PROXY STATEMENT FOR THE ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 22, 2002

SOLICITATION AND REVOCATION OF PROXY

Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

The Board of Directors of Cullen/Frost Bankers, Inc. ("Cullen/Frost" or the "Company") is soliciting proxies to be used at the Annual Meeting of Shareholders. The meeting will be held on May 22, 2002. This Proxy Statement and the accompanying proxy card will be mailed to shareholders beginning on or about April 18, 2002.

The Company will pay for solicitation of these proxies for the Annual Meeting. The Directors, officers, and employees of Cullen/Frost may solicit proxies by mail, telephone, telegram, facsimile, or in person. Cullen/Frost has also retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies for a fee of approximately \$6,500.00, plus out-of-pocket expenses. Cullen/Frost has requested that brokers, nominees, fiduciaries, and other custodians forward proxy-soliciting material to the beneficial owners of Cullen/Frost Common Stock. Cullen/Frost will reimburse these persons for their out-of-pocket expenses.

All shares of Cullen/Frost Common Stock represented by properly executed proxies, if returned in time, will be voted at the meeting in accordance with the proxy's instructions. If no direction is given, proxies will be voted for all proposals listed on the proxy and in the discretion of persons named on the proxy with respect to any other business properly coming before the meeting. If authority to vote on any matter is withheld, the shares will still be counted for determining the number of shares present at the meeting.

A shareholder may revoke a proxy at any time before it is voted by delivering a written revocation notice to the Company's principal executive office. In particular, the notice should be addressed to the Secretary of Cullen/Frost, Stan McCormick, 100 West Houston Street, San Antonio, Texas 78205. A shareholder who attends the meeting may vote by ballot at the meeting if desired, and such vote will cancel any proxy vote previously given.

VOTING OF SECURITIES

The only class of voting securities of Cullen/Frost outstanding and entitled to vote at the meeting is Common Stock, par value \$0.01 per share. On April 5, 2002, there were outstanding 51,189,891 shares of Common Stock, with each share entitled to one vote. A quorum of shareholders is required to hold a valid meeting. If the holders of at least a majority of the issued and outstanding shares are present or represented by proxy, a quorum will exist. Abstentions and broker non-votes are counted as present for establishing a quorum.

Directors are elected by a plurality of the votes cast at the meeting. With respect to any other matter, the affirmative vote of the holders of a majority of the shares entitled to vote on, and that voted for or against or expressly abstained with respect to, that matter at the meeting will be the act of the shareholders, unless otherwise provided in Cullen/Frost's Articles of Incorporation, Bylaws or applicable law.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

1. BOARD COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Benefits Committee of the Board of Directors (the "Committee") maintains compensation programs for the Company's executive officers that further the Company's mission.

COMPENSATION POLICIES

- Compensation levels should be competitive with the median of comparable financial organizations to attract and maintain a stable, successful management team;
- Executives' total compensation packages should depend upon the level of success in meeting specified Company and individual performance goals;
- Executive ownership of the Company's Common Stock should be encouraged to align executives' interests with shareholders' interests; and
- Sustained superior performance by individual executives should be rewarded.

COMMITTEE FUNCTIONS

- Comprised of three independent, non-employee directors and one independent, non-employee advisory director;
- Develop compensation policies linked to strategic business objectives and Company values;
- Approve, assess, and administer compensation programs in support of compensation policies; and
- Review all salary arrangements and other remuneration for a group of senior executives.

Each year an independent consultant engaged by the Committee provides a comprehensive analysis of competitive market data. The data compares the Company's compensation practices and programs to a group of comparator companies that have business operations, total assets, market capitalizations, and lines of business similar to the Company. These companies include, but are not limited to, the companies in the Standard & Poor's (S&P's) Major Regional Bank Index. The Committee has chosen not to use solely the S&P's Major Regional Bank Index as its comparator group for compensation purposes because detailed data for all senior executives at the banks comprising the index is not available.

The S&P's Major Regional Bank Index was used for comparison of total shareholder return shown in the Performance Graph on page 15.

Key elements of the Company's executive compensation are base salary, annual incentives, and long-term compensation. The Committee considers all elements of an executive's total compensation package, including severance plans, insurance, and other benefits.

BASE SALARY

- Represented 41% of total executive compensation in 2001.
- Reviewed annually for each of the four highest-paid executives.

Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

- Based on subjective evaluation of individual performance, achievement, and contribution to growth.

8

- May be adjusted to reflect competitive market levels following performance evaluations.
- May be adjusted to attract and retain appropriate officers.
- Company base salary levels were slightly above median market levels of comparator companies in 2001.
- No merit increases were granted for executives in 2001 as a result of a salary freeze announced in September 2001.

ANNUAL INCENTIVES

- Represented 14% of total executive compensation in 2001 (incentives paid in January 2001 for 2000 performance).
- Promote and reward teamwork as measured by overall corporate performance and also recognize individual contributions.
- No bonus pool established until Company achieves a predetermined level of financial performance, as established by the Committee.
- Committee has authority to adjust the total bonus pool up or down by 20%.
- No bonuses were awarded to any executive for 2001 performance because the Company failed to achieve the necessary level of financial performance.

LONG-TERM INCENTIVES

- Represented 45% of total executive compensation in 2001.
- Size of award depends on levels of responsibility, prior experience, individual performance, and compensation practices at comparator companies.
- Current stock holdings and the magnitude of outstanding long-term incentives are not considered in making current awards.

STOCK OPTIONS

- Primary long-term incentive vehicle.
- Nonqualified stock options granted at a price not less than the fair market value of the Common Stock on the date of grant.
- Size of stock option grants determined based on a percentage of annual base salary; may be adjusted based on Committee's subjective evaluation of individual factors and historical awards.
- Committee's objective is to deliver a competitive award opportunity.
- Number of options awarded varies from year to year.

RESTRICTED STOCK

Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

- Provides executives with immediate link to shareholder interests.
- Helps maintain a stable executive team.
- No restricted stock was granted to senior executives in 2001.

9

CEO COMPENSATION

The Committee continued Mr. Evan's base salary at \$550,000, which closely approximates the median level of CEOs at comparator companies. The Committee did not award Mr. Evans a bonus for 2001, since the Company failed to achieve the necessary level of financial performance. Mr. Evans was granted 175,000 options with an exercise price of \$24.12 as detailed in the table on page 11. This award was slightly above the median level for CEOs of comparator companies. As of December 31, 2001, Mr. Evans had beneficial ownership of 489,728 shares of stock, which includes 307,200 shares of which he has a right to receive pursuant to presently exercisable options.

SECTION 162 (M)

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to the Chief Executive Officer and the four other most highly compensated executive officers unless the compensation is performance-based. One condition to qualify compensation as performance-based is to establish the amount of the award on an objective formula that precludes any discretion. The Committee continues to review the impact of this tax code provision on the Company's incentive plans and has determined that Section 162(m) is currently inapplicable because no named executive officer receives compensation in excess of \$1 million. The Committee also believes it is in the Company's and shareholders' best interests to retain the discretionary evaluation of individual performance as provided in the annual incentive plan.

CONCLUSION

The Committee believes that Cullen/Frost's executive compensation policies and programs effectively serve the interests of the Company and its shareholders. The various compensation arrangements offered are appropriately balanced to provide increased motivation for executives to contribute to the Company's overall future successes, thereby enhancing the value of the Company for the shareholders' benefit.

The Committee will continue to monitor the effectiveness of the Company's total compensation program to meet the current needs of the Company.

2. COMPENSATION AND BENEFITS COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

Some of the members of the Compensation and Benefits Committee of Cullen/Frost, and some of these persons' associates, are current or past customers of one or more of the Company's subsidiaries. Since January 1, 2002, the transactions between these persons and such subsidiaries have occurred,

Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

including borrowings. In the opinion of management, all of the transactions have been in the ordinary course of business and have had substantially the same terms, interest rates, collateral, or risk as similar transactions with unaffiliated individuals. Additional transactions may take place in the future.

Retirement Plan and Restoration Plan

Cullen/Frost has a non-contributory Retirement Plan and Trust for Employees of Cullen/Frost Bankers, Inc. and its Affiliates that is designed to comply with the requirements of the Employee Retirement Income Security Act of 1974. The Company also has a Restoration Plan that provides benefits in excess of the limits under Section 415 of the Internal Revenue Code and in excess of the limits on eligible earnings set by the Tax Reform Act of 1986; benefits are provided in connection with both the Retirement Plan and a previous employee stock ownership plan. There will be no additional accruals of compensation or service under either plan.

The frozen Retirement Plan provides a monthly benefit based on a percentage of an eligible employee's final average Compensation based on the highest three years of compensation during the last ten years of service prior to January 1, 2002. Included in "Compensation" according to the Retirement Plan are Salary, Overtime, Bonuses, Commissions, and Wages deferred for the Company 401(k) Plan or used to pay health care premiums, expenses, or parking under the Company Pre Tax Plan (IRS Section 125 Plan). Participants in the Plan are fully vested in their accrued benefits under the Plan upon attaining age 65 or after five years of service, whichever occurs first. Death benefits are provided to married participants who have completed five years of service. Normal retirement is at age 65, but early retirement is available starting at age 55. Early Retirement benefits are provided on a reduced basis. The benefit amounts listed in the table represent amounts payable from the plans and are not subject to any additional deduction for Social Security benefits or other offset amounts.

The years of credited service under the Retirement Plan as of December 31, 2001 for each person named in the Summary Compensation Table on page 11 are: Mr. T. C. Frost -- 52 years; Mr. Evans -- 31 years; Mr. P. Frost -- 17 years; and Mr. Green -- 21 years. Mr. T. C. Frost activated his retirement benefit effective July 1, 1994, but still remains an active employee.

The Company also maintains a supplemental executive retirement plan (SERP). The plan provides for target retirement benefits, as a percentage of annual cash compensation, beginning at age 55. The target percentage is 45% of annual cash compensation at age 55, increasing to 60% at age 60 and later. Benefits under the SERP are reduced dollar-for-dollar by benefits received under the Retirement and Restoration Plans, described previously, and any Social Security benefits. Effective January 1, 2002, SERP benefits will also be reduced by the annuity equivalent of any account balance in the Company's Profit Sharing Plan at retirement. The Profit Sharing Plan was implemented by the Company effective January 1, 2002. Contributions to the Profit Sharing Plan will be made annually to each participant's account based on the profitability of the Company. The first contribution to the Profit Sharing Plan is expected to be made in early 2003.

Mr. Evans currently participates in the SERP. At current salary levels, at age 60, Mr. Evans would receive \$115,761 annually. This benefit has not been reduced by his Profit Sharing Plan account balance because Mr. Evans' account balance is currently \$0.

Change in Control Agreements

Cullen/Frost has change-in-control agreements with three of the four named executives above and other key employees. The main purposes of these agreements are: (i) to help executives evaluate objectively whether a potential change-in-control is in the best interests of shareholders; (ii) to help protect against the departure of executives, thus assuring continuity of management, in the event of an actual or threatened merger or change-in-control; and (iii) to maintain compensation and benefits comparable to those available from competing employers. "Change-in-control" includes an acquisition of 20 percent or more of Cullen/ Frost Common Stock by an individual, corporation, partnership, group, association, or other person; certain changes in the composition of the Board of Directors by 50 percent or more; or certain changes-in-control that must be reported to the Securities and Exchange Commission.

Under the change-in-control agreements, Messrs. Evans, P. Frost, and Green could receive severance payments equal to three times their base salary and

Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

target bonus if their position is terminated by the Company within two years following a change-in-control, if the termination is for reasons other than cause, disability or retirement. "Cause" is generally defined in the agreements as an executive's (i) willful and continued failure to substantially perform his duties after delivery of a written demand for substantial performance, (ii) willful engagement in conduct materially injurious to Cullen/Frost or (iii) conviction of a felony. In addition, the change-in-control agreements provide that Messrs. Evans, P. Frost, and Green could receive severance payments described above if they terminate their employment for good reason within two years following a change-in-control. "Good reason" is generally defined in the agreements as the occurrence of one or more of the following events: (a) a significant change or reduction in the executive's responsibilities, (b) an involuntary transfer to a location that is 50 miles further than the distance between the executive's current residence and the company's headquarters, (c) a significant reduction in the executive's current compensation, (d) the failure of any successor to Cullen/Frost to assume the executive's change-in-control agreement, or (e) any failure by Cullen/Frost to terminate properly the executive's employment. The change-in-control agreements also provide for a continuation of certain employee benefits and a tax gross-up payment in an amount necessary to make the executive whole for any excise taxes paid as a result of the severance payments.

SELECTION OF AUDITORS (ITEM 2 ON PROXY CARD)

The Board of Directors recommends that the shareholders of the Company

Edgar Filing: CULLEN FROST BANKERS INC - Form DEF 14A

ratify the selection of Ernst & Young LLP, certified public accountants, as independent auditors of Cullen/Frost. Ernst & Young has audited the financial statements of Cullen/Frost since 1969.

Neither Cullen/Frost's Articles of Incorporation nor Bylaws requires that the shareholders ratify the selection of Ernst & Young LLP as our independent auditors. Cullen/Frost is doing so because it believes it is a matter of good corporate practice. If the shareholders do not ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain Ernst & Young, but may retain such independent auditors. Even if the selection is ratified, the Board of Directors and the Audit Committee in their discretion may change the appointment at any time during the year if they determine that the change would be in the best interests of Cullen/Frost and its shareholders.

Fees for the last fiscal year's annual Audit of Cullen/Frost (Audit Fees) were \$379,065. Fees for all other services performed by Ernst & Young (All Other Fees) were \$501,724, which total included audit related fees of \$382,032 and non-audit fees of \$119,692. Audit related fees include audits of funds administered by the Financial Management Group, audits of Cullen/Frost's subsidiaries, audit procedures required by government regulation, and other required audit oriented services.

Representatives from Ernst & Young LLP will not be present at the meeting. If any shareholder wants to ask them an appropriate question, management will ensure that the question is sent to the independent auditors and that an appropriate response is made directly to the shareholder.

AUDIT COMMITTEE REPORT

The Audit Committee is established to assist the Board of Directors in fulfilling its oversight responsibility for Cullen/Frost's financial reporting process and systems of internal control. The Audit Committee operates pursuant to a Charter that was last amended and restated by the Board of Directors on February 26, 2002, a copy of which is attached to this Proxy Statement as Annex A. The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are "independent" as required by applicable listing standards of the New York Stock Exchange.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Audit Committee also reviewed with Ernst & Young LLP, Cullen/Frost's independent auditors who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Cullen/Frost's accounting principles and such other matters as are required to be discussed with Ernst & Young under generally accepted auditing standards. In addition, The Audit Committee has discussed with Ernst & Young their independence from management and Cullen/Frost, including the matters in the written disclosures required by the Independence Standards Board, and have considered the compatibility of Ernst & Young's provision of non-audit services with Ernst & Young's independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Cullen/Frost's Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Based on information provided by the Company's directors and executive officers and a review of such reports, the Company believes that all required reports were filed on a timely basis during 2001, except that in February 2002, due to inadvertent administrative oversight in the Corporate Secretary's office, each of T.C. Frost and Patrick B. Frost made a one day late filing relating to the exempt exercise of stock options.

SHAREHOLDER PROPOSALS -----

To be eligible under the Securities and Exchange Commission's shareholder proposal rule (Rule 14a-8) for inclusion in Cullen/Frost's proxy statement, proxy card, and presentation at Cullen/Frost's 2003 Annual Meeting of Shareholders (currently scheduled to be held on May 21, 2003), a proper shareholder proposal must be received by Cullen/Frost at its principal offices no later than December 20, 2002. These duties are set forth as a guide with the understanding that the Committee may supplement them as appropriate. In discharging its oversight role, the Audit Committee is authorized to retain outside counsel, or other experts or consultants as the Committee may deem appropriate.

The Audit Committee serves in an oversight capacity and as such does not provide expert or special assurance on the Company's financial statements.

1. The Committee shall review and reassess this charter at least annually and obtain approval of the Board of Directors.

2. The Committee shall annually review the independence of the outside auditors including discussion of relationships they have with the Company; compliance with the Company policy of not hiring from the outside auditors any partner or manager who worked on the Company's account during the prior three years; the matters included in the written disclosures required by the Independence Standards Board; and the compatibility of non-audit services with the auditor's independence. The Committee shall review and discuss legal matters that could have a significant impact on the Company's financial statements, the reasonableness of significant judgments by management, and significant audit and regulatory findings along with management's responses. The Committee shall meet privately with the internal auditors, the outside auditors, and regulatory authorities as appropriate, without members of management present.

5. The Committee shall review the interim financial statements with management and the outside auditors prior to the filing of the Company's Quarterly Report on form 10-Q. The Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the outside auditors under generally accepted auditing standards.
