**PROXY STATEMENT
FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD
MAY 30, 2003**

GENERAL

This proxy statement and the accompanying form of proxy are being furnished to the shareholders of Flowers Foods, Inc. on or about April 24, 2003 in connection with the solicitation of proxies by our board of directors for use at the Annual Meeting of Shareholders to be held on May 30, 2003 at 11:00 A.M. Eastern Time at the Thomasville Cultural Center, 600 East Washington Street, Thomasville, Georgia, and any adjournment of the meeting. Any shareholder who executes and delivers a proxy may revoke it at any time before its use by (i) giving written notice of revocation to the Secretary of Flowers Foods, (ii) executing a proxy bearing a later date, or (iii) appearing at the meeting and voting in person.

Shareholders can watch a live video web cast of the Annual Meeting over the Internet on the company's Web site at www.flowersfoods.com. This web cast also will be archived on the site.

Unless otherwise specified, all shares represented by effective proxies will be voted:

to elect the three nominees as directors;

to ratify the selection of PricewaterhouseCoopers LLP as our independent public accountants for the fiscal year ending January 3, 2004; and

against the proposal submitted by a shareholder if properly presented at the Annual Meeting.

Our board of directors does not know of any other business to be brought before the meeting, but if any other business is properly brought before the meeting, proxies will be voted upon those matters in accordance with the judgment of the person or persons acting under the proxies.

We will pay the cost of soliciting proxies. We have engaged Georgeson Shareholder Communications, Inc. to assist in the solicitation of votes for a fee of \$10,000, plus out-of-pocket expenses. In addition, our directors and officers may solicit proxies in person, by telephone or facsimile but will not receive additional compensation for these services. Brokerage houses, nominees, custodians and fiduciaries will be requested to forward soliciting material to beneficial owners of stock held of record by them, and we will reimburse those persons for their reasonable expenses in doing so.

Only holders of record of outstanding shares of our common stock at the close of business on the record date, April 4, 2003, are entitled to notice of, and to vote at, the meeting. Each shareholder is entitled to one vote for each share of common stock held on the record date. There were 29,985,375 shares of our common stock outstanding and entitled to vote on the record date.

The holders of at least a majority of the shares of our common stock entitled to vote at the meeting are required to be present at the meeting in person or by proxy to constitute a quorum for the transaction of business. Once a quorum has been established, the vote of the holders of a majority of the shares of our common stock present at the meeting in person or by proxy will decide the action proposed on each matter identified in this proxy statement, except the election of directors. Directors will be elected at the meeting by a plurality of the votes cast by holders of shares of our common stock entitled to vote in the election. Abstentions and broker non-votes will be counted as present in determining whether the quorum requirement is satisfied. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal pursuant to discretionary authority or instructions from the beneficial owner, but does not vote on another proposal because the nominee has not received instruction from the beneficial owner and does not

Table of Contents

have discretionary power. The aggregate number of votes cast by all shareholders present in person or represented by proxy at the meeting, whether those shareholders vote for or against the proposals, will be counted for purposes of determining the minimum number of affirmative votes required for approval of the proposals, and the total number of votes cast for each of these proposals will be counted for purposes of determining whether sufficient affirmative votes have been cast. Abstentions and non-votes will have no effect on the voting with respect to any of the proposals.

A copy of Flowers Foods' Annual Report on Form 10-K, which includes the financial statements of Flowers Foods, Inc. for the fiscal year ended December 28, 2002, is being mailed with this proxy statement to all shareholders entitled to vote at the meeting. The Annual Report on Form 10-K does not form any part of the material for the solicitation of proxies.

By executing and returning your proxy (either by returning the proxy card or by submitting your proxy electronically via the Internet or by telephone), you appoint Amos R. McMullian, our Chairman and Chief Executive Officer, Jimmy M. Woodward, our Senior Vice President and Chief Financial Officer and Stephen R. Avera, our Secretary and General Counsel, to represent you at the meeting and direct them to vote your shares at the meeting. Shares of our common stock represented by proxy will be voted by the proxy holders at the meeting in accordance with the instructions indicated in the proxy appointment.

Shareholders of record may vote by proxy in one of three ways:

by telephone: call 1-800-690-6903 and use the control number listed on your proxy card;

via the Internet: visit the www.proxyvote.com web site and use the control number listed on your proxy card; or

by mail: mark, sign, date and mail your proxy card in the enclosed postage-paid envelope.

The Internet and telephone voting procedures are designed to authenticate shareholder identities, to allow shareholders to give voting instructions and to confirm that shareholders' instructions have been recorded properly. Any shareholder voting by Internet should understand that there may be costs associated with electronic access, like usage charges from Internet access and telephone or cable service providers, that must be borne by the shareholder.

If your shares are held in street name through a broker, bank or other holder of record, you will receive instructions from the registered holder that you must follow in order for your shares to be voted for you by that record holder. Telephone and Internet voting is also offered to shareholders who own their Flowers Foods shares through certain banks and brokers.

As part of its corporate governance initiative, the board of directors is committed to creating and maintaining a majority of independent directors consistent with the proposed changes to the rules of the New York Stock Exchange. The board is reviewing its current composition to ensure it will be prepared to meet the requirements of the proposed New York Stock Exchange rules when they become effective.

Committees of the Board of Directors

Our board of directors has established several standing committees, which include an audit committee, a nominating and governance committee and a compensation committee. The first member of each committee listed below serves as chairman of that committee.

Audit Committee

The members of the audit committee are Franklin L. Burke, Joe E. Beverly and Jackie M. Ward. All committee members are independent as defined by sections 303.01 and 303.02 of the Listed Company Manual of the New York Stock Exchange. The board of directors has determined that Mr. Burke, the chairman of the audit committee, is an audit committee financial expert as defined in final rules adopted by the Securities and Exchange Commission in January 2003. Mr. Burke is independent as defined by Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended. The board of directors has adopted a written charter for the audit committee. This committee held nine meetings in fiscal 2002.

The primary functions of the audit committee are to:

- review investigations into matters relating to audit functions;
- review with independent accountants the plan for and results of the audit engagement;
- review the independence of the auditors;
- consider the range of audit and non-audit fees;
- review the adequacy of Flowers Foods' system of internal accounting controls; and
- review related party transactions.

The board of directors and the audit committee are in the process of reviewing and revising the powers and responsibilities of the audit committee and the audit committee charter as a result of the Sarbanes-Oxley Act and proposed changes to the rules of the New York Stock Exchange. As part of that process, the board of directors has recently expanded the authority of the audit committee, pending the effectiveness of certain

Table of Contents

provisions of the Sarbanes-Oxley Act and the proposed New York Stock Exchange rules. The audit committee now has the sole authority to:

retain and terminate the company's independent auditors, approve fees and other terms of the engagement of independent auditors and approve any non-audit services provided by such independent auditors;

oversee the independent auditors (including the resolution of disagreements between the independent auditors and management of the company);

discuss the company's annual audited financial statements and quarterly financial statements, as well as the disclosures contained in Management's Discussion and Analysis of Financial Condition and Results of Operations of each report on Form 10-Q or Form 10-K to be filed with the Securities and Exchange Commission, with management and the independent auditors; and

obtain advice and assistance from outside legal, accounting or other advisors, as appropriate, retain such advisors, determine the fees and other terms of their engagements and pay the fees for such engagements.

Nominating and Governance Committee

The members of the nominating and governance committee are Jackie M. Ward, Amos R. McMullian and Joseph L. Lanier, Jr. The functions of the nominating and governance committee are to:

select or recommend to our board of directors nominees for election as directors;

consider the performance of incumbent directors in determining whether to nominate them for reelection;

monitor and evaluate the company's corporate governance principles; and

recommend modifications to the company's corporate governance principles.

This committee held one meeting in fiscal 2002. The nominating and governance committee will consider nominations for our next annual meeting that are submitted by shareholders in writing to our corporate secretary at our principal executive office between March 1, 2004 and March 31, 2004.

Compensation Committee

The members of the compensation committee are Joseph L. Lanier, Jr., Franklin L. Burke and Jackie M. Ward. This committee's primary functions are to:

approve, or recommend to our board of directors approval of, compensation plans for officers and directors;

approve, or recommend to the board of directors approval of, remuneration arrangements for directors and senior management; and

grant benefits under compensation plans.

This committee held three meetings in fiscal 2002.

Directors' Fees

Each non-employee director receives an option to purchase 15,000 shares of our common stock upon that director's initial election to our board of directors. Additionally, each non-employee director receives payments pursuant to a standard arrangement. For fiscal 2002, these directors received: (i) a retainer of \$2,500 per month; (ii) \$1,000 for each meeting of the board of directors or committee of the board of directors attended, with each chairman of a committee receiving an annual retainer of \$5,000; and (iii) reimbursement for travel expenses. In November 2002, the board of directors increased the fee for each meeting of the board of directors or committee of the board of directors attended to \$1,500 for all such meetings held in the future.

Table of Contents

Also in November 2002, the board of directors increased the annual retainers for the audit and compensation committee chairmen to \$15,000 and \$10,000, respectively. The annual retainer for the chairman of the nominating and governance committee remained unchanged.

Non-employee directors are eligible to participate in our 2001 Equity and Performance Incentive Plan (the "EPIP"), our Stock Appreciation Rights Plan (the "SAR Plan") and our Executive Deferred Compensation Plan (the "EDCP"). Under the EPIP non-employee directors received non-qualified stock options as described above. Options vest one-year from the date of grant and the non-employee director has ten years to exercise these options. Under the SAR Plan, a non-employee director may elect to receive stock appreciation rights in lieu of cash payments for the retainers described above. Stock appreciation rights granted under the SAR Plan do not give the director an equity interest in the company. Stock appreciation rights vest one year from the date of issuance and the director has ten years to exercise these rights. The company is required to value stock appreciation rights at a required measurement date based on the difference in the fair market value of the company's common stock on such measurement date and the grant price. The difference in those prices is recorded as an expense to the company. Additionally, each stock appreciation right receives credit for any dividends paid on an equivalent number of shares of the company's common stock. Under the EDCP, non-employee directors may elect to defer all or any portion of their annual retainer and meeting fees. All deferrals earn interest until paid to the director. Generally, the deferral plus interest is paid to the director upon retirement or termination from the board of directors.

Separation Agreements

We entered into separation agreements with specified executive officers (as such term is defined under the Securities Exchange Act of 1934, as amended). These agreements serve as memoranda of the change in control benefits under certain of our benefit plans, and provide additional benefits, including relocation benefits and certain welfare benefits, in the event of a termination of employment following a change in control. These agreements also provide for tax gross-up payments to neutralize any excise taxes that are imposed on payments subject to Section 4999 of the Internal Revenue Code of 1986, as amended, referred to as the Code, and any additional income taxes that are attributable to those payments. Our compensation committee may select, in its sole discretion, any additional executives to be offered such separation agreements.

Retirement Plan

We adopted the Flowers Foods, Inc. Retirement Plan No. 1, referred to as the retirement plan, which provides a defined benefit pension upon retirement to eligible employees of participating subsidiaries (but not to employees of Flowers Foods) that is based upon each year of service with the participating subsidiary. Additionally, the retirement plan provides a defined benefit pension upon retirement to eligible employees (including employees of non-participating subsidiaries and of Flowers Foods) who were participants under the Flowers Industries, Inc. Retirement Plan No. 1 prior to the spin-off that is based upon each year of service with Flowers Industries, Inc. and/or certain of its subsidiaries. The pension benefit is the sum of annual credits earned during eligible employment. The basic annual credit is 1.35% of the first \$10,000 of W-2 earnings (subject to certain exclusions) for each year of service and 2% of W-2 earnings (subject to certain exclusions) in excess of \$10,000 for each year of service. Certain additional annual credits are provided for a limited group of participants in the retirement plan. The table below includes the estimated amounts that are payable to the individuals indicated upon their retirement at age 65 under the provisions of the retirement plan, assuming that payment is made in the form of a life annuity. Effective as of the date of our spin-off from Flowers Industries, Inc., Messrs. McMullian, Deese and Woodward had accrued a fixed benefit under the retirement plan as set forth in the table below, and will not earn additional benefits under the retirement plan for years of service with Flowers Foods and/or non-participating subsidiaries. Effective as of July 14, 2002, Mr. Shiver had accrued a fixed benefit under the retirement plan as set forth in the table below, and will not earn additional benefits under the retirement plan for years of service with non-participating subsidiaries.

Supplemental Executive Retirement Plan

Our supplemental executive retirement plan, referred to as the SERP, provides a supplemental retirement income benefit for any executive who is a participant in the retirement plan, if his retirement plan benefit is subject to restrictions that apply to tax-qualified plans. The supplemental benefit is equal to (i) the benefit he would have received according to the retirement plan formula if he had not been subject to limitations on maximum benefits or pensionable compensation received from tax-qualified plans and if certain amounts of compensation that he elected to defer under non-qualified deferred compensation programs were taken into account as pensionable compensation, minus (ii) the amount he will receive from the retirement plan, as adjusted for these limits, and minus (iii) the amount of the monthly accrued benefit under the Flowers Industries, Inc. Supplemental Executive Retirement Plan as of March 26, 2001, which was paid out in the form of a lump sum in connection with the termination of that plan. The SERP is not tax-qualified. The purpose of the plan is to ensure that each participating executive's total retirement income benefits will equal the amounts that would have been payable to him under the retirement plan absent the limitations described above. Payments pursuant to this plan will be calculated in the form of a life only annuity, and the actuarial equivalent thereof will be paid in the form which the participating executive has elected for purposes of the retirement plan. Payments will be made from Flowers Foods' general assets. Payments generally will be made at the same time as the participant's distributions from the retirement plan, except in the event of a change in control of Flowers Foods, in which event the actuarial equivalent of anticipated payments will be paid immediately in a lump sum. Accruals under this plan during fiscal 2002 amounted to \$110,397, and there were no distributions from the plan during fiscal 2002.

Executive Deferred Compensation Plan

Our Executive Deferred Compensation Plan, referred to as the EDCP, allows certain members of management to defer the receipt of a percentage of their salary and bonus. The EDCP is not a tax-qualified plan. The purpose of the EDCP is to provide a benefit to certain members of management whose contributions to the company's defined contribution plan, a tax qualified plan, are limited by statutory restrictions. The participants' deferrals are credited to an account established for the participant and earn interest until paid. Additionally, the company makes contributions to the plan on behalf of the participant, which also earn interest until paid. Generally, the deferrals and company contributions plus interest are paid to the participant upon termination of employment. Contributions to the EDCP, made by the company on behalf of the executives and included in the all other compensation column of the executive compensation table above, amounted to \$79,333 in fiscal 2002. There were no distributions from the plan during fiscal 2002.

Report on Executive Compensation

Our executive compensation program is administered by the compensation committee of our board of directors, which is comprised of three non-employee directors. Our compensation committee met three times during fiscal 2002 to evaluate the executive compensation program to assure that it is reasonable, equitable and competitive. The compensation committee considers the recommendations of independent compensation specialists in evaluating compensation levels, plan design and administration.

Compensation Philosophy

Our compensation committee administers each aspect of our executive compensation program in a manner that emphasizes our primary long-term goals, which are the creation of consistent earnings growth and the enhancement of shareholder value in our common stock. The compensation committee considers these goals to be attainable by maintaining continuity within an experienced, professional and technically proficient executive group. Accordingly, our compensation program is designed (a) to be competitive with other similarly situated companies, (b) to be equitable by offering a reasonable level of base compensation and (c) to align the interests of the executives with those of the shareholders. The primary compensation

Table of Contents

arrangements, tailored to fulfill this philosophy and utilized by the compensation committee in various combinations, are as follows:

Base Salary

Each year, the compensation committee reviews the contribution made to Flowers Foods' performance by each senior executive and approves the executive's base salary. The base salary represents Flowers Foods' ongoing compensation commitment and forms the foundation for the executive compensation program. The compensation committee ensures that a competitive base salary is maintained for each executive by periodically reviewing the results of independent national survey data for comparable positions in companies with a dollar sales volume similar to Flowers Foods.

Bonus Plan

Flowers Foods' Annual Executive Bonus Plan provides for an annual incentive bonus, which is expressed as a percentage of base salary, varying by position with Flowers Foods. A bonus is awarded upon Flowers Foods' attainment of a specified earnings goal. In addition, the bonus plan is designed to provide the executive with an increased bonus, limited to the lesser of \$1,500,000 or an amount equal to twice the bonus percentage established for the executive's position multiplied by the executive's base salary, if actual earnings significantly exceed the goal. Correspondingly, the bonus plan is designed to provide the executive a lesser bonus if actual earnings fall below the goal, and no bonus at all if actual earnings fall below eighty percent of the goal. This mechanism provides motivation for the executive to continue to strive for improved earnings in any given year, regardless of the fact that the goal may, or may not, be obtained.

Stock Incentive Plan

In keeping with the compensation committee's philosophy that the element of shareholder risk is an essential compensation tool, stock based incentives comprise a significant portion of the compensation program for the individuals listed above in the Summary Compensation Table. The compensation committee believes that continuation of stock based incentives is fundamental to the enhancement of shareholder value.

The 2001 Equity and Performance Incentive Plan, referred to as the EPIP, is Flowers Foods' ongoing intermediate and long-term incentive plan. The EPIP provides the compensation committee with an opportunity to make a variety of stock based awards, while selecting the form that is most appropriate for Flowers Foods and the executive group. The awards described below contain elements that focus the executive's attention on one of Flowers Foods' primary goals, the enhancement of shareholder value.

During fiscal 2001, the compensation committee granted non-qualified stock options under the EPIP. These options are exercisable at any time, commencing on the fourth anniversary of the grant date, until the year 2011. Upon exercise, the executives are required to pay the fair market value of the shares, determined as of the grant date, which was \$14.21 per share (referred to below as the option price). The executives have no rights as shareholders with respect to the common shares subject to the options until payment of the option price. The options are subject to forfeiture in the event of termination of employment, other than for retirement, disability, death, termination without cause or termination for any reason that the compensation committee determines should not result in forfeiture. There were no awards granted under the EPIP in fiscal 2002.

Compensation of Chief Executive Officer

For fiscal 2002, Mr. McMullian received a base salary of \$675,000, which amount was determined by the compensation committee to be appropriate in consideration of Flowers Foods' performance, Mr. McMullian's leadership and contribution to that performance and market conditions. In accordance with the terms of our bonus plan, Mr. McMullian did not receive a bonus for fiscal 2002.

Table of Contents

Deductibility of Compensation Expenses

Flowers Foods is not allowed a federal income tax deduction for compensation paid to certain executive officers in excess of \$1 million, except to the extent that such compensation constitutes performance-based compensation (as defined in Section 162(m) of the Code). The compensation committee believes that any awards under the Annual Executive Bonus Plan and the EPIP will result in performance-based compensation, and that Flowers Foods will not lose any federal income tax deduction for compensation paid under these compensation programs. The compensation committee will consider this deduction limitation during future deliberations and will continue to act in the best interests of Flowers Foods.

Summary

The compensation committee believes that the base salary and the Annual Executive Bonus Plan provide an efficient and effective mechanism to reward the executive group for the daily leadership required to maximize Flowers Foods' current performance. Additionally, the stock based awards granted under the EPIP serve to align the long-term interests of the executives with those of the shareholders so that executive decisions are made as owners of Flowers Foods.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

Under the terms of an agreement between Flowers Foods and Merrily Plantation, Inc., the company is granted the use of approximately 6,000 acres of land owned by Merrily, together with the use of lodging, dining, and conference room facilities located on the property. The facilities are used primarily for the entertainment of customers. During fiscal 2002, Flowers Foods paid Merrily \$95,278. Flowers Foods has surveyed facilities comparable to Merrily to assess the relative quality and cost of such facilities and has determined that the amount paid to Merrily for the use of its facilities is competitive with that charged for the use of comparable facilities. Flowers Foods has further determined that the use of the Merrily facilities in the past has been beneficial to the business of Flowers Foods and that its continued use for the entertainment of customers is in Flowers Foods' best interest. A majority of the outstanding capital stock of Merrily is owned by the spouse of C. Martin Wood III, a director of the company; the spouse of Robert P. Crozer, a director of the company; and the spouse of J. V. Shields, Jr., a director of the company and a director-nominee.

During our last fiscal year, Langdon S. Flowers, one of our directors, received payments totaling \$70,803 for consulting services provided to Flowers Foods pursuant to a written contract. The contract provides that during its term, Mr. Flowers will not compete, directly or indirectly, with Flowers Foods. Unless earlier terminated, this contract will terminate upon his death.

AUDIT COMMITTEE REPORT

Three directors make up the audit committee of our board of directors: Franklin L. Burke, Joe E. Beverly and Jackie M. Ward. The board of directors has adopted a written charter for the audit committee that was filed with the Securities and Exchange Commission as a part of the proxy statement for the 2002 Annual Meeting of Shareholders.

During fiscal 2002, the audit committee met nine times, and, at each of its meetings, the audit committee met with the senior members of the company's management team, internal auditors and the company's independent auditors. The audit committee's agenda is established by the committee's chairman and the auditors. At each of its meetings, the audit committee had private sessions with the company's independent auditors and separately with the internal auditors at which candid discussions of financial management, accounting and internal control issues took place. In this context and in the performance of its duties, the audit committee has:

reviewed with PricewaterhouseCoopers LLP, our independent auditors, the overall scope of, and plans for, its audit of our financial statements as of and for the fiscal year ended December 28, 2002;

reviewed the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 28, 2002 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the audit committee asked for management's representations and reviewed certifications prepared by the Chairman and Chief Executive Officer and Senior Vice President and Chief Financial Officer that the audited consolidated financial statements of the company fairly present, in all material aspects, the financial condition and results of operations of the company;

discussed with PricewaterhouseCoopers LLP, our independent accountants, their judgment as to the quality, and not just the acceptability, of our accounting principles and financial controls and such other matters as are required to be discussed with the audit committee under auditing standards generally accepted in the United States, including the items regarding accounting principles set out in Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, promulgated by the Auditing Standards Board of the American Institute of Certified Public Accountants;

met with PricewaterhouseCoopers LLP, with and without management present, to discuss the results of their examinations and their evaluations of our internal controls; and

received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, discussed PricewaterhouseCoopers LLP's independence with representatives of PricewaterhouseCoopers LLP, and considered whether the provision of non-audit services to us by PricewaterhouseCoopers LLP is compatible with maintaining its independence.

The audit committee recommended to the board of directors the engagement of PricewaterhouseCoopers LLP as our independent auditors for the fiscal year ended December 28, 2002, and reviewed with the independent auditors and the internal auditors, overall audit scopes and plans, the results of internal and external audit examinations, evaluations by the auditors of the company's internal controls and the quality of the company's financial reporting. Although the audit committee now has the sole authority to appoint the independent auditors, the committee will continue its long-standing practice of recommending that the board ask the shareholders, at their annual meeting, to approve the audit committee's selection of the independent auditor.

In performing all of these functions, the audit committee acts only in an oversight capacity. The committee reviews the company's quarterly and annual reports on Form 10-Q and Form 10-K prior to filing with the Securities and Exchange Commission. In its oversight role the committee relies on the work and

assurances of the company's management, which is responsible for our internal controls, financial reporting process and compliance with laws, regulations and ethical business standards and our independent accountants who are responsible for performing an independent audit of our consolidated financial statements and expressing an opinion on the conformity of these financial statements with generally accepted accounting principles.

In reliance on these reviews and discussions, the audit committee recommended to the board of directors that our fiscal 2002 audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 28, 2002.

Additionally, the audit committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the audit committee charter and any additional responsibilities assigned by the board of directors.

PROPOSAL II

SHAREHOLDER PROPOSAL REGARDING REDEMPTION OF RIGHTS

ISSUED UNDER THE COMPANY'S SHAREHOLDER RIGHTS PLAN

GAMCO Investors, Inc., One Corporate Center, Rye, New York 10590-1435 has presented the following resolution and supporting statement for inclusion in this proxy statement and has stated its intention to present the resolution at the Annual Meeting. According to the Schedule 13D/A filed on December 24, 2002 by Gabelli Asset Management, Inc., GAMCO and its affiliates are the owners of 3,640,816 shares of our common stock.

If the shareholder proponent, or a representative who is qualified under Georgia law, is present and submits Proposal II for a vote, then Proposal II will be voted upon at the Annual Meeting. In accordance with federal securities regulations, we are including in this proxy statement Proposal II and the shareholder proponent's supporting statement exactly as submitted by the shareholder proponent. To make sure readers can easily distinguish between material provided by the proponent and material provided by the company, we have placed a box around material provided by the shareholder proponent.

RESOLVED: That the shareholders of Flowers Foods, Inc. (the "Company") hereby request that the Board of Directors redeem the Rights issued pursuant to the Rights Agreement dated as of March 23 2001 (as amended and restated) unless a majority of the outstanding shares approve the issuance by affirmative vote cast at a special meeting of the shareholders held as soon as practical following adoption of this proposal.

SUPPORTING STATEMENT

In March 2001, the Board of Directors directed a distribution of a dividend of one preferred stock purchase right to each holder pursuant to a Rights Agreement dated as of March 23, 2001 (as subsequently amended). Generally, the shareholders may exercise the Rights only when a person or group acquires, or through exchange or tender offer attempts to acquire, a beneficial interest in 15% or more of the common stock of the Company. In November 2002, the Board increased the percentage ceiling for certain institutional holders to 20%. Shareholders other than the person or group attempting to acquire 15% or 20% may then exercise the Rights that allow them to receive stock at a fraction of its market value. The Company may redeem the Rights for \$.01 per Right. The Rights represent a corporate anti-takeover device, commonly known as a poison pill.

The issuance of the Rights can vastly increase the cost to a potential bidder of affecting any merger or tender offer that is not approved by the Board of Directors. Potential bidders cannot take their offer directly to the shareholders even if an overwhelming majority would have accepted the offer. The potential bidder must instead negotiate with management, and a Board or management may sometimes have interests that conflict with the interests of shareholders. In effect, the Board has arrogated to itself the sole right to determine what price a potential buyer must pay to acquire the entire company. We believe the shareholders are entitled to decide for themselves what represents a fair price for their holdings.

By redeeming the Rights or putting this significant matter to a vote of shareholders, the Board will serve two important goals. First it will encourage shareholder democracy by soliciting the views of its shareholder constituency about the advisability of anti-takeover devices. Second, it will allow shareholders to decide for themselves whether a Rights Plan improves or undermines shareholder value.

The Board, in an effort to improve shareholder value, should redeem the Rights or put the decision whether to continue to use a poison pill to a shareholder vote at a special meeting to be held as soon as practical.

WE URGE SHAREHOLDERS TO VOTE FOR THIS RESOLUTION

Table of Contents

Flowers Foods Statement in Opposition to Proposal II

Your board of directors believes that Proposal II is not in the best interests of Flowers Foods or its shareholders and recommends that you vote AGAINST it.

After carefully considering the arguments for and against adopting a shareholder rights plan, your board of directors adopted the Rights Agreement (the Plan) to enhance the ability of the board, in a manner consistent with its fiduciary duties, to preserve and protect shareholder value in the event of certain unsolicited takeover attempts. The board believes that the adoption of the Plan is appropriately within its scope of responsibilities acting on behalf of the shareholders. The board further believes that a requirement that shareholders approve the Plan or any new rights plan undermines the board's power to fulfill its legal responsibilities and duties to advance shareholders' interests. In November 2002, the board of directors amended the rights plan to allow certain investors, including existing investors and qualified institutional investors, to beneficially own up to 20% of the company's outstanding common stock. Previously, the rights plan limited all shareholders to less than 15% of the outstanding shares to avoid triggering the exercise of the rights. The action to amend the rights plan was taken based on your board's conclusion that it is in the best interests of the company and its shareholders to encourage greater investment in Flowers Foods while preserving the ability of the board to perform its fiduciary responsibilities for Flowers Foods and its shareholders.

The board of directors owes a fiduciary duty to the shareholders of Flowers Foods. Despite the presence of the Plan, this duty dictates that the board evaluate the merits of every acquisition proposal and seek to ensure that any proposed business combination or acquisition maximizes shareholder value. The Plan provides the means for the board to fulfill its fiduciary duty by encouraging a bidder to negotiate with the board and management and by giving the board a greater amount of time to carefully and thoroughly evaluate an acquisition proposal, which strengthens your board's bargaining position with the bidder. The board believes that it is in the best position to negotiate on behalf of all shareholders, evaluate the adequacy of any potential offer, and protect shareholders against potential abuses during the takeover process, such as an offer that would not treat all shareholders fairly and equally.

The Plan will not prevent any takeover proposal that the board determines is in the best interests of the company's shareholders. To the contrary, the presence of the Plan gives the board, as the elected representative of the shareholders, greater negotiating leverage with potential bidders, allowing the board and management to reject inadequate offers and seek alternative proposals that would better reflect the full value of your shares. A study published by Georgeson Shareholder Communications, Inc. in 1997 demonstrated that shareholder rights plans neither prevent unsolicited proposals from being made nor prevent companies from being acquired at fair and reasonable prices. In fact, according to Georgeson, from 1992 to 1996, companies with rights plans in place had a slightly higher takeover rate than companies without them, and the takeover premium for a company with a shareholder rights plan in place averaged 8% more than for a company without a rights plan.

The board of directors believes that the adoption or redemption of the Plan is appropriately within its scope of responsibilities under applicable law and consistent with its fiduciary duties to the shareholders. Redeeming the rights would remove an important tool that the board should have for the protection of shareholders. Your board of directors therefore believes that any decision to redeem the rights should be made in the context of a specific acquisition proposal.

Required Vote

The affirmative vote of the holders of a majority of the shares of Flowers Foods common stock present in person or by proxy and entitled to vote at the Annual Meeting is necessary for the approval of Proposal II. However, approval of Proposal II may not require that the board take the requested action because:

the board of directors' fiduciary duty would require it to assess the approval of Proposal II in the context of the overall best interests of the shareholders; and

the proposal is a request, not a mandate.

Your Board of Directors unanimously recommends that you vote AGAINST Proposal II

PROPOSAL III

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

Our audit committee has appointed PricewaterhouseCoopers LLP as our independent public accountants for the fiscal year ending January 3, 2004. Our board of directors recommends that this appointment be ratified.

Representatives of PricewaterhouseCoopers LLP will be present at the meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

Fiscal 2002 and Fiscal 2001 Audit Firm Fee Summary

During fiscal 2002 and fiscal 2001, we retained our principal auditor, PricewaterhouseCoopers LLP, to provide services in the following categories and amounts:

Audit Fees. Fees for audit services totaled approximately \$570,000 in 2002 and approximately \$475,000 in 2001, including fees associated with annual audits and the reviews of the company's quarterly reports on Form 10-Q and annual reports on Form 10-K.

Audit Related Fees. Fees for audit related services totaled approximately \$259,000 in 2002 and approximately \$768,000 in 2001. Audit related services principally include registration statement services, due diligence services and internal audit services. Effective in fiscal 2002, the company discontinued its use of internal audit services from PricewaterhouseCoopers LLP and established an internal audit department whose director reports to the audit committee.

Tax. Fees for tax services, including tax compliance, tax advice and tax planning, totaled approximately \$877,409 in 2002 and \$934,500 in 2001.

All Other Fees. Fees for all other services not described above totaled approximately \$20,000 in 2002, principally including services related to an information systems upgrade. There were no fees for services in this category for 2001.

We have been advised by PricewaterhouseCoopers LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the company or its subsidiaries.

The audit committee has concluded that the provision of non-audit services by our principal auditor is compatible with maintaining auditor independence.

If the shareholders of the company do not ratify the appointment of PricewaterhouseCoopers LLP as our independent accountants for fiscal 2003, the audit committee will reconsider the appointment.

Your board of directors unanimously recommends that you vote FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent accountants for fiscal 2003

We do not know of any matters other than those stated above which are to be brought before the meeting. However, if any other matters should be properly presented for consideration and voting, it is the intention of the persons named in the proxy to vote on those matters in accordance with their judgment.

Dear Plan Participant:

The purpose of this letter is to provide you with important information concerning your voting rights as a participant in the Flowers Foods, Inc. 401(k) Retirement Savings Plan.

The Annual Meeting of Shareholders of Flowers Foods, Inc. is scheduled for May 30, 2003. As a participant in the Flowers Foods, Inc. 401(k) Retirement Savings Plan, you have the right to direct Putnam Fiduciary Trust Company, the Trustee of the 401(k) plan, how to vote the Flowers Foods, Inc. common shares allocated to your Stock Account. Any unvoted or unallocated shares will be voted by the Trustee in the same proportion on each proposal as the Trustee votes the shares of stock credited to the 401(k) plan participants' accounts for which the Trustee receives voting directions from the 401(k) plan participants. The number of shares you are eligible to vote is based on your balance in the 401(k) plan on April 4, 2003, the record date for the determination of shareholders eligible to vote.

Your instructions to the Trustee are confidential and will be known only by Putnam Fiduciary Trust Company.

If, in addition to your 401(k) plan participation, you own stock directly in your own name or indirectly through a bank or broker, you will receive a separate proxy card and voting instruction form. Please be sure to return each proxy or voting instruction card in the postage-paid return envelope provided with each separate package.

We encourage you to exercise your voting rights under the 401(k) plan. Please review the enclosed documents carefully before deciding how to vote your shares. Because the shares in the 401(k) plan are registered in the name of Putnam Fiduciary Trust Company, as Trustee, you will not be able to vote your shares in the 401(k) plan in person at the Annual Meeting on May 30, 2003. Please return your voting instruction card, signed and dated, in the enclosed postage-paid envelope as soon as possible.

Sincerely,

Flowers Foods, Inc.
