**NUANCE COMMUNICATIONS, INC.  
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**1. Organization and Presentation**

The consolidated financial statements include the accounts of the company and our wholly-owned subsidiaries. We prepared these unaudited interim consolidated financial statements in accordance with U.S. generally accepted accounting principles (GAAP) for interim periods. In our opinion, these financial statements reflect all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of our financial position for the periods disclosed. Intercompany transactions have been eliminated.

Certain amounts presented in prior periods consolidated financial statements have been reclassified to conform to the current periods presentation. Proceeds from employee stock options and purchase plans and cash used to net-share settle employee equity awards are now presented as two separate line items in the Statement of Cash Flows, whereas previously they were presented within net proceeds from issuance of common stock under employee share-based payment plans.

We acquired SNAPin Software, Inc. (SNAPin), a developer of self service software for mobile devices on October 1, 2008. Refer to Note 4 for additional information.

Although we believe the disclosures in these financial statements are adequate to make the information presented not misleading, certain information normally included in the footnotes prepared in accordance with GAAP has been omitted. Accordingly, these financial statements should be read in conjunction with the audited financial statements and the notes thereto included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2008. Interim results are not necessarily indicative of the results that may be expected for a full year.

**2. Accounting Changes**

We made no material changes to the significant accounting policies disclosed in our Annual Report on Form 10-K for the fiscal year ended September 30, 2008, other than our adoption of Financial Accounting Standards Board (FASB) Statement No. 161 (SFAS 161), *Disclosures about Derivative Instruments and Hedging Activities*, an Amendment of FASB Statement No. 133 and SFAS 157, *Fair Value Measurements* and related FASB staff positions. We have provided more information about our application of SFAS 161 in Note 7 and SFAS 157 in Note 8.

***Recently Issued Accounting Standards***

In April 2009, the FASB issued FASB Staff Position (FSP) 141R-1, *Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies*. This FSP requires that assets acquired and liabilities assumed in a business combination that arise from contingencies be recognized at fair value if fair value can be reasonably estimated. This FSP is effective for the fiscal years beginning after December 15, 2008.

In April 2009, the FASB issued FSP 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. FSP 157-4 provides guidance on how to determine the fair value of assets and liabilities under SFAS 157 in the current economic environment and reemphasizes that the objective of a fair value measurement remains an exit price. If we were to conclude that there has been a significant decrease in the volume and level of activity of the asset or liability in relation to *normal* market activities, quoted market values may not be representative of fair value and we may conclude that a change in valuation technique or the use of multiple valuation techniques may be appropriate. FSP 157-4 is effective for interim and annual periods ending after June 15, 2009. We believe FSP 157-4 will not have a material impact on our financial statements.

In June 2008, the Emerging Issues Task Force ratified EITF 07-5, *Determining Whether an Instrument (or Embedded Feature) Is Indexed to an Entity's Own Stock*. It provides guidance in assessing whether these instruments are indexed to our own stock, and therefore whether to account for the instruments under SFAS 133, *Accounting For Derivative Instruments and Hedging Activities* and/or EITF 00-19, *Accounting For Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock*. EITF 07-5 is effective for fiscal years beginning after December 15, 2008. We are evaluating the potential impact of EITF 07-5.

In May 2008, the FASB issued FSP 14-1, *Accounting for Convertible Debt Instruments that May be Settled in Cash upon Conversion*. FSP 14-1 requires us to separately account for the liability (debt) and equity (conversion option) components of the instrument in a manner that reflects our nonconvertible debt borrowing rate. FSP 14-1 will

significantly affect the accounting for convertible debt instruments that require or permit settlement in cash and/or shares at the issuer's option. FSP 14-1 is effective for

**Table of Contents****NUANCE COMMUNICATIONS, INC.****NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

fiscal years beginning after December 15, 2008 and may not be adopted early. FSP 14-1 must be applied retrospectively to all periods presented. We are evaluating the potential impact of FSP 14-1.

In April 2008, the FASB issued FSP 142-3, *Determination of the Useful Life of Intangible Assets*. It amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under SFAS 142. FSP 142-3 is effective for fiscal years beginning after December 15, 2008 and may not be adopted early. We are evaluating the potential impact of FSP 142-3.

In February 2008, the FASB issued FSP 157-2, *Effective Date of FASB Statement No. 157*. FSP 157-2 delays the effective date of SFAS 157 for nonfinancial assets and nonfinancial liabilities, except for certain items that are recognized or disclosed at fair value in the financial statements on a recurring basis. This FSP will be effective in the first quarter of fiscal 2010. We believe FSP 157-2 will not have a material impact on our financial statements.

In December 2007, the FASB issued SFAS 141R, *Business Combinations*. SFAS 141R changes the accounting for business combinations including the measurement of acquirer shares issued in consideration for a business combination, the recognition of contingent consideration, the accounting for pre-acquisition gain and loss contingencies, the recognition of capitalized in-process research and development, the accounting for acquisition-related restructuring cost accruals, the treatment of acquisition related transaction costs and the recognition of changes in the acquirer's income tax valuation allowance. SFAS 141R is effective for fiscal years beginning after December 15, 2008 and may not be adopted early.

Total comprehensive loss	\$ (7,172)	\$ (22,430)	\$ (47,730)	\$ (35,058)

**4. Business Acquisitions****Acquisition of SNAPin**

On October 1, 2008, we acquired all of the outstanding capital stock of SNAPin, a developer of self service software for mobile devices, to expand our Mobile-Enterprise offerings. The results of operations of SNAPin have been included in our financial statements since the date of acquisition. The assets acquired and liabilities assumed must be recorded at the date of acquisition at their respective estimated fair values, with any excess of the purchase price over the estimated fair values of the net assets acquired recorded as goodwill. We are finalizing the valuation of the assets acquired and liabilities assumed and therefore the fair values set forth below are subject to adjustment as additional information is obtained. A summary of the preliminary purchase price allocation is as follows (table in thousands):

**Table of Contents**

**NUANCE COMMUNICATIONS, INC.**  
**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Total purchase consideration:	
Common stock(a)	\$ 150,638
Stock options and restricted stock units assumed	11,523
Transaction costs	2,876
 Total purchase consideration	 \$ 165,037
 Allocation of the purchase consideration:	
Current assets	\$ 6,084

Deferred tax liability(c)	(2,327)
Deferred revenue(b)	(27,150)
 Total liabilities assumed	 (31,667)
 Net assets acquired	 \$ 165,037

(a) Approximately 9.5 million shares of our common stock were issued and valued at \$15.81 per share. Additionally, 1.1 million shares of our common stock, valued at \$17.5 million, have been placed in escrow and have been excluded from purchase consideration until the satisfaction of the escrow

contingencies.  
See additional  
discussion in  
Note 5.

- (b) We assumed significant legal performance obligations related to acquired customer contracts. We estimate the fair market value of the obligations in accordance with the provision of EITF 01-03, *Accounting in a Business Combination for Deferred Revenue of Acquiree*. The fair value of the legal performance obligations remaining to be delivered on these customer contracts was approximately \$52.8 million and the remaining cash to be collected on these contracts was approximately \$25.6 million at the date of acquisition.
- (c) We recorded a deferred tax liability as a result of purchase

accounting associated with SNAPin. This results in an increase of the net deferred tax asset and a reduction of the corresponding valuation allowance in the consolidated group.

Therefore, there is no impact on goodwill related to the deferred tax liability.

We assumed vested and unvested stock options that were converted into options to purchase 1,258,708 shares of our common stock and restricted stock units that were converted into 299,446 shares of our common stock. The fair value of the assumed vested stock options and restricted stock units as of the date of acquisition are included in the purchase price above. The fair value of the assumed vested stock options is calculated under the Black-Scholes option pricing model, with the following weighted-average assumptions: dividend yield of 0.0%; expected volatility of 55.5%; average risk-free interest rate of 2.8%; and an expected term of 4.8 years. Assumed unvested stock options and restricted stock units as of the date of acquisition will be recorded as shared-based compensation expense over the requisite service period as disclosed in Note 16.

Customer relationships are amortized based upon patterns in which the economic benefits are expected to be realized. Other finite-lived identifiable intangible assets are amortized on a straight-line basis. The following are the identifiable intangible assets acquired and their respective weighted average lives (table in thousands):

	<b>Amount</b>	<b>Weighted Average Life (In years)</b>
Customer relationships	\$ 21,200	10.8
Core and completed technology	39,000	10.0
Non-compete agreements	700	4.0
Total	\$ 60,900	

The following table shows unaudited pro forma results of operations as if we had acquired SNAPin and our other significant acquisitions on October 1, 2007 (PSRS, eScripton, Inc., and Viecore, Inc.) (table in thousands, except per share data):

**5. Deferred and Contingent Acquisition Payments**

***Earnout Payments***

In connection with our acquisition of Phonetic Systems Ltd. we agreed to pay up to \$35.0 million of additional consideration if certain financial and performance targets were met. We have notified the former shareholders of Phonetic that these targets were not achieved. Accordingly, we have not recorded any obligations relative to these measures. The former shareholders of Phonetic have objected to this determination and have filed for arbitration.

During fiscal 2008, we amended the earnout provisions set forth in the merger agreement related to the acquisition of Mobile Voice Control, Inc. (MVC) such that the former shareholders of MVC were eligible to earn the remaining calendar 2007 earnout amount, consisting of 188,962 shares, if certain conditions were met at December 31, 2008. As of December 31, 2008, we determined that the full 188,962 shares had been earned. The total value of the shares was \$3.0 million, of which \$1.0 million was recorded to goodwill as incremental purchase price during fiscal 2008, and the remaining \$2.0 million was amortized as compensation expense from May 2008 to December 2008. In November 2008, a second amendment to the merger agreement was signed pursuant to which the earnout period for the calendar 2008 earnout was extended, such that 377,964 and 755,929 shares may now be earned based on the achievement of calendar 2008 and 2009 targets, respectively. The stock payments, if any, that are made based on the provisions of this second amendment will be recorded to goodwill, as incremental purchase price. As of March 31, 2009, we have not recorded any obligation relative to the second amendment.

In connection with the acquisition of Commissure, Inc. we agreed to make contingent earnout payments of up to \$8.0 million upon the achievement of certain financial targets for the fiscal years ended September 30, 2008, 2009 and 2010. Any payments may be made in the form of cash or shares of our common stock, at our sole discretion. As of March 31, 2009, we have not recorded any obligation relative to these measures.

In connection with our acquisition of Vocada, Inc. we agreed to make contingent earnout payments of up to \$21.0 million upon the achievement of certain financial targets measured over defined periods through December 31, 2010. Any payments may be made in the form of cash or shares of our common stock at our sole discretion. As of March 31, 2009, we have not recorded any obligation relative to these measures.

In connection with our acquisition of Multi-Vision Communications, Inc. we agreed to make contingent earnout payments of up to \$15.0 million upon the achievement of certain financial targets for the period from August 1, 2008 to July 31, 2009. \$10.0 million of the earnout is further conditioned on the continued employment of certain Multi-Vision employees. Accordingly, up to \$10.0 million of any earnout payments will be recorded as compensation expense, and up to \$5.0 million will be recorded as additional purchase price and allocated to goodwill. Any payments may be made in the form of cash or shares of our common stock, at our sole discretion. As of March 31, 2009, we have not recorded any obligation or related compensation expense relative to these measures.

In connection with our acquisition of SNAPin, we agreed to make a contingent earnout payment of up to \$45.0 million in cash to be paid, if at all, based on the business achieving certain performance targets that are measurable from the acquisition date to December 31, 2009. Additionally, we would be required to issue earnout consideration to SNAPin option holders. This option earnout consideration, if earned, is payable at our sole discretion, in cash, stock or additional options to purchase common stock. The total value of this option earnout consideration may aggregate up to \$2.5 million which will be recorded as compensation expense over the service period, if earned. These earnout payments, if any, would be payable upon the final measurement of the performance targets. As of March 31, 2009, we have not recorded any obligation or related compensation expense relative to these measures.

The following amounts are being held in escrow after their initially scheduled release date:

- (a) We filed a claim against the Focus Infomatics, Inc. escrow related to the breach of certain representations and warranties made in the share purchase agreement. We determined that the entire escrow will be paid to either satisfy liabilities indemnified under the agreement or paid to the former shareholders. Accordingly, an amount equal to the escrow was recorded as additional purchase price during fiscal 2008. The
