IRT PROPERTY COMPANY AND SUBSIDIARIES  
 Notes to Consolidated Financial Statements  
 March 31, 2001 and 2000  
 (Dollars in thousands, except per share amounts)

1. Unaudited Financial Statements

These consolidated financial statements for interim periods are unaudited and should be read in conjunction with the Company's Report on Form 10-K for the year ended December 31, 2000. The accompanying consolidated financial statements include the accounts of IRT Property Company and its wholly-owned subsidiaries, IRT Management Company ("IRTMC"), VW Mall, Inc., IRT Alabama, Inc. ("IRTAL") and IRT Capital Corporation II ("IRTCCII"), and its majority-owned subsidiary, IRT Partners L.P. ("LP") (collectively, the "Company"). Intercompany transactions and balances have been eliminated in the consolidation. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to a fair presentation of the financial statements as of March 31, 2001 and 2000 have been recorded. The results of operations for the interim period are not necessarily indicative of the results that may be expected for future interim periods or for the full year.

As of December 31, 2000, the Company's investment in IRT Capital Corporation ("IRTCC") and IRTCCII was accounted for under the equity method of accounting. In January 2001, IRTCC was dissolved and the Company's investment in IRTCC was eliminated. In March 2001, the Company purchased the remaining voting and non-voting common stock of IRTCCII, making IRTCCII a wholly-owned subsidiary. See Note 6.

2. Investment in and Advances to Unconsolidated Affiliates

As of March 31, 2001, LP, IRTCCII, IRTAL and IRTMC guaranteed the Company's indebtedness under the Company's existing unsecured revolving term loan and its other senior debt. The guarantees are joint and several and full and unconditional.

3. Earnings Per Share

Basic earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period consistent with the guidelines of Statement of Financial Accounting Standards No. 128, "Earnings Per Share." The effects of the conversion of the operating partnership units held by the minority interest are dilutive and have been included in the calculation of dilutive earnings per share for all periods presented. The effects of the conversion of the 7.3% debentures have been excluded from the calculation of dilutive earnings per share for the three months ended March 31, 2001 as they

Edgar Filing: IRT PROPERTY CO - Form 10-Q

were anti-dilutive for that period. For the three months ended March 31, 2000, the effects of the conversion of such debentures have been included in the calculation of dilutive earnings per share as they are dilutive. The effects of certain stock options and non-vested restricted stock, using the treasury stock method, have been included in the calculation of dilutive earnings per share, as they are dilutive.

5. Senior Notes

On March 23, 2001, the Company established a Medium Term Note Program (the "MTN Program"), pursuant to the Company's shelf registration statement filed in January 2001, pursuant to which the Company may from time to time issue and sell up to \$100,000 of medium term notes (the "Medium Term Notes"). The Medium Term Notes must have a maturity of nine months or more from the date of issuance and be unconditionally guaranteed as to the payment of principal, premium, if any, and interest, if any, by each of LP, IRTMC, IRTAL and IRTCCII.

On March 29, 2001, pursuant to the MTN Program, the Company issued \$50,000 of 7.77% senior notes due April 1, 2006. Interest on these senior notes is payable semi-annually on April 1 and October 1. Costs associated with the issuance of these senior notes totaled approximately \$480 and are being amortized over the life of the notes. Proceeds of these notes were used to repay the \$50,000 of 7.45% senior notes due April 1, 2001. See Note 9.

## Edgar Filing: IRT PROPERTY CO - Form 10-Q

### 6. Investment in Joint Venture

IRTCII, a taxable subsidiary, was formed under the laws of Georgia in 1999. IRTCCII has the ability to develop properties, buy and sell properties, provide equity to developers and perform third party management, leasing and brokerage. As of December 31, 2000, the Company accounted for IRTCCII under the equity method of accounting, as the Company held 96% of the non-voting common stock and

9

10

1% of the voting common stock. The remaining voting common stock was held by an officer and a director of the Company. In March 2001 the Company purchased the remaining non-voting and voting common stock from such officer and director for approximately \$2, which was the initial investment amount of such officer and director. As a result, as of March 31, 2001, IRTCCII is a wholly-owned taxable subsidiary of the Company.

### 7. Treasury Stock

On January 16, 2001, the Company completed the \$25,000 stock repurchase program authorized by the Board of Directors in November 1999. The Company repurchased a total of 3,028,276 shares at an average price of \$8.26 per share.

### 8. Commitments and Contingencies

Certain of the Company's properties have environmental concerns that have been or are being addressed. The Company maintains limited insurance coverage for this type of environmental risk. Although no assurance can be given that Company properties will not be affected adversely in the future by environmental problems, the Company presently believes that there are no environmental matters that are reasonable likely to have a material adverse effect on the Company's financial position.

### 9. Subsequent Events

On April 2, 2001, the Company repaid the \$50,000 of 7.45% senior notes from the issuance proceeds of the 7.77% senior notes.

On April 17, 2001, the Company acquired Unigold Shopping Center, a 102,985 square foot center in Orlando, Florida for \$8,000.

On April 18, 2001, the Company sold Eden Centre, a 56,355 square foot shopping center, located in Eden, North Carolina for approximately \$3,829 in cash, and recognized a gain on the sale of approximately \$748.

On April 19, 2001, the Company obtained non-recourse, secured loans totaling \$20,700, on three shopping centers at a weighted average fixed interest rate of 7.17%. The loans have a ten year term and a thirty year amortization.

The Company had average borrowings of approximately \$54,253 and \$19,569 at effective interest rates of 7.65% and 7.3%, under its bank credit facility during the three months ended March 31, 2001 and 2000, respectively. The Company incurred commitment fees of approximately \$50 and \$51 in 2001 and 2000, respectively, which are included in this interest expense.

The net increase of \$151 in depreciation expense in 2001 was due to the acquisition of a real estate investment in the fourth quarter of 2000, net of the effect of the disposition of two properties in the first quarter of 2000.

The net increase in general and administrative expense of approximately \$191 for the three months ended March 31, 2001 was primarily due to an increase in non-capitalizable development activities.

Funds from Operations. The Company defines funds from operations, consistent with the National Association of Real Estate Investment Trusts ("NAREIT") definition of such term, as net earnings on real estate less gains (losses) on sales of properties and extraordinary items plus depreciation and amortization of capitalized leasing costs. Interest and amortization of issuance costs related to convertible subordinated debentures and minority interest expenses ("OP Units") are added back to funds from operations when assumed conversion of the debentures and OP Units is dilutive. Conversion of the debentures and OP Units is dilutive and therefore assumed for the three months ended March 31, 2001 and 2000. Management believes funds from operations should be considered along with, but not as an alternative to, net income as defined by generally accepted accounting principles as a measure of the Company's operating performance. Funds from operations does not represent cash generated from operating activities in accordance with generally accepted accounting principles and is not necessarily indicative of cash available to fund cash needs.
