PROXY STATEMENT

Solicitation by the Board of Directors of Proxies from

Stockholders for Annual Meeting of Stockholders

June 3, 2005

The Board of Directors of PrimeEnergy Corporation, a Delaware corporation, (hereinafter called the Company) solicits your proxy in the enclosed form which, if you do not plan to attend the Annual Meeting of Stockholders of the Company on Friday, June 3, 2005, you are requested to fill out, sign as indicated and return to the Company in the enclosed self-addressed envelope, which requires no postage if mailed in the United States. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised by notice in person or in writing to the Company. The approximate day on which the proxy statement and form of proxy will be sent to security holders is April 25, 2005.

Proxies are being solicited by mail and all expenses of solicitation have been or will be borne by the Company. In addition, arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Company will reimburse them for their expenses in so doing.

Only stockholders of record at the close of business on April 13, 2005, are entitled to vote at the 2005 Annual Meeting. At that date, the Company had outstanding and entitled to vote 3,460,945 shares of Common Stock, each share entitling the record holder thereof to one vote.

All shares of the Company represented by proxies received in time and in proper form and condition and not revoked will be voted as specified in the proxy; or in the absence of specific direction, the proxy will be voted by the person designated therein:

FOR the election as Directors of the Company of the eight (8) nominees named below, to hold office until the next annual meeting of stockholders and until their respective successors shall be duly elected. In the event any of the nominees should become unable to serve as a Director, the proxies will be voted in accordance with the best judgment of the person acting under it.

The election of Directors will require the affirmative votes of a plurality of the shares of the Common Stock voting in person or by proxy at the Annual Meeting. The Company's transfer agent will tabulate all votes which are received prior to the date of the Annual Meeting. The Company will appoint two inspectors of election, who may be officers or employees, to receive the transfer agent's tabulation, to tabulate all other votes, and to certify the results of the elections. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting (i.e., for quorum purposes), but shall not be counted.

The management knows of no matter to be submitted to the 2005 Annual Meeting with respect to which the stockholders are entitled to vote other than the election of Directors, but if procedural matters do properly come before the Meeting, the persons named in the proxy will vote according to their best judgment.

McJunkin Corporation has elected to designate one person, Mr. Gaines Wehrle, as a nominee for election as a Director at the 2005 Annual Meeting.

The Board of Directors met three times in 2004. All of the incumbent Directors attended at least 75% of the meetings of the Board except Messrs. Eckenstein and Wehrle. Directors are reimbursed for travel and related expenses in connection with attendance at Board and committee meetings. All Directors receive \$500 for each Board meeting attended. All Directors are encouraged to attend the Company's annual meeting of stockholders. All Directors attended the Company's 2004 annual meeting of stockholders except Mr. Eckenstein.

The Company does not have a standing nominating committee. The remaining Directors of the Company, Messrs. Eckenstein, Fong, Gimbel, Hurt, Smeets and Wehrle function as a nominating committee, and are believed to satisfy applicable regulatory requirements for independence. The Board of Directors believes that this procedure is adequate in the process of selecting persons for elections as directors of the Company. The Board of Directors of the Company has previously adopted a charter for a nominating committee, which was attached as Annex C to the Company's proxy statement delivered with respect to the Company's annual meeting of stockholders held in June, 2004, and the members of the Company's Board of Directors functioning in the nomination of directors relies upon, and is governed by such charter. The eight Directors of the Company currently serving as Directors were designated as nominees for re-election at the 2005 Annual Meeting of Stockholders. No other nominees were considered and no nominations were proposed by any stockholder or group. The Board of Directors will consider meritorious director candidates submitted to it by stockholders of the Company. Candidates for election must be willing to devote the time necessary to serve as a director and must possess the level of education, experience, and expertise, both with respect to financial matters and the oil and gas industry in general, required to perform the duties of a member of the board of directors of a public company, and in particular of the Company. COMPENSATION COMMITTEE REPORT

The Compensation Committee reports as follows:

Under rules established by the Securities and Exchange Commission, the Company is required to provide certain information regarding the compensation of its Chief Executive Officer and other executive officers whose salary and bonus exceed \$100,000 per year. Disclosure requirements include a report explaining the rationale and considerations that lead to fundamental executive compensation decisions. The following report has been prepared to fulfill this requirement.

The Compensation Committee of the Board of Directors sets and administers the policies that govern the annual compensation and long-term compensation of executive officers of the Company. The Compensation Committee consists of Messrs. Gimbel, Hurt and Smeets, none of whom is an employee of the Company. The Compensation Committee makes all decisions concerning compensation of executive officers who receive salary and bonus in excess of \$100,000 annually and determine the total amount of bonuses to be paid annually. The Compensation Committee's policy is to offer executive officers competitive compensation packages that will permit the Company to attract and retain highly qualified individuals and to motivate and reward such individuals on the basis of the Company's performance.

At present, the executive compensation package consists of base salary and cash bonus awards. Executive salaries are reviewed by the Compensation Committee on an annual basis and are set for individual executive officers based on subjective evaluations of each individual's performance and the Company's performance.

Cash bonuses may be awarded on an annual basis for effort and performance. The use of a specific formula to evaluate management performance is not employed because it is difficult to define an appropriate formula and it restricts the flexibility of the Compensation Committee. The Compensation Committee considers the achievements of the Company, specifically including earnings for the year, return on stockholders' equity and growth in proved oil and natural gas reserves, in determining appropriate levels for bonus awards. Following a review of the Company's performance at December 2004, the Compensation Committee determined that cash bonuses should be awarded, set a total dollar limit for the bonus pool and awarded cash bonuses to the executive officers, based upon contribution to the Company's performance during the year.

The compensation of the Chief Executive Officer is largely dependent upon the overall performance of the Company. For the year ended December 31, 2004, the base salary of the Chief Executive Officer of the Company, Charles E. Drimal, Jr., increased 3 percent to \$252,569 from \$245,212, and a cash bonus award of \$750,000 was paid.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. These include, but are not limited to, those matters under Statements on Auditing Standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board. The Company's auditors do not perform financial information system design and implementation services, internal audit or tax services.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Committee has also recommended the selection of the Company's independent auditors for 2005.
