REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator of  
AutoNation 401(k) Plan  
Fort Lauderdale, Florida

We have audited the accompanying statements of net assets available for benefits of AutoNation 401(k) Plan ( the Plan ) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2003 financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic 2003 financial statements taken as a whole.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS  
December 31, 2003 and 2002

---

**NOTE 1 DESCRIPTION OF PLAN**

**General:** The following description of the AutoNation 401(k) Plan, as amended through December 31, 2003 ( the Plan ), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan.

The Plan was established effective January 1, 1994 to provide benefits to all eligible employees of AutoNation, Inc. ( the Company , formerly Republic Industries, Inc.) The Plan is a defined contribution plan with a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended ( IRC ). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ( ERISA ). The Employee Benefits Committee, which consists of members of the Company s senior management, is designated as the Plan Administrator.

Although it has expressed no intention to do so, the Company retains the right, if necessary, to terminate the Plan. In the event of the Plan s termination, all amounts credited to participants accounts become fully vested subject to the requirements of ERISA. The Company also retains the right to amend the Plan.

**Eligibility:** Under the terms of the Plan, most employees who are at least 18 years of age are eligible to participate in the Plan immediately upon the date of hire with the Company. However, effective October 1, 2001, any employees employed by the Company after that date due to a business acquisition will not be eligible to participate in the Plan until the first day of the month coincident with or next following three months of service.

The Plan also includes a provision to allow employees of certain subsidiaries of the Company to be eligible for participation in the Plan under these requirements.

**Participant Accounts:** Individual accounts are maintained for each of the Plan s participants to reflect the participant s contributions and related employer matching contributions, as well as the income attributable to the participant s account.

**Contributions and Funding Policy:** Under the provisions of the Plan, participants may direct the Company to defer a portion of their compensation to the Plan, subject to a minimum of 1% and a maximum of 15% of eligible compensation, as defined by the Plan. In 2003, the Plan allowed a participant to direct up to 10% of their contribution to be invested in shares of the Company s common stock. Amounts contributed by participants are fully vested when made. In 2003 and 2002, each eligible participant could contribute up to \$12,000 and \$11,000, respectively, subject to other applicable IRC limitations. During 2003, the Plan also allowed participants that had attained age 50 to make additional contributions to the Plan of up to

\$2,000. The Plan allows for rollovers of vested contributions from previous employers' qualified plans.

The Company makes an employer matching contribution of \$.50 for each \$1 of contribution up to 4% of the employee's eligible compensation. This contribution is made each payroll period by the Company to all participants who are credited with at least one year of service. A participant becomes fully vested in the employer match immediately upon contribution. The employer match is made in shares of the Company's common stock. Participants are not able to re-direct these contributions until they have completed three years of service with the Company and, as such, these investments are non-participant directed. The employer matching contribution for 2003 was \$9,363,309.

The Company may also make a discretionary contribution to the Plan. The Company did not make a discretionary contribution to the Plan for the 2003 plan year.

In no event will an attained vesting percentage be curtailed due to any subsequent amendments to vesting provisions.

Loan to Participants: The Plan does not permit participant loans. However, the Plan accepts and services loans transferred from the plans of acquired companies (Note 6).

Investments: The Company entered into an agreement whereby Merrill Lynch Trust Company (the Trustee) has been appointed the trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of a designated investment committee with the approval of the Employee Benefits Committee.

The Plan provided the following investment alternatives for participants in 2003.

**Merrill Lynch Equity Index Trust Fund** A collective trust that invests in a portfolio of equity securities designed to substantially equal the performance of the Standard & Poor's 500 Composite Stock Price Index.

**Merrill Lynch Retirement Preservation Trust Fund** A collective trust in which amounts are invested in U.S. Treasury Obligations and U.S. government agency securities and guaranteed investment contracts.

**NOTE 1 DESCRIPTION OF PLAN (Continued)**

Upon meeting certain criteria specified in the Plan document, a participant may elect to receive an in-service withdrawal of his/her account or portion of his/her account. A participant may receive a hardship distribution, may withdraw all or a portion of an after-tax account and rollover account at any time, may withdraw all or a portion of a prior plan account or grandfathered prior plan account after attaining five years of employment with the Company, and may take an in-service withdrawal of all or a portion of his/her account held in the Plan upon attaining age 59 1/2.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting:** The accompanying financial statements are prepared under the accrual method of accounting in conformity with U. S. generally accepted accounting principles.

**Use of Estimates:** The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

**Investment Valuation and Income Recognition:** The Plan's investments are stated at fair value. The fair values of common collective trust funds reflect the redemption values as of the last business day in the Plan's year as determined by the plan trustee. Quoted market prices are used to value mutual fund and common stock investments. Participant loans are stated at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. The Plan records dividends on the ex-dividend date.

**Risks and Uncertainties:** The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

**NOTE 5 BENEFIT DISTRIBUTIONS (Continued)**

Amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment but have not yet been paid totaled approximately \$52,000 and \$85,000 at December 31, 2003 and 2002, respectively. Such amounts are included in net assets available for benefits at December 31, 2003 and 2002, respectively, in accordance with U.S. generally accepted accounting principles. However, the Plan's Form 5500's reflects such amounts as benefit payments and liabilities of the Plan.

**NOTE 6 TRANSFERS TO / FROM PLAN**

The 401(k) plans of certain companies acquired by the Company are periodically merged into the Plan. All of the assets of these plans are transferred at fair market value and invested in the Plan based upon the employees' elections. For the Plan year ended December 31, 2003, these mergers resulted in an increase in Plan assets of \$10,344,577.

**NOTE 7 PARTY-IN-INTEREST TRANSACTIONS**

Certain plan investments are shares of mutual funds managed by Merrill Lynch Asset Management Company, an affiliate of the Trustee. Therefore, these investments represent a party-in-interest to the Plan.

The Plan accepts and services loans as described in Note 1. Therefore, these represent a party-in-interest investment of the Plan.

Administrative fees of \$423,427 were paid by the Plan to the Trustee for the plan year ended December 31, 2003, which qualify as party-in-interest transactions. The Company pays certain fees and expenses of the Plan, which primarily consist of legal, administrative, and accounting fees.

**NOTE 8 INCOME TAX STATUS**

The Internal Revenue Service has determined, and informed the Company by a letter dated August 11, 2003, that the Plan is designed and qualified in accordance with applicable sections of the IRC. The Plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and remains qualified.

**NOTE 9 ANC RENTAL CORPORATION COMMON STOCK**

On May 31, 2000, the Board of Directors of the Company granted final approval of the tax-free spin-off of ANC Rental Corporation to AutoNation shareholders. In the spin-off, each AutoNation shareholder of record as of June 16, 2000 received one share of ANC Rental Corporation common stock for every eight shares of AutoNation common stock owned. The Board established a distribution date of June 30, 2000. On June 1, 2000, the Plan was amended to create a separate ANC Stock Fund to hold shares of ANC Rental Corporation received by the Plan as a result of the spin-off. The ANC Rental Fund is established to retain the ANC shares and reinvest all dividends and other distributions in additional shares of ANC stock. This fund does not permit the purchase of ANC stock, unless the stock is purchased with dividends or other distributions of ANC Stock.

Effective November 13, 2001, ANC Rental Corporation filed petitions for reorganization under Chapter 11 of the U.S. Bankruptcy Code. The common stock of ANC Rental Corporation has significantly decreased in value since the date of the spin-off, and the Company's securities have been delisted from the NASDAQ stock market. Subsequently, substantially all of the assets of ANC Rental Corporation have been purchased by Cerberus Capital Management in October 2003.

**NOTE 10 PLAN AMENDMENT**

Effective October 1, 2003 the Plan was amended and restated to incorporate all amendments since the last restatement and to incorporate the previously adopted good faith amendments under the Economic Growth and Tax Relief Reconciliation Act of 2001 ( EGTRRA ). The good faith EGTRRA amendments include increasing the limitation on elective deferral contributions, increasing the compensation limit, allowing catch-up contributions to be made by those participants who have attained age 50, and implementing a suspension period of six months following any hardship distributions. In addition to the other changes, the restatement eliminates the option to make distributions in the form of qualified joint and survivor annuities and revised the required minimum distribution provisions of the Plan. The restatement was presented to the IRS in response to the previous qualification submission, and the IRS based the August 11, 2003 favorable determination letter on it.

**NOTE 11 SUBSEQUENT EVENT**

The Plan was amended effective March 1, 2004 to allow for the designation of a default investment and the use of alternative means of enrollment. The Plan was also amended March 1, 2004 to distribute QDRO awards to Alternate Payees automatically upon qualification.
