint, determine funding for and oversee the independent accountants. The Committee shall also have the authority to engage and determine funding for independent legal, accounting and other advisors as it determines necessary to carry out its duties.

The Committee may form and delegate authority to subcommittees consisting of one or more members (a) to grant pre-approvals of auditing services and non-audit services provided to the Company by the independent accountants or (b) to perform other duties (subject to Board approval) as appropriate.

III. MEMBERSHIP REQUIREMENTS

The Committee shall consist of not less than three members, each of whom shall be independent (as that term is defined in the relevant Nasdaq listing standards) and able to read and understand fundamental financial statements (or become able to do so within a reasonable period of time after appointment to the Committee). At least one member shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the member's financial sophistication, and, to the extent practicable, at least one member (who may be the same member) shall qualify as an audit committee financial expert (as that term is defined in SEC disclosure requirements).

Committee shall meet at least annually, and more often as warranted, with the Chief Executive Officer, the CFO and the independent accountants in separate executive sessions to discuss any matters that the Committee or any of these parties believes should be discussed privately. The Committee may meet in person or telephonically. Minutes of the meetings of the Committee shall be regularly kept by the Secretary or a person appointed by the Committee to do so.

Conflicts of Interest. In the event that a Committee member faces a potential or actual conflict of interest with respect to a matter before the Committee, that Committee member shall be responsible for alerting the Committee Chairman, or if the affected committee member is

the Committee Chairman, shall advise the remaining members of the Committee. In the event that the Committee Chairman, or the remaining members of the Committee, as the case may be, concur that a potential or actual conflict of interest exists, the affected Committee member shall not participate in the matter before the Committee.

6. STOCK OPTIONS.

(a) IN GENERAL. Options to purchase shares of Common Stock may be granted under the Plan and may be Incentive Stock Options or Non-Qualified Stock Options. All Stock Options shall be subject to the terms and conditions of this Section 6 and shall contain such additional terms and conditions, not inconsistent with the express provisions of the Plan, as the Committee shall determine. Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Restricted Stock Grants under Section 7 of the Plan.

(b) EMPLOYEE ELIGIBILITY AND LIMITATIONS. Any officer of the Company and any other employee of the Company or a Subsidiary may be granted Stock Options. The Committee shall determine, in its discretion, the Employees to whom Stock Options will be granted, the timing of such grants, and the number of shares of Common Stock subject to each Stock Option granted; provided, that (i) the maximum number of shares of Common Stock in respect of which Stock Options may be granted to any Employee during any calendar year shall be 1,000,000 and (ii) in respect of Incentive Stock Options, the aggregate Fair Market Value (determined as of the date the Incentive Stock Option is granted) of the shares of Common Stock with respect to which an Incentive Stock Option becomes exercisable for the first time by an Employee during any calendar year shall not exceed \$100,000, or such other limit as may be required by the Code, except that, any portion of any Incentive Stock Option that cannot be exercised as such because of this limitation shall automatically be converted into and exercised as a Non-Qualified Stock Option. The Committee as part of any corporate transaction described in Section 424(a) of the Code shall have the right (in any manner which the Committee in its discretion deems consistent with Section 424(a) of the Code) to effect the assumption of, or the substitution for, option grants previously made by any other corporation to the extent that such corporate transaction calls for or permits such substitution or assumption of such stock option grants.

(c) OPTION EXERCISE PRICE. The per share exercise price of each Stock Option granted under the Plan shall be determined by the Committee prior to or at the time of grant, but in no event shall the per share exercise price of any Stock Option be less than 100% of the Fair Market Value of the Common Stock on the date of the grant of such Stock Option, unless otherwise required by law or in replacement for awards as part of an acquisition or merger; provided, however, that the exercise price shall be increased to at least 110% of Fair Market Value for Incentive Stock Options granted to persons someone described in Code Sections 422(b)(6) and 424(d) (as a more-than-10%-stockholder).

(d) OPTION TERM. The term of each Stock Option shall be fixed by the Committee; except that in no event shall the term of any Incentive Stock Option exceed ten years after the date such Incentive Stock Option is granted (or five years for Incentive Stock Options granted to 10% owners covered by Code Sections 422(b)(6) and 424(d)).

32

(e) EXERCISABILITY. A Stock Option shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the date of grant. No Stock Option granted to an Employee may be exercised unless the holder thereof is at the time of such exercise an Employee and has been continuously an Employee since the date such Stock Option was granted, except that the Committee may permit the exercise of such Stock Option for any period following the holder's termination of employment not in excess of the original term of the Stock Option on such terms and conditions as it shall deem appropriate. In the case of any option subject to any vesting requirements, the Committee may provide for the acceleration of the time at which such option may be exercised.

(f) METHOD OF EXERCISE. A Stock Option may be exercised, in whole or in part as to a minimum of 50 shares or, if fewer, the total number of shares subject to the Stock Option, by giving written notice of exercise to the Company specifying the number of shares of Common Stock to be purchased. Such notice shall be accompanied by payment in full of the purchase price, plus any required withholding taxes, in cash or by check or, if permitted by the terms of the related grant agreement or otherwise approved in advance by the

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

Committee, in shares of Common Stock already owned by the Participant valued at the Fair Market Value of the Common Stock on the date of exercise and held for a period sufficient to avoid an accounting charge upon their use as payment. The Committee may also permit Participants, either on a selective or aggregate basis, to simultaneously exercise Stock Options and sell the shares of Common Stock thereby acquired pursuant to a brokerage or similar arrangement approved in advance by the Committee and to use the proceeds from such sale to pay the exercise price and withholding taxes.

(g) STOCK OPTIONS TO NON-EMPLOYEE DIRECTORS.

(i) On the date of the Annual Meeting of Shareholders, each director who is not an employee of the Company shall receive a Non-Qualified Stock Option to purchase shares of the Common Stock at a price per share as determined in Section 6(c) above in the following amount: 10,000 shares commencing on the date of the first Annual Meeting to occur after the director is initially elected or appointed to the Board and 10,000 shares on the date of each Annual Meeting thereafter, so long as the director remains a member of the Board. Each Non-Qualified Stock Option received by a director pursuant to this Section 6(g) (i) shall vest quarterly on a calendar year basis over a five year period and therefore become exercisable in 20 equal quarterly installments on the last day of each calendar quarter commencing with the last day of the first calendar quarter ending after the date the Non-Qualified Stock Option is granted. Any director leaving the Board prior to the quarterly vesting date of the Non-Qualified Stock Option grant shall forfeit the unvested portion of any such Non-Qualified Stock Option grant, unless the exception contained in Section 6(g) (v) applies.

(ii) On January 13, 2000, each director who is not an employee of the Company and who is presently serving as a director on such date shall receive an additional Non-Qualified Stock Option to purchase 8,000 shares of the Common Stock at a price per share as determined in Section 6(c) above. Each additional Non-Qualified Stock Option received by a director pursuant to this Section 6(g) (ii) shall vest quarterly over a four-year period and therefore become exercisable in 16 equal installments each calendar quarter from the date the additional Non-Qualified Stock Option is granted. Any director leaving the Board prior to the quarterly vesting date of an additional Non-Qualified Stock Option grant shall forfeit the unvested portion of any such additional Non-Qualified Stock Option grant, unless the exception contained in Section 6(g) (v) applies.

(iii) Each director who is newly elected or appointed to the Board following March 1, 2003 and who is not an employee of the Company shall receive on the date of appointment/election a Non-Qualified Stock Option to purchase shares of the Common Stock at a price per share as determined in Section 6(c) above in the following amount: 35,000 shares, pro-rated as follows: any director who is elected or appointed to the Board at any time other than an Annual Meeting will receive a percentage of this grant on the date of his or her election based on the number of fiscal quarters ending from the date of appointment or election until the next Annual Meeting of Shareholders. Each Non-Qualified Stock Option received by a director pursuant to this Section 6(g) (iii) shall vest and become exercisable in 20 equal quarterly installments on the same date as the date of grant, provided that if the date of grant is the last day of a month, the option shall vest on the last day of the month of such quarterly period, whether or not the same date as the date of grant. Any director leaving the Board prior to the quarterly vesting date of the Non-Qualified Stock Option grant shall forfeit the unvested portion of any such Non-Qualified Stock Option grant, unless the exception contained in Section 6(g) (v) applies.

(iv) If the director's term in office is terminated by the death of the director, the executor or administrator of the director's

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

estate shall have the right to exercise with respect to all or any part of the number of shares which were vested on the date of death, within one year of the date of the death of the director.

(v) Any director asked to resign from the Board, except for Cause (defined below), or not nominated for election to an additional term on the Board, except for Cause (defined below), shall retain the unvested portion of his or her Non-Qualified Stock Option grants, subject to their original vesting schedule. "Cause" shall be defined as a good faith determination by the Board that the director, in or related to the performance of his or her duties, has not acted in good faith and in a manner to be in or not opposed to the best interests of the Company.

(vi) Discretionary grants may also be made to Non-Employee Directors in accordance with the terms of this Plan.

33

Notwithstanding anything contained herein to the contrary, no Non-Qualified Stock Option shall be exercisable following ten (10) years from the date the Non-Qualified Stock Option is granted.

(h) STOCK OPTIONS TO CONSULTANTS. The Committee may grant Non-Qualified Stock Options to consultants to the Company on such terms and conditions as are determined by the Committee, generally similar to those set forth above in Sections 6(a) through 6(f), except that any restrictions required to be set forth only in Stock Options to Employees need not be set forth in Stock Options to consultants.

7. RESTRICTED STOCK GRANTS.

(a) IN GENERAL. A Restricted Stock Grant is the issue of shares of Common Stock in the name of an Employee or director, which issuance is subject to such terms and conditions as the Committee shall deem appropriate, including, without limitation, restrictions on the sale, assignment, transfer or other disposition of such shares and the requirement that the Participant forfeit such shares back to the Company (i) upon termination of employment for specified reasons within a specified period of time, or (ii) if such other conditions as the Committee may specify are not satisfied. Restricted Stock may be granted in addition to or in tandem with or independent of Stock Options under Section 6 of the Plan.

(b) ELIGIBILITY AND LIMITATIONS. Any officer of the Company and any other Employee or director of the Company or a Subsidiary selected by the Committee may receive a Restricted Stock Grant. The Committee, in its sole discretion, shall determine whether a Restricted Stock Grant shall be made, the individual to receive the Restricted Stock Grant, and the conditions and restrictions imposed on the Restricted Stock Grant. The maximum number of shares of Common Stock that may be issued as Restricted Stock under the Plan shall be two million, which number shall be counted against the total set forth in Section 4(a) of the Plan. The maximum number of shares of Common Stock that may be issued to any Participant as Restricted Stock during any calendar year shall not exceed 200,000.

(c) WITHHOLDING TAXES. It shall be a condition of the retention of any Restricted Stock that the Employee make satisfactory arrangements for the payment to the Company of any withholding taxes due on account of the Restricted Stock. The Employee shall notify the Company promptly of any intent to make an election under Section 83(b) of the Code, so that appropriate withholding arrangements can be made.

(d) RESTRICTION PERIOD. Restricted Stock Grants shall

Edgar Filing: MANUGISTICS GROUP INC - Form DEF 14A

provide that in order for a Participant to hold shares of Common Stock free of restrictions, the Participant must remain in the employment or on the Board of the Company or its Subsidiaries, subject to such exceptions as the Committee shall deem appropriate and specify in the related grant agreement, for a period of not less than one year commencing on the date of the grant and ending on such later date or dates as the Committee may designate at the time of the grant (the "Restriction Period"). The Committee, in its sole discretion, may provide for the lapse of restrictions and the end of the Restriction Period with respect to a portion of the Restricted Stock in installments during the Restriction Period.

(e) RESTRICTIONS. The following restrictions and conditions shall apply to the Restricted Stock during the applicable Restriction Period: (i) the Participant shall not be entitled to delivery of the shares of the Restricted Stock; (ii) the Participant may not sell, assign, transfer, pledge, hypothecate, encumber or otherwise dispose of or realize on the Restricted Stock; and (iii) the Restricted Stock shall be forfeited to the Company if the Participant for any reason ceases to be an Employee or director prior to the end of the applicable Restriction Period, except due to circumstances specified in the related granted agreement or otherwise approved by the Committee. The Committee may in, its sole discretion, include such other restrictions and conditions as it may deem appropriate.

(f) PAYMENT. Upon expiration of the applicable Restriction Period and if all conditions with respect to the Restricted Stock have been satisfied, shares of Restricted Stock will be made available to the Participant, subject to satisfaction of any applicable withholding tax requirements (at vesting, if different from the end of the Restriction Period, or upon Section 83(b) election), free of all restrictions; provided, that the Committee may, in its discretion, require (i) that the Participant not dispose of the Restricted Stock for a period beyond the initially specified Restriction Period or (ii) that the Restricted Stock be retained by the Company.

(g) RIGHTS AS A SHAREHOLDER. A Participant shall have, with respect to shares of Restricted Stock, all of the rights of a shareholder of the Company, including the right to vote the shares and receive any cash dividends paid thereon. Stock dividends distributed with respect to shares of Restricted Stock shall be treated as additional shares under the Restricted Stock Grant and shall be subject to the restrictions and other terms and conditions set forth therein that are applicable to the Restricted Stock upon which the dividend is paid.

8. NON-TRANSFERABILITY OF GRANTS.

Except as hereinafter set forth, no grant under the Plan, and no right or interest therein, shall be (a) assignable, alienable or transferable by a Participant, except by will or the laws of descent and distribution, or (b) subject to any obligation, or the lien or claims of any creditor, of any Participant, or (c) subject to any lien, encumbrance or claim of any party made in respect of or through any Participant, however arising. During the lifetime of a Participant, Stock Options are exercisable only by, and shares of Common Stock issued under the Plan will be issued only to, the Participant or his or her legal representative. The Committee may, in its sole discretion, authorize written designations of beneficiaries and authorize Participants to designate beneficiaries with the authority to exercise Stock Options granted to a Participant in the event of his or her death or disability. Notwithstanding the foregoing, a Participant may transfer all or a portion of any Non-Qualified Stock Option or Restricted Stock Grant granted to such Participant to such Participant's parents, spouse or other life partner, children or grandchildren, siblings, or children of siblings, or a trust for the exclusive benefit of the Participant and/or one or more such persons, which transfer must be made as a

gift and without any consideration; or pursuant to a qualified domestic relations order. All other transfers and any retransfer by any permitted transferee are prohibited and any such purported transfer shall be null and void. Each Stock Option or Restricted Stock Grant that becomes the subject of a permitted transfer (and the Participant to whom it was granted by the Company) shall continue to be subject to the same terms and conditions as were in effect immediately prior to such permitted transfer. The Participant shall remain responsible to the Company for the payment of all withholding taxes incurred as a result of any exercise of such Stock Option or release of restrictions on a Restricted Stock Grant. In no event shall any permitted transfer of a Stock Option or Restricted Stock Grant create any right in any party in respect of any award, other than the rights of the qualified transferee in respect of such award specified in the related grant agreement.

9. CHANGE IN CONTROL.

Subject to any required action by the shareholders of the Company, if the Company shall be the surviving corporation in any merger or consolidation, each outstanding Stock Option shall pertain to and apply to the securities to which a holder of the number of shares of Common Stock subject to the Stock Option would have been entitled. Subject to the following paragraph, a dissolution or liquidation of the Company, or a merger or consolidation in which the Company is not the surviving corporation, shall cause each outstanding Stock Option to terminate, provided that, immediately prior to such dissolution or liquidation, or merger or consolidation in which the Corporation is not the surviving corporation, all restrictions and conditions in respect of all Restricted Stock Grants then outstanding shall be deemed satisfied and each optionee shall, in such event, have the right to exercise his or her Stock Option in whole or in part without regard to any vesting requirements or installment provisions set forth in his or her Stock Option grant agreement.

Notwithstanding the above provisions, a Stock Option will not terminate if assumed by the surviving or acquiring corporation, or its parent, upon a merger or consolidation under circumstances which are not deemed a modification of the Stock Option within the meaning of Sections 424 and 424(3)(A) of the Code, without regard to whether the Stock Option is covered by Section 424 of the Code.

In addition, notwithstanding anything to the contrary in this Plan or in any Stock Option, if an Employee is terminated involuntarily without cause within one year after a consolidation or merger in which the Company is not the surviving corporation and the successor has assumed or replaced the Employee's Stock Options, all unexpired Stock Options held by such Employee shall be exercisable for a period of ninety (90) days after such termination, but in no event after the original expiration date set forth in the applicable Stock Option.

10. AMENDMENT OF PLAN.

The Board of Directors shall have the sole right and power to amend or terminate the Plan at any time and from time to time; provided, however, that the Board of Directors may not amend the Plan, without approval of the shareholders of the Company, in a manner that would:

(a) decrease the exercise price of outstanding Stock Options or provide for the exchange of options under an option exchange program;

(b) cause Stock Options that are intended to be Incentive Stock Options to fail to qualify;

(c) cause the Plan or any transaction hereunder to fail to meet the requirements of Rule 16b-3 under the Exchange Act; or

(d) violate applicable law.

11. GENERAL PROVISIONS.

(a) All certificates for shares of Common Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange or association upon which the Common Stock is then listed or traded, any applicable Federal or state securities law, and any applicable corporate law.

(b) Nothing contained in the Plan shall prevent the Board of Directors from adopting such other or additional incentive arrangements as it may deem desirable, including, but not limited to, the granting of stock options and the awarding of stock otherwise than under the Plan; and such arrangements may be either generally applicable or applicable only in specific cases.

(c) Nothing contained in the Plan or in any grant hereunder shall be deemed to confer upon any Employee any right to continued employment with the Company or any Subsidiary, nor shall it interfere in any way with the right of the Company or any Subsidiary to terminate or modify the employment of any of its employees at any time.

(d) The Plan and all grants made and actions taken hereunder shall be governed by and construed in accordance with the laws of the State of Delaware (without regard to choice of law provisions).

(e) Any Stock Option or Restricted Stock Grant under the Plan shall not be deemed compensation for purposes of computing benefits under any retirement plan of the Company or any Subsidiary and shall not affect any benefits under any other benefit plan now or subsequently in effect under which the availability or amount of benefits is related to the level of compensation (unless required by specific reference in any such other plan to grants under this Plan).

(f) A leave of absence, unless otherwise determined by the Committee prior to the commencement thereof, shall not be considered a termination of employment. Any Stock Option or Restricted Stock Grant under the Plan shall not be affected by any change of employment, so long as the holder continues to be an Employee of the Company or any Subsidiary.

(g) The obligations of the Company with respect to all Stock Options and Restricted Stock Grants under the Plan shall be subject to (A) all applicable laws, rules and regulations, and such approvals by any governmental agencies as may be required, and (B) the rules and regulations of any securities exchange or association on which the Common Stock may be listed or traded.

(h) If any of the terms or provisions of the Plan conflict with the requirements of Rule 16b-3 under the Exchange Act, as in effect from time to time, or with the requirements of any other applicable law, rule or regulation, and with respect to Incentive Stock Options, Section 422 of the Code, then such terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of said Rule 16b-3 or other applicable law, rule, or regulation, and with respect to Incentive Stock Options, Section 422 of the Code. With respect to Incentive Stock Options, if the Plan does not contain any provision required to be included herein under Section 422 of the Code, such provision shall be deemed to be incorporated

herein with the same force and effect as if such provision had been set out at length herein.

(i) The grantee or permitted transferee of a Stock Option shall have no rights as a stockholder with respect to any shares covered by such Stock Option until the date of the issuance of a stock certificate for such shares following the exercise of such Stock Option. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as provided in Section 4(b) hereof.

(j) No provision of the Plan or any Stock Option or Restricted Stock Grant under the Plan shall be construed to prevent the Company from taking any corporate action deemed by the Company to be appropriate or in its best interest, whether or not such action could have an adverse effect on the Plan or any Stock Options or Restricted Stock Grants hereunder, and no Stock Option or Restricted Stock Grant holder or such holder's estate, personal representative, beneficiary or permitted transferee shall have any claim against the Company as a result of taking such action. The adoption of the Plan shall not affect any other stock option or incentive or other compensation plans in effect for the Company, nor shall the Plan preclude the Company from establishing any other forms of incentive or other compensation for employees or directors of, or consultants to, the Company.
