PRELIMINARY VOTE COUNT SUPPORTS
WEYERHAEUSER NOMINEES

FEDERAL WAY, Wash., June 7, 2001 - Weyerhaeuser Company (NYSE: WY) today announced that based on the number of proxies it has submitted to the independent inspectors of election, Investor Voting Services, it appears that the three Weyerhaeuser director nominees, following certification of the Annual

Meeting results, will be elected to the board of directors of Willamette Industries, Inc. (NYSE: WLL).

Steven R. Rogel, chairman, president and chief executive officer of Weyerhaeuser said, "Weyerhaeuser would like to thank the Willamette shareholders for their support throughout this process. We are confident that the final outcome of today's vote will clearly demonstrate that the Willamette shareholders want and expect their board to enter into negotiations with Weyerhaeuser to reach a mutually beneficial transaction. We have repeatedly stated that we are willing to increase our offer above the current \$50 per share price if Willamette would sit down with us. We are prepared to immediately commence discussions with Willamette to move the combination of our two companies to completion in a cooperative manner. However, if Willamette continues to ignore what we believe is the clear desire of the company's shareholders for a transaction with Weyerhaeuser, we intend to nominate a slate of directors for election at Willamette's 2002 Annual Meeting.

"I would also like to thank and compliment the employees of both Weyerhaeuser and Willamette. Despite the potential distraction of the past six months' activities, they remained focused on working safely and serving customers. I am confident that a combination of the two workforces will create the finest company in our industry - headquartered in the Pacific Northwest," he concluded.

Prior to the closing of the polls at the Annual Meeting, all proxy cards received by Weyerhaeuser were turned over to the independent inspectors of election who will tabulate the results. It is expected that the preliminary tabulation will be provided to Weyerhaeuser and Willamette in two to three weeks, after which both sides will have the opportunity to examine the proxy tabulation. Weyerhaeuser will publicly announce the final results once they are made available to the company.
