**PROXY STATEMENT
FOR A SPECIAL MEETING OF
SHAREHOLDERS TO BE HELD TUESDAY, JANUARY 9, 2007**

These proxy materials are furnished in connection with the solicitation by the Board of Directors of Wintrust Financial Corporation, an Illinois corporation (Wintrust or the Company), of proxies to be used at a Special Meeting of Shareholders of the Company and at any adjournment of such meeting (the Special Meeting). This proxy statement, together with the Notice of Special Meeting and proxy card are first being mailed to shareholders on or about November [], 2006.

ABOUT THE MEETING

What is the purpose of the Special Meeting?

At the Special Meeting, shareholders will act upon the matters described in the Notice of Special Meeting that accompanies this proxy statement, including a proposal to adopt the 2007 Stock Incentive Plan and the issuance of up to 500,000 shares of common stock thereunder.

Who may vote at the Special Meeting?

Only record holders of the Company s common stock as of the close of business on November 16, 2006 (the Record Date), will be entitled to vote at the meeting. On the Record Date, the Company had outstanding [] shares of common stock. Each outstanding share of common stock entitles the holder to one vote.

What constitutes a quorum?

The Special Meeting will be held only if a quorum is present. A quorum will be present if a majority of the shares of Company common stock issued and outstanding on the Record Date are represented, in person or by proxy, at the Special Meeting. Shares represented by properly completed proxy cards either marked abstain or returned without voting instructions are counted as present for the purpose of determining whether a quorum is present. Also, if shares are held by brokers who are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions (commonly known as broker nonvotes), those shares will be counted as present for quorum purposes.

How do I vote?

If you are a stockholder of record, you can vote by:

attending the Special Meeting;

signing, dating and mailing in your proxy card;

by following the instructions on your proxy card for voting by telephone at (800) 555-8140; or

by following the instructions on your proxy card for voting by the Internet at www.illinoisstocktransfer.com, clicking on Internet Voting and following the instructions on the screen.

The deadline for voting by telephone or on the Internet is 11:59 p.m. Central Time on January 7, 2007. You may vote your shares for or against approval of the 2007 Plan.

If you hold your shares through a broker, bank or other nominee, that institution will instruct you as to how your shares may be voted by proxy, including whether telephone or Internet voting options are available. If you hold your shares through a broker, bank or other nominee and would like to vote in person at the Special Meeting, you must first obtain a proxy issued in your name from the institution that holds your shares.

Can I change my vote after I return my proxy card?

Yes. If you are a shareholder of record, you may change your vote at any time before the actual vote by (i) voting in person by ballot at the Special Meeting, (ii) returning a later-dated proxy card, (iii) entering a new vote by telephone or on the Internet or (iv) delivering written notice of revocation to the Company's Secretary by facsimile at (847) 615-4091 or by mail at 727 North Bank Lane, Lake Forest, IL 60045. If you hold your shares through an institution, that institution will instruct you as to how your vote may be changed.

Who will count the votes?

The Company's tabulator, Illinois Stock Transfer Company, will count the votes.

How will my shares be voted if I sign, date and return my proxy card?

Proxies received from shareholders in proper form will be voted at the Special Meeting and, if specified, as directed by the shareholder. If you sign, date and return your proxy card and indicate how you would like your shares voted, your shares will be voted as you have instructed. If you sign, date and return your proxy card but do not indicate how you would like your shares voted, your proxy will be voted FOR the approval of the 2007 Plan and in accordance with the best judgment of the persons voting the proxies, with respect to any other business which may properly come before the meeting and at any adjournment of the meeting and is submitted to a vote of the shareholders, including whether or not to adjourn the meeting.

What are the Board's recommendations?

The Board recommends a vote FOR the approval of the 2007 Plan. With respect to any other matter that is properly brought before the meeting, the proxy holders will vote the proxies held by them in accordance with their best judgment.

What vote is required to approve the 2007 Plan at the Special Meeting?

The affirmative vote of the holders of a majority of the shares represented, in person or by proxy and entitled to vote on the approval of the 2007 Plan will be required for approval. Because the vote to approve the 2007 Plan requires a majority, abstentions will have the same effect as votes against approval.

How will broker non-votes be treated?

We will treat broker non-votes as present to determine whether or not we have a quorum at the Special Meeting, but they will not be treated as entitled to vote on the proposals, if any, for which the broker indicates it does not have discretionary authority. This means that broker non-votes will not be treated as abstentions and will not have any effect on whether a proposal passes.

Will my vote be kept confidential?

Yes. As a matter of policy, shareholder proxies, ballots and tabulations that identify individual shareholders are kept secret and are available only to the Company, its tabulator and inspectors of election, who are required to acknowledge their obligation to keep your votes confidential.

Who pays to prepare, mail and solicit the proxies?

The Company pays all of the costs of preparing, mailing and soliciting proxies. The Company asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain authority to execute proxies. The Company will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request. In addition to solicitation by mail, telephone, facsimile, Internet or personal contact by its officers and employees, the Company has retained the services of Morrow & Co., Inc. to solicit proxies for a fee of \$6,500 plus expenses.

What if other matters come up during the meeting?

If any matters other than those referred to in the Notice of Special Meeting properly come before the meeting, the individuals named in the accompanying form of proxy will vote the proxies held by them in accordance with their best judgment. The Company is not aware of any business other than the items referred to in the Notice of Special Meeting that may be considered at the meeting.

Your vote is important. Because many shareholders cannot personally attend the Special Meeting, it is necessary that a large number be represented by proxy. Whether or not you plan to attend the meeting in person, prompt voting will be appreciated. Registered shareholders can vote their shares via the Internet or by using a toll-free telephone number. Instructions for using these convenient services are provided on the proxy card. Of course, you may still vote your shares on the proxy card. To do so, we ask that you complete, sign, date and return the enclosed proxy card promptly in the postage-paid envelope.

PROPOSAL NO. 1 APPROVAL OF WINTRUST FINANCIAL CORPORATION S 2007 STOCK INCENTIVE PLAN

Background

On November 9, 2006, the Board of Directors unanimously approved and adopted, subject to shareholder approval, the Wintrust Financial Corporation 2007 Stock Incentive Plan (the 2007 Plan or the Plan), which will replace the Wintrust Financial Corporation 1997 Stock Incentive Plan (the 1997 Plan). The Company s shareholders are being asked to approve the Plan, described more fully below. The Plan affords the Board of Directors the ability to grant compensatory awards that are responsive to the Company s needs and is designed to advance the interests and long-term success of the Company by encouraging stock ownership among officers, directors and other employees of the Company.

If the Plan is not approved by shareholders, the Company will continue to operate the 1997 Plan pursuant to its current provisions. The 1997 Plan was originally adopted in 1997 to amend, restate and continue the prior stock-based incentive plans of the Company's predecessor corporations into a single plan and was approved by shareholders at the 1997 Special Meeting of Shareholders.

Shares Available for Future Awards and Awards Outstanding. We currently have two equity compensation plans (other than our Employee Stock Purchase Plan). These plans are the 1997 Plan and the Directors Deferred Fee and Stock Plan (the Fee Plan). As of the Record Date, a total of [] shares of common stock remained available for future issuance under these plans. The following table shows what the breakdown of available shares was as of the Record Date:

Total	1997 Plan	Director Plan
[]	[]	[]

If the 2007 Plan is approved by shareholders, no further awards will be permitted to be made under the 1997 Plan. Assuming that the 2007 Plan had been approved as of the Record Date, the total number of shares available for awards under our equity compensation plans (other than our Employee Stock Purchase Plan) would have been []. The following table shows what the breakdown of available shares would have been had the 2007 Plan been in effect as of the Record Date:

Total	1997 Plan	Director Plan	2007 Plan
[]		[]	500,000

As of the Record Date, there were outstanding awards of [] stock options, which have a weighted-average exercise price of \$[] and a weighted-average term of [] years, and [] shares of restricted stock under all of our current and former equity compensation plans (other than our Employee Stock Purchase Plan).

Purpose of the Plan. The Plan is intended to provide the Company with the ability to provide market-responsive, stock-based incentives and other rewards for employees and directors of the Company and its subsidiaries and consultants to the Company and its subsidiaries (i) provide such employees, directors and consultants a stake in the growth of the Company and (ii) encourage them to continue in the service of the Company and its subsidiaries. Because there are only [] shares remaining to be awarded under the 1997 Plan and because no further incentive stock options can be granted under the 1997 Plan on or after May 22, 2007, the Board of Directors believes that it is appropriate to adopt the 2007 Plan and to authorize 500,000 shares for issuance thereunder.

The Plan will enable the Company to be competitive in attracting key employees to manage planned additional bank and branch locations. The Plan will also be important to promote the retention of key employees while at the same time aligning their interests closely with those of the shareholders. Accordingly, management believes the ability to award equity incentives is an important component in continuing the Company's growth.

Comparison with 1997 Plan. The Plan is substantially similar to the 1997 Plan, except that it would: provide that shares withheld by the Company or tendered to the Company by an award holder to pay the exercise price of an option or applicable withholding taxes are not added back to the pool of shares available for awards under the Plan;

provide for the settlement of awards with shares held in the Company's treasury or shares acquired on the open market;

prohibit the grant of dividend equivalents on stock options;

permit the grant of other awards (in addition to stock option awards which are already permitted) to directors;

provide for vesting of awards to occur upon the consummation of a transaction that results in a change of control rather than upon shareholder approval of such transaction;

limit the granting of full value awards to 200,000 shares;

prohibit any material amendments without shareholder approval;

limit the term of stock options and stock appreciation rights to no longer than seven years; and

expressly prohibit repricing of options and stock appreciation rights without shareholder approval.

The Company is asking shareholders to authorize a number of shares available under the Plan to a level that the Company believes will, on the basis of current assumptions, ensure that enough shares remain available for issuance under the Plan until the 2009 Annual Meeting.

Approval of the Plan requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote at the Special Meeting. The following description of the Plan sets forth the material terms of the Plan; however, it is a summary, and does not purport to be complete and is qualified in its entirety by reference to the provisions of the Plan which is attached hereto as Appendix A.

Plan Highlights

Limit on Shares Authorized: The Plan authorizes the grant of 500,000 shares over its entire term, which represents approximately 2% of the Company's issued and outstanding Common Shares as of the Record Date.

Shares Available For Awards Other Than Stock Options and Stock Appreciation Rights: Of the shares available for grant under the Plan, only 200,000 may be used for full value awards, which are awards of other than stock options or stock appreciation rights.

No Liberal Recycling Provisions: The Plan provides that the following shares will not be added back to the aggregate Plan limit: (1) shares tendered in payment of the option price; (2) shares withheld by the Company to satisfy the tax withholding obligation; and (3) shares that are repurchased by the Company with proceeds from option exercises. Further, all shares covered by a stock appreciation right, to the extent that it is exercised and settled in shares, and whether or not shares are actually issued to the participant upon exercise of the right, shall be considered issued or transferred pursuant to the Plan.

Minimum Vesting and Restricted Period: No stock option award or grant of restricted shares may become fully exercisable prior to the third anniversary of the date of grant, and to the extent such an award provides for vesting in installments over a period of no less than three

years, such vesting shall occur ratably on each of the first three anniversaries of the date of grant except, in each case, when employment terminates as a result of death, disability, retirement, layoff or upon a change of control and subject to certain other limited exceptions.

No Discount Stock Options: The Plan prohibits the grant of a stock option with an exercise price less than the fair market value of our stock on the date of grant.

No Repricing of Stock Options: The Plan prohibits the repricing of options and stock appreciation rights without shareholder approval.

Material Amendments to the Plan Require Shareholder Approval: The Plan states that a material amendment to the Plan will not be effective unless approved by the Company's shareholders.

Independent Committee Administration: The Plan will be administered by a committee of the Board of Directors comprised entirely of independent directors.

Summary Description of the Plan

Participants. All employees and non-employee directors of the Company and its subsidiaries will be eligible to participate in the Plan. In addition, certain persons who have consulting arrangements with the Company or its subsidiaries may be selected to participate if it is determined that any such individual has a significant responsibility for the success and future growth and profitability of the Company. As of October 31, 2006, approximately 1800 employees, non-employee directors and consultants are eligible for awards under the Plan.

Shares Available. The Plan provides that the total number of shares of common stock as to which awards may be granted may not exceed 500,000 shares. Of this amount, the number of shares that would be available for full value awards (other than stock options and stock appreciation rights) would be 200,000 shares.

Shares covered by an award granted under the Plan shall not be counted as used unless and until they are actually issued and delivered to a participant. Without limiting the generality of the foregoing, upon payment in cash of the benefit provided by any award granted under the Plan, any shares that were covered by that award will be available for issue or transfer under the Plan. Notwithstanding anything to the contrary: (a) shares tendered in payment of the exercise price of an option shall not be added to the aggregate plan limit described above; (b) shares withheld by the Company to satisfy the tax withholding obligation shall not be added to the aggregate plan limit described above; (c) shares that are repurchased by the Company with proceeds from option exercises shall not be added to the aggregate plan limit described above; and (d) all shares covered by a stock appreciation right, to the extent that it is exercised and settled in shares and whether or not shares are actually issued to the participant upon exercise of the right, shall be considered issued or transferred pursuant to the Plan.

The shares of common stock subject to awards under the Plan and available for future awards may be reserved for issuance out of the Company's total authorized but unissued shares or they may be shares held in treasury or acquired by the Company on the open market. A participant in the Plan is permitted to receive multiple grants of stock-based awards. The terms and provisions of a type of award with respect to any recipient need not be the same with respect to any other recipient of such award. The Plan provides that during any calendar year the maximum number of shares of common stock which may be made subject to awards to any single participant may not exceed 100,000.

Administration. The Plan provides that it shall be administered by a committee of the Board of Directors, constituted so as to permit the Plan to comply with the non-employee director provisions of Rule 16b-3 under the Exchange Act and the outside director requirements of Section 162(m) of the Internal Revenue Code. The Board of Directors of the Company has delegated the administration of the Plan to its Compensation Committee (the Committee). The Committee will make determinations with respect to the participation of employees, directors and consultants in the Plan and, except as otherwise required by law or the Plan, the grant terms of awards including vesting schedules, price, length of relevant performance, restriction or option periods, dividend rights, post-retirement and termination rights, payment alternatives, and such other terms and conditions as the Committee deems appropriate. The Committee may designate other persons (so long as such persons are independent) to carry out its responsibilities under such conditions and limitations as it may set, other than its authority with regard to awards granted to employees who are executive officers or directors of the Company.

The disposition of an award in the event of the retirement, disability, death or other termination of a participant's employment shall be as determined by the Committee as set forth in the award agreement.

Awards. The following types of awards may be granted under the Plan:

Stock Options. Stock options may be granted in the form of incentive stock options within the meaning of Section 422 of the Code or stock options not meeting such Code definition (nonqualified stock options). The Plan permits all of the shares available under the Plan to be awarded in the form of incentive stock options if the Committee so determines. The exercise period for any stock option will be determined by the Committee at the time of grant which may provide that options may be exercisable in installments. The exercise price per share of common stock of any option may not be less than the fair market value of a share of common stock on the date of grant. Each stock option may be exercised in whole, at any time, or in part, from time to time, after the grant becomes exercisable. The exercise price is payable in cash, in shares of already owned common stock, in any combination of cash and shares, pursuant to a broker-assisted cashless exercise program, or by such methods as the Committee may deem appropriate, including but not limited to loans by the Company on such terms and conditions as the Committee may determine.

Stock Appreciation Rights. Stock appreciation rights (SARs) may be granted independently of any stock option or in tandem with all or any part of a stock option granted under the Plan, upon such terms and conditions as the Committee may determine. Upon exercise, an SAR entitles a participant to receive the excess of the fair market value of a share of common stock on the date the SAR is exercised over the fair market value of a share of common stock on the date the SAR is granted. The Committee will determine whether an SAR will be settled in cash, common stock or a combination of cash and common stock. Upon exercise of an SAR granted in conjunction with a stock option, the option or the portion thereof to which the SAR relates will be surrendered.

Restricted Shares. Restricted shares are shares of common stock that may not be sold or otherwise disposed of during a restricted period after grant, the duration of which will be determined by the Committee. The Committee may provide for the lapse of such restrictions in installments. Restricted shares may be voted by the recipient. Dividends on the restricted shares may be payable to the recipient in cash or in additional restricted shares. A recipient of a grant of restricted shares will generally earn unrestricted ownership thereof only if the individual is continuously employed by the Company or a subsidiary during the entire restricted period.

Performance Shares. Performance shares are grants of shares of common stock which are earned by achievement of performance goals established for the award by the Committee. During the applicable performance period determined by the Committee for an award, the shares may be voted by the recipient and the recipient is also entitled to receive dividends thereon unless the Committee determines otherwise. If the applicable performance criteria are met, at the end of the applicable performance period, the shares are earned and become unrestricted. The Committee may provide that a certain percentage of the number of shares originally awarded may be earned based upon the attainment of the performance goals.

Restricted and Performance Share Units. Share units are fixed or variable share units valued, at the Committee's discretion, in whole or in part by reference to, or otherwise based on, the fair market value of the Company's common stock. The Committee will determine the terms and conditions applicable to share units, including any applicable restrictions, conditions or contingencies, which may be related to individual, corporate or other categories of performance. A share unit may be payable in common stock, cash or a combination of both.

Other Incentive Awards. The Committee may grant other types of awards of common stock or awards based in whole or in part by reference to common stock (Other Incentive Awards). Such Other Incentive Awards include, without limitation, unrestricted stock grants or awards related to the establishment or acquisition by the Company or any subsidiary of a new or start-up business or facility. The Committee will determine the time at which grants of such Other Incentive Awards are to be made, the size of such awards and all other conditions of such awards, including any restrictions, deferral periods or performance requirements.

Except to the extent permitted by the specific terms of any nonqualified stock options, no award will be assignable or transferable except by will, the laws of descent and distribution or, in the Committee's discretion, in certain other manners.

Minimum Vesting and Restricted Period. Each award agreement will contain a requirement that no stock option award or grant of restricted shares may become fully exercisable prior to the third anniversary of the date of grant, and to the extent such an award provides for vesting in installments over a period of no less than three years, such vesting shall occur ratably on each of the first three anniversaries of the date of grant except, in each case, when employment terminates as a result of death, disability, retirement, layoff or upon a change of control and subject to certain other limited exceptions.

Term of Awards. The maximum term of unvested or unexercised awards is seven years after the initial date of grant.

Adjustments. In the event there is a change in the capital structure of the Company as a result of any stock dividend or split, recapitalization, merger, consolidation or spin-off or other similar corporate change, the Committee will make an adjustment in the number and class of shares of common stock available for issuance under the Plan (including the limit on awards other than stock options and stock appreciation rights), the number and class of shares subject to the per person limit on awards granted in any year, and the number and class of shares covered by any outstanding award and the price per share thereof.

Change of Control. In the event there is a change of control (as defined in the Plan) of the Company, all options and SARs outstanding shall become immediately exercisable and remain

exercisable for their entire term, all restrictions on restricted shares will lapse, all restricted share units will become fully vested and, unless otherwise specified in a participant's award agreement, all performance goals applicable to any awards shall be deemed attained at the maximum payment level. In addition, the Board of Directors (as constituted before the change of control) may, in its sole discretion:

require that shares of stock of the corporation resulting from such change of control, or a parent corporation thereof, be substituted for some or all of the shares subject to an outstanding award, with an appropriate and equitable adjustment to the award, and/or

require outstanding awards, in whole or in part, to be cancelled, and to provide for the holder to receive a cash payment (or shares in the resulting corporation or its parent corporation) in an amount (or having a value) equal to (a) in the case of a stock option or stock appreciation right, the number of shares then subject to the portion of such award cancelled multiplied by the excess, if any, of the highest per share price offered to holders of common stock in the change of control transaction, over the purchase price or base price per share subject to the award and (b) in the case of restricted shares, restricted share units, performance shares, performance share units or Other Incentive Awards, the number of shares of common stock or units then subject to the portion of such award cancelled multiplied by the highest per share price offered to holders of common stock in the change of control transaction.

Amendments and Termination. The Board of Directors may at any time suspend or terminate the Plan. The Board of Directors may amend the Plan at any time, subject to any requirement of shareholder approval imposed by applicable law, rule or regulation; provided, however, that any material amendment to the Plan will not be effective unless approved by the Company's shareholders. For this purpose, a material amendment is any amendment that would:

materially increase the number of shares available under the Plan or issuable to a participant;

change the types of awards that may be granted under the Plan;

expand the class of persons eligible to receive awards or otherwise participate in the Plan; or

reduce the price at which an option is exercisable either by amendment of an Award Agreement or by substitution of a new option at a reduced price (other than as permitted in Section 10).

No amendment, suspension or termination may adversely affect in any material way any awards previously granted thereunder. There is no set termination date for the Plan, although no incentive stock options may be granted more than 10 years after the effective date of the Plan. Neither the Board of Directors nor the Committee may reprice any previously granted stock option or stock appreciation right without shareholder approval.

Federal Income Tax Considerations. The following discussion summarizes the federal income tax consequences to participants who may receive grants of awards under the Plan. The discussion is based upon current interpretations of the Code, and the regulations promulgated thereunder as of such date.

Nonqualified Stock Options. For federal income tax purposes, no income is recognized by a participant upon the grant of a nonqualified stock option under the Plan. Upon the exercise of a

nonqualified option, compensation taxable as ordinary income will be realized by the participant in an amount equal to the excess of the fair market value of a share of common stock on the date of such exercise over the exercise price. A subsequent sale or exchange of such shares will result in gain or loss measured by the difference between (a) the exercise price, increased by any compensation reported upon the participant's exercise of the option and (b) the amount realized on such sale or exchange. Such gain or loss will be capital in nature if the shares were held as a capital asset and will be long-term if such shares were held for more than one year.

The Company is entitled to a deduction for compensation paid to a participant at the same time and in the same amount as the participant is considered to have realized compensation by reason of the exercise of an option.

Incentive Stock Options. No taxable income is realized by the participant pursuant to the exercise of an incentive stock option granted under the Plan, and if no disqualifying disposition of such shares is made by such participant within two years after the date of grant or within one year after the transfer of such shares to such participant, then (a) upon the sale of such shares, any amount realized in excess of the option price will be taxed to such participant as a long-term capital gain and any loss sustained will be a long-term capital loss, and (b) no deduction will be allowed to the Company for Federal income tax purposes. Upon exercise of an incentive stock option, the participant may be subject to alternative minimum tax on certain items of tax preference.

If the shares of common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the holding period described above, generally (a) the participant will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price thereof, and (b) the Company will be entitled to deduct such amount. Any further gain or loss realized will be taxed as short-term or long-term capital gain or loss, as the case may be, and will not result in any deduction by the Company.

If an incentive stock option is exercised at a time when it no longer qualifies as an incentive stock option, the option is treated as a nonqualified stock option.

Stock Appreciation Rights. No taxable income is recognized by a participant upon the grant of an SAR under the Plan. Upon the exercise of an SAR, however, compensation taxable as ordinary income will be realized by the participant in an amount equal to the cash received upon exercise, plus the fair market value on the date of exercise of any shares of common stock received upon exercise. Shares of common stock received on the exercise of an SAR will be eligible for capital gain treatment, with the capital gain holding period commencing on the date of exercise of the SAR.

The Company is entitled to a deduction for compensation paid to a participant at the same time and in the same amount as the participant is considered to have realized compensation by reason of the exercise of the SAR.

Restricted and Performance Shares. A recipient of restricted shares or performance shares generally will be subject to tax at ordinary income rates on the fair market value of the common stock at the time the restricted shares or performance shares vest or are no longer subject to forfeiture. However, a recipient who so elects under Section 83(b) of the Code within 30 days of the date of the grant will recognize ordinary taxable income on the date of the grant equal to the fair market value of the restricted shares or performance shares as if the restricted shares were unrestricted or the performance shares were earned and could be sold immediately. If the shares subject to such election are forfeited, the

recipient will not be entitled to any deduction, refund or loss for tax purposes with respect to the forfeited shares. Upon sale of the restricted shares or performance shares after vesting or after the forfeiture period has expired, the holding period to determine whether the recipient has long-term or short-term capital gain or loss begins when the restriction period expires. However, if the recipient timely elects to be taxed as of the date of the grant, the holding period commences on the date of the grant and the tax basis will be equal to the fair market value of the shares on the date of the grant as if the shares were then unrestricted and could be sold immediately. A participant receiving dividends with respect to restricted shares or performance shares for which the above-described election has not been made and prior to the time the restrictions lapse will recognize compensation taxable as ordinary income, rather than dividend income, in an amount equal to the dividends paid.

The amount of ordinary income recognized upon the lapse of restrictions or by making the above-described election is deductible by the Company as compensation expense, except to the extent the deduction limits of Section 162(m) of the Internal Revenue Code apply.

Restricted and Performance Share Units. A recipient of restricted or performance share units will generally be subject to tax at ordinary income rates on the fair market value of any common stock issued pursuant to such an award. The fair market value of any common stock received will generally be included in income at the time of receipt. The capital gain or loss holding period for any common stock distributed under an award will begin when the recipient recognizes ordinary income in respect of that distribution. The amount of ordinary income recognized is deductible by the Company as compensation expense, except to the extent the deduction limits of Section 162(m) of the Internal Revenue Code apply.

Other Incentive Awards. The federal income tax consequences of Other Incentive Awards will depend on how such awards are structured. Generally, the Company will be entitled to a deduction with respect to such awards only to the extent that the recipient realizes compensation income in connection with such awards. It is anticipated that Other Incentive Awards will usually result in compensation income to the recipient in some amount. However, some forms of Other Incentive Awards may not result in any compensation income to the recipient or any income tax deduction for the Company.

Performance Goals and Maximum Awards. Section 162(m) of the Code disallows federal income tax deductions for certain compensation in excess of \$1,000,000 per year paid to each of the Company's Chief Executive Officer and its other four most highly compensated executive officers (collectively, the Covered Employees). Under Section 162(m), compensation that qualifies as other performance-based compensation is not subject to the \$1,000,000 limit. One of the conditions necessary to qualify certain incentive awards as other performance-based compensation is that the material terms of the performance goals under which the award is made must be disclosed to, and approved by, the shareholders of the Company before the incentive compensation is paid.

For those types of awards under the Plan which require performance criteria to meet the definition of other performance-based compensation the Committee will, from time to time, establish performance criteria with respect to an award. These performance criteria may be measured in absolute terms or measured against, or in relationship to, other companies comparably, similarly or otherwise situated and may be based on, or adjusted for, other objective goals, events, or occurrences established by the Committee for a performance period, including earnings, earnings growth, revenues, expenses, stock price, market share, charge-offs, loan loss reserves, reductions in non-performing assets, return on assets, return on equity, return on investment, regulatory compliance, satisfactory internal or external audits, improvements in financial ratings, achievement of balance sheet or income statement objectives,

extraordinary charges, losses from discontinued operations, restatements and accounting changes and other unplanned special charges such as restructuring expenses, acquisition expenses including goodwill, and unplanned stock offerings and strategic loan loss provisions. The performance criteria related to an award must be established by the Committee prior to the completion of 25% of the performance period or such earlier date as may be required by Section 162(m) of the Code.

At the end of each performance period for an award, the Committee will determine the extent to which the performance criteria established for the performance period have been achieved and determine the payout of the performance award. The committee may, in its sole discretion, reduce or eliminate the payout of any award to the extent permitted under the Plan and applicable law.

Plan Benefits

The type and amount of any future awards under the Plan are not currently determinable by the Committee. The type and amount of any awards under the Plan if it had been in place during the last fiscal year are not determinable.

Registration with the SEC

The Company intends to file a Registration Statement on Form S-8 relating to the issuance of common shares under the Plan with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, as soon as is practicable after approval of the Plan by the Company's shareholders.

The Board of Directors strongly believes that approval of the 2007 Plan is essential to the Company's continued success. We believe equity compensation gives employees and directors a stake in the future success of the Company and view it as a vital component of the Company's ability to offer competitive compensation packages within a highly aggressive industry. As of the date of the Special Meeting, there will be a very limited number of options remaining available to the Company for future grant. The Board believes this will seriously harm the ability of the Company to attract and retain qualified employees and directors. The 2007 Plan is designed to assist us in recruiting, motivating and retaining talented employees and directors who will help us to continue achieving our business goals, including creating long-term value for shareholders. In formulating and reaching its decision to recommend approval of the 2007 Plan, the Board considered current best practices.

In order to facilitate approval of this proposal and assuage any shareholder concerns regarding the number of options the Company intends to grant in a given year, the Board of Directors of the Company commits to the Company's shareholders that for the next three fiscal years the average annual number of shares subject to options or full value awards granted to employees or non-employee directors (whether under the Plan or other plans) during such three fiscal years will not exceed 2.46% of the number of shares of the Company's common stock that the Company believes will be outstanding at the end of each such fiscal year. For purposes of calculating the number of shares granted in any six month period, full value awards will count as equivalent to (i) 1.5 option shares if the Company's stock price volatility is 53% or higher, (ii) two option shares if the Company's stock price volatility is between 25% and 52%, and (iii) four option shares if the Company's stock price volatility is less than 25%. For purposes of the calculation in the immediately preceding sentence, the Company's stock price volatility will be measured as of each December 31 and June 30 using the previous 200 day moving average, and the corresponding full value award multiplier will apply to all grants made in the six month period after such measurement date.

THE BOARD OF DIRECTORS RECOMMENDS SHAREHOLDERS VOTE FOR APPROVAL OF THE 2007 PLAN.
