2.5% Series A Convertible Preferred Stock

(Title of Class)

INFORMATION REQUIRED IN REGISTRATION STATEMENT

This registration statement registers under Section 12(g) of the Securities Exchange Act of 1934, as amended, the 2.5% Series A Convertible Preferred Stock (the "Series A Preferred Stock") of McLeodUSA Incorporated (the "Company") being issued pursuant to the Company's Amended Plan of Reorganization (the "Plan") under the Company's Second Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") and the Certificate of Designations of the Series A Preferred Stock (the "Certificate of Designations").

Item 1. Description of Registration's Securities to be Registered.

The description which follows is qualified in its entirety by the full terms of the Series A Preferred Stock, as set forth in Certificate of

Edgar Filing: MCLEODUSA INC - Form 8-A12G

Designations which is filed as Exhibit 3.3 to this registration statement and which is incorporated by reference in this Item 1. Capitalized terms not otherwise defined below shall have the meanings given them in the Certificate of Designations.

Rank

The Series A Preferred Stock will, with respect to dividend rights and rights on liquidation, winding-up and dissolution, rank

- o senior to all classes of common stock and to each other class of capital stock of the Company or series of preferred stock of the Company established after the Series A Preferred Stock by the Board of Directors of the Company, the terms of which do not expressly provide that such class or series ranks senior to, or on a parity with, the Series A Preferred Stock as to dividend rights and rights on liquidation, winding-up and dissolution of the Company (collectively referred to, together with all classes of common stock of the Company, as "Junior Stock");
- o on a parity with each class of capital stock of the Company or series of preferred stock of the Company established after the Series A Preferred Stock by the Board of Directors of the Company, the terms of which expressly provide that such class or series will rank on a parity with the Series A Preferred Stock as to dividend rights and rights on liquidation, winding-up and dissolution (collectively referred to as "Parity Stock"); and
- o junior to each class of capital stock of the Company or series of preferred stock of the Company established after the Series A Preferred Stock by the Board of Directors of the Company, the terms of which expressly provide that such class or series will rank senior to the Series A Preferred Stock as to dividend rights or rights on liquidation, winding-up and dissolution of the Company (collectively referred to as "Senior Stock").

Dividends

Subject to the rights of any holders of Senior Stock or Parity Stock, holders of the outstanding shares of Series A Preferred Stock will be entitled to receive, when, as and if declared by the Board of Directors of the Company, out of legally available funds, non-cumulative cash dividends on each share of the Series A Preferred Stock at a rate per annum equal to 2.5% of the stated value of such share of \$17.50 ("the Stated Value") payable quarterly (each such quarterly period being herein called a "Dividend Period"). Such non-cumulative cash dividends will be payable, if authorized and declared solely at the discretion of the Board of Directors, quarterly in arrears on November 15, February 15, May 15 and August 15 of each year, or, if any such day is not a Business Day, on the preceding Business Day (each such date, a "Dividend Payment Date") commencing on May 15, 2002 to holders of record as they appear on the stock register of the Company at the close of business on the Record Date immediately preceding the relevant Dividend Payment Date. "Record Date" means, with respect to a "Dividend Payment Date," the date established by the Board of Directors as the record date therefor, which date shall, in any event, be a date that is not more than 60 calendar days nor less than 15 calendar days before such Dividend Payment Date.

Holders of the Series A Preferred Shares will not be entitled to any interest, or any sum of money in lieu of interest, in respect of any dividend payment or payments on the Series A Preferred Shares authorized and declared by the Board of Directors that may be unpaid. Any dividend payment made on the Series A Preferred Shares will first be credited against the earliest

Edgar Filing: MCLEODUSA INC - Form 8-A12G

authorized and declared but unpaid cash dividend with respect to the Series A Preferred Shares.

The right of holders of Series A Preferred Shares to receive dividends is non-cumulative. Accordingly, if the Board of Directors does not authorize or declare a dividend payable in respect of any Dividend Period, holders of Series A Preferred Shares will have no right to receive a dividend in respect of such Dividend Period and the Company will have no obligation to pay a dividend in respect of such Dividend Period, whether or not dividends are authorized and declared payable in respect of any subsequent Dividend Period.

If the Company does not pay dividends in full on any Dividend Payment Date as described above, the Liquidation Preference per share will be increased as of the first day of the immediately succeeding Dividend Period by the Accretion Amount per share in respect of the unpaid dividends. If the Company elects to pay a portion of the dividends on a Dividend Payment Date and to accrete the unpaid portion, the Company will pay the current portion equally and ratably to all holders of Series A Preferred Stock. The Company may pay all or a portion of the amount by which the Liquidation Preference per share exceeds the Stated Value on any Dividend Payment Date (the amount of such payment, the "Paydown Amount.")

"Liquidation Preference" per share of Series A Preferred Stock means, as of any date, the Stated Value per share

(1) increased by the sum of the Accretion Amounts per share, if any, for any Dividend Periods ending prior to such date, and

(2) decreased by the sum of the Paydown Amounts per share, if any, paid prior to such date.

"Accretion Amount" per share of Series A Preferred Stock for any Dividend Period for which dividends are not paid in full on the applicable Dividend Payment Date, means the product of

(1) the accretion rate of 2.5% per year, calculated on a quarterly basis,

(2) the Stated Value; and

(3) the fraction of the dividends for that Dividend Period that were not paid on the Dividend Payment Date.

As long as the Liquidation Preference per share is greater than the Stated Value, the Company will not declare, pay or set apart funds for the payment of any dividend or other distribution with respect to any Junior Stock. Notwithstanding anything in the Certificate of Designations to the contrary, the Company may declare and pay dividends on Parity Stock which are payable solely in additional shares of or by the increase in the liquidation value of Parity Stock or Junior Stock or on Junior Stock which are payable in additional shares of or by the increase in the liquidation value of Junior Stock, as applicable, or repurchase, redeem or otherwise acquire Junior Stock in exchange for Junior Stock and Parity Stock in exchange for Parity Stock or Junior Stock.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding-up of the Company, and subject to the rights of holders of Senior Stock and Parity Stock, each holder of Series A Preferred Stock will be entitled to be paid, out of the assets of the Company available for

Edgar Filing: MCLEODUSA INC - Form 8-A12G

distribution to its stockholders, an amount equal to the Liquidation Preference per share for each share of Series A Preferred Stock held by such holder as of the date fixed for liquidation, dissolution or winding-up before any distribution is made on any Junior Stock. If, upon any voluntary or involuntary liquidation, dissolution or winding-up of the Company, the amounts payable with respect to the Series A Preferred Stock and all Parity Stock are not paid in full, the holders of Series A Preferred Stock and the holders of Parity Stock will share equally and ratably (in proportion to the respective amounts that would be payable on such shares of Series A Preferred Stock and the Parity Stock, respectively, if all amounts payable thereon had been paid in full) in any distribution of assets of the Company to which each is entitled. After payment of the full amount of the Liquidation Preference per share of the outstanding shares of Series A Preferred Stock, the holders of shares of Series A Preferred Stock will not be entitled to any further participation in any distribution of assets of the Company.

Redemption

The Series A Preferred Stock is subject to redemption pursuant to Section 4.5 of the Certificate of Incorporation which provides for the pro rata redemption of all classes of capital stock in connection with certain regulatory requirements or events. Except as set forth in Section 4.5 of the Certificate of Incorporation, the Company will not have any right to redeem any shares of Series A Preferred Stock prior to the 10th anniversary of the date the Series A Preferred Stock is issued (the "Issue Date"). On the 10th anniversary of the Issue Date, or as soon as legally permissible thereafter (the "Redemption Date"), the Company will be entitled and obligated, to the extent of legally available funds, to redeem all outstanding shares of Series A Preferred Stock by paying to each holder of Series A Preferred Stock an amount in cash equal to the Liquidation Preference per share for each share of Series A Preferred Stock held by such holder plus accrued but unpaid dividends thereon as of the day preceding the Redemption Date (the "Redemption Price.")

From and after the close of business on the Redemption Date, unless the Company defaults in the payment of the applicable Redemption Price, all rights of holders of such shares will terminate, including any rights described in the section entitled "Dividends," except for the right to receive the Redemption Price. Not fewer than 30 days nor more than 60 days prior to the Redemption Date, the Company will send a written notice of redemption by first class mail to each holder of record of shares of Series A Preferred Stock at its registered address (the "Redemption Notice"); provided, however, that no failure to give such notice nor any deficiency therein shall affect the validity of the procedure for the redemption of any shares of Series A Preferred Stock to be redeemed except as to the holder or holders to whom the Company has failed to give said notice or except as to the holder or holders whose notice was defective. The Redemption Notice shall state:

- o the Redemption Price;
- o the Redemption Date; and
- o that the holder is to surrender to the Company, in the manner, at the place or places and at the price designated, his certificate or certificates representing the shares of Series A Preferred Stock to be redeemed.

Each holder of Series A Preferred Stock must surrender the certificate or certificates representing such shares of Series A Preferred Stock to the Company, duly endorsed (or otherwise in proper form for transfer, as determined by the Company), in the manner and at the place designated in the Redemption Notice, and on the Redemption Date the full Redemption Price for such shares will be payable in cash to the person whose name appears on

Edgar Filing: MCLEODUSA INC - Form 8-A12G

such certificate or certificates as the owner thereof, and each surrendered certificate will be canceled and retired.

Voting Rights

The holders of Series A Preferred Stock will be entitled to vote on all matters submitted to a vote of the holders of Common Stock voting together with holders of Common Stock as a single class. In addition, as long as at least 3,333,333 shares of Series A Preferred Stock remain outstanding, the holders of the then outstanding shares of Series A Preferred Stock, voting separately and as a class, will have the right and power to elect to serve on the Board of Directors one member to the Board of Directors (the "Series A Designee"). The Series A Designee will serve in Class III of the Board of Directors. At any meeting of stockholders of the Company for the election of the Series A Designee, unless a nominee is nominated by a holder in accordance with the Bylaws of the Company, the Series A Designee shall be nominated by the Series A Designee then in office or, if none, by a committee of independent directors of the Company. Any vacancy occurring in the office of the Series A Designee shall be filled by a committee of independent directors of the Company. Except as otherwise required by law or set forth above, holders of Series A Preferred Stock shall have no special voting rights and their consent shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth above) for the taking of any corporate action; provided, however, that so long as any shares of the Series A Preferred Stock are outstanding, without the affirmative vote or consent of holders of at least a majority of the issued and outstanding shares of Series A Preferred Stock, voting or consenting, as the case may be, as one class, given in person or by proxy, either in writing or by resolution adopted at an annual or special meeting, the Company will not :

1. amend the Certificate of Designations or the Certificate of Incorporation so as to affect adversely the specified rights, preferences, privileges or voting rights of holders of shares of Series A Preferred Stock or to increase the aggregate number of authorized shares of Series A Preferred Stock,
2. create, authorize or issue any Senior or Parity Stock,
3. amend the Certificate of Incorporation so as to change the aggregate number of shares of Class A Common Stock into which the Class B Common Stock and Class C Common Stock are convertible (other than in connection with an amendment to the Certificate of Incorporation which involves a pro rata increase or decrease, as the case may be, in the Class A Common Stock through a stock split, merger or otherwise),
4. amend or repeal Section 4.3.1(B) (Dividends on Class B and Class C Common Stock) or Section 4.3.4 (Shares of Class B and Class C Common Stock) of the Certificate of Incorporation,
5. create or issue any preferred stock that constitutes Junior Stock that, or amend any existing preferred stock that constitutes Junior Stock to include a provision that, obligates (either alone or in combination with another event) the Company to redeem, offer to repurchase or otherwise repurchase such preferred stock prior to the 4th anniversary of the issuance of such preferred stock or during the period beginning on the 8th anniversary of the Issue Date and ending on the 10th anniversary of the Issue Date or would cause the aggregate amount of the Company's redemption and repurchase obligations with respect to preferred stock that constitutes Junior Stock on or prior to the 10th anniversary of the Issue Date to exceed \$250 million, or

Edgar Filing: MCLEODUSA INC - Form 8-A12G

6. on or after the 8th anniversary of the Issue Date, redeem, purchase or otherwise acquire any shares of preferred stock that constitutes Junior Stock except in exchange for other Junior Stock.

At any meeting at which the holders of Series A Preferred Stock have the right to vote on a matter, as a separate class, the presence in person or by proxy of the holders of at least a majority in voting power of the outstanding shares of Series A Preferred Stock shall be required to constitute a quorum thereof. In any case in which the holders of Series A Preferred Stock are entitled to vote separately as a class, each holder of Series A Preferred Stock entitled to vote with respect to such matters shall be entitled to one vote for each share of Series A Preferred Stock held. In any case in which the holders of Series A Preferred Stock are entitled to vote together with holders of Common Stock as a single class, each holder of Series A Preferred Stock entitled to vote with respect to such matters are entitled to a number of votes per share of Series A Preferred Stock equal to the number of shares of Class A Common Stock into which such share of Series A Preferred Stock would be converted into if such shares of Series A Preferred Stock were converted into Class A Common Stock on the record date for determining stockholders entitled to vote on such matters, rounded down to the nearest full vote.

Conversion

At any time after the Issue Date, at the option of the holder thereof, any share of Series A Preferred Stock may be converted into such number of fully paid and nonassessable shares of the Company's Class A Common Stock (calculated as to each conversion to the nearest 1/10 of a share), as equals the Liquidation Preference per share in effect at the time of conversion divided by the Conversion Price in effect at the time of conversion; provided that such conversion right in respect of the share of Series A Preferred Stock shall expire at the close of business on the Redemption Date, unless the Company defaults in making the payment due upon redemption.

If on any date after the 4th anniversary of the Issue Date, the closing price of the Class A Common Stock has equaled or exceeded 135% of the then current Conversion Price, for at least 20 out of 30 consecutive trading days, then the Company shall have the right, for up to 10 trading days after any such date, to cause all or a portion of (determined on a pro-rata basis) the Series A Preferred Stock to convert into such number of fully paid and nonassessable shares of Class A Common Stock (calculated as to each conversion to the nearest 1/10 of a share) as equals the Liquidation Preference per share in effect at the time of conversion divided by the Conversion Price, in effect at the time of conversion. The Company may exercise this right by sending written notice to the transfer agent for the Series A Preferred Stock. The Series A Preferred Stock will convert on the date specified in such notice, and the Conversion Price will be the Conversion Price in effect on such date. The Company may exercise these conversion rights from time to time after the 4th anniversary of the Issue Date if the conditions specified in the first sentence of this paragraph are satisfied.

The price at which Class A Common Stock shall be delivered upon conversion (the "Conversion Price") shall be initially \$3.589744 per share. The Conversion Price may be adjusted in certain instances as provided below.

In order to exercise the conversion privilege provided for above, the holder of any shares of Series A Preferred Stock to be converted must surrender the certificate for such shares of Series A Preferred Stock, duly endorsed or assigned to the Company or in blank, at the office of the transfer agent for the Series A Preferred Stock or at any office or agency of the Company maintained for that purpose, accompanied by written notice to the

Edgar Filing: MCLEODUSA INC - Form 8-A12G

Company in the form of Exhibit A to the Certificate of Designations that the holder elects to convert such shares of Series A Preferred Stock or, if fewer than all the shares of Series A Preferred Stock represented by a single share certificate are to be converted, the number of shares represented thereby to be converted. Such notice shall also contain the office or the address to which the Company should deliver shares of Class A Common Stock issuable upon conversion (and any other payments or certificates related thereto). Upon any conversion of Series A Preferred Stock at the option of the Company, the Company will promptly notify the holders thereof and will deliver shares of Class A Common Stock issuable upon such conversion to the office or address specified by such holders (in the case of a partial automatic conversion, upon surrender of the certificates for the Series A Preferred Stock being converted).

Shares of Series A Preferred Stock shall be deemed to have been converted immediately prior to the close of business on (x) the day of surrender of such shares of Series A Preferred Stock for conversion in accordance with the foregoing provisions or (y) in the case of an automatic conversion, the date specified in the notice to the transfer agent for the Series A Preferred Stock, and at such specified time the rights of the holders of such shares of Series A Preferred Stock as holders shall cease, and the person or persons entitled to receive the Class A Common Stock issuable upon conversion will be treated for all purposes as the record holder or holders of such Class A Common Stock at such time (subject, in the case of a conversion at the option of the Company of less than all of the Series A Preferred Stock above, to the surrender of the certificates representing such shares of Series A Preferred Stock). As promptly as practicable on or after the conversion date, the Company shall issue and shall deliver to such office or agency as the converting holder shall have designated in its written notice to the Company a certificate or certificates for the number of full shares of Class A Common Stock issuable upon conversion, together with payment in lieu of any fraction of a share, as provided below.

In the case of any conversion of fewer than all the shares of Series A Preferred Stock evidenced by a certificate, upon such conversion the Company shall execute and the transfer agent shall authenticate and deliver to the holder thereof (at the address designated by such holder), at the expense of the Company, a new certificate or certificates representing the number of unconverted shares of Series A Preferred Stock.

No fractional shares of Class A Common Stock shall be issued upon the conversion of a share of Series A Preferred Stock. If more than one share of Series A Preferred Stock shall be surrendered for conversion at one time by the same holder, the number of full shares of Class A Common Stock which shall be issuable upon conversion thereof shall be computed on the basis of the aggregate shares of Series A Preferred Stock so surrendered. Instead of any fractional share of Class A Common Stock which would otherwise be issuable upon conversion of any share of Series A Preferred Stock, the Company shall pay a cash adjustment in respect of such fraction in an amount equal to the same fraction of the Closing Price on the last Trading Day immediately preceding the day of conversion.

The Conversion Price shall be adjusted from time to time by the Company as follows:

Stock Dividends or Other Distributions

In case the Company shall at any time after the Issue Date (1) declare a dividend or make a distribution on Class A Common Stock payable in Class A Common Stock, (2) subdivide or split the outstanding Class A Common Stock, (3) combine or reclassify the outstanding Class A Common Stock into a smaller number of shares, or (4) issue any shares of its capital stock in a

Edgar Filing: MCLEODUSA INC - Form 8-A12G

reclassification of Class A Common Stock (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing corporation), the Conversion Price in effect at the time of the record date for such dividend or distribution or on the effective date of such subdivision, split, combination or reclassification shall be adjusted so that the conversion of the Series A Preferred Stock after such time shall entitle the holder to receive the aggregate number of shares of Class A Common Stock or other securities of the Company which, if the Series A Preferred Stock had been converted immediately prior to such time, such holder would have owned upon such conversion and been entitled to receive by virtue of such dividend, distribution, subdivision, split, combination or reclassification. Such adjustment shall be made successively whenever an event listed above shall occur.

Additional Issuances of Common Stock

In case the Company shall at any time after the Issue Date issue or sell any Class A Common Stock (or rights, options, warrants or other securities convertible into or exercisable or exchangeable for shares of Class A Common Stock), other than as set forth in the immediately preceding paragraph without consideration or for a consideration per share (or having a conversion, exchange or exercise price per share) less than the Fair Market Value on the date of such issuance (or, in the case of convertible or exchangeable or exercisable securities, less than the Fair Market Value as of the date of issuance of the rights, options, warrants or other securities) then, and in each such case, the Conversion Price shall be determined by multiplying the Conversion Price in effect on the day immediately prior to such date by a fraction,

- o the numerator of which shall be the sum of
 - o the number of shares of Common Stock Outstanding immediately prior to such sale or issuance and
 - o the number of shares of Class A Common Stock calculated by dividing the aggregate consideration receivable by the Company for the total number of shares of Class A Common Stock so issued (or into or for which the rights, options, warrants or other securities are convertible, exercisable or exchangeable) by such Fair Market Value, and
- o the denominator of which shall be the sum of
 - o the total number of shares of Common Stock Outstanding immediately prior to such sale or issue and
 - o the number of additional shares of Class A Common Stock issued (or into or for which the rights, options, warrants or other securities may be converted, exercised or exchanged).

In case any portion of the consideration to be received by the Company shall be in a form other than cash, the Fair Market Value of such noncash consideration shall be utilized in the foregoing computation. Such Fair Market Value shall be determined in good faith by the Board of Directors. In the event that such rights, options, warrants or the conversion or exchange rights represented by convertible or exchangeable securities expire in whole or in part unexercised, the Conversion Price shall again be adjusted as follows:

- o in the event that all of such rights, options, warrants or the conversion or exchange rights represented by convertible or exchangeable securities expire unexercised, the

Edgar Filing: MCLEODUSA INC - Form 8-A12G

Conversion Price shall be the Conversion Price that would then be in effect if such rights, options, warrants, or convertible or exchangeable securities had not been sold or issued (taking proper account of all other Conversion Price adjustments) and

- o in the event that less than all of such rights, options, warrants or the conversion or exchange rights represented by convertible or exchangeable securities expire unexercised, the Conversion Price shall be adjusted to reflect the maximum number of shares of Class A Common Stock issuable upon exercise of such rights, options or warrants or upon conversion or exchange of convertible or exchangeable securities that remain outstanding (without taking into effect shares of Class A Common Stock issuable upon exercise of rights, options or warrants or upon exchange or conversion of convertible or exchangeable securities that have lapsed or expired) (taking proper account of all other Conversion Price adjustments).

Issuances of Convertible or Derivative Securities

In case the Company at any time after the Issue Date shall fix a record date for the issuance of rights, options or warrants to all holders of Class A Common Stock entitling such holders to subscribe for or purchase shares of Class A Common Stock (or securities convertible into or exercisable or exchangeable for shares of Class A Common Stock) at a price per share of Class A Common Stock (or having a conversion, exercise or exchange price per share of Class A Common Stock, in the case of a security convertible into, or exercisable or exchangeable for, shares of Class A Common Stock) less than the Fair Market Value on such record date, the maximum number of shares of Class A Common Stock issuable upon exercise of such rights, options or warrants (or conversion of such convertible securities) shall be deemed to have been issued and outstanding as of such record date and the Conversion Price shall be adjusted pursuant to the formulas described above. Such adjustment shall be made successively whenever such record date is fixed. No further adjustment to the Conversion Price will be made upon the issuance or sale of Class A Common Stock upon the exercise of any rights, options or warrants to subscribe for or purchase Class A Common Stock, if any adjustment in the Conversion Price was made or required to be made under this paragraph. In addition, no adjustment in the Conversion Price will be made to the extent the holders of Series A Preferred Stock participate in any such distribution of rights, options or warrants based on the number of shares of Class A Common Stock into which the Series A Preferred Stock is then convertible.

Other Distributions

In case the Company at any time after the Issue Date shall fix a record date for the making of a distribution to all holders of Class A Common Stock (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing corporation) of evidences of indebtedness, assets or other property (other than ordinary cash dividends or distributions paid out of the Company's current earnings and other than dividends or distributions of securities for which an adjustment to the Conversion Price must be made under the terms of the Certificate of Designations), the Conversion Price to be in effect after such record date shall be determined by multiplying the Conversion Price in effect immediately prior to such record date by a fraction

- o the numerator of which shall be the Fair Market Value of Class A Common Stock immediately prior to such distributions less the Fair Market Value of the portion of the assets,

Edgar Filing: MCLEODUSA INC - Form 8-A12G

other property or evidence of indebtedness so to be distributed which is applicable to one share of Class A Common Stock and

- o the denominator of which shall be the Fair Market Value of Class A Common Stock immediately prior to such distributions.

Such adjustments will be made successively whenever such a record date is fixed; and in the event that such distribution is not so made, the Conversion Price will again be adjusted to be the Conversion Price which would then be in effect if such record date had not been fixed. No adjustment in the Conversion Price will be made to the extent the holders of Series A Preferred Stock participate in any such distribution based on the number of shares of Class A Common Stock into which the Series A Preferred Stock is then convertible.

General

No adjustment in the Conversion Price will be required unless such adjustment would require an increase or decrease of at least 1% in such price; provided, however, that any adjustments which are not required to be made shall be carried forward and taken into account in any subsequent adjustment. No adjustment to the Conversion Price shall be required with respect to

1. common stock and/or options, warrants or other common stock purchase rights and the common stock issued pursuant to such options, warrants or other rights to employees, officers or directors of the Company or any subsidiary pursuant to stock purchase or stock option plans or other compensation arrangements that are approved by the Board of Directors;
2. common stock issued pursuant to the exercise of options, warrants or convertible securities outstanding as of the Issue Date or issued in connection with the Plan of Reorganization;
3. securities issued as consideration for the acquisition of any person or entity whether by merger or otherwise;
4. the adoption of a plan commonly referred to as a "Stockholders' Rights Plan" which provides for the issuance of rights to acquire shares of capital stock upon the occurrence of some event that is not within the control of the rights holders, or the issuance of rights under such plan; provided that the issuance of capital stock pursuant to such rights shall require adjustment to the Conversion Price upon exercise thereof; or
5. common stock issued for cash in a registered underwritten offering bona fide offered and sold to the public.

All calculations shall be made in good faith by the Company and shall be made to the nearest cent or to the nearest 1/10 of a share, as the case may be.

The Company shall be entitled to make such reductions in the Conversion Price, in addition to those required by the Certificate of Designations, as the Company in its discretion shall determine to be advisable in order that any stock dividends, subdivision of shares, distribution of rights to purchase stock or securities or distribution of securities convertible into or exchangeable for stock hereafter made by the Company to its stockholders shall not be taxable to the recipients. In the event the

Edgar Filing: MCLEODUSA INC - Form 8-A12G

Company elects to make such a reduction in the Conversion Price, the Company will comply with the requirements of Rule 14e-1 under the Exchange Act, and any other securities laws and regulations thereunder if and to the extent that such laws and regulations are applicable in connection with the reduction of the Conversion Price. Whenever the Conversion Price is so decreased, the Company shall mail to holders of record of shares of Series A Preferred Stock a notice of the decrease at least 5 days before the date the decreased Conversion Price takes effect, and such notice shall state the decreased Conversion Price.

The Company from time to time may decrease the Conversion Price by an amount determined by the Board of Directors and described in a notice as hereinafter provided for any period of time if the period is at least 20 days and if the decrease is irrevocable during such period. Whenever the Conversion Price is so decreased, the Company shall mail to holders of record of shares of Series A Preferred Stock a notice of the decrease at least 5 days before the date the decreased Conversion Price takes effect, and such notice shall state the decreased Conversion Price and the period it will be in effect.

Mergers

In case of:

- o any merger or consolidation of the Company with or into another person (other than a consolidation or merger in which the Company is the resulting or continuing person and which does not result in any reclassification or exchange of Class A Common Stock outstanding immediately prior to the merger or consolidation for cash, securities or other property of another person); or
- o any sale, transfer or other disposition to another person of all or substantially all of the assets of the Company (other than the sale, transfer, assignment or distribution of shares of capital stock or assets to a subsidiary of the Company) computed on a consolidated basis; or
- o any statutory exchange of securities with another person, other than in connection with a merger or acquisition, (any of such events being referred to as a "Transaction"),

each share of Series A Preferred Stock then outstanding will, without the consent of any holder of Series A Preferred Stock (except to the extent they are entitled to vote with holders of Common Stock as set forth in the section entitled "Voting Rights") become convertible only into the kind and amount of shares of stock or other securities (of the Company or another issuer), cash or other property receivable upon such Transaction by a holder of the number of shares of Class A Common Stock into which such share of Series A Preferred Stock could have been converted immediately prior to the effective date of such Transaction, assuming such holder of Class A Common Stock failed to exercise his rights of election, if any, as to the kind or amount of securities, cash or other property receivable upon such Transaction. These provisions shall apply to successive Transactions and are the sole right of holders of Series A Preferred Stock in connection with any Transaction and, except as expressly provided by applicable law, such holders will have no separate vote thereon.

Notice of Change in Conversion Price; Miscellaneous

Whenever the Conversion Price is adjusted, the Company will promptly file with its transfer agent an officers' certificate setting forth the Conversion Price after such adjustment and setting forth a brief statement of the facts requiring such adjustment. Promptly after delivery of such

Edgar Filing: MCLEODUSA INC - Form 8-A12G

certificate, the Company will prepare a notice of such adjustment of the Conversion Price setting forth the adjusted Conversion Price and the date on which each adjustment becomes effective and shall mail such notice of such adjustment of the Conversion Price to each holder of Series A Preferred Stock as such holder's last address appearing on the register of holders maintained for that purpose within 20 days of the effective date of such adjustment. Failure to deliver such notice shall not affect the legality or validity of any such adjustment.

In any case in which the Certificate of Designations provides that an adjustment shall become effective immediately after a record date for an event, the Company may defer until the occurrence of such event issuing to the holder of any share of Series A Preferred Stock converted after such record date and before the occurrence of such event the additional Class A Common Stock issuable upon such conversion by reason of the adjustment required by such event over and above the Class A Common Stock issuable upon such conversion before giving effect to such adjustment.

For purposes of any adjustment to the Conversion Price, the number of shares of Common Stock at any time outstanding shall not include shares held in the treasury of the Company. The Company shall not pay any dividend or make any distribution on Common Stock held in the treasury of the Company.

In case:

- (A) the Company shall (1) declare a dividend (or any other distribution) on its Class A Common Stock other than ordinary cash dividends or distributions paid out of Company's current earnings or (2) change the Company's ordinary dividend practice as in effect from time to time; or

Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up. Failure to give this notice or any defect therein shall not affect the legality or validity of any dividend, distribution, right, warrant, reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up, or the vote upon any such action.

The Company will at all times reserve and keep available, free from preemptive rights, out of its authorized but unissued shares of Class A Common Stock (or out of its authorized shares of Class A Common Stock held in the treasury of the Company), for the purpose of effecting the conversion of the Series A Preferred Stock, the full number of shares of Class A Common Stock then issuable upon the conversion of all outstanding shares of Series A Preferred Stock.

Reissuance of Series A Preferred Stock

Shares of Series A Preferred Stock that have been issued and reacquired in any manner, including shares purchased, redeemed, converted or exchanged, will not be reissued as shares of Series A Preferred Stock and will (upon compliance with any applicable provisions of the laws of Delaware) have the status of authorized and unissued shares of preferred stock undesignated as to series and may be redesignated and reissued as part of any series of preferred stock; provided, however, that so long as any shares of Series A Preferred Stock are outstanding, any issuance of such shares must be in compliance with the terms hereof. Upon any such reacquisitions, the number of shares of Series A Preferred Stock authorized pursuant to this Certificate of Designations shall be reduced by the number of shares so acquired.

SEC Reports and Reports to Holders.

So long as any shares of Series A Preferred Stock remain outstanding, the Company will file with the SEC (whether or not the Company is required to do so) all such reports and other information as the Company would be required to file with the SEC pursuant to Section 13(a) or 15(d) of the Exchange Act. Upon the written request of a holder of Series A Preferred Stock, the Company will supply to such holder, at no cost to such holder, copies of such reports or other information.

on substantially the same terms and conditions as such Qualified Investment. For purposes of determining the holders of Series A Preferred Stock entitled to make such an investment, the Company will set a record date, which date will not be more than 60 days after the consummation of such Qualified Investment. The Company will deliver written notice to the holders of Series A Preferred Stock as of such date setting forth the terms and conditions of such investment and the procedures for making such investment, which procedures will be determined by the Company in its sole discretion.

The co-investment right described above will not be applicable if the Company has provided the holders of Series A Preferred Stock with the right to invest in the Company concurrently with FL and/or other holders of shares of the Company's capital stock in any transaction or series of transactions (including a rights or other offering) that may constitute a Qualified Investment.
