**Item 5.03. Amendments to Articles of Incorporation or Bylaws; Changes in Fiscal Year.**

The Board of Directors of Northfield Laboratories Inc., a Delaware corporation (the Company), has approved an amendment to Article VI of the Company's bylaws to allow for the issuance of uncertificated shares. By being able to issue uncertificated shares, the Company may now participate in the Direct Registration System, which is currently administered by The Depository Trust Company. The Direct Registration System allows investors to have securities registered in their names without the issuance of physical certificates and allows investors to electronically transfer securities to broker-dealers in order to effect transactions without the risks and delays associated with transferring physical certificates. The amendment to the Company's bylaws also provides that each registered stockholder will be entitled to a stock certificate upon written request to the transfer agent or registrar of the Company. The foregoing amendment became effective as of November 30, 2007.

The full text of the Company's bylaws, as amended, is filed as Exhibit 3.1 to this Current Report, and amended Article VI thereof is incorporated herein by reference.
