To the Shareholders of Medical Assurance, Inc. and Professionals Group, Inc.:

The boards of directors of Medical Assurance, Inc. and Professionals Group, Inc. have approved the consolidation of Medical Assurance and Professionals Group. A new holding company will be formed under the name of ProAssurance Corporation. Medical Assurance and Professionals Group will become wholly-owned subsidiaries of ProAssurance.

If the consolidation is completed, then, subject to the adjustments and limitations described in this joint proxy statement/prospectus:

- each share of Medical Assurance common stock you own will be converted into one share of ProAssurance common stock; and
- each share of Professionals Group common stock you own will be converted into the right to receive YOUR CHOICE OF EITHER \$12.00 in cash and shares of ProAssurance common stock initially valued at \$14.00 OR \$26.00 in cash, with the cash payment in each case to be adjusted to reflect changes in the value of the portfolio assets of Professionals Group since December 31, 1999.

To determine the number of shares of ProAssurance common stock that has an initial value of \$14.00, we will divide \$14.00 by the average sales price of Medical Assurance common stock during the 20 trading day period ending on the date of the Professionals Group shareholder meeting. On April 25, 2001 the last reported sales price of Medical Assurance common stock was \$14.99, making \$14.00 worth of ProAssurance common stock equivalent to 0.934 shares. The closing price of Professionals Group common stock on that date was \$25.30.

Shareholder approval is needed to complete the consolidation and we have called special meetings of our shareholders for the purpose of approving the consolidation.

YOUR VOTE IS VERY IMPORTANT. PLEASE TAKE THE TIME TO VOTE BY COMPLETING AND MAILING THE ENCLOSED WHITE PROXY CARD IN THE WHITE ENVELOPE THAT HAS BEEN PROVIDED.

This joint proxy statement/prospectus provides you with detailed information about the consolidation. We encourage you to read this entire document carefully. You can also get information about Medical Assurance, Professionals Group and ProAssurance from publicly available documents we have filed with the SEC.

ADDENDUM

Addendum to Joint Proxy Statement of Medical Assurance, Inc. and Professionals Group, Inc. and Prospectus of ProAssurance Corporation dated April 30, 2001

THE CONSOLIDATION -- FINANCING FOR THE CONSOLIDATION

ProAssurance anticipated that the loan documents for the term loan and credit facility would be executed and delivered to the banks prior to the date of this joint proxy statement/ prospectus. Those loan documents are expected to be executed and delivered to the banks in the near future.

The first full paragraph on page 30 of the joint proxy statement/prospectus is revised to reflect this fact and that the obligation of the banks to fund the term loan and credit facility is subject to, among other things, the execution of the loan documents by ProAssurance and the banks.

QUESTIONS AND ANSWERS ABOUT THE CONSOLIDATION AND THE MEETINGS

REFERENCES IN THIS JOINT PROXY STATEMENT AND PROSPECTUS TO "WE," "US," "OUR," OR "OURS" REFER, AS THE CONTEXT MAY REQUIRE, TO MEDICAL ASSURANCE, PROFESSIONALS GROUP OR PROASSURANCE AFTER THE CONSOLIDATION. REFERENCES IN THIS JOINT PROXY STATEMENT/PROSPECTUS TO "MEDICAL ASSURANCE," "PROFESSIONALS GROUP" AND THE "PROASSURANCE" INCLUDE THEIR RESPECTIVE SUBSIDIARIES UNLESS THE CONTEXT OTHERWISE REQUIRES.

Q. WHAT AM I BEING ASKED TO VOTE ON?

A. You are being asked to approve the proposed consolidation of Medical Assurance and Professionals Group as subsidiaries of a newly formed holding company named ProAssurance Corporation.

Q. WHY ARE MEDICAL ASSURANCE AND PROFESSIONALS GROUP CONSOLIDATING?

A. We are consolidating because we believe that combining will create a stronger and more diversified company that will provide significant benefits to our shareholders and customers alike. As of December 31, 2000, the combined company would be the third largest provider of medical malpractice insurance in the United States with over \$2 billion in assets.

Q. WHEN WILL THE CONSOLIDATION TAKE PLACE?

A. We plan to complete the consolidation as soon as possible after our shareholder meetings, subject to the satisfaction or waiver of the conditions to the consolidation and all necessary regulatory approvals. Although we cannot predict exactly when all conditions will be satisfied and all regulatory approvals obtained, we hope to complete the consolidation before June 30, 2001.

Q. WHAT WILL I RECEIVE IN THE CONSOLIDATION?

A. If the consolidation is completed, then, subject to the adjustments and limitations described in this joint proxy statement/prospectus:

- each share of Medical Assurance common stock you own will be converted into one share of ProAssurance common stock; and

Edgar Filing: PROASSURANCE CORP - Form 424B3

- each share of Professionals Group common stock you own will be converted into the right to receive YOUR CHOICE OF EITHER \$12.00 in cash and shares of ProAssurance common stock initially worth \$14.00 OR \$26.00 in cash, with the cash payment in each case to be adjusted to reflect changes in the value of the portfolio assets of Professionals Group since December 31, 1999.

Q. WHAT DO I NEED TO DO NOW?

A. You need to read this joint proxy statement/prospectus and vote your shares by completing your white proxy card and mailing it in the enclosed white envelope as soon as possible.

Q. CAN I SUBMIT MY PROXY BY TELEPHONE OR OVER THE INTERNET?

A. You may be able to submit your proxy by telephone or over the Internet. You should refer to the white proxy card for instructions on how to vote. If you vote by telephone or over the Internet you do not need to complete and mail your proxy card.

Q. WHAT DO I DO IF I WANT TO CHANGE MY VOTE?

A. You can change your vote at any time before your proxy is voted at your shareholder meeting. There are three ways for you to do this:

- send written notice that you wish to revoke your proxy;
- send a later dated, signed proxy card; or
- attend your shareholder meeting and vote in person (your attendance alone will not revoke your proxy, you must complete and submit a ballot at your shareholder meeting).

1

7

In addition to the above procedures, votes submitted electronically via the Internet may also be revoked by subsequent Internet votes at any time before 4:00 p.m., Eastern Daylight time, on June 22, 2001.

Q. IF MY SHARES ARE HELD IN "STREET NAME," WILL MY BROKER OR BANKER VOTE MY SHARES FOR ME?

A. Your broker or banker will vote your shares only if you provide instructions to your broker on how to vote. You should instruct your broker to vote your shares by following the directions provided by your broker. Without instructions, your shares held in "street name" by your broker will not be voted and the effect will be the same as a vote against the consolidation proposal.

Q. DO I NEED TO SEND IN MY STOCK CERTIFICATES?

A. No, if you are a Medical Assurance shareholder. Your certificates for Medical Assurance stock will represent the same number of shares of ProAssurance stock automatically after the consolidation.

Yes, if you are a Professionals Group shareholder. YOU MUST DELIVER YOUR PROPERLY COMPLETED YELLOW ELECTION FORM/LETTER OF TRANSMITTAL, TOGETHER WITH YOUR PROFESSIONALS GROUP STOCK CERTIFICATES, A BOOK ENTRY TRANSFER FOR YOUR SHARES, OR A GUARANTEE OF DELIVERY FOR YOUR CERTIFICATES, TO THE EXCHANGE AGENT BY 5:00 P.M., NEW YORK CITY TIME, ON THE DAY THE CONSOLIDATION IS COMPLETED, WHICH WE EXPECT TO BE JUNE 27, 2001. After this

Edgar Filing: PROASSURANCE CORP - Form 424B3

deadline, you may not make any elections with respect to the consideration you wish to receive in the consolidation.

The yellow election form/letter of transmittal must be sent, together with your Professionals Group stock certificates, a book entry transfer for your shares, or a guarantee of delivery for your certificates, to the exchange agent at the address below:

Mellon Investor Services LLC
85 Challenger Road
Ridgefield Park, New Jersey 07660

Q. HOW DO I ELECT THE TYPE OF CONSIDERATION I WISH TO RECEIVE FOR MY SHARES OF PROFESSIONALS GROUP COMMON STOCK?

A. You can elect the type of consideration you wish to receive for your shares of Professionals Group common stock by completing the enclosed yellow election form/letter of transmittal and specifying:

- the number of your shares of Professionals Group common stock that you wish to be converted into cash and shares of ProAssurance common stock; and
- the number of your shares of Professionals Group common stock that you wish to be converted into solely cash.

Because the total amount of cash that can be paid to Professionals Group shareholders as a group may not exceed 90% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock, you may not receive the form of payment you select for your shares of Professionals Group common stock. If the cash consideration elected by Professionals Group shareholders is more than the amount of cash available for payment, then some "all cash" elections will be converted to "cash and stock" elections, and the shares of Professionals Group common stock subject to such converted elections will be exchanged for a combination of cash and shares of ProAssurance common stock as if the holder had made a "cash and stock" election. The "all cash" elections to be converted into "cash and stock" elections will be selected by the exchange agent in the order last received by the exchange agent.

You should note that the tax consequences of the consolidation depend on what you receive in the consolidation. See "Material Federal Income Tax Consequences" on page 57 of this joint proxy statement/prospectus.

Q. CAN I MAKE PARTIAL ELECTIONS?

A. Yes. If you are a Professionals Group shareholder, then you can elect to receive cash and shares of ProAssurance common stock for some of your shares of Professionals Group common stock and solely cash for the remainder. JUST COMPLETE AND MAIL THE ENCLOSED YELLOW ELECTION FORM/LETTER OF TRANSMITTAL, TOGETHER WITH YOUR PROFESSIONALS GROUP STOCK CERTIFICATES, A BOOK ENTRY TRANSFER FOR YOUR SHARES, OR A GUARANTEE OF DELIVERY FOR YOUR CERTIFICATES, TO THE EXCHANGE AGENT PRIOR TO THE DEADLINE LISTED ABOVE. As described above, elections to receive solely cash are subject to change in the event the solely cash election is oversubscribed.

Q. CAN I REVOKE OR CHANGE MY ELECTION?

A. Yes. If you are a Professionals Group shareholder, then you can revoke or

Edgar Filing: PROASSURANCE CORP - Form 424B3

change your election for any or all of your shares of Professionals Group common stock by giving written notice to the exchange agent prior to 5:00 p.m., New York City time, on the day the consolidation is completed, which we expect to be June 27, 2001. You can also revoke your election by withdrawing your shares of Professionals Group common stock (or withdrawing your guarantee of delivery of your certificates) prior to the deadline listed above. After this deadline, you may not revoke or change any elections you have made with respect to the consideration you wish to receive in the consolidation.

Q. WHAT HAPPENS IF I FAIL TO MAKE A TIMELY VALID ELECTION?

A. If you are a Professionals Group shareholder and you fail to make a timely valid election, then you will receive cash and shares of ProAssurance common stock for your shares of Professionals Group common stock.

Q. WHO CAN HELP ANSWER MY QUESTIONS?

A. If you have more questions about the consolidation or the meetings, you should contact:

OUR COMPANIES PROVIDE INSURANCE

Medical Assurance. Medical Assurance is a Delaware insurance holding company. Medical Assurance, through The Medical Assurance Company, Inc. and other insurance subsidiaries, provides medical malpractice liability insurance for health care providers in the United States, with its most significant

Edgar Filing: PROASSURANCE CORP - Form 424B3

presence in states located in the south and midwest sections of the United States. Medical Assurance's principal executive offices are located at 100 Brookwood Place, Birmingham, Alabama 35209; telephone (205) 877-4400.

Professionals Group. Professionals Group is a Michigan insurance holding company. Professionals Group, through ProNational Insurance Company and other insurance subsidiaries, provides medical malpractice liability insurance for healthcare providers in the United States, with its most significant presence in states located in the midwest section of the United States and in Florida. Professionals Group also provides personal auto, homeowners, boat and umbrella insurance for educational employees and other Michigan residents through its subsidiary MEEMIC Holdings, Inc. Professionals Group's executive offices are located at 2600 Professionals Drive, Okemos, Michigan 48864; telephone (517) 349-6500.

ProAssurance. ProAssurance Corporation is a newly formed Delaware corporation that has been organized to serve as the parent holding company for Medical Assurance and Professionals Group. It has yet to conduct any business operations. After the consolidation is completed, Medical Assurance and Professionals Group will continue to operate as wholly-owned subsidiaries of ProAssurance. The principal executive offices of ProAssurance are located at 100 Brookwood Place, Birmingham, Alabama 35209; telephone (205) 877-4400.

MEDICAL ASSURANCE SHAREHOLDERS WILL RECEIVE ONLY STOCK IN THE CONSOLIDATION
(PAGE 26)

Each share of Medical Assurance common stock you own will be converted into one share of ProAssurance common stock.

We have fixed the exchange ratio for shares of Medical Assurance common stock. Because we cannot predict the market price of shares of ProAssurance common stock prior to or following the completion of the consolidation, we cannot predict the value of the shares of ProAssurance common stock you will receive for your shares of Medical Assurance common stock. That value could be significantly higher or lower than the current value of your shares of Medical Assurance common stock. On April 25, 2001 the last reported sales price of Medical Assurance common stock was \$14.99.

PROFESSIONALS GROUP SHAREHOLDERS WILL RECEIVE THEIR CHOICE OF CASH AND STOCK OR ONLY CASH IN THE CONSOLIDATION (PAGE 26)

Each share of Professionals Group common stock you own will be converted into the right to receive YOUR CHOICE OF EITHER \$12.00 in cash and shares of ProAssurance common stock initially valued at \$14.00 OR \$26.00 in cash. However, in each case the cash payable with respect to a share of Professionals Group common stock may be increased or decreased to reflect certain increases or decreases in the value of Professionals Group's portfolio assets since December 31, 1999. Your choice will be subject to the following limitations:

- the total amount of cash that can be paid to Professionals Group shareholders as a group may not exceed 90% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock; and

4

10

- fractional shares of ProAssurance common stock will not be issued; instead, you will receive the value of any fractional share in cash.

Because we cannot predict the market price of shares of ProAssurance common stock prior to or following the completion of consolidation, to determine the number of shares of ProAssurance common stock that has an initial value of

Edgar Filing: PROASSURANCE CORP - Form 424B3

\$14.00, we will divide \$14.00 by the average sales price of Medical Assurance common stock during the 20 trading day period ending on the date of the Professionals Group shareholder meeting. On April 25, 2001 the last reported sales price of Medical Assurance common stock was \$14.99, making \$14.00 worth of ProAssurance common stock equivalent to 0.934 of a share.

We have fixed the exchange ratio for shares of Professionals Group common stock, subject to adjustment to reflect certain changes in the aggregate market value of Professionals Group's consolidated portfolio assets. Because we cannot predict the market price of shares of ProAssurance common stock prior to or following completion of the consolidation, we cannot predict the value of the shares of ProAssurance common stock that you may receive for your shares of Professionals Group common stock. Accordingly, the value of the combination of cash and shares of ProAssurance common stock following completion of the consolidation, based on reported market prices, could be significantly higher or lower than the amount payable solely in cash for a share of Professionals Group common stock in the consolidation. On April 25, 2001 the last reported sales price of Professionals Group common stock was \$25.30.

YOU SHOULD OBTAIN CURRENT STOCK PRICE QUOTATIONS FOR MEDICAL ASSURANCE COMMON STOCK (NYSE SYMBOL: MAI) AND PROFESSIONALS GROUP COMMON STOCK (NASDAQ NATIONAL MARKET SYMBOL: PICM). THESE QUOTATIONS ARE AVAILABLE FROM YOUR STOCK BROKER, IN MAJOR NEWSPAPERS AND ON THE INTERNET.

PROFESSIONALS GROUP SHAREHOLDERS MUST COMPLETE A YELLOW ELECTION FORM/LETTER OF TRANSMITTAL TO SELECT THE TYPE OF CONSIDERATION THEY WISH TO RECEIVE (PAGE 31).

You can elect the type of consideration you wish to receive for your shares of Professionals Group common stock by completing the enclosed yellow election form/letter of transmittal and specifying:

- the number of your shares of Professionals Group common stock that you wish to be converted into cash and shares of ProAssurance common stock; and
- the number of your shares of Professionals Group common stock that you wish to be converted into solely cash.

You may make partial elections and elect to receive cash and shares of ProAssurance common stock for some of your shares of Professionals Group common stock and solely cash for the remainder.

Because the total amount of cash that can be paid to Professionals Group shareholders as a group may not exceed 90% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock, you may not receive the form of payment you select for your shares of Professionals Group common stock. If the cash consideration elected by Professionals Group shareholders is more than the amount of cash available for payment, then some "all cash" elections will be converted to "cash and stock" elections, and the shares of Professionals Group common stock subject to such converted elections will be exchanged for a combination of cash and shares of ProAssurance common stock as if the holder had made a "cash and stock" election. The "all cash" elections subject to conversion to "cash and stock" elections will be selected by the exchange agent in the order last received by the exchange agent. "All cash" elections will be converted into "cash and stock" elections until ProAssurance common stock to be issued to Professionals Group shareholders comprises at least 10% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock. If you make an "all cash" election, you will not know the actual mix of consideration that you will receive for your Professionals Group shares at the time you make your election because of the possibility of an "all cash" election being converted to a "cash and stock" election.

If you are a Professionals Group shareholder, then YOU MUST DELIVER YOUR PROPERLY COMPLETED YELLOW ELECTION FORM/LETTER OF TRANSMITTAL, TOGETHER WITH YOUR PROFESSIONALS GROUP STOCK CERTIFICATES, A BOOK ENTRY TRANSFER FOR YOUR SHARES, OR A GUARANTEE OF DELIVERY FOR YOUR CERTIFICATES, TO THE EXCHANGE AGENT BY 5:00 P.M., NEW YORK CITY TIME, ON THE DAY THE CONSOLIDATION IS COMPLETED, WHICH WE EXPECT TO BE JUNE 27, 2001. After this deadline, you may not make any elections with respect to the consideration you wish to receive in the consolidation.

The yellow election form/letter of transmittal must be sent, together with your Professionals Group stock certificates, a book entry transfer for your shares, or a guarantee of delivery for your certificates, to the exchange agent at the address below:

Mellon Investor Services LLC
85 Challenger Road
Ridgefield Park, New Jersey 07660

You can revoke your election for any or all of your shares of Professionals Group common stock by giving written notice to the exchange agent prior to 5:00 p.m., New York City time, on the day the consolidation is completed, which we expect to be June 27, 2001, or, by withdrawing your shares of Professionals Group common stock (or withdrawing your guarantee of delivery of your certificates) prior to the deadline listed above.

If you fail to make a timely valid election, then you will receive cash and shares of ProAssurance common stock for your shares of Professionals Group common stock.

THE TAX CONSEQUENCES OF THE CONSOLIDATION TO YOU DEPEND ON WHAT YOU RECEIVE IN THE CONSOLIDATION (PAGE 57)

The consolidation will not result in the recognition of gain or loss by ProAssurance, Medical Assurance or Professionals Group. The federal income tax consequences to the shareholders of Medical Assurance and Professionals Group will be as follows:

- If you hold shares of Medical Assurance common stock, you will not recognize any gain or loss on the exchange of your shares of Medical Assurance common stock for shares of ProAssurance common stock in the consolidation. Your adjusted tax basis in the shares of ProAssurance common stock that you receive in the consolidation will equal your adjusted basis in the shares of Medical Assurance common stock that you surrendered. The holding period for the shares of ProAssurance common stock that you receive in exchange for your shares of Medical Assurance common stock will include your holding period for the shares of Medical Assurance common stock that you surrendered.
- If you hold shares of Professionals Group common stock, and you exchange those shares of Professionals Group common stock for both cash and shares of ProAssurance common stock in the consolidation, you will recognize gain equal to the lesser of (a) the amount of cash received in the exchange or (b) the amount of gain that you realize on the exchange. The amount of gain that you realize on the exchange will be equal to the excess of the sum of the cash (including cash received for any fractional shares) and the value of the shares of ProAssurance common stock received in the exchange over your tax basis of the shares of Professionals Group common stock exchanged therefor. You will not be entitled to recognize a

Edgar Filing: PROASSURANCE CORP - Form 424B3

loss on such exchange for federal income tax purposes. Your tax basis in the shares of ProAssurance common stock you receive in exchange for your shares of Professionals Group common stock will be the same as your tax basis in those Professionals Group shares increased by any gain that you recognize on those Professionals Group shares as a result of the consolidation and reduced by the amount of any cash that you receive for those Professionals Group shares in the consolidation.

- If you hold shares of Professionals Group common stock, and you exchange those shares of Professionals Group common stock for solely cash in the consolidation, you will recognize gain or

6

12

loss equal to the difference between the cash received and your adjusted tax basis in the shares of Professionals Group common stock exchanged solely for cash.

Tax matters are complicated, and tax results may vary among shareholders. The tax consequences of the consolidation to you will depend entirely upon your own financial and tax situation. Accordingly, we urge you to contact your own tax advisor to understand fully how the consolidation will affect you.

THERE ARE RISK FACTORS ASSOCIATED WITH THE CONSOLIDATION

This joint proxy statement/prospectus includes, or incorporates by reference, certain additional factors related to our operations and business strategies generally and the consolidation and the consolidation's effects on our companies specifically. YOU SHOULD READ CAREFULLY THE SECTION ENTITLED "RISK FACTORS" BEGINNING ON PAGE 10 AND THE SECTION ENTITLED "FORWARD-LOOKING INFORMATION" BEGINNING ON PAGE 15.

You should also review the factors considered by our boards of directors and the analyses of their financial advisors that are described on pages 43-55.

YOU WILL NOT HAVE DISSENTERS' RIGHTS OF APPRAISAL (PAGE 24)

Dissenters' rights of appraisal are not available to either Medical Assurance shareholders or Professionals Group shareholders.

OUR BOARDS OF DIRECTORS RECOMMEND THAT YOU APPROVE THE CONSOLIDATION (PAGES 39-43)

Medical Assurance. The Medical Assurance board of directors believes that the consolidation is fair to you and in your best interests. It recommends that Medical Assurance shareholders vote FOR the consolidation.

Professionals Group. The Professionals Group board of directors believes that the consolidation is fair to you and in your best interests. It recommends that Professionals Group shareholders vote FOR the consolidation.

OUR FINANCIAL ADVISORS BELIEVE THE CONSOLIDATION IS FAIR FROM A FINANCIAL POINT OF VIEW (PAGES 43-55)

In deciding to approve the consolidation, your board of directors considered an opinion from its financial advisor as to the fairness, from a financial point of view, of the consideration to be paid in the consolidation.

Medical Assurance received an opinion from its financial advisor, First Union Securities, Inc., that the exchange ratio is fair to Medical Assurance from a financial point of view.

Edgar Filing: PROASSURANCE CORP - Form 424B3

Professionals Group received an opinion from its financial advisor, Cochran, Caronia & Co., that the consideration to be paid in the consolidation to holders of Professionals Group common stock is fair, from a financial point of view, to the holders of Professionals Group common stock.

These opinions are attached as Appendices B and C to this joint proxy statement/prospectus. We encourage you to read these opinions completely and carefully.

WHAT WE NEED TO DO TO COMPLETE THE CONSOLIDATION (PAGE 69)

To complete the consolidation we must satisfy a number of conditions including:

- approval of the consolidation by both Medical Assurance shareholders and Professionals Group shareholders;
- the absence of any legal restraints that prevent the completion of the consolidation;
- approval of the consolidation by regulatory authorities;
- approval for listing on the New York Stock Exchange, subject to official notice of issuance, of the shares of ProAssurance common stock to be issued in the consolidation;

- receipt of an opinion from Ernst & Young LLP, or other nationally recognized accounting firm, with respect to the federal income tax treatment of our companies and our shareholders; and
- ratings from the A.M. Best Rating Agency no less favorable than A- with respect to each of Medical Assurance and Professionals Group, and no notice that either of their ratings will be less favorable than A- after the consolidation.

None of the conditions listed above will be waived by either of us. However, we may elect to waive the other conditions to the consolidation. If either of us waives any condition to the closing of the consolidation, we will each consider at the time whether the facts and circumstances of the waiver make a resolicitation of proxies from shareholders appropriate. However, if either of us waives a condition that we deem material to the closing of the consolidation, we will resolicit proxies from shareholders. We can't be certain when or if the conditions to the consolidation will be satisfied or waived, or that the consolidation will be completed.

RECIPROCAL TERMINATION FEES (PAGE 72)

Generally, if the consolidation agreement is terminated because Medical Assurance failed to support the consolidation or to oppose an offer from a third party to acquire it, then Medical Assurance must pay Professionals Group an expense allowance and liquidated damages of not more than \$9.9 million.

Generally, if the consolidation agreement is terminated because Professionals Group failed to support the consolidation or to oppose an offer from a third party to acquire it, then Professionals Group must pay Medical Assurance an expense allowance and liquidated damages of not more than \$9.9 million.

Edgar Filing: PROASSURANCE CORP - Form 424B3

The termination fees are intended to increase the likelihood that the consolidation will be completed.

RECIPROCAL STOCK OPTION AGREEMENTS (PAGE 75)

To increase the likelihood that the consolidation will be completed, and to discourage other persons who may be interested in acquiring Professionals Group, Medical Assurance required Professionals Group to grant Medical Assurance a stock option that allows Medical Assurance to buy up to 437,230 shares of Professionals Group common stock at a price of \$26.00 per share. Medical Assurance can exercise this option only if another person attempts to acquire control of Professionals Group.

To increase the likelihood that the consolidation will be completed, and to discourage other persons who may be interested in acquiring Medical Assurance, Professionals Group required Medical Assurance to grant Professionals Group a stock option that allows Professionals Group to buy up to 1,146,838 shares of Medical Assurance common stock at a price of \$14.26 per share. Professionals Group can exercise this option only if another person attempts to acquire control of Medical Assurance.

OUR OFFICERS AND DIRECTORS HAVE INTERESTS IN THE CONSOLIDATION THAT ARE DIFFERENT FROM YOUR INTERESTS (PAGE 59)

When considering the recommendation of our boards of directors, you should be aware that some of our directors and officers have interests in the consolidation that are different from, or in addition to, your interests as shareholders. These interests exist because of agreements that certain of our directors and officers have with Professionals Group or Medical Assurance, as applicable, including severance agreements, and rights that they may have under incentive compensation plans maintained by us. Some of these agreements and plans will provide the officers of Professionals Group and its subsidiary, MEEMIC Holdings, with severance benefits after the consolidation. In addition, unvested stock options and stock grants previously granted to employees of Professionals Group and MEEMIC Holdings, will become exercisable by their holders in connection with the consolidation.

These interests also arise from provisions in the consolidation agreement relating to appointments to the ProAssurance board of directors, director and officer indemnification and insurance, and employment

8

14

arrangements and employee benefits after the consolidation. Our boards of directors were aware of these interests and considered them, among other matters, in approving the consolidation agreement.

Also, following the consolidation, ProAssurance and Medical Assurance will purchase directors' and officers' insurance for Professionals Group's officers and directors. In addition, ProAssurance and its subsidiaries will indemnify directors and officers of our companies, for events occurring before the consolidation, including events that are related to the consolidation. This indemnity and insurance will be in addition to the indemnification and insurance that our officers and directors are entitled to while acting in that capacity after the consolidation.

DIRECTORS AFTER THE CONSOLIDATION (PAGE 63)

If the consolidation is completed, the board of directors of ProAssurance will consist of 11 persons, including eight of the persons who are currently directors of Medical Assurance and three of the persons who are currently

Edgar Filing: PROASSURANCE CORP - Form 424B3

directors of Professionals Group.

EXECUTIVE OFFICERS AFTER THE CONSOLIDATION (PAGE 63)

A. Derrill Crowe, M.D., the current chairman of the board and chief executive officer of Medical Assurance, will serve as chairman of the board and chief executive officer of ProAssurance. Victor T. Adamo, Esq., CPCU, the current chief executive officer and a director of Professionals Group, will serve as vice chairman of the board and president of ProAssurance.

COMPARISON OF SHAREHOLDER RIGHTS

There are significant differences among the rights of ProAssurance shareholders, the rights of Professionals Group shareholders and the rights of Medical Assurance shareholders. Among the material differences are differences in:

- the election and removal of directors (page 91);
- the calling of shareholder meetings, shareholder voting requirements and the procedures for shareholder nominations (page 92);
- the right and power to amend charter and by-law provisions (page 95-96);
- indemnification (page 97);
- the payment of dividends (page 98);
- dissenters' rights of appraisal (page 98); and
- anti-takeover laws (page 99).

These differences exist because the rights of Medical Assurance shareholders are currently governed by Delaware law and Medical Assurance's certificate of incorporation and by-laws, the rights of Professionals Group shareholders are currently governed by Michigan law and Professionals Group's articles of incorporation and by-laws, and the rights of ProAssurance's shareholders will be governed by Delaware law and its certificate of incorporation and by-laws. When the consolidation is completed, Medical Assurance shareholders and those shareholders of Professionals Group who receive shares of ProAssurance common stock will become ProAssurance shareholders and their rights will be governed by Delaware law and ProAssurance's certificate of incorporation and by-laws.

THE CONSOLIDATION AGREEMENT (PAGE 67 AND APPENDIX A)

A copy of the consolidation agreement, as amended, without any exhibits or schedules is attached to this joint proxy statement/prospectus as Appendix A and is incorporated by reference. We encourage you to read the consolidation agreement completely and carefully as it is the legal document that governs the consolidation.

RISK FACTORS

You should consider the following matters in deciding whether to vote in favor of the consolidation, in addition to the other information included or incorporated by reference in this joint proxy statement/prospectus.

RISKS RELATED TO THE CONSOLIDATION

Edgar Filing: PROASSURANCE CORP - Form 424B3

Both Medical Assurance and Professionals Group shareholders should consider the following risks related to the consolidation and the combined company.

You Could Receive Consideration Having a Value That is Less Than the Current Value of Your Shares. Because we cannot predict the market price of ProAssurance common stock prior to or following the completion of the consolidation, we cannot predict the value of the shares of ProAssurance common stock that you receive for your shares. Moreover, because stock prices fluctuate, the market value of the shares of ProAssurance common stock that you receive in the consolidation may increase or decrease following the consolidation.

For Professionals Group shareholders, this means that the value of the combination of cash and shares of ProAssurance stock that you may receive for one of your shares of Professionals Group common stock following completion of the consolidation, based on reported market prices, could be significantly higher or lower than the amount payable solely in cash for a share of Professionals Group common stock in the consolidation.

Professionals Group Shareholders May Receive Consideration That is Inconsistent with Their Elections. Because the total amount of cash that can be paid to Professionals Group shareholders as a group may not exceed 90% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock, you may not receive the form of payment you select for your shares of Professionals Group common stock. If the cash consideration elected by Professionals Group shareholders is more than the amount of cash available for payment, then some "all cash" elections will be converted to "cash and stock" elections, and the shares of Professionals Group common stock subject to such converted elections will be exchanged for a combination of cash and shares of ProAssurance common stock as if the holder had made a "cash and stock" election. The "all cash" elections subject to such conversion will be selected by the exchange agent in the order last received by the exchange agent. "All cash" elections will be converted into "cash and stock" elections until ProAssurance common stock to be issued to Professionals Group shareholders comprises at least 10% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock.

Our Officers and Directors Have Potential Conflicts of Interest in the Consolidation. Our directors and officers will have interests in the consolidation that are different from and in addition to your interests as shareholders. All of the directors of Medical Assurance and three of the current directors of Professionals Group have been elected to serve as directors of ProAssurance, and all of the executive officers of Medical Assurance and Professionals Group are expected to be employed in similar capacities with similar employee benefits after the consolidation. As discussed under "Interests of Directors and Officers in the Consolidation," certain of the officers and directors of Professionals Group have "change of control" arrangements that provide for severance payments after a "change of control" of Professionals Group, and certain of them have stock options and stock grants that will vest upon a change of control. The approval of the consolidation by the shareholders of Professionals Group will result in a change of control for purposes of such arrangements, options and grants. You should be aware of these potential conflicts of interest relating to the benefits available to certain of our officers and directors when considering the determinations of our boards of directors to approve the consolidation.

The Internal Revenue Service May Disagree With Our Description of the Federal Income Tax Consequences. We have not applied for, nor do we expect to obtain, a ruling from the Internal Revenue Service with respect to the federal income tax consequences of the consolidation. We have received an opinion from Ernst & Young LLP as to certain anticipated federal income tax consequences as

described

10

16

under "Material Federal Income Tax Consequences." Such opinion is qualified in certain respects and is not binding on the Internal Revenue Service. No assurance can be given that the Internal Revenue Service will not challenge the favorable income tax consequences of the consolidation. We would vigorously contest any such challenge.

Our Increased Leverage will Create Increased Demands on Cash Flow for Debt Service. ProAssurance will derive the cash needed to pay the Professionals Group shareholders in the consolidation from the following sources:

- Up to \$135 million as dividends from Medical Assurance and Professionals Group payable to ProAssurance immediately upon completion of the consolidation; and
- Approximately \$110 million from a bank term loan to be made to ProAssurance and funded concurrently with completion of the consolidation.

Medical Assurance intends to fund in part its dividend to ProAssurance with the proceeds of an extraordinary dividend of approximately \$25 million from its principal insurance subsidiary, The Medical Assurance Company, Inc. The balance of the funds to be distributed as a dividend from Medical Assurance to ProAssurance were previously paid to Medical Assurance as ordinary dividends from its insurance subsidiaries.

Professionals Group intends to fund in part its dividend with the proceeds of an extraordinary dividend of approximately \$50 million from one of its principal insurance subsidiaries, ProNational Insurance Company. The balance of the funds to be distributed as a dividend from Professionals Group to ProAssurance were previously paid to Professionals Group as ordinary dividends from its insurance subsidiaries.

Because ProAssurance will have no business operations of its own, it will be dependent on dividends paid from its insurance subsidiaries to fund the debt service on the term loan. The payment of dividends by insurance companies is subject to regulation under state insurance laws which in some cases require regulatory approval prior to payment of the dividend. The failure of the insurance subsidiaries to generate cash flow in an amount sufficient to pay dividends to fund debt service may result in a default under the loan which, if not waived, may cause the loan to become immediately due and payable.

In addition, increased debt and debt service may have an adverse effect on the combined company's capital position and liquidity. While ProAssurance believes that future operating cash flow of its subsidiaries will be sufficient to fund their operations and the debt service of ProAssurance, leverage and debt service requirements could have important consequences to holders of ProAssurance common stock, including the following:

- making ProAssurance more vulnerable to economic downturns and adverse changes in interest rates;
- restricting ProAssurance's ability to obtain additional financing in the future for working capital, capital expenditures, acquisitions, general corporate purposes and other purposes;
- making it more difficult for ProAssurance and its insurance subsidiaries to maintain favorable credit ratings with rating agencies such as A.M.

Edgar Filing: PROASSURANCE CORP - Form 424B3

Best; and

- requiring a substantial portion of the combined companies' cash flow from operations to be dedicated to the payment of principal and interest on its indebtedness, thereby reducing the funds available for operations or dividends to shareholders.

In connection with such indebtedness, ProAssurance expects to become subject to numerous financial and other restrictive covenants (including restrictions on payments of dividends, incurrences of additional indebtedness and mergers and acquisitions). The failure to comply with these covenants may result in an event of default which, if not cured or waived, could cause such indebtedness to be declared immediately due and payable. Any substantial increase in ProAssurance's debt levels, or the inability of ProAssurance to borrow funds at favorable interest rates or to comply with the financial or other restrictive covenants,

11

17

could have a material adverse effect on the business, financial condition, results of operations or prospects of ProAssurance.

Substantial Sales of ProAssurance Common Stock Could Adversely Affect its Market Price. All of the shares of ProAssurance common stock that are to be issued in the consolidation may be sold immediately, except for those shares received by those shareholders who are affiliates of Medical Assurance, Professionals Group or ProAssurance within the meaning of Rule 145 of the Securities Act of 1933. Substantially all of the shares of ProAssurance common stock outstanding after the consolidation will be freely tradeable (subject to certain Rule 144 restrictions in the case of affiliates). The sale of a substantial amount of ProAssurance common stock after the consolidation could adversely affect its market price. It could also impair ProAssurance's ability to raise money through the sale of more stock or other forms of capital. In addition, the sale of authorized but unissued shares of ProAssurance common stock by ProAssurance after the consolidation could adversely affect its market price. Based on certain assumptions we have made, we expect that there will be approximately 25.4 million shares of ProAssurance common stock outstanding after the consolidation, excluding ProAssurance shares issuable upon the exercise of outstanding options. ProAssurance's certificate of incorporation authorizes the issuance of up to approximately 74.6 million additional shares of ProAssurance common stock.

Professionals Group's Personal Lines Insurance is Concentrated in a Single State and is Highly Cyclical. Professionals Group provides personal auto, homeowners, boat and umbrella insurance for educational employees and others in Michigan through its subsidiary, MEEMIC Holdings. Since this personal lines insurance is currently offered only in Michigan, the revenues and earnings associated with it are subject to prevailing economic, regulatory, demographic and other conditions in Michigan, as well as the impact of natural catastrophes, to a greater extent than if it were offered in several states or regions.

Personal lines insurance is highly cyclical. The profitability of personal lines insurance can be affected significantly by price competition, regulatory changes, volatile weather conditions, legal developments affecting insurer liability and the size of jury awards, and fluctuations in interest rates and other investment factors.

Personal lines insurance is also very competitive. Competitors include numerous insurance companies as well as various self-insurance mechanisms. Principal competitors of Professionals Group in this area include large national property and casualty insurance companies that have substantially greater

Edgar Filing: PROASSURANCE CORP - Form 424B3

financial resources than does Professionals Group.

Our Corporate Structure Could Limit Our Ability to Pay Dividends. ProAssurance is a legal entity separate and distinct from its subsidiaries. Because ProAssurance will have no significant operations of its own, the principal sources of its funds will be dividends and other distributions from its subsidiaries, borrowings and sales of equity. The rights of ProAssurance, and consequently its shareholders, to participate in any distribution of assets of any of its subsidiaries is subject to prior claims of policyholders, creditors and preferred shareholders, if any, of such subsidiary (except to the extent claims of ProAssurance in its capacity as a creditor are recognized), and to certain regulatory restrictions. Consequently, ProAssurance's ability to fund its operations and pay debt may be limited.

ProAssurance may engage in activities in addition to providing insurance through its subsidiaries. Such activities could include activities related to providing insurance, such as claims and risk management services, and activities unrelated to insurance. However, ProAssurance has not presently specifically identified any such additional activities. To the extent that ProAssurance engages in activities that are unrelated to its insurance operations, it may have no or limited experience or senior management expertise related to such new activities.

RISKS RELATED TO PROFESSIONALS GROUP SHAREHOLDERS

As a Professionals Group shareholder you have the right to receive, subject to certain limitations and adjustments described in this joint proxy statement/prospectus, your choice of either \$12.00 in cash and shares of ProAssurance common stock initially worth \$14.00 or \$26.00 in cash. If you elect to receive

12

18

"cash and stock" you will receive stock in an entity principally engaged in the medical malpractice insurance industry. In determining whether to make a "cash and stock" election or an "all cash" election, you should consider the risks that follow:

Our Revenue May Fluctuate With the Business Cycle and Interest Rates. Virtually all of Medical Assurance's insurance premium revenue is derived from medical malpractice risks. Approximately one-half of Professionals Group's insurance premium revenue is derived from medical malpractice risks. Many factors influence the financial results of the medical malpractice insurance business, several of which are beyond our control. The supply of medical malpractice insurance, or the industry's underwriting capacity, is determined principally by the industry's level of capitalization, historical underwriting results, returns on investment and perceived premium rate adequacy.

Historically, the financial performance of the medical malpractice insurance industry has tended to fluctuate in cyclical patterns characterized by periods of greater competition in pricing and underwriting terms and conditions (a "soft insurance market") followed by periods of capital shortage and lesser competition (a "hard insurance market"). For several years, the medical malpractice insurance industry has faced a soft insurance market that has generally resulted in lower premiums and reduced profitability. More recently, loss costs have begun to rise beyond normal inflationary levels. We are endeavoring to compete in this market through premium rate increases and more selective underwriting practices, but there can be no assurance that these practices will be successful. Moreover, there can be no assurances regarding whether or when market conditions will improve, or the manner in which, or the extent to which, changes in market conditions may impact our results and

Edgar Filing: PROASSURANCE CORP - Form 424B3

operations.

We generally rely on the positive performance of our investment portfolios to offset insurance losses and to enhance profitable results. Consequently, prevailing economic conditions, particularly changes in market interest rates, may significantly affect our operations. In addition, changes in interest rates also can affect the value of our interest-earning assets, which are principally comprised of fixed and adjustable-rate investment securities. Generally, the value of fixed-rate investment securities fluctuates inversely with changes in interest rates. Changes in interest rates also can affect the average life of investment securities. We are subject to reinvestment risk to the extent that we are not able to reinvest prepayments at rates which are comparable to the rates on the maturing investments.

Changes in market interest rates have resulted in, and future changes in market interest rates may result in, significant changes in the market value of our portfolios of fixed maturity investments. As of December 31, 2000:

Medical Assurance's portfolio had a modified duration of 2.9 years and a market value of \$604 million which approximated the amortized cost of the portfolio. A one hundred basis point increase in market interest rates would decrease the value of this portfolio by 3.0 percent, whereas a one hundred basis point decrease in market interest rates would increase the value of this portfolio by 2.8 percent.

Professionals Group's portfolio had a modified duration of 4.3 years and a market value that was \$7.2 million more than the \$676 million amortized cost of such portfolio. A one hundred basis point increase in market interest rates would decrease the value of this portfolio by approximately 4.6 percent, whereas a one hundred basis point decrease in market interest rates would increase the value of this portfolio by approximately 4.7 percent.

We Face Competition That Could Adversely Affect Our Profitability. Each of us competes with numerous insurance companies as well as various self-insurance mechanisms. Principal competitors of Medical Assurance and Professionals Group include large national property and casualty insurance companies such as GE Capital, AIG, CNA Insurance and St. Paul Insurance Companies, and doctor sponsored insurers at the regional and local levels. Many of our competitors have substantially greater financial resources than we do.

Competition in the medical malpractice insurance industry may take several forms, including pricing, service quality, breadth and flexibility of coverages, method of sale, and insurance carrier financial stability and ratings. Each of us competes through name recognition and reputation, especially by emphasizing a

13

19

high level of customer service to insureds. We also compete in certain states by using local insurance agencies to sell and distribute our insurance products. Each of us has attempted to balance the need for upward rate adjustments with the goal of maintaining market share in a very competitive insurance market.

Health Care Industry Consolidation Could Have a Material Impact on Our Operations. Each of us derives substantially all of its medical professional liability insurance premium income from physicians and other individual health care providers, physician groups, and smaller health care facilities. The health care industry is undergoing rapid market driven change and consolidation which may negatively impact the medical practice and economic independence of physicians who are our primary customer base. For example, the emergence of "managed care" has made it more difficult for physicians to conduct a traditional fee-for-service practice and has caused some physicians to leave

Edgar Filing: PROASSURANCE CORP - Form 424B3

private practice for employment with medical systems or to join or contractually affiliate with managed care organizations or practice management organizations. Such change and consolidation may result in the elimination of, or a significant decrease in, the role of the physician in the medical malpractice insurance purchasing decision. It could also result in greater emphasis on the role of professional managers, who may seek to purchase insurance on a price competitive basis, and who may favor insurance companies that are larger and more highly rated than us. In addition, such change and consolidation could reduce medical malpractice premiums available to us as groups of insurance purchasers generally retain more risk by accepting higher deductibles and self-insured retentions or by forming their own captive insurance mechanisms.

The movement from traditional fee-for-service practice to the managed care environment may also result in an increase in the liability profile of our insureds. The majority of our insured physicians practice in primary care specialties such as internal medicine, family practice, general practice and pediatrics. In the managed care environment, these primary care physicians are being required to take on the role of "gatekeeper" and restrain the use of specialty care by controlling access to specialists and by performing certain procedures that would customarily be performed by specialists in a fee-for-service setting. These practice changes are resulting in an increase in the claims frequency and severity experienced by primary care physicians and by us as their insurance carrier.

Regulatory Changes Could Have a Material Impact on Our Operations. Our insurance businesses are subject to extensive regulation by state insurance authorities in each state in which we operate. These regulatory authorities have broad administrative and supervisory power relating to:

- licensing requirements;
- trade practices;
- accounting and financing practices;
- capital and surplus requirements;
- the amount of dividends and other payments that can be made by our insurance subsidiaries without prior regulatory approval;
- investment practices; and
- rate schedules.

Most states also regulate insurance holding companies, like Medical Assurance, Professionals Group and ProAssurance, in a variety of matters such as acquisitions, changes of control and the terms of affiliated transactions. These regulations may impede or impose burdensome conditions on rate increases or other actions that we may want to take to enhance our operating results, and could affect our ability to pay dividends on our common stock. In addition, we may incur significant costs in the course of complying with regulatory requirements. We cannot assure you that future legislative or regulatory changes will not adversely affect our business operations.

FORWARD-LOOKING INFORMATION

This joint proxy statement/prospectus contains forward-looking statements. These statements are based on our estimates and assumptions and are subject to a number of risks and uncertainties. Forward-looking statements include

Edgar Filing: PROASSURANCE CORP - Form 424B3

information concerning possible or assumed future results of operations of each of our companies and the combined company. Also, when we use the words "anticipates," "believes," "estimates," "expects," "hopes," "intends," or similar expressions, we are making forward-looking statements.

The future results of ProAssurance, Medical Assurance and Professionals Group could be affected by subsequent events and could differ materially from those expressed in our forward-looking statements. If future events and actual performance differ from our assumptions, our actual results could vary significantly from the performance projected in our forward-looking statements. There are numerous important factors that could cause actual results to differ materially from those in our forward-looking statements, including the following:

- underwriting losses if the risks we insure are greater than expected;
- fluctuations in our loss and loss adjustment expense reserves as a result of uncertainties inherent in our reserving process;
- changes in the availability, cost, quality, or collectibility of reinsurance;
- inflation and changes in the interest rate environment and/or the securities markets that adversely impact the fair value of our investments or operations;
- regulatory and legislative actions or decisions that adversely affect our business plans or operations;
- restrictions on our ability to achieve continued growth through expansion into other states or through acquisitions or business combinations;
- general economic conditions, either nationally or in the combined company's market areas, that are worse than anticipated;
- changes in the legal system that affect the frequency and severity of claims;
- lower than expected revenues after the consolidation, higher than expected operating costs after the consolidation, or higher than expected losses of customers and business after the consolidation;
- lower than expected costs savings from the consolidation, or delays in obtaining, or an inability to obtain, the costs savings from the consolidation;
- greater than expected difficulties in integrating our businesses or retaining key personnel;
- significantly increased competition among insurance providers and related pricing weaknesses in some markets; and
- the ability to enter new markets successfully and capitalize on growth opportunities.

Due to these risks and uncertainties, you should not place undue reliance on any forward-looking statements.

SOLICITATION OF PROXIES

Medical Assurance will pay the cost of soliciting Medical Assurance proxies and Professionals Group will pay the cost of soliciting Professionals Group proxies. However, Medical Assurance and Professionals Group will share equally the cost of printing this joint proxy statement/prospectus. In addition to solicitation by mail, proxies may be solicited by telephone, telegram, datagram, in person or by other written and electronic forms of communication. Arrangements will be made with brokerage firms, nominees, fiduciaries and other custodians for the forwarding of solicitation materials to the beneficial owners of shares held of record by such persons, and each company will reimburse such persons for their reasonable out-of-pocket expenses in connection therewith.

Proxies may be solicited on behalf of each company by mail or personally, or by telephone, telegraph, datagram or other forms of communication, by directors, officers and regular employees of such company and its subsidiaries (none of whom shall receive any additional compensation for such services, but will be reimbursed for reasonable out-of-pocket expenses incurred in connection with such solicitation).

After this deadline, you may not make any elections with respect to the type of consideration you wish to receive.

THE CONSOLIDATION

The following discussion describes the material aspects of the consolidation. Because this discussion is a summary, it may not contain all of the information that is important to you. To understand the consolidation fully, and for a more complete description of the legal terms of the consolidation, you should read carefully this entire joint proxy statement/prospectus and the documents we have referred you to. See "Where You Can Find More Information."

A copy of the consolidation agreement without any exhibits or schedules is attached as Exhibit A to this joint proxy statement/prospectus and is incorporated by reference. We encourage you to read the consolidation agreement completely and carefully as it is the legal document that governs the consolidation.

GENERAL

Our boards of directors have unanimously approved the consolidation. When the consolidation is completed:

- Medical Assurance will become a wholly-owned subsidiary of ProAssurance;
- Professionals Group will become a wholly-owned subsidiary of ProAssurance;
- each share of Medical Assurance common stock you own will be converted into one share of ProAssurance common stock; and
- subject to the adjustments and limitations described in this joint proxy statement/prospectus, each share of Professionals Group common stock you own will be converted into the right to receive your choice of either \$12.00 in cash and shares of ProAssurance common stock initially worth \$14.00 OR \$26.00 in cash.

The shares of ProAssurance common stock to be issued in the consolidation will be approved for listing on the New York Stock Exchange, subject to official notice of issuance, before the completion of the consolidation.

Edgar Filing: PROASSURANCE CORP - Form 424B3

If the consolidation is completed, then Medical Assurance common stock will be delisted from the New York Stock Exchange, Professionals Group common stock will be delisted from the Nasdaq National Market, and both Medical Assurance and Professionals Group will no longer be subject to periodic reporting requirements under the Securities Exchange Act of 1934.

We are working towards completing the consolidation as quickly as possible, and we expect to complete the consolidation before June 30, 2001.

CONSIDERATION TO BE RECEIVED IN THE CONSOLIDATION

Medical Assurance shareholders will receive only stock in the consolidation. Each share of Medical Assurance common stock you own will be converted into one share of ProAssurance common stock.

We have fixed the exchange ratio for shares of Medical Assurance common stock. Because we cannot predict the market price of shares of ProAssurance common stock prior to or following the completion of the consolidation, we cannot predict the value of the shares of ProAssurance common stock you will receive for your shares of Medical Assurance common stock. That value could be significantly higher or lower than the current value of your shares of Medical Assurance common stock. On April 25, 2001, the last reported sales price of Medical Assurance common stock was \$14.99.

Professionals Group shareholders will receive their choice of cash and stock or only cash in the consolidation. Each share of Professionals Group common stock you own will be converted into the right to receive, subject to certain limitations and adjustments described in this joint proxy statement/prospectus, your choice of either \$12.00 in cash and shares of ProAssurance common stock initially valued at \$14.00 OR \$26.00 in cash.

26

32

Because we cannot predict the market price of shares of ProAssurance common stock prior to or following the completion of consolidation, to determine the number of shares of ProAssurance common stock that has an initial value of \$14.00, we will divide \$14.00 by the average sales price of Medical Assurance common stock during the 20 trading day period ending on the date of the Professionals Group shareholder meeting. On April 25, 2001, the last reported sales price of Medical Assurance common stock was \$14.99, making \$14.00 worth of ProAssurance common stock equivalent to 0.934 shares.

The amount of cash payable with respect to a share of Professionals Group stock under either choice will be subject to increase or decrease to reflect certain changes in the aggregate market value of Professionals Group's consolidated portfolio assets from the end of 1999 to the end of the second to last calendar month prior to completion of the consolidation. The change in the market value of those consolidated portfolio assets will be equal to the sum of (i) the unrealized gain or loss attributable to those consolidated portfolio assets held on both December 31, 1999, and the valuation date and (ii) the amount by which the net realized gain or loss on portfolio assets held on December 31, 1999, and sold prior to the valuation date exceeds \$2,000,000. If the change in the market value of Professionals Group's consolidated portfolio assets reflects a net gain, the amount of the increase will be adjusted to reflect net after tax charges and the resulting amount will be divided by the number of shares of Professionals Group stock in order to determine the amount by which the per share cash consideration will increase. If, on the other hand, the change in the market value of Professionals Group's consolidated portfolio assets reflects a net loss, the amount of the decrease will be adjusted to reflect net after tax benefits and the resulting amount will be divided by the number of shares of Professionals Group stock in order to determine the amount

Edgar Filing: PROASSURANCE CORP - Form 424B3

by which the per share cash consideration will decrease.

For example, if you assume that the valuation date was at March 31, 2001, the change in the market value of Professionals Group's consolidated portfolio assets as determined in accordance with the consolidation agreement reflected a per share increase to the purchase price of approximately \$1.95.

Because we have limited the total amount of cash that can be paid to Professionals Group shareholders as a group to a maximum of 90% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock, you may not receive the form of payment you select for your shares of Professionals Group common stock. If the cash consideration elected by Professionals Group shareholders is more than the amount of cash available for payment, then some "all cash" elections will be converted to "cash and stock" elections, and the shares of Professionals Group common stock subject to such converted elections will be exchanged for a combination of cash and shares of ProAssurance common stock as if the holder had made a "cash and stock" election. The "all cash" elections subject to conversion to "cash and stock" elections will be selected by the exchange agent in the order last received by the exchange agent. "All cash" elections will be converted into "cash and stock" elections until ProAssurance common stock to be issued to Professionals Group shareholders comprises at least 10% of the total consideration payable with respect to all outstanding shares of Professionals Group common stock. If you are a Professionals Group shareholder and you make a "cash election," you will not know the actual mix of consideration that you will receive for your Professionals Group shares at the time you vote or make your election because of the possibility that an "all cash" election will be converted to a "cash and stock" election.

We have fixed the cash price and exchange ratio per share for shares of Professionals Group common stock, subject to adjustment to reflect changes in the aggregate market value of Professionals Group's consolidated portfolio assets. Because we cannot predict the market price of shares of ProAssurance common stock prior to or following completion of the consolidation, we cannot predict the value of the shares of ProAssurance common stock that you may receive for your shares of Professionals Group common stock. Accordingly, the value of the combination of cash and shares of ProAssurance common stock following completion of the consolidation, based on reported market prices, could be significantly higher or lower than the amount payable solely in cash for a share of Professionals Group common stock. On April 25, 2001, the last reported sales price of Professionals Group common stock was \$25.30.

27

33

YOU SHOULD OBTAIN CURRENT STOCK PRICE QUOTATIONS FOR MEDICAL ASSURANCE COMMON STOCK AND PROFESSIONALS GROUP COMMON STOCK. THESE QUOTATIONS ARE AVAILABLE FROM YOUR STOCK BROKER, IN MAJOR NEWSPAPERS AND ON THE INTERNET.

No fractional shares of ProAssurance common stock will be issued in the consolidation. No fractional shares will result from the exchange of Medical Assurance stock for ProAssurance stock. Each Professionals Group shareholder who would otherwise be entitled to receive a fractional share of ProAssurance common stock will receive cash. The amount of cash paid to Professionals Group shareholders in lieu of fractional shares will be equal in amount to the product of the fraction of a share of ProAssurance common stock that would be otherwise issued multiplied by the average sales price of Medical Assurance common stock during the 20 trading day period ending on the date of the Professionals Group shareholder meeting.

FINANCING FOR THE CONSOLIDATION

Edgar Filing: PROASSURANCE CORP - Form 424B3

ProAssurance will derive the cash needed to pay the Professionals Group shareholders in the consolidation from the following sources:

- Up to \$135 million as dividends from Medical Assurance and Professionals Group payable to ProAssurance immediately upon completion of the consolidation; and
- Approximately \$110 million from a bank term loan to be made to ProAssurance and funded concurrently with completion of the consolidation.

The dividend from Medical Assurance to ProAssurance will be funded in part by an extraordinary dividend from its principal insurance subsidiary, The Medical Assurance Company, Inc. The Medical Assurance Company, Inc. filed a notice with the Alabama Commissioner of Insurance - a Form D Notice -- in support of its request for approval of the payment of an extraordinary dividend of approximately \$25 million. The payment of this dividend was approved by the Alabama Commissioner of Insurance on November 16, 2000, and will be paid to Medical Assurance upon completion of the consolidation. The balance of the funds to be distributed as a dividend from Medical Assurance to ProAssurance were previously paid to Medical Assurance as ordinary dividends from its insurance subsidiaries.

The dividend from Professionals Group will be funded in part with the proceeds of an extraordinary dividend from one of its principal insurance subsidiaries, ProNational Insurance Company. ProNational filed a Form D Notice with the Michigan Commissioner of Insurance in support of its request for approval of the payment of an extraordinary dividend of approximately \$50 million. The payment of this dividend was approved by the Michigan Commissioner of Insurance on November 28, 2000, and will be paid to Professionals Group upon completion of the consolidation. The balance of the funds to be distributed as a dividend from Professionals Group to ProAssurance were previously paid to Professionals Group as ordinary dividends from its insurance subsidiaries.

SouthTrust Bank has acted as the lead bank in arranging for a term loan of up to \$110 million to ProAssurance. The term loan provides for:

- Payment of interest on the outstanding principal balance of the term loan at a variable rate based on the London Interbank Offered Rate (LIBOR) or the base rate of SouthTrust as elected from time to time by ProAssurance.
- Payment of the principal amount of the term loan over a five year term in minimum quarterly installments of \$2.5 million and in annual installments -- beginning 2002 equal to the lesser of the amount by which 50% of the annual net cash flow of ProAssurance exceeds the minimum quarterly payments for such year (\$10 million) or \$15 million.
- The term loan will be secured by a pledge of the stock of Medical Assurance and Professionals Group and certain of their principal subsidiaries.

28

34

- The term loan may be repaid at any time without penalty subject to an interest rate make-up adjustment.

ProAssurance anticipates that it will enter into an interest rate protection agreement to fix the interest expense on some or all of the outstanding indebtedness under the term loan.

SouthTrust has also arranged for a revolving credit facility to

Edgar Filing: PROASSURANCE CORP - Form 424B3

ProAssurance of up to \$40 million for general corporate purposes. Interest will be payable at the same rate as the term loan. ProAssurance may borrow funds on this credit facility from time to time so long as the outstanding principal does not exceed \$40 million. The principal on this credit facility will be payable in full in two years, subject to renewal. The pledge of stock of Medical Assurance and Professionals Group and their principal subsidiaries will also secure this credit facility.

So long as indebtedness is outstanding under the term loan or the credit facility, ProAssurance and its principal subsidiaries must:

- provide the banks financial and other information periodically and permit the banks to inspect their books and records;
- maintain their corporate existence and not permit any of them to dissolve, or to merge with or into, or to transfer substantially all of its assets to, another person without the consent of the banks;
- not create or incur any additional debt or liens on any assets, except as specifically provided in the loan agreement;
- not acquire whether by purchase of assets, stock or merger any other business or entity at a cost of more than \$10 million, without the consent of the banks;
- comply with a consolidated debt service coverage ratio of 3.75 to 1 through June 30, 2002 and 3.0 to 1 thereafter;
- comply with a minimum consolidated tangible net worth equal to the sum of (i) the greater of (A) 90% of the consolidated net worth of ProAssurance as of June 30, 2001, or (B) \$290,000,000, plus (ii) 75% of cumulative consolidated net income after June 30, 2001;
- comply with a consolidated fixed charge coverage ratio of 1.25 to 1 through December 31, 2001 and 1.5 to 1 thereafter;
- comply with a funded debt to adjusted statutory capital ratio of 3.5 to 1; and
- maintain the ability of ProAssurance's subsidiaries to pay dividends free and clear of any restrictions or encumbrances other than those imposed by applicable insurance laws and regulations.

The Medical Assurance Company, Inc. and ProNational Insurance Company must each comply with an NAIC risk-based capital ratio of 3.5 to 1. At the end of any fiscal year, if the NAIC risk-based capital ratio for either company is below 3.5 to 1 but not less than 3.0 to 1, ProAssurance will have 30 days to pledge to the banks excess cash in an amount required to achieve a 3.5 to 1 ratio in order to avoid a default.

The banks have a right to demand full payment of the term loan and credit facility upon the occurrence of certain events of default. In addition to the failure to make any scheduled payment of principal or interest, the following are events of default:

- failure to observe any covenant or agreement under the loan agreement;
- the inaccuracy of any representation or warranty under the loan agreement in any material respect;
- failure to make a scheduled payment on any indebtedness of ProAssurance or any of its subsidiaries with an outstanding principal balance in

Edgar Filing: PROASSURANCE CORP - Form 424B3

excess of \$1 million;

- the occurrence of an event that enables the acceleration of maturity of any indebtedness of ProAssurance or any of its subsidiaries having an outstanding principal balance in excess of \$1 million;
- the bankruptcy or insolvency of ProAssurance or any of its subsidiaries;

29

35

- failure to pay any judgment or order for the payment of funds in excess of \$7.5 million for a period of more than 30 days unless such judgment or order has been stayed or is being appealed; and
- a change in control of ProAssurance.
- the failure of the lender to retain a security interest in the pledged stock;
- expiration or termination of any material license of ProAssurance or its principal subsidiaries,

The obligation of the banks to fund the term loan and credit facility is subject to the satisfaction of certain conditions. ProAssurance has satisfied the condition that the term loan and credit facility be authorized by all necessary corporate action and that the loan documents be executed by ProAssurance and delivered to the banks. The obligation to fund the term loan and credit facility is subject to the following additional conditions:

- the absence of any material adverse change with respect to the business operations or financial condition of either Medical Assurance or Professionals Group;
- the absence of any proceeding in any court or before any arbitrator or governmental authority that is likely to have a material adverse effect on either of them or their ability to complete the consolidation;
- all representations and warranties in the loan agreement being true and correct in all material respects;
- the absence of any continuing event of default;
- the payment of all fees payable to the banks in connection with the term loan and credit facility (approximately \$525,000);
- the delivery of an opinion of legal counsel satisfactory to the banks;
- the delivery of audited financial statements of Medical Assurance and Professionals Group for the year ended December 31, 2000 and unaudited quarterly financial statements of Medical Assurance and Professionals Group commencing after December 31, 2000; and
- the receipt of all regulatory and shareholder approvals necessary for the transactions contemplated by the consolidation agreement.
- the completion of the consolidation.

ProAssurance has agreed to pay SouthTrust Bank an annual administrative fee of \$49,500 and to indemnify the banks and hold them harmless for any loss or damage from the use of the proceeds made available under the term loan and the credit facility or from ProAssurance's breach of the terms and conditions of the

Edgar Filing: PROASSURANCE CORP - Form 424B3

term loan and the credit facility.

The debt service on the term loan will be paid from the funds made available to ProAssurance from dividends by Medical Assurance and Professionals Group. ProAssurance anticipates that the loan proceeds and dividends to be paid in connection with the consolidation will exceed the cash needed to pay the Professionals Group shareholders in the consolidation, and the excess funds will be available for payment of ProAssurance's debt service after completion of the consolidation. ProAssurance intends to cause The Medical Assurance Company and ProNational Insurance Company to declare and pay dividends each year in the maximum amount that can be paid under the insurance laws without the approval of the applicable insurance regulatory authorities. Medical Assurance and Professionals Group will in turn pay these dividends to ProAssurance, and such funds will be available for the payment of its debt service. ProAssurance believes that the proceeds from these dividends will be sufficient to fund the debt service under the term loan.

TREATMENT OF STOCK OPTIONS

Medical Assurance Stock Options. When the consolidation is completed, each outstanding and unexercised option to purchase shares of Medical Assurance common stock will be assumed by ProAssurance and converted, on a one for one basis, into an option to purchase shares of ProAssurance common stock on the same terms and conditions as were in effect immediately prior to the consolidation.

Professionals Group Stock Options. When the consolidation is completed, each outstanding and unexercised option to purchase shares of Professionals Group common stock will be assumed by ProAssurance and converted into a vested and immediately exercisable option to purchase shares of ProAssurance stock. However, the number of shares subject to, and the exercise price of, each of those Professionals Group stock options outstanding immediately prior to the consolidation will be adjusted as follows:

- the number of shares of ProAssurance common stock subject to the new option will be equal to the product of the number of shares of Professionals Group common stock subject to such Professionals Group stock option immediately prior to the consolidation and a conversion ratio, provided that any fractional shares of ProAssurance common stock

Edgar Filing: PROASSURANCE CORP - Form 424B3

resulting from such multiplication will be rounded down to the nearest whole share; and

- the exercise price per share of ProAssurance common stock under the new option will be equal to the exercise price per share of Professionals Group common stock under the original Professionals Group stock option divided by a conversion ratio, provided that the exercise price will be rounded down to the nearest whole cent.

The conversion ratio will be the figure derived by dividing \$26.00, adjusted to reflect certain increases or decreases in the value of Professionals Group's consolidated portfolio assets since December 31, 1999, by the average sales price of Medical Assurance common stock during the 20 trading day period ending on the date of the Professionals Group shareholder meeting.

BACKGROUND OF THE CONSOLIDATION

Medical Assurance and Professionals Group can trace their origins to the medical malpractice insurance crisis that occurred in the late 1970's. As a result of that crisis, which was created when large national commercial insurance companies withdrew from the medical professional liability insurance market, a number of medical professional liability insurance companies were formed by or for physicians.

Until the last several years, many of these physician-oriented insurance companies tended to be small and limited their activities to a single state. However, in order to achieve growth, diversification and enhanced shareholder value, a number of these companies began to expand their operations and product lines by entering new markets de novo or through acquisitions. As a result, the medical professional liability insurance market has become increasingly competitive and is experiencing industry-wide consolidation.

During this period of consolidation, Medical Assurance and Professionals Group have each achieved growth and geographic diversification in their respective medical professional liability insurance businesses through acquisitions of medical professional liability insurance companies located in other states. In addition, Professionals Group achieved a measure of insurance product diversification through its 1999 acquisition of MEEMIC Holdings, Inc., which provides personal auto, homeowners, boat and umbrella insurance for educational employees and others in Michigan.

Since the early 1990s, Medical Assurance has included in its SEC disclosure documents and public releases a statement of its intention to expand its business through the acquisition of, or combination with,

medical professional liability insurance companies that have a significant presence in states other than Alabama. Prior to that time, Medical Assurance provided professional liability insurance to physicians and hospitals primarily in Alabama. In 1994, Medical Assurance acquired the business of a company that provided professional liability insurance to hospitals in West Virginia. In 1995, Medical Assurance acquired the businesses of two companies that provided professional liability insurance to physicians in Indiana and Ohio, respectively. In 1996 and 1999, Medical Assurance acquired the business of two companies that provided professional liability insurance to physicians in Missouri.

During this period, management of Medical Assurance has sought additional opportunities for expansion through the acquisition of the medical malpractice insurance business of other companies in the eastern United States. Medical

Edgar Filing: PROASSURANCE CORP - Form 424B3

Assurance has determined Professionals Group to be an attractive candidate for a strategic combination given the significant presence of the medical malpractice business of both companies in the Midwest and the recent acquisition by Professionals Group of the medical malpractice insurance business of a company in Florida. Because all discussions have contemplated the former directors and shareholders of Medical Assurance controlling ProAssurance after the completion of the consolidation, Medical Assurance has approached the proposed consolidation as substantially equivalent to the acquisition of Professionals Group by Medical Assurance in a transaction that is consistent with Medical Assurance's publicly announced expansion policy.

Management of Professionals Group has regularly evaluated Professionals Group's position in the insurance industry generally, and in the medical professional liability insurance industry in particular. They have also regularly evaluated Professionals Group's corporate goals and objectives. The purpose of these evaluations has been to identify what alternatives are available to Professionals Group to further enhance shareholder value.

In July, 1999, after Professionals Group completed its acquisition of MEEMIC Holdings, its second significant acquisition in two years, Professionals Group's management and the executive committee of Professionals Group's board of directors reviewed various strategic alternatives available to Professionals Group. Professionals Group's management and executive committee were assisted in their examination by Cochran, Caronia & Co., Professionals Group's financial advisors.

The industry trends examined by Professionals Group's management and executive committee included:

- continued industry consolidation;
- increasing geographic diversification;
- increasing price competition;
- decreasing underwriting margins;
- continued industry overcapitalization and specialization; and
- continued pressure on earnings.

The alternatives that were reviewed included remaining independent, expanding de novo or through acquisitions, or seeking a possible strategic affiliation with another insurance company. Based on this review, Professionals Group's board of directors determined that a strategic affiliation with another sizable medical professional liability insurance company provided a more effective means of implementing and accelerating Professionals Group's long-term growth strategy since combining with such an entity could provide Professionals Group with a significant presence in other geographic markets and with a larger and stronger financial position in an increasingly competitive medical professional liability insurance market.

Based on the results of this examination, Professionals Group's board of directors instructed management and the executive committee to pursue the possibility of a strategic affiliation of the company and to regularly advise the executive committee and the board of directors of the results of their efforts. Towards that end, management of Professionals Group began to identify other medical professional liability insurance companies that satisfied the criteria outlined by Professionals Group's board of directors. The general

Edgar Filing: PROASSURANCE CORP - Form 424B3

criteria included:

- the potential partner's ability to provide Professionals Group with a significant presence in geographic markets and product markets that complemented the principal geographic market and the principal product market of Professionals Group;
- the potential partner's insurance practices and philosophies, including its commitment to providing a high level of insurance protection, its underwriting and reserving practices, its commitment to a strong claims defense and its service to its insureds;
- the potential partner's prospects for future growth and enhanced shareholder value; and
- the potential partner's reputation within the insurance industry and its relations with its insureds and its employees.

Based on, among other things, their knowledge of the medical professional liability insurance market, their knowledge of Professionals Group's competitors and their internal review and examination of those competitors in light of the criteria outlined by Professionals Group's board of directors, management and the executive committee of Professionals Group determined that Medical Assurance best satisfied such criteria and provided the opportunity for a strategic alliance that would implement and accelerate Professionals Group's long-term growth strategy. Accordingly, they determined to discuss with Medical Assurance the possibility of a strategic alliance between the two companies.

Management representatives of Medical Assurance and Professionals Group first met in Atlanta, Georgia, in September 1999, following several telephone discussions between A. Derrill Crowe, M.D., the Chairman of Medical Assurance, and Victor T. Adamo, the President and Chief Executive Officer of Professionals Group. Also present at this initial meeting was the consulting actuary for both Medical Assurance and Professionals Group, Tillinghast Towers-Perrin. The purpose of the meeting was to explore the interest of the companies in combining or affiliating. The parties discussed the current state of affairs of, and trends in, the medical professional liability insurance market, the respective insurance operations and loss reserve positions of Medical Assurance and Professionals Group, and Professionals Group's recent acquisition of control of MEEMIC Holdings. Following this meeting, the parties determined that it would be worthwhile to explore further the possibility of combining Medical Assurance and Professionals Group.

On September 3, 1999, management representatives of Medical Assurance and Professionals Group had a conference call to discuss accounting issues, principally relating to pooling of interests accounting, typically associated with business combinations or affiliations. Representatives of Medical Assurance's auditors, Ernst & Young LLP, as well as a representative of Professionals Group's legal counsel, Miller, Canfield, Paddock and Stone, P.L.C., participated in this discussion.

On September 25, 1999, a meeting of Professionals Group's board of directors was held. Among the topics discussed at the meeting were current trends in the medical professional liability insurance market, the executive committee's examination of Professionals Group in the context of those trends, and management's views of various potential strategic alliance partners, including the discussions with Medical Assurance. Although no conclusions were reached, it was determined that management should continue to pursue its discussions with Medical Assurance.

On October 22, 1999, Dr. Crowe and Mr. Adamo met in Okemos, Michigan, to discuss further the possibility of Medical Assurance and Professionals Group

Edgar Filing: PROASSURANCE CORP - Form 424B3

combining or affiliating. They discussed the rationale and potential value of a business combination between Medical Assurance and Professionals Group, the business and operational compatibility of the companies, the management of, and operational

34

40

responsibilities within, a combined organization, and contractual obligations of Professionals Group and Medical Assurance.

On December 1, 1999, management representatives of Medical Assurance and Professionals Group, including Dr. Crowe and Mr. Adamo, met in Atlanta, Georgia to discuss further the topics explored by Dr. Crowe and Mr. Adamo at their October meeting. At this meeting, the parties began to discuss, in general terms, possible transaction structures, including transaction structures that could involve the payment of cash and/or stock to shareholders of Medical Assurance and Professionals Group. At this meeting, Medical Assurance indicated a desire to structure a combination of the companies in a manner that minimized the dilutive effect of the transaction. Professionals Group indicated that any potential transaction should be structured in a manner that minimized any federal income taxes payable by stockholders with respect to any stock received in the transaction.

On December 11, 1999, a meeting of Professionals Group's board of directors was held. At this meeting there were further discussions regarding the efficacy of a strategic affiliation with another sizeable medical professional liability company to implement and accelerate Professionals Group's long-term growth strategy. Although no conclusions were reached, Professionals Group's board of directors noted that an affiliation with Medical Assurance could facilitate growth in the medical professional liability insurance market by creating a larger, more geographically diversified, medical professional liability insurance provider. It also noted Medical Assurance's interest in combining or affiliating with Professionals Group and the business and operational compatibility of Medical Assurance and Professionals Group. Management was instructed to continue to explore its discussions with Medical Assurance.

On December 21, 1999, management representatives of Medical Assurance and Professionals Group, including Dr. Crowe and Mr. Adamo, met in Atlanta, Georgia, to discuss potential transaction structures and the anticipated federal income tax consequences of each structure. At this meeting Medical Assurance first proposed the consolidation of Medical Assurance and Professionals Group through the formation of a new publicly held holding company for Medical Assurance and Professionals Group (the "super holding company structure"). Medical Assurance proposed this structure after determining that the super holding company structure permitted the payment of a substantial amount of cash in a transaction, thereby providing an opportunity to minimize any dilutive effect of the transaction, without adversely affecting the tax-free exchange of holding company stock for the stock of Medical Assurance and Professionals Group.

On January 25, 2000, management representatives of Medical Assurance and Professionals Group, including Dr. Crowe and Mr. Adamo, met in Atlanta, Georgia, to discuss possible transaction structures. Medical Assurance's legal counsel, Burr & Forman LLP, and Professionals Group's financial advisors, Cochran, Caronia & Co., also participated in this discussion. Among the matters discussed were the types of consideration that could be paid to shareholders of Medical Assurance and shareholders of Professionals Group in the context of the super holding company structure. Mr. Adamo expressed his desire that Professionals Group shareholders be offered the opportunity to participate in the growth and operations of the combined company. However, both Dr. Crowe and Mr. Adamo indicated a belief that providing Professionals Group shareholders with the opportunity to receive cash for their shares also might be attractive to some

Edgar Filing: PROASSURANCE CORP - Form 424B3

Professionals Group shareholders in view of Professionals Group's recent stock performance and the thinly-traded market for Professionals Group shares.

On February 7, 2000, Dr. Crowe and Mr. Adamo met in Atlanta, Georgia, to further discuss the super holding company structure that had been proposed by Medical Assurance. In addition to discussing methodologies for valuing Medical Assurance, Professionals Group and the combined company, they discussed the size and composition of the board of directors of the combined company and its insurance operations, the composition and operational responsibilities of senior management of the combined company and its insurance operations, and the long-term strategy of the combined company with respect to growth and geographic and product diversification.

On February 9, 2000 and February 21, 2000, meetings of the executive committee of Professionals Group's board of directors were held. At these meetings management described the discussions that had occurred with Medical Assurance. The executive committee also explored the potential benefits of a

35

41

combination with Medical Assurance and the potential value of Professionals Group. At the latter meeting, the executive committee also received a presentation from Dr. Crowe regarding Medical Assurance's history, insurance practices and philosophies, including its commitment to providing a high level of insurance protection, its underwriting and reserving practices, its commitment to a strong claims defense and its service to its insureds, and its perception of trends in the medical professional liability insurance industry. Dr. Crowe also presented Medical Assurance's reasons for desiring to combine with Professionals Group. Following the February 21, 2000 meeting, the executive committee concluded that management should expand its investigation of Medical Assurance.

On February 28, 2000, representatives of Medical Assurance and Professionals Group met in Atlanta, Georgia, with their respective legal and financial advisors to discuss combining Medical Assurance and Professionals Group under the super holding company structure that had been proposed by Medical Assurance. Among other topics, the parties discussed the type of consideration that might be paid to shareholders of Medical Assurance and to shareholders of Professionals Group. At this meeting, it was agreed that Medical Assurance shareholders should receive holding company stock in the transaction and that Professionals Group shareholders should have the right to elect to receive either cash or a combination of cash and stock in the transaction. Following these discussions, the parties executed a customary confidentiality agreement and agreed to conduct due diligence in anticipation of negotiating a definitive agreement for the proposed transaction.

On February 29, 2000, at a meeting of the executive committee of Professionals Group's board of directors, management described the discussions that had occurred with Medical Assurance on the prior day. The executive committee also explored further the potential benefits of a combination with Medical Assurance and the potential value of Professionals Group.

A meeting of Professionals Group's board of directors was held on March 2-4, 2000. At this meeting, management described the discussions that had occurred with Medical Assurance. Professionals Group's board of directors also explored further the potential benefits of a combination with Medical Assurance and the value of Professionals Group. In addition, it received a presentation from Cochran, Caronia & Co., Professionals Group's financial advisors, regarding the discussions that had occurred with Medical Assurance, the value of Professionals Group common stock over the past three years, historical transaction multiples, current market multiples for comparable medical professional liability insurers, the value of Professionals Group's equity

Edgar Filing: PROASSURANCE CORP - Form 424B3

interest in MEEMIC Holdings, and the positions of Medical Assurance and Professionals Group in the medical professional liability insurance industry, and the pro forma effects of the proposed consolidation. Professionals Group's board of directors also received a presentation from Dr. Crowe regarding Medical Assurance's history, insurance practices and philosophies, including its commitment to providing a high level of insurance protection, its underwriting and reserving practices, its commitment to a strong claims defense and its service to its insureds, and its perception of trends in the medical professional liability insurance industry. Dr. Crowe also indicated Medical Assurance's rationale for combining with Professionals Group. Following this meeting, Professionals Group's board of directors instructed management to continue its discussions with, and its due diligence investigation of, Medical Assurance.

Due diligence by Medical Assurance and Professionals Group proceeded slowly during March and early April in order to allow each of Medical Assurance and Professionals Group sufficient time to file their 1999 annual reports and to mail their proxy statements for their 2000 annual shareholders' meetings.

In latter part of April 2000, both Medical Assurance and Professionals Group became concerned about deteriorating legal trends in the medical professional liability insurance industry that were causing the frequency and severity of medical malpractice claims to increase. As a result, each of them independently re-examined their prior years' reserves.

On April 26, 2000, representatives of Medical Assurance and Professionals Group met in Atlanta, Georgia, to discuss the adequacy of each company's loss reserves in light of recent legal trends and the increased frequency and severity of medical malpractice claims. Present at the meeting were the internal

36

42

actuaries for each party as well as Tillinghast Towers-Perrin, the consulting actuary for Medical Assurance and Professionals Group.

On April 27, 2000, Medical Assurance publicly announced that it would slow recognition of favorable reserve development as a result of deteriorating legal trends. On May 1, 2000, Professionals Group made a similar announcement. After the release of this information the shares of Medical Assurance suffered a substantial decline in market value and the shares of Professionals Group experienced a slight decline in market value.

On May 16, 2000, management representatives of Medical Assurance, including Dr. Crowe, met with Mr. Adamo and Mr. John Waller of Cochran, Caronia & Co., Professionals Group's financial advisors, to discuss the valuations of Medical Assurance and Professionals Group under the proposed super holding company structure. As the market value of each company had fallen below its book value per share, approximately \$14.26 for Medical Assurance and approximately \$24.63 for Professionals Group, the discussion focused on pricing structures that would deliver value to Professionals Group's shareholders comparable to Professionals Group's book value. At this meeting, the parties agreed in principle to an exchange ratio of one share of holding company common stock for each issued and outstanding share of Medical Assurance common stock. They also agreed in principle to a price of \$26.00 per share of Professionals Group common stock with Professionals Group's shareholders being provided the opportunity to receive that price in the form of either cash or a combination of cash and holding company stock substantially as contemplated in the consolidation agreement. Following this meeting the parties' legal representatives commenced drafting and negotiating a definitive consolidation agreement.

During the drafting and negotiating of the consolidation agreement, Medical

Edgar Filing: PROASSURANCE CORP - Form 424B3

Assurance requested the inclusion of certain terms and provisions designed to limit Professionals Group's ability to solicit competing offers and to protect the proposed transaction. The transaction protection provisions requested by Medical Assurance included an option to purchase shares of Professionals Group common stock in the event of a competing bid and the payment of certain termination fees. Ultimately, after much negotiation, it was agreed that each party would grant the other party a stock option for up to 4.9% of its shares and would pay certain termination fees to the other party in the event that it subsequently accepted a competing offer. The parties also agreed that each party would be permitted to consider and respond to unsolicited acquisition inquiries and that the public announcement of the proposed transaction would include a description of each party's right to consider and respond to unsolicited acquisition proposals. A summary of these provisions is included under "Summary of The Consolidation Agreement -- Termination Fees" and "Summary of Reciprocal Stock Options." The parties believed that these measures were appropriate since the substantial time period between the announcement and closing of the proposed transaction would allow any suitor interested in acquiring either Medical Assurance or Professionals Group the opportunity to develop and submit an acquisition proposal.

The annual meeting of Professionals Group's board of directors was held on May 24, 2000. At this meeting, and among other things, management described the discussions that had occurred with Medical Assurance and Professionals Group's board of directors explored further the potential benefits of a combination with Medical Assurance and the value of Professionals Group. Professionals Group's board of directors also explored the impact of MEEMIC Holdings' operations on the value of Professionals Group. Following this meeting, Professionals Group's board of directors instructed management to continue its discussions with Medical Assurance.

Following the May 24, 2000 meeting of Professionals Group's board of directors, the parties made progress on negotiating the terms of the consolidation agreement, the charter documents of the holding company and the reciprocal stock options.

On June 6, 2000, representatives of Medical Assurance and Professionals Group met in Birmingham, Alabama to discuss the outstanding open issues and drafts of the various documents required by the proposed transaction. At this meeting, the parties agreed on the method for valuing holding company common stock, the treatment of outstanding Medical Assurance stock options and outstanding Professionals Group stock options, the terms of the adjustment to the Professionals Group per share price

37

43

based on changes in the value of the consolidated portfolio assets of Professionals Group, the terms of the reciprocal stock options, and the amounts of the reciprocal termination fees.

On June 12, 2000, Professionals Group's board of directors met to consider the status of the proposed transaction with Medical Assurance. At the request of Professionals Group's board of directors, Professionals Group's legal counsel, Miller, Canfield, Paddock and Stone, P.L.C. reviewed and described in detail the terms and conditions of the proposed consolidation agreement and other transaction documents which had been distributed, in advance of the meeting, to the directors. This review and description covered such matters as the representations and warranties of the parties, the conditions to the completion of the proposed transaction, and the termination provisions of the agreement (including the operation of the proposed reciprocal stock options and the proposed reciprocal termination fees). It also covered the treatment of various other issues relating to the transaction, such as the conversion of existing employee and director stock options, and the anticipated treatment of

Edgar Filing: PROASSURANCE CORP - Form 424B3

Professionals Group employees and employee benefits following the transaction. Legal counsel also reviewed with the members of Professionals Group's board of directors their fiduciary duties and responsibilities in approving a transaction such as the proposed consolidation, the expected timing of the transaction from signing the definitive agreement through closing and required regulatory and stockholder approvals. At the meeting, Cochran, Caronia & Co., Professionals Group's financial advisors, made a presentation of the results of various financial analyses undertaken by it and advised Professionals Group's board of directors that it was prepared to deliver its opinion as to the fairness, from a financial point of view, of the proposed exchange ratio to the holders of Professionals Group's common stock. The members of Professionals Group's board of directors then discussed the presentations they had received at this and other of its meetings from management and Professionals Group's advisors.

At this meeting, Professionals Group's board of directors also discussed the inquiry that Professionals Group had recently received from a midwestern mutual medical malpractice insurance company regarding a possible transaction involving the combination of the two companies. Based on the experience of Professionals Group and of individual directors in negotiating with that company in the past, and on recent discussions between Mr. Adamo and that company's president and CEO regarding the inquiry, it was determined that that company had no present ability to finance such a transaction and that any such transaction would be conditioned upon that company's prior demutualization. The company did not subsequently pursue its proposal and Professionals Group did not have any further deliberations regarding that company's proposal.

During the next week the parties continued to make progress on the terms of the documents required for the proposed transaction. During this period representatives and advisors for both parties spoke on numerous occasions regarding the transaction, the related documentation and the terms of those documents. As part of this process the parties prepared and exchanged their respective disclosure schedules and reviewed various drafts of the documents required for the transaction.

On June 19, 2000, Medical Assurance's board of directors met to consider the proposed consolidation. It reviewed the proposed terms of the consolidation, the plans for financing the consolidation, and a presentation by representatives of First Union Securities, Inc., Medical Assurance's financial advisors. Medical Assurance's board of directors then authorized management to execute the consolidation agreement subject to the condition that neither Medical Assurance nor Professionals Group be rated lower than A- by A.M. Best Rating Agency before or after completion of the consolidation.

In taking the foregoing action, the Medical Assurance board of directors considered the factors described below under "Recommendation of its Board of Directors; Reasons for the Consolidation." The Medical Assurance board of directors did not assign any relative or specific weights to any of such factors, and individual directors may have given differing weights to differing factors.

On June 19, 2000, Professionals Group's board of directors met to consider the proposed consolidation with Medical Assurance. At the request of Professionals Group's board of directors, management and Professional Group's legal advisors, Miller, Canfield, Paddock and Stone, P.L.C., provided a description of the negotiations that occurred since May 24, 2000 and of the terms and provisions of the proposed

definitive transaction documents (including the amount of the reciprocal termination fees). At the meeting, Cochran, Caronia & Co., Professionals Group's financial advisors, made a presentation of the results of various financial

analyses undertaken by it and advised Professionals Group's board of directors that, as of such date, the proposed exchange ratio was fair, from a financial point of view, to the holders of Professionals Group's common stock. The members of Professionals Group's board of directors then discussed the presentations they had received at this and other of its meetings from management, Professionals Group's financial advisors and legal counsel and Medical Assurance's chairman and, upon conclusion, unanimously (with all directors present and one director, R. Kevin Clinton, abstaining):

- approved the proposed consolidation with Medical Assurance;
- determined that the consolidation was fair and in the best interest of Professionals Group and its shareholders;
- recommended that Professionals Group's shareholders vote FOR the consolidation;
- instructed senior management, with the assistance of Professionals Group's financial and legal advisors, to promptly finish negotiating the transaction documents; and
- authorized Professionals Group's officers to execute definitive transaction documents upon the conclusion of negotiations satisfactory to senior management.

In taking the foregoing actions, Professionals Group's board of directors considered the factors described below under "Recommendation of the Board of Directors; Reasons for the Consolidation." Professionals Group's board of directors did not assign any relative or specific weights to any of such factors, and individual directors may have given differing weights to different factors.

Over the next three days the consolidation agreement and disclosure schedules were finalized. On June 22, 2000, the consolidation agreement and the reciprocal stock option agreements were executed by Medical Assurance and Professionals Group. Before the opening of trading of Medical Assurance common stock and Professionals Group common stock on June 23, 2000, a joint news release announcing the transaction was issued.

RECOMMENDATION OF BOARD OF DIRECTORS; REASONS FOR THE CONSOLIDATION

Medical Assurance. In deciding to enter into the consolidation agreement with Professionals Group, the Medical Assurance board of directors considered a number of factors. The principal factors that led the Medical Assurance board to approve the consolidation were:

- The consolidation furthers Medical Assurance's strategy for expanding its business through business combinations with other medical professional liability insurers with significant presence in geographic markets that complement the principal geographic markets of Medical Assurance.
- The exchange ratio for the consolidation is based upon the book value of each of Medical Assurance and Professionals Group, and as such, the consolidation is expected to provide ProAssurance with an opportunity to enhance shareholder value. In its effort to evaluate the book value of Professionals Group, the Medical Assurance board of directors considered the projected value and/or financial impact of the stock options, stock grants and other compensation arrangements of Professionals Group's officers and directors that would become vested as a result of the consolidation.
- The cash consideration to be received by the Professionals Group

Edgar Filing: PROASSURANCE CORP - Form 424B3

shareholders is expected to increase financial leverage of the combined company and provide an opportunity to improve the rate of return on equity from operations.

- The larger size and economies of scale of the combined company should enhance its ability to compete in markets where size is a factor and provide more flexibility in underwriting and pricing decisions with respect to insured risks in the intensely competitive medical professional liability insurance market.

39

45

- The interests of the policyholders of Medical Assurance should not be affected by the consolidation as Medical Assurance will continue to operate with its existing employees, management and board of directors.

In making its determination, the Medical Assurance board also considered a number of other items and factors, including without limitation, the factors described under "Background of the Consolidation" and "General" and the following:

- current industry, economic and market conditions, including intense competition in the medical professional liability insurance industry and recent consolidation activity;
- the financial condition, results of operations and business prospects of Medical Assurance and Professionals Group (including MEEMIC Holdings), including the results of Medical Assurance's due diligence review of Professionals Group (and MEEMIC Holdings);
- the business reputation of Professionals Group and the strength of its management team;
- the financial presentation of First Union Securities, Inc. to the Medical Assurance board and the oral opinion of First Union to the effect that, as of June 19, 2000, and based upon the assumptions made, general procedures followed, matters considered and limits on the review undertaken by First Union described in its written opinion dated as of June 19, 2000, the exchange ratio under the consolidation agreement was fair, from a financial point of view, to Medical Assurance;
- the terms and conditions of the transactions and the respective representations, warranties, covenants, agreements and conditions to the respective obligations of Medical Assurance and Professionals Group, including without limitation, the condition that the transaction be approved by the Medical Assurance shareholders and the condition that neither Medical Assurance nor Professionals Group will have a rating lower than A- by the A.M. Best Rating Agency at the time of the consolidation or as a result thereof;
- the federal income tax consequences of the consolidation, including the treatment of the consolidation as a tax free exchange of Medical Assurance stock for ProAssurance stock; and
- the percentage ownership of ProAssurance common stock expected to be held by the Medical Assurance shareholders, as a group, after completion of the consolidation.

The foregoing discussion of the factors considered by the Medical Assurance board of directors is not intended to be exhaustive but is believed to include all material factors considered by the Medical Assurance board of directors. In reaching its decision to approve the consolidation and the consolidation

Edgar Filing: PROASSURANCE CORP - Form 424B3

agreement, the Medical Assurance board of directors did not assign any relative or specific weights to the foregoing factors, and individual directors may have given differing weights to different factors.

After deliberating with respect to the consolidation, and consideration of the factors discussed above and other relevant matters, the Medical Assurance board of directors unanimously concluded that the proposed consolidation with Professionals Group would be in the best interest of Medical Assurance and its shareholders and would further its goal of enhancing shareholder value. THE MEDICAL ASSURANCE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE MEDICAL ASSURANCE SHAREHOLDERS VOTE FOR APPROVAL OF THE CONSOLIDATION AND THE TRANSACTIONS CONTEMPLATED BY THE CONSOLIDATION AGREEMENT.

Professionals Group. Professionals Group's board of directors believes that the combination of Medical Assurance and Professionals Group will create an organization that should be able to compete more effectively in the medical professional liability insurance market and, consequently, should have the potential to realize greater long-term positive operating and financial results than either company alone. During its deliberations, Professionals Group's board of directors consulted with Professionals Group's management, legal advisors and financial advisors, and considered a number of factors, including the following:

- the significant premium over the closing price for Professionals Group common stock on June 16, 2000, the last trading day preceding the day on which Professionals Group's board of directors

40

46

approved the consolidation, represented by the consideration to be paid to Professionals Group shareholders on a per share basis;

- the increased liquidity to Professionals Group's shareholders resulting from at least 46% of the consideration consisting of cash;
- the opportunity of Professionals Group shareholders to participate in the combined company's potential for growth and further enhancements of shareholder value;
- the financial presentation of Cochran, Caronia & Co. to Professionals Group's board of directors and the oral opinion of Cochran, Caronia & Co. to the effect that, as of June 19, 2000 and based upon the qualifications and assumptions made and matters considered by Cochran, Caronia & Co. described in its written opinion dated June 19, 2000, that the consideration to be paid in the consolidation to the holders of Professionals Group common stock is fair to the holders of Professionals Group common stock from a financial point of view;
- the role of the consolidation in implementing and accelerating Professionals Group's long-term external growth strategy by providing it with a significant presence in geographic markets that complement the principal geographic market of Professionals Group;
- the potential of the combined company, as a larger entity with economies of scale, to obtain greater flexibility in underwriting and pricing decisions in an increasingly competitive medical professional liability insurance market;
- the continuing ability of MEEMIC Holdings to provide diversification of insurance revenues;
- that Professionals Group shareholders will only recognize gain for U.S. tax purposes to the extent that they receive cash consideration; and

Edgar Filing: PROASSURANCE CORP - Form 424B3

- the ability of Professionals Group's directors and senior managers to influence and participate in the management of the combined company in a meaningful way.

In the course of its deliberations, Professionals Group's board of directors also considered a number of other items and factors, including the factors described under "Background of the Consolidation" and the following:

- the belief of Professionals Group's management and the executive committee that a consolidation with Medical Assurance fit both Professionals Group's long-term external growth strategy and the criteria for a strategic affiliation established by Professionals Group's board of directors;
- the terms of the consolidation agreement regarding Professionals Group's right to consider and negotiate other transaction proposals, as well as the possible effects of the reciprocal stock option agreements and termination fees;
- current industry, economic and market conditions impacting the professional liability insurance operations of Professionals Group, including increased competition and the resulting downward pressure on pricing, together with the recent consolidation trend within the medical professional liability insurance market;
- current industry, economic and market conditions impacting the insurance operations of MEEMIC Holdings, including continuing price competition, rising medical and auto replacement part costs, increasing reinsurance costs associated with increased weather severity, and the challenges associated with financial-services convergence, multiple distribution channels and technological advances within the personal lines insurance market;
- the current and historical trading prices and values of Professionals Group common stock, Medical Assurance common stock, current and historical trading multiples of other comparable companies, and information regarding the value and prospects of Professionals Group as an independent entity;

41

47

- the information regarding mergers and acquisitions involving other medical malpractice insurance companies and specialty insurance companies that is described on page 52 of this joint proxy statement/prospectus;
- Professionals Group's knowledge and review of the financial condition, results of operations and business prospects of Medical Assurance, including the results of Professionals Group's due diligence review of Medical Assurance;
- the business reputation, underwriting and reserving practices, and policyholder service, of Medical Assurance;
- the terms and conditions of the consolidation and the respective representations, warranties, covenants and agreements of the parties and the conditions to their respective obligations, including the condition that the transaction be approved by Professionals Group's shareholders and the condition that neither Medical Assurance nor Professionals Group be rated lower than A- by the A.M. Best Rating Agency at the time of the consolidation or as a result thereof;

Edgar Filing: PROASSURANCE CORP - Form 424B3

- the ability of Professionals Group to consider bona fide unsolicited offers to acquire it; and
- the impact of the consolidation on Professionals Group's shareholders, policyholders and employees.

Professionals Group's board of directors also identified and considered a variety of potentially negative factors in its deliberations concerning the consolidation, including the following:

- the risk that the potential benefits in the consolidation might not be fully realized;
- the difficulties and costs associated with undertaking a business combination of, and with integrating the operations of, two sizeable companies;
- the inability of shareholders who elect to receive "all cash" for their shares of Professionals Group common stock to participate in any future growth of Professionals Group;
- the possible distraction of management from day-to-day operations and possible concerns of employees regarding their employment status;
- as described on pages 59 to 62 of this joint proxy statement/prospectus, and by virtue of certain indemnification rights, change of control arrangements, stock options, stock grants and positions to be held in the combined company, certain members of Professionals Group's board of directors and management might have interests in the consolidation that are different than those of other Professionals Group shareholders;
- the regulatory and other approvals required in connection with the consolidation as well as the risk of possible delays associated with the completion of the consolidation; and
- the other risks described under "Risk Factors" beginning on page 10 of this joint proxy statement/ prospectus.

Professionals Group's board of directors believed that these risks were outweighed by the potential benefit of the consolidation and that the consolidation would enable Professionals Group's shareholders to realize greater value than Professionals Group could deliver to them alone. Based on the consideration of these and other relevant matters, Professionals Group's board of directors unanimously (with all directors present and one director, R. Kevin Clinton, abstaining):

- approved the proposed consolidation with Medical Assurance;
- determined that the consolidation was fair and in the best interest of Professionals Group and its shareholders;
- recommended that Professionals Group's shareholders vote FOR the consolidation;
- instructed senior management with the assistance of Professionals Group's financial and legal advisors to promptly finish negotiating the transaction documents; and

42

48

- authorized Professionals Group's officers to execute definitive

Edgar Filing: PROASSURANCE CORP - Form 424B3

transaction documents upon the conclusion of negotiations satisfactory to senior management.

The foregoing discussion of the factors considered by Professionals Group's board is not intended to be exhaustive, but is believed to include all material factors considered by Professionals Group's board of directors. In reaching its decision to approve the proposed consolidation with Medical Assurance, Professionals Group's board of directors did not assign any relative or specific weights to any of such factors, and individual directors may have given differing weights to different factors.

OPINION OF MEDICAL ASSURANCE'S FINANCIAL ADVISOR

Medical Assurance retained First Union Securities, Inc. to act as its financial advisor in connection with the possible business combination with Professionals Group. On June 19, 2000, First Union rendered an oral opinion, later confirmed by delivery of a written opinion dated June 19, 2000, to the Medical Assurance board of directors to the effect that, as of that date, the exchange ratio in the consolidation agreement was fair, from a financial point of view, to Medical Assurance. In determining the value of the exchange ratio for purposes of its analysis, First Union assumed that each share of Professionals Group will be exchanged for aggregate consideration of \$26 per share consisting of either (i) \$14.00 in common shares of Medical Assurance (equivalent to 1.19 shares of stock of ProAssurance based on a closing price for Medical Assurance common stock of \$11.75 on June 15, 2000), and \$12 in cash; or (ii) \$26 in cash. Based on the assumed exchange ratio, First Union valued the total consideration (enterprise value) to be paid for Professionals Group to be approximately \$257.9 million made up of the following elements: \$232 million to be paid for the 8,924,909 outstanding shares of Professionals Group; \$4.4 million to be paid for 178,142 outstanding options of Professionals Group to be assumed by ProAssurance; \$17.5 million of debt of Professionals Group to be assumed by ProAssurance; and \$4 million in transaction related fees and expenses.

The full text of the First Union opinion, which describes, among other things, the assumptions made, matters considered, and qualifications and limitations on the review undertaken by First Union is attached as Appendix B to this joint proxy statement/prospectus and is incorporated in this joint proxy statement/ prospectus by reference. First Union's opinion is directed to the Medical Assurance board of directors and addresses only the fairness, from a financial point of view, of the exchange ratio to Medical Assurance. The opinion does not address any other aspect of the consolidation or any related transaction, nor does it constitute a recommendation to any shareholder as to how to vote at the Medical Assurance special meeting. YOU ARE URGED TO, AND SHOULD, READ FIRST UNION'S OPINION CAREFULLY AND IN ITS ENTIRETY.

In arriving at its opinion, First Union, among other things:

- reviewed certain publicly available business and financial information relating to Medical Assurance, Professionals Group and MEEMIC Holdings that First Union deemed to be relevant;
- reviewed certain information furnished to First Union by Medical Assurance, Professionals Group, and MEEMIC Holdings, including the financial terms of the transaction, certain financial analyses, certain actuarial analyses of loss reserves, anticipated strategic benefits, and projected operational synergies resulting from the combination prepared by management.
- conducted discussions with members of senior management and representatives of Medical Assurance, Professionals Group, and MEEMIC Holdings concerning the matters described in the above points, as well as

Edgar Filing: PROASSURANCE CORP - Form 424B3

their respective businesses and prospects before and after giving effect to the consolidation and the synergies expected to result from the consolidation;

- reviewed the potential accretive/dilutive effect of the consolidation on Medical Assurance's earnings;
- reviewed reported prices and trading activity of the shares;

43

49

- reviewed publicly available information relating to the businesses of other companies whose operations First Union considered to be relevant;
- reviewed, to the extent publicly available, the financial terms of certain other transactions that First Union deemed to be relevant;
- reviewed a draft of the consolidation agreement dated June 9, 2000; and
- reviewed such other financial studies and analyses and took into account other matters as First Union deemed necessary, including First Union's assessment of general economic, market and monetary conditions.

In rendering its June 19, 2000 opinion, First Union assumed and relied, without independent verification, upon the accuracy and completeness of all financial and other information and data publicly available or furnished to or otherwise reviewed and discussed with it. With respect to the financial projections and the estimate of operational synergies furnished to or discussed with First Union by Medical Assurance or Professionals Group, First Union assumed that they had been reasonably prepared and reflected the best current management estimates of the future financial performance of Medical Assurance or Professionals Group, as the case may be. First Union further assumed that the consolidation of Professionals Group will be accounted for as a purchase under generally accepted accounting principles and that it will qualify as a tax-free transaction for federal income tax purposes to the extent that Medical Assurance and Professionals Group shareholders receive ProAssurance stock in the transaction. First Union also assumed that the final form of the consolidation agreement would be substantially similar to the June 9, 2000 draft reviewed by First Union.

First Union's June 19, 2000 opinion relates to the relative values of Medical Assurance and Professionals Group and does not express any opinion as to what the value of ProAssurance stock actually will be when issued in the consolidation, or the price at which Medical Assurance common stock or Professionals Group common stock will trade subsequent to the announcement to the consolidation. First Union did not make and was not provided with an independent evaluation or appraisal of the assets and liabilities of Medical Assurance or Professionals Group, nor did it make any physical inspection of the properties or assets of Medical Assurance or Professionals Group. First Union was advised that the actuarial reserve analyses relating to Professionals Group prepared by its independent actuaries were reasonably prepared on bases reflecting the best currently available estimates and judgments of the actuaries as to Professionals Group's reserves. First Union is not an actuarial firm and its services did not include any actuarial determinations or evaluations by it or an attempt to evaluate actuarial assumptions, nor did First Union express any views as to matters relating to Professionals Group's reserves, including, without limitation, the adequacy of Professionals Group's reserves. First Union did not make and, was not provided with an independent evaluation or appraisal of the assets, liabilities (contingent or otherwise) or reserves of Professionals Group.

Edgar Filing: PROASSURANCE CORP - Form 424B3

First Union was not requested to, and did not approach, or hold discussions with, third parties to evaluate alternative acquisition candidates for Medical Assurance.

In performing its analysis, First Union considered industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of First Union, Medical Assurance and Professionals Group. Any estimates contained in the analyses performed by First Union are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. First Union's analyses were prepared solely as a part of its analysis of the fairness, from a financial point of view, of the exchange ratio in the consolidation, and were provided to the Medical Assurance board of directors in that connection.

The following is a summary of the material financial analyses presented by First Union to the Medical Assurance board of directors on June 19, 2000, in connection with the rendering of its opinion on that date

44

50

and is not a complete description of the analyses underlying the First Union opinion or presentation. The preparation of a fairness opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, First Union did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. First Union believes that its analyses and the summary of its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below, without considering all analyses and factors or the benefit of a comprehensive description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion.

First Union used comparable public company analysis and comparable transaction analysis to derive the ranges of implied enterprise value of Professionals Group. Comparable public company analysis evaluates a company's operating performance and outlook relative to a group of publicly traded peers to determine an implied market trading value. Comparable transaction analysis provides a valuation range based upon financial information of the companies in the same or similar industries, which have been acquired in selected recent transactions. None of the companies used in the comparable company analysis or in the comparable transaction analysis is identical to ProNational or MEEMIC Holdings. Accordingly, an analysis of the results involves complex considerations and judgements concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading value or the acquisition value to which they are being compared.

Due to the differences in primary business focus, the two principal insurance subsidiaries of Professionals Group, First Union valued ProNational without its 77% interest in MEEMIC Holdings and valued MEEMIC Holdings independently. The implied values were then adjusted and combined to account for ProNational's then 77% stake in MEEMIC. Reference to ProNational in the discussions regarding comparable public company analysis and comparable transaction analysis refers to ProNational and the other consolidated medical

Edgar Filing: PROASSURANCE CORP - Form 424B3

malpractice insurance subsidiaries of Professionals Group absent its 77% interest in MEEMIC Holdings.

First Union also performed a pro forma analysis to evaluate the potential accretive/dilutive effect of the consolidation on the earnings of Medical Assurance. Discounted cash flow analysis was not utilized because of the limited scope of the financial projections and underlying assumptions provided and the dependency of cash flow on periodic and proactive reserve analysis. Medical Assurance, Professionals Group and MEEMIC Holdings only provided First Union with estimates of earnings per share through 2000. Because of the limited and uncertain nature of the projections provided to it, First Union used historical data as the basis for its comparable public company and comparable transaction analyses.

Comparable Public Company Analysis. First Union reviewed publicly available financial, operating, and stock market information for ProNational and the following other publicly traded medical malpractice insurance companies:

- Medical Assurance
- SCPIE Holdings, Inc.
- MIIX Group, Inc.
- FPIC Insurance Group, Inc.
- NCRIC Group, Inc.

First Union reviewed publicly available financial, operating and stock market information for MEEMIC Holdings and the following publicly traded automobile and personal lines insurance companies:

- Commerce Group, Inc.
- Ohio Casualty Corporation
- Horace Mann Educators Corporation
- Selective Insurance Group

45

51

- Harleysville Group, Inc.
- State Auto Financial Corporation
- Farm Family Holdings, Inc.
- Meridian Insurance Group, Inc.
- Donegal Group, Inc.
- Merchants Group, Inc.

First Union considered the companies selected to be reasonably similar to ProNational and MEEMIC Holdings, respectively, as they participate in business segments that are similar to the respective business segments of ProNational and MEEMIC Holdings. First Union examined a broad universe of insurers and excluded the majority of the insurers examined because of the dissimilarity of their business lines to those of ProNational and MEEMIC Holdings and due to significant differences in size or financial condition. In addition, First Union excluded MMI Companies and Frontier Insurance Group from its Comparable Public Company Analysis due to MMI Companies' pending acquisition by St. Paul Companies (the transaction was included in First Union's Comparable Transaction Analysis) and the financial performance of Frontier Insurance Group, which had negative earnings over the period examined. For each of the comparable companies selected, First Union calculated, among other things, the multiples, based on trading information as of June 15, 2000 of:

- Market price to operating earnings for the 12 months preceding March 31, 2000; and
- Market price to book value at March 31, 2000.

Edgar Filing: PROASSURANCE CORP - Form 424B3

First Union first compared these multiples to the comparable multiples for each of ProNational and MEEMIC Holdings, respectively. First Union then determined the range multiples appropriate for Professionals Group with 77% of MEEMIC plus a 30% control premium to be as follows:

	MULTIPLE RANGES*	
	MARKET PRICE/EARNINGS**	PRICE/BOOK VALUE**
ProNational	6.3x - 7.0x	0.7x - 0.8x
MEEMIC Holdings	10.1x - 11.2x	0.8x - 0.9x
Professionals Group w/77% of MEEMIC Holdings	8.1x - 9.0x	0.7x - 0.8x

* Plus a 30% control premium.

** Earnings and Book Value are for the year and quarter ended March 31, 2000.

With regard to the comparable public company analysis summarized above, First Union selected comparable public companies on the basis of various factors, including the size of the public company and the similarity of the line of business. However, no public company utilized as a comparison is identical to Professionals Group, or its subsidiaries, ProNational and MEEMIC Holdings. As a result, these analyses are not purely mathematical, but also involve complex considerations and judgments concerning the differences in financial and operating characteristics of the comparable companies and other factors. These factors could affect the transaction or public trading value of the comparable companies to which ProNational, or its subsidiaries, ProNational and MEEMIC Holdings, are being compared.

46

52

Comparable Transaction Analysis. First Union analyzed publicly available financial, operating and stock market information for merger and acquisition transactions involving companies that it believed to be comparable to each of ProNational and MEEMIC Holdings on a stand-alone basis. With respect to ProNational, First Union analyzed the following merger and acquisition transactions involving specialty property and casualty insurance companies since 1998:

PROFESSIONAL LIABILITY/EXECUTIVE RISK TARGET

ACQUIROR

MMI Companies, Inc.
 Centris Group, Inc.
 Executive Risk, Inc.
 Gryphon Holdings, Inc.
 Medical Protective Corporation
 Summit Holding Southeast, Inc.
 Business Insurance Group, Inc.
 Anesthesiologists' Professionals Assurance
 Group, Inc.

St. Paul Companies
 HCC Insurance Holdings, Inc.
 Chubb Corporation
 Markel Corp.
 General Electric Company
 Liberty Mutual Insurance Company
 Superior National Insurance Group, Inc.
 FPIC Insurance Company

Edgar Filing: PROASSURANCE CORP - Form 424B3

First Union noted that recent transaction activity provided limited guidance on the potential value of ProNational because of the absence of recent transactions involving pure medical malpractice targets with publicly available financial information. First Union selected certain transactions involving professional liability and executive risk targets as a proxy for businesses reasonably comparable to ProNational but discounted this analysis. The implied range of multiples computed for these transactions were 18.0x to 21.0x trailing twelve months net income and 1.4x to 1.5x book value.

With respect to MEEMIC Holdings, First Union considered information on the following merger and acquisitions transactions involving personal line insurance companies since 1997:

AUTO INSURANCE TARGET	ACQUIROR
Northeast Insurance Company	Motor Club of America
Worldwide Insurance Company	American Financial Group, Inc.
Automobile Club Insurance Company	Commerce Group Incorporated
North Pointe Financial Services, Inc.	Queensway Financial Holdings, Limited
Colonial Penn Group, Inc.	General Electric Company
York Insurance Company of Maine	Commercial Union PLC
Anthem Casualty Insurance Company	Vesta Insurance Group

First Union considered the targets involved in these transactions to be reasonably similar to MEEMIC Holdings. However, First Union noted that recent transaction activity provided limited guidance on the potential value of MEEMIC Holdings. The implied range of multiples computed for these transactions were 19.0x to 20.0x trailing twelve months net income and 1.2x to 1.3x book value.

First Union analyzed the equity value paid for each of the target companies, measured as a multiple of selected financial data, including net income for the twelve months preceding the announcement date of each acquisition and the book value per share for the most recent quarter prior to the announcement date of each acquisition. The range of multiples for Professionals Group with 77% of MEEMIC Holdings implied from the review of selected transactions was 19.0x to 21.0x trailing twelve months net income and 1.3x to 1.4x book value. First Union discounted the implied price to trailing twelve months earnings multiples in rendering its opinion as the number of data points available did not allow for a statistically significant representative sample.

Edgar Filing: PROASSURANCE CORP - Form 424B3

Because the reasons for, and circumstances surrounding, each of the comparable transactions analyzed are highly diverse due to the inherent differences between the operations and financial conditions of Pro National and MEEMIC Holdings and the selected companies, First Union expressed its view that a purely quantitative comparable transaction analysis would not be dispositive in the context of the consolidation. First Union further expressed its view that an appropriate use of a comparable transaction analysis in this instance involves qualitative judgments concerning the differences between the characteristics of these transactions and the consolidation that would affect the value of the acquired companies and the acquisition of Professionals Group. Such qualitative judgments are reflected in the First Union opinion.

Pro Forma Financial Impact. First Union analyzed certain pro forma effects resulting from the consolidation, including among other things, the impact of the consolidation on the projected earnings per share of Medical Assurance for the year 2000 based on limited projections provided to First Union by Medical Assurance and Professionals Group. For the purpose of this analysis, First Union assumed the following:

- the holders of 72.2% of the outstanding common stock of Professionals Group will elect to receive cash only in the consolidation based upon First Union's analysis of information relating to the stockholders and trading characteristics of the Professionals Group stock which formed the basis of its assumption that 100% of institutional stockholders will elect the all-cash consideration and 60% of all other stockholders will elect the all-cash consideration;
- ProAssurance will utilize \$100 million of internal capital to fund the consolidation and the cost of such internal capital will be 5.75% based on the historical yield from investments of the constituent companies;
- approximately \$105 million will be borrowed by ProAssurance at an interest rate of 8.5% to fund the consolidation;
- ProAssurance will be required to issue 3,012,140 shares of its common stock to the former holders of Professionals Group common stock based on an assumed share price of \$11.75 for a share of Medical Assurance common stock;
- transaction costs in the amount of approximately \$4 million;
- the realization of approximately \$1.3 million in annual after tax operating synergies as a result of the elimination of Professionals Group as a separate public company; and
- estimated net income for 2000 of \$23.4 million for Medical Assurance and \$12.7 million for Professionals Group.

The analysis performed indicated that, on a pro forma first year basis, the consolidation would be slightly accretive to Medical Assurance's estimated earnings per share for the year 2000.

First Union also performed a sensitivity analysis to determine the pro forma earnings per share accretion/(dilution) using a variety of assumptions. The sensitivity analysis reflected the accretion/(dilution) if various combinations of the following should occur with respect to the consolidation:

- a range in the market value of a share of Medical Assurance common stock from \$10.00 per share to \$15.50 per share;

- a range from 50% to 90% of the percentage of Professionals Group shareholders who elect the all-cash consideration; and
- a range from \$75 million to \$125 million of the amount of internal capital utilized to fund the consolidation.

The sensitivity analysis demonstrates that the consolidation will have comparatively less risk of dilution for the Medical Assurance shareholders on a pro forma basis if the number of shares of Medical Assurance common stock to be issued to the Professionals Group shareholders is reduced as a result of a higher percentage of cash elections, a higher assumed price for a share of Medical Assurance common stock, or a combination of the foregoing. The sensitivity analysis reflects that there is not a significant risk of dilution, or a significant benefit of accretion, to the Medical Assurance shareholders using various combinations of the assumptions used by First Union in determining the pro forma impact of the consolidation. As an example, the results of the sensitivity analysis include the following:

- if \$100 million of internal capital is utilized to fund the consolidation and the market value of a share of Medical Assurance common stock is assumed to be \$11.75 per share, there would be a 0.2% accretive impact to Medical Assurance 2000 earnings on a pro forma basis if 100% of the institutional Professionals Group shareholders elect to receive the all-cash consideration and 60% of all other shareholders elect to receive the all-cash consideration (implies 72.2% of all shareholders elect the all-cash consideration);
- if the minimum assumed amount of \$75 million of internal capital is utilized to fund the consolidation, the market value of a share of Medical Assurance common stock is the minimum assumed value of \$10 per share, and the minimum assumed percentage of 50% of the Professionals Group shareholders elect the all-cash consideration, there would be a 7.3% dilutive impact to Medical Assurance 2000 earnings on a pro forma basis; and
- if the maximum assumed amount of \$125 million of internal capital is utilized to fund the consolidation, the market value of a share of Medical Assurance common stock is the maximum assumed value of \$15.50 per share, and the maximum assumed percentage of 90% of the Professionals Group shareholders elect the all-cash consideration, there would be a 5.4% accretive impact to Medical Assurance 2000 earnings on a pro forma basis.

The actual operating and financial results achieved by the pro forma combined company may vary from the projected results and such variations may be material.

Medical Assurance retained First Union based on its experience and expertise. First Union is an internationally recognized investment banking and advisory firm. As part of its investment banking business, First Union is regularly engaged in the valuation of businesses and their securities in connection with mergers, acquisitions, tender offers, divestitures, leveraged buyouts and private placements of debt and equity securities.

In the ordinary course of its business, First Union and its affiliates may actively trade the equity securities of Medical Assurance and Professionals Group for their own account and/or the accounts of their respective customers, and, accordingly, may at any time hold long or short positions in these securities. Although First Union has not provided to Medical Assurance financial advisory, investment banking or other services within the past two years, First

Edgar Filing: PROASSURANCE CORP - Form 424B3

Union may provide these types of services to Medical Assurance or ProAssurance in the future and receive fees for those services.

Pursuant to a letter agreement between Medical Assurance and First Union, dated as of April 10, 2000, Medical Assurance paid to First Union an advisory fee of \$50,000 on the date of the execution of the letter agreement and an opinion fee in the amount of \$250,000 on the delivery of the fairness opinion. In addition, Medical Assurance has also agreed to pay First Union a success fee on closing of the consolidation in an amount equal to \$1 million, less the foregoing amounts.

Medical Assurance has also agreed to reimburse First Union for its reasonable travel and other out-of-pocket expenses incurred in connection with its engagement, including the reasonable fees and

disbursement of its counsel. In addition, Medical Assurance will indemnify First Union against liabilities and expenses related to or arising out of its engagement including the liabilities under the federal securities laws.

The consideration to be received by the Professionals Group shareholders in the consolidation was determined by arms-length negotiations between Professionals Group and Medical Assurance, in consultation with their respective financial advisors and other representatives, and was not established by those financial advisors.

OPINION OF PROFESSIONALS GROUP'S FINANCIAL ADVISOR

Professionals Group retained Cochran, Caronia & Co. to act as its financial advisor in connection with the proposed consolidation. As part of that engagement, Professionals Group requested that Cochran, Caronia & Co. evaluate the fairness, from a financial point of view, of the consideration to be paid in the consolidation to the holders of Professionals Group common stock. On June 19, 2000, at a meeting of Professionals Group's board of directors held to evaluate the proposed consolidation, Cochran, Caronia & Co. delivered to the Professionals Group board of directors an oral opinion to the effect that, as of the date of the opinion and based on and subject to the matters described in the opinion, the consideration to be paid in the consolidation to the holders of Professionals Group common stock was fair, from a financial point of view, to the holders of Professionals Group common stock.

In arriving at its opinion, Cochran, Caronia & Co.:

- reviewed recent drafts of the consolidation agreement and related documents;
- examined publicly available financial statements of Professionals Group and Medical Assurance;
- examined internal business, operating and financial information and forecasts of Professionals Group and Medical Assurance, prepared by the senior management of Professionals Group and Medical Assurance;
- considered information regarding publicly available financial terms of certain comparable transactions in the medical malpractice industry;
- analyzed financial, stock market and other publicly available information relating to the businesses of other companies whose operations are similar to those of Professionals Group, including its medical malpractice and personal lines operations;

Edgar Filing: PROASSURANCE CORP - Form 424B3

- reviewed current and historical market prices and trading volumes of the common stock of Professionals Group and Medical Assurance;
- examined publicly available business and financial information relating to Professionals Group;
- held discussions with senior officers, directors and other representatives and advisors of Professionals Group concerning the business, operations and prospects of Professionals Group; and
- considered other matters that it deemed relevant to its inquiry and have taken into account such accepted financial and investment banking procedures and considerations as it deemed relevant.

In rendering its opinion, Cochran, Caronia & Co. assumed and relied, without independent verification, on the accuracy and completeness of all financial and other information and data that it reviewed or considered. With respect to financial projections and information and data, senior management of Professionals Group advised Cochran, Caronia & Co. that they were reasonably prepared on bases reflecting the best currently available estimates and judgments of senior management of Professionals Group as to the future financial performance of Professionals Group.

Cochran, Caronia & Co. also was advised that the actuarial reserve analyses relating to Professionals Group prepared by its independent actuaries were reasonably prepared on bases reflecting the best currently available estimates and judgments of the actuaries as to Professionals Group's reserves. Cochran, Caronia & Co. is not an actuarial firm and its services did not include any actuarial determinations or

50

56

evaluations by it or an attempt to evaluate actuarial assumptions, nor did Cochran, Caronia & Co. express any views as to matters relating to Professionals Group's reserves, including, without limitation, the adequacy of Professionals Group's reserves. Cochran, Caronia & Co. did not make and, except for the actuarial reserve analyses prepared by Professionals Group's independent actuaries, was not provided with an independent evaluation or appraisal of the assets, liabilities (contingent or otherwise) or reserves of Professionals Group, and did not make any physical inspection of the properties or assets of Professionals Group. Cochran, Caronia & Co. assumed, with Professionals Group's consent, that in the course of obtaining the necessary regulatory approvals for the consolidation, no limitations, restrictions or conditions would be imposed that would have a material adverse effect on the ability of the parties to complete the consolidation. Cochran, Caronia & Co. further assumed that the transactions contemplated by the consolidation agreement would be completed on the terms described in the consolidation agreement, without the waiver of any material rights, terms or conditions thereof by Professionals Group.

Cochran, Caronia & Co. expressed no view as to, and its opinion does not address, the relative merits of the consolidation as compared with any alternative business strategies that might exist for Professionals Group or the effect of any other transaction in which Professionals Group might engage. Cochran, Caronia & Co.'s opinion was necessarily based on information available, and financial, stock market and other conditions and circumstances existing and disclosed to Cochran, Caronia & Co., as of the date of its opinion. Although Cochran, Caronia & Co. evaluated the consideration to be paid in the consolidation to the holders of Professionals Group common stock from a financial point of view, Cochran, Caronia & Co. was not asked to and did not recommend the specific form or amount of consideration to be paid in the consolidation to the holders of Professionals Group common stock. The form and amount of such consideration was determined through arm's-length negotiations

Edgar Filing: PROASSURANCE CORP - Form 424B3

between Professionals Group and Medical Assurance. No other instructions or limitations were imposed by Professionals Group on Cochran, Caronia & Co. with respect to the investigations made or procedures followed by Cochran, Caronia & Co. in rendering its opinion.

THE FULL TEXT OF COCHRAN, CARONIA & CO.'S WRITTEN OPINION DATED JUNE 19, 2000, WHICH DESCRIBES THE ASSUMPTIONS MADE, MATTERS CONSIDERED AND LIMITATIONS ON THE REVIEW UNDERTAKEN, IS ATTACHED TO THIS JOINT PROXY STATEMENT/PROSPECTUS AS APPENDIX C AND IS INCORPORATED IN THIS JOINT PROXY STATEMENT/PROSPECTUS BY REFERENCE. COCHRAN, CARONIA & CO.'S OPINION IS DIRECTED TO PROFESSIONALS GROUP'S BOARD OF DIRECTORS AND RELATES ONLY TO THE FAIRNESS OF THE CONSIDERATION TO BE PAID IN THE CONSOLIDATION TO HOLDERS OF PROFESSIONALS GROUP COMMON STOCK FROM A FINANCIAL POINT OF VIEW. COCHRAN, CARONIA & CO.'S OPINION DOES NOT ADDRESS ANY OTHER ASPECT OF THE CONSOLIDATION OR ANY RELATED TRANSACTION AND DOES NOT CONSTITUTE A RECOMMENDATION TO ANY SHAREHOLDER WITH RESPECT TO HOW TO VOTE AT THE MEETINGS OR WITH RESPECT TO ANY OTHER MATTER RELATING TO THE PROPOSED CONSOLIDATION.

In preparing its opinion, Cochran, Caronia & Co. performed a variety of financial and comparative analyses, including those described below. The summary of these analyses is not a complete description of the analyses underlying Cochran, Caronia & Co.'s opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to summary description. Accordingly, Cochran, Caronia & Co. believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors, without considering all analyses and factors, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

In its analyses, Cochran, Caronia & Co. considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of Professionals Group. No company, transaction or business used in those analyses as a comparison is identical to Professionals Group or the proposed consolidation, and an evaluation of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, business segments or transactions analyzed.

51

57

The estimates contained in Cochran, Caronia & Co.'s analyses and the valuation ranges resulting from any particular analyses are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by its analyses. In addition, analyses relating to the value of businesses or securities do not necessarily purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, Cochran, Caronia & Co.'s analyses and estimates are inherently subject to substantial uncertainty.

Cochran, Caronia & Co.'s opinion and analyses were only one of many factors considered by Professionals Group's board of directors in its evaluation of the consolidation and should not be viewed as determinative of the views of the Professionals Group board of directors or management with respect to the consideration payable to holders of Professionals Group common stock or the proposed consolidation.

The material financial analyses performed by Cochran, Caronia & Co. in

Edgar Filing: PROASSURANCE CORP - Form 424B3

The material financial analyses performed by Cochran, Caronia & Co. in connection with rendering its opinion are further described and summarized below:

Selected companies analysis. Using publicly available information, Cochran, Caronia & Co. analyzed the market values and trading multiples of certain selected publicly traded medical malpractice insurance companies, which are listed below. Although there were no public companies with precisely the same mix of businesses and financial conditions as Professionals Group, Cochran, Caronia & Co. believes the following publicly traded medical malpractice insurance companies listed below were reasonably comparable. The following publicly traded companies, which were the only companies considered for this analysis, were selected for this analysis because they primarily write medical malpractice insurance for healthcare providers.

- FPIC Insurance Group, Inc.
- Medical Assurance, Inc.
- The MIIX Group, Inc.
- NCRIC Group, Inc.
- SCPIE Holdings, Inc.

All multiples were based on stock prices available as of June 16, 2000.

Cochran, Caronia & Co. also analyzed the market values and trading multiples of MEEIC Holdings and the following publicly traded personal lines insurance companies. The following publicly

traded companies, which were the only companies considered for this analysis, were selected for this analysis because they write a significant amount of

Edgar Filing: PROASSURANCE CORP - Form 424B3

personal lines insurance. All of the companies selected for this analysis, except for Commerce Group, Inc. and Horace Mann Educators Corporation, are also of similar size to MEEMIC Holdings. Commerce Group, Inc. was included in this analysis despite being larger than MEEMIC Holdings because of its single state focus in personal lines insurance. Horace Mann Educators Corporation was included in this analysis despite being larger than MEEMIC Holdings because of its focus on the education market.

- Commerce Group, Inc.
- Donegal Group, Inc.
- Horace Mann Educators Corporation
- Merchants Group, Inc.
- Meridian Insurance Group, Inc.
- Midland Company
- Mobile American Corporation
- Motor Club of America

All multiples were based on stock prices available as of June 16, 2000.

Estimated financial data for the selected companies were based on research analysts' estimates, and estimated financial data for Professionals Group and MEEMIC Holdings were based on internal estimates of Professionals Group's management. Cochran, Caronia & Co. compared market values of Professionals Group, MEEMIC Holdings and the selected companies as a multiple of, among other things, calendar year 2000 and 2001 estimated earnings computed in accordance with generally accepted accounting principles, commonly known as GAAP, and GAAP book value as of March 31, 2000. Cochran, Caronia & Co. then applied a range of selected multiples derived from the selected companies of calendar year 2000 and 2001 estimated GAAP earnings and latest GAAP book value as of March 31, 2000, to corresponding financial data of Professionals Group and MEEMIC Holdings in order to derive an implied equity valuation range for Professionals Group (including its stake in MEEMIC Holdings).

The ranges of market values for the companies comparable to Professionals Group and for the companies comparable to MEEMIC Holdings were determined to be as follows:

	RANGE OF MULTIPLES	
	PROFESSIONALS GROUP COMPARABLES	MEEMIC HOLDING COMPARABLES
Market value to calendar year 2000 estimated earnings...	5.5 x to 12.6x	5.5 x to 12.6
Market value to calendar year 2001 estimated earnings...	5.3 x to 11.8x	7.0 x to 11.2
Market value to GAAP book value.....	0.50x to 1.57x	0.52x to 1.57

Based on the foregoing, the implied equity reference ranges appropriate for Professionals Group were determined to be as follows:

- 7.0x to 8.0x 2000 estimated earnings plus a 15% to 20% control premium;

Edgar Filing: PROASSURANCE CORP - Form 424B3

- 7.0x to 8.0x 2000 estimated earnings plus a 15% to 20% control premium;
and
- 0.60x to 0.80x GAAP book value plus a 15% to 20% control premium.

The implied equity valuation range for Professionals Group resulting from this analysis was \$167.4 million to \$196.6 million, or \$18.40 to \$21.60 per share.

Precedent transactions analysis. Using publicly available information, Cochran, Caronia & Co. reviewed the financial terms and implied transaction value multiples paid or proposed to be paid in certain selected transactions in the medical malpractice and specialty insurance industries. Although no transaction

53

59

utilized in this analysis was identical to the consolidation, Cochran, Caronia & Co. believes the selected transactions listed below were most reasonably comparable.

Cochran, Caronia & Co. compared purchase prices in the selected transactions as a multiple of, among other things, trailing twelve-month GAAP earnings and GAAP book value for the most recent quarter prior to the announcement date of each acquisition. The range of multiples for Professionals Group calculated by Cochran, Caronia & Co. from the review of the selected transactions was 9.4x to 20.4x trailing twelve-month GAAP earnings and 0.26x to 1.90x GAAP book value for the most recent quarter prior to the announcement date of each acquisition.

Cochran, Caronia & Co. then applied a range of selected multiples derived from the selected transactions of trailing twelve-month GAAP earnings and GAAP book value to Professionals Group's trailing twelve-month GAAP earnings and GAAP book value as of March 31, 2000, in order to derive implied equity valuation ranges for Professionals Group. Cochran, Caronia & Co. determined the range multiples appropriate for Professionals Group to be 10.0x to 12.0x trailing twelve-month GAAP earnings and 0.95 to 1.05x GAAP book value.

The implied equity valuation range for Professionals Group resulting from this analysis was \$200.2 million to \$218.4 million, or \$22.00 to \$24.00 per share.

Discounted cash flow analysis. Cochran, Caronia & Co. performed a discounted cash flow analysis of Professionals Group's projected dividendable cash flows during calendar year 2000 through 2004 based on internal estimates of Professionals Group's management. Cochran, Caronia & Co. derived an implied equity valuation range for Professionals Group by applying a terminal value multiple of 8.0x to 10.0x to Professionals Group's 2004 estimated GAAP earnings and a range of selected discount rates from 10% to

54

60

15%. The implied equity valuation range for Professionals Group resulting from this analysis was \$163.8 million to \$200.2 million, or \$18.00 to \$22.00 per share.

Acquisition Premium Analysis. Cochran, Caronia & Co. performed an acquisition premium analysis based on comparable public property and casualty transactions announced since 1998. Cochran, Caronia & Co. analyzed the acquisition premiums paid by buyers for the target's stock one day prior to the announcement of the transaction and one month prior to the announcement of the transaction. The median acquisition premium paid by a buyer for a target's stock for the selected transactions one day prior to announcement of a transaction was 18.6% and one month prior to the announcement of a transaction was 22.1%. Cochran, Caronia & Co. compared these acquisition premiums with the proposed premium of 79.3% to Professionals Group's stock price of \$14.50 as of June 16, 2000.

Other factors. In rendering its opinion, Cochran, Caronia & Co. also reviewed and considered other factors, including:

- historical and projected financial data for Professionals Group, including Professionals Group's financial performance and financial position as well as financing options available to Professionals Group;
- historical trading prices for Professionals Group common stock; and
- a business and financial profile of Medical Assurance.

Valuation results. The combination of these various analyses resulted in an implied equity valuation range for Professionals Group of approximately

Edgar Filing: PROASSURANCE CORP - Form 424B3

\$180-\$220 million (approximately \$20 to \$24 per share) compared to consolidation consideration of approximately \$237 million (approximately \$26 per share).

Miscellaneous. Professionals Group engaged Cochran, Caronia & Co. as its financial advisor based upon the nationally recognized experience and expertise of Cochran, Caronia & Co. in the insurance industry. Cochran, Caronia & Co. is a full service investment bank focused exclusively on the insurance industry and regularly engages in the valuation of insurance company securities in connection with business combinations, investments and other transactions.

Under the terms of its engagement, Professionals Group has agreed to pay Cochran, Caronia & Co. for its financial advisory services upon completion of the consolidation an aggregate fee of \$1.4 million. Professionals Group also has agreed to reimburse Cochran, Caronia & Co. for reasonable travel and other out-of-pocket expenses incurred by Cochran, Caronia & Co. in performing its services, including the fees and expenses of its legal counsel, and to indemnify Cochran, Caronia & Co. and related persons against liabilities, including liabilities under the federal securities laws, arising out of its engagement.

In the ordinary course of business, Cochran, Caronia & Co. and its affiliates may actively trade or hold the securities of Professionals Group for the account of customers and, accordingly, may at any time hold a long or short position in those securities.

ACCOUNTING TREATMENT

The consolidation will be effected by the merger of each of Medical Assurance and Professionals Group with newly formed wholly-owned subsidiaries of ProAssurance. Each of Medical Assurance and Professionals Group will survive their respective mergers as wholly-owned subsidiaries of ProAssurance. The outstanding stock of Medical Assurance will be converted into the shares of ProAssurance stock as contemplated by the consolidation agreement. The outstanding stock of Professionals Group will be converted into cash and shares of stock of ProAssurance as provided in the consolidation agreement.

The merger of Medical Assurance into a subsidiary of ProAssurance and the exchange of Medical Assurance stock for ProAssurance stock will be accounted for as a corporate reorganization of Medical Assurance and will be treated similar to a pooling of interests transaction. This means that the historical consolidated assets and liabilities and results of operations of Medical Assurance and its subsidiaries will be included in the consolidated financial statements of ProAssurance.

55

61

The merger of Professionals Group into a subsidiary of ProAssurance and the exchange of the Professionals Group stock for cash and ProAssurance stock will be accounted for using the purchase method of accounting in accordance with generally accepted accounting principles. Accordingly, the aggregate consideration paid by ProAssurance in connection with the transaction, together with the direct costs of the acquisition, will be allocated to the consolidated assets and liabilities of Professionals Group based on their estimated fair market values at the date of the transaction. The assets and liabilities and results of operations of Professionals Group will be consolidated into the assets and liabilities and results of operations of ProAssurance after the transaction.

Stock awards outstanding under the stock compensation plans of Professionals Group will be settled as part of the transaction. The settlement costs will be recorded as compensation expense by Professionals Group in its final pre-acquisition financial statements. Outstanding options under the stock

Edgar Filing: PROASSURANCE CORP - Form 424B3

compensation plans of Professionals Group will be converted to options for shares of ProAssurance at the transaction date. The estimated fair market value of these options will be included in the purchase price of the transaction.

REGULATORY APPROVALS

Before the consolidation can be completed, we must receive the approvals of certain regulatory authorities. While we have agreed to use our reasonable efforts to obtain all required regulatory approvals, we cannot be certain that we will obtain the required regulatory approvals within the time frame contemplated by the consolidation agreement or on terms that are satisfactory to us. It is also possible that any such approval may be accompanied by a conditional requirement which causes such approvals to fail to satisfy the conditions set forth in the consolidation agreement.

We are not aware of any material regulatory approvals or actions that are required to complete the consolidation, except as described below. If any additional regulatory approvals or actions are required, then we presently intend to obtain those approvals and actions. There can be no assurance, however, that any such regulatory approvals or actions will be obtained.

Federal Antitrust Laws. Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 we cannot complete the consolidation until we notify and furnish information to the Antitrust Division of the Department of Justice and the Federal Trade Commission and specified waiting period requirements are satisfied. On December 22, 2000, we filed with the FTC and the Antitrust Division a Notification and Report form under the Hart-Scott-Rodino Act. The waiting period expired on January 5, 2001. At any time before or after the consolidation is completed and notwithstanding that the Hart-Scott-Rodino Act waiting period has expired, the Department of Justice or the FTC could take any action under the antitrust laws it deems necessary or desirable in the public interest, including seeking to enjoin the consummation of the consolidation or seeking divestiture of substantial assets of Medical Assurance or Professionals Group. Private parties and the state attorneys general may also bring actions under applicable antitrust laws.

State Insurance Laws. The insurance laws and regulations of all states generally require that, prior to the acquisition of control of an insurance company domiciled in that state, the acquiring company must obtain the approval of the proposed transaction by the insurance commissioner of the domiciliary state. In connection with the state approval process, ProAssurance has made formal filing applications, generally called Form A filings, for approval of the consolidation with the insurance commissioners of Alabama and West Virginia, the states in which insurance company subsidiaries of Medical Assurance are domiciled. ProAssurance has also made Form A filings for approval of the consolidation with the insurance commissioners of Michigan, Indiana, and Illinois, the states in which the insurance company subsidiaries of Professionals Group are domiciled. In Alabama, Indiana and West Virginia, the insurance commissioners were required to hold a public hearing before granting approval for the consolidation. The Form A filings of ProAssurance have been approved by the insurance commissioners in Alabama, Michigan, Indiana and West Virginia subject to receipt of all necessary insurance regulatory approvals. The Form A has been filed but not yet approved in Illinois.

The insurance laws and regulations of the states also generally require that, prior to the payment of an extraordinary dividend, an insurance company must obtain approval by the insurance commissioner of its state of domicile. A substantial portion of the capital proposed to be used by ProAssurance to fund the cash consideration of the consolidation will be provided from the proceeds

Edgar Filing: PROASSURANCE CORP - Form 424B3

of extraordinary dividends payable by an Alabama insurance subsidiary of Medical Assurance and a Michigan insurance subsidiary of Professionals Group. Medical Assurance has made formal filing applications, generally called Form D filings, for approval of extraordinary dividends with the Alabama insurance commissioner in the amount of approximately \$25 million in January 2001 and approximately \$20 million in May 2001. Professionals Group has made a Form D filing for approval of extraordinary dividends with the Michigan insurance commissioner in the amount of approximately \$50 million in January 2001 and approximately \$19 million in May 2001. Medical Assurance's application for the payment of the \$25 million extraordinary dividend was approved by the Alabama insurance commissioner on November 16, 2000. Professionals Group's application for the payment of the \$50 million extraordinary dividend was approved by the Michigan insurance commissioner on November 28, 2000.

In addition, the insurance laws and regulations of certain states require notification and approval by the insurance commissioner of the state prior to an acquisition of an insurance company doing business in that state (or the acquisition of its holding company) when the acquirer and its insurance company affiliates, together with the acquired company and its insurance company affiliates, have market share sufficiently large enough in particular insurance lines to require notification and approval. ProAssurance has either received affirmative approval from the insurance commissioners or constructive approval by reason of the time period for review having ended without objection from the commissioner.

LISTING OF PROASSURANCE STOCK; DELISTING OF MEDICAL ASSURANCE AND PROFESSIONALS GROUP STOCK

It is a condition to the consolidation that the shares of ProAssurance common stock to be issued in the consolidation be approved for listing on the New York Stock Exchange. If the consolidation is completed, shares of Medical Assurance and Professionals Group stock will be delisted from the New York Stock Exchange and Nasdaq National Market, respectively.

RESALE OF PROASSURANCE STOCK

ProAssurance common stock that you receive in the consolidation will be freely transferable, unless you are deemed to be an "affiliate" of Medical Assurance or Professionals Group under the Securities Act of 1933 and the rules and regulations promulgated under that act, at the time of the special meeting. "Affiliates" may only re-sell their holding company common stock in transactions permitted by rule 145 under the Securities Act of 1933 or as otherwise permitted under that act. Persons who may be deemed to be affiliates of Medical Assurance or Professionals Group for these purposes generally include individuals or entities that control, are controlled by, or are under common control with, Medical Assurance or Professionals Group and may include officers, directors and principal shareholders of Medical Assurance or Professionals Group. The consolidation agreement requires Medical Assurance and Professionals Group to obtain from each of these affiliates an agreement to the effect that these persons will not offer or sell or otherwise dispose of any ProAssurance common shares issued to these persons in the consolidation in violation of the Securities Act of 1933.

This joint proxy statement/prospectus does not cover any resales of ProAssurance common shares to be received by shareholders of Medical Assurance and Professionals Group upon consummation of the consolidation, and no person is authorized to make any use of this document in connection with any such resale.

MATERIAL FEDERAL INCOME TAX CONSEQUENCES

The consolidation will qualify as a partially tax deferred exchange for federal income tax purposes under Section 351 of the Internal Revenue Code.

Edgar Filing: PROASSURANCE CORP - Form 424B3

Accordingly, none of Medical Assurance, Professionals Group and ProAssurance will recognize any gain or loss as a result of the consolidation. Ernst & Young

LLP, certified public accountants, has provided its opinion to the boards of directors of Medical Assurance and Professionals Group as to the material federal income tax consequences of the consolidation generally applicable to the shareholders of Medical Assurance and Professionals Group. The opinion may be summarized as follows:

- If you are a Medical Assurance shareholder, you will not recognize any gain or loss on the exchange of your Medical Assurance shares for ProAssurance shares in the consolidation. Your adjusted tax basis in the ProAssurance shares that you receive in the consolidation will equal your adjusted basis in the Medical Assurance shares that you surrendered. The holding period for the ProAssurance shares that you receive in exchange for your Medical Assurance shares will include your holding period for the Medical Assurance shares that you surrendered.
- If you hold Professionals Group shares and you exchange those shares for both ProAssurance shares and cash in the consolidation, you will recognize gain equal to the lesser of (a) the amount of cash received in the exchange, and (b) the amount of gain that you realize on the exchange. The amount of gain that you realize on the exchange will be equal to the excess of the sum of the cash (including cash received for fractional shares) and the value of ProAssurance shares received in the exchange over your tax basis of the Professionals Group shares exchanged therefor. You will not be entitled to recognize a loss on such exchange for federal income tax purposes. The tax basis of ProAssurance shares you receive in exchange for your Professionals Group shares will be the same as the tax basis of the Professionals Group shares exchanged therefor, increased by any gain that you recognize as a result of the consolidation and reduced by the amount of any cash received in the consolidation.
- If you hold Professionals Group shares and you receive only cash in exchange for your Professionals Group shares in the consolidation, you will recognize gain or loss equal to the difference between the cash received and your adjusted tax basis in the Professionals Group shares exchanged for the cash.
- Any gain that you recognize as a Professionals Group shareholder as a result of the receipt of cash and stock in the consolidation will generally be a capital gain if you hold such shares as a capital asset at the time the consolidation is completed and your holding period in your Professionals Group shares exceeds one year at that time. The holding period for ProAssurance shares received in exchange for Professionals Group shares pursuant to the consolidation will include the holding period of the Professionals Group shares exchanged therefor.

If you are a Professionals Group shareholder, you should provide your tax identification number, social security or employer identification number to the exchange agent by completing and signing the Form W-9 that is a part of your yellow election form/letter of transmittal. Otherwise, payments in respect of your Professionals Group common stock may be subject to information reporting to the Internal Revenue Service and to a 31% backup withholding tax. You can avoid backup withholding by completing and signing a substitute Form W-9 or otherwise proving to ProAssurance and the exchange agent that you are exempt from backup withholding.

The opinion of Ernst & Young LLP relies on assumptions, including assumptions regarding the absence of changes in existing facts and the

INTERESTS OF DIRECTORS AND OFFICERS IN THE CONSOLIDATION

When considering the recommendation of our boards of directors, you should be aware that certain directors and officers of Medical Assurance and Professionals Group may have interests in the consolidation that are different from, or in addition to, your interests. These interests are described below. In each case, our boards of directors were aware of these interests and considered them, among other matters, in approving the consolidation.

INDEMNIFICATION

Medical Assurance, Professionals Group, and ProAssurance have agreed to jointly and severally indemnify all persons serving or having served as directors or officers of Medical Assurance or Professionals Group prior to the completion of the consolidation. ProAssurance and Medical Assurance also have agreed to provide directors' and officers' liability insurance for the present officers and directors of Professionals Group comparable to the coverage currently provided by Professionals Group before the consolidation.

59

65

Officers of ProAssurance. A. Derrill Crowe, M.D., the current chairman of the board and chief executive officer of Medical Assurance, will serve as chairman of the board and chief executive officer of ProAssurance. Victor T. Adamo, the current chief executive officer and a director of Professionals Group, will serve as vice chairman of the board and president of ProAssurance.

Directors of ProAssurance. All of the directors of Medical Assurance will serve as directors of ProAssurance. Victor T. Adamo, Ann F. Putallaz, and William H. Woodhams, who are directors of Professionals Group, will serve as directors of ProAssurance. See "Management and Operations after the Consolidation."

Employees and Benefit Plans. ProAssurance will review Medical Assurance's and Professionals Group's employee benefit plans and programs with a view toward combining those plans or developing appropriate new benefit plans in replacement of such plans. Subject to restrictions and limitations that applicable law may impose, ProAssurance will continue in effect the current employee benefit plans of each of Medical Assurance and Professionals Group until such time as the benefit plans are merged with each other or terminated or frozen and replaced with new benefit plans. Such employee benefit plans will be designed to treat similarly situated employees of Medical Assurance and Professionals Group and their respective subsidiaries on a substantially equivalent basis, provide employees full credit for prior service with Medical Assurance and Professionals Group and their subsidiaries for vesting and eligibility purposes, and waive all waiting periods and pre-existing conditions and exclusions with respect to such employees.

CHANGE OF CONTROL ARRANGEMENTS

The approval of the consolidation by the shareholders of Professionals Group will be a "change of control" for purposes of Professionals Group's Key Employee Retention Plan and other "change of control" agreements covering certain executives of Professionals Group and of its subsidiaries. That plan and those agreements generally provide "key employees" with a severance payment and certain insurance and other benefits in the event that there is a change in control of Professionals Group that is coupled with the actual involuntary or constructive termination of such key employee for any reason other than cause within two years after such change in control. The amount of the severance payment is equal to two times the key employee's base salary plus bonus, average of last three years.

Edgar Filing: PROASSURANCE CORP - Form 424B3

The dollar amounts of the severance payments and insurance and other benefits potentially payable to those persons who were executive officers of Professionals Group on March 30, 2001 and whose salary and bonus exceeded \$100,000 in 2000 (the "named executive officers"), calculated as of December 31, 2000, are as follows: Victor T. Adamo -- \$1,257,639; R. Kevin Clinton -- \$1,195,810; John F. Lang -- \$494,622; and William P. Sabados -- \$0. The aggregate amount of the severance payments and other benefits potentially payable under Professionals Group's Key Employee Retention Plan and "change of control" agreements to all key employees as a group (11 persons) was \$6,397,955, calculated as of December 31, 2000.

The consolidation will also be a "change of control" for purposes of change of control agreements entered into between MEEMIC Holdings, a subsidiary of Professionals Group, and certain employees of MEEMIC Holdings. Each of these agreements provides the employee with a severance payment and certain insurance and other benefits in the event that there is a change in control of MEEMIC Holdings that is coupled with the actual involuntary or constructive termination of such employee for a reason other than cause within two years after such change in control. The amount of the severance payment is equal to two times the employee's base salary plus bonus, average of last three years. As of December 31, 2000 there were three such agreements in effect and the aggregate amount of the severance payments and other benefits potentially payable under those agreements was \$1,469,395, calculated as of December 31, 2000. William P. Sabados, the Chief Information Officer of Professionals Group, is a party to one of these agreements and the dollar amount of the severance payment and insurance and other benefits potentially payable to him was \$453,525, calculated as of December 31, 2000.

Medical Assurance may cause ProAssurance to implement key employee retention agreements that would provide severance and insurance benefits for some or all of its key employees similar to those

60

66

provided by Professionals Group upon actual or constructive termination of employment of the employee for any reason other than cause after the consolidation.

STOCK OPTIONS

The approval of the consolidation by the shareholders of Professionals Group will be a "change of control" for purposes of the stock options issued under Professionals Group's 1996 Long Term Incentive Plan. Consequently, all unvested options that are issued and outstanding under this plan will immediately vest and become exercisable upon shareholder approval. As of the date of this joint proxy statement/ prospectus, there were a total of 76,583 unvested options issued and outstanding under this plan with exercise prices ranging from \$23.50 to \$30.58.

Consequently, upon completion of the consolidation all unvested options that are unvested and outstanding under this plan will immediately vest and become exercisable. As of the date of this joint proxy statement/prospectus, there were a total of 224,000 unvested options issued and outstanding under this plan, each with an exercise price of \$10.

DIVIDEND POLICY

The holders of ProAssurance common stock are entitled to receive such dividends as may be declared from time to time by the ProAssurance board out of funds legally available therefor. We do not expect ProAssurance to declare cash dividends on ProAssurance common stock for the foreseeable future following the consolidation, as we expect that earnings of ProAssurance and its subsidiaries will be retained and used for debt service and operations. Any future cash dividends will depend upon, among other things, future financial results and requirements and contractual restrictions applicable to ProAssurance or its subsidiaries. The ability of ProAssurance to fund its operations and to pay cash dividends on ProAssurance common stock following consummation of the consolidation will be dependent upon its receipt of dividends from its insurance subsidiaries. The ability of its insurance subsidiaries to pay dividends is subject to

70

regulatory and contractual restrictions. There can be no assurance as to any future dividends by ProAssurance or its insurance subsidiaries.

- materially change our investment securities portfolio, except as done in accordance with our investment guidelines and prior consultation with the other party; or
- take actions that would result in the material inaccuracy of our respective representations and warranties or the conditions to our obligations not being satisfied.

Each of us has also agreed to use our best efforts to take, or cause to be taken, all actions necessary, proper or advisable to comply promptly with all legal requirements which may be imposed on us or our subsidiaries in order to complete the consolidation, and to obtain, and to cooperate with each other in order to obtain, any consent, authorization, order or approval of, or any exemption by, any governmental entity or authority and any other third party which is required to be obtained by either of us or any of our subsidiaries in connection with the consolidation.

We have also agreed to use our best efforts to promptly prepare and file all necessary documentation to effect all applications, notices, petitions and filings, and to obtain and to cooperate in obtaining permits, consents, approvals and authorizations of all third parties and governmental entities necessary or advisable

68

74

to complete the consolidation and to comply with the terms and conditions of all such permits, consents, approvals and authorizations. Each of us has also agreed to furnish upon request to the other all information concerning us and our subsidiaries, directors, officers and shareholders and such other matters as may be necessary or advisable in connection with the consolidation. We have also reached certain agreements with respect to directors' and officers' indemnification and insurance.

Each of us has further agreed to give the other access to all of our properties, books, contracts, commitments and records and to furnish information concerning our businesses, properties and personnel, subject to the restrictions and for the purposes set forth in the consolidation agreement.

CONDITIONS TO THE COMPLETION OF THE CONSOLIDATION

Conditions to Each Party's Obligation to Effect the Consolidation. The consolidation agreement contains conditions to our obligation to complete the consolidation. Neither one of us will be obligated to complete the consolidation unless:

- no order, injunction, or decree prohibiting consummation of the consolidation is in effect;

- any state securities or "blue sky" approvals required in connection with the consolidation have been received;
- the shares of ProAssurance common stock issuable in the consolidation have been authorized for trading and reporting on the New York Stock Exchange;
- we have received a written opinion from Ernst & Young LLP regarding the consolidation substantially to the effect that (1) Medical Assurance shareholders will not recognize any gain or loss as a result of the consolidation, (2) Professionals Group shareholders electing to receive ProAssurance stock and cash will recognize gain under Section 351(b) of the Internal Revenue Code, but in an amount not in excess of the lesser of the gain realized or the amount of cash received, (3) Professionals Group shareholders electing to receive all cash will recognize gain or loss measured by the difference between the amount of cash received and the adjusted basis of the Professionals Group stock surrendered, and (4) neither ProAssurance, Medical Assurance nor Professionals Group nor any of their subsidiaries will recognize gain or loss as a result of the consolidation; and
- ProAssurance and each of the transitory acquisition subsidiaries has been formed and is authorized to transact business in its state of domicile.

Neither of us will waive compliance with these conditions in spite of the fact that the consolidation agreement allows us to waive any of the conditions to the consolidation.

Conditions to the Obligation of Medical Assurance to Complete the Consolidation. The obligation of Medical Assurance to complete the consolidation is subject to the fulfillment of the following additional conditions:

75

- Professionals Group must have materially performed all obligations required to be performed by it before the closing;

materially adverse effect on the ability of Professionals Group or its subsidiaries to conduct their respective businesses as presently conducted;

- Medical Assurance must have received a favorable opinion from First Union Securities, Inc. or another recognized investment banking firm that the consolidation is fair to Medical Assurance shareholders from a financial point of view and such opinion must not have been withdrawn prior to completion of the consolidation; and
- Professionals Group and its insurance subsidiaries must not be rated lower than A- by the A.M. Best Rating Agency, and must not have received notice from A.M. Best of its intention to lower the rating of ProAssurance, the Professionals Group insurance subsidiaries or the Medical Assurance insurance subsidiaries below A- after giving effect to the consolidation.

In the absence of a resolicitation of proxies from the Medical Assurance shareholders, Medical Assurance will not waive any of these conditions if the waiver would result in a material change in the information included in this joint proxy statement/prospectus or the information incorporated herein by reference. Medical Assurance will consider the waiver of either the condition relating to the delivery of a fairness opinion from First Union Securities or another investment banking firm or the condition relating to the A- or better rating from A. M. Best Rating Agency to result in a material change in the information in this joint proxy statement/prospectus.

Conditions to the Obligation of Professionals Group to Complete the Consolidation. The obligation of Professionals Group to complete the consolidation is subject to the fulfillment of the following conditions:

- the representations and warranties made by Medical Assurance in the consolidation agreement must be true and correct on the date that the consolidation is completed;
- Medical Assurance must have materially performed all obligations required to be performed by it before the closing;
- there must have been no material adverse change in the financial condition, operations, assets, or business prospects of Medical Assurance and its subsidiaries, taken as a whole; and there must also have been no event or circumstance which has, or is likely to have, a materially adverse effect on the ability of Medical Assurance or its subsidiaries to conduct their respective businesses as presently conducted;

- Medical Assurance and its insurance subsidiaries must not be rated lower than A- by the A.M. Best Rating Agency, and must not have received notice from A.M. Best of its intention to lower the rating of ProAssurance, the Professionals Group insurance subsidiaries or the Medical Assurance insurance subsidiaries below A- after giving effect to the consolidation.

In the absence of a resolicitation of proxies from the Professionals Group shareholders, Professionals Group will not waive any of these conditions if the waiver would result in a material change in the information included in this joint proxy statement/prospectus or the information incorporated herein by reference. Professionals Group will consider the waiver of either the condition

Edgar Filing: PROASSURANCE CORP - Form 424B3

relating to the delivery of a fairness opinion from Cochran, Corona & Co. or other investment banking firm or the condition relating

70

76

to the A- or better rating from A. M. Best Rating Agency to result in a material change in the information in this joint proxy statement/prospectus.

When the consolidation is completed, all representations and warranties of Medical Assurance and Professionals Group will expire and terminate.

NO SOLICITATION OF TRANSACTIONS

We have agreed that neither we nor our representatives will, directly or indirectly, initiate, entertain, solicit, encourage, engage in, or participate in, negotiations with any person concerning any acquisition proposal, other than the consolidation.

However, either of us may, without breaching the consolidation agreement, respond to any unsolicited acquisition proposal if our board of directors determines in good faith that a response to the acquisition proposal is appropriate in furtherance of the best interests of our shareholders. In response to the acquisition proposal, either of us may furnish information to any person pursuant to a customary confidentiality agreement and participate in discussions regarding the proposal. We may also approve and recommend the proposal to our shareholders.

We will promptly inform each other of any serious, bona fide inquiry either of us receives with respect to any acquisition proposal and we will keep each other informed of the status of any discussions or negotiations concerning the acquisition proposal.

TERMINATION

We may terminate the consolidation agreement at any time before the date the consolidation becomes effective in any of the following circumstances:

- by our mutual written consent;
- by either party if it becomes certain, for all practical purposes, that the other party cannot satisfy its requirements to effect the consolidation and the terminating party's default has not caused such failure;
- by either party if the consolidation is not completed by January 31, 2001; however, this right to terminate is not available to any party

Edgar Filing: PROASSURANCE CORP - Form 424B3

whose breach of the consolidation agreement was the cause of the failure of the consolidation to occur by this date;

- by either party if the other party authorizes, recommends, publicly proposes, or publicly announces an intention to authorize, recommend or propose an acquisition proposal, or if the other party enters an agreement with another party to effect an acquisition proposal, or fails to publicly oppose a tender offer or exchange offer by another person based on an acquisition proposal; or
- by either party if such party enters an agreement with any person to effect an acquisition proposal or fails to publicly oppose a tender offer or exchange offer by another person based on the acquisition proposal upon the payment by the terminating party of a termination fee to the other party.

EXTENSION, WAIVER AND AMENDMENT OF THE CONSOLIDATION AGREEMENT

At any time prior to completion of the consolidation, by action taken or authorized by our directors, each of us may, to the extent legally allowed, extend the time for the performance of any of the

73

79

obligations or other acts of the other, waive any inaccuracies in the representations and warranties contained in the consolidation agreement or in any document delivered pursuant thereto, and waive compliance with any of the terms of the consolidation agreement.

The consolidation agreement may be amended, whether before or after any shareholder approval, by action taken or authorized by our directors. However, once the consolidation agreement has been approved by the shareholders of either of us, no such amendment may change the amount or form of the consideration to be delivered to our shareholders without their approval.

ADDITIONAL AGREEMENTS

Confidentiality, Access to Information. We have each agreed to provide to the officers, employees, accountants, and other representatives of the other party access to our properties, books, contracts, commitments, and records during the period between the date of the consolidation agreement and the completion of the consolidation. We have each agreed to keep confidential all non-public information we receive from the other party and to use such information only in connection with transactions under the consolidation agreement.

Best Efforts. We have agreed to use our best efforts to take all actions

Edgar Filing: PROASSURANCE CORP - Form 424B3

necessary, proper or advisable to complete the consolidation and any transactions contemplated by the consolidation agreement, including:

- taking all acts to comply with all legal requirements associated with the consolidation; and
- obtaining all necessary consents, authorizations, orders, or approvals from governmental entities and other third parties.

Listing on the New York Stock Exchange. Medical Assurance has agreed to cause the shares of ProAssurance common stock to be listed on the New York Stock Exchange subject to official notice of issuance. It is a condition to the completion of the consolidation that the shares of ProAssurance be approved for trading and reporting on the New York Stock Exchange subject to official notice of issuance.

Employee Benefit Plans. Following the completion of the consolidation, ProAssurance will honor in accordance with their terms all incentive, deferred compensation, stock option, stock appreciation right, severance pay, retirement, group or individual health insurance, welfare or similar plans or arrangements of Medical Assurance or Professionals Group and all provisions for vested benefits or other vested amounts earned or accrued under such plans.

The existing employee benefit plans of Medical Assurance and Professionals Group will not be terminated by reason of the consolidation but will continue as separate plans for the employees of each of Medical Assurance and Professionals Group and their respective subsidiaries until such time as the plans are integrated into or replaced by new employee benefit plans adopted by ProAssurance. The new employee benefit plans will treat similarly situated employees on a substantially equivalent basis, provide full credit for prior service with Medical Assurance or Professionals Group for purposes of vesting and participation eligibility, and co-payments and deductibles, and waiver of all waiting period and pre-existing condition exclusions and penalties.

Notice of Change. We have agreed to give each other prompt notice of any event which causes our representations or warranties in the consolidation agreement to be untrue or incorrect in any material respect prior to the completion of the consolidation. We have also agreed to give each other prompt notice of any failure by either of us to comply with or satisfy in any material respect any covenant, condition or agreement under the consolidation agreement.

74

80

Indemnification and Insurance. Medical Assurance, Professionals Group, and ProAssurance have agreed to jointly and severally indemnify all persons serving or having served as directors or officers of Medical Assurance or Professionals Group prior to the completion of the consolidation. These directors and officers will be indemnified from any threatened or actual claim, action, suit, proceeding, or investigation against them arising in whole or in part out of, or pertaining to:

- the fact that he or she is or was a director or officer of Medical Assurance, Professionals Group, or ProAssurance; or
- the consolidation agreement or any transactions contemplated by the consolidation agreement or the reciprocal stock options.

For a period of three years after the consolidation, ProAssurance must use its best efforts to maintain in effect directors' and officers' liability insurance covering those persons who are currently covered by Professionals Group's directors' and officers' liability insurance policy. The coverage will

Edgar Filing: PROASSURANCE CORP - Form 424B3

be in an amount and scope at least as favorable as that applicable to Professionals Group's current directors and officers, provided, however, that in no event will ProAssurance be required to pay more than 300% of the current amount expended by Professionals Group for the insurance. If the cost of such coverage exceeds 300% of the current amount expended by Professionals Group, then ProAssurance will provide as much comparable insurance as is available for 300% of the current amount expended by Professionals Group.

MEEMIC Holdings. As of June 22, 2000, the date of the consolidation agreement, Professionals Group owned approximately 77.3% of MEEMIC Holdings, Inc., a publicly traded company that provides private passenger automobile and homeowner's insurance primarily to educational employees and other Michigan residents. After the consolidation, MEEMIC Holdings will operate as an indirect subsidiary of ProAssurance. In the consolidation agreement, Medical Assurance, Professionals Group, and ProAssurance agreed to use their cooperative efforts to acquire more than 80% and up to 100% of the outstanding voting stock of MEEMIC Holdings in order for MEEMIC Holdings to become a consolidated subsidiary of ProAssurance for federal tax purposes. As of the date of this joint proxy statement/prospectus, Professionals Group owned approximately 84% of MEEMIC Holdings.

For a period of five years after the completion of the consolidation, ProAssurance may not sell or otherwise dispose of the common stock or business of MEEMIC Holdings, unless a special committee of ProAssurance's board of directors has approved the sale or disposition. The special committee will consist of three directors of ProAssurance, two of which must be non-management directors nominated by Professionals Group in accordance with ProAssurance's by-laws.

SUMMARY OF RECIPROCAL STOCK OPTIONS

The following discussion describes the material aspects of the stock options that Medical Assurance and Professionals Group granted each other in connection with the consolidation. Because this discussion is a summary, it may not contain all of the information that is important to you. To understand the stock options fully, and for a more complete description of the legal terms of the stock options, you should read carefully this entire summary and the documents we have referred you to. The stock options are exhibits to the registration statement, and the following discussion is qualified in its entirety by reference to the stock options. See "Where You Can Find More Information."

GENERAL

In connection with the consolidation, Medical Assurance granted Professionals Group an option to acquire up to 1,146,838 shares of Medical Assurance common stock, at a price of \$14.26 per share, and Professionals Group granted Medical Assurance an option to acquire up to 437,320 shares of Professionals Group stock, at a price of \$26.00 per share. The number of shares and the purchase price are subject to adjustment as described in the applicable stock option agreement. The per share price for the Medical Assurance common stock is based on the estimated book value of a share of such stock. The per share price of the Professionals Group common stock is based on the cash consideration to be paid under the

75

81

proposed consolidation. See "Background of the Consolidation" on page 32 for a discussion of the basis upon which the exchange ratio for the consolidation was determined and the option prices were established.

Each stock option is exercisable only upon the occurrence of certain

Edgar Filing: PROASSURANCE CORP - Form 424B3

events, all as set forth in the applicable stock option agreement. These events are generally business combination or acquisition transactions relating to Medical Assurance and Professionals Group and certain related activities, other than the consolidation. As of the date of this joint proxy statement/prospectus, we do not know of any event that has occurred that would permit either Medical Assurance or Professionals Group to exercise the stock option granted to it.

The stock options are intended to increase the likelihood that the consolidation will be completed. Some of the aspects of the stock options may have the effect of discouraging persons who might now or at any time be interested in acquiring all or a significant interest in Medical Assurance or Professionals Group before completion of the consolidation even if such person were prepared to pay a higher price per share for Medical Assurance common stock or Professionals Group common stock than the price per share for Medical Assurance common stock or Professionals Group common stock, as applicable, implicit in the consolidation. If one of our companies acquires shares of the other company's common stock pursuant to the stock option granted to it, then it would vote those shares in the election of the other company's directors and in other matters requiring a vote of the other company's shareholders, thereby potentially having a material impact on the outcome of such matters.

EXERCISABILITY

Each of the stock options may be exercised, in whole or part, and from time to time, if, but only if, both an Initial Triggering Event (as hereinafter defined) and a Subsequent Triggering Event (as hereinafter defined) has occurred prior to the occurrence of an Exercise Termination Event (as hereinafter defined), provided written notice of such exercise is sent within six months following the Subsequent Triggering Event, or such later period as is provided in the applicable stock option agreement.

Under each of the stock options, an Initial Triggering Event is generally described as any one of the following events or transactions:

- the party that granted the stock option enters an agreement to engage in an acquisition transaction or recommends that its shareholders approve or accept any acquisition transaction other than the consolidation. An "acquisition transaction" is generally: (1) a merger or consolidation, or any similar transaction, (2) a purchase, lease or other acquisition of all or any substantial part of the other party's assets, or (3) a purchase or other acquisition of securities representing 10% or more of the voting power of the party that granted the stock option, or any significant subsidiary;
- any person acquires beneficial ownership or the right to acquire beneficial ownership of 10% or more of the outstanding shares of the party that granted the stock option;
- the shareholders of the party that granted the stock option fail to approve the consolidation agreement at a meeting of such shareholders, or such a meeting is not held or is cancelled prior to termination of the consolidation agreement if, prior to the meeting it shall have been publicly announced that another person has made, or publicly disclosed an intention to make, a proposal to engage in an acquisition transaction with the party that issued the stock option;
- the board of directors of the party that issued the stock option withdraws or modifies its recommendation that its shareholders approve the consolidation;
- the party that issued the stock option authorizes, recommends, or proposes an agreement to engage in an acquisition transaction;

Edgar Filing: PROASSURANCE CORP - Form 424B3

- a third party makes a publicly announced proposal to the party that issued the stock option or its shareholders to engage in an acquisition transaction;

76

82

- a third party files with the SEC a registration statement, tender offer materials, or proxy statement with respect to a potential exchange or tender offer that would constitute an acquisition transaction with the party that issued the stock option;
- the party that issued the stock option willfully breaches any covenant or obligation contained in the consolidation agreement in anticipation of engaging in an acquisition transaction, and following such breach the option holder is entitled to terminate the consolidation agreement; or
- a third party files an application or notice with a state insurance regulatory authority pertaining to an acquisition transaction.

Under each of the stock options, Subsequent Triggering Event is generally described as any of the following events or transactions:

- any person's acquisition of beneficial ownership of 10% or more of the common stock of the party that issued the stock option; or
- the occurrence of the Initial Triggering Event described in the first bullet point of the description of Initial Triggering Event.

Under each of the stock options, each of the following events is generally described as an Exercise Termination Event:

- the completion of the consolidation;
- termination of the consolidation agreement if termination occurs prior to the occurrence of an Initial Triggering Event;
- the passage of twelve months, or such longer period as is provided in the applicable stock option agreement, after the consolidation agreement is terminated due to the occurrence of an Initial Triggering Event;
- the termination of the consolidation agreement if an Initial Triggering Event has occurred with respect to the party holding the option; and
- the date on which the stock option granted to the other party becomes exercisable.

TERMINATION

Generally, the stock options terminate upon the occurrence of an Exercise Termination Event.

REGISTRATION RIGHTS

Each stock option grants registration rights with respect to the shares of stock options that are the subject of that stock option, including the right to demand that the shares be registered under the Securities Act of 1933. However, the option holder may only make one such demand.

TOTAL PROFIT LIMITATION

Edgar Filing: PROASSURANCE CORP - Form 424B3

In no event shall a party's total profit with respect to the stock option granted to it exceed \$4.5 million. The term total profit is generally defined as either (1) the amount (before taxes) by which the sale price of the shares purchased pursuant to the stock option exceeds the option price for such shares, or (2) the amount (before taxes) by which the market price of the shares to be purchased pursuant to the stock option as of the proposed exercise date exceeds the option price for the shares to be purchased. If the total profit exceeds \$4.5 million, the buyer or proposed buyer of the option shares is required to do any one or more of the following at its election: (A) reduce the number of shares to be purchased pursuant to the stock option; (B) deliver shares previously purchased under the stock option to the party that issued the stock option; or (C) pay cash to the seller of the option shares.

77

83

ANTI-DILUTION ADJUSTMENTS

In the event of any change in the issued and outstanding shares of Medical Assurance or Professionals Group by reason of stock dividends, split-ups, recapitalization, rights plan, merger or other change in capital structure, the number of shares subject to the stock option granted by such company will be adjusted appropriately so as to fully preserve the economic benefit of the stock option.

PROASSURANCE CORPORATION

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS

NOTE 1. BASIS OF PRESENTATION

The Unaudited Pro Forma Condensed Consolidated Balance Sheet and Pro Forma Unaudited Condensed Consolidated Income Statement give effect to the consolidation of Medical Assurance and Professionals Group into a newly formed holding company, ProAssurance Corporation. The corporate reorganization of Medical Assurance into ProAssurance will be treated similar to a pooling of interests whereby the historical basis of Medical Assurance will be carried over as the basis for ProAssurance. The consolidation of Professionals Group into ProAssurance will be treated as a purchase transaction.

The agreement to consolidate provides that upon completion of the transaction:

- each share of Medical Assurance common stock will be converted into one share of ProAssurance common stock; and
- each share of Professionals Group common stock will be converted into the right to receive either shares of ProAssurance common stock initially priced at \$14.00 and \$12.00 in cash, as adjusted, or \$26.00 in cash, as adjusted. The per share cash payment to Professionals Group stockholders will be adjusted for certain changes in the aggregate market value of Professionals Group's consolidated investment portfolio assets between December 31, 1999 and the end of the second to last month prior to the completion of the consolidation. The agreement specifies that the number of ProAssurance common shares issued in the transaction will be calculated by dividing \$14.00 by the average sales price of Medical Assurance common stock during the twenty trading day period ending with the day of the related Professionals Group shareholder meeting (the exchange ratio).

The pro forma consolidated financial statements shown assume that 72.2% of Professionals Group stockholders choose an all cash exchange and that 27.8% choose to receive both cash and ProAssurance shares. This election assumption is derived from the pro forma financial impact analysis prepared by Medical Assurance's financial advisors, First Union Securities, Inc., as discussed in the section of this document titled "The Consolidation", subsection "Opinion of Medical Assurance's Financial Advisor -- Pro Forma Financial Impact", and was based on First Union's analysis of information relating to the stockholders and trading of Professionals Group stock. The pro forma consolidated financial statements assume an exchange ratio of 1.08 shares of ProAssurance stock for one share of Professionals Group stock. The exchange ratio was estimated for pro forma purposes using \$13.00, which is the rounded average closing price of Medical Assurance stock during the twenty trading day period ended April 20, 2001.

In accordance with GAAP, ProAssurance shares issued in the transaction will be valued based on the market prices of Medical Assurance stock a few days before and after the measurement date of the transaction, excluding days after the effective date of the transaction. The measurement date is anticipated to be the day of the related Professionals Group shareholder meeting, which is the

Edgar Filing: PROASSURANCE CORP - Form 424B3

first date on which the number of ProAssurance shares to be issued in the transaction and the amount of other consideration becomes fixed without subsequent revision. For pro forma purposes, the value of the ProAssurance shares used to determine the purchase price is assumed to be \$14.50, which is the rounded average Medical Assurance closing market price for a few days prior to and including April 20, 2001, the assumed measurement date.

The fair values of Professionals Group's reserves for losses and loss adjustment expenses and related reinsurance recoverables were estimated based on the present value of the expected underlying cash flows of the loss reserves and reinsurance recoverables, and include a risk premium and a profit margin. In determining the fair value estimate, management discounted Professionals Group's historical GAAP undiscounted net loss reserves to present value assuming a 5% discount rate, which approximates the current U.S. Treasury rate. The discounting pattern was actuarially developed from Professionals Group's historical loss data. An expected profit margin of 5% was applied to the discounted loss reserves, which is

82

88

PROASSURANCE CORPORATION

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

consistent with management's understanding of the returns anticipated by the reinsurance market (the reinsurance market representing a willing party in the purchase of loss reserves). Additionally, for the medical malpractice loss reserves of Professionals Group, an estimated risk premium of 5% was applied to the discounted reserves which is deemed to be reasonable and consistent with expectations in the marketplace given the long-tail nature and the related high degree of uncertainty of such reserves. For the personal lines loss reserves (homeowners and automobile) of Professionals Group, an estimated risk premium of 2% was applied to discounted loss reserves as such reserves develop over a much shorter period of time and, generally, are less volatile than medical malpractice reserves.

Described below is the pro forma estimate of the total purchase price of the transaction as well as the adjustments to allocate the purchase price based on preliminary estimates of the fair value of the assets and liabilities of Professionals Group.

FINANCIAL STATEMENTS -- (CONTINUED)

NOTE 2. ADJUSTMENTS

The purchase accounting and pro forma adjustments related to the unaudited pro forma consolidated statement of income and balance sheet are described below. All amounts are in thousands, except share and per share amounts.

- (A) Management estimates that \$122 million of the cash needed for the consolidation will be provided from currently available funds to be generated from the sale of fixed maturity investments. The remaining cash needs are expected to be financed with increased long-term debt, estimated for this pro forma calculation at \$92 million. The actual amount of cash required will vary depending on the elections of Professionals Group stockholders as discussed in Note 3. At December 31, 2000, Professionals Group had \$14.5 million of outstanding debt which will become due and payable upon closing the consolidation. The pro forma financial statements assume repayment of this debt with proceeds from the credit facility to be made available to ProAssurance. ProAssurance may elect to satisfy all or a portion of this debt from working capital.
- (B) The purchase price for Professionals Group will be allocated to the Professionals Group net assets acquired based on the fair value of those assets. It is expected that the fair value of the net assets acquired will exceed the Professionals Group purchase price. The

Edgar Filing: PROASSURANCE CORP - Form 424B3

resulting excess will be allocated as a reduction to the long-lived tangible assets acquired, primarily property and equipment. The allocation of the purchase price will result in adjustments to Professionals Group historical book values as described in (C) and (D) below.

- (C) Purchase adjustments will be recorded to eliminate intangibles (a decrease of \$4.0 million), primarily goodwill, and related deferred taxes (a decrease of \$0.1 million) recorded in the historical Professionals Group balance sheet. Purchase adjustments will also be recorded to reduce the Professionals Group carrying value for long-lived assets, primarily property and equipment, to the extent that the fair value of the net assets acquired exceeds the purchase price.
- (D) Elimination of the excess of net assets acquired over cost included in the Professionals Group historical financial statements.
- (E) Assuming a stock election percentage of 27.8%, approximately 2,682,000 shares of ProAssurance common stock will be issued at a par value of \$0.01 per share assuming an exchange ratio of 1.08 and a measurement date value of \$14.50 for each ProAssurance share issued. The consolidation agreement provides that the exchange ratio for each Professionals Group common share is to be determined using the average closing price of Medical Assurance stock during the twenty trading day period ending on the date of the Professionals Group shareholder meeting; the assumed ratio of 1.08 was based on the rounded average Medical Assurance closing price of \$13.00 during the twenty trading day period ended April 20, 2001. Paid in capital was reduced by estimated stock registration fees of \$0.2 million.
- (F) Elimination of Professionals Group's historical stockholders' equity accounts.
- (G) Adjustments required to reflect the one-for-one exchange of outstanding Medical Assurance shares for ProAssurance shares and the retirement of Medical Assurance treasury shares, at cost

(H) Fair value of vested Professionals Group stock options outstanding that will be assumed by ProAssurance upon completion of the consolidation. The number of shares under option assumed will be determined based on the average value of Medical Assurance shares during the twenty trading day period ending on the date of the Professionals Group shareholder meeting: assuming an average Medical Assurance price of \$13.00, approximately 564,000 options will be outstanding upon completion of the consolidation. The fair value was calculated using the Black Scholes option pricing model using the following assumptions, which vary, as noted, due to differing terms of the various option agreements.

Volatility.....	.288 to .341
Risk-free interest rate.....	6.75%

(I) The estimated decrease in investment income due to internal funds assumed to be used for (1) completion of the consolidation, (2) payment of interest on the long-term debt incurred due to the consolidation transaction and (3) required principal repayments of the long-term debt. The effect on investment income was estimated using the Medical Assurance weighted average rate of return for 2000.

(J) Professionals Group available-for-sale investment securities are stated at fair value in the historical Professionals Group financial statements. However, the accounting cost basis of these securities will be adjusted from historical cost to the fair value of the securities on the date of the consolidation transaction. This, in effect, creates a purchase premium related to fixed maturity securities. The purchase premium related to fixed maturities will be amortized to investment income over the remaining life of the related fixed maturity securities.

Edgar Filing: PROASSURANCE CORP - Form 424B3

- (K) Adjustment to reduce amortization expense and depreciation expense related to the purchase adjustments, as described in (B) and (C) above, that eliminate intangibles and adjust the carrying value of property and equipment. Adjustments to the carrying value of property and equipment will be amortized over the remaining useful life of the related assets.

- (L) The elimination of amortization credits related to the purchase adjustments to eliminate, as noted in (D) above, the excess of fair value of assets acquired over cost that is included in the historical Professionals Group balance sheet.
- (M) Increase in interest expense related to increased long-term debt of \$92 million assumed to be incurred to finance the consolidation. The loan agreement provides for an interest rate equal to LIBOR plus a variable margin. The interest rate of 8% approximates current LIBOR plus the maximum margin.

Initial debt incurred to fund consolidation.....	\$ 91,761
Repayment of debt following consolidation.....	\$ 10,000
Average debt outstanding following consolidation.....	\$ 86,760
Estimated interest expense, assuming average rate of 8% and average debt outstanding balance shown above.....	\$ 6,941

- (N) The income tax effect of the pro forma adjustments reflected in the income statements at the federal statutory rate of 35%, excluding adjustments related to tax-exempt investment income and the elimination of non-deductible amortization of goodwill and the excess of fair value of assets acquired over cost.
- (O) The purchase calculation is based on the actual number of outstanding shares of Professionals Group common stock as of December 31, 2000 increased by 106,026 Professionals Group shares expected to be issued prior to the consolidation pursuant to the vesting of Professionals Group stock award agreements. A per share purchase price adjustment of \$1.40 was used for the purposes of these pro forma statements, based on the actual change in the aggregate market value of Professionals Group consolidated investment portfolio assets between December 31, 1999 and December 31, 2000. The actual purchase price adjustment determined at the transaction completion date may differ from the adjustment used for pro forma purposes, depending on changes in the fair market value of the investment portfolio to the end of the second to last month prior

Edgar Filing: PROASSURANCE CORP - Form 424B3

to the completion of the consolidation.

- (P) Acquisition costs are the direct costs expected to be incurred by ProAssurance related to the consolidation and consist primarily of professional fees.

NOTE 3. RANGE OF PRO FORMA RESULTS

Management is unable to predict the percentage of Professionals Group shares that will be exchanged for stock and cash rather than all cash, although a minimum of 10% of the consideration given Professionals Group stockholders must be in the form of stock. Also, neither the final Professionals Group

stock exchange ratio nor the Medical Assurance stock price on the measurement date for transaction are yet determinable.

As discussed in Note 1, the pro forma financial statements shown assume that approximately 27.8% of Professionals Group shares are exchanged for ProAssurance shares and an exchange ratio of 1.08 calculated using a Medical Assurance stock price of \$13.00, which is the rounded average Medical Assurance closing stock price during the twenty trading day period ended April 20, 2001. The value of ProAssurance shares used to determine the purchase price is assumed to be \$14.50, which is the rounded average Medical Assurance closing market price for a few days prior to and including April 20, 2001, the assumed measurement date.

PROASSURANCE CORPORATION

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

The following table presents selected pro forma results calculated assuming other stock election percentages, stock exchange ratios and measurement date stock prices. Management has assumed that the value of a share of Medical Assurance stock for purposes of determining the total purchase price for the assets and liabilities of Professionals Group will be \$1.50 greater than the average share price used in determining the exchange ratio. This assumption is based on the difference between the average price of a Medical Assurance share a few days prior to and including the assumed measurement date of April 20, 2001 (\$14.50), and the average price of a Medical Assurance share during the twenty trading days prior to the assumed measurement date (\$13.00). Management has further assumed that the average price of a Medical Assurance share used to determine the exchange ratio will be within \$2.00 of the \$13.00 average share price. This assumption is based on the market prices of a share of Medical Assurance stock since the transaction was announced on June 23, 2000. The table also includes the results from the pro forma consolidated financial statements shown in this joint proxy statement/prospectus. All pro forma amounts were calculated using the methodologies described in Note 2.

DESCRIPTION OF
PROASSURANCE CAPITAL STOCK

The following description of ProAssurance's capital stock is subject to and qualified in its entirety by reference to ProAssurance's certificate of incorporation and by-laws, which are exhibits to the registration statement of which this joint proxy statement/prospectus forms a part and are incorporated by reference. The following description should be read carefully by Medical Assurance shareholders and those Professionals Group shareholders who receive shares of ProAssurance common stock since, upon completion of the consolidation, they will become ProAssurance shareholders. See also "Comparison of Shareholder Rights" and "Where You Can Find More Information."

AUTHORIZED CAPITAL STOCK

ProAssurance's authorized stock will consist of 100,000,000 shares of

Edgar Filing: PROASSURANCE CORP - Form 424B3

common stock, par value \$0.01 per share, and 50,000,000 shares of preferred stock, par value \$0.01 per share.

As of the date of this joint proxy statement/prospectus, no shares of ProAssurance common stock are outstanding and no shares of ProAssurance common stock are reserved for issuance. Assuming 2,682,000 shares of ProAssurance common stock are issued to holders of Professionals Group common stock, and the outstanding Professionals Group stock options are converted into options to purchase an aggregate of 564,000 shares of ProAssurance common stock, then upon completion of the consolidation about 25,364,000 shares of ProAssurance common stock will be outstanding and about 964,000 shares of ProAssurance common stock will be reserved for issuance pursuant to unexercised stock options previously issued by Medical Assurance and Professionals Group under their incentive compensation plans.

COMMON STOCK

Subject to the rights of any outstanding shares of ProAssurance preferred stock, holders of ProAssurance common stock are entitled to receive such dividends as may from time to time be declared by ProAssurance board of directors. On every issue submitted to them as ProAssurance shareholders, including the election of directors, they are entitled to one vote per share of ProAssurance common stock.

In the event of dissolution they are generally entitled, after provision for ProAssurance's debts, obligations and liabilities and payment in full of the liquidation preference of any outstanding ProAssurance preferred stock, to share ratably in all assets of ProAssurance available for distribution to holders of ProAssurance common stock. Holders of ProAssurance common stock do not have preemptive rights. All shares of ProAssurance common stock outstanding following the consolidation will be fully paid and nonassessable.

Shares of ProAssurance preferred stock redeemed or acquired by ProAssurance return to the status of authorized and unissued shares of ProAssurance preferred stock, without designation as to series, and may be reissued by ProAssurance board of directors.

No holders of ProAssurance common stock will have any preemptive or preferential right to purchase, subscribe for or otherwise acquire any unissued or treasury shares or other securities.

PREFERRED STOCK

As of the date of this joint proxy statement/prospectus, no shares of ProAssurance preferred stock are issued and outstanding.

Under ProAssurance's charter, the board of directors of ProAssurance will have the authority, subject to limitations prescribed by law and by ProAssurance charter, to provide for the issuance of shares of preferred stock from time to time in one or more series as may be determined by the board of directors. This authority of the board of directors includes, but is not limited to, determination of the following:

- the designation of, and the number of shares of preferred stock, which constitutes each series. The board of directors may increase or decrease this number from time to time;

89

95

- the rate and time at which, and the terms and conditions upon which, dividends, if any, on the preferred stock of each series will be paid, the extent of the preference or relation, if any, of such dividends to

Edgar Filing: PROASSURANCE CORP - Form 424B3

the dividends payable on any other class or classes or series of the same or other classes of stock and whether such dividends shall be cumulative or non-cumulative;

- whether or not the shares of preferred stock of each series have voting rights, in addition to the voting rights provided by law, and if so, the terms of the voting rights;
- the right, if any, of the holders of preferred stock of each series to convert their preferred shares into, or exchange the same for shares of any other class or classes or of any series of the same or any other class or classes of stock and the terms and conditions of this conversion or exchange, including adjustment of the conversion rate;
- whether or not preferred stock of any series will be subject to redemption, and the redemption price or prices and the time or times at which, and the terms and conditions upon which, the preferred stock of any series may be redeemed;
- the rights, if any, of the holders of preferred stock of any series upon the voluntary or involuntary liquidation, dissolution, or winding up of ProAssurance, and the relative rights of priority, if any, of payment of shares of that series;
- whether preferred stock of any series will have a sinking fund for the redemption or purchase of such class, and if so, the terms and amount of the sinking fund; and
- any other relative rights, preferences and limitations of any series of preferred stock.

EXCHANGE AGENT AND REGISTRAR

The exchange agent for ProAssurance, Medical Assurance and Professionals Group in connection with the consolidation is Mellon Investor Services LLC.

The registrar and transfer agent for ProAssurance common stock is Mellon Investor Services LLC.

AUTHORIZED BUT UNISSUED SHARES

We believe that the availability of shares of ProAssurance common stock is advisable to provide ProAssurance with the flexibility to take advantage of opportunities to issue such stock in order to obtain capital, as consideration for possible acquisitions or for other purposes (including, without limitation, the issuance of additional shares of ProAssurance common stock through stock splits and stock dividends in appropriate circumstances). There are, at present, no plans, understandings, agreements or arrangements concerning the issuance of additional shares of ProAssurance common stock, except for the shares of ProAssurance common stock to be issued in the consolidation, and shares of ProAssurance common stock presently reserved for issuance pursuant to outstanding stock options under the incentive stock compensation plans of Medical Assurance and Professionals Group that are to be assumed by ProAssurance.

Uncommitted authorized but unissued shares of ProAssurance common stock may be issued from time to time to such persons and for such consideration as ProAssurance board of directors may determine and holders of the then outstanding shares of ProAssurance common stock may or may not be given the opportunity to vote thereon, depending upon the nature of any such transactions, applicable law, the rules and policies of the New York Stock Exchange and the judgment of the ProAssurance board of directors regarding the submission of such

Edgar Filing: PROASSURANCE CORP - Form 424B3

issuance to ProAssurance's shareholders. ProAssurance shareholders have no preemptive rights to subscribe to newly issued shares.

Moreover, it is possible that additional shares of ProAssurance common stock could be issued for the purpose of making an acquisition by an unwanted suitor of a controlling interest in ProAssurance more difficult, time-consuming or costly or to otherwise discourage an attempt to acquire control of ProAssurance. Under these circumstances the availability of authorized and unissued shares of

90

96

ProAssurance common stock may make it more difficult for shareholders to obtain a premium for their shares. These authorized and unissued shares could be used to create voting or other impediments or to frustrate a person seeking to obtain control of ProAssurance by means of a consolidation, tender offer, proxy contest or other means. They could also be privately placed with purchasers who might cooperate with the ProAssurance board of directors in opposing such an attempt by a third party to gain control of ProAssurance. The issuance of new shares of ProAssurance common stock could also be used to dilute ownership of a person or entity seeking to obtain control of ProAssurance. Although ProAssurance does not currently contemplate taking such action, shares of ProAssurance common stock could be issued for the purposes and effects described above and ProAssurance board of directors reserves its rights (if consistent with its fiduciary responsibilities) to issue such stock for such purposes.

COMPARISON OF SHAREHOLDER RIGHTS

Upon completion of the proposed consolidation, those shareholders of Professionals Group who receive shares of ProAssurance stock, as well as the shareholders of Medical Assurance, will become shareholders of ProAssurance, rather than shareholders of Professionals Group or Medical Assurance. As shareholders of ProAssurance, the rights of former Professionals Group and Medical Assurance shareholders will be governed by ProAssurance's charter and by-laws, which differ in certain material respects from the charters and by-laws of Professionals Group and Medical Assurance. In addition, Michigan is the jurisdiction of incorporation of Professionals Group, while Delaware is the jurisdiction of incorporation of Medical Assurance and ProAssurance. As shareholders of ProAssurance, the rights of former Professionals Group shareholders will therefore be governed by Delaware law instead of Michigan law.

The following is a comparison of:

- the current rights of Professionals Group shareholders under Michigan law and Professionals Group's charter and by-laws;
- the current rights of Medical Assurance shareholders under Delaware law and Medical Assurance's charter and by-laws; and
- the rights Professionals Group and Medical Assurance shareholders would have as shareholders of ProAssurance under Delaware law and ProAssurance's charter and by-laws upon completion of the consolidation.

The comparison summarizes the material differences but is not intended to list all differences and is qualified by reference to Michigan law, Delaware law, the Professionals Group charter and by-laws, the Medical Assurance charter and by-laws and ProAssurance's charter and by-laws.

BOARD OF DIRECTORS

Size; Classified Board. The board of directors of Professionals Group may

Edgar Filing: PROASSURANCE CORP - Form 424B3

not be less than 9 nor more than 18. The current board of Professionals Group consists of 11 directors, and the directors are divided into 3 classes, as nearly equal as possible, with each class serving a staggered three-year term.

The board of directors of Medical Assurance may not be less than 4 nor more than 24 directors. The current board of Medical Assurance consists of 8 directors, and the directors are divided into 3 classes, as nearly equal as possible, with each class serving a staggered three-year term.

The board of directors of ProAssurance may not be less than 3 nor more than 24 directors. Upon completion of the consolidation, the board of ProAssurance will consist of 11 directors, with the directors divided into 3 classes, as nearly equal as possible, and each class serving a staggered three-year term.

Election of Directors; Removal of Directors; Filling Board Vacancies. Nominations for election to the board of Professionals Group may be made at a meeting of shareholders by or at the direction of the board of directors or by any shareholder entitled to vote for the election of directors. A shareholder who intends to make a nomination without board direction must provide timely written notice of this intention to the

91

97

secretary of the corporation. If a shareholder intends to make a nomination at an annual meeting of shareholders, he or she must provide to the secretary written notice of this intention at least 120 days prior to the one-year anniversary of the immediately preceding annual meeting of shareholders. If the shareholder intends to make a nomination at a special meeting of shareholders, he or she must provide written notice of this intention to the secretary no later than the close of business on the tenth day following the date that is the earlier of the date the corporation first publicly announced the meeting, and the date on which the shareholders first received formal notice of the meeting.

With some exceptions, vacancies on the Professionals Group board of directors may be filled by a majority vote of the directors then in office. A director may be removed from the board of Professionals Group only for cause and only by a vote of a majority of the shares entitled to vote at an election of directors.

Directors of Medical Assurance are elected at the annual meeting of shareholders. Nominations for election to the board of directors of Medical Assurance may be made by the board of directors, by a committee appointed by the board of directors, or by any shareholder of any outstanding class of capital stock entitled to vote for the election of directors. A shareholder who intends to make a nomination must provide to the secretary of the corporation written notice of this intention. If a shareholder intends to make a nomination at an annual meeting of shareholders, he or she must provide notice of this intention at least 90 days prior to the one-year anniversary of the immediately preceding annual meeting. If a shareholder intends to make a nomination for the election of directors at a special meeting of shareholders, he or she must provide notice of this intention no later than the close of business on the tenth day following the date on which shareholders first receive notice of the meeting.

Vacancies on the Medical Assurance board of directors may be filled by a majority vote of the directors then in office. A director may be removed from the board of Medical Assurance only by a vote of a majority of the shares entitled to vote at an election of directors voting together as a single class at a special meeting of shareholders called for that purpose. Delaware law generally provides that a director may be removed, with or without cause, by a majority shareholder vote. An exception applies to corporations with a classified board like Medical Assurance. Under Delaware law, unless the charter

Edgar Filing: PROASSURANCE CORP - Form 424B3

provides otherwise, directors of a corporation with a classified board may be removed only for cause. The charter of Medical Assurance does not address this issue, so the directors of Medical Assurance, like those of Professionals Group, may only be removed for cause.

Nominations for election to the board of directors of ProAssurance may be made by the nominating committee of the board of directors, or if none, by the board of directors. Any shareholder of any outstanding class of capital stock entitled to vote for the election of directors may nominate one or more persons as directors at an annual meeting upon proper notice to the secretary of the corporation. The shareholders must provide notice to the secretary no later than December 1 in the year preceding the annual meeting at which the nomination is to be proposed or the date established by the board of directors as the deadline for nominations at a particular annual meeting by written notice to the shareholders.

Vacancies on the board of directors of ProAssurance may be filled by a majority vote of the directors then in office. The directors of ProAssurance, like the directors of Professionals Group and Medical Assurance, may be removed only for cause and only by a majority vote of those shareholders entitled to vote generally in the election of directors.

Under both Delaware and Michigan law, a corporation may provide for cumulative voting in the election of the directors of a corporation. The shareholders of Professionals Group, Medical Assurance and ProAssurance do not have the right to cumulate their votes in the election of directors.

SHAREHOLDER MEETINGS

Date of Annual Meeting; Calling of Special Meetings; Quorum Requirements. Professionals Group annual meetings are held on the first Wednesday of June, if not a legal holiday, and if a legal holiday, then on the next business day following, or on another date fixed by the board from time to time. Only the

92

98

chairman of the board, the President, a majority of the board of directors or the holders of at least 25% of all shares of Professionals Group entitled to vote at a special meeting may call a special meeting. In addition, Michigan law entitles the holders of at least 10% of all shares of a corporation entitled to vote at a meeting to apply to the circuit court of the county in which the principal place of business or registered office of the corporation is located, and upon good cause shown, the court has the power to order the corporation to hold a special meeting of shareholders. Delaware law does not give shareholders a similar right. The presence, in person or by proxy, of the holders of shares of capital stock entitled to cast at least 33 1/3% of the votes at a special meeting of the shareholders of Professionals Group constitutes a quorum at the meeting.

Medical Assurance's annual meetings are held on the second Tuesday in May, if not a legal holiday, and if a legal holiday, then on the next succeeding business day, or on another date fixed by the board from time to time. The by-laws of Medical Assurance provide that only the chairman of the board or the president of Medical Assurance may call a special meeting. Under Delaware law, the board of directors of Medical Assurance may also call a special meeting of shareholders. Medical Assurance's by-laws require the president or secretary to call a special meeting upon the written request of at least 80% of the board of directors. The presence, in person or by proxy, of the holders of 33 1/3% of the issued and outstanding voting stock of Medical Assurance constitutes a quorum at the meeting.

Edgar Filing: PROASSURANCE CORP - Form 424B3

ProAssurance's requirements with respect to the date of the annual meeting, calling of a special meeting, and the quorum requirements are the same as those of Medical Assurance.

Voting Requirements. Directors of Professionals Group are elected by a plurality of the votes cast at an election. All other actions, except the amendment of the by-laws and the amendment of specific provisions of the charter, are authorized by a majority of the votes cast by the holders of shares entitled to vote on the action unless Michigan law requires a greater vote. Professionals' charter permits the amendment of the by-laws by a vote of a majority of the board of directors or by the affirmative vote of at least 75% of the outstanding shares of Professionals Group capital stock entitled to vote on these matters; however, only a majority shareholder vote is required for any amendment recommended to the shareholders by at least a two-thirds vote of the board of directors.

Professionals Group's charter requires the affirmative vote of not less than 75% of the shares of capital stock of the corporation issued and outstanding and entitled to vote on an amendment to the articles of incorporation and not less than 75% of the capital stock of each class or series entitled to vote on a proposed amendment in order to amend, alter, change, add to or repeal the following charter provisions:

- Article XVII, which sets forth this supermajority voting requirement;
- Article VII, which describes Professionals Group's director indemnification policy;
- Article VIII, which provides the number of votes that constitutes a quorum;
- Article IX, which provides for shareholder action by written consent;
- Article X, which describes the method of calling shareholder meetings and of bringing business before shareholder meetings;
- Article XI, which describes the method of nominating and electing directors;
- Article XII, which provides the method of amending the by-laws;
- Article XIII, which describes the size of the board of directors and the powers of the board of directors; and
- Article XIV, which discusses control share issues.

A 75% shareholder vote is also required in order to establish cumulative voting in the election of Professional Group's directors.

93

99

Unless otherwise required by Medical Assurance's charter, the vote of the holders of a majority of the stock having voting power present in person or represented by proxy is sufficient to decide any question brought before a meeting of shareholders. Medical Assurance's charter requires the affirmative vote of the holders of not less than 80% of the votes entitled to be cast by the holders of all outstanding shares of voting stock in order to amend or adopt any provisions inconsistent with the following charter provisions:

- Article Sixth, which describes the size of the board of directors, the

Edgar Filing: PROASSURANCE CORP - Form 424B3

manner by which directors are elected and the powers of the board of directors;

- Article Eighth, which describes Medical Assurance's director indemnification policy;
- Article Ninth, which provides that Medical Assurance will be governed by the provisions of Section 203 of the Delaware General Corporation Law;
- Article Tenth, which provides that the board of directors, when considering a merger, consolidation, business combination or similar transaction, may consider the effects of the transaction upon Medical Assurance's employees, customers and suppliers, and upon communities in which offices of Medical Assurance and its subsidiaries are located, in considering the best interests of Medical Assurance and its shareholders; and
- Article Eleventh, which describes the means for amending Medical Assurance's by-laws.

Under Delaware law, directors are elected by a plurality of the votes of the shares present in person or represented by proxy at a meeting and entitled to vote on the election of directors. As a result, the shareholders of Medical Assurance and ProAssurance, like those of Professionals Group, elect directors by a plurality vote.

The voting requirements provided in the charter and by-laws of ProAssurance are the same as the voting requirements of Medical Assurance discussed above.

Shareholder Action by Written Consent; Notice Procedure for Shareholder Nominations. Under Michigan law, shareholder action by less than unanimous written consent is permitted only if the corporation's articles of incorporation so provide. Because Professionals Group's articles of incorporation do not provide for shareholder action by less than unanimous written consent, action by the shareholders of Professionals Group may be taken without a meeting, without prior notice and without a vote, only if all of the shareholders entitled to vote on the matter consent in writing.

To bring a matter, including nomination of directors, before an annual meeting of Professionals Group shareholders, a shareholder generally must give notice of a proposed matter not less than 120 days prior to the anniversary of the previous year's meeting. To bring a matter, including nomination of directors, before a special meeting of shareholders of Professionals Group, a shareholder must give notice no later than on the tenth day following the earlier of:

- the date on which Professionals Group first disclosed the special meeting to the public; or
- the date on which shareholders first received formal notice of the special meeting.

Professionals Group's articles of incorporation contain requirements as to the form and content of this notice.

Under Delaware law, shareholder action by less than unanimous written consent is permitted unless the corporation's certificate of incorporation prohibits it. Because Medical Assurance's certificate of incorporation prohibits shareholder action by less than unanimous written consent, action by the shareholders of Medical Assurance may be taken without a meeting, without prior notice and without a vote, only if all of the shareholders entitled to vote on the matter sign a written consent.

Edgar Filing: PROASSURANCE CORP - Form 424B3

To bring a matter, excluding the nomination of directors, before any meeting of the shareholders, a shareholder must give notice of a proposed matter no later than the tenth day following the date on which notice of the meeting is first given to the shareholders. To make a nomination for an election of directors to be held at an annual meeting, a shareholder must give notice not less than 90 days prior to the

94

100

anniversary of the previous year's meeting. To make a nomination for an election of directors to be held at a special meeting, a shareholder must give notice no later than the tenth day following the date on which shareholders first received notice of the special meeting. Medical Assurance's by-laws contain requirements as to the form and content of this notice.

As permitted by Delaware law, ProAssurance's certificate of incorporation specifically provides that, action by the shareholders of ProAssurance must be taken at an annual or special meeting and cannot be taken by written consent.

To bring a matter, including nomination of directors, before an annual meeting of the shareholders of ProAssurance, a shareholder must give notice of a proposed matter not later than December 1 in the year preceding the annual meeting at which the proposal is to be considered.

AMENDMENTS TO ORGANIZATIONAL DOCUMENTS

Amendment of Charter. Under Michigan law, the board of directors may adopt one or more of the following amendments to the articles of incorporation without shareholder approval unless the articles of incorporation provides otherwise:

- extend the duration of the corporation;
- delete the names and addresses of the initial directors;
- delete the name and address of the initial registered agent or registered office;
- change each issued and unissued authorized share into a greater number of whole shares if the corporation has only shares of that class outstanding;
- change the corporate name in several limited ways specified by the statute; or
- institute any other change permitted to be made under Michigan law without shareholder action.

The affirmative vote of a majority of the outstanding shares entitled to vote on the proposed amendment is required for all other amendments. If any class or series of shares is entitled to vote on the proposed amendment to the articles of incorporation as a class, the affirmative vote of a majority of the outstanding shares of each relevant class or series is also required.

Professionals Group's charter requires the affirmative vote of not less than 75% of the shares of capital stock of the corporation issued and outstanding and entitled to vote on a proposed amendment to the articles of incorporation and not less than 75% of the capital stock of each class or series entitled to vote on a proposed amendment in order to amend, alter, change, add to or repeal the following charter provisions:

- Article XVII, which sets forth this supermajority voting requirement;

Edgar Filing: PROASSURANCE CORP - Form 424B3

- Article VII, which describes Professionals Group's director indemnification policy;
- Article VIII, which provides the number of votes that constitutes a quorum;
- Article IX, which provides for shareholder action by written consent;
- Article X, which describes the method of calling shareholder meetings and of bringing business before shareholder meetings;
- Article XI, which describes the method of nominating and electing directors;
- Article XII, which provides the method of amending the by-laws;
- Article XIII, which describes the size of the board of directors and the powers of the board of directors; and
- Article XIV, which discusses control share issues.

95

101

Under Delaware law, the board of directors must first approve any amendment to the certificate of incorporation by resolution and then either call a special meeting of shareholders for consideration of the amendment or direct that the proposed amendment will be considered at the next annual meeting of shareholders. The affirmative vote of a majority of outstanding stock entitled to vote on the matter and the affirmative vote of a majority of the outstanding stock of each class entitled to vote on the matter as a class are required in order to adopt the amendment. The holders of the outstanding shares of a particular class are entitled to vote as a class upon a proposed amendment to the certificate of incorporation if the amendment would increase or decrease the aggregate number of authorized shares of the class, increase or decrease the par value of the shares of the class, or alter or change the powers, preferences or special rights of the shares of the class in an adverse manner, regardless of whether the certificate of incorporation entitles the holders of the class to vote as a class on the proposed amendment. These requirements are subject to any supermajority voting requirements provided for in the corporation's certificate of incorporation.

Medical Assurance's charter requires the affirmative vote of the holders of not less than 80% of the votes entitled to be cast by the holders of all outstanding shares of voting stock in order to amend or adopt any provisions inconsistent with the following charter provisions:

- Article Sixth, which describes the size of the board of directors, the manner by which directors are elected and the powers of the board of directors;
- Article Eighth, which describes Medical Assurance's director indemnification policy;
- Article Ninth, which provides that Medical Assurance will be governed by the provisions of Section 203 of the Delaware General Corporation Law;
- Article Tenth, which provides that the board of directors, when considering a merger, consolidation, business combination or similar transaction, may consider the effects of the transaction upon Medical Assurance's employees, customers and suppliers, and upon communities in

Edgar Filing: PROASSURANCE CORP - Form 424B3

which offices of Medical Assurance and its subsidiaries are located, in considering the best interests of Medical Assurance and its shareholders; and

- Article Eleventh, which describes the means for amending Medical Assurance's by-laws.

The method of amending the certificate of incorporation of ProAssurance is the same as the method of amending Medical Assurance's certificate of incorporation.

Amendment of By-Laws. Michigan law provides that the shareholders or the board of directors of a corporation may adopt, amend or repeal the by-laws unless the articles of incorporation or by-laws of the corporation specify that the power to adopt new by-laws is reserved exclusively to the shareholders. The charter and by-laws of Professionals Group permit the amendment of the by-laws by a vote of a majority of all members of the board of directors or by the affirmative vote of at least 75% of the outstanding shares of Professionals Group capital stock entitled to vote on these matters; however, only a majority shareholder vote is required for any amendment recommended to the shareholders by at least a two-thirds vote of the board of directors.

Under Delaware law, the power to adopt, amend or repeal by-laws is vested exclusively in the shareholders entitled to vote, unless the certificate of incorporation confers this power upon the board of directors as well. The by-laws of Medical Assurance may be amended by the affirmative vote of a majority of all of the directors or by the affirmative vote of the holders of at least a majority of the votes entitled to be cast by the holders of all outstanding shares of voting stock.

The board of directors of ProAssurance may amend the by-laws of the corporation by the affirmative vote of a majority of all of the directors. The shareholders may amend the by-laws by the affirmative vote of at least 80% of the votes entitled to be cast by the holders of all outstanding shares of voting stock.

102

EXCULPATION AND INDEMNIFICATION OF DIRECTORS, OFFICERS AND OTHER EMPLOYEES

Professionals Group's charter provides that a director of the corporation will not be held personally liable to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director. Under Michigan law and Professionals Group's charter, this provision does not eliminate or limit the liability of a director for any of the following:

- any breach of the director's duty of loyalty to the corporation or its shareholders;
- acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- a violation of Section 551(1) of the Michigan Business Corporation Act; or
- a transaction from which the director derived an improper personal benefit.

The charter and by-laws of Professionals Group provide that the corporation will indemnify to the fullest extent permitted by law any person involved in litigation brought by a third party or by or in the right of the corporation by

Edgar Filing: PROASSURANCE CORP - Form 424B3

reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, partner, trustee, employee or agent of another entity. The corporation will only indemnify such a person if that person acted in good faith and in a manner he or she reasonably believed to be lawful and in the best interests of the corporation or its shareholders, except that the person will not be entitled to indemnification in an action in which he or she is found liable to the corporation unless a court deems indemnification under these circumstances to be fair and reasonable. The by-laws of Professionals Group deem the right of indemnification to be a contract right between the corporation and any director or officer serving at any time while this provision remains in effect.

Professionals Group's by-laws provide that the corporation will not be required to indemnify a director, officer, employee or agent in connection with an action brought by that person unless the board of directors authorized the action.

As permitted by Delaware law, Medical Assurance's charter provides that the directors of Medical Assurance will not be held personally liable for a breach of fiduciary duty as a director, except that a director may be liable:

- for a breach of the director's duty of loyalty to the corporation or its shareholders;
- for acts made in bad faith or which involve intentional misconduct or a knowing violation of the law;
- for illegal payment of dividends under Section 174 of the Delaware General Corporation Law; or
- for any transaction from which the director derives an improper personal benefit.

Delaware law provides similar rights to indemnity and expense advancement for directors of corporations as does Michigan law.

The by-laws of Medical Assurance provide that Medical Assurance will indemnify any person involved in litigation brought by a third party or by or in the right of the corporation by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another entity. The corporation will only indemnify such a person if that person acted in good faith and in a manner he or she reasonably believed to be lawful and in the best interests of the corporation, except that the person will not be entitled to indemnification in an action in which he or she is found to be liable to the corporation unless the Court of Chancery deems indemnification under these circumstances proper.

Medical Assurance's by-laws also provide that Medical Assurance will indemnify any director, officer, employee or agent of the corporation who has been successful on the merits or otherwise, to the extent

that the director, officer, employee or agent has been successful, against any expenses reasonably incurred by him or her with respect to the action.

Both Delaware and Michigan law provide that if a director, employee, officer or agent of a corporation prevails in any suit, action, claim or proceeding brought against him or her because of his or her relationship with

Edgar Filing: PROASSURANCE CORP - Form 424B3

the corporation, indemnification of any actual and reasonable expenses paid by that person in defense of the suit, action, claim or proceeding is mandatory.

The indemnification provisions of ProAssurance's charter and by-laws are the same as those in Medical Assurance's organizational documents discussed above.

PAYMENT OF DIVIDENDS

Delaware corporations, like Medical Assurance and ProAssurance, may declare and pay dividends either out of their surplus or, if there is no surplus, out of their net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year.

A Michigan corporation like Professionals Group may not make distributions to its shareholders if, after giving effect to the distribution:

- the corporation would not be able to pay its debts as they become due in the usual course of business; or
- the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the distribution.

In addition to the dividend restrictions imposed on us under the Delaware General Corporation Law and the Michigan Business Corporation Act, as applicable, we and our subsidiaries are subject to regulatory restrictions.

DISSENTERS' RIGHTS OF APPRAISAL

Dissenter's rights of appraisal, which may arise in various types of corporate action, are the rights of a shareholder to demand that the corporation pay the fair value of his or her stock.

Michigan law provides somewhat broader dissenters' rights of appraisal than those provided under Delaware law. Michigan law expressly authorizes the shareholders of a Michigan corporation to exercise dissenters' rights with respect to certain amendments to the articles of incorporation which adversely affect the rights of the class of shares held by them. Under Delaware law, a shareholder may not exercise dissenters' rights of appraisal in connection with such an amendment unless the corporation's certificate of incorporation so provides.

In addition, Michigan law expressly permits shareholders to exercise dissenters' rights of appraisal in connection with the sale or exchange of all or substantially all of the property of a Michigan corporation if the shareholder is entitled to vote on the proposal. Appraisal rights are not available under Delaware law in the event of the sale of all or substantially all of a corporation's assets or the adoption of an amendment to its certificate of incorporation, unless such rights are granted in the corporate charter. Neither the charter of Medical Assurance nor the charter of ProAssurance grants such rights.

MERGERS; ACQUISITIONS; OTHER EXTRAORDINARY CORPORATION TRANSACTIONS

Michigan law and Delaware law provide similar voting rights with respect to mergers, sales of substantially all of the assets of a corporation and other extraordinary corporation transactions.

ANTITAKEOVER LAWS

Delaware law restricts the ability of certain persons to acquire control of a Delaware corporation.

Medical Assurance and ProAssurance are subject to Section 203 of the Delaware General Corporation Law. Under Section 203, a person who acquires 15% or more of the stock of a Delaware corporation without the approval of the board of directors of that corporation and thereby becomes an interested shareholder generally may not engage in certain transactions with the corporation for a period of three years unless one of the following three exceptions applies:

- the board of directors approved the acquisition of stock or the transaction prior to the time that the person became an interested shareholder;
- upon consummation of the transaction in which the person became an interested shareholder, the interested shareholder became an 85% owner of the voting stock of the corporation in the transaction, excluding voting stock owned by directors who are also officers and certain employee stock plans; or
- the transaction is approved by the board of directors and by the affirmative vote of 66 2/3% of the outstanding voting stock which is not owned by the interested shareholder.

Neither the charter of Medical Assurance nor the charter of ProAssurance contains any other provisions regarding transactions with interested shareholders. The charter of Medical Assurance and the charter of ProAssurance provide that the election to be controlled by Section 203 cannot be amended without the affirmative vote of the holders of more than 80% of the outstanding voting stock of the corporation.

Professionals Group is subject to the Michigan "Fair Price" statute (Chapter 7A of the Michigan Business Corporation Act), which applies to certain "business combinations" such as mergers, substantial sales of assets or securities, issuances or liquidation, recapitalization or reorganization plans. For a business combination with an "interested shareholder" (generally, the holder of 10% or more of a class of a corporation's voting stock), Chapter 7A requires:

- an advisory statement from the corporation's board of directors;
- the approval of the holders of 90% of each class of the corporation; and
- the approval of two-thirds of the holders of each such class other than the interested shareholder.

The supermajority voting requirements do not apply where the interested shareholder's offer meets certain price, form of consideration and procedural requirements designed to make such offers fair to all shareholders or where the board of directors has approved the transaction with respect to a particular interested shareholder prior to the interested shareholder becoming an interested shareholder.

Professionals Group is also subject to the Michigan "Control Share Acquisition" statute (Chapter 7B of the Michigan Business Corporation Act). Chapter 7B provides that an entity that acquires "control shares" may vote the control shares on any matter only if a majority of all shares, and of all non-"interested shares," entitled to vote and of each class of stock entitled to

Edgar Filing: PROASSURANCE CORP - Form 424B3

vote as a class, approve such voting rights. "Interested shares" are defined generally as those shares owned by officers or employee directors of the corporation or by the entity making the control share acquisition. "Control shares" are defined generally as shares that when added to shares already owned by an entity would give the entity voting power in the election of directors within any of the three thresholds: one-fifth, one-third and a majority. The effect of the statute is to condition the acquisition of voting control of a Michigan corporation on the approval of a majority of its pre-existing disinterested shareholders.

The articles of incorporation of Professionals Group provide that control shares acquired in a control share acquisition, with respect to which no acquiring person statement has been filed with the corporation, may, at any time during the period ending 60 days after the last acquisition of control shares or the power to direct the exercise of voting power of control shares by the acquiring person, be redeemed by

99

105

Professionals Group at the fair value of the shares. After an acquiring person statement has been filed and after the meeting at which the voting rights of the control shares acquired in a control share acquisition are submitted to the shareholders, the shares are subject to redemption by Professionals Group at the fair value of the shares unless the shares are accorded full voting rights by the shareholders pursuant to Chapter 7B. A redemption of shares by Professionals Group pursuant to this provision can be made upon election to redeem by the board of directors of Professionals Group.

WHEREAS, PICM is an insurance holding company which provides, through its insurance subsidiaries, medical professional liability insurance to physicians, dentists and related health care providers and personal lines insurance to educators and Michigan residents; and

WHEREAS, MAI and PICM desire to consolidate the business of MAI and the business of PICM under one holding company pursuant to the terms and conditions hereof.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual agreements contained herein and subject to the satisfaction of the terms and conditions set forth herein, the parties, intending to be legally bound, agree as follows:

1. FORMATION OF HOLDING COMPANY AND SUBSIDIARIES

1.1 Formation. Between the date hereof and the Closing Date (herein defined), MAI shall cause to be formed Medical and Professional Assurance, Inc., a Delaware corporation (the "Holding Company"). The Certificate of Incorporation and Bylaws of the Holding Company are attached hereto as Exhibit A and Exhibit B, respectively. In addition, MAI shall cause to be formed as wholly owned subsidiaries of the Holding Company, MAI Acquisition Corporation, Inc., a Delaware corporation ("MAI Acquisition") and PICM Acquisition Corporation, a Michigan corporation ("PICM Acquisition"). Prior to the Closing Date, none of the Holding Company, MAI Acquisition and PICM Acquisition shall engage in any business activities other than those business activities that are expressly provided for in this Agreement or are necessary to complete the transactions provided for in this Agreement.

1.2 Issuance of Stock. Until the Closing Date as herein contemplated, no shares of stock of the Holding Company shall be issued. MAI Acquisition and PICM Acquisition shall each have authorized 1,000 shares of common stock, par value \$1.00 per share, all of which shall be issued to and held by the Holding Company.

1.3 Board of Directors. MAI shall be entitled to elect the initial members of the Board of Directors and initial officers of the Holding Company and MAI Acquisition, and PICM shall be entitled to elect the members of the Board of Directors and officers of PICM Acquisition. The initial Board of Directors of the Holding Company shall be comprised by three directors divided into three classes as provided in the By-Laws attached hereto as Exhibit B.

1.4 The Holding Company Post Closing Board of Directors and Officers.

(a) MAI and PICM agree that immediately prior to the Closing Date, MAI shall cause the initial Board of Directors of the Holding Company to be expanded to eleven (11) directors and shall cause the initial Board of Directors of the Holding Company to elect eight (8) additional directors nominated by MAI and PICM to fill the vacancies created on the Holding Company's Board of

114

Directors as herein provided. The Board of Directors of the Holding Company shall be comprised of three (3) classes designated as Class I, Class II and Class III. Class I and Class II shall each have four (4) directors and Class III shall have three (3) directors. PICM shall nominate three (3)

Edgar Filing: PROASSURANCE CORP - Form 424B3

directors with one (1) of such nominees to serve in each of Class I, Class II and Class III (the "PICM Director Nominees"). MAI shall nominate eight (8) directors (including those on the initial Board of Directors) to fill the vacancies in each of Class I, Class II and Class III. The term of the Class I Directors shall continue until the first annual meeting of the stockholders of the Holding Company after the Closing Date and their successors are elected and qualified; the term of the Class II Directors shall continue until the second annual meeting of the stockholders of the Holding Company after the Closing Date and their successors are elected and qualified; and the term of the Class III Directors shall continue until the third annual meeting of the Holding Company after the Closing Date and their successors are elected and qualified. The directors of the Holding Company shall be elected prior to the Closing Date, and it shall be a condition that each person nominated to serve as a director of the Holding Company consent to be named as a director in the Registration Statement as required by the Securities Act of 1933, as amended (the "1933 Act") and the rules and regulations promulgated thereunder.

(b) Prior to the annual meeting of stockholders of the Holding Company at which the first term of each of the PICM Director Nominees will expire (each, a "First Term"), the then PICM Directors (herein defined) shall, by majority vote, nominate a person for election at said annual meeting to fill the vacancy in the Board of Directors of the Holding Company to be created upon the expiration of such First Term (the "Board Vacancy"). In such event, and notwithstanding anything to the contrary in the By-Laws of the Holding Company, the Nominating Committee of the Board of Directors of the Holding Company and the Board of Directors of the Holding Company shall nominate the person so selected by the PICM Directors (the "Selected Person") for election at said annual meeting to fill the Board Vacancy, provided the Selected Person (i) consents to being named as a director in the proxy statement of the Holding Company for said annual meeting and to serving as a director of the Holding Company if elected and (ii) provides such information relating to him or her as is required to be disclosed in such proxy statement under Regulation 14A of the Securities Exchange Act of 1934, as amended (the "1934 Act"). The Board of Directors of the Holding Company shall recommend to the shareholders of the Holding Company that they vote for the election of the Selected Person as a director of the Holding Company in such proxy statement. With respect to such Board Vacancy, neither the Nominating Committee of the Board of Directors of the Holding Company nor the Board of Directors of the Holding Company shall either nominate any person other than the Selected Person for election to the Board Vacancy or solicit proxies in favor of the election of any person other than the Selected Person to the Board Vacancy. In the event that a vacancy on the Board of Directors of the Holding Company occurs by reason of the death, resignation or removal of any PICM Director, the then remaining PICM Directors, if any, shall, by majority vote, nominate a person for election by the Board of Directors of the Holding Company to fill said vacancy for the remainder of the term of such PICM Director. In such event, and notwithstanding anything to the contrary in the By-Laws of the Holding Company, the Board of Directors of the Holding Company shall elect the person so nominated by the PICM Directors (the "Replacement PICM Director") to fill the vacancy so created on the Board of Directors of the Holding Company. As used in this Agreement, "PICM Directors" means the PICM Director Nominees, the Selected Persons after election to the Board of Directors of the Holding Company, and each Replacement PICM Director, if any. Except as otherwise expressly provided in this Section 1.4, all directors of the Holding Company shall be nominated by the Nominating Committee of the Board of Directors of the Holding Company or the Board of Directors of the Holding Company as provided in the By-Laws of the Holding Company.

1.5 Officers. Immediately prior to the Closing Date, MAI shall cause the

Edgar Filing: PROASSURANCE CORP - Form 424B3

Board of Directors of the Holding Company to elect A. Derrill Crowe, M.D. as Chairman of the Board, Chief Executive Officer and President, and Victor T. Adamo as Vice Chairman and Vice President. The Board of Directors elected pursuant to Section 1.4 shall elect the other officers of the Holding Company prior to filing the

A-2

115

Registration Statement as contemplated in Section 7.5 hereof. The officers of the Holding Company shall serve at the pleasure of the Board of Directors, subject to any limitations or restrictions in any employment or other agreement approved by the Board of Directors.

1.6 Insurance Operations. The insurance operations of MAI and PICM shall operate as distinct insurance operating groups as of the Closing Date. It is the intention of the parties, subject to any applicable tax and operating constraints, to conduct insurance operations in Alabama, West Virginia, Florida, Missouri, Georgia, Mississippi and other Southern States through MAI; and, to conduct insurance operations in Michigan (including the insurance operations of "MEEMIC" (as hereinafter defined)), Ohio, Illinois, Indiana, Kentucky, Pennsylvania, New Jersey and other Northern States through PICM. As of the Closing Date, A. Derrill Crowe, M.D. shall be the Chief Executive Officer of the insurance operations conducted through MAI and Victor T. Adamo shall be the Chief Executive Officer of the insurance operations conducted through PICM. The Board of Directors of the Holding Company may, after the Closing Date, modify or change the operating structure and the responsibilities of PICM and MAI and their respective officers and employees if the Board of Directors in the exercise of its business judgment and fiduciary duty determines such modification or change to be in the interest of its stockholders or the policyholders of its subsidiaries.

1.7 Advisory Committees. Until December 31, 2002, PICM, MAI and Holding Company shall cause ProNational Insurance Company, or its successors (if any), to maintain the Florida Regional Advisory Board of ProNational Insurance Company and the Michigan Regional Advisory Board of ProNational Insurance Company (collectively, the "PICM Advisory Committees"). The members of the PICM Advisory Committees shall consist of those persons who are members thereof on the date of this Agreement and such other persons who are appointed to the PICM Advisory Committees after the date of this Agreement. The PICM Advisory Committees shall provide advice as to underwriting and claims matters regarding medical professional liability insurance. Except for compensation pursuant to consulting agreements described in Section 5.16(c) of the PICM Disclosure Schedule, the Board of Directors of the Holding Company shall fix the compensation of the PICM Advisory Committees.

2. THE MAI PLAN OF MERGER

2.1 The MAI Merger. At the MAI Effective Time (as herein defined), MAI Acquisition shall be merged with and into MAI (the "MAI Merger") in accordance with the MAI Plan of Merger as set forth in this Section 2, and the MAI Merger shall have the effect provided for in Section 251 of the General Corporation Law of the State of Delaware. MAI shall be the surviving corporation of the MAI Merger and shall continue to exist and to be governed by the laws of the State of Delaware. The corporate existence and identity of MAI, with its purposes and powers, shall continue unaffected and unimpaired by the MAI Merger, and MAI shall succeed to and be fully vested with the corporate existence and identity of MAI Acquisition. The separate corporate existence and identity of MAI Acquisition from MAI shall cease upon the MAI Effective Time.

2.2 Name of Surviving Corporation. The name of the surviving corporation shall be "Medical Assurance, Inc."

2.4 Bylaws. Immediately after the MAI Effective Time, the Bylaws of the surviving corporation of the MAI Merger shall be those of MAI immediately before the MAI Merger.

2.5 Directors. Immediately after the MAI Effective Time, the Board of Directors of MAI Acquisition shall be the Board of Directors of the surviving corporation (who will serve on the Board of Directors until their successors are elected and qualified).

2.7 MAI Acquisition Shares. At the MAI Effective Time, each share of common stock of MAI Acquisition, par value \$1.00 per share, issued and outstanding immediately before the MAI Effective Time shall by virtue of the MAI Merger and without any action on the part of the holder thereof be automatically converted into one (1) share of common stock., par value \$1.00 per share of MAI. It is the intention of the parties that, immediately after the MAI Effective Time, the Holding Company shall continue to own all of the issued and outstanding shares of common stock, par value \$1.00 per share, of MAI as the surviving corporation of the MAI Merger.

2.8 Conversion of MAI Stock.

(a) Each issued and outstanding share of common stock, par value \$1.00 per share, of MAI ("MAI Common Stock") outstanding immediately prior to the MAI Effective Time, including MAI Common Stock that is owned by an MAI Subsidiary shall, by virtue of the MAI Merger and without any action on the part of the holder thereof, automatically be converted ("MAI Merger Consideration") into one (1) share of common stock, par value \$0.01 per share, of the Holding Company (the "Holding Company Common Stock"). Each share of MAI Common Stock that is owned by MAI (other than stock that is owned by MAI in a fiduciary capacity) shall automatically be cancelled and retired and shall cease to exist, and no MAI Merger Consideration shall be delivered in exchange therefor.

(b) As a result of the MAI Merger, the Holding Company should have more than 2,000 holders of shares of Holding Company Common Stock, and the Holding Company Common Stock should be registered under the 1934 Act and listed on the New York Stock Exchange. MAI agrees to assert that no holder of shares of MAI Common Stock shall be entitled to demand payment for and appraisal of his or her shares of MAI Common Stock under Section 262 of the General Corporation Law of the State of Delaware (the "Delaware Dissenters' Statute") by reason of Section 262(b) of the Delaware Dissenters' Statute. If, notwithstanding anything in this Agreement to the contrary, a holder of shares of MAI Common Stock issued and outstanding immediately prior to the MAI Effective Time exercises his rights under the Delaware Dissenters' Statute, such shares of MAI Common Stock shall not be converted into a right to receive any shares of the Holding Company Common Stock unless such holder fails to perfect, or is otherwise determined to be not entitled to any right to such payment or appraisal. If, after the MAI Effective Time, such holder fails to perfect, or is otherwise not entitled to any right to such appraisal, each such holder shall then be entitled to receive one share of the Holding Company Common Stock for each share of MAI Common

Edgar Filing: PROASSURANCE CORP - Form 424B3

Stock held by such holder.

2.9 Rights of Former MAI Stockholders. At the MAI Effective Time, the stock transfer books of MAI shall be closed as to holders of MAI Common Stock immediately prior to the MAI Effective Time, and no transfer of MAI Common Stock by any such holder shall thereafter be made or recognized. At the MAI Effective Time, each certificate theretofore representing shares of MAI Common Stock, other than shares as to which dissenters' rights of appraisal, if any, have been perfected as provided in Section 2.8(b) of this Agreement, shall from and after the MAI Effective Time represent for all purposes only the right to receive the Holding Company Common Stock as provided in Section 2.8(a) of this Agreement in exchange therefor. To the extent permitted by law, former stockholders of record of MAI Common Stock shall be entitled to vote after the MAI Effective Time at any meeting of the Holding Company stockholders the number of shares of the Holding Company Common Stock into which their respective shares of MAI Common Stock are converted, regardless of whether such holders have exchanged their certificates for MAI Common Stock for certificates representing the Holding Company Common Stock.

The MAI Disclosure Schedule also sets forth with respect to each MAI Stock Option the option exercise price, the number of shares subject to the option, the dates of grant, vesting, exercisability and expiration of the option and that the option is either an incentive or a nonqualified stock option.

(b) All MAI Stock Options to acquire shares of MAI Common Stock issued and outstanding at the MAI Effective Time shall be assumed by the Holding Company at the MAI Effective Time and, except as provided below, shall be continued in accordance with their terms and conditions as in effect immediately prior to the MAI Effective Time. The holder of each MAI Stock Option shall have the right to acquire, on the same terms and conditions as such option, at and after the MAI Effective Time, and pursuant to any applicable option plan or agreement, a number of shares of Holding Company Common Stock issuable upon exercise of such option equal to the number of shares of MAI Common Stock such holder would have been entitled to receive prior to the MAI Effective Time. 3.7 PICM Acquisition Shares. At the PICM Effective Time, all of the one thousand (1,000) shares of common stock of PICM Acquisition, par value \$1.00 per share, issued and outstanding prior to the PICM Effective Time shall by virtue of the PICM Merger and without any action on the part of the holder thereof be automatically converted into one (1) share of PICM Common Stock. (iv) (A) The PICM Merger Consideration payable under either subparagraph (i) (A) or (ii) above shall be subject to adjustment (the "Adjustment") to the extent that the aggregate market value of the "Portfolio Assets" (as defined below) of PICM and its consolidated subsidiaries at December 31, 1999, is greater or less than the pro forma value of the Portfolio Assets at the end of the second-to-last calendar month preceding the Closing Date (the "Valuation Date"). For purposes of this Section the "Portfolio Assets" shall mean and include all assets required by Financial Accounting Standards Board Statement 115 to be valued at market on the consolidated balance sheet of PICM and its consolidated subsidiaries at December 31, 1999. PICM represents that a complete and accurate listing of the "Portfolio Assets" is reflected on Schedule D, Parts 1 and 2 (exclusive of common stock held in affiliates) of the "PICM Insurance Subsidiaries Statutory Financial Statements" (as hereinafter defined) at December 31, 1999, and in Section 3.8(a) (iv) of the PICM Disclosure Schedule (as hereinafter defined).

(B) The amount of the Adjustment on a per share basis shall be determined as follows:

(1) First, the Portfolio Assets shall be divided into two groups (x) the Portfolio Assets that are sold, redeemed or disposed after December 31, 1999, and prior to the Valuation Date (the "Disposed Assets"); and (y) the remaining Portfolio Assets (the "Retained Assets").

(2) Second, the market value of the Retained Assets shall be determined as of December 31, 1999, and as of the Valuation Date. The market value of the Retained Assets as of the Valuation Date shall be subtracted from the market value of the Retained Assets as of December 31, 1999.

(3) Third, the market value of the Disposed Assets shall be determined as of December 31, 1999, and the aggregate amount of proceeds received on the sale, redemption or other disposition of the Disposed Assets shall be determined (exclusive

A-6

119

of amounts attributable to accrued and unpaid interest and referred to herein as "Sale Proceeds"). The aggregate amount of Sale Proceeds of the Disposed Assets shall be subtracted from the market value of the Disposed Assets at December 31, 1999.

(4) Fourth, the positive or negative difference determined in (2) above shall be added to an amount equal to the amount by which the difference determined in (3) above exceeds \$2,000,000

Edgar Filing: PROASSURANCE CORP - Form 424B3

either in the positive or negative. If the aforesaid sum is negative, the sum shall be adjusted to reflect net after tax charges using a tax rate of 34%; or if the aforesaid sum is positive, it shall be adjusted to reflect the net after tax (benefits) using a tax rate of 34%.

(5) Fifth, the sum determined in (4) above as adjusted to reflect the net after tax charges (benefits) shall be divided by 8,924,909 in order to determine the "Per Share Adjustment." If the sum in (4) above is negative, the PICM Merger Consideration in (i) (A) or (ii) shall be increased by the Per Share Adjustment; and if the sum in (4) above is positive, the PICM Merger Consideration in (i) (A) or (ii) shall be decreased by the Per Share Adjustment.

(C) For purposes of this section, the market value of the Portfolio Assets at December 31, 1999, and the market value of the Retained Assets at the Valuation Date shall be determined according to Interactive Data Corporation Valuation Service.

(b) Subject to the provisions of Section 3.9 below, if no election is made as to the PICM Merger Consideration to be received with respect to any shares of PICM Common Stock, the holder of the PICM Common Stock will be deemed to have made a Stock Election pursuant to Section 3.8(a) (i) above.

(c) Each share of PICM Common Stock that is owned by PICM or any PICM Subsidiary (other than in a fiduciary capacity) shall automatically be cancelled and retired and shall cease to exist, and no PICM Merger Consideration shall be delivered in exchange therefor.

3.9 Minimum Stock Requirement. In no event shall the value of the shares of the Holding Company Common Stock issued in exchange for the outstanding shares of PICM Common Stock be less than 10% of the value of the total PICM Merger Consideration (the "Minimum Stock Requirement"). If the Exchange Agent (as defined in Section 4.1 hereof) has not received properly made Forms of Election (as defined in Section 4.3(a) (ii) herein) pursuant to which the holders of PICM Common Stock have not made Stock Elections that will entitle the holders of PICM Common Stock to receive the Minimum Stock Requirement, then the Exchange Agent shall select such additional number of Cash Elections in the order last received by the Exchange Agent, which if converted to Stock Elections, would entitle the holders of PICM Common Stock to receive shares of the Holding Company Common Stock that would satisfy the Minimum Stock Requirement when added to shares of the Holding Company Common Stock issued pursuant to the Stock Elections then held by the Exchange Agent. Such Cash Elections made by the holders of PICM Common Stock shall be converted into Stock Elections.

3.10 Fractional Shares. No certificates or scrip representing a fractional share of the Holding Company Common Stock shall be issued upon the surrender of PICM Common Stock certificates for exchange; no dividend or distribution with respect to the Holding Company Common Stock shall be payable on or with respect to any fractional share; and such fractional share interests shall not entitle the owner thereof to vote or to any other rights of a stockholder of the Holding Company. In lieu of any such fractional share, the Holding Company shall pay to each former holder of PICM Common Stock who otherwise would be entitled to receive a fractional share of Holding Company Common Stock an amount in cash determined by multiplying (a) Market Value by (b) the fractional share of Holding Company Common Stock to which such holder would otherwise be entitled.

3.11 PICM Effective Date; PICM Effective Time. As used in this Agreement, "PICM Effective Time" shall mean the date upon which Articles of Merger are filed with the Michigan Secretary of State. The Articles of Merger shall be filed as soon as practicable after the Closing and prior to the Effective

Date as provided in Section 9.4 hereof. It is intended that the MAI Effective Time and the PICM Effective Time will be simultaneous or as close in time as practicable under the circumstances.

3.12 Stock Options.

(a) Section 5.4 to the PICM Disclosure Schedule contains a list of each stock option issued by PICM outstanding on the date of this Agreement (collectively, the "PICM Stock Options") to purchase PICM Common Stock heretofore granted pursuant to the PICM Long Term Incentive Plan (the "PICM LTIP") and the PICM 1996 Non-Employee Directors Stock Option Plan (the "PICM Director Option Plan," and together with the PICM LTIP, the "PICM Option Plans"). The PICM Disclosure Schedule also sets forth with respect to each PICM Stock Option the option exercise price, the number of shares subject to the option, the date granted, vesting, exercisability and expiration of the option and indicates whether the option is either an incentive or a nonqualified stock option.

(b) All PICM Stock Options to acquire shares of PICM Common Stock issued and outstanding at the PICM Effective Time shall be assumed by the Holding Company, and except as provided below shall be continued in accordance with their terms and conditions as in effect immediately prior to the PICM Effective Time. The holder of each PICM Stock Option shall have the right to acquire, on the same terms and conditions as such option, at and after the PICM Effective Time, and pursuant to any applicable option plan or agreement, a number of shares of Holding Company Common Stock at an exercise price as determined below:

(i) Each share of PICM Common Stock subject to an outstanding PICM Stock Option at the PICM Effective Time shall be converted into shares of the Holding Company Common Stock using a conversion ratio determined by dividing \$26.00 plus or minus the Per Share Adjustment (as defined in Section 3.8(a)(iv) hereof) by the Market Value. The number of shares subject to a PICM Stock Option granted to an individual on a particular date shall be multiplied by said conversion ratio to determine the number of shares of Holding Company Common Stock subject to said PICM Stock Option; provided that all fractional shares resulting from such determination shall be eliminated.

(ii) The exercise price for the shares of Holding Company Common Stock subject to a PICM Stock Option granted to an individual on a particular date shall be determined by dividing the conversion ratio as determined in subparagraph (i) above into the exercise price of the shares of PICM Common Stock subject to said PICM Stock Option immediately prior to the PICM Effective Time.

(iii) The PICM Stock Option Plans shall at the PICM Effective Time be amended to reserve for issuance pursuant to the PICM Stock Options assumed by the Holding Company, the number of shares of Holding Company Common Stock subject to the PICM Stock Options after the PICM Effective Time.

4. EXCHANGE PROCEDURES

4.1 Exchange Agent. Prior to the mailing of the Joint Proxy Statement (as defined in Section 7.1(a) hereof), the Holding Company shall appoint a bank or trust company to act as an exchange agent (the "Exchange Agent") for the payment of the PICM Merger Consideration and the MAI Merger Consideration. MAI shall cause the Holding Company to pay the charges and expenses of the Exchange Agent.

Edgar Filing: PROASSURANCE CORP - Form 424B3

4.2 MAI Exchange Procedure. Promptly after the MAI Effective Time, the Exchange Agent shall mail to each person who was a record holder of the MAI Common Stock at the MAI Effective Time, instructions for use in effecting the surrender and exchange of the certificate(s) representing shares of MAI Common Stock to the Exchange Agent. Upon the surrender of a certificate for shares of MAI Common Stock to the Exchange Agent in accordance with such instructions, the Exchange Agent shall issue and deliver a certificate for the same number of shares of the Holding Company Common Stock as

A-8

121

were evidenced by the certificate(s) for shares of MAI Common Stock surrendered, to the holder of said certificate (or any transferee of said certificate in accordance with instruction provided by the Exchange Agent). Until surrendered and exchanged as herein provided, each outstanding certificate which immediately before the MAI Effective Time represented shares of MAI Common Stock shall be deemed to evidence ownership of the number of shares of the Holding Company Common Stock into which the shares of MAI Common Stock represented by such certificate have been exchanged in accordance with the MAI Merger.

4.3 PICM Exchange Procedures.

(a) PICM Common Stock Elections

(i) Each record holder of shares of PICM Common Stock at the PICM Effective Time will be entitled to make a Stock Election or Cash Election (the "Election") with respect to all or any portion of his shares of PICM Common Stock on the basis hereinafter set forth.

(ii) Promptly after the PICM Effective Time, the Exchange Agent shall prepare and mail a form of election, which form shall be subject to the reasonable approval of PICM (the "Form of Election"), to the record holders of PICM Common Stock as of the PICM Effective Time, which Form of Election shall be used by each record holder of shares of PICM Common Stock to make his or her Election(s) with respect to any or all of the shares of PICM Common Stock held by such holder, subject to the provisions of Section 3.9 hereof. Any such holder's Election shall have been properly made only if the Exchange Agent shall have received a properly completed and executed Form of Election at its designated office, by 5:00 p.m. on a date specified in the Form of Election not less than ten (10) days nor more than forty-five (45) days after the PICM Effective Time (the "Election Date"). The Form of Election must be accompanied by certificates for the shares of PICM Common Stock to which such Form of Election relates, duly endorsed in blank or otherwise in form acceptable for transfer on the books of PICM (or by an appropriate guarantee of delivery of such certificates as set forth in such Form of Election from a firm which is a member of a registered national securities exchange or of the New York Stock Exchange or a commercial bank or trust company having an office or correspondent in the United States, provided such certificates are in fact delivered to the Exchange Agent within five New York Stock Exchange trading days after the date of execution of such guarantee of delivery). Any Form of Election may be revoked by the record holder submitting a new Form of Election to the Exchange Agent prior to 5:00 p.m., Detroit, Michigan time, on the Election Date.

(iii) The determination of the Exchange Agent shall be binding as to whether or not Elections have been properly made or revoked pursuant to this Section 4.3 with respect to shares of PICM Common Stock and as to when elections and revocations were received by it. If the Exchange Agent determines that any Election was not properly made with respect to

Edgar Filing: PROASSURANCE CORP - Form 424B3

shares of PICM Common Stock, such shares shall be treated by the Exchange Agent as if a Stock Election were made with respect to such shares, and such shares shall be exchanged in the PICM Merger for stock and cash pursuant to Section 3.8(a)(i). The Exchange Agent shall also make all computations as to the allocation contemplated by Section 3.9, and any such computation shall be conclusive and binding on the holders of shares of PICM Common Stock. The Exchange Agent may, with the mutual agreement of MAI and PICM, make such rules as are consistent with this Section 4.3(a) for the implementation of the Elections provided for herein as shall be necessary or desirable fully to effect such Elections.

(b) To the extent required by Section 3.10 of this Agreement, each holder of shares of PICM Common Stock issued and outstanding at the PICM Effective Time also shall receive, upon surrender of the certificate or certificates representing such shares, cash in lieu of any fractional share of the Holding Company Common Stock to which such holder may be otherwise entitled (without interest). Neither the Holding Company nor the surviving corporation of the PICM Merger shall be obligated to deliver the PICM Merger Consideration to which any former holder of PICM Common Stock is

A-9

122

entitled as a result of the PICM Merger until such holder surrenders his certificate or certificates representing the shares of PICM Common Stock for exchange as provided in this Section 4.3. Any other provision of this Agreement notwithstanding, neither the Holding Company, the surviving corporation of the PICM Merger, nor the Exchange Agent shall be liable to a holder of PICM Common Stock for any amounts paid or property delivered in good faith to a public official pursuant to any applicable abandoned property law.

(c) At the PICM Effective Time, the stock transfer books of PICM shall be closed as to holders of PICM Common Stock immediately prior to the PICM Effective Time, and no transfer of PICM Common Stock by any such holder shall thereafter be made or recognized. Until surrendered for exchange in accordance with the provisions of this Section 4.3, each certificate theretofore representing shares of PICM Common Stock shall from and after the PICM Effective Time represent for all purposes only the right to receive the PICM Merger Consideration provided in this Agreement in exchange therefor. To the extent permitted by law, former stockholders of record of PICM Common Stock shall be entitled to vote after the PICM Effective Time at any meeting of the Holding Company stockholders the number of shares of the Holding Company Common Stock into which their respective shares of PICM Common Stock are converted, regardless of whether such holders have exchanged their certificates for PICM Common Stock for certificates representing the Holding Company Common Stock.

4.4 Dividends and Other Distributions.

(a) Whenever a dividend or other distribution is declared on the Holding Company Common Stock, the record date for which is at or after the PICM Effective Time, the declaration shall include dividends or other distributions on all shares of the Holding Company Common Stock issuable pursuant to Stock Elections made by holders of PICM Common Stock under this Agreement. Notwithstanding the preceding sentence, any person holding any certificate for PICM Common Stock after the PICM Effective Time shall not be entitled to receive any dividend or other distribution payable after the PICM Effective Time to holders of the Holding Company Common Stock, which dividend or other distribution is attributable to such person's PICM Common Stock until such person surrenders said certificate for PICM Common Stock for exchange as provided in Section 4.3 of this Agreement. However, upon

Edgar Filing: PROASSURANCE CORP - Form 424B3

surrender of such certificate, both the Holding Company Common Stock certificate (together with all such undelivered dividends or other distributions, without interest) and the cash payments shall be delivered and paid (without interest) with respect to each share represented by such certificate for PICM Common Stock.

(b) Whenever a dividend or other distribution is declared on the Holding Company Common Stock, the record date for which is at or after the MAI Effective Time, the declaration shall include dividends or other distributions on all shares of the Holding Company Common Stock issuable to holders of MAI Common Stock pursuant to this Agreement. Notwithstanding the preceding sentence, any person holding any certificate for MAI Common Stock at or after the MAI Effective Time shall not be entitled to receive any dividend or other distribution payable after the MAI Effective Time to holders of the Holding Company Common Stock, which dividend or other distribution is attributable to such person's MAI Common Stock until such person surrenders said certificate for MAI Common Stock for exchange as provided in Section 4.2 of this Agreement. However, upon surrender of such certificate, both the Holding Company Common Stock certificates (together with all such undelivered dividends or other distributions, without interest) and any undelivered cash payments to be paid for fractional share interests (without interest) shall be delivered and paid with respect to each share represented by such certificate for MAI Common Stock.

4.5 Lost or Stolen Certificates. If any holder of PICM Common Stock or MAI Common Stock convertible into the right to receive shares of the Holding Company Common Stock and/or cash is unable to deliver the certificate which represents such shares, the Exchange Agent, in the absence of actual notice that any such shares have been acquired by a bona fide purchaser, shall deliver to such holder the PICM Merger Consideration or MAI Merger Consideration, as applicable, to which the holder is entitled for

A-10

123

such shares upon presentation of the following: (a) evidence to the reasonable satisfaction of the Holding Company that any such certificate has been lost, wrongfully taken or destroyed; (b) such security or indemnity as may be reasonably requested by the Holding Company to indemnify and hold the Holding Company and the Exchange Agent harmless; and (c) evidence satisfactory to the Holding Company that such person is the owner of the shares theretofore represented by each certificate claimed by the holder to be lost, wrongfully taken or destroyed and that the holder is the person who would be entitled to present such certificate for exchange pursuant to this Agreement.

4.6 PICM Exchange Fund.

(a) Prior to the PICM Effective Time, MAI shall cause the Holding Company to deposit with the Exchange Agent (or otherwise make available to the reasonable satisfaction of PICM and the Exchange Agent), for the benefit of the holders of shares of PICM Common Stock, for exchange through the Exchange Agent, the cash and certificates representing shares of the Holding Company Common Stock representing the PICM Merger Consideration (such cash and shares of the Holding Company Common Stock together with any dividends or distributions with respect to such shares with a record date after the PICM Effective Time and any cash payable in lieu of any fractional shares pursuant to this Agreement being hereinafter referred to as the "PICM Exchange Fund") payable and issuable pursuant to this Agreement in exchange for outstanding shares of PICM Common Stock. No interest will be paid or will accrue on any cash payable to holders of PICM Common Stock pursuant to the provisions of this Agreement.

Edgar Filing: PROASSURANCE CORP - Form 424B3

(b) Any portion of the PICM Exchange Fund that remains undistributed to the holders of PICM Common Stock for six months after the PICM Effective Time shall be delivered to the Holding Company, upon demand, and any holders of PICM Common Stock who have not theretofore complied with this Agreement shall thereafter look only to the Holding Company for payment of their claim for any cash, any shares of the Holding Company Common Stock, any cash in lieu of fractional shares and any dividends or distributions with respect to the Holding Company Common Stock.

(c) The Exchange Agent shall invest any cash included in the Exchange Fund, as directed by the Holding Company, on a daily basis. Any interest and other income resulting from such investments shall be paid to the Holding Company.

(d) The Holding Company or the Exchange Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of PICM Common Stock such amounts as the Holding Company or the Exchange Agent is required to deduct and withhold with respect to the making of such payment under the Internal Revenue Code of 1986, as amended (the "Code"), or any provision of state, local or foreign tax law. To the extent that amounts are so withheld and paid over to the appropriate taxing authority by the Holding Company or the Exchange Agent, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of PICM Common Stock in respect of which such deduction and withholding was made by the Holding Company or the Exchange Agent.

4.7 MAI Exchange Fund.

(a) Prior to the MAI Effective Time, MAI shall cause the Holding Company to deposit with the Exchange Agent (or otherwise make available to the reasonable satisfaction of MAI and the Exchange Agent), for the benefit of the holders of shares of MAI Common Stock, for exchange through the Exchange Agent, the certificates representing shares of the Holding Company Common Stock representing the MAI Merger Consideration (such shares of the Holding Company Common Stock together with any dividends or distributions with respect to such shares with a record date after the MAI Effective Time and any cash payable in lieu of any fractional shares pursuant to this Agreement being hereinafter referred to as the "MAI Exchange Fund") payable and issuable pursuant to this Agreement in exchange for outstanding shares of MAI Common Stock. No interest will be paid or will accrue on any cash payable to holders of MAI Common Stock pursuant to the provisions of this Agreement.

A-11

124

(b) Any portion of the MAI Exchange Fund that remains undistributed to the holders of MAI Common Stock for six months after the MAI Effective Time shall be delivered to the Holding Company, upon demand, and any holders of MAI Common Stock who have not theretofore complied with this Agreement shall thereafter look only to the Holding Company for payment of their claim for any shares of the Holding Company Common Stock, any cash in lieu of fractional shares and any dividends or distributions with respect to the Holding Company Common Stock.

(c) The Exchange Agent shall invest any cash included in the MAI Exchange Fund, as directed by the Holding Company, on a daily basis. Any interest and other income resulting from such investments shall be paid to the Holding Company.

(d) The Holding Company or the Exchange Agent shall be entitled to

Edgar Filing: PROASSURANCE CORP - Form 424B3

deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of MAI Common Stock such amounts as the Holding Company or the Exchange Agent is required to deduct and withhold with respect to the making of such payment under the Code, or any provision of state, local or foreign tax law. To the extent that amounts are so withheld and paid over to the appropriate taxing authority by the Holding Company or the Exchange Agent, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of MAI Common Stock in respect of which such deduction and withholding was made by the Holding Company or the Exchange Agent.

5. Representations and Warranties of PICM. PICM represents and warrants to MAI that the statements contained in this Section 5 are correct and complete as of the date of this Agreement and will be correct and complete as of the Closing Date (as though made then and as though the Closing Date was substituted for the date of this Agreement throughout this Section 5), except (i) as set forth in the disclosure schedule delivered by PICM to MAI on the date hereof and initialed by the parties (the "PICM Disclosure Schedule"), or (ii) for any changes to the PICM Disclosure Schedule that are disclosed by PICM to MAI in accordance with Section 8.6(a), or (iii) to the extent such representations and warranties speak as of an earlier date. MAI understands that any representation and warranty of PICM in this Section 5 that relates to either (x) Physicians Protective Trust Fund with respect to periods ending, and/or events, matters or things occurring, prior to July 1, 1998, or (y) MEEMIC Holdings, Inc. ("MEEMIC") and its consolidated subsidiaries or Michigan Educational Employees Mutual Insurance Company and its consolidated subsidiary with respect to periods ending, and/or events, matters or things occurring, prior to July 1, 1999, shall be deemed to be only to the knowledge of PICM, provided that PICM shall be responsible for the truth and accuracy of all representations and warranties in accordance with the respective terms for all purposes of this Agreement, including without limitation, Section 8.6 and Section 9.3(a) hereof. Nothing in the PICM Disclosure Schedule shall be deemed adequate to disclose an exception to a representation or warranty made herein unless the PICM Disclosure Schedule identifies the exception with reasonable particularity and describes the relevant facts in reasonable detail. The PICM Disclosure Schedule will be arranged in paragraphs corresponding to the lettered and numbered paragraphs contained in this Section 5 provided (i) that each exception set forth in the PICM Disclosure Schedule shall be deemed disclosed for purposes of all representations and warranties if such exception is contained in a section of the PICM Disclosure Schedule corresponding to a Section in this Section 5, (ii) that no such exception is required to be set forth in the PICM Disclosure Schedule if its absence would not result in the related representation or warranty being deemed untrue, incorrect or incomplete under the standard established by Section 8.10(c), and (iii) the mere inclusion of an exception in the PICM Disclosure Schedule shall not be deemed an admission by PICM that such exception represents a material fact, event or circumstance or would result in a material adverse effect or material adverse change.

5.1 Organization, Qualification and Corporate Power. PICM is a Michigan corporation duly organized, validly existing and in good standing under the laws of the state of Michigan. PICM has the corporate power to own its property and to carry on its business as presently conducted.

For purposes of this Agreement, the term "Subsidiary" or "Subsidiaries" shall mean any and all corporations or other entities in which a party has direct or indirect beneficial ownership (as defined in Rule 13d-3 of the Securities and Exchange Commission (the "SEC")) of a majority of the voting stock or other equity interest of such entity.

(b) Section 5.2(b) of the PICM Disclosure Schedule identifies the PICM Subsidiaries that offer insurance and the states in which they are authorized to conduct business, and the type of insurance products that they are authorized to offer in each such state (the "PICM Insurance Subsidiaries").

(c) Except as set forth in Section 5.2(c) of the PICM Disclosure Schedule, (i) PICM is, directly or indirectly, the record and beneficial owner of all of the outstanding shares of capital stock of each of the PICM Subsidiaries, (ii) there are no irrevocable proxies granted by PICM or any PICM Subsidiary with respect to such shares, (iii) there are no equity securities of any of the PICM Subsidiaries that are or may become required to be issued by reason of any option, warrants, scrip, rights, to subscribe to, calls or commitments of any character whatsoever relating to, or securities or rights convertible into or exchangeable for, shares of any capital stock of any of the PICM Subsidiaries except shares of the PICM Subsidiaries issued to other wholly owned PICM Subsidiaries, and (iv) there are no contracts, commitments, understandings or arrangements by which any of the PICM Subsidiaries is bound to issue additional shares of its capital stock or options, warrants or rights to purchase or acquire any additional shares of its capital stock or securities convertible into or exchangeable for such shares. All of the shares of the PICM Subsidiaries described in clause (i) above are validly issued, fully paid and nonassessable and are owned by PICM or a PICM Subsidiary free and clear of any mortgage, pledge, security interest, claim, lien, encumbrance or charge and free and clear of any claim, right or option to acquire any such shares. PICM does not directly or indirectly own any interest in any other corporation, partnership, joint venture or other business association or entity which is material to PICM and the PICM Subsidiaries taken as a whole.

(d) Except as set forth in Schedule 5.2(d) of the PICM Disclosure Schedule, none of the PICM Subsidiaries is the record or beneficial owner of any shares of PICM Common Stock.

5.3 Corporate Affairs.

(a) PICM has made available to MAI correct and complete copies of the Articles of Incorporation and By-Laws of PICM and each of the PICM Subsidiaries (as amended to date). PICM has made available all of the minute books containing the records of the meetings of the stockholders, the board of directors and any committee of the board of directors of PICM and each of the PICM Subsidiaries. The minute books of PICM and the PICM Subsidiaries reflect all of the material actions taken by each of their respective Boards of Directors and shareholders. All material actions taken by the committees of the Board of Directors of PICM and any of the PICM Subsidiaries are reflected in the minutes of the Board of Directors and such committees or in written statements of actions taken by the Board of Directors or such committees without a meeting.

(b) PICM's and each of the PICM Subsidiaries' books and records are and have been properly prepared and maintained in form and substance adequate for preparing audited consolidated financial statements in accordance with generally accepted accounting principles and fairly and accurately reflect all of PICM's and each of the PICM Subsidiaries' assets

All of the issued and outstanding shares of PICM Common Stock have been duly authorized, validly issued, are fully paid and non-assessable. Except as set forth in Section 5.4 of the PICM Disclosure Schedule, (i) there are no outstanding or authorized options, warrants, rights, contracts, calls, puts, rights to subscribe, conversion rights, or other agreements or commitments to which PICM is a party or which are binding upon PICM providing for the issuance, disposition or acquisition of any of its capital stock, (ii) there are no outstanding or authorized stock, appreciation, phantom stock, or similar rights with respect to PICM, and (iii) to the knowledge of PICM, there are no voting trusts, proxies or any other agreements or understandings with respect to the voting of the capital stock of PICM.

To the knowledge of PICM, all of the issued and outstanding shares of MEEMIC Common Stock have been duly authorized, validly issued, are fully paid and non-assessable.

5.5 Authority Relative to Agreements.

(a) PICM has the requisite corporate power and authority to enter into this Agreement and to perform its obligations hereunder. The execution and delivery of this Agreement by PICM and the consummation by PICM of the PICM Merger and the transactions contemplated hereby have been duly authorized by the Board of Directors of PICM and, except for the approval of its stockholders as set forth in Section 7.6(a) hereof, no other corporate proceedings on the part of PICM are necessary to authorize this Agreement and the transactions contemplated hereby. This Agreement has been duly executed and delivered by PICM and (assuming due authorization, execution and delivery by MAI and the receipt of all requisite regulatory approvals) constitutes a valid and binding obligation of PICM, enforceable against PICM in accordance with its terms except to the extent that its enforceability may be limited by applicable bankruptcy, insolvency, reorganization or other laws affecting the enforcement of creditors' rights generally or by general equitable principles.

(b) Except as set forth in Section 5.5 of the PICM Disclosure Schedule, neither the execution and delivery of this Agreement by PICM nor the consummation of the transactions contemplated hereby nor compliance by PICM with any of the provisions hereof will (i) violate, conflict with, or result in a breach of any provision of, or constitute a default under, or result in the termination of, or accelerate the performance required by, or result in the creation of any lien, security interest, charge or encumbrance upon any of the properties or assets of PICM or any of the PICM Subsidiaries under, any of the terms, conditions or provisions of (x) their

Edgar Filing: PROASSURANCE CORP - Form 424B3

respective charters or bylaws or (y) any note, bond, mortgage, indenture, deed of trust, license, lease, agreement or other instrument or obligation to which PICM or any of the PICM Subsidiaries is a party or to which they or any of their respective properties or assets may be subject, or (ii) subject to compliance with the statutes and regulations referred to in the next paragraph, violate any judgment, ruling, order, writ, injunction, decree, statute, rule or regulation applicable to PICM and the PICM Subsidiaries or any of their respective properties or assets, except, in the case of each of clauses (i) and (ii) above, for such violations, conflicts, breaches, defaults, terminations, accelerations or creations of liens, security interests, charges or encumbrances, which, in the aggregate, would not have any material adverse effect on the business, results of operations, or financial condition of PICM and the PICM Subsidiaries taken as a whole.

(c) Other than in connection with or in compliance with the provisions of the Michigan, Illinois and Indiana Insurance Codes and the Hart-Scott-Rodino Act, and the federal and applicable state securities laws (including those described in Section 7 of this Agreement), no notice to, filing with, or

A-14

127

authorization, consent or approval of, any domestic public body or government authority is necessary for the consummation by PICM of the transactions contemplated by this Agreement, except where failure to give such notices, make such filings, or obtain authorizations, consents or approvals would, in the aggregate, not have a material adverse effect on the business, results of operations, financial condition or prospects of PICM and the PICM Subsidiaries taken as a whole.

5.6 Financial Statements and Other Reports.

(a) PICM has made available to MAI the Annual Statements of each of the PICM Insurance Subsidiaries, as filed with the Department of Insurance of its state of domicile, for each of the years ended December 31, 1995, 1996, 1997, 1998 and 1999, together with reports thereon by its independent auditor and its independent actuary (collectively referred to as the "PICM Insurance Subsidiaries Statutory Financial Statements"). The PICM Insurance Subsidiaries Statutory Financial Statements of each PICM Insurance Subsidiary were prepared in accordance with the regulatory accounting methods required by the state of domicile of such PICM Insurance Subsidiary on a consistent basis throughout the periods covered thereby. All such PICM Insurance Subsidiaries Statutory Financial Statements fairly reflect the financial condition and the results of operations of the PICM Insurance Subsidiaries for the dates and periods indicated, and are consistent with the books and records of the PICM Insurance Subsidiaries (which books and records are correct and complete in all material respects).

(b) PICM has made available to MAI:

(c) Section 5.6(c) of the PICM Disclosure Schedule lists all financial examinations that any state Department of Insurance has conducted with respect to PICM or any of the PICM Insurance Subsidiaries since December 31, 1996. PICM has made available to MAI correct and complete reports issued by the applicable Department of Insurance with respect to the examinations listed on the PICM Disclosure Schedule. Except with respect to the transactions contemplated hereby, or as otherwise disclosed on Section 5.6(c) of the PICM Disclosure Schedule, there are no regulatory examinations of PICM or any of the PICM Insurance Subsidiaries currently in

Edgar Filing: PROASSURANCE CORP - Form 424B3

process.

(d) Section 5.6(d) to the PICM Disclosure Schedule sets forth a list of each registration statement, report, proxy statement or other filing filed by PICM or any of the PICM Subsidiaries with the Michigan, Indiana or Illinois Departments of Insurance or the SEC for periods ending and events occurring, after December 31, 1999 and prior to the date of this Agreement. PICM has filed and the applicable PICM Subsidiaries have filed all registration statements, proxy statements, reports and other filings and all amendments thereto which they were required to file with the Michigan, Indiana and Illinois Departments of Insurance and/or the SEC since December 31, 1996. As of its date, each of such filings contained all information required by the Michigan, Indiana and Illinois Insurance Codes or the SEC and did not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein in light of the circumstances under which they were made, not misleading, except to the extent any such statement or omission has been modified or superseded in a document subsequently filed with the appropriate authority. PICM has made available to MAI accurate and complete copies of all such filings.

(e) Except as disclosed in (i) Section 5.6(e) of the PICM Disclosure Schedule, or (ii) the proxy statements and reports, and the registration statements on Form B, described in Section 5.6(d) hereof, there are no contracts, real estate leases, loans, guarantees or other arrangements or transactions of any nature between PICM or any of the PICM Subsidiaries and any of their respective officers, directors, or affiliates (as such term is defined in Rule 405 of the SEC) (excluding employment matters).

(f) Neither PICM nor, to the knowledge of PICM, MEEMIC has received from any person any Notice on Form A or such other form as may be prescribed under the Michigan, Indiana or Illinois Insurance Holding Company Systems Acts indicating that such person intends to make or has made a tender offer for or a request or invitation for tenders of, or intends to or has entered into any agreement to exchange securities for, or intends to acquire or has acquired in the open market or otherwise, any voting security of PICM or MEEMIC, if after the consummation thereof such person would directly or indirectly be in control of PICM or MEEMIC, as the case may be.

5.7 Absence of Undisclosed Liabilities. Neither PICM nor any of the PICM Subsidiaries has any material liabilities or obligations of any nature, whether accrued, absolute, contingent or otherwise (including, without limitation, tax liabilities of a permanent nature due or to become due, and whether incurred in respect of or measured by income of PICM and the PICM Subsidiaries for any period prior to the close of business on March 31, 2000, or arising out of any transactions entered into or any set of facts

existing prior thereto), except for (i) liabilities reflected or reserved against in the PICM Consolidated Financial Statements (including notes thereto) or reflected or disclosed in the PICM Disclosure Schedule, and (ii) liabilities which have arisen after March 31, 2000, in the ordinary course of business (none of which relates to any breach of contract, breach of warranty, tort, infringement or violation of law, or arose out of any charge, complaint, action, suit, proceeding, hearing, investigation, claim, or demand).

5.8 Absence of Certain Changes. Since March 31, 2000, except as set forth in Section 5.8 of the PICM Disclosure Schedule, there has not been with respect to either PICM and the PICM Subsidiaries or MEEMIC and its subsidiaries, in each

Edgar Filing: PROASSURANCE CORP - Form 424B3

case taken as a whole:

(a) any change in the financial condition, assets, liabilities or business which change individually or in the aggregate has been materially adverse;

(b) any damage, destruction or loss, whether or not covered by insurance, materially and adversely affecting their properties or business;

(c) any payment of dividends or any distribution of any assets of any kind whatsoever to any of the shareholders in redemption of or as the purchase price of any of its capital stock, or any discharge or cancellation, whether in part or in whole, of any indebtedness owing to any such shareholders, except reimbursement to employees of ordinary business expenses or other debts arising in the ordinary course of business and except for any stock repurchase by PICM or a PICM Subsidiary as permitted by Section 8.1(b) and Section 8.12 hereof;

(d) any mortgage, pledge, or subjection to lien, charge or encumbrance of any material kind of any assets, tangible or intangible;

(e) any sale or transfer of any of their assets or any cancellation of any debts or claims by any of them, except in the ordinary course of business;

(f) any sale, assignment or transfer of any trademarks, trade names, or other intangible assets;

(g) any material amendment to or termination of any material contract, agreement, instrument or license to which any of them is a party; or

(h) any other event or condition of any character materially and adversely affecting the business or properties of PICM and the PICM Subsidiaries.

5.9 Tax Matters.

(a) As used in this agreement, "Taxes" means all federal, state, local or foreign income, gross receipts, license, payroll, employment, excise, stamp, occupation, premium, capital stock, franchise, profits, withholding, social security (or similar), unemployment, disability, real property, personal property, sales, use, transfer, registration, value added, alternative or add on minimum, estimated, or other tax of any kind whatsoever, including any interest, penalty or addition thereto. PICM and each PICM Subsidiary has duly paid or made provisions for the payment of all Taxes which have been incurred or are due or claimed to be due from it by federal, state, county, foreign or local taxing authorities on or prior to the date of this Agreement other than (i) Taxes or other charges which are not yet delinquent or are being contested in good faith and have not been finally determined for which adequate reserves have been made on the financial statements described in Section 5.6(b) (i) of this Agreement, or (ii) Taxes the failure to pay or make provision for, either individually or in the aggregate, will not have a material adverse effect on PICM and the PICM Subsidiaries. PICM and each of the PICM Subsidiaries have timely and properly filed all of the following that it was required to file: any return, declaration, report, claim for refund, or information return or statement (including, without limitation, Form 1099 and Form W-2 and W-3) relating to Taxes, including any schedule or attachment thereto, and including any amendment thereof ("Tax Returns"). All such Tax Returns were correct and complete in all material respects. Except as disclosed on Section 5.9(a) of the PICM Disclosure Schedule and except for extensions that are automatically granted by the taxing authorities upon filing an

Edgar Filing: PROASSURANCE CORP - Form 424B3

application therefor, neither PICM nor any of the PICM Subsidiaries is the

A-17

130

beneficiary of any extension of time within which to file any Tax Return. Except as set forth in Section 5.9(a) of the PICM Disclosure Schedule, no claim has ever been made by an authority in a jurisdiction where PICM or any of the PICM Subsidiaries does not file Tax Returns that it is or may be subject to taxation by that jurisdiction. There are no security interests on any of the assets of PICM or any of the PICM Subsidiaries that arose in connection with the failure (or alleged failure) to pay any Taxes.

(b) Each of PICM and the PICM Subsidiaries has withheld and paid all Taxes required to have been withheld and paid in connection with amounts paid or owing to any employee, creditor, independent contractor or other third party.

(c) To the knowledge of PICM, there is no dispute or claim concerning any tax liability of PICM or any of the PICM Subsidiaries except as disclosed in Section 5.9(c) of the PICM Disclosure Schedule. Section 5.9(c) of the PICM Disclosure Schedule identifies the last Tax Returns that have been audited by the taxing authority with whom they were filed, and indicates those Tax Returns that currently are the subject of an audit procedure or that PICM has received notice will be subject to an audit procedure. PICM has made available to MAI correct and complete copies of all federal income tax returns (including amendments thereto), examination reports, and statements of deficiencies assessed against or agreed to by PICM or any of the PICM Subsidiaries since December 31, 1996.

(d) Except as disclosed on Section 5.9(d) of the PICM Disclosure Schedule, neither PICM nor any of the PICM Subsidiaries has waived any statute of limitations in respect of Taxes or agreed to any extension of time with respect to a Tax Return or tax assessment or deficiency other than extensions that are automatically granted by the taxing authorities upon filing on application therefor.

(e) The unpaid Taxes of PICM and the PICM Subsidiaries do not exceed the reserve for tax liability set forth on the consolidated balance sheet at December 31, 1999 (rather than any notes thereto) as adjusted for the passage of time through the Closing Date in accordance with past custom and practice of PICM in filing its returns.

(f) Except as disclosed on Section 5.9(f) of the PICM Disclosure Schedule, any amount that is reasonably likely to be received (whether in cash or property or the vesting of property) as a result of the transactions contemplated by this Agreement by any employee, officer or director of PICM or any of its affiliates who is a "Disqualified Individual" (as such term is defined in Treasury Regulation Section 1.280G-1) under any employment, severance or termination agreement, other compensation arrangement or PICM Employee Benefit Plan (as defined in Section 5.17 below) currently in effect will not be characterized as an "excess parachute payment" (as such term is defined in Section 280G(b)(1) of the Code.

5.10 PICM Loss Reserves and Premium Rates for Professional Liability Insurance.

(a) The reserves for losses and loss adjustment expenses reflected on the consolidated balance sheet of PICM at December 31, 1999, included in the PICM Consolidated Financial Statements, are adequate to provide for the estimated ultimate net costs of all reported and unreported losses incurred

Edgar Filing: PROASSURANCE CORP - Form 424B3

through the date of said balance sheet, and no director or officer of PICM or any PICM Insurance Subsidiary (or any employee responsible for the administration of claims) has any knowledge of any facts that would cause any of them to believe that the reserves for losses and loss adjustment expenses reflected on such balance sheet, will not represent the estimated ultimate net costs of all reported and unreported losses incurred through December 31, 1999.

(b) Section 5.10(b) of the PICM Disclosure Schedule lists each independent consulting actuary that has been engaged by PICM or a PICM Subsidiary to review the reserves for losses and loss adjustment expenses of the PICM Insurance Subsidiaries and premium rates for liability insurance in each of the years commencing after December 31, 1996 (collectively the "PICM Actuaries" and separately a "PICM Actuary"). The PICM Actuaries have made written recommendations as to the amount that the PICM Insurance Subsidiaries should maintain in such reserves in each of said years.

A-18

131

Section 5.10(b) of the PICM Disclosure Schedule lists each and every item of correspondence delivered by the PICM Actuaries to PICM or a PICM Insurance Subsidiary (i) since December 31, 1998, in which the PICM Actuary has expressed an opinion as to the adequacy of loss reserves or made recommendations as to the amount of the reserve for losses and loss adjustment expenses that should be maintained by PICM for the PICM Insurance Subsidiaries, and (ii) since December 31, 1996, in which the PICM Actuary has expressed an opinion as to the adequacy of premiums or made a recommendation as to the premiums that should be charged by the PICM Insurance Subsidiaries for liability insurance. PICM has made available to MAI a true and correct copy of each item of correspondence from the PICM Actuaries listed on the PICM Disclosure Schedule.

(c) Each of the PICM Insurance Subsidiaries is required to submit for approval by the Department of Insurance in each state in which it is authorized as an insurer, policies, endorsements, underwriting manuals, and premium rates for the professional liability insurance offered in such state unless otherwise disclosed in Section 5.10(c) of the PICM Disclosure Schedule. Section 5.10(c) of the PICM Disclosure Schedule sets forth all increases in premium rates for medical professional liability insurance submitted by the PICM Insurance Subsidiaries which have been disapproved by any Department of Insurance since December 31, 1996. Section 5.10(c) of the PICM Disclosure Schedule lists all correspondence or communications from a Department of Insurance received by any of the PICM Insurance Subsidiaries after December 31, 1996, that requests or suggests that its premium rates, if applicable, for professional liability insurance should be reduced below the current approved premium levels.

5.11 Reinsurance. PICM has made available to MAI accurate and complete copies of all reinsurance agreements or treaties that are currently in effect with respect to claims incurred under liability insurance policies of any of the PICM Insurance Subsidiaries prior to December 31, 1999. Except as set forth on Schedule 5.11 of the PICM Disclosure Schedule, there has been no change or addition to the reinsurance agreements or treaties of any of the PICM Insurance Subsidiaries since December 31, 1999. The consummation of the transactions contemplated herein will not result in the termination of any such reinsurance agreements or treaties. The reserve for unpaid losses, loss adjustment expenses and unearned premiums at December 31, 1999, and March 31, 2000, as reflected in the consolidated balance sheets at December 31, 1999, and March 31, 2000, respectively, included in the PICM Consolidated Financial Statements are stated gross of reinsurance ceded amounts. All reinsurance recoverable amounts reflected in the consolidated balance sheets in the PICM Consolidated Financial

Edgar Filing: PROASSURANCE CORP - Form 424B3

Statements are collectible.

5.12 Investments. Except as disclosed in Section 5.12 of the PICM Disclosure Schedule, there has been no material change in investment policy of PICM and the PICM Subsidiaries or in the composition of the investments of PICM and the PICM Subsidiaries since March 31, 2000.

5.13 Real Property.

(a) PICM and the PICM Subsidiaries own or lease all of the real property necessary or incidental to the conduct of their respective businesses. Except as set forth in Section 5.13(a) of the PICM Disclosure Schedule, PICM and the PICM Subsidiaries have good and marketable title to all real property owned by them free and clear of any liens, claims and encumbrances, except taxes not yet due and payable and easements, restrictions and encumbrances that do not interfere with current use of such real property by PICM and the PICM Subsidiaries. PICM's and each of the PICM Subsidiaries' ownership, or possession, operation and use of all real property owned by PICM and the PICM Subsidiaries comply with all applicable laws, except where the failure to do so would not have any material adverse effect on PICM and the PICM Subsidiaries and would not subject PICM or any of the PICM Subsidiaries to any material penalty. With respect to each lease agreement for real property to which PICM or any of the PICM Subsidiaries is a party:

(i) PICM has made available to MAI complete and correct copies of the lease agreements, together with all supplements and amendments thereto;

A-19

132

(ii) Each of the lease agreements, as so modified, amended and supplemented, is in full force and effect and is legally valid, binding and enforceable in accordance with its respective terms except as enforceability may be limited by bankruptcy laws and creditors' rights generally;

(iii) There are no monetary defaults and no material nonmonetary defaults by PICM or a PICM Subsidiary under any of the lease agreements;

(iv) Neither PICM nor any of the PICM Subsidiaries has received notice of any default, offset, counterclaim or defense under the lease agreements;

(v) Except as disclosed in Section 5.13(a) in the PICM Disclosure Schedule, no condition or event has occurred which with the passage of time or the giving of notice or both would constitute a default or breach by PICM or the PICM Subsidiaries of the terms of the lease agreements, and all of the rent, security deposits, reserve funds, and other sums and charges due and payable under the lease agreements have been paid in full through the date hereof; and

(vi) To the knowledge of PICM and the PICM Subsidiaries there are no purchase contracts, options or other agreements of any kind whereby any person or entity as of the date hereof, has acquired or will have any basis to assert any right, title or interest in, or right to the possession, use, enjoyment or proceeds of, any part or all of the interests in the real property subject to the lease agreements.

(b) Except as set forth on Section 5.13(b) of the PICM Disclosure Schedule, neither PICM nor any of the PICM Subsidiaries has generated,

5.14 Personal Property.

(a) Except as set forth in Section 5.14(a) of the PICM Disclosure Schedule, none of the personal property owned by PICM and the PICM Subsidiaries is subject to, or will be subject to as of the Closing Date, any security interest, mortgage, pledge, lien, right of first refusal, option, restriction, liability, restrictive covenant, charge or encumbrance of any kind or character whatsoever.

Edgar Filing: PROASSURANCE CORP - Form 424B3

(b) Section 5.14(b) to the PICM Disclosure Schedule sets forth an accurate and complete list of all personal property leases which are not cancelable upon ninety (90) days notice without penalty and that have monthly rent that exceeds \$10,000 and a term that will not expire prior to June 30, 2001. PICM has made available to MAI complete and correct copies of all such personal property leases. Except as set forth in Section 5.14(b) to the PICM Disclosure Schedule:

5.15 Intellectual Property.

(a) PICM and the PICM Subsidiaries own or have the right to use, pursuant to license, sublicense, agreement or permission, all Intellectual Property whose use alone or in conjunction with other items of Intellectual Property is material to the conduct of the business of PICM and the PICM Subsidiaries taken as a whole. The term "Intellectual Property" means all trademarks, service marks, logos, trade names and corporate names and registrations and applications for registration thereof, copyrights and registrations and applications for registration thereof, computer software, data and documentation, trade secrets and confidential business information (including financial, marketing and business data, pricing and cost information, business and marketing plans, and customer and supplier lists and information), other proprietary rights, and copies and tangible embodiments thereof (in whatever form or medium).

(b) Neither PICM nor any of the PICM Subsidiaries has interfered with, infringed upon, misappropriated or otherwise come into conflict with any Intellectual Property rights of third parties and neither PICM nor any of the PICM Subsidiaries has received any charge, complaint, claim or notice alleging any such interference, infringement, misappropriation or violation. To the knowledge of PICM, no third party has interfered with, infringed upon, misappropriated or otherwise come into conflict with any Intellectual Property rights of PICM or the PICM Subsidiaries.

Edgar Filing: PROASSURANCE CORP - Form 424B3

(a) MAI has the requisite corporate power and authority to enter into this Agreement and to perform its obligations hereunder. (b) Except as set forth in Section 6.5(b) of the MAI Disclosure Schedule, neither the execution and delivery of this Agreement by MAI nor the consummation of the transactions contemplated hereby nor compliance by MAI with any of the provisions hereof will (i) violate, conflict with, or result in a breach of any provision of, or constitute a default under, or result in the termination of, or accelerate the performance required by, or result in the creation of any lien, security interest, charge or encumbrance upon any of the properties or assets of MAI or any of the MAI Subsidiaries under, any of the terms, conditions or provisions of (x) their respective charters or bylaws or (y) any note, bond, mortgage, indenture, deed of trust, license, lease, agreement or other instrument or obligation to which MAI or any of the MAI Subsidiaries is a party or to which they or any of their respective properties or assets may be subject, or (ii) subject to compliance with the statutes and regulations referred to in the next paragraph, violate any judgment, ruling, order, writ, injunction, decree, statute, rule or regulation applicable to MAI and the MAI Subsidiaries or any of their respective properties or assets, except, in the case of each of clauses (i) and (ii) above, for such violations, conflicts, breaches, defaults, terminations, accelerations or creations of liens, security interests, charges or encumbrances, which, in the aggregate, would not have any material adverse effect on the business, results of operations, or financial condition of MAI and the MAI Subsidiaries taken as a whole.

(c) Other than in connection with or in compliance with the provisions of the Alabama, Missouri, West Virginia and Indiana Insurance Codes, the Hart-Scott-Rodino Act and the federal and applicable state securities laws (including those described in Section 7 of this Agreement), no notice

6.9 Tax Matters.

(a) MAI and each MAI Subsidiaries has duly paid or made provisions for the payment of all Taxes which have been incurred or are due or claimed to be due from it by federal, state, county, foreign, or local tax authorities on or prior to the date of this Agreement other than (i) Taxes or other charges which are not yet delinquent or are being contested in good faith and have not been finally determined for which adequate reserves have been made on the financial statements described in Section 6.6(b) of this Agreement, or (ii) Taxes the failure to pay or make provision for, either individually or in the aggregate, will not have a material adverse effect on MAI and the MAI Subsidiaries. MAI and each of the MAI Subsidiaries have timely and properly filed all Tax Returns. All such Tax Returns were correct and complete in all material respects. Except as disclosed on Section 6.9(a) of the MAI Disclosure Schedule, and except for extensions that are automatically granted by the taxing authorities upon filing an application therefor, neither MAI nor any of the MAI Subsidiaries is the beneficiary of any extension of time within which to file any Tax Return. Except as set forth in Section 5.9(a) of the MAI Disclosure Schedule, no claim has ever been made by an authority in a jurisdiction where MAI or any of the MAI Subsidiaries does not file Tax Returns that it is or may be subject to taxation by that jurisdiction. There are no security interests on any of the assets of MAI or any of the MAI Subsidiaries that arose in connection with the failure (or alleged failure) to pay any Taxes.

(b) Each of MAI and the MAI Subsidiaries has withheld and paid all Taxes required to have been withheld and paid in connection with amounts paid or owing to any employee, creditor, independent contractor or other third party.

(c) To the knowledge of MAI, there is no dispute or claim concerning any tax liability of MAI or any of the MAI Subsidiaries except as disclosed in Section 6.9(c) of the MAI Disclosure Schedule. Section 6.9(c) of the MAI Disclosure Schedule identifies the last Tax Returns that have been audited by the taxing authority with whom they were filed, and indicates those Tax Returns that currently are the subject of an audit procedure or that MAI has received notice will be subject to an audit procedure. MAI has made available to PICM correct and complete copies of all federal income tax

returns (including amendments thereto), examination reports, and statements of deficiencies assessed against or agreed to by MAI or any of the MAI Subsidiaries since December 31, 1996.

(d) Except as disclosed in Section 6.9(d) of the MAI Disclosure Schedule, neither MAI nor any of the MAI Subsidiaries has waived any statute of limitations in respect of Taxes or agreed to any extension of time with respect to a Tax Return or a tax assessment or deficiency other than extensions that are automatically granted by the taxing authorities upon filing an application therefor.

(e) The unpaid Taxes of MAI and the MAI Subsidiaries do not exceed the reserve for tax liability set forth on the consolidated balance sheet at December 31, 1999 (rather than any notes thereto) as adjusted for the passage of time through the Closing Date in accordance with past custom and practice of MAI in filing its returns.

(f) Any amount that is reasonably likely to be received (whether in cash or property or the vesting of property) as a result of the transaction contemplated by this Agreement by any employee, officer or director of MAI or any of its affiliates who is a "Disqualified Individual" (as such term is defined in Treasury Regulation Section 1.280G-1) under any employment, severance or termination agreement, other compensation arrangement or MAI Employee Benefit Plan (as defined in Section 6.17 below) currently in effect will not be characterized as an "excess parachute payment" (as such term is defined in Section 280G(b)(1) of the Code).

6.10 MAI Loss Reserves and Premium Rates for Professional Liability Insurance.

(a) The reserves for losses and loss adjustment expenses reflected on the consolidated balance sheet of MAI at December 31, 1999, included in the MAI Consolidated Financial Statements, are adequate to provide for the estimated ultimate net costs of all reported and unreported losses incurred through the date of said balance sheet, and no director or officer of MAI or any MAI Insurance Subsidiary (or any employee responsible for the administration of claims) has any knowledge of any facts that would cause any of them to believe that the reserves for losses and loss adjustment expenses reflected on such balance sheet, will not represent the estimated ultimate net costs of all reported and unreported losses incurred through December 31, 1999.

(b) Section 6.10(b) of the MAI Disclosure Schedule lists each independent consulting actuary that has been engaged by MAI or an MAI Insurance Subsidiary to review the reserve for losses and loss adjustment expenses of the MAI Insurance Subsidiaries and premium rates for liability insurance in each of the years commencing after December 31, 1996 (collectively the "MAI Actuaries" and separately as "MAI Actuary"). MAI Actuaries have made written recommendations as to the amount that the MAI Insurance Subsidiaries should maintain in such reserves in each of said years. Section 6.10(b) of the MAI Disclosure Schedule lists each and every item of correspondence delivered by the MAI Actuaries to MAI or a MAI Insurance Subsidiary (i) since December 31, 1998, in which the MAI Actuary has expressed an opinion as to the adequacy of loss reserves or made recommendations as to the amount of the reserve for losses and loss adjustment expenses that should be maintained by MAI or the MAI Insurance Subsidiaries and (ii) since December 31, 1996, in which the MAI Actuary has expressed an opinion as to the adequacy of premiums or made a recommendation as to the premiums that should be charged by MAI Insurance

Subsidiaries for liability insurance. MAI has made available to PICM a true and correct copy of each item of correspondence from the MAI Actuaries listed on the Disclosure Schedule.

(c) Each of the MAI Insurance Subsidiaries is required to submit for approval by the Department of Insurance in each state in which it is authorized as an insurer, policies, endorsements, underwriting manuals, and premium rates for the professional liability insurance offered in that state unless otherwise disclosed in Section 6.10(c) of the MAI Disclosure Schedule. Section 6.10(c) of the MAI Disclosure Schedule sets forth all increases in premium rates for medical professional liability insurance submitted by the MAI Insurance Subsidiaries which have been disapproved by any Department of Insurance since December 31, 1996. Section 6.10(c) of the MAI Disclosure Schedule lists all correspondence or communications from a Department of Insurance received by any of the MAI Insurance Subsidiaries after December 31, 1996, that requests or suggests that its premium rates, if applicable, for professional liability insurance should be reduced below the current approved premium levels.

6.11 Reinsurance. MAI has made available to PICM accurate and complete copies of all reinsurance agreements or treaties that are currently in effect with respect to claims incurred under liability insurance policies of any of the MAI Insurance Subsidiaries prior to December 31, 1999. Except as set forth in Schedule 6.11 of the MAI Disclosure Schedule, there has been no change or addition to the reinsurance agreements or treaties or any of the MAI Insurance Subsidiaries since December 31, 1999. The consummation of the transactions contemplated herein will not result in the termination of any such reinsurance agreements or treaties. The reserve for unpaid losses, loss adjustment expenses and unearned premiums at December 31, 1999 and March 31, 2000, as reflected in the consolidated balance sheets in the MAI Consolidated Financial Statements are stated gross of reinsurance ceded amounts. All reinsurance recoverable amounts reflected in the consolidated balance sheets at December 31, 1999 and March 31, 2000, respectively, included in the MAI Consolidated Financial Statements are collectible.

6.12 Investments. Except as set forth in Section 6.12 of the MAI Disclosure Schedule, there has been no material change in investment policy of MAI and the MAI Subsidiaries or in the composition of the investments of MAI and the MAI Subsidiaries since March 31, 2000.

MAI's and each of the MAI Subsidiaries' ownership, or possession, operation and use of all real property owned by MAI and the MAI Subsidiaries comply with all applicable laws, except where the failure to do so would not have any material adverse effect on MAI and the MAI Subsidiaries and would not subject MAI or any of the MAI Subsidiaries to any material penalty. With respect to each lease agreement for real property to which MAI or any of the MAI Subsidiaries is a party:

(vi) To the knowledge of MAI and the MAI Subsidiaries there are no purchase contracts, options or other agreements of any kind whereby any person or entity as of the date hereof, has acquired or will have any basis to assert any right, title or interest in, or right to the possession, use, enjoyment or proceeds of, any part or all of the interests in the real property subject to the lease agreements.

(b) Except as set forth on Section 6.13(b) of the MAI Disclosure Schedule, neither MAI nor any of the MAI Subsidiaries has generated, operated, processed, distributed, transported, used, treated, stored, handled, emitted, discharged, released or disposed of (or caused any person or entity to do any of the foregoing or assisted any person or entity in doing any of the foregoing) any oil, gasoline, petroleum-related products, hazardous substances, hazardous waste, or pollutants or contaminants (as defined by CERCLA), including, without limitation, asbestos or asbestos containing materials, PCB's or urea formaldehyde, except in accordance with applicable laws or any product which may give rise to Hazardous Materials Liabilities.

6.14 Personal Property.

(a) Except as set forth in Section 6.14(a) to the MAI Disclosure Schedule, none of the personal property owned by MAI and the MAI Subsidiaries is subject to, or will be subject to as of the Closing Date, any security interest, mortgage, pledge, lien, right of first refusal, option, restriction, liability, restrictive covenant, charge or encumbrance of any kind or character whatsoever.

(ii) There are no monetary defaults and no material nonmonetary defaults by MAI or any MAI Subsidiary, or, to the actual knowledge of MAI, any other party to the personal property leases listed therein;

(iii) Neither MAI nor any MAI Subsidiary has received notice of any default, offset, counterclaim or defense under any personal property lease listed therein; and

(iv) MAI has no actual knowledge that any condition or event has occurred which with the passage of time or the giving of notice or both would constitute a default or breach by MAI or any MAI Subsidiary of the terms of any personal property leases listed therein.

6.15 Intellectual Property.

(a) MAI and the MAI Subsidiaries own or have the right to use by license, sublicense, agreement or permission all Intellectual Property whose use either alone or in conjunction with other items of Intellectual Property are material to the conduct of the business of MAI and the MAI Subsidiaries taken as a whole.

(b) Neither MAI nor any of the MAI Subsidiaries has interfered with, infringed upon, misappropriated or otherwise come into conflict with any Intellectual Property rights of third parties and neither MAI nor any of the MAI Subsidiaries has received any charge, complaint, claim or notice alleging any such interference, infringement, misappropriation or violation. 11.4 Arbitration. The parties acknowledge that this Agreement and the Options (the "Transaction Documents") evidences a transaction involving interstate commerce. Any dispute, claim, or controversy between PICM and MAI arising out of, relating to, or in connection with any of the Transaction Documents, its subject matter, or its negotiation, as to the existence, validity, interpretation, performance, non-performance, enforcement, operation, breach of contract, breach of warranty, continuance or termination thereof or any claim alleging fraud, deceit, or suppression of any material fact or breach of any duty shall be submitted to binding arbitration in accordance with Title 9 U.S.C. 1 et seq. (The United States Arbitration Act) and the Commercial Arbitration Rules of the American Arbitration Association. The hearing shall be

Edgar Filing: PROASSURANCE CORP - Form 424B3

held at the offices of the American Arbitration Association in Philadelphia, Pennsylvania. Such arbitration proceedings may be initiated by either party by notice in writing to the

A-60

173

other and to the American Arbitration Association. A person selected from the list of names attached to this Agreement as Schedule 11.4 and agreed upon by MAI and PICM shall be the arbitrator (the "Arbitrator"); provided, however, that if MAI and PICM have not agreed upon the person who shall be the Arbitrator by the close of business on the second day following the initiation of arbitration proceedings, then the Arbitrator shall be the person whose name is drawn by lot from the list of names attached to this Agreement as Schedule 11.4. Said drawing by lot, if necessary, shall occur at the close of business on the fourth day following the initiation of arbitration proceedings and shall occur at the principal executive offices of the party that did not initiate such arbitration proceedings. MAI and PICM may have one or more representatives present at any such drawing by lot, but the failure of either MAI or PICM to have any representative present at such drawing by lot shall not prevent or invalidate, and shall not bring into question the validity of, such drawing by lot. Subject to the provisions of Section 11.16 hereof, each party to arbitration shall bear its own arbitration costs and expenses. However, in the event any party is required to file a petition or commence any such other proceeding to compel arbitration, the arbitrator may award that party reasonable attorney's fees and costs incurred in having to bring such action. The arbitrator shall have the discretion to order a pre-hearing exchange of information by the parties, including, without limitation, production of requested documents, exchanging of summaries or testimony of proposed witnesses, and examination by deposition of parties. Notwithstanding contrary state law or regulation, the arbitrator shall have the authority to award any remedy or relief allowed under the provisions of the United States Arbitration Act and permitted under this Agreement including, without limitation, specific performance of any obligation created under the Agreements, the issuance of an injunction or other equitable relief, or the imposition of sanctions for abuse or frustration of the arbitration process. Any arbitration award shall be in writing and shall specify the factual and legal basis for the award. Judgment on the award rendered by the arbitrator shall be final and may be entered in any court having jurisdiction thereof. The provisions hereof shall be a complete defense to any suit, action, or proceeding in any federal, state, or local court or before any administrative tribunal with respect to any dispute, claim, or controversy arising under the Agreements.

11.5 Further Assurances. At the request of any party to this Agreement, the other parties shall execute, acknowledge and deliver such other documents and/or instruments as may be reasonably required by the requesting party to carry out the purposes of this Agreement. In the event any party to this Agreement shall be involved in litigation, threatened litigation or government inquiries with respect to a matter covered by this Agreement, every other party to this Agreement shall also make available to such party, at reasonable times and subject to the reasonable requirements of its own businesses, such of its personnel as may have information relevant to such matters, provided that such party shall reimburse the providing party for its reasonable costs for employee time incurred in connection therewith if more than one business day is required. Following the Closing Date, the parties will cooperate with each other in connection with tax audits and in the defense of any legal proceedings.

11.6 Remedies Cumulative. Unless expressly made the exclusive remedy by the terms of this Agreement, all remedies provided for in this Agreement are cumulative and shall be in addition to any and all other rights and remedies provided by law and by any other agreements between the parties.

11.7 Presumptions. It is expressly acknowledged and agreed that all parties have been represented by counsel and have participated in the

Edgar Filing: PROASSURANCE CORP - Form 424B3

negotiation and drafting of this Agreement, and that there shall be no presumption against any party on the ground that such party was responsible for preparing this Agreement or any part of it.

11.8 Exhibits and Schedules. Each of the exhibits and schedules referred to in, and/or attached to, this Agreement is an integral part of this Agreement and is incorporated in this Agreement by this reference.

11.9 Interpretation. When a reference is made in this Agreement to Sections, Exhibits or Schedules, such reference shall be to a Section of or Exhibit or Schedule to this Agreement unless otherwise indicated. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Whenever the words "include," "includes" or

A-61

174

"including" are used in this Agreement, they shall be deemed to be followed by the words "without limitation". No provision of this Agreement shall be construed to require PICM, MAI or any of their respective Subsidiaries or affiliates to take any action which would violate any applicable law, rule or regulation.

11.10 Counterparts. This Agreement may be executed in counterparts, all of which shall be considered one and the same agreement and shall become effective when counterparts have been signed by each of the parties and delivered to the other parties, it being understood that all parties need not sign the same counterpart.

11.11 Entire Agreement. This Agreement (including the documents and the instruments referred to in this Agreement) constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter of this Agreement.

11.12 Governing Law. This Agreement and the transactions contemplated hereby shall be governed and construed in accordance with the laws of the State of Delaware, except that the rights and obligations of the directors and officers of any party shall be governed by its state of incorporation.

11.13 Severability. Any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement or affecting the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

11.14 Publicity. Except as otherwise required by applicable law or the rules of the New York Stock Exchange or NASD and the Nasdaq National Market, neither PICM nor MAI shall, or shall permit any of its Subsidiaries to, issue or cause the publication of any press release or other public announcement with respect to, or otherwise make any public statement concerning, the transactions contemplated by this Agreement without the consent of the other party, which consent shall not be unreasonably withheld. PICM and MAI agree that the initial press release to be issued with respect to the transactions contemplated by this Agreement shall be in the form heretofore agreed to by them.

11.15 Assignment; Third Party Beneficiaries. Neither this Agreement nor any of the rights, interests or obligations shall be assigned by any of the parties to this Agreement (whether by operation of law or otherwise) without the

Edgar Filing: PROASSURANCE CORP - Form 424B3

prior written consent of the other parties to this Agreement. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and assigns. Except as otherwise specifically provided in Section 1.4 and Section 8.11 (which is intended to be for the benefit of the persons covered thereby and may be enforced by such persons), this Agreement (including the documents and instruments referred to in this Agreement) is not intended to confer upon any person other than the parties to this Agreement any rights or remedies under this Agreement.

11.16 Attorney Fees. In the event of any arbitration or litigation between PICM and MAI arising out of, relating to, or in connection with, the Transaction Documents, the prevailing party shall be entitled to receive from the non-prevailing party, and the non-prevailing party shall upon final judgment and expiration of all appeals immediately pay upon demand all reasonable attorneys' fees and expenses of the prevailing party.

FIRST AMENDMENT TO AGREEMENT TO CONSOLIDATE

THIS FIRST AMENDMENT TO AGREEMENT TO CONSOLIDATE (the "Amendment"), dated as of November 1, 2000, by and between Medical Assurance, Inc., a Delaware corporation ("MAI"), and Professionals Group, Inc., a Michigan corporation ("PICM").

WITNESSETH:

WHEREAS, MAI and PICM have agreed to consolidate pursuant to an Agreement to Consolidate dated June 22, 2000 (the "Consolidation Agreement"); and

WHEREAS, MAI and PICM have agreed to certain modifications and amendments to the Consolidation Agreement and desire to amend the Consolidation Agreement so as to reflect such modifications and amendments.

NOW, THEREFORE, in consideration of the mutual covenants, representations, warranties and agreements contained in this Amendment, and intending to be legally bound by this Amendment and the Consolidation Agreement, the parties to this Amendment and the Consolidation Agreement agree as follows:

1. Notwithstanding anything to the contrary express or implied in this Amendment or the Consolidation Agreement: (i) all capitalized terms in this Amendment that are not otherwise defined in this Amendment shall be defined in this Amendment as in the Consolidation Agreement; and (ii) in the event of any conflict between the provisions of this Amendment and the provisions of the Consolidation Agreement, the provisions of this Amendment shall control.

2. Notwithstanding anything to the contrary express or implied in the Consolidation Agreement, the name of the Holding Company shall be "ProAssurance Corporation" or such other name as shall be agreed upon by the Chief Executive Officer of MAI and the Chief Executive Officer of PICM.

3. Section 4.3(a) of the Consolidation Agreement shall be, and it hereby is, amended and restated in its entirety so as to read and provide as follows:

(a) PICM Common Stock Elections:

(i) Subject to the allocation and election procedures set forth in this Agreement (including, without limitation, Section 3.9 of this Agreement), each holder of shares of PICM Common Stock shall have the right to make a Stock Election or Cash Election (the "Election") with respect to all or any portion of his shares of PICM Common Stock on

Edgar Filing: PROASSURANCE CORP - Form 424B3

the basis hereinafter set forth.

(ii) PICM shall prepare an election form/letter of transmittal (the "Form of Election") pursuant to which each record holder of shares of PICM Common Stock at the close of business on the Election Date (as hereinafter defined) may make an Election and which shall be mailed to PICM stockholders, in accordance with Section 4.3(a) (iii) so as to permit PICM Stockholders to exercise their right to make an Election prior to the Election Date.

(iii) A Form of Election shall be included with or mailed contemporaneously with each copy of the Joint Proxy Statement that is mailed to stockholders of PICM in connection with the meeting of PICM stockholders. PICM and MAI shall each use its reasonable best efforts to mail or otherwise make available the Form of Election to all persons who become holders of shares of PICM common stock during the period between the record date for such meeting of PICM stockholders and the Election Deadline.

(iv) Any PICM stockholder's election shall have been made properly only if the Exchange Agent shall have received, by 5:00 p.m. local time in the city in which the principal office of such Exchange Agent is located, on the Election Date, a Form of Election properly completed and signed and accompanied by certificates for the shares of PICM

A-67

180

common stock to which such Form of Election relates (or by an appropriate book entry transfer, as set forth in such Form of Election, or by an appropriate guarantee of delivery of such certificates, as set forth in such Form of Election, from a member of any registered national securities exchange or of the National Association of Securities Dealers, Inc. or a commercial bank or trust company in the United States provided such certificates are in fact delivered to the Exchange Agent by the time required in such guarantee of delivery). Failure to deliver the shares of PICM common stock covered by such a guarantee of delivery within the time set forth on such guarantee shall be deemed to invalidate any otherwise properly made Election. As used herein, "Election Date" means the PICM Effective Time.

(v) Any PICM stockholder may at any time prior to the Election Date change his Election by written notice received by the Exchange Agent prior to the Election Date accompanied by a revised Form of Election properly completed and signed.

(vi) Any PICM stockholder may, at any time prior to the Election Date, revoke his Election by written notice received by the Exchange Agent prior to the Election Date or by withdrawal prior to the Election Date of his certificates for shares of PICM common stock or of the guarantee of delivery of such certificates, previously deposited with the Exchange Agent. All Elections shall be revoked automatically if the Exchange Agent is notified in writing by MAI or PICM that this Agreement has terminated. Any PICM stockholder who shall have deposited certificates for PICM Shares with the Exchange Agent shall have the right to withdraw such certificates by written notice received by the Exchange Agent and thereby revoke his Election as of the Election Date if the PICM Merger shall not have been consummated prior thereto.

(vii) The determination of the Exchange Agent shall be binding

Edgar Filing: PROASSURANCE CORP - Form 424B3

as to whether or not Elections have been properly made, changed or revoked pursuant to this Section 4.3 with respect to shares of PICM Common Stock and as to when elections, changes and revocations were received by it. If the Exchange Agent determines that any Election was not properly made with respect to shares of PICM Common Stock, such shares shall be treated by the Exchange Agent as if a Stock Election were made with respect to such shares, and such shares shall be exchanged in the PICM Merger for stock and cash pursuant to Section 3.8(a)(i). The Exchange Agent shall also make all computations as to the allocation contemplated by Section 3.9, and any such computation shall be conclusive and binding on the holders of shares of PICM Common Stock. The Exchange Agent may, with the mutual agreement of MAI and PICM, make such rules as are not inconsistent with this Agreement for the implementation of the Elections provided for herein as shall be necessary or desirable fully to effect such Elections.

4. The Consolidation Agreement, as amended by this Amendment, is intended to constitute the "plan of merger" contemplated by Section 701 of the Michigan Business Corporation Act, as amended, and the "agreement of merger" contemplated by Section 251 of the Delaware General Corporation Law, as amended.

5. It is expressly acknowledged and agreed that all parties have been represented by counsel and have participated in the negotiation and drafting of this Amendment and the Consolidation Agreement, and that there shall be no presumption against any party on the ground that such party was responsible for preparing this Amendment and the Consolidation Agreement or any part of it.

6. This Amendment may be executed in counterparts, all of which shall be considered one and the same agreement and shall become effective when counterparts have been signed by each of the parties and delivered to the other parties, it being understood that all parties need not sign the same counterpart.

7. This Amendment amends the Consolidation Agreement. It is the intent and purpose of the parties to this Amendment, by executing this Amendment, to ratify, confirm and reaffirm the

A-68

181

Consolidation Agreement and all of its terms and provisions as amended by this Amendment. This Amendment and the Consolidation Agreement (including the documents and the instruments referred to in this Amendment and the Consolidation Agreement) constitute the entire agreement and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter of this Amendment and the Consolidation Agreement.

8. This Amendment and the Consolidation Agreement shall be governed and construed in accordance with the laws of the State of Delaware, without regard to any applicable conflicts of law principles, except that the rights and obligations of the directors and officers of any party shall be governed by its state of incorporation.

9. Any term or provision of this Amendment which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Amendment or affecting the validity or enforceability of any of the

Edgar Filing: PROASSURANCE CORP - Form 424B3

terms or provisions of this Amendment in any other jurisdiction. If any provision of this Amendment is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

[FIRST UNION SECURITIES, INC. LETTERHEAD]

June 19, 2000

The Board of Directors
Medical Assurance, Inc.
100 Brookwood Place, Suite 500
Birmingham, Alabama 35209

Gentlemen:

We understand that Medical Assurance, Inc. ("MAI") and Professionals Group Inc. ("PICM") have entered into an Agreement to Consolidate dated as of June 19, 2000 (the "Consolidation Agreement"), which provides for, among other things, the merger of MAI with and into Medical and Professional Assurance, Inc. ("Holding Company"), and immediately thereafter, the merger of PICM with and into Holding Company (collectively, such mergers are referred to herein as the "Merger"). Pursuant to the Merger, each issued and outstanding share of common stock of MAI ("MAI Common Stock"), other than shares held in treasury, will be converted into the right to receive one share of common stock of Holding Company ("Holding Company Common Stock"), and each issued and outstanding share of PICM ("PICM Common Stock"), other than shares held in treasury, will be converted into the right to receive:

(a) \$12.00 per share in cash; plus

(b) \$14.00 per share in Holding Company Common Stock (based on the

Edgar Filing: PROASSURANCE CORP - Form 424B3

average closing prices of MAI Common Stock for the 20 trading days ending on the date of the meeting of MAI stockholders to approve the Merger) (such cash and share amount herein referred to as the "Exchange Ratio"); provided however, stockholders of PICM may elect to receive \$14.00 per share in cash in lieu of Holding Company Common Stock (up to a maximum aggregate cash consideration to PICM stockholders of 90%). The terms and conditions of the Merger are more fully set forth in the Consolidation Agreement.

You have asked for our opinion as to whether the Exchange Ratio pursuant to the Consolidation Agreement is fair from a financial point of view to MAI.

In arriving at our opinion, we have reviewed certain publicly available business and financial information relating to MAI and PICM, as well as a draft of the Consolidation Agreement. We have also reviewed certain other information, and have met with MAI's and PICM's managements to discuss the business and prospects of MAI and PICM.

We have also considered certain financial and stock market data of MAI and PICM, and we have compared those data with similar data for other publicly held companies in businesses similar to MAI and PICM. We have also considered the financial terms of certain other business combinations and other transactions which have recently been affected. We also considered such other information, financial studies, analyses and investigations and financial, economic and market criteria which we deemed relevant.

In connection with our review, we have not assumed any responsibility for independent verification of any of the foregoing information and have relied on it being complete and accurate in all material respects. We have also assumed, with your consent, that the Merger will be consummated in the manner and on the terms set forth in the Consolidation Agreement and that in the course of obtaining the necessary legal, regulatory and third party consents and approvals no restriction will be imposed that will have a material adverse effect on the contemplated benefits of the Merger. In addition, we have not been requested to make, and have not made, an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of MAI and PICM, nor have we been furnished with any such evaluations or appraisals. Our opinion is necessarily based upon financial, economic, stock market prices, and other conditions as they exist and can be evaluated on the date hereof. We are not expressing any opinion as to the actual value of the Holding Company Common Stock when issued to MAI stockholders pursuant to the Consolidation

Agreement or the prices at which such Holding Company Common Stock will trade subsequent to the Merger.

We have acted as financial advisor to MAI in connection with the Merger and will receive a fee for our services, a significant portion of which is contingent upon the consummation of the Merger. In the ordinary course of our business, we and our affiliates may trade the equity securities of both MAI and PICM for our and such affiliates' own accounts and for the accounts of customers and accordingly may at any time hold a long or short position in such securities.

It is understood that this letter is for the information of the Board of Directors of MAI in connection with its consideration of the Merger and does not constitute a recommendation to any stockholders to how such stockholder should vote on the proposed Merger and the transactions contemplated thereby.

Edgar Filing: PROASSURANCE CORP - Form 424B3

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Exchange Ratio pursuant to the Consolidation Agreement is fair from a financial point of view to MAI.

Sincerely,

/s/ First Union Securities, Inc.

Our opinion is limited to the fairness, from a financial point of view, of the Consolidation Consideration to the Shareholders, and we do not address the merits of the underlying decision by the Company to engage in the Consolidation and this opinion does not constitute a recommendation to any shareholder as to how such shareholder should vote on the proposed Consolidation. It is understood that this letter may not be disclosed or otherwise referred to without our prior written consent, except that the opinion may be included in its entirety in submissions to state insurance regulatory authorities or in a proxy statement mailed to the shareholders by the Company with respect to the Consolidation.
