PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 30, 2002**

This proxy statement contains information related to the annual meeting of shareholders of American Retirement Corporation (the Company) to be held at the date, time, and place and for the purposes set forth in the accompanying notice of annual meeting of shareholders, and at any adjournment or postponement thereof. This proxy statement and the enclosed proxy are first being sent to shareholders on or about April 29, 2002.

At the annual meeting, shareholders will elect three Class II directors. Shareholders of record on the record date, April 22, 2002, are entitled to notice of and to vote at the annual meeting. Each shareholder is entitled to one vote for each share of common stock held on the record date.

The presence at the meeting, in person or by proxy, of at least a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum to transact business at the annual meeting. As of the record date, 17,276,520 shares of the Company's common stock were outstanding. Proxies received but marked as abstentions will be counted as present for purposes of determining a quorum on all matters. Broker non-votes will also be counted as present for purposes of determining a quorum on all matters presently known to be brought to a vote at the annual meeting. A broker non-vote occurs when a broker holding shares registered in street name is permitted to vote, in the broker's discretion, on routine matters without receiving instructions from the client, but is not permitted to vote without instructions on non-routine matters, and the broker returns a proxy card with no vote (the non-vote) on the non-routine matter.

Shares of common stock represented by a proxy properly signed and received at or prior to the annual meeting, unless subsequently revoked, will be voted in accordance with the instructions thereon. Shareholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy. If a proxy is dated, signed, and returned without specifying choices, the shares will be voted as recommended by the Company's board of directors. A shareholder who signs and returns a proxy may revoke it at any time before it is voted by attending the annual meeting and electing to vote in person, by notifying the secretary of the Company in writing, or by duly executing a proxy bearing a later date. Shareholders whose shares of common stock are held in street name who wish to attend the meeting and vote in person will need to obtain a proxy form from the institution that holds their shares.

The affirmative vote of a plurality of the votes cast at the annual meeting is required for the election of directors. Abstentions and broker non-votes will not be counted as votes for or against any director nominee. Any other matters that may properly come before the meeting or any adjournment thereof shall be approved by the affirmative vote of a majority of the votes cast by the holders of common stock represented and entitled to vote at the annual meeting, and abstentions and non-votes will have no effect on the outcome of the vote.

The board of directors knows of no other matters that are to be brought to a vote at the annual meeting. If any other matter, properly presented consistent with the Company's by-laws, does come before the annual meeting, the persons appointed in the proxy or their substitutes will vote in accordance with the recommendation of the board of directors or, if no recommendation is given, in their best judgment.

ELECTION OF DIRECTORS

The board of directors of the Company is divided into three classes, each class to be as nearly equal in number as possible. The current board of directors is comprised of eight members. At each annual meeting of shareholders, directors comprising one class are elected for a three-year term. The terms of the three Class II directors will expire at the annual meeting. The board of directors has nominated Frank M. Bumstead, Clarence Edmonds and Nadine C. Smith, all of whom are currently serving as directors of the Company, to be reelected to serve until the annual meeting of shareholders in 2005 and until their successors are duly elected and qualified. The terms of the Class I and Class III directors will expire at the annual meeting in 2004 and 2003, respectively.

Each of the nominees has consented to serve, if elected. If any of the nominees should become unable or unwilling to serve as a director, the persons named in the proxy may vote for such other person or persons as may be designated by the board of directors. Certain information with respect to the nominees for election as Class II directors and with respect to the Class III and Class I directors (who are not being elected at the annual meeting) is set forth below.

The board of directors recommends that the shareholders vote FOR all of the director nominees.

Compensation of Directors

Directors who are employees of the Company do not receive additional compensation for serving as directors of the Company. Non-employee directors are entitled to an annual retainer of \$12,000 payable, in arrears, on the date of each annual meeting of shareholders. Non-employee directors are also entitled to a fee of \$500 for each board meeting attended and \$250 for each committee meeting attended that is not on the same day as a meeting of the board of directors. All directors are entitled to reimbursement for their actual out-of-pocket expenses incurred in connection with attending meetings.

In addition, non-employee directors receive options to purchase shares of common stock pursuant to the Company's 1997 Stock Incentive Plan. Options to purchase 9,000 shares of common stock were automatically granted to each person serving as a non-employee director of the Company on the date of the Company's initial public offering. Options granted to non-employee directors on the date of the Company's initial public offering vested over a three year period. On the date of each annual meeting of the shareholders of the Company beginning with the 2000 annual meeting, each non-employee director who will continue as a director following such meeting automatically receives an option to purchase 3,000 shares of common stock. Such options vest with respect to all 3,000 shares on the date of the next annual meeting of shareholders. All options automatically granted to a non-employee director enable the optionee to purchase shares of common stock at the fair market value of the common stock on the date of grant. The terms of such options are ten years from the date of grant. The exercise price may be paid in cash, shares of common stock previously owned by the director, or a combination thereof. The board of directors has the discretion to reduce, but not increase, the number of shares awardable to non-employee directors.

(1) The date replacement options were granted.

(2) The options were replaced by an option to purchase 75% of the number of shares covered by the replaced options. The compensation committee believes that allowing employees to voluntarily surrender their options for cancellation and granting new options to replace the cancelled options was in the best interests of the Company and its shareholders. In the view of the compensation committee, the decline in the market price of the common stock substantially impaired the effectiveness of the cancelled options as incentives for the Company's employees. The compensation committee also determined that replacing the options would renew the incentive for employees of the Company to acquire an equity interest in the Company, which the compensation committee believes better aligns the long-term interests of the Company's employees with those of the shareholders. The compensation committee set the exercise price of the options at \$3.10 per share, the closing price of the Company's stock on the New York Stock Exchange at the time of the grant of the replacement options. The replacement options vest and become exercisable in three equal installments on July 4, 2001, January 4, 2002 and January 4, 2003, and have a ten year term. On April 19, 2002, the closing sale price of the Common Stock on the New York Stock Exchange was \$2.86 per share.

Executive Change in Control Severance Benefits Plan

The Company does not have employment agreements with any of its executive officers, including the named executive officers. During 2001, the Company adopted an Executive Change in Control Severance Benefits Plan (the "Plan") for certain of its officers, including each of the named executive officers. Under the terms of the Plan, those members of the Company's senior management holding the titles of Chairman of the Board, Chief Executive Officer, Chief Operating Officer, President, Executive Vice President, Senior Vice President or Vice President will be entitled to severance benefits if they are terminated within one year following a change in control of the Company, unless such termination is by the Company for Good Cause or Disability, by the officer because of his death or Retirement, or by the officer for other than Good Reason (as such capitalized terms are defined in the Plan). The Plan may be amended or terminated by the board of directors at any time prior to a change in control.

For those eligible named executive officers who have been employed by the Company for at least two years as of the date of termination, the severance benefits payable upon termination following a change in control shall be calculated as follows:

if, immediately prior to the change in control, the eligible officer held the title of Chief Executive Officer or Chairman of the Board, he or she shall be entitled to an amount equal to the sum of eighteen months of such officer's base salary plus an amount equal to the product of such officer's monthly base salary multiplied by the number of years (in excess of one) of such officer's uninterrupted employment with the Company;

if, immediately prior to the change in control, the eligible officer held the title of President or Chief Operating Officer, he or she shall be entitled to an amount equal to the sum of fifteen months of such officer's base salary plus an amount equal to the product of twice such officer's weekly base salary multiplied by the number of years (in excess of one) of such officer's uninterrupted employment with the Company; or

if, immediately prior to the change in control, the eligible officer held the title of Executive Vice President, he or she shall be entitled to an amount equal to the sum of twelve months of such officer's base salary plus an amount equal to the product of twice such officer's weekly base salary multiplied by the number of years (in excess of one) of such officer's uninterrupted employment with the Company.

For those eligible named executive officers who have been employed by the Company for less than two years as of the date of termination, the severance benefits payable upon termination following a change in control shall be calculated as follows:

if, immediately prior to the change in control, the eligible officer held the title of Chief Executive Officer, Chairman of the Board, President, or Chief Operating Officer, he or she shall be entitled to an amount equal to nine months of such officer's base salary; or

if, immediately prior to the change in control, the eligible officer held the title of Executive Vice President, he or she shall be entitled to an amount equal to six months of such officer's base salary.

For the purpose of computing the severance payments described above, an officer's base salary is based on the highest base salary paid to such officer during the two years prior to the change in control. The severance benefits are payable in bi-monthly installments in an amount equal to such officer's base salary on the date of termination until the full amount of severance benefits has been paid.

In addition to the severance payments described above, each eligible officer shall also be entitled to receive the following payments, if applicable: (i) the amount required to reimburse the officer on an after-tax basis for any excise tax payable on account of any payment, distribution or other compensation constituting an excess parachute payment as defined in Section 280G of the Internal Revenue Code; and (ii) an amount sufficient to reimburse the officer for the premium paid by such officer for continued coverage for the officer (and covered dependents) under the Company's healthcare plan pursuant to COBRA (subject to certain limitations and conditions, all as set forth in the Plan).

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Committee Report

The compensation paid to the Company's executive officers is reviewed and approved annually by the compensation committee of the board of directors, which is composed of non-employee directors. In addition to reviewing and approving salary and bonus arrangements for the Company's executive officers, the compensation committee approves long-term incentive awards for the executive officers and the other key employees of the Company and administers the stock incentive plan, stock purchase plan, 401(k) plan, and other compensation plans maintained by the Company.

Compensation Policies Applicable to Executive Officers

The objectives of the Company's executive compensation program are to:

- attract, motivate, and retain the executives responsible for the success of the Company;
- reward key executives based upon corporate and individual performance; and
- provide incentives designed to maximize shareholder value.

The compensation committee reviews the Company's executive officer compensation program annually to ensure that the compensation paid to the Company's executive officers is consistent with the Company's business strategy, corporate culture, and operating performance. The compensation committee also reviews the compensation policies of similar companies in the senior living industry to ensure that the Company's compensation policies are competitive with other companies in the industry. The three primary components of the Company's executive officer compensation program are a base salary, the potential for a performance-based annual bonus, and periodic grants of stock options.

Base Salaries. Base salaries for the Company's executive officers, as well as changes in such salaries, are based upon a number of factors, including:

- recommendations by the Company's chief executive officer;
- annual base salaries of similarly situated executives at companies the committee deems to be comparable to the Company;
- the nature of the executive officer's position;
- the committee's subjective determination of the executive officer's contribution to the performance of the Company;
- the experience of the officer; and
- the term of the officer's employment with the Company.

The Company's chief executive officer reviews all salary recommendations with the compensation committee, which then approves or disapproves such recommendations.

In August 2001, the compensation committee reviewed the base salaries for the Company's executive officers. Based upon a review of the base compensation payable to executive officers of comparable companies and discussions with the Company's chief executive officer, the committee determined that the base compensation levels for the Company's executive officers were competitive with the average base compensation levels of executive officers with similar responsibilities at comparable companies. Therefore none of the executive officers received substantial increases in base salary for 2002.

Annual Bonuses. The Company accrued approximately \$189,900 related to annual bonuses to be paid to the executive officers of the Company for fiscal 2001. Bonuses for 2001 provided for the payment of approximately \$164,900 of bonuses based upon certain 2001 earning targets and approximately \$25,000 accrued on behalf of an executive officer upon his promotion by the Company. The compensation committee has approved an officers' compensation plan for 2002 that provides for the payment of bonuses based upon the attainment of certain 2002 earnings targets.

Table of Contents

Stock Options. In order to align the long-term interests of the executive officers with those of shareholders, the compensation committee from time to time awards stock options to the Company's executive officers. The terms of these options, including the sizes of the grants, are determined by the compensation committee based upon the recommendations of the Company's chief executive officer and the committee's subjective discretion. Awards of stock options to executive officers have been historically at then-current market prices and with periodic vesting over three years. In June 2000, certain of the Company's executive officers voluntarily cancelled options granted under the Company's 1997 Stock Incentive Plan. The exercise price of these options was well in excess of the market price of the Company's common stock. In 2001, the compensation committee granted options to purchase an aggregate of 832,625 shares of common stock to executive officers employed by the Company, including options to purchase 732,188 shares of common stock granted to replace the cancelled options.

Section 162 Deferred Compensation Plan. In addition, the Company maintains a non-qualified deferred compensation plan that allows executive officers who are deemed highly compensated under Internal Revenue Service guidelines to make after-tax contributions to an investment account established in such executive officer's name. The Company makes additional contributions at the discretion of the committee. For 2001, the Company made \$42,000 of contributions to the deferred compensation plan.

Chief Executive Officer Compensation

In establishing the compensation of W.E. Sheriff, the Company's chief executive officer, the compensation committee utilized the same compensation policies applicable to executive officers in general. During 2001, Mr. Sheriff received a bonus for fiscal year 2001 of \$30,203. Mr. Sheriff did not receive an increase in his base salary.

Limitations on the Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a corporate deduction for compensation over \$1.0 million paid to the Company's chief executive officer and any of the four other most highly compensated officers. The \$1.0 million limitation applies to all types of compensation, including restricted stock awards and amounts realized on the exercise of stock options and stock appreciation rights, unless the awards and plan under which the awards are made qualify as performance based under the terms of the code and related regulations. The Company currently anticipates that the compensation of its executive officers will be deductible under Section 162(m) because executive officer compensation is presently below the \$1.0 million limit. In the event compensation paid to the Company's chief executive officer or any of the four other most highly compensated executive officers exceeds the \$1.0 million limit, the Company will attempt to structure such compensation in a manner that will comply with the limits of Section 162(m).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of the compensation committee are Mr. O'Connell and Mr. Stuesser. H. Lee Barfield II, a former director of the Company, served as a member of the compensation committee from May 2000 to February 2001. Mr. Barfield is a member in the law firm of Bass, Berry & Sims PLC, the Company's outside general counsel.

AUDIT COMMITTEE REPORT

The audit committee of the board is responsible for providing independent, objective oversight of the Company's accounting function and internal controls. The audit committee of the board of directors is composed of three directors who are independent directors as defined under the applicable rules of the New York Stock Exchange. The audit committee operates under a written charter adopted by the Board of Directors, a copy of which is included as Appendix A to this proxy statement. The audit committee reviews the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for internal controls and the financial reporting process. The Company's independent auditors are responsible for performing an independent audit on whether the Company's consolidated financial statements are in accordance with accounting principles generally accepted in the United States of America and to issue a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

Table of Contents

In this context, the audit committee has reviewed and discussed with management and the independent auditors the audited December 31, 2001 consolidated financial statements. The audit committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the audit committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with them their independence from the Company and its management. The audit committee has considered whether the independent auditors' provision of information technology and other non-audit services to the Company is compatible with the auditors' independence.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

The foregoing report of the audit committee shall not be deemed incorporated by reference by any general statement incorporating by reference the Proxy Statement into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

CERTAIN TRANSACTIONS

Management Agreements

During the late 1990s, the Company entered into a number of agreements with special purpose entities (SPEs) for the development and management of certain free-standing assisted living communities, including certain communities owned by affiliates of John Morris, a director of the Company. Under the terms of these agreements, the SPEs leased the assisted living communities from third-party lessors, which were primarily subsidiaries of financial institutions and REITs. The Company entered into agreements to manage the communities for the SPEs. The agreements provided for the payment of management fees to the Company based on a percentage of each community's gross revenues, and required the SPEs to fund all costs associated with the operations of the communities up to certain specified limits. The Company was responsible for paying operating costs that exceed the SPE funding limits. During 2001, the Company recognized \$275,000 of management fees pursuant to the agreements from six communities owned by affiliates of John Morris. During 2001, the Company acquired the leasehold interests in these six communities for \$8.4 million. During 2001, the maximum amount due to the Company from these affiliates as a result of the Company's payment of operating costs in excess of SPE funding limits was \$3.1 million, which has been repaid as of December 31, 2001.

Freedom Plaza Care Center (FPCC)

W.E. Sheriff, the Company's Chairman and Chief Executive Officer, owns 50% of Maybrook Realty, Inc., which owns a 128-bed nursing center, Freedom Plaza Care Center (FPCC), in Peoria, Arizona. From October 1999 until June 2001, the Company managed FPCC pursuant to a management agreement for the Company's Freedom Plaza retirement community in Peoria, Arizona. The Company also served as the developer of an expansion of FPCC, which was completed in July 2001. Pursuant to the terms of its development agreement with Maybrook, the Company received a development fee of \$125,000. The Company recognized \$46,875 and \$78,125 of the development fee in 2001 and 2000, respectively.

Effective July 1, 2001, the Company entered into a long-term operating lease for FPCC in substitution of the prior management arrangement. The lease term expires in December 2015, and provides the Company one five-year renewal option and an option to acquire FPCC at any time at an agreed upon amount. As part of this transaction, the Company acquired certain assets and liabilities from the previous lessee of the community. The assets acquired exceeded the liabilities assumed by \$903,000, which was recorded as deferred lease costs and will be amortized over the life of the lease. The Company anticipates that the terms of the lease will enable the Company to achieve positive net cash flow and net income from FPCC earlier than it would under the previous management arrangement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who beneficially own more than ten percent of the common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Such directors, officers, and greater than ten percent shareholders are required by Securities and Exchange Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the Company's review of the copies of such forms furnished to the Company, or written representations from certain reporting persons, the Company believes that during 2001 its officers, directors, and greater than ten percent beneficial owners were in compliance with all applicable filing requirements.

PERFORMANCE GRAPH

The following graph compares the cumulative returns of \$100 invested on May 30, 1997, the date of the Company's initial public offering, in (a) the Company; (b) the Standard and Poor's 500 Stock Index; and (c) a self-constructed peer group, as described below, assuming reinvestment of all dividends.

The Company's self-constructed peer group is composed of the following senior living companies: Alterra Healthcare Corporation, Balanced Care Corporation, Capital Senior Living Corporation, Emeritus Corporation, Greenbrier Corporation, Regent Assisted Living, Inc., Sunrise Assisted Living, Inc., and ARV Assisted Living, Inc.

Assisted Living Concepts, Inc., which is included in the peer group until 2001, filed for bankruptcy in October 2001. Brookdale Living Communities, Inc., which is included in the peer group until 2000, was acquired by a private Company in September 2000. CareMatrix Corporation, which is included in the peer group until 2000, filed for bankruptcy in November 2000. These companies have been removed from the 2001 and 2000 peer group. During 2000, the Company added Assisted Living Concepts, Inc., Balanced Care Corporation, and Capital Senior Living Corporation to the Company's peer group. The prior period returns have been restated to include these three companies in all measurement periods.

The Company has been informed that representatives of KPMG LLP plan to attend the annual meeting. Such representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions by the shareholders.

Fees Billed to the Company by KPMG LLP During 2001

Audit Fees. The aggregate fees billed for professional services rendered by KPMG LLP for the audit of the Company's consolidated annual financial statements for the year ended December 31, 2001 and the limited reviews of the condensed consolidated financial statements included in the Company's Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission during 2001 were \$543,500.

Financial Information Systems Design and Implementation Fees. KPMG LLP performed no services and therefore billed no fees relating to operating or supervising the operation of the Company's information systems or local area network or for designing or implementing the Company's financial information management systems during 2001.

All Other Fees. The aggregate fees billed for all other services rendered to the Company by KPMG LLP in 2001 totaled \$603,000, of which approximately \$535,300 related to tax related services.

The audit committee of the board of directors has considered whether the provision of non-audit services by KPMG LLP is compatible with maintaining the auditor's independence.

DELIVERY OF SHAREHOLDER DOCUMENTS

The Securities and Exchange Commission recently approved a new rule concerning the delivery of annual disclosure documents. The rule allows the Company to send a single copy of the proxy statement and annual report to shareholders to any household at which two or more shareholders reside if the Company believes the shareholders are members of the same family, unless the Company has received contrary instructions from a shareholder. This process, known as "householding," reduces the volume of duplicate information received at your household and helps reduce the Company's expenses. The rule applies to the Company's annual reports and proxy statements. Each shareholder in the household will continue to receive a separate proxy card.

If your shares are registered in your own name and you would like to receive your own set of the Company's annual disclosure documents this year or in future years, or if you share an address with another shareholder and together both of you would like to receive only a single set of the Company's annual disclosure documents, please contact the Company's corporate secretary by calling 615-221-2250 or writing to the company at American Retirement Corporation, 111 Westwood Place, Suite 200, Brentwood, Tennessee 37027, Attention: Corporate Secretary. If a bank, broker or other nominee holds your shares, please contact your bank, broker or other nominee directly. The Company will deliver promptly upon oral or written request a separate copy of the proxy statement or annual report to shareholders to a shareholder at a shared address to which a single copy of the documents was delivered.

In discharging its responsibilities, the Committee is empowered to investigate any matter with full access to all books, records, facilities and personnel of the Company and the power to retain outside counsel, auditors or other experts or consultants for this purpose. The Committee shall make regular reports to the Board.

The Committee shall review and reassess the adequacy of this Charter on an annual basis and submit it annually to the Board for approval.

The Committee shall be comprised of not less than three members of the Board, and the Committee's composition will meet the independence and experience and other applicable requirements of the New York Stock Exchange.

Accordingly, as determined by the Board and in accordance with the rules of the New York Stock Exchange, all of the members will be directors:

2. Who are financially literate or who become financially literate within a reasonable period of time after appointment to the Committee. In addition, at least one member of the Committee will have accounting or related financial management expertise.

The Committee's monitoring responsibility recognizes that the Company's management is responsible for preparing the Company's financial statements in accordance with generally accepted accounting principles and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that the Company's financial management, as well as its outside auditors, have more time, knowledge and more detailed information on the Company and its financial reports than do Committee members; consequently, in carrying out its responsibilities, the Committee is not providing any expert or special assurance as to the Company's financial statements and is not conducting an audit or investigation of the financial statements or determining that the Company's financial statements are true and complete or are in accordance with generally accepted accounting principles. Nor is it the duty of the Committee to resolve disagreements, if any, between management and the outside auditors or to ensure compliance with laws and regulations or the Company's Code of Conduct.

The following functions shall be the common recurring activities of the Committee in carrying out its monitoring responsibilities. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as it deems appropriate given the circumstances.

The Committee shall review and discuss with management and the outside auditors the annual audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareholders if distributed prior to the filing of Form 10-K) and the selection, application and disclosure of critical accounting policies used in such financial statements. The Committee shall also review and consider with the outside auditors the matters required to be discussed by Statements of Auditing Standards (SAS) No. 61 and No. 90, as may be modified or supplemented, as well as matters affecting the quality of the Company's financial reporting and the fairness of the presentation in the financial statements of the financial condition and financial risks of the Company. Additionally, the Committee shall consider whether to recommend to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K.

As a whole, or through the Committee chair, the Committee shall review and discuss with the outside auditors the Company's interim financial results to be included in the Company's quarterly reports to be filed with Securities and Exchange Commission on Form 10-Q and the matters required to be discussed by SAS No. 61 and No. 90, as may be modified or supplemented. This review will occur prior to the public release of such quarterly financial results and prior to the Company's filing of the Form 10-Q.

The Committee shall discuss with management and the outside auditors the quality and adequacy of the Company's internal controls that could significantly affect the Company's financial statements.

The Committee shall:

request from the outside auditors annually a formal written statement delineating all relationships between the outside auditors and the Company that may impact the objectivity and independence of the outside auditors, consistent with Independence Standards Board Standard No. 1, as may be modified or supplemented;

discuss with the outside auditors in an active dialogue any such disclosed relationships or services and their impact on the outside auditors' independence;

consider whether to establish policies and procedures for the engagement of the outside auditor to provide non-audit services and whether the provision of the non-audit services by the outside auditors is compatible with maintaining the outside auditors' independence; and

Table of Contents

if determined appropriate by the Committee, recommend that the Board take appropriate action in response to the outside auditor's report to satisfy itself of the outside auditor's independence.

The Committee, subject to any action that may be taken by the Board, shall have the ultimate authority and responsibility to select (or nominate for shareholder approval), evaluate and, where appropriate, replace the outside auditors, and the outside auditors are ultimately accountable to the Board and the Committee.

The Committee shall, at least annually, meet with the Senior Officer with oversight of the Company's ethics, compliance and corporate responsibility programs for a report on the Company's ethics and compliance programs, including a review of any related party transactions and any issues that may affect in any material way the financial reporting process, financial risks of the Company and internal control systems of the Company.
