Item 2. Acquisition or Disposition of Assets

On February 7, 2003, the Company completed several transactions that will enable it to expand its operations to the British Virgin Islands and Barbados, while increasing its presence in the Bahamas and the Cayman Islands. Specifically, the Company has acquired equity and other interests in four companies providing potable water services in Tortola, British Virgin Islands, Barbados, the Bahamas and the Cayman Islands and a fifth company providing management and engineering services to these companies, for an aggregate of approximately \$25.5 million (subject to post-closing adjustment) and 185,714 of the Company's ordinary shares, which the Company is required to register for resale (collectively, the "Acquisitions"). The Company's new wholly-owned subsidiary, DesalCo Limited, has also entered into an agreement to sell 100% of the non-voting stock of Ocean Conversion (BVI) Ltd., a company providing potable water services in the British Virgin Islands, to Sage Water Holdings (BVI) Ltd for \$2.1 million in cash (the "Sage Sale"). The Company and Sage Water Holdings (BVI) Ltd. have not yet agreed on a date for closing of the Sage Sale. In addition to these transactions, the Company has also entered into an agreement to acquire a 13.5% interest in Waterfields Company Limited, a company providing potable water services in Nassau, the Bahamas (the "Waterfields Acquisition"). As part of the Waterfields Acquisition, the Company has conducted a tender offer outside the United States and has agreed to purchase an additional 64.7% of the remaining shares of Waterfields for approximately BAH\$6.7 million or U.S.\$6.7 million. Although the Company expects to complete the Waterfields Acquisition in March 2003, there is no assurance that the Waterfields Acquisition will be consummated because it is contingent upon the receipt of certain governmental approvals and satisfaction of certain closing conditions.

The Company financed the Acquisitions and will finance the Waterfields Acquisition with the proceeds from loan facilities from Scotiabank (Cayman Islands) Ltd. The facilities consist of a \$2 million revolving line of credit, a \$20 million seven-year term loan and a \$17.1 million six month term loan. The revolving line of credit bears interest at a floating base rate as established by Cayman Islands Class A licensed bank from time to time and the term loans bear interest at an annually adjusted floating rate of LIBOR plus 1.5% to 3.0% depending the ratio of the Company's consolidated debt to consolidated earnings before interest and depreciation. The borrowings under the bank facilities are payable on demand and in the event of a default. Management intends to replace a portion of the bank financing in the future with debt, equity or hybrid financing. The Company presently does not have any agreements for such financing.

The following is a summary of the terms of each of the Acquisitions, the Waterfields Acquisition and the Sage Sale. This summary is qualified in its entirety by reference to each of the agreements attached hereto as Exhibits 2.1 through 2.15 and Exhibit 10.1, which are incorporated herein by reference.

The Company and Sage Water Holdings (BVI) Ltd. share equally in the profit sharing rights of Ocean Conversion (BVI) Ltd.

Waterfields Company Limited The Bahamas

The Company entered into an agreement with Bacardi & Co. Ltd. to acquire approximately 13.5% of the issued and outstanding stock of Waterfields Company Limited, a company incorporated under the laws of the Bahamas, and the assignment to the Company of the management services agreement between Waterfields Company Limited and Bacardi & Co. Ltd. for approximately BAH\$1.4 million or U.S. \$1.4 million. Waterfields Company Limited owns and operates a reverse osmosis seawater desalination plant and sells desalinated seawater on a take or pay basis to the Water and Sewerage Corporation of the Bahamas. In connection with the Company's acquisition of DesalCo Limited, the Company acquired control over an additional 12.7% of the issued and outstanding stock of Waterfields currently owned by DesalCo as well as the engineering service agreement between Waterfields and DesalCo. As a closing condition to the Waterfields Acquisition and in order to own at least 51% of the outstanding shares of Waterfields, the Company has conducted a tender offer outside the United States to the remaining shareholders of Waterfields. The Company's offer to purchase the remaining outstanding shares of Waterfields closed on January 31, 2002.
