SUMMARY TERM SHEET

General Information About the Omni Point Acquisition

This summary describes the material terms of Proposal 1 that you will be voting on at the Annual Meeting of Stockholders (the Annual Meeting). Proposal 1 relates to the issuance of shares of our common stock in connection with our proposed acquisition of Omni Point Marketing, LLC, a Florida limited liability company (Omni Point). It also describes the material terms of our proposed acquisition of Omni Point. You will not be voting on the proposed acquisition, but we are describing its material terms because the shares that are the subject of Proposal 1 are issuable in connection with the proposed acquisition. To better understand Proposal 1 and the proposed acquisition, as well as the other proposals that you are voting on at the Annual Meeting, you should carefully read this entire document, its attachments and the other documents to which we refer.

When did we agree to acquire substantially all of the assets of Omni Point?

On October 21, 2004, we entered into an asset purchase agreement (the Asset Purchase Agreement) pursuant to which we agreed to acquire substantially all of the assets of Omni Point, conditioned upon our stockholders approval of the issuance of shares of our common stock in connection with the proposed acquisition. See Proposal 1 The Omni Point Acquisition beginning on page 9.

What is the purchase price for Omni Point?

The aggregate purchase price for the assets of Omni Point is:

\$5,400,000 in cash; and

4,275,000 shares of our common stock. Pursuant to the Asset Purchase Agreement, the 4,275,000 shares payable was determined by dividing an agreed upon amount of \$17,000,000 by \$4.00 per share, for a total purchase price of \$22,500,000 (the APA Purchase Price).

As of November 29, 2004, our common stock was valued at \$7.39 per share, which would increase the value of our common stock issued in connection with the acquisition to \$31,592,250, for an aggregate purchase price of \$36,992,250.

In accordance with the Asset Purchase Agreement, we will defer payment of 10% of the APA Purchase Price for a period of one year after the closing for the following purposes:

in order to secure indemnity obligations of Omni Point and its owners for any material breach of the Asset Purchase Agreement;

as an offset to certain financial statement adjustments that may be required to make Omni Point s financial statements comply with generally accepted accounting principles after the closing; and

as an offset to the purchase price for any amount by which the working capital of Omni Point is less than \$1,000,000 at closing.

The deferred amount will be payable in our common stock.

Table of Contents

In addition, at the closing, we will issue:

warrants to purchase 750,000 shares of our common stock to Michael Brauser, an affiliate of Omni Point; and

warrants to purchase 750,000 shares of our common stock to Scott Hirsch, an affiliate of Omni Point.

After the closing, we intend to use Omni Point's eMail Append Database to market our products and services to new and existing customers through a newly-created Omni Point Division. If the Omni Point Division meets certain performance criteria during each of the three years beginning on January 1, 2005, we will also issue warrants to purchase up to 3,000,000 shares of our common stock to Messrs. Brauser and Hirsch as additional consideration in the acquisition (the Earn-Out Warrants).

We have agreed to use our reasonable best efforts to file a registration statement with the SEC for the resale of up to \$2,500,000 worth of our shares of common stock issued or issuable in connection with the proposed acquisition of Omni Point, by no later than March 15, 2005.

See Proposal 1 The Omni Point Acquisition beginning on page 9.

What are stockholders being asked to vote on with respect to the proposed acquisition of Omni Point?

Stockholders are being asked to approve:

the issuance of up to 4,275,000 shares of our common stock to Omni Point at the closing of the acquisition of Omni Point;

the issuance of up to 1,500,000 shares of our common stock upon conversion of the warrants to be issued to Messrs. Brauser and Hirsch, affiliates of Omni Point, in connection with our acquisition of Omni Point; and

the issuance of up to 3,000,000 shares of our common stock upon conversion of Earn-Out Warrants that may be issued to Messrs. Brauser and Hirsch, affiliates of Omni Point, if certain income thresholds are met by the Omni Point Division.

See Proposal 1 The Omni Point Acquisition beginning on page 9.

What effects will the proposed issuances of common stock have on stockholders?

The issuances of common stock upon the closing of the proposed acquisition of Omni Point, and upon conversion of the warrants and the Earn-Out Warrants, if any, would result in a dilution in the percentage of ownership interest of our existing stockholders.

There are currently [12,619,940] shares of our common stock outstanding. If our stockholders approve Proposal 1, we will issue up to 4,275,000 shares of our common stock to Omni Point at the closing, which represents approximately [34%] of our currently outstanding common stock. In addition, we may be required to issue up to 1,500,000 shares of our common stock upon conversion of the warrants to be issued in connection with the proposed acquisition, which represents approximately [12%] of our currently outstanding common stock. Further, we may be required to issue up to an additional 3,000,000 shares of our common stock upon conversion of the Earn-Out Warrants, to the extent we are required to

Table of Contents

issue Earn-Out Warrants, which represents approximately [24%] of our currently outstanding common stock.

Accordingly, if we issue all of the shares of common stock in connection with the proposed acquisition, we would then have [21,394,940] shares of common stock outstanding, which would then represent an increase of approximately [70%] of our currently outstanding shares of common stock. See Proposal 1 Effect of Stock Issuances beginning on page 8.

Why do stockholders have to approve the issuance of shares of our common stock in connection with the proposed acquisition of Omni Point?

The rules of the American Stock Exchange (the AMEX) require that our stockholders approve the issuance of more than 20% of our common stock in any acquisition. Because the issuance of shares of our common stock upon the closing of the proposed acquisition of Omni Point, and issuance of shares of our common stock upon conversion of the warrants and the Earn-Out Warrants, if any, will exceed 20% of our currently outstanding shares, we are required to seek stockholder approval before we can close the proposed acquisition and issue those shares. See Proposal 1 Stockholder Approval Required beginning on page 8.

Why was stockholder approval not required for entering into the Asset Purchase Agreement?

Under Delaware law and the AMEX rules, stockholder approval was not required to enter into the Asset Purchase Agreement. AMEX rules do require, however, that our stockholders approve the issuance of shares of our common stock to be issued in connection with the proposed acquisition. See Proposal 1 Stockholder Approval Required beginning on page 8.

Who is entitled to vote on Proposal 1?

Only the holders of shares of our common stock of record at the close of business on December 6, 2004, are entitled to vote on Proposal 1. See Proposal 1 Vote Required beginning on page 9.

What vote is required to approve Proposal 1?

The AMEX rules require that in order to approve the proposal, a majority of the votes cast by our stockholders is required to approve the proposal. See Proposal 1 Vote Required beginning on page 9.

Have any stockholders agreed to vote in favor of Proposal 1?

Current stockholders who own approximately 30% of the shares of our common stock have indicated that they intend to vote in favor of Proposal 1. See Proposal 1 The Omni Point Acquisition beginning on page 9.

Are there appraisal rights?

Stockholders will not be entitled to appraisal rights under the Delaware General Corporation Law in connection with the proposed acquisition. See Proposal 1 No Appraisal Rights beginning on page 16.

What are the tax implications of the proposed acquisition?

We do not anticipate that the proposed acquisition will have any material tax implication to our company.

Table of Contents

What is the Board of Directors' recommendation on how to vote?

Our Board of Directors unanimously recommends that you vote FOR the approval of Proposal 1. See Proposal 1 Recommendation of the Board of Directors beginning on page 9.

General Information About the Annual Meeting and Voting

Why did you send me this proxy statement?

We sent you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at the Annual Meeting. This proxy statement summarizes the information you need to know to vote at the Annual Meeting on December 30, 2004, and at any adjournment of the meeting, for the purposes indicated in the accompanying Notice of Annual Meeting of Stockholders. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

This proxy statement and the accompanying proxy card will be mailed to stockholders on or about December 14, 2004.

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares at the close of business on December 6, 2004. A total of [12,619,940] shares of common stock can vote at the Annual Meeting. You get one vote for each share of common stock you own.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the Annual Meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxyholders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxyholders will vote for you on that proposal. Unless you instruct otherwise, the proxyholders will vote FOR the issuance of shares of our common stock in connection with the proposed acquisition of Omni Point, FOR the election as directors of the nominees named herein, each to serve for a term of one year, or until their successors are duly elected and qualified, FOR the ratification of the selection of Salberg & Company P.A. as our independent auditor and will use their judgment to vote FOR or AGAINST any other proposals to be considered at the Annual Meeting.

What if other matters come up at the Annual Meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares as they see fit.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by giving our corporate secretary a written notice revoking your proxy card, or by signing, dating and returning to us a new proxy card, or by attending the Annual Meeting and voting in person. We will honor the proxy card with the latest date.

Table of Contents

Can I vote in person at the Annual Meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares in person.

What do I do if my shares are held in street name ?

If your shares are held in the name of your broker or other nominee, that party should give you instructions for voting your shares.

How are votes counted?

We will hold the Annual Meeting if holders of a majority of the shares of common stock entitled to vote either sign and return their proxy cards or attend the Annual Meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card. A majority of the outstanding shares will constitute a quorum at the meeting.

Who will count the votes?

American Stock Transfer & Trust Company, our transfer agent, will tabulate the returned proxy votes by mail. An officer of our company will serve as the election inspector and will tabulate the votes at the meeting. The election inspector will treat shares represented by properly signed and returned proxies that reflect abstentions from voting as shares that are present and entitled to vote for purposes of determining the presence of a quorum on all matters.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, or in person. None of these employees will receive any extra compensation for doing this. We may request persons holding shares in their names for others to forward soliciting materials to our principals to obtain authorization for the execution of proxies, and we will reimburse such persons for their expenses in so doing.

Who can help answer my questions?

If you have any questions concerning any proposal or the Annual Meeting, or if you would like additional copies of the proxy statement or if you will need special assistance at the meeting, please call Steven Bettinger, our Chief Executive Officer, at (561) 994-4446.

You are requested, regardless of the number of shares you hold, to sign the attached proxy card and return it promptly in the enclosed envelope.

The summary information provided above in question and answer format is merely a brief description of material information contained in this proxy statement.

FORWARD-LOOKING STATEMENTS

With the exception of the discussion regarding historical information, this proxy statement contains forward-looking statements, including statements concerning our future plans following the acquisition of Omni Point. Such statements inherently involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Factors that would cause or contribute to such differences include, but are not limited to, our ability to close the acquisition of the Omni Point, our inability to integrate the operations of Omni Point into our operations and to obtain the anticipated benefits of the Omni Point Acquisition, the inability of management to successfully implement their strategies relating to Omni Point's eMail Append Database, our inability to increase sales to current customers and to expand our customer base, and other risks detailed in our Annual Report on Form 10-KSB that is incorporated by reference into this proxy statement and being delivered to stockholders simultaneously with this proxy statement.

PROPOSAL 1

**APPROVAL OF THE ISSUANCE OF SHARES OF OUR COMMON STOCK,
IN CONNECTION WITH OUR ACQUISITION OF OMNI POINT MARKETING, LLC**

General

On October 21, 2004, we entered into an Asset Purchase Agreement (the "Asset Purchase Agreement") with Omni Point Marketing, LLC, a Florida limited liability company ("Omni Point") pursuant to which we agreed to acquire substantially all of the assets of Omni Point (the "Omni Point Acquisition") and to assume certain liabilities of Omni Point. Omni Point provides both online and traditional marketing services to its customers. Most of Omni Point's revenues are generated by advertising its customers' products and services to its expansive list of consumers contained in Omni Point's eMail Append Database. Omni Point is based in Fort Lauderdale, Florida.

Stockholder Approval Required

We are asking stockholders to approve the issuance of the following shares of our common stock in connection with the Omni Point Acquisition

up to 4,275,000 shares to be issued to Omni Point at the closing;

up to 1,500,000 shares to be issued to Michael Brauser and Scott Hirsch, affiliates of Omni Point, upon the conversion of warrants to be issued at the closing; and

up to 3,000,000 shares to be issued to Messrs. Brauser and Hirsch, affiliates of Omni Point, upon the conversion of warrants to be issued as earn-out consideration.

Section 712 of the Listing Standards, Policies and Requirements of the American Stock Exchange (the "AMEX") requires stockholder approval prior to listing additional shares to be issued in connection with an acquisition of the stock or assets of another company, if the issuance of common stock or securities convertible into common stock could result in an increase in our outstanding common shares of 20% or more. Because the issuance of shares of our common stock in connection with the Omni Point Acquisition will exceed 20% of our currently outstanding shares, we are required to seek stockholder approval of the issuance of our common stock before we can close the proposed acquisition and issue those shares.

Effect of Stock Issuances

Upon stockholder approval of Proposal 1, we will issue up to 4,275,000 shares of common stock to Omni Point, and we will issue warrants to purchase up to an additional 1,500,000 shares of our common stock, which would, upon conversion, collectively increase our outstanding shares of common stock by approximately [46%].

In addition, we may issue Earn-Out Warrants to purchase up to 3,000,000 shares of our common stock, which would, upon conversion, collectively increase our outstanding shares of common stock by approximately an additional [24%].

Table of Contents

Accordingly, we could issue up to an additional 8,775,000 shares of our common stock in connection with the Omni Point Acquisition, or approximately [70%] of our currently outstanding shares of common stock, which would result in dilution in the percentage ownership interest of our existing stockholders.

Vote Required

For this Proposal 1 to be approved in accordance with the requirements of the AMEX, the affirmative vote of a majority of the votes cast by our stockholders, in person or by proxy, on this Proposal 1 is required. Brokers that do not receive instructions are not entitled to vote those shares with respect to this Proposal 1. Abstentions and broker non-votes will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum.

Current stockholders who own, as of the record date, approximately 30% of the shares of our common stock have indicated that they intend to vote in favor of this Proposal 1.

Recommendation of the Board of Directors

The members of our Board of Directors unanimously recommend that you vote FOR the approval of this Proposal 1.

The Omni Point Acquisition

Overview

The following information about the Omni Point Acquisition is provided in connection with Proposal 1 described above. Stockholders are not being asked to vote upon the Omni Point Acquisition or approval of the Asset Purchase Agreement, which has already been executed.

As described above, on October 21, 2004, we entered into an Asset Purchase Agreement with Omni Point pursuant to which we agreed to acquire substantially all of the assets of Omni Point and assume certain liabilities of Omni Point.

Purchase Price

The aggregate purchase price for the assets of Omni Point is:

\$5,400,000 in cash; and

4,275,000 shares of our common stock. Pursuant to the Asset Purchase Agreement, the 4,275,000 shares payable was determined by dividing an agreed upon amount of \$17,000,000 by \$4.00 per share, for a total purchase price of \$22,500,000 (the APA Purchase Price).

As of November 29, 2004, our common stock was valued at \$7.39 per share, which would increase the value of our common stock issued in connection with the acquisition to \$31,592,250, for an aggregate purchase price of \$36,992,250.

On October 15, 2004, we entered into an Escrow Agreement with Omni Point and Omni Point's legal counsel, as the escrow agent, pursuant to which we agreed to deposit \$5,000,000 in an escrow account, which is being held and maintained by the escrow agent for payment of the purchase price at closing.

Table of Contents

In accordance with the Asset Purchase Agreement, we will defer payment of 10% of the APA Purchase Price for a period of one year after the closing for the following purposes:

in order to secure indemnity obligations of Omni Point and its owners for any material breach of the Asset Purchase Agreement;

as an offset to certain financial statement adjustments that may be required to make Omni Point's financial statements comply with generally accepted accounting principles after the closing; and

as an offset to the purchase price for any amount by which the working capital of Omni Point is less than \$1,000,000 at closing.

The deferred amount will be payable in our common stock.

Warrants

At the closing, we will issue the following warrants to Michael Brauser and Scott Hirsch, affiliates of Omni Point (to be shared equally):

a warrant to purchase up to 500,000 shares at an exercise price of \$4.00/share;

a warrant to purchase up to 500,000 shares at an exercise price of \$5.00/share; and

a warrant to purchase up to 500,000 shares at an exercise price of \$6.00/share.

The warrants may be exercised, in whole or in part, at any time prior to 5 years from the date of issuance.

Earn-Out Warrants

If revenues of our newly created Omni Point Division meet the following performance criteria during each of the three years beginning on January 1, 2005, we will also issue warrants to Messrs. Brauser and Hirsch as additional consideration in the Omni Point Acquisition, as follows:

If gross revenues of the Omni Point Division of at least \$46,000,000 are attained for the year beginning January 1, 2005 and ending December 31, 2005, from growth of the business and not from the acquisition of businesses or acquisition of customer accounts, we will issue warrants to purchase up to 1,000,000 shares of our common stock at an exercise price of \$8/share;

If gross revenues of the Omni Point Division of at least \$68,000,000 are attained for the year beginning January 1, 2006 and ending December 31, 2006, from growth of the business and not from the acquisition of businesses or acquisition of customer accounts, we will issue warrants to purchase up to 1,000,000 shares of our common stock at an exercise price of \$10/share; and

If gross revenues of the Omni Point Division of at least \$86,000,000 are attained for the year beginning January 1, 2007 and ending December 31, 2007, from growth of the business and not from the acquisition of businesses or acquisition of customer accounts, we will issue warrants to purchase up to 1,000,000 shares of our common stock at an exercise price of \$12/share.

Table of Contents

Registration Rights

We have agreed to use our reasonable best efforts to file a registration statement with the SEC for the resale of up to \$2,500,000 worth of our shares of common stock issued or issuable in connection with the Omni Point Acquisition, by no later than March 15, 2005.

Background of the Omni Point Acquisition

In early October 2004, we commenced negotiations with representatives from Omni Point on the structure of a transaction whereby we would acquire substantially all of the assets of Omni Point. At that time, our negotiations focused on the form and amount of the purchase price. Both parties desired a transaction in which we would issue both cash and shares of our common stock. Our Board of Directors was interested in pursuing a transaction with this structure since it would require that we would use less cash and would not incur any debt. The amount of the consideration was determined by arms-length negotiations between the parties. Factors in those negotiations included Omni Point's anticipated cash flow from operations, book value, revenues and prospects and the price of our common stock.

Following consultation with our respective boards of directors and legal advisors, on October 14, 2004, we entered into a letter of intent with Omni Point regarding the acquisition of substantially all of its assets on the terms described above.

After the execution of the letter of intent, we commenced a due diligence investigation of Omni Point. Representatives of Omni Point, together with their counsel, and our representatives met to discuss various aspects of the proposed transaction. As a result of these discussions, our due diligence review and a further analysis of applicable state laws and the AMEX rules, we commenced drafting and negotiation of the Asset Purchase Agreement. After further negotiations and revisions to the documentation, our Board of Directors discussed the terms of the Asset Purchase Agreement and related documents, including the representations, warranties, covenants, conditions, termination events and termination consequences, as well as the structure of the proposed transaction, and approved the Omni Point Acquisition and authorized our officers to undertake all acts necessary or desirable to effect the Omni Point Acquisition. The parties then executed the Asset Purchase Agreement after the market closed on October 21, 2004, and publicly announced the transaction on October 25, 2004.

Purposes of the Omni Point Acquisition

Our Board of Directors determined that the terms of the Asset Purchase Agreement, which were the product of arms length negotiations between our representatives and Omni Point, were in the best interests of our stockholders. In reaching this determination, our Board of Directors considered the following positive factors:

we believe we can integrate our core technology for delivering content over cellular networks into the Omni Point business model for marketing and advertising;

we believe we can create a new medium for advertising, both permission based and location based targeting utilized the cellular data networks globally;

we believe the online marketing sector is favorable and the next generation of internet marketing is cellular based;

Table of Contents

we believe our engineering skills coupled with Omni Point's rapid growth will compliment our company and expedite our profitability;

we believe the Omni Point eMail Append Database has an expansive list of consumers, through which we believe we will be able to market our products, which in turn should have a positive impact on our revenues; and

the structure of the transaction requires less cash and does not require us to incur any debt.

Approvals Needed to Complete the Omni Point Acquisition

We were not required to obtain the approval of any regulatory agency in order to enter into the Asset Purchase Agreement, nor were we required to obtain the approval of our stockholders under state law or the AMEX rules. AMEX rules do require, however, that our stockholders approve the issuance of shares of our common stock in connection with the proposed acquisition.

Other Provisions of the Asset Purchase Agreement and Related Agreements

The following discussion of the material terms and conditions of the Asset Purchase Agreement is qualified in its entirety by reference to the provisions of the Asset Purchase Agreement, which is attached to this proxy statement as Annex A and is incorporated herein by reference.

Purchased Assets

At the closing, we will acquire all of Omni Point's interests in and to its assets, properties and business, whether real, personal or mixed, tangible or intangible, including, but not limited to, all of Omni Point's:

rights in and to its eMail Append Database, including all information contained therein;

tangible personal property, whether owned or leased;

customer accounts and customer contracts;

rights accruing under any dealer, sales or service agreements;

cash and cash equivalents and investments, whether short-term or long-term;

prepaid and deferred items relating to its operations;

receivables;

interests and rights under its equipment leases;

intellectual property and other similar intangible property rights relating to its business;

licenses and permits, to the extent assignable, issued or used in connection with the business;

books and records; and

interests, rights and benefits accruing as lessee under its real property leases.

Table of Contents

Excluded Assets

We will not acquire the organizational records and ownership records of Omni Point, or the stock of Omni Point's subsidiaries, if any.

In addition, the owners of Omni Point agreed to deliver non-competition agreements at the closing.

Conditions to Close and Ancillary Agreements

The respective obligations of the parties to consummate the Omni Point Acquisition are conditioned on the satisfaction or occurrence of certain closing conditions, including, but not limited to, our obtaining the required approval of our stockholders to issue the shares of our common stock, the absence of any material adverse changes in the purchased assets or business, delivery of copies of resolutions by our Board of Directors and the owners of Omni Point approving the transaction, and the receipt of all necessary approvals and consents required to consummate the transaction.

In addition, the respective parties must deliver certain documents and ancillary agreements at the closing, including, but not limited to, the following:

payoff and estoppel letters from all the holders of any indebtedness of Omni Point, including UCC-3 termination statements and other appropriate satisfactions and releases;

The stockholders agreement will terminate after 7 years, or upon the occurrence of any of the following events: (i) a merger, combination, sale and/or reorganization of our company; (ii) the cessation of our business; (iii) the bankruptcy, receivership or dissolution of our company; or (iv) registration of all of our shares of common stock owned by Messrs. Brauser and Hirsch under the Securities Act of 1933, as amended.

Additional Members to be Appointed to the Board of Directors

Pursuant to the Asset Purchase Agreement we are required to nominate and appoint Messrs. Brauser and Hirsch as additional members of the Board of Directors. In addition, Mr. Brauser is permitted to nominate and elect 2 additional board members to the Board of Directors upon our prior consent.

Indemnification

In accordance with the Asset Purchase Agreement, we will defer payment of 10% of the APA Purchase Price for a period of one year after the closing to in order to, among other things, secure indemnity obligations of Omni Point and its owners for any material breach of the Asset Purchase Agreement. The deferred amount will be payable in our common stock.

Omni Point and its owners have agreed to indemnify us for any losses and claims against us arising from any:

breach of a representation, warranty or certification made by Omni Point or its owners in the Asset Purchase Agreement;

breach of the covenants or agreements made by Omni Point or its owners in the Asset Purchase Agreement,

liability or obligation of Omni Point, resulting from Omni Point's ownership or operation of the purchased assets or the business prior to the closing;

environmental liabilities;

litigation matters not covered by insurance;

violations of law by Omni Point or its owners; and

employee benefit plans liabilities.

We are not entitled to receive any indemnifiable damages from Omni Point and its owners unless the aggregate amount of such damages exceeds \$25,000, in which case we will be entitled to the full amount in excess of the \$25,000. The total amount of any indemnifiable damages that any owner of Omni Point may be required to pay is limited to the amount of the purchase price received by such owner, and such owner may pay any indemnifiable damages for which such owner is liable with shares of our common stock, which would be valued at \$4.00 per share. The minimum indemnifiable damages threshold and maximum indemnifiable damages cap will not apply to any damages resulting from the excluded liabilities or any liability or obligation of Omni Point (other than the assumed liabilities) arising prior to closing.

We have agreed to indemnify Omni Point and its owners for any losses and claims against them arising from any breach of:

a representation, warranty or certification made by us in the Asset Purchase Agreement; and

the covenants or agreements made by us in the Asset Purchase Agreement.

Termination and Breakup Fee

The Asset Purchase Agreement may be terminated at any time prior to the closing as follows:

by mutual written consent of the parties at any time prior to the closing;

Accounting Treatment of the Omni Point Acquisition

We will account for the Omni Point Acquisition using the purchase method of accounting in accordance with SFAS No. 141. In July 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (FAS) No. 141, Business Combinations, and FAS 142, Goodwill and Intangible Assets. FAS 141 requires the application of the purchase method of accounting for all business combinations. Major provisions of FAS 142 require intangible assets acquired in a business combination to be recorded separately from goodwill if they arise from contractual or other legal rights or are separable from the acquired entity and can be sold, transferred, licensed, rented or exchanged, either individually or as part of a related contract, asset or liability. In addition, goodwill, as well as intangible assets with indefinite lives, is no longer subject to amortization. Finally, goodwill and intangible assets with indefinite lives are tested for impairment annually and whenever there is an impairment indicator.

Certain Federal Income Tax Consequences

We do not anticipate that the proposed acquisition will have any material tax implication to our company.

No Appraisal Rights

Under Delaware law, stockholders will not have the opportunity to dissent from the actions described herein or to receive an agreed or judicially appraised value for their shares.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003
AND SEPTEMBER 30, 2004 (UNAUDITED)**

NOTE 1 NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Omni Point Marketing, LLC (the Company) is a limited liability company formed in February 2002 with one member owning 100%. On September 15, 2003, the member sold 75% of its interest to three entities. Accordingly, due to the change of ownership control, the operations of the Company have been reflected as commencing September 15, 2003. The accompanying statements of operations, members' equity and cash flows have been prepared for the period from September 15, 2003 through December 31, 2003, and for the nine months ended September 30, 2004 (unaudited), representing the periods under the new membership interests.

The accompanying unaudited financial statements of the Company as of and for the nine months ended September 30, 2004 have been prepared in accordance with generally accepted accounting principles for interim financial information. The financial information furnished reflects all adjustments, consisting only of normal recurring accruals, which are, in the opinion of management, necessary for a fair presentation of the financial position, results of operations and cash flows for the periods presented. The results of operations are not necessarily indicative of results of operations, which may be achieved in the future.

The Company specializes in marketing third party offers for products and services via email. The Company offers advertisers integrated online and offline marketing programs including Permission Based Email Advertising, Email Database Append Services, Online Surveys, Ad Serving Networks and Internet Compiled Direct Mail Lists. The Company has multiple internet media and database products as follows:

Email append: The Company's email append solution allows marketers to augment their existing customer database with the Company's permission-based email data. When a match is confirmed, the customer's email address is added to the client's file.

Electronic change of address: The Company's electronic change of address service enables clients to update their email databases.

Lead generation: The Company offers lead generation programs to assist a variety of businesses with customer acquisition. The Company pre-screens the leads through its online surveys to meet its clients' exact criteria.

Direct mail and postal list advertisement: The Company has compiled an exclusive internet responders' postal mailing list. This list is sourced from online registration and individuals who have responded to the Company's online campaigns. These consumers are responsive to offers and purchase products and services through online and offline channels. The Company offers a wide variety of demographic and psycho-graphic criteria for its customers list selection.

Online market research: The Company has developed a consumer survey. The Company offers a variety of targeted leads generated from its ongoing survey responses. The Company also offers marketers the opportunity to add specific questions to the survey. The Company then sells the response information to the marketer on a cost per response basis. If a marketer or a market research company needs a full survey completed, the Company will broadcast its client's survey to a designated responder list on a cost per thousand basis.

Table of Contents

A summary of the Company's significant accounting policies follows:

Cash and Cash Equivalents: The Company considers all investments purchased with an original maturity of three months or less to be cash equivalents.

Impairment of Long-Lived Assets: Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of requires that long-lived assets and certain identifiable intangibles to be held and used or disposed of by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Under such circumstances, the accounting principles require that such assets be reported at the lower of their carrying amount or fair value less cost to sell. Accordingly, when events or circumstances indicate that long-lived assets may be impaired, the Company estimates the assets' future cash flows expected to result from the use of the asset and its eventual disposition. If the sum of the expected future undiscounted cash flows is less than the carrying amount of the asset, an impairment loss is recognized based on the excess of the carrying amount over the fair value of the asset.

Fair Value of Financial Instruments: The carrying amounts reported in the accompanying balance sheets for accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of these accounts. Accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a periodic basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history, and current economic conditions.

Revenue recognition: The Company recognizes revenue from all products when the service is performed and the customer's order is fulfilled.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property and equipment: Property and equipment is stated at cost. Depreciation is computed by the straight-line method over the following estimated useful lives:

	Years
Leasehold improvements	5-6
Computer equipment	5
Furniture, fixtures and office equipment	7
Software	3

Leasehold improvements are depreciated over the shorter of the term of the lease or their estimated useful lives.

Table of Contents

Intangible assets: Intangible assets consist of a database of email addresses acquired during normal operations and costs associated with the development of the Company's various websites. These costs are being amortized using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Email database	3
Web properties	3-5

Income taxes: The Company has made an election to have its income or loss taxed directly to its members as a partnership for income tax purposes. Accordingly, the pro rata income or loss will be included in the tax return of the members. As a result, no income taxes have been recognized in the accompanying financial statements.

Advertising costs: Advertising costs are expensed as incurred.

INFORMATION ABOUT OMNI POINT MARKETING, LLC

DESCRIPTION OF BUSINESS

Omni Point Marketing, LLC, a Florida limited liability company (Omni Point), was formed in February 2002. Prior to September 2003, Omni Point s business was operated as a part of, and substantially all of Omni Point s services were sold to, Naviant, Inc. Thereafter, Omni Point began operating its business independently. Omni Point is in the internet media and electronic database marketing industries. Omni Point offers advertisers online and offline marketing programs, including permission based email advertising, email database append services, online surveys, ad serving networks and internet compiled direct mail lists.

Business Products

Omni Point utilizes the following internet media and database products to conduct its business:

eMail Append Database.

Omni Point s eMail Append Database allows marketers to augment their existing customer database with Omni Point s permission-based email data. When a match is confirmed, the customer s email address is added to the client s file. For the period of January 2004 through September 2004, the eMail Append Database accounted for approximately twenty six percent (26%) of Omni Point s overall revenue. As with most advertising products, Omni Point expects that sales from its eMail Append Database will be somewhat seasonal with revenues weighted to the period of September to December; however, seasonality was not apparent in Omni Point s operations to date due to the initial organic growth of Omni Point.

For the period January 2004 through September 2004, revenues received from the Voter Emailing Company exceeded ten percent (10%) of the total revenues from the eMail Append Database. Although the revenue from this client was significant for the period, Omni Point does not believe that the risk of losing this client is significant as the eMail Append Database is not an ongoing or multi-turn product and thus Omni Point s internal sales projections for this product line do not project repeat transactions with existing clients.

Lead Generation.

Omni Point offers lead generation programs to assist a variety of businesses with customer acquisition. Omni Point pre-screens customer leads through its online surveys and online websites to meet its client s requested criteria. Omni Point currently generates leads for the following industries: mortgage; debt reduction/debt consolidation; auto sales; telecommunications; insurance and investment agents. Omni Point expects that its lead generation business will increase in growth and expand to include additional industries. For the period of January 2004 through September 2004, the lead generation product accounted for approximately twenty four percent (24%) of Omni Point s overall revenue. Omni Point expects that its lead generation product line will be somewhat seasonal with revenues weighted to the period of September to December; however, seasonality was not apparent in Omni Point s operations to date due to the initial organic growth of Omni Point.

For the period of January 2004 through September 2004, revenues received from Advertising.com accounted for approximately ten percent (10%) of Omni Point s total revenues from its lead generation business. Advertising.com is a significant market participant

in the purchase of lead business. However, Omni Point expects its lead generation business from other clients and/or new clients to grow; accordingly, Omni Point believes that the loss of Advertising.com as a lead generation client would not have a significant adverse effect upon Omni Point's lead generation business.

Direct Mail and Postal List Advertisement.

Omni Point has compiled an internet responders' postal mailing list as well as an email mailing list. These lists are sourced from online registrations and individuals who have responded to Omni Point's online campaigns. These consumers are responsive to offers and purchase products and services through online and offline channels. Omni Point offers a wide variety of demographic and psycho-graphic criteria for its customer list selection. For the period of January 2004 through September 2004, Omni Point's direct mail and postal list products accounted for approximately forty eight percent (48%) of Omni Point's overall revenue. Due to the expected growth of Omni Point's other existing product lines as well as the delivery of planned additional products to market, the percentage of Omni Point's overall revenue attributable to the direct mail and postal list business is expected to decline.

Intellectual Property

Omni Point's consumer database is crucial to its operations and advertising products. In order to protect against loss of data or corruption of the consumer database Omni Point maintains significant safeguards. Omni Point does not permit access of its database via the internet or world wide web. All database access is password protected. All relevant service packs and upgrades to commercial database software employed by Omni Point are installed only after independent in-house testing is completed. Omni Point's database is backed-up on a regular schedule.

Employees

Omni Point has a contract with ADP Total Source (ADP), a professional employer organization. Accordingly, ADP maintains an employer relationship with the employees, rather than Omni Point. Omni Point leases the employee services from ADP for a fee. In this manner, as of September 30, 2004, Omni Point indirectly engaged the services of approximately 55 full-time employees.

In addition, three executive employees have entered into employment agreements directly with Omni Point. The executive employees receive their compensation pursuant to their employment agreements from ADP.

Competition

The business and consumer marketing information industry in which Omni Point operates is highly competitive. Intense competition could harm Omni Point by causing, among other things, price reductions, reduced gross margins, and loss of market share. Omni Point's competition includes: Acxiom, Experian (a subsidiary of Great Universal Stores, P.L.C.), Equifax and Harte-Hanks Communications, Inc. Omni Point also experiences indirect competition from internet advertising providers such as Yahoo!, MSN and the AOL division of Time Warner.

In addition, Omni Point faces competition from new entrants to the business and consumer marketing information industry as a result of the rapid expansion of the internet, which creates a substantial new channel for distributing information to the market. Many of Omni Point's competitors have longer

operating histories, better name recognition and greater financial resources than Omni Point does, which may enable them to implement their business strategies more readily than Omni Point can.

Description of Property

Omni Point occupies approximately 20,000 square feet of office space located at 6700 N. Andrews Avenue, 2nd Floor, Fort Lauderdale, Florida 33309, under a lease that expires September 30, 2009.

Omni Point's telephone number is (954) 202-6000.

COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Omni Point is a closely held limited liability company, the membership interests of which are held by four persons/entities, each of whom own greater than five percent of Omni Point's outstanding membership interests. There is no public trading market for any ownership interests of Omni Point. In fact, transfers of membership interests in Omni Point are restricted pursuant to Omni Point's organizational documents. Omni Point has not made any distributions to its members to date. Omni Point does not maintain any equity compensation plans.

The comparative decrease in salaries expense for the nine months ended September 30, 2004 as compared to the three months ended December 31, 2003 was primarily attributable to a reduction in the average cost per employee and a reclassification of employee expense. The comparative increases in telephone expenses and other expenses for the nine months ended September 30, 2004 as compared to the three months ended December 31, 2003 was primarily attributable to an increase in incoming and outgoing call volume and increase in the number of employees, respectively.

Omni Point believes that its current cash balance is sufficient to sustain Omni Point's operations over the ensuing 12-month period, including the expected growth during this period.

Net cash used in investing activities for both periods was related primarily to Omni Point's acquisition of both intangible assets and property and equipment. Net cash provided by financing activities for both periods related primarily to capital contributions by members. Omni Point has no material commitments for capital expenditures.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND ITS COMMITTEES

The Board of Directors took action at Board meetings or by unanimous written consent five times during the fiscal year ended June 30, 2004. All directors were present for at least 95% of the Board of Directors meetings or unanimous written consents.

The sole committee of the Board of Directors is the audit committee, consisting of Jack Phelan, Andrew Lockwood and Robert Picow, each of whom is independent as defined and required by the rules of the AMEX. Our Board of Directors has determined that Jack Phelan is also an audit committee financial expert as defined by the rules promulgated by the SEC.

The audit committee generally has responsibility for appointing, overseeing, and determining the compensation of our independent auditor, reviewing the plan and scope of the auditor's audit, reviewing our audit and control functions, approving all permitted non-audit services provided by our independent auditor, and reporting to our full Board of Directors regarding all of the foregoing. The audit committee meets with the independent auditor and our management in connection with its review and approval of (i) the unaudited financial statements for inclusion in our quarterly reports on Form 10-QSB and (ii) the annual audited financial statements for inclusion in our Annual Report on Form 10-KSB. Additionally, the audit committee provides our Board of Directors with such additional information and materials as it may deem necessary to make our Board of Directors aware of significant financial matters that require its attention. The audit committee's goals and responsibilities are set forth in an audit committee charter, a copy of which is attached as Annex B. The Audit Committee held one meeting during the fiscal year ended June 30, 2004 and each member attended the meeting. The Audit Committee Report is set forth below.

We do not have a compensation committee or a nominating committee. Decisions concerning executive officer compensation for 2004 were made by the full Board of Directors. Mr. Bettinger is the only director who is also an officer.

We do not have a nominating committee because we believe that as a small business issuer, it is not necessary for us to have a separate nominating committee. Rather, the full Board of Directors participates in the consideration of director nominees. At this time the Board of Directors does not have a policy with regard to the consideration of any director candidates recommended by stockholders because historically we have not received recommendations from our stockholders and the costs of establishing and maintaining procedures for the consideration of stockholder nominations would be overly burdensome.

In making its nominations, the Board of Directors identifies candidates who meet the current challenges and needs of the Board of Directors. In determining whether it is appropriate to add or remove

Table of Contents

individuals, the Board of Directors will consider issues of judgment, diversity, age, skills, background and experience. In making such decisions, the Board of Directors considers, among other things, an individual's business experience, industry experience, financial background and experiences. The Board of Directors uses multiple sources for identifying and evaluating nominees for Directors including referrals from current directors and input from third party executive search firms.

All of the nominees are currently serving as members of our Board of Directors.

Report of the Audit Committee

The audit committee has reviewed and discussed the audited financial statements with management and the independent auditors. In fulfilling its responsibilities, the audit committee discussed with the independent auditors the matters that are required to be discussed by Statement on Auditing Standards No. 61. In addition, the audit committee received from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1, and the audit committee discussed with the independent auditors that firm's independence.

Based upon the audit committee's discussions with management and the independent auditors and the audit committee's review of the representations of management and the report and letter of the independent auditors provided to the audit committee, the audit committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-KSB for the fiscal year ended June 30, 2004 for filing with the SEC.

Respectfully Submitted:

Jack Phelan
Andrew Lockwood
Robert Picow

Based solely on the reports we have received and on written representations from these reporting persons, we believe that our directors, executive officers, and our ten percent stockholders have complied with Section 16(a) of the Securities Exchange Act of 1933.

Director Compensation

We do not currently pay any cash directors' fees, but we pay the expenses of our directors in attending board meetings. For the fiscal year ended June 30, 2004, options and/or other equity grants to directors were as follows:

Jack Phelan and Andrew Lockwood Each received 27,500 shares of common stock and 10,000 stock options to acquire 10,000 shares of common stock at an exercise price of \$1.15.

Employee Stock Option Plan

While we have been successful in attracting and retaining qualified personnel, we believe that our future success will depend in part on our continued ability to attract and retain highly qualified personnel. We pay wages and salaries that we believe are competitive. We also believe that equity ownership is an important factor in our ability to attract and retain skilled personnel. In 2000, we adopted the 2000 Option Plan (the "Plan"). The purpose of the Plan is to further our interests, and our subsidiaries' and stockholders' interests, by providing incentives in the form of stock options to key employees, consultants, directors and others who contribute materially to our success and profitability. The grants recognize and reward outstanding individual performances and contributions and will give such persons a proprietary interest in us, thus enhancing their personal interest in our continued success and progress. The Plan also assists us and our subsidiaries in attracting and retaining key employees and directors. The Plan is administered by the Board of Directors. The Board of Directors has the exclusive power to select the participants in the Plan, to establish the terms of the options granted to each participant, provided that all options granted shall be granted at an exercise price equal to at least 85% of the fair market value of the common stock covered by the option on the grant date and to make all determinations necessary or advisable under the Plan. The number of shares of common stock that may be issued upon the exercise of options granted under the 2000 Plan, as amended, is 3,000,000. As of June 30, 2004, options to purchase a total of 1,361,000 shares had been granted pursuant to the Plan, all of which are outstanding and 702,667 of which are exercisable.

We entered into an employment agreement with Steven Bettinger, our Chief Executive Officer, for a 24 month period ending January 1, 2003, subject to automatic renewals of 12-month terms unless terminated by us or Mr. Bettinger with 30-days prior written notice. In addition to an annual salary of up to \$250,000 for Mr. Bettinger, the agreement

entitles him to receive options to purchase 100,000 shares of our common stock each year of employment at fair market value. These options are issued under our 2000 Option Plan. The options vest 1/3 per year, beginning one year from the date of grant. The agreement also provide for the receipt of an annual bonus at the discretion of the Board of Directors. Mr. Bettinger received a discretionary bonus of 100,000 shares of common stock in each of Fiscal 2004 and 2003.

PROPOSAL 3

**RATIFY THE SELECTION OF SALBERG & COMPANY, P.A. AS OUR
INDEPENDENT AUDITOR FOR THE FISCAL YEAR ENDING JUNE 30, 2005**

Grant Thornton LLP (GT), by letter dated December 10, 2003, terminated its relationship as our independent accountant. We mutually agreed to terminate this relationship with GT. GT had been our independent accountant, and audited our financial statements.

The reports of GT on our consolidated financial statements for the 2002 and 2003 fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

Further, for the 2002 and 2003 fiscal years, there were no disagreements between us and GT on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which would have caused GT to make a reference thereto in its report on our financial statements for such period.

During the period from August 28, 2000 through December 10, 2003, there were no reportable events (as defined in Item 304 (a)(1)(v) of Regulation S-K). GT furnished the SEC with a letter stating that it agrees with the above statements. This letter was attached as an exhibit to a Form 8-K, filed with the SEC on December 19, 2003.

The Board of Directors engaged Salberg & Company, P.A. as our new independent accountants as of December 16, 2003. Prior to such date, we did not consult with Salberg & Company, P.A. regarding (i) the application of accounting principles, (ii) the type of audit opinion that might be rendered by Salberg & Company, P.A., or (iii) any other matter that was the subject of a disagreement between us and Salberg & Company, P.A. (as defined in Item 304 (a)(1)(iv) of Regulation S-B) or a reportable event (as described in Item 304 (a)(1)(v) of Regulation S-K).

The Board of Directors has selected Salberg & Company, P.A. as our independent auditor for the fiscal year ending June 30, 2005, which is the current fiscal year. The Board of Directors wishes to obtain from the stockholders a ratification of their action in appointing their existing certified public accountant, Salberg & Company, P.A., as our independent auditor for the fiscal year ending June 30, 2005. The affirmative vote of a majority of the shares of common stock present in person or by proxy and entitled to vote at the Annual Meeting is required for the approval of this Proposal 3.

In the event the appointment of Salberg & Company, P.A. as independent auditor is not ratified by the stockholders, the adverse vote will be considered as a direction to the Board of Directors to select other independent auditors for the fiscal year ending June 30, 2005. A representative of Salberg & Company, P.A. is expected to be present at the Annual Meeting with the opportunity to make a statement if he so desires and to respond to appropriate questions.

The Board of Directors unanimously recommends a vote FOR the ratification of Salberg & Company, P.A. as our independent auditor for fiscal year ending June 30, 2005.

Except as may be required by law or as otherwise permitted or expressly contemplated herein, no party hereto or their respective Affiliates, employees, agents or representatives shall disclose to any third party this Agreement or the subject matter or terms hereof without the prior consent of the other parties hereto. ARTICLE X

10.1 (a) The Company and the Members, severally, agree to indemnify and hold Cenuco and each of its officers, directors, employees, Affiliates, successors and assigns (collectively, for the purpose of this Article X, Cenuco) harmless from and against the

Table of Contents

aggregate of all expenses, losses, costs, deficiencies, liabilities and damages (including, without limitation, related counsel and paralegal fees and expenses) incurred or suffered by Cenuco arising out of or resulting from (i) any breach of a representation, warranty or certification made by the Company or the Members in this Agreement or in any other document or certificate delivered pursuant to this Agreement (without regard to any materiality qualifications or disclosures pursuant to Section 8.1), (ii) any breach of the covenants or agreements made by the Company or the Members in this Agreement or in any other document or certificate delivered pursuant to this Agreement, (iii) any liability or obligation of the Company (whether absolute or contingent, liquidated or unliquidated, or due or to become due), other than the Assumed Liabilities, resulting from the Company's ownership or operation of the Purchased Assets or the Business prior to Closing including, without limitation, the Excluded Liabilities or related to the Excluded Assets, or (iv) any Environmental Liability (collectively, Indemnifiable Damages).

Notwithstanding the foregoing, Cenuco shall not be entitled to any Indemnifiable Damages for breaches of the representations and warranties unless the aggregate of all Indemnifiable Damages for breaches of the representations and warranties exceeds \$25,000 (the Indemnification Threshold), in which case Cenuco shall be entitled to the full amount of such Indemnifiable Damages in excess of the Indemnification Threshold. Further, the total Indemnifiable Damages for which each Member shall be liable hereunder shall be limited to that portion of the Purchase Price received by each Member as further provided on Schedule 10.1. In the event such Member received Cenuco Common Stock as part of the Purchase Price, it shall be valued at Four Dollars (\$4.00) per share. A Member in paying to Cenuco its portion of Indemnifiable Damages may pay such amounts by tendering to Cenuco, shares of Cenuco Common Stock, in which event, the Cenuco Common Stock shall be valued for purposes of such payment at Four Dollars (\$4.00) per share (the Indemnification Cap); provided, however, that the Indemnification Threshold and the Indemnification Cap shall not apply with respect to, and Cenuco shall be entitled to the full amount of any Indemnifiable Damages resulting from: (i) Excluded Liabilities (including Environmental Liabilities) and the matters set forth in clause (iii) of the first sentence of this Section 10.1.

(b) Cenuco agrees to indemnify and hold the Company and the Members (collectively, for the purpose of this Article X, Company) harmless from and against the aggregate of all expenses, losses, costs, deficiencies, liabilities and damages (including, without limitation, related counsel and paralegal fees and expenses) incurred or suffered by Company arising out of or resulting from (i) any breach of a representation, warranty or certification made by Cenuco in this Agreement or in any other document or certificate delivered pursuant to this Agreement (without regard to any materiality qualifications or disclosures pursuant to Section 9.1), (ii) any breach of the covenants or agreements made by Cenuco in this Agreement or in any other document or certificate delivered pursuant to this Agreement (also Indemnifiable Damages).

10.2 Survival of Representations and Warranties. Each of the representations and warranties made by the Company and the Members in this Agreement or pursuant hereto shall survive for a period of one (1) year after the Closing Date. Notwithstanding any knowledge of facts determined or determinable by any party by investigation, each party shall have the right to

Table of Contents

fully rely on the representations, warranties, covenants and agreements of the other parties contained in this Agreement or in any other documents or papers delivered in connection herewith. Each representation, warranty, covenant and agreement of the parties contained in this Agreement is independent of each other representation, warranty, covenant and agreement.

10.3 Third Party Actions. Promptly after receipt by a party of notice of commencement of any action by a third party which could give rise to Indemnifiable Damages (an Indemnified Party) the Indemnified Party will, if a claim thereof is to be made against the other parties hereto (an Indemnifying Party), notify the Indemnifying Party of the commencement thereof; provided, however, that the omission to so notify the Indemnifying Party will not relieve them from any liability which they may have hereunder unless the Indemnifying Party have been materially prejudiced thereby. The parties agree that with respect to any such third party action the Indemnified Party shall (i) assume the defense thereof with its own legal counsel, (ii) provide the Indemnifying Party with all information that they reasonably request relating to the handling of such claim, (iii) confer with the Indemnifying Party as to the most cost-effective manner in which to handle such claim, and (iv) use its reasonable efforts to minimize the cost of handling such claim.

With respect to any action commenced by a third party which could give rise to Indemnifiable Damages and which seeks recovery solely of money damages, the Indemnifying Party shall have the right to participate in, and, to the extent that they may wish, jointly or individually, to assume the defense thereof with counsel reasonably satisfactory to the Indemnified Party; provided, that prior to the assumption of such defense the Indemnifying Party assuming such defense must acknowledge in writing to the Indemnified Party that they shall be fully responsible (with no reservation of rights) for all Indemnifiable Damages relating to such claim; provided, further, if the defendants in any action include both the Indemnified Party and any of the Indemnifying Parties and there is a conflict of interest which would prevent such counsel from also representing the Indemnified Party, then the Indemnified Party shall have the right to select separate counsel to participate in the defense of such action on behalf of the Indemnified Party. After notice from the Indemnifying Party to the Indemnified Party of their election to so assume the defense thereof, the Indemnifying Party, as applicable, will not be liable to the Indemnified Party pursuant to the provisions of Section 10.1 for the related counsel and paralegal fees and expenses subsequently incurred by the Indemnified Party (or its subsidiaries) in connection with the defense thereof other than reasonable costs of investigation, unless (i) the Indemnified Party shall have employed counsel in accordance with the provisions of the preceding sentence; (ii) the Indemnifying Party shall not have employed counsel satisfactory to the Indemnified Party to represent them within a reasonable time after notice of the commencement of the action, or (iii) the Indemnifying Party shall not have authorized the employment of counsel for the Indemnified Party at the expense of the Indemnifying Party, as applicable. Notwithstanding anything to the contrary in this Section 10.3, the Indemnifying Party shall have the right to settle or compromise any action for which they have assumed the defense if the settlement or compromise provides for any injunctive or other equitable relief against the Indemnified Party or otherwise provides for any continuing obligations of any nature against the Indemnified Party or loss of rights of the Indemnified Party, and nothing stated in this Section 10.3 shall otherwise affect the Indemnifying Party's obligation to pay the Indemnified Party all Indemnifiable Damages pursuant to Section 10.1. With respect to any such third party

Table of Contents

action assumed by the Indemnifying Party, as applicable, the parties agree to provide each other with all information that they reasonably request relating to the handling of such matter.

10.4 Set off. Cenuco may set off against the Deferred Amount any Audit Adjustments and/or Indemnifiable Damages (at a value of the greater of the market value of the Cenuco Common Stock on the date of such set off or four dollars (\$4.00) per share) for which the Company or the Members may be responsible pursuant to this Agreement, subject, however, to the following terms and conditions:

(a) Cenuco shall give written notice to the Company and the Members of any claim for Audit Adjustments or Indemnifiable Damages or any other damages hereunder, which notice shall set forth (i) the amount of Audit Adjustments or Indemnifiable Damages or other loss, damage, cost or expense which Cenuco claims to have sustained by reason thereof, and (ii) the basis of the claim therefor.

(b) Such set off shall be effected on the later to occur of the expiration of ten (10) days from the date of such notice (the Notice of Contest Period) or, if such claim is contested, the date the dispute is resolved.
