ATTACHMENT A TO FORM 12b-25

Form 10-Q for the Quarter Ended September 30, 2006

PART III NARRATIVE

Although the management of Pediatrix Medical Group, Inc. (the Registrant) has been working diligently to complete all required information for its Form 10-Q for the fiscal quarter ended September 30, 2006 (the Form 10-Q), the Registrant is unable to file its Form 10-Q within the prescribed time period without unreasonable effort or expense. The reason causing the Registrant's inability to file timely could not be eliminated by the Registrant without unreasonable effort or expense.

As disclosed in the Registrant's Form 8-K filed with the Securities and Exchange Commission on August 3, 2006 (the Form 8-K), the Audit Committee of its Board of Directors is reviewing the Registrant's practices relating to its stock option grants. This voluntary review was initiated following a shareholder inquiry and in light of recent reports in the financial media regarding stock option practices. The review is being conducted with the assistance of the Registrant's Audit Committee's outside legal counsel. Although the Registrant issued a press release on November 2, 2006 (the Press Release), announcing revenues and other selected unaudited financial information for the three and nine months ended September 30, 2006, as a result of the review, it will not announce its complete financial results for the third quarter of fiscal 2006 until the Audit Committee's work is completed. Based on the status of the review to date, the Registrant believes that it will not be able to report full results for the third quarter of 2006 and file its Form 10-Q for the third quarter by the extended filing deadline.

ATTACHMENT B TO FORM 12b-25

As reported in the Press Release, the Registrant expects to report the following significant changes in its results of operations in the Form 10-Q: (i) an increase in net patient service revenue of 21% from \$178.1 million to \$215.8 million for the three months ended September 30, 2006 compared to the same period in 2005 and (ii) an increase in net patient service revenues of 18% from \$516.0 million to \$607.2 million for the nine months ended September 30, 2006, compared to the same period of 2005. Because the Audit Committee has not yet completed its review and reached conclusions with respect thereto, at the date hereof, the Registrant is unable to determine if any other significant change in its results of operations from the corresponding period for the last fiscal year will be reflected in the earnings statements to be included in the Form 10-Q.
