**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Administrator of  
The Scotts Company LLC Retirement Savings Plan  
Marysville, Ohio

We have audited the accompanying Statement of Net Assets Available for Benefits of THE SCOTTS COMPANY LLC RETIREMENT SAVINGS PLAN and the related Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2006 and 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

During 2006, the Plan adopted FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Scotts Company LLC Retirement Savings Plan as of December 31, 2006 and 2005 and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2006, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS  
The Scotts Company LLC  
Retirement Savings Plan

**1 Description of Plan**

The following description of The Scotts Company LLC Retirement Savings Plan (the Plan ) provides only general information. Participants should refer to the Plan document for a complete description of the Plan s provisions, such as eligibility, vesting, allocation and funding.

On March 18, 2005 (the Effective Time ), The Scotts Company ( Scotts ) consummated the restructuring of Scotts corporate structure into a holding company structure by merging Scotts into a newly-created, wholly-owned, second-tier Ohio limited liability company subsidiary, The Scotts Company LLC ( Scotts LLC ), pursuant to an Agreement and Plan of Merger, dated as of December 13, 2004, by and among Scotts, Scotts LLC and The Scotts Miracle-Gro Company ( Scotts Miracle-Gro ). This merger is referred to as the Restructuring Merger.

Upon consummation of the Restructuring Merger, each of Scotts common shares, without par value (the Scotts Common Shares ), issued and outstanding immediately prior to the Effective Time was automatically converted into one fully paid and nonassessable common share, without par value, of Scotts Miracle-Gro (the Scotts Miracle-Gro Common Shares ). Also, the entire class of Scotts Miracle-Gro Common Shares became registered under Section 12(b) of the Securities Exchange Act of 1934, as amended (the Exchange Act ), in accordance with Rule 12g-3 under the Exchange Act. As a result of the Restructuring Merger, Scotts Miracle-Gro is the new parent holding company and the public company successor to Scotts. Scotts LLC is the successor to Scotts and is a direct, wholly-owned subsidiary of Scotts Miracle-Gro.

As of the Effective Time, Scotts maintained The Scotts Company Retirement Savings Plan (the Retirement Savings Plan ). As of the Effective Time, Scotts LLC assumed the obligations of Scotts under the Retirement Savings Plan. The Scotts Common Shares attributable to the accounts of participants under the Retirement Savings Plan relating to common share units immediately prior to the Effective Time were, by virtue of the Restructuring Merger, converted into the same number of Scotts Miracle-Gro Common Shares and those Scotts Miracle-Gro Common Shares are attributable to the accounts of those participants upon the same terms and subject to the same conditions as were in effect at the Effective Time.

All provisions of the Retirement Savings Plan remain the same following the Restructuring Merger, except that the Retirement Savings Plan has been amended to change the name of the Retirement Savings Plan from The Scotts Company Retirement Savings Plan to The Scotts Company LLC Retirement Savings Plan and to revise certain definitions and other provisions of the Retirement Savings Plan to reflect the assumption of the Retirement Savings Plan by Scotts LLC and the ability to invest in Scotts Miracle-Gro Common Shares instead of Scotts Common Shares under the Retirement Savings Plan. From and after the Effective Time, all amounts contributed to the Retirement Savings Plan s Scotts Miracle-Gro Stock Fund will be invested in securities of Scotts Miracle-Gro.

The Scotts Company LLC  
Retirement Savings Plan

**1 Description of Plan, Continued**

***General:***

The Plan is a defined contribution plan covering all eligible employees of The Scotts Company LLC (the Company) who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Eligibility:***

Regular domestic employees of the Company are eligible to participate in the Plan on the first day of the month immediately following their date of employment. Regular employees of EG Systems, Inc. doing business as Scotts LawnService®, a subsidiary of the Company, are eligible to receive base retirement contributions on the first day of the month after completing one year of eligibility service and are eligible to make contributions and receive matching contributions on the first day of the month after completing 60 days of service. Effective January 1, 2003, temporary employees are not eligible to participate in the Plan.

***Employee Contributions:***

The Plan provides for a participant to make pre-tax or after-tax contributions up to 75% of eligible wages, not to exceed the annual Internal Revenue Service (IRS) maximum deferral amount.

***Employer Contributions:***

The Plan provides a base retirement contribution for all eligible employees. Generally, eligible employees receive an allocation equal to 2% of monthly compensation. This percentage increases to 4% when employees' year-to-date compensation exceeds 50% of the social security taxable wage base. The Company also matches participant pre-tax contributions dollar for dollar for the first 3% of pay and matches \$0.50 on the dollar for the next 2% of participant pre-tax contributions. Additionally, the Company remitted transitional contributions for 1998 to 2002 to certain participants who were also participants of certain retirement plans previously sponsored by The Scotts Company or its subsidiaries.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code as defined in the Plan agreement.

***Forfeitures:***

The nonvested portions of participant account balances are forfeitable and used to reduce employer contributions to the Plan. Plan forfeitures used totaled \$411,470 and \$10,717 for the years ended December 31, 2006 and 2005, respectively.

***Participants Loans:***

Loans are available to participants from their individual accounts subject to the terms of the Plan.

**1 Description of Plan, Continued**

***Investment Options:***

Upon enrollment in the Plan, a participant may direct his or her contributions in any or all of the investment options under the Plan.

**2 Summary of Significant Accounting Policies**

***Basis of Accounting:***

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

***Investments:***

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The fair value of the wrapper investment is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Participants' loans are valued at their outstanding balances, which approximates fair value.

Cash equivalents include short-term investments with original term to maturity of 90 days or less. Cost approximates fair value.

NOTES TO FINANCIAL STATEMENTS

The Scotts Company LLC

Retirement Savings Plan

**2 Summary of Significant Accounting Policies, Continued**

***Investments, Continued:***

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Gains and losses on sales of investments are based on the average cost method.

***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements, changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

***Payments of Benefits:***

Benefits are recorded when paid.

***Administrative Fees:***

The Company pays for all administrative fees except those that are participant specific, such as loan establishment and maintenance fees.

***Risks and Uncertainties:***

The Plan provides for various investment options, which are subject to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

The Scotts Company LLC

Retirement Savings Plan

**4 Investment Contract with Fidelity Trust Company**

The Plan holds a stable value investment contract, Fidelity Managed Income Portfolio, (the Portfolio) with Fidelity Investments, the trustee. The Portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Portfolio invests in underlying assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into wrapper contracts issued by a third party. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap issuer agrees to pay the Portfolio an amount sufficient to cover unitholder redemptions and certain other payments (such as portfolio expenses), provided all the terms of the wrap contract have been met. Wrappers are normally purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above).

As described in Note 2, because the stable value investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value investment contract. Contract value, as reported by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed bank investment contract does not permit Fidelity to terminate the agreement prior to the scheduled maturity date.

**4 Investment Contract with Fidelity Trust Company, Continued**

The following are the average yields for the guaranteed bank investment contract for 2006 and 2005:

	<b>2006</b>	2005
Average Yields:		
Based on actual earnings	<b>3.90%</b>	3.72%
Based on interest rates credited to participants	<b>4.27%</b>	3.65%

**5 Tax Status**

The Plan obtained a determination letter dated September 24, 2003, in which the Internal Revenue Service stated that the Plan, as amended through February 4, 2002, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator, the Company and the Plan's legal counsel believe that the Plan is designed and has been operated in compliance with the applicable requirements of the Internal Revenue Code. On January 31, 2007, the Company applied for a new determination letter to cover all amendments to the Plan subsequent to February 4, 2002.

**6 Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan or its contributions subject to the provisions of ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

**7 Reconciliation of Financial Statements to Form 5500**

On June 1, 2006, the Morning Song Wild Bird Food 401(k) Savings Retirement Plan ( Morning Song Plan ) transferred its net assets into the Plan in the amount of \$1,570,975.
