The Retirement Committee of the Board of Directors

BancorpSouth, Inc.:

We have audited the accompanying statements of net assets available for plan benefits of BancorpSouth, Inc. 401(k) Profit-Sharing Plan as of December 31, 2006 and 2005, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of BancorpSouth, Inc. 401(k) Profit-Sharing Plan at December 31, 2006 and 2005, and the changes in net assets available for plan benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole.

The supplemental schedules, Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2006, and Schedule H, Line 4j Schedule of Reportable Transactions for the year ended December 31, 2006, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management and have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BANCORPSOUTH, INC. 401(k) PROFIT-SHARING PLAN

Notes to Financial Statements and Supplemental Schedules

December 31, 2006 and 2005

(1) Description of Plan

The following description of BancorpSouth, Inc. 401(k) Profit-Sharing Plan, formerly known as BancorpSouth, Inc. Amended and Restated Salary Deferral Profit Sharing Employee Stock Ownership Plan, (the Plan) provides only general information. Participants should refer to the Plan itself for a complete description of the Plan s provisions.

(a) General

The Plan was adopted by BancorpSouth, Inc. (the Company) effective January 1, 1984. It is a defined contribution retirement plan with two components an employee stock ownership component and a profit sharing component with a 401(k) feature. Employees who have completed one year of service and attained the age of 18 are eligible to participate in the Plan with regards to elective deferrals and employer matching contributions. Employees who completed their first hour of service on or after January 1, 2006 and have attained the age of 21 are eligible to participate in the employer profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Contributions

Plan participants contribute to the Plan by electing to defer between 1% and 25% of their pretax annual compensation, in whole percentages, up to the maximum amount allowable by law. The Company matches 100% of amounts contributed by the participants to the Plan up to 5% of their annual compensation. Beginning in 2006, the Company began making a profit-sharing contribution equaling 2% of each eligible employee s compensation.

The matching Company contribution is invested in common stock of the Company (nonparticipant-directed), while participant and profit-sharing contributions can be invested in the common stock of the Company or in any of the other investment mutual funds available under the plan. Until December 31, 2006 the Plan provided that after age 55 and 10 years of service, a participant can, with some limitations, redirect the nonparticipant-directed investments in Company common stock to any of the other investment options. Effective January 1, 2007, all participants may redirect the investment of funds invested in Company common stock into any of the other investment options.

(c) Investment Programs

The investment programs of the Plan as of December 31, 2006 include the following mutual funds: Alger Mid Cap Growth Institutional Fund; American Century Income & Growth Fund; Aston/Montag & Caldwell Growth Fund; Baron Small Cap Fund; Federated Capital Appreciation Fund; Federated Capital Preservation Fund; Federated Conservative Allocation Fund; Federated Growth Allocation Fund; Federated International Equity Fund; Federated Kaufmann Fund; Federated Max-Cap Index Fund; Federated Moderate Allocation Fund; Federated Stock Trust; Federated Total Return Bond Fund; Federated Total Return Government Bond Fund; Goldman Sachs Small Cap Value Fund; and Janus Fund. The investment programs also include common stock of BancorpSouth, Inc.

(d) Administration

The Plan is administered by a committee appointed by the board of directors of the Company (the plan administrator). The plan administrator is responsible for general administration of the Plan and interpretation and execution of the Plan's provisions. BancorpSouth Bank is the Plan trustee.

(e) Participants Accounts

Separate accounts are maintained for each participant. All amounts contributed by the participant, together with earnings or losses thereon, are maintained in an employee deferral account. Matching amounts contributed by the Company are maintained in a separate employer contribution account, together with earnings or losses thereon. Profit sharing contributions contributed by the Company are maintained in a profit-sharing account together with earnings or losses thereon.

(f) Participant Loans

Participants may borrow from their employee deferral and employer contribution accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at commercially reasonable rates as determined under the Plan. At December 31, 2006, interest rates on outstanding participant loans ranged from 4.5% to 10.5%.

(g) Vesting

Both the employee deferral and the employer contribution accounts are 100% vested and nonforfeitable at all times. The profit sharing account is vested after three years of service.

(h) Payment of Benefits

Upon termination of service, death or permanent disability, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or monthly installments not to exceed a 15-year period. For non-spouse beneficiaries, the monthly benefits cannot be paid over a period longer than a participant's life expectancy or for more than 5 years following his or her death. For distributions from a participant's holdings of BancorpSouth, Inc. common stock, the participant may elect to receive common stock of the Company or cash equal to the fair value of the common stock that otherwise would have been distributed. In addition, a participant may elect to receive a distribution of cash dividends that are paid on the Company's common stock allocated to the participant's account in the Plan.

(i) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(j) Expenses

Administrative expenses of the Plan are paid directly by BancorpSouth, Inc., which is the Plan sponsor.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Effective December 31, 2006, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and Statement of Position No. 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP)*. This standard requires the Statement of Net Assets Available for Plan Benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts. The standard was applied retroactively to the prior period Statement of Net Assets Available for Plan Benefits as of December 31, 2005.

(b) Investments

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Quoted market prices are used to value investments. Participant loans are recorded at their outstanding loan balance, which approximates fair value.

The investment contracts held by the common/collective trust are presented at fair value on the Statement of Net Assets Available for Plan Benefits. The investments in the fully benefit-responsive investment contracts are also stated at contract value, which is equal to the value of deposits plus interest accrued at the contract rate, less withdrawals. As provided in the FSP, an investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Income Taxes

The Plan is exempt from federal income taxes in accordance with the provisions of the Internal Revenue Code of 1986, as amended (IRC). A favorable determination letter, dated May 6, 2003, was received from the Internal Revenue Service. The Plan has been amended since receipt of the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision has been made for federal income taxes in the accompanying financial statements. Amounts contributed by the Company are not taxed to the participant until a distribution from the Plan is received.

(e) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Because of the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.
