**Item 2.05. Costs Associated with Exit or Disposal Activities**

On January 31, 2007, our Board of Directors and officers committed to a plan to close our Eindhoven, The Netherlands manufacturing facility and transfer production to our Minnetonka, Minnesota facility.

The restructuring will result in the termination of employment of three employees and the lease of our Eindhoven facility. We expect to complete the transition to, and obtain the necessary regulatory approvals of, our new facility in Minnetonka in the second half of 2007.

Based upon our current estimates, we anticipate incurring in 2007 approximately \$315,000 to \$445,000 of one-time, pre-tax exit charges, including cash charges for severance pay, lease buy-out, restoration of the leased facility and other associated costs, and non-cash charges of approximately \$10,000 to \$15,000 for asset impairment.
