FORWARD-LOOKING STATEMENTS

Some of the statements made and information contained in this prospectus and the documents we incorporate by reference, excluding historical information, are forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995, the Securities Act of 1933 and the Securities Exchange Act of 1934. Forward-looking statements give our current expectations or forecasts of future events. Words such as may, assume, forecast, position, predict, strategy, expect, intend, plan, estimate, anticipate, believe, project, budget, potential, and other expressions are used to identify forward-looking statements. They can be affected by assumptions used or by known or unknown risks or uncertainties. Consequently, no forward-looking statements can be guaranteed. Actual results may vary materially. You are cautioned not to place undue reliance on any forward-looking statements. You should also understand that it is not possible to predict or identify all such factors and should not consider the following list to be a complete statement of all potential risks and uncertainties. Any of the following factors may impact the achievement of results:

risks and uncertainties relating to the possible invalidity of the underlying beliefs and assumptions;

possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions;

actions taken or omitted to be taken by third parties, including customers, suppliers, business partners, competitors and legislative, regulatory, judicial and other governmental authorities and officials; and

attacks or threats of attacks by terrorists or war.

Without limiting the generality of the foregoing, forward-looking statements regarding the effects of the acquisition of May by Federated are subject to risks and uncertainties relating to, among other things, the successful and timely integration of the acquired businesses with our historical businesses, timely realization of expected cost savings and other synergies, and potential disruption from the transaction which could make it more difficult to maintain relationships with the companies' respective employees, customers and vendors.

No forward-looking statements should be relied upon as continuing to reflect the expectations of management or the current status of any matter referred to therein as of any date subsequent to the date on which such statements are made. Furthermore, future results of the operations of Federated and/or Federated Holdings could differ materially from historical results or current expectations because of a variety of factors that affect Federated and its consolidated subsidiaries, including:

the acquisition of May;

transaction costs associated with the renovation, conversion and transitioning of retail stores in regional markets;

the outcome and timing of sales and leasing in conjunction with the disposition of retail store properties;

the retention, reintegration and transitioning of displaced employees;

the sale of Federated's credit card operations and related strategic alliance;

Edgar Filing: Federated Retail Holdings Inc - Form POSASR

competitive pressures from department and specialty stores, general merchandise stores, manufacturers' outlets, off-price and discount stores, and all other retail channels, including the Internet, mail-order catalogs and television; and

general consumer-spending levels, including the impact of the availability and level of consumer debt, levels of consumer confidence and the effects of the weather.

This list of factors is not exhaustive, and new factors may emerge or changes to these factors may occur that would impact our business. Additional information regarding these and other factors may be contained in Federated's filings with the SEC, especially on Forms 10-K, 10-Q and 8-K. All such risk factors are difficult to predict, contain material uncertainties that may affect actual results and may be beyond our control.

DESCRIPTION OF DEBT SECURITIES

General

The debt securities that we may offer by this prospectus consist of unsecured notes, debentures, or other evidences of indebtedness of Federated Holdings, a wholly-owned subsidiary of Federated, which securities we refer to as debt securities. Federated Holdings may issue debt securities in one or more series under an indenture, dated as of November 2, 2006, among Federated Holdings, as issuer, Federated, as guarantor, and U.S. Bank National Association, as trustee. A copy of the indenture is filed as Exhibit 4.6 to the registration statement of which this prospectus is a part and is incorporated herein by reference. Except as otherwise defined in this prospectus, capitalized terms used in this prospectus have the meanings given to them in the indenture.

The provisions of the indenture will generally be applicable to all of the debt securities. Selected provisions of the indenture are described in this prospectus. Additional or different provisions that are applicable to a particular series of debt securities will, if material, be described in a prospectus supplement relating to the offering of debt securities of that series. These provisions may include, among other things and to the extent applicable, the following:

the title of the debt securities;

the extent, if any, to which the debt securities are subordinated in right of payment to other indebtedness of Federated Holdings;

any limit on the aggregate principal amount of the debt securities;

any subordination provisions or other limitations applicable to guarantees of the debt securities;

the persons to whom any interest on the debt securities will be payable, if other than the registered holders thereof on the regular record date therefor;

the date or dates on which the principal of the debt securities will be payable;

the rate or rates at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payment dates;

the place or places where the principal of and any premium and interest on the debt securities will be payable;

the period or periods, if any, within which, and the price or prices at which, the debt securities may be redeemed, in whole or in part, at the option of Federated Holdings;

the obligation, if any, of Federated Holdings to redeem or purchase the debt securities pursuant to sinking fund or similar provisions and the terms and conditions of any such redemption or purchase;

the denominations in which the debt securities will be issuable, if other than denominations of \$1,000 and any integral multiple thereof;

Edgar Filing: Federated Retail Holdings Inc - Form POSASR

the currency, currencies or currency units, if other than currency of the United States of America, in which payment of the principal of and any premium or interest on the debt securities will be payable, and the terms and conditions of any elections that may be made available with respect thereto;

any index or formula used to determine the amount of payments of principal of and any premium or interest on the debt securities;

whether the debt securities are to be issued in whole or in part in the form of one or more global securities and, if so, the identity of the depositary, if any, for the global securities;

Table of Contents

the manner, if any, in which the debt securities will be exchangeable for the common stock or other securities of Federated or any other person;

the principal amount (or any portion of the principal amount) of the debt securities which will be payable upon any declaration of acceleration of the maturity of the debt securities pursuant to an event of default; and

the applicability to the debt securities of the provisions described under **Defeasance** below.

We may issue debt securities at a discount from their stated principal amount. Federal income tax considerations and other special considerations applicable to any debt security issued with original issue discount (an **original issue discount security**) may be described in an applicable prospectus supplement.

If the purchase price of any series of the debt securities is payable in a foreign currency or currency unit or if the principal of or any premium or interest on any series of the debt securities is payable in a foreign currency or currency unit, the restrictions, elections, general tax considerations, specific terms, and other information with respect to the debt securities and the applicable foreign currency or currency unit will be set forth in an applicable prospectus supplement.

Unless otherwise indicated in an applicable prospectus supplement:

the debt securities will be issued only in fully registered form (without coupons) in denominations of \$1,000 or integral multiples thereof; and

payment of principal and any premium or interest on the debt securities will be payable, and the exchange and transfer of debt securities will be registrable, at Federated Holdings' office or agency maintained for those purposes and at any other office or agency maintained for those purposes. No service charge will be made for any registration of transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge imposed in connection therewith.

Guarantees

Subject to the limitations described below and except as otherwise disclosed in the applicable prospectus supplement, Federated will fully, unconditionally and irrevocably guarantee the full and punctual payment when due, whether at maturity, by acceleration, by redemption, by repurchase, or otherwise, of all payment obligations on the debt securities of a series, whether for principal of, or any premium or interest on, the debt securities or otherwise.

In the case of subordinated debt securities of any series, Federated's guarantee will be subordinated in right of payment to its senior debt on the same basis as the subordinated debt securities of each series are subordinated to Federated Holdings' senior debt securities. No payment will be made by Federated under its guarantee during any period in which payments by Federated Holdings on any subordinated debt securities are suspended by the subordination provisions applicable to such series.

Each guarantee will be limited in amount to an amount not to exceed the maximum amount that can be guaranteed by Federated without rendering such guarantee voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

Each guarantee will be a continuing guarantee and will:

(1) remain in full force and effect until either (a) payment in full of all the applicable debt securities (or such debt securities are otherwise satisfied and discharged in accordance with the provisions of the applicable indenture) or (b) released in connection with a redemption, if any;

(2) be binding upon Federated; and

(3) inure to the benefit of and be enforceable by the applicable trustee, the holders and their successors, transferees and assigns.

Table of Contents

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary or its nominee identified in an applicable prospectus supplement. Unless and until it is exchanged in whole or in part for debt securities in registered form, a global security may not be registered for transfer or exchange except:

by the depositary to a nominee of the depositary;

by a nominee of the depositary to the depositary or another nominee of the depositary;

by the depositary or any nominee of the depositary to a successor depositary or a nominee of the successor depositary; or

in any other circumstances described in an applicable prospectus supplement.

The specific terms of the depositary arrangement with respect to any debt securities to be represented by a global security will be described in an applicable prospectus supplement. We expect that the following provisions will apply to depositary arrangements.

Unless otherwise specified in an applicable prospectus supplement, any global security that represents debt securities will be registered in the name of the depositary or its nominee. Upon the deposit of a global security with or on behalf of the depositary for the global security, the depositary will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by the global security to the accounts of institutions that are participants in such system. The accounts to be credited will be designated by the underwriters or agents of the debt securities or by Federated Holdings, if the debt securities are offered and sold directly by Federated Holdings.

Ownership of beneficial interests in debt securities represented by a global security will be limited to participants in the book-entry registration and transfer system of the applicable depositary or persons that may hold interests through those participants. Ownership of those beneficial interests by participants will be shown on, and the transfer of ownership will be effected only through, records maintained by the depositary or its nominee for such global security. Ownership of such beneficial interests by persons that hold through such participants will be shown on, and the transfer of such ownership will be effected only through, records maintained by the participants. The laws of some jurisdictions require that specified purchasers of securities take physical delivery of their securities in definitive form. These laws may impair your ability to transfer beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner of the global security, the depositary or the nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture. Unless otherwise specified in an applicable prospectus supplement, owners of beneficial interests in the global security will not be entitled to have any of the debt securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of any such debt securities in certificated form, and will not be considered the owners or holders of the debt securities for any purpose under the indenture. Accordingly, each person owning a beneficial interest in debt securities represented by a global security must rely on the procedures of the applicable depositary and, if the person is not a participant in the book-entry registration and transfer system of the applicable depositary, on the procedures of the participant through which the person owns its interest, to exercise any rights of an owner or holder of debt securities under the indenture.

Table of Contents

We understand that, under existing industry practices, if an owner of a beneficial interest in debt securities represented by a global security desires to give any notice or take any action that an owner or holder of debt securities is entitled to give or take under the indenture:

the applicable depository would authorize its participants to give the notice or take the action; and

the participants would authorize persons owning the beneficial interests through the participants to give the notice or take the action or would otherwise act upon the instructions of the persons owning the beneficial interests.

Principal of and any premium and interest on debt securities represented by a global security will be payable in the manner described in an applicable prospectus supplement. Payment of principal of, and any premium or interest on, debt securities represented by a global security will be made to the applicable depository or its nominee, as the case may be, as the registered owner or the holder of the global security. None of us, the trustee, any paying agent, or the registrar for debt securities represented by a global security will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in those debt securities or for maintaining, supervising, or reviewing any records relating to those beneficial ownership interests.

Certain Covenants of Federated Holdings

Maintenance of Office or Agency. Federated Holdings will be required to maintain an office or agency in each place of payment for each series of debt securities for notice and demand purposes and for the purposes of presenting or surrendering debt securities for payment, registration of transfer, or exchange.

Paying Agents, Etc. If Federated Holdings acts as its own paying agent with respect to any series of debt securities, on or before each due date of the principal of or any premium or interest on any of the debt securities of that series, Federated Holdings will be required to segregate and hold in trust for the benefit of the persons entitled to payment a sum sufficient to pay the amount due and to notify the trustee promptly of Federated Holdings action or failure to act. If Federated Holdings has one or more paying agents for any series of debt securities, prior to each due date of the principal of or any premium or interest on any debt securities of that series, Federated Holdings will be required to deposit with a paying agent a sum sufficient to pay the amount due and, unless the paying agent is the trustee, to promptly notify the trustee of its action or failure to act. All moneys paid by Federated Holdings to a paying agent for the payment of principal of or any premium or interest on any debt securities that remain unclaimed for two years after the principal or any premium or interest has become due and payable may be repaid to Federated Holdings, and thereafter the holder of those debt securities may look only to Federated Holdings for payment thereof.

Existence. Federated Holdings will be required to, and will be required to cause its subsidiaries to, preserve and keep in full force and effect its and their existence, charter rights, statutory rights, and franchises, except to the extent that the failure to do so would not have a Material Adverse Effect.

Restrictive Covenants. Any restrictive covenants applicable to any series of debt securities will be described in an applicable prospectus supplement.

Events of Default

The following are Events of Default under the indenture with respect to debt securities of any series:

(1) failure to pay principal of or premium, if any, on any debt security of that series when due;

(2) failure to pay any interest on any debt security of that series when due, which failure continues for 30 calendar days;

(3) failure to make any sinking fund payment in respect of any debt security of that series when it becomes due and payable;

(4) failure to perform, or breach of, any other of Federated Holdings' covenants in the indenture (other than a covenant included in the indenture solely for the benefit of a series of debt securities other than that

Table of Contents

series), which failure or breach continues for 60 calendar days after written notice thereof has been given to Federated Holdings as provided in the indenture;

(5) any nonpayment at maturity or other default (beyond any applicable grace period) under any agreement or instrument relating to any other indebtedness of Federated Holdings, the unpaid principal amount of which is not less than \$100 million, which default results in the acceleration of the maturity of the indebtedness prior to its stated maturity or occurs at the final maturity thereof;

(6) any guarantee of the debt securities of that series ceases to be in full force and effect (except as contemplated by the terms of the indenture) or is declared in a judicial proceeding to be null and void, or Federated denies or disaffirms in writing its obligations under its guarantee;

(7) specified events of bankruptcy, insolvency, or reorganization involving Federated Holdings or Federated; and

(8) any other Event of Default provided with respect to debt securities of that series.

Pursuant to the Trust Indenture Act of 1939, the trustee is required, within 90 calendar days after the occurrence of a default in respect of any series of debt securities, to give to the holders of the debt securities of that series notice of all uncured defaults known to it, except that:

in the case of a default in the performance of any covenant of the character contemplated in clause (4) above, no notice will be given until at least 30 calendar days after the occurrence of the default; and

other than in the case of a default of the character contemplated in clause (1), (2) or (3) above, the trustee may withhold notice if and so long as it in good faith determines that the withholding of notice is in the interests of the holders of the debt securities of that series.

If an Event of Default described in clause (7) above occurs, the principal of, and any premium and accrued interest on the debt securities of that series will become immediately due and payable without any declaration or other act on the part of the trustee or any holder of the debt securities of that series. If any other Event of Default with respect to debt securities of any series occurs and is continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all debt securities of that series to be due and payable immediately. However, at any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under specified circumstances, rescind and annul such acceleration. See [Modification and Waiver](#) below.

Subject to the duty of the trustee to act with the required standard of care during an Event of Default, the trustee will have no obligation to exercise any of its rights or powers under the indenture at the request or direction of the holders of debt securities, unless holders of debt securities shall have offered to the trustee reasonable security or indemnity. Subject to the provisions of the indenture, including those requiring security or indemnification of the trustee, the holders of a majority in principal amount of the debt securities of any series will have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series.

No holder of a debt security of any series will have any right to institute any proceeding with respect to the indenture or for any remedy thereunder unless:

the holder has previously given to the trustee written notice of a continuing Event of Default with respect to the debt securities of that series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have requested in writing that the trustee institute a proceeding as trustee in respect of the Event of Default;

Table of Contents

the holder or holders have offered reasonable indemnity to the trustee to institute the proceeding as trustee;

the trustee has not received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with the written request; and

the trustee has failed to institute the proceeding within 60 calendar days after receipt of the written request.

However, the limitations described above do not apply to a suit instituted by a holder of a debt security for enforcement of payment of the principal of and any premium or interest on such debt security on or after the applicable due dates for the payment of such obligations.

Federated Holdings is required to furnish to the trustee annually a statement as to the performance of its obligations under the indenture and as to any default in its performance.

Any additional Events of Default with respect to any series of debt securities, and any variations from the foregoing Events of Default applicable to any series of debt securities, will be described in an applicable prospectus supplement.

Modification and Waiver

In general, modifications and amendments of the indenture may be made by Federated Holdings, Federated and the trustee with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of each series affected thereby. However, no modification or amendment of the indenture may, without the consent of the holder of each outstanding debt security affected thereby:

change the stated maturity of, or any installment of principal of, or interest on, any debt security;

reduce the principal amount of, the rate of interest on, or the premium, if any, payable upon the redemption of, any debt security;

reduce the amount of principal of an original issue discount security payable upon acceleration of the maturity thereof;

change the place or currency of payment of principal of, and any premium or interest on, any debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any debt security on or after the stated maturity or prepayment date thereof; or

reduce the percentage in principal amount of outstanding debt securities of any series required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults.

The holders of at least a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive Federated Holdings' compliance with specified covenants of the indenture. The holders of at least a majority in principal amount of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive any past default under the indenture with respect to that series, except:

a default in the payment of the principal of, any premium or interest on, any debt security of that series; or

a default of a provision of the indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security of that series.
